**FAX - 770-969-3484**

Honorable Mario Avery, Mayor  
and Members of the City Council  
City of Fairburn  
Fairburn, Georgia

Ladies and Gentlemen:

The comprehensive annual financial report of the City of Fairburn, Georgia (the "City"), for the fiscal year ended September 30, 2012, is hereby submitted. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures rests with the City. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the various funds of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

The comprehensive annual financial report consists of management's representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Fairburn's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The comprehensive annual financial report is presented in three sections: introductory, financial, and statistical. The introductory section includes this transmittal letter, the City's organization chart, and a list of principal officials. The transmittal letter includes general information about the City, services provided by the City, the organization of the City, economic condition and outlook for the City, the major events of the fiscal year, and other information including the audit and acknowledgements.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

The financial section includes the independent auditor's report on the financial statements, management's discussion and analysis, and the basic audited financial statements with

combining and individual fund statements and schedules. This section also includes required supplementary information.

The statistical section contains selected historical financial data, debt statistics, and the miscellaneous social and economic data generally presented on a multi-year basis.

## **General Information – City of Fairburn**

The territory on which the City was originally located was ceded to the State of Georgia by the Cherokee Indians in the treaty of Indian Springs in 1825. U.S. Government records show a settlement as early as 1830, but the City's real growth started with the construction of the Atlanta and West Point Railroad in 1854. The City of Fairburn was incorporated February 17, 1854 and adopted its City Charter on August 3, 1925 (Georgia Statutes 1925).

It is believed that the City was named for a township in the County of York, England by Williams McBride, the City's first postmaster, to honor his ancestral hometown. Fairburn was once the county seat for Campbell County, Georgia, starting in 1870 until the County was dissolved in 1931. A telephone system was installed in 1905 and the City received electric lights in 1911. Fairburn gained worldwide distinction in 1921 by erecting the first monument to World War I dead.

## **Services Provided**

Services provided by the City under general governmental functions include police and fire protection, planning and engineering, code enforcement, street maintenance, traffic control, and parks operations and maintenance.

In addition, electric, water, sewer, and storm water services, educational complex rentals, and solid waste collection and disposal services are provided (the latter by contract) under an enterprise fund concept. User charges are set by the City Council to ensure adequate coverage of operating expenses and payments on outstanding debt. The City's primary sources of General Fund revenue continue to come from ad valorem taxes, sales taxes, and franchise fees.

## **The Organization of the Government**

The City has a Mayor and Council – City Administrator form of government with a Mayor and six council members in the governing body. The Mayor, while a part-time position, is the City's Chief Executive Officer. The City Administrator is a full-time position appointed by and serving at the pleasure of the City Council.

The City Council annually adopts a balanced budget and establishes an ad valorem tax rate for the support of City programs. The City Administrator has the responsibility of administering these programs in accordance with policies and the annual budget adopted by the City Council.

## **Economic Condition and Outlook**

As a part of the metropolitan Atlanta area, Fairburn is positioned for significant economic growth with easy access to markets in the Northeast, South and Midwestern States by air, rail, or highway. The City of Fairburn is located ten miles south of Atlanta Hartsfield-Jackson International Airport, the world's busiest airport. A mainline operated by CSX provides access

to their growing Fairburn intermodal yard. The community is bisected by Interstate 85 and is also in close proximity to the intersection of I-75, I-85, and I-20 in downtown Atlanta.

The City works in partnership with a wide range of organizations to market the area to potential developers. The South Fulton Chamber of Commerce works to promote the area and encourage development, hosting an annual Developer's Day to showcase development opportunities in and around Fairburn. The Economic & Community Development Group of the Electric Cities of Georgia is also an important partner in marketing the City to developers and in helping to provide extensive support to existing utility customers.

Annual investments in infrastructure improvements have been made over the years to maintain a functional level of service capacity and reliability. As a member of the Municipal Electric Authority of Georgia (MEAG) (the "Authority"), Fairburn provides very competitive and dependable electric service. The City is also a member of the South Fulton Municipal Regional Water & Sewer Authority, along with Union City and Palmetto. The Authority is currently constructing a water reservoir and water treatment plant near the Chattahoochee River to the west of the City limits in rural Fulton County.

Rebounding from the impact of the recession, the City experienced renewed interest in commercial and industrial development beginning in late 2010. In 2012, retail space along the Highway 74 corridor received a shot in the arm with the addition of QuikTrip, Cracker Barrel, and a new traffic light.

Fairburn is also home to the Georgia Renaissance Festival, a re-creation of a 16th-Century European Country Faire. Located on 120 acres just minutes from downtown, the Festival attracts more than 150,000 weekend visitors from mid-April to early June.

### **Major Events in Fiscal Year 2012**

The City is home to manufacturing and warehousing facilities for a host of household names. Nestle-Purina's Fairburn plant recently laid claim to being the largest dry pet food manufacturing facility in the world. Owens-Corning and Porex celebrated their 40<sup>th</sup> and 50<sup>th</sup> anniversaries in Fairburn, respectively. Porex, the best company you've never heard of, boasts of having never laid off an employee.

US Foods, Toto, Smuckers, Clorox, Electrolux, S.C. Johnson, Pittsburgh Paint & Glass, and Aaron Rents operate large distribution centers that take advantage of the City's proximity to downtown Atlanta, the Atlanta Airport, the CSX facilities, and the interstate system.

While the sagging metro-Atlanta economy and depressed housing industry have reduced local fees and tax revenues somewhat, the City continues to operate with a balanced budget without personnel layoffs or cuts in service levels. The City plans to make further strides to improve the quality of life in the community by maintaining strict spending controls, especially with regard to personnel costs. Sales tax receipts are due to increase significantly in 2013 after the decennial reallocation of collections among Fulton County and its fourteen cities.

A general obligation bond for \$10.415 million was overwhelmingly approved during the November, 2010 general election. Funds were designated for a new fire station, the purchase of a 130-acre park, and improvements to the park, two major roads, and the City's unique crescent-shaped downtown. The bonds were issued in March of 2011 and Duncan Park was purchased from Fulton County in late 2011.

Already home to a dazzling Astroturf football field provided by the City's favorite son Eric Berry, the park will soon enjoy renovations to its indoor swimming pool and feature a new playground, concession/restroom building, expanded parking, and a second, albeit natural turf, football field.

In early 2010, downtown Fairburn suffered the loss of three commercial buildings and experienced severe damage to a fourth. After demolition, the vacant land and adjoining parking were donated to the City. The damaged building was renovated, allowing downtown landmark Oz Pizza to reopen in January 2012. Design of a courtyard and stage on the site of the burned-out buildings began in 2012, with construction planned for 2013.

The City also refinanced its Educational Complex bonds in the fall of 2011, providing additional funds for campus expansion. The design began in 2012 of a larger, upgraded student parking lot and a new 25,000 square-foot classroom building, with construction planned for 2013. Operations remain healthy for the two tenants, with Georgia Military College's (GMC) enrollment up to almost 900 and Brenau University's long-awaited nursing program scheduled to get underway in January, 2014.

## **Financial Information**

Management of the City is responsible for establishing and maintaining an internal control structure designed to ensure that assets of the City are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of the financial statements in conformity with generally accepted accounting principles. In developing and evaluating the City's accounting system, consideration is given to the adequacy of internal controls. Internal controls are designed to provide reasonable, but not absolute assurance regarding: (1) the safeguarding of assets from unauthorized user disposition; and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets.

**Independent Audit.** State statutes require an annual audit by independent certified public accountants. The accounting firm of Mauldin & Jenkins, LLC was selected. The independent auditor's report on the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information and schedules is included in the financial section of this report.

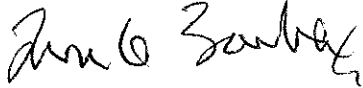

**Awards.** The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its comprehensive annual financial report for the fiscal year ended September 30, 2011. This was the twenty-fourth consecutive year and the twenty-seventh time that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

**Acknowledgments.** I would like to take this opportunity to express my appreciation to you, the Mayor and Council, for your guidance and support in the preparation of this report. I would also like to express my sincere appreciation to the City staff for their assistance and cooperation during the year to effect a better accounting and reporting system for the City of Fairburn, for without this assistance and cooperation this report would not have been possible.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Tom Barber". The signature is fluid and cursive, with the first name "Tom" and last name "Barber" clearly distinguishable.

Tom Barber, CPA, MBA  
City Administrator

## INDEPENDENT AUDITOR'S REPORT

---

**To the Honorable Mayor and Members  
of the City Council  
City of Fairburn, Georgia**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the **City of Fairburn, Georgia** as of and for the fiscal year ended September 30, 2012, which collectively comprise the City of Fairburn, Georgia's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Fairburn, Georgia's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Fairburn, Georgia as of September 30, 2012, and the respective changes in financial position and where applicable, cash flows, thereof and the budgetary comparison for the General Fund for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 26, 2013, on our consideration of the City of Fairburn, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

---

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Schedule of Funding Progress (on pages 3 through 10 and page 49, respectively) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Fairburn, Georgia's basic financial statements as a whole. The combining and individual fund financial statements and schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Fairburn, Georgia's basic financial statements. The introductory and statistical sections, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

**CITY OF FAIRBURN, GEORGIA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
SEPTEMBER 30, 2012**

---

As management of the City of Fairburn (the "City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2012. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in the financial statements and the notes to the financial statements.

## **FINANCIAL HIGHLIGHTS**

Key financial highlights for fiscal year 2012 are as follows:

- The assets of the City of Fairburn exceeded its liabilities at the close of the fiscal year by \$40,531,759 (net assets). Of this amount, \$30,957,164 is invested in capital assets, net of related debt; \$1,954,144 is restricted; and \$7,620,451 is unrestricted and may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's total net assets increased by \$2,017,831 as compared to an increase of \$822,811 in the prior fiscal year.
- At the end of the current fiscal year, total fund balance for the General Fund was \$1,014,073, an increase of \$467,452 over the prior fiscal year.
- The City issued \$10,415,000 of general obligation bonds in fiscal year 2011 for the purpose of acquiring and upgrading park facilities, construction of an additional fire station as well as downtown enhancements. This City spent \$2,794,532 of these funds in fiscal year 2012 for these purposes.
- Transfers from Enterprise Funds for General Fund operations have decreased from \$2,865,000 in fiscal year 2011 to \$1,350,000 in fiscal year 2012.

## **OVERVIEW OF THE FINANCIAL STATEMENTS**

This Discussion and Analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to those financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

### **Government-wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. All governmental and business-type activities are consolidated to arrive at a total for the Primary Government. There are two government-wide statements, the statement of net assets and the statement of activities, which are described below.

The statement of net assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. It is important to note that this statement consolidates the governmental fund's current financial resources (short-term) with capital assets and long-term liabilities.

**CITY OF FAIRBURN, GEORGIA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
SEPTEMBER 30, 2012**

---

The statement of activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The governmental activities of the City include general government, judicial, public safety, public works, culture and recreation, and planning and development.

The business-type activities of the City include electric, water and sewer, educational complex, stormwater, and sanitation. The City's government-wide financial statements are presented on pages 12 and 13.

**Reporting the City's Most Significant Funds**

Unlike government-wide financial statements, the focus of fund financial statements is directed at specific activities of the City rather than the City as a whole. Except for the General Fund, a special revenue fund is established to satisfy managerial control over committed resources or to satisfy finance-related legal requirements established by external parties or governmental statutes or regulations. The City's fund financial statements are divided into two broad categories, namely, (1) governmental funds and (2) proprietary funds.

**Governmental Funds**

Governmental fund financial statements consist of a balance sheet and statement of revenues, expenditures, and change in fund balances and are prepared on an accounting basis that is significantly different from that used to prepare the government-wide financial statements.

In general, these financial statements have a short-term emphasis and, for the most part, measure and account for cash and other assets that can easily be converted to cash. For example, amounts reported on the balance sheet include items such as cash and receivables collectible within a fiscal year, but do not include capital assets such as land and buildings. Fund liabilities include amounts that are to be paid within a fiscal year. The difference between a fund's total assets and total liabilities is labeled as the fund balance, and generally indicates the amount that can be used to finance the next fiscal year's activities. Likewise, the statement of revenues, expenditures, and changes in fund balances for governmental funds reports only those revenues and expenditures that were collected in cash or paid with cash, respectively, during the current period or very shortly after the end of the fiscal year.

For the most part, the balances and activities accounted for in governmental funds are also reported in the governmental activities columns of the government-wide financial statements. However, because different accounting basis are used to prepare fund financial statements, there are often significant differences between the totals presented in these financial statements. For this reason, there is an analysis at the bottom of the balance sheet that reconciles the total fund balances to the amount of net assets presented in the governmental activities column on the statement of net assets. Also, on page 16, there is a reconciliation of the statement of revenues, expenditures, and changes in fund balance of governmental funds to the statement of activities.

**CITY OF FAIRBURN, GEORGIA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
SEPTEMBER 30, 2012**

The City presents in separate columns funds that are most significant to the City (major funds) and all other governmental funds are aggregated and reported in a single column (non-major funds). The City's governmental fund financial statements are presented on pages 14 and 15.

**Proprietary Funds**

Proprietary fund financial statements consist of a statement of net assets, the statement of revenues, expenses, and changes in net assets and statement of cash flows, which are prepared on the accrual basis of accounting. For financial reporting purposes, proprietary funds are grouped into Enterprise Funds.

The City uses Enterprise Funds to account for business-type activities that typically charge fees to customers for the use of specific goods or services. Balances and activities accounted for in the City's Enterprise Funds are also reported in the business-type activities columns of the government-wide financial statements and used the same basis of accounting as the government-wide statements.

The City presents in separate columns Enterprise Funds that are most significant to the City (major enterprise funds) and all other Enterprise Funds are aggregated and reported in a single column. A statement of cash flows is presented at the fund financial statement level for proprietary funds.

The City's proprietary fund financial statements are presented on pages 18 - 20.

**Overview of the City's Financial Position and Operations**

The City's overall financial position and operations for the past two fiscal years are summarized as follows based on the information included in the government-wide financial statements (see pages 12 and 13):

**City of Fairburn Net Assets**

	<b>Governmental Activities</b>		<b>Business-type Activities</b>		<b>Total</b>	
	<b>2012</b>	<b>2011</b>	<b>2012</b>	<b>2011 (Restated)</b>	<b>2012</b>	<b>2011 (Restated)</b>

**Governmental Activities**

Net assets for governmental activities increased \$1,469,566. Governmental revenues increased \$2,314,114 or 26%. The most significant increase in governmental revenue was capital grants and contributions which increased \$1,038,074 or 371% over the prior fiscal year as a result of intergovernmental agreements to purchase right of way along Oakley Industrial Boulevard. Charges for services increased \$410,128 or 36%. Included in this category is police fines and forfeitures which increased \$282,314 because of increases in rates for such violations as well as overall increases in other permitting fees as the State and local economy improves. Property taxes increased \$507,235 or 12.49% because of additional levies for general obligation bond debt service. Other taxes, which include insurance premium taxes and motor vehicle taxes, increased \$360,139. Insurance premium taxes, which are distributed to cities by the State based on census data, increased \$313,272 or 107%. Motor vehicle taxes increased \$49,807 or 22% due to improvement in the State and local economy.

**CITY OF FAIRBURN, GEORGIA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
SEPTEMBER 30, 2012**

Expenses for governmental activities were consistent with the prior fiscal year with a modest increase of \$287,410 or 2.7%. Because of the significant increases in revenues as noted above, transfers from enterprise funds to subsidize General Fund operations were reduced from \$2,865,000 in 2011 to \$1,350,000 in 2012.

**Business-Type Activities**

Net assets for business type activities increased \$548,265 from the prior fiscal year. The activities of each enterprise fund are discussed below.

**Electric Fund** Net income before transfers for the Electric Fund was \$1,253,621 compared to \$1,967,219 (as restated) in the prior fiscal year, a decrease of \$713,598, or 36.3%. Operating revenues increased \$289,142 or 3.9% as a result of normal fluctuations in demand. Cost of sales increased by \$1,003,571 due to previously restricted MEAG investments in the amount of \$965,335 becoming available to the City which were used to reduce cost of sales and services in the prior fiscal year as restated. Transfers to meet General Fund obligations for fiscal year 2012 were \$1,200,000 compared to \$1,650,000 in the prior fiscal year, a decrease of \$450,000, or 27.3%.

**Water and Sewer Fund** Net income before transfers for the Water and Sewer Fund was \$1,103,988 compared to \$662,902 in the prior fiscal year, an increase of \$441,086, or 66.5%. Operating revenues increased \$662,691, or 12.7% as a result of increased water rates. Water and sewer operating expenses increased \$70,289 or 2.1%, based on normal operating fluctuations. Transfers to meet General Fund obligations were \$250,000 compared to \$850,000 in fiscal year 2011, a decrease of \$600,000 or 70.6%.

**Educational Complex Fund** Net losses before transfers for the Educational Complex were \$711,695 in fiscal year 2012 compared to losses of \$97,217 in fiscal year 2011. General operating expenses increased \$232,498 or 64.1% for planning and real estate services related to expansion of the campus. Interest expense increased \$411,119 or 178% as a result of the refinancing of revenue bonds.

**Stormwater Fund** This Fund was created during fiscal year 2010 to properly segregate infrastructure utility charges in accordance with State statutes. Operating losses were \$33,033 in fiscal year 2012 as compared to \$104,110 in the prior fiscal year. Charges for services increased from \$467,181 to \$580,689 as more properties become subject to stormwater fees. Operating expenses were \$613,722 in fiscal year 2012 as compared to \$571,291 in the prior fiscal year.

**Sanitation Fund** Net income before transfers for the Sanitation Fund was \$126,384 compared to \$142,146 in the prior fiscal year. Transfers to the General Fund in fiscal year 2012 were \$100,000 compared to \$365,000 in fiscal year 2011. Net assets of this fund increased \$26,384 compared to a decrease of \$222,854 in the prior fiscal year primarily as a result of the transfers discussed above.

**Financial Analysis of the City's Funds**

As noted earlier, the City of Fairburn uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Fund Balance**

The City's combined fund balances as of the end of the current fiscal year for governmental funds, presented on page 14, were \$9,138,686 compared to \$10,948,572 in the prior fiscal year.

# CITY OF FAIRBURN, GEORGIA

## MANAGEMENT'S DISCUSSION AND ANALYSIS

### SEPTEMBER 30, 2012

#### City of Fairburn Governmental Fund Balance

	2012	2011	\$ Change
General Fund	\$ 1,014,073	\$ 546,621	\$ 467,452
General Obligation Bond Capital Projects Fund	7,360,656	9,761,595	(2,400,939)
Other Governmental Funds	763,957	640,356	123,601
Total Governmental Fund Balance	<u>\$ 9,138,686</u>	<u>\$ 10,948,572</u>	<u>\$ (1,809,886)</u>

Other changes in governmental fund balances are reflected in the table below.

#### City of Fairburn Changes in Governmental Fund Balance

	2012	2011	\$ Change	% Change
<b>Revenues</b>				
Property taxes	\$ 4,872,610	\$ 4,355,606	\$ 517,004	11.87 %

Interest	511,360	134,223	377,137	280.98
Bond issuance costs	-	409,485	(409,485)	(100.00)
Total expenditures	<u>14,524,040</u>	<u>10,728,058</u>	<u>3,795,982</u>	<u>35.38</u>
Excess (deficiency) of revenues over (under) expenditures	<u>(3,368,774)</u>	<u>(1,977,593)</u>	<u>(1,391,181)</u>	<u>70.35 %</u>
<b>Other Financing Sources (Uses)</b>				
Bonds issued	-	10,415,000	(10,415,000)	
Original bond premium	-	36,234	(36,234)	
Proceeds from sale of assets	-	3,740	(3,740)	
Capital leases	367,888	-	367,888	
Transfers in	1,350,000	3,232,866	(1,882,866)	
Transfers out	(159,000)	(1,467,866)	1,308,866	
Total other financing sources (uses)	<u>1,558,888</u>	<u>12,219,974</u>	<u>(10,661,086)</u>	
Net change in fund balances	<u>\$ (1,809,886)</u>	<u>\$ 10,242,381</u>	<u>\$ (12,052,267)</u>	

Deficiency of revenues under expenditures prior to other financing sources (uses) in the Governmental Funds for the current fiscal year was \$3,368,774 as compared to \$1,977,593 in the prior fiscal year, a decrease of \$1,391,181. The General Fund had a deficiency of \$1,091,436; the General Obligation Bond Capital Projects Fund had a deficiency of (\$2,400,939); and other special revenue funds had excess revenues over expenditures of \$123,601.

Overall, governmental revenues increased \$2,404,801 or 27%. Intergovernmental revenues increased \$1,166,174 primarily from arrangements with other municipalities and the State for funding of right of way purchases along Oakley Industrial Boulevard. Property taxes increased \$517,004 or 11.87% as a result of additional levies for general obligation bonds and aggressive collection efforts of delinquent taxes. Other taxes increased \$304,867 or 54.16% from increased allocation of insurance premium taxes from the State based on increases in population as a result of the 2010 census.

**CITY OF FAIRBURN, GEORGIA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
SEPTEMBER 30, 2012**

Overall governmental expenditures increased \$3,795,982 or 35.4%. The largest increase was in capital outlays which increased \$2,575,399 or 1,175.27% and reflects the purchase of Duncan Park for \$2,147,000 with proceeds of the 2011 general obligation bond proceeds. Public works expenditures increased \$1,286,156 or 94% and reflects the purchase of right of way along Oakley Industrial Boulevard. Interest expenditures increased \$377,137 or 281% reflecting a full year of interest expenditures for the 2011 general obligation bonds.

**General Fund Budgetary Highlights**

The final amended budgets passed by the City Council anticipated revenues and transfers from the Enterprise Funds being sufficient to meet operations of the General Fund. Actual results were \$467,452 better than budgeted.

A comparison of the final budgetary figures and the actual budgetary figures for revenues are located on page 17.

- General Fund revenues in total were \$4,180 better than budgeted. Property taxes were (\$81,725) less than budgeted as certain property tax payers made payments after the availability period after fiscal year end. The deficiency in property tax revenues were more than offset by surplus budget conditions in other categories.
- The actual expenditures of \$11,229,542 were \$511,473 less than budgeted as management continues austerity measures implemented in 2011.

**Capital Asset and Debt Administration**

**Capital Assets**

The City has invested \$54,156,426 in capital assets (net of accumulated depreciation). Capital assets held by the City at the end of the current and previous fiscal years are summarized as follows:

**City of Fairburn, Capital Assets, net of Accumulated Depreciation**

	<b>Governmental Activities</b>		<b>Business-type Activities</b>		<b>Total</b>	
	<b>2012</b>	<b>2011</b>	<b>2012</b>	<b>2011</b>	<b>2012</b>	<b>2011</b>
Land	\$ 5,092,254	\$ 1,539,352	\$ 3,924,899	\$ 3,595,069	\$ 9,017,153	\$ 5,134,421
Construction in progress	483,448	216,696	58,233	-	541,681	216,696
Buildings and improvements	1,710,315	1,694,504	17,756,462	18,295,394	19,466,777	19,989,898
Machinery and equipment	261,568	214,921	54,305	77,827	315,873	292,748
Infrastructure and distribution system	8,221,162	8,550,179	14,184,339	14,298,247	22,405,501	22,848,426
Vehicles	2,227,069	2,207,631	182,372	170,433	2,409,441	2,378,064
	<u>\$ 17,995,816</u>	<u>\$ 14,423,283</u>	<u>\$ 36,160,610</u>	<u>\$ 36,436,970</u>	<u>\$ 54,156,426</u>	<u>\$ 50,860,253</u>

Capital assets have increased primarily as a result of asset purchases from the 2011 General Obligation bond proceeds. The detailed capital assets schedule is reported in Note 6 of the footnotes to the financial statements.

**Long-term Debt**

At the end of the current fiscal year, the City had long-term debt related to business-type activities of \$25,315,000 and \$10,958,378 of governmental activities. Bonds, notes, and capital leases outstanding as of the fiscal year ended September 30, 2012 are fully secured by the full faith and credit of the City. Business-type activities debt is secured by electric, water and sewer, and educational complex revenues while governmental debt is secured by general revenues.

**CITY OF FAIRBURN, GEORGIA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
SEPTEMBER 30, 2012**

During fiscal year 2011, the City issued General Obligation Bonds of \$10,415,000 to be used for park acquisition and upgrades, construction of an additional fire station, road improvements, and downtown redevelopment activities. In addition in 2011, the City, through its Downtown Development Authority, refinanced \$7,958,409 of the 2008 series Education complex bonds and acquired \$5,875,910 of additional financing to enlarge the facility.

The debt position of the City is summarized below and is more fully analyzed in Note 8 of the footnotes to the financial statements.

**City of Fairburn Outstanding Long-Term Liabilities**

	<u>2012</u>	<u>2011</u>

Capital Leases	<u>-</u>	<u>6,212</u>
	<u>\$ 25,315,000</u>	<u>\$ 26,058,573</u>

**Economic Factors and Next Fiscal Year's Budgets and Rates**

The City of Fairburn, along with most other municipalities in South Fulton County, continues to experience reduced revenues as a result of a declining tax digest. Housing values continue to slide and new housing permits during calendar year 2012 were virtually non-existent. In spite of the stagnant metro-Atlanta economy, the City continues to attract new commercial development, especially distribution centers along Oakley Industrial Boulevard and retail along the Highway 74 corridor to Tyrone and Peachtree City at the Interstate 85 interchange.

As a result, service levels and revenue projections are monitored closely. The City significantly underspent its fiscal year 2012 budget as vacant positions were allowed to remain unfilled. Property taxes for general operations remained at 8.1 mills for the October 2013 billing. In addition, the City's levy of additional property tax to cover the debt payments related to the 2011 general obligation bonds was increased from 1.83 mills to 1.88 mills for the October 2013 billing.

Electric rates were revised slightly in early 2013 to reset the power cost adjustment to zero. Water and sewer rates have not been changed since late 2012.

**Contacting the City's Financial Management**

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City's Finance Department (770) 964-2244, City Hall, 56 Malone Street, Fairburn, Georgia 30213-1341.

## CITY OF FAIRBURN, GEORGIA

### RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2012

---

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ (1,809,886)
--	----------------

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current period - see footnote 2 for detail of amount.

3,420,633

The net effect of donated capital assets from a third party is to increase net assets.

151,900

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

(33,481)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when the debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the principal payment on capital leases made during the current fiscal year.

Proceeds from capital lease	(367,888)	
Principal payment on capital lease	130,540	
Amortization of bond issuance costs	(30,022)	
Amortization of bond premium	<u>2,657</u>	(264,713)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in compensated absences	<u>5,113</u>
--------------------------------	--------------

Change in net assets - governmental activities

\$ 1,469,566

**The accompanying notes are an integral part of these financial statements.**

## **NOTES TO FINANCIAL STATEMENTS**

---

**CITY OF FAIRBURN, GEORGIA  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2012**

---

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the City of Fairburn, Georgia (the "City") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

**A. Reporting Entity**

The City of Fairburn, Georgia was incorporated February 17, 1854 and adopted its City Charter on August 3, 1925 (Georgia Statutes 1925). The City operates under the Mayor and Council form of government and provides the following services as authorized by its charter: public safety (police and fire), street, sanitation, electric, water, and stormwater utilities, planning and zoning, and general administrative services.

The financial statements of the City have been prepared in conformity with the accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the City are described below.

As required by accounting principles generally accepted in the United States of America, the financial statements of the reporting entity include those of the City (the primary government) and its component unit. The component unit discussed below is included in the City's reporting entity because of the significance of its operational or financial relationship with the City. Blended component unit, although also legally separate entity, is in substance, part of the City's operations, and data from this unit is combined with the data of the City.

Based upon criteria set forth by Governmental Accounting Standards Board (GASB) 14 "The Financial Reporting Entity," the accompanying financial statements present the City and its component unit, an entity for which the City is considered to be financially accountable. The Development Authority (or Downtown Development Authority) of the City was created for the purpose of revitalizing and redeveloping the central business district of the City, developing and promoting for the public good and general welfare, trade, commerce, industry, and employment opportunities, and to promote the general welfare within the City. The Development Authority is composed of seven (7) members created and appointed by the City Council and Mayor. The Development Authority is reported in the City's financial statements as a blended component unit special revenue fund as it provides services exclusively to the City as a financing instrument. The blended component unit has a September 30th fiscal year-end. Financial information with regard to the Development Authority can be obtained directly from the City, City Hall, 56 Malone Street, Fairburn, Georgia 30213. Separate financial statements for the Development Authority are not prepared.

## NOTES TO FINANCIAL STATEMENTS

---

### **NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

#### **B. Government-wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the activities of the primary government. (For the most part, the effect of interfund activity has been removed from the government-wide financial statements). Government-wide financial statements do not provide information by fund, but distinguish between the City's governmental activities and business-type activities. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of net assets includes non-current assets and non-current liabilities. In addition, the government-wide statement of activities reflects depreciation expense on the City's capital assets.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not considered program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

#### **C. Measurement Focus, Basis of Accounting, and Basis of Presentation**

The government-wide financial statements are reported using the economic resource measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the fiscal year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### C. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, capital leases, and general obligation bonds are recorded only when payment is due.

Property taxes, sales taxes, franchise taxes, licenses and permits, charges for services, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period, if the availability criteria are met. All other revenue items are considered to be measurable and available only when cash is received by the City.

In accordance with GASB Statement No. 33, "Accounting and Financial Reporting for Non-exchange Transactions," the corresponding assets (receivables) in non-exchange transactions are recognized in the period in which the underlying exchange occurs, when an enforceable legal claim has arisen, when all eligibility requirements have been met, or when resources are received, depending on the revenue source.

In accordance with GASB Statement No. 34, major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **General Obligation Bond Capital Projects Fund** accounts for the City's general obligation bond proceeds to be used for the acquisition and construction of major capital facilities.

Additionally, the City reports the following fund types within the nonmajor governmental funds:

The **special revenue funds** account for revenue sources that are legally restricted or committed to expenditures for specific purposes.

The **permanent fund** accounts for amounts received by the City which can only be used for a specific purpose. The principal of perpetual care cemetery funds are not available for expenditures based on legal or contractual requirements and must remain in trust and not be encroached upon. Only the income from such funds may be used for maintenance and upkeep of the Fairburn municipal cemetery.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### C. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

The City reports the following major enterprise (or proprietary) funds:

The **Electric Fund** accounts for the activities of the City's electric distribution operations.

The **Water and Sewer Fund** accounts for the activities of the City's water and sewer operations offered to its residents and businesses.

The **Educational Complex Fund** accounts for the activities of the City's educational complex operations offered to residents and businesses.

The **Stormwater Fund** accounts for the activities of the City's storm water operations.

The City reports the following nonmajor proprietary funds:

The **Sanitation Fund** accounts for the activities of the City's sanitation operations.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the City's proprietary funds' function and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges for goods and services provided. Operating expenses of the enterprise funds include the cost of these goods and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. Budgets and Budgetary Accounting

Annual appropriated budgets are adopted for all funds, except for the Cemetery Permanent Fund, which has its expenditures controlled by legal use restrictions imposed by a trust agreement. The budgets for the proprietary funds are for management control purposes and are not required to be reported. Budgets are prepared by the City Administrator prior to September 1 for the fiscal year to commence October 1. The City Administrator is authorized to transfer between line items within the budget without the City Council's approval and expenditures may not exceed the legally adopted budget without the City Council's approval. The level of control does not allow expenditures to legally exceed budgeted appropriations at the department level. Budgets are adopted on a modified accrual basis, which is consistent with generally accepted accounting principles for governmental funds. All appropriations lapse at fiscal year end. Encumbrance accounting - under which purchase orders, contracts, and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation - is not employed by the City.

#### E. Cash and Cash Equivalents

Cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash and so near their maturity that they present insignificant risk of changes in value because of changes in interest rates. Generally, only investments with original maturities of three months or less meet this definition.

For purposes of the statement of cash flows, all highly liquid investments with an original maturity of less than 90 days are considered to be cash equivalents. Investments are reported at fair value as determined by quoted market prices.

#### F. Deposits and Investments

Georgia statutes authorize the City to invest in the following: (1) obligations of Georgia or any other State; (2) obligations of the United States; (3) obligations fully insured or guaranteed by the United States government or one of its agencies; (4) obligations of any corporation of the United States government; (5) prime bankers' acceptances; (6) the Local Government Investment Pool of the State of Georgia ("Georgia Fund 1"); (7) repurchase agreements; and (8) obligations of any other political subdivisions of the State of Georgia. Any investment or deposit in excess of the Federal depository insured amounts must be collateralized at 110%. The Georgia Fund 1 and Georgia Extended Asset Statement Investment Pool (GEAP) are not registered with the Securities and Exchange Commission (SEC) but operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. As of September 30, 2012, the City did not have any investments in GEAP.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### F. Deposits and Investments (Continued)

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Investments that do not have an established market are reported at estimated fair values.

#### G. Property Taxes Receivable

The tax digest for the calendar year is compiled by the Fulton County Tax Commissioner's Office and is presented to the City by the first of August. The City bills and collects its own property taxes. The digest is reviewed by the City and tax bills are mailed by October 31<sup>st</sup> of each year and due on or before December 31<sup>st</sup>. The City may place liens for any and all debts after the due date. Ad valorem property tax revenue is recorded when it becomes available. Available means when due, or past due and receivable within the current period, expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Such time thereafter shall not exceed 60 days. Delinquent property taxes for which the City has a property lien are shown as taxes receivable. Receivables are shown net of an allowance for uncollectible amounts when necessary.

#### H. Interfund Receivables and Payables

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance nonspendable account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

#### I. Inventory and Prepaid Items

Inventory (if any) is valued at cost, using the first-in, first-out method. The cost of governmental fund type inventory is recorded as an expenditure when consumed rather than when purchased. Prepaid items are accounted for using the consumption method. Payments made to vendors for services that will benefit periods beyond September 30, 2012, are recorded as prepaid items in both government-wide and fund financial statements.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### J. Restricted Assets

Certain proceeds of revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the statement of net assets because their use is limited by applicable bond covenants.

#### K. Grants from Other Governments

Federal and State governmental units represent an important source of supplementary funding used to finance housing, business development employment, construction programs, capital asset additions, and other activities beneficial to the community. This funding, primarily in the form of grants, is recorded in both governmental and proprietary funds. Grant contributions in the proprietary funds, which are for the purpose of construction activities, or land easement or capital asset acquisitions, are recorded as capital contributions within the statement of revenues and expenses. For all funds, a grant receivable is recorded when the City has met all eligibility requirements.

#### L. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two (2) years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Infrastructure (e.g., roads, bridges, sidewalks, and similar items) prior to July 1, 2003 have not been reported.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Capital assets of the primary government are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Distribution system	50
Infrastructure	30
Buildings and improvements	15-40
Vehicles	10-20
Machinery and equipment	3-10
Computer equipment	3-5

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### M. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. The City permits an accumulation of a maximum of one hundred and twenty (120) days of sick leave. Sick leave is payable to those employees who have resigned from the City with a minimum of five (5) years service up to 25% of their accumulated sick leave. Vacation time is allowed to be carried over from the current calendar year up to a maximum of 240 hours without special approval from the City Administrator. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

#### N. Unearned Revenue/Deferred Revenue

Unearned/deferred revenues at the governmental fund level arise when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Unearned/deferred revenue also arise in both the governmental fund level and government-wide level when resources are received by the City before it has a legal claim to them, as when grant monies are received prior to meeting all eligibility requirements.

In subsequent periods, when both revenue recognition criteria are met, or when the City has a legal claim to the resources, the liability for unearned/deferred revenue is removed from the balance sheet and revenue is recognized.

#### O. Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the term of the bonds using the effective interest method. Bonds payable are reported net of the applicable discount or premium. Issuance costs are reported as deferred charges.

Proprietary fund type loans payable are reported as liabilities at their outstanding value. Loan issuance costs are reported as deferred charges and amortized over the term of the loan using the effective interest method.

In the fund financial statements, governmental fund types report the face amount of debt issued and related premiums or discounts as other financing sources and bond issuance costs as expenditures.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### P. Fund Equity and Net Assets

Fund equity at the governmental fund financial reporting level is classified as “fund balance.” Fund equity for all other reporting is classified as “net assets.”

**Fund Balance** – Generally, fund balance represents the difference between the assets and liabilities under the current financial resources management focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in those funds can be spent.

Fund balances are classified as follows:

*Nonspendable* – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.

*Restricted* – Fund balances are reported as restricted when there are limitations imposed on their use either through enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

*Committed* – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by a formal vote of the City Council. Only the City Council may modify or rescind the commitment.

*Assigned* – Fund balances are reported as assigned when amounts are constrained by the City’s intent to be used for specific purposes, but are neither restricted nor committed. The City Council has expressly delegated to the City Administrator the authority to assign funds for particular purposes.

*Unassigned* – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The City reports positive unassigned fund balance only in the General Fund. It is the City’s intent to build and maintain an unassigned fund balance in the General Fund equal to between twenty and thirty percent (20-30%) of operating budget, or an amount equal to 3 to 4 months’ operating expenditures.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### P. Fund Equity and Net Assets (Continued)

**Flow Assumptions** – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City's policy to use fund balance in the following order: (1) Committed, (2) Assigned, (3) Unassigned.

**Net Assets** – Net assets represent the difference between assets and liabilities in reporting which utilizes the economic resources measurement focus. Net assets invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the City has spent) for the acquisition, construction or improvement of those assets. Net assets are reported as restricted using the same definition as used for restricted fund balance as described in the previous section. All other net assets are reported as unrestricted. The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. Restrictions on the government-wide statement of net assets represent amounts segregated to meet debt covenants and State laws.

#### Q. Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenditures/expenses during the period. Actual results could differ from those estimates.

#### R. Interfund Transactions

Interfund services provided and used in the fund financial statements are accounted for as revenue, expenditures, or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as a reduction of expenditures/expenses in the fund that is reimbursed.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS

#### A. Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Assets

The governmental fund balance sheet includes a reconciliation between *fund balance – total governmental funds* and *net assets – governmental activities* as reported in the government-wide statement of net assets. One element of that reconciliation explains that “long-term liabilities are not due and payable in the current period and therefore are not reported in the funds.” The details of this \$11,186,815 difference are as follows:

Bonds payable	\$ (10,415,000)
Capital leases payable	(543,378)
Compensated absences	(402,431)
Accrued interest payable	(165,646)
Unamortized premium on bonds	(32,972)
Bond issuance cost	<u>372,612</u>
Net adjustment to reduce <i>fund balance - total governmental funds</i> to arrive at <i>net assets - governmental</i>	<u><u>\$ (11,186,815)</u></u>

#### B. Explanation of Certain Differences between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances – total governmental funds* and *changes in net assets of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period”. The details of this \$3,420,633 difference are as follows:

Capital outlay	\$ 4,291,594
Depreciation expense	<u>(870,961)</u>
Net adjustment to decrease <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net assets of governmental activities</i>	<u><u>\$ 3,420,633</u></u>

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 3. LEGAL COMPLIANCE - BUDGETS

Prior to September 1 of each fiscal year, all departments of the City submit requests for appropriations to the City Administrator so that a budget may be prepared. The budget is prepared by fund, function and activity, and includes information of the prior fiscal year, current fiscal year estimates, and requested appropriations for the next fiscal year.

Before September 30, the proposed budget is presented to the City Council for review. City Council holds public hearings and may add to, subtract from or change appropriations. The budget is then approved by an affirmative vote of a majority of the City's council.

Expenditures may not legally exceed budgeted appropriations at the department level (e.g. administration). For the fiscal year ended September 30, 2012, there were no departments with excesses of actual expenditures over appropriations.

### NOTE 4. DEPOSITS AND INVESTMENTS

As of September 30, 2012, the City had the following investments:

<u>Investment</u>	<u>Maturities/Weighted Average Maturity</u>	<u>Fair Value</u>
Certificates of deposit	March 25, 2013 - September 5, 2014	\$ 176,137
Municipal Competitive Trust - intermediate	2.54	2,445,500
Municipal Competitive Trust - short-term	0.29	<u>1,289</u>
Total		<u><u>\$ 2,622,926</u></u>

## NOTES TO FINANCIAL STATEMENTS

### NOTE 4. DEPOSITS AND INVESTMENTS (CONTINUED)

Below is a reconciliation of cash and cash equivalents and investments to the Statement of Net Assets.

As reported in the Statement of Net Assets

Primary government

Cash and cash equivalents	\$	15,933,460
---------------------------	----	------------

Restricted cash and cash equivalents		1,122,197
--------------------------------------	--	-----------

Investments		2,553,971
-------------	--	-----------

Investments with fiscal agent (restricted assets)		68,955
---	--	--------

	<u>\$</u>	<u>19,678,583</u>
--	-----------	-------------------

Cash deposited with financial institutions	\$	17,221,668
--	----	------------

Cash deposited with Georgia Fund 1		10,126
------------------------------------	--	--------

Municipal Competitive Trust - intermediate		2,445,500
--	--	-----------

Municipal Competitive Trust - short term		1,289
--	--	-------

	<u>\$</u>	<u>19,678,583</u>
--	-----------	-------------------

**Interest rate risk.** The City has a no formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**Credit risk.** State statutes authorize the City to invest in obligations of the State of Georgia or other States; obligations issued by the U.S. government; obligations fully insured or guaranteed by the U.S. government or by a government agency of the United States; obligations of any corporation of the U.S. government; prime bankers' acceptances; the local government investment pool established by State law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia.

The local government investment pool, "Georgia Fund 1," created by OCGA 36-83-8, is a stable net asset value investment pool, which follows Standard and Poor's criteria for AAAm rated money market funds and is regulated by the Office of the State Treasurer. The Georgia Fund 1 operates in a manner consistent with Rule 2a-7 of the Investment Company Act of 1940 and is considered to be a 2a-7 like pool. The pool is not registered with the SEC as an investment company. The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1 per share value). Net asset value is calculated weekly to ensure stability.

The pool distributes earnings (net of management fees) on a monthly basis and determines participant's shares sold and redeemed based on \$1 per share. The regulatory oversight agency for Georgia Fund 1 is the Office of the State Treasurer. As of September 30, 2012, the City's investment in Georgia Fund 1 was rated AAAm by Standard & Poor's and has a weighted average to maturity of 58 days. Funds included in this Pool are not required to be collateralized. The City has reported the Georgia Fund 1 as cash equivalents as noted in the previous table.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 4. DEPOSITS AND INVESTMENTS (CONTINUED)

The credit rating for the Municipal Competitive Trust ("MCT") funds for both intermediate and short-term investment securities is AAA.

**Custodial credit risk – deposits.** Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes, and City policy, require all deposits and investments (other than Federal or State government instruments) to be collateralized at 110% by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities. As of September 30, 2012, the City had no bank balances that were exposed to custodial credit risk.

### NOTE 5. RECEIVABLES

Property taxes are levied on property values assessed as of January 1. The tax bills are levied on October 1 and are mailed by October 31 to the taxpayers. The billings are considered due upon receipt by the taxpayer; however, the actual due date is December 31. After these dates, the bill becomes delinquent and penalties and interest may be assessed by the City. Property taxes are recorded as receivables and deferred revenues when levied. Revenues are recognized when available (received within 60 days of fiscal year-end).

Receivables at September 30, 2012, for the City's individual major funds and nonmajor funds in the aggregate, including the applicable allowances for uncollectible accounts are as follows:

	<u>General Fund</u>	<u>General Obligation Bond Fund</u>	<u>Electric Enterprise Fund</u>	<u>Water &amp; Sewer Enterprise Fund</u>	<u>Stormwater Enterprise Fund</u>	<u>Other Nonmajor Funds</u>
Receivables:						
Taxes	\$ 314,018	\$ 17,812	\$ -	\$ -	\$ -	\$ 35,629
Accounts	-	-	1,043,119	1,012,031	28,684	114,200

## NOTES TO FINANCIAL STATEMENTS

### NOTE 6. CAPITAL ASSETS (CONTINUED)

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental activities:	
General government	\$ 31,283
Public safety	305,493
Public works	474,227
Culture and recreation	<u>59,958</u>
Total depreciation expense - governmental activities	<u>\$ 870,961</u>
Business-type activities:	
Water and sewer	\$ 435,973
Electric	307,543
Education complex	241,828
Stormwater	<u>259,422</u>
Total depreciation expense - business-type activities	<u>\$ 1,244,766</u>

### NOTE 7. OPERATING LEASES

The City is the lessor of space at the Educational Complex. Each of the lease agreements have terms extending beyond the end of the next fiscal year. As of the fiscal year then ended September 30, 2012, the City received \$497,474 in lease revenue derived from current lease agreements with third parties.

Lease revenues from these tenants in future fiscal years are as follows:

<u>Fiscal Year Ending</u>	<u>Total Revenues</u>
2013	\$ 502,325
2014	502,325
2015	491,325
2016	460,073
2017	237,298
2018	237,298
Total Future Lease Revenues	<u>\$ 2,430,644</u>

## NOTES TO FINANCIAL STATEMENTS

### NOTE 8. LONG-TERM DEBT

#### Primary Government

Long-term liability activity for the fiscal year ended September 30, 2012, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Fiscal Year
<b>Governmental activities:</b>					
Series 2011 General Obligation Bonds	\$ 10,415,000	\$ -	\$ -	\$ 10,415,000	\$ 395,000
Unamortized bond premium	35,629	-	(2,657)	32,972	-
Capital leases	306,030	367,888	(130,540)	543,378	256,801
Compensated absences	407,544	278,064	(283,177)	402,431	279,623
Governmental activities: Long-term liabilities	<u>\$ 11,164,203</u>	<u>\$ 645,952</u>	<u>\$ (416,374)</u>	<u>\$ 11,393,781</u>	<u>\$ 931,424</u>
	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Fiscal Year
<b>Business-type activities:</b>					
Series 2006 Revenue Refunding Bonds	\$ 10,755,000	\$ -	\$ (720,000)	\$ 10,035,000	\$ 805,000
Series 2011 Educational Complex Revenue Bonds	15,280,000	-	-	15,280,000	-
Less unamortized original discount	(305,268)	-	15,300	(289,968)	-
Less unamortized loss on refunding	(768,972)	-	118,723	(650,249)	-
	24,960,760	-	(585,977)	24,374,783	805,000
GEFA note payable	17,361	-	(17,361)	-	-
Capital leases	6,212	-	(6,212)	-	-
Compensated absences	50,223	36,394	(37,195)	49,422	34,589
Business-type activities: Long-term liabilities	<u>\$ 25,034,556</u>	<u>\$ 36,394</u>	<u>\$ (646,745)</u>	<u>\$ 24,424,205</u>	<u>\$ 839,589</u>

For governmental funds, compensated absences and capital leases are liquidated by the General Fund. For business-type activities, compensated absences are liquidated by the Water and Sewer Fund and the Electric Fund while capital leases are liquidated by the Electric Fund.

**General Obligation Bonds – Governmental activities.** On March 9, 2011, the City of Fairburn issued \$10,415,000 in General Obligation Bonds, Series 2011 with interest rates ranging from 3% to 5.75%. The purpose of which is to pay the cost of (a) acquiring, constructing and furnishing a fire station, certain City recreation facilities and downtown renewal projects, (b) constructing and installing certain road rebuilding projects, and (c) other projects of the City as may be determined in accordance with O.C.G.A. 36-824.2 (collectively, the “Projects”). Interest on the Bonds is payable semiannually on June 1 and December 1 of each fiscal year, commencing on June 1, 2011. These bonds mature on December 1, 2031.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 8. LONG-TERM DEBT (CONTINUED)

The general obligation bonds currently outstanding mature as follows:

	Principal	Interest	Total
Fiscal Year Ending September 30,			
2013	\$ 395,000	\$ 491,013	\$ 886,013
2014	400,000	479,087	879,087
2015	405,000	467,012	872,012
2016	410,000	454,788	864,788
2017	420,000	441,813	861,813
2018-2022	2,285,000	1,963,587	4,248,587
2023-2027	2,735,000	1,369,800	4,104,800
2028-2032	3,365,000	500,681	3,865,681
Total	<u>\$ 10,415,000</u>	<u>\$ 6,167,781</u>	<u>\$ 16,582,781</u>

**Capital Leases.** The City has entered into lease agreements as lessee for financing the acquisition of various public safety and public works vehicles. The lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present values of the future minimum lease payments as of the date of their inception. As of September 30, 2012, the City had vehicles and machinery and equipment with a net book value of \$761,167 and \$59,034, respectively, under capital leases as reported in its governmental activities.

The City's total capital lease debt service requirements to maturity are as follows:

	Governmental Activities
Fiscal Year Ending September 30,	
2013	\$ 271,376
2014	154,652
2015	<u>141,202</u>
Total minimum lease payments	567,230
Less amount representing interest	<u>23,852</u>
Present value of future minimum lease payments	<u>\$ 543,378</u>

**Revenue Refunding Bonds – Business-type activities.** The City issued \$13,145,000 of Series 2006 bonds bearing an interest rate of 4.101% payable each April 1 and October 1 beginning 2007 through until 2020. The proceeds from the bonds were used to refund Series 2000 Combined Utility Refunding Revenue Bonds. The proceeds of the refunded Series 2000 Bonds were used to acquire the contractual right to use Camp Creek Water Reclamation Facility from Fulton County and to also make infrastructure improvements to the City's existing sewerage collection system which is held as collateral.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 8. LONG-TERM DEBT (CONTINUED)

On September 20, 2011, the Downtown Development Authority, as a blended component unit of the City of Fairburn, issued \$15,280,000 of Series 2011 Educational Complex Revenue Bonds bearing interest rates ranging from 2% to 4.75% payable July 1 and January 1 beginning 2012 with the bonds maturing on July 1, 2033. The 2011 bonds were issued for the purpose of refunding the Series 2008 Educational Bonds and financing the additional acquisition, construction, and installation of the education campus with parking and related facility. The refunding portion of this transaction resulted in a negative debt service savings of \$1,986,680 and the negative net present value cash-flow savings was determined to be \$839,726 during fiscal year 2011.

Defeased bonds occur when refunded bonds for which the payment of principal and interest has been assured through the structuring of a portfolio of government securities, the principal and interest on which will be sufficient to pay debt service on the refunded outstanding bonds. When a bond is defeased, the claim on the revenues of the issuer is usually eliminated and the liability, nor the assets set aside in escrow to pay the liability, are no longer reported on the statement of net assets. The City paid off the defeased Series 2008 bonds during fiscal year 2012. As of September 30, 2012, there is no bond defeasance.

The Downtown Development Authority is responsible for promoting industrial and commercial development within the City of Fairburn. However, the City of Fairburn does provide financial support each year and has contractually obligated itself to use its taxing powers to guarantee the repayment of principal and interest on the Series 2011 Educational Complex revenue bonds issued by the Downtown Development Authority.

Revenue bonds (Series 2006 and 2011) currently outstanding mature as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Fiscal Year Ending December 31,			
2013	\$ 585,000	\$ 1,387,750	\$ 1,972,750
2014	615,000	1,350,475	1,965,475
2015	840,000	1,328,950	2,168,950
2016	890,000	1,299,550	2,189,550
2017	1,090,000	1,268,400	2,358,400
2018-2022	7,515,000	5,670,000	13,185,000
2023-2027	10,340,000	4,156,775	14,496,775
2028-2032	14,130,000	2,104,025	16,234,025
2033	<u>3,645,000</u>	<u>110,775</u>	<u>3,755,775</u>
Total	<u>\$ 39,650,000</u>	<u>\$ 18,676,700</u>	<u>\$ 58,326,700</u>

## NOTES TO FINANCIAL STATEMENTS

### NOTE 8. LONG-TERM DEBT (CONTINUED)

#### Other Long-Term Debt:

**Business-type activities – Notes Payable.** The City entered into a loan agreement with the Georgia Environmental Finance Authority (“GEFA”) for the purpose of constructing and acquiring building and equipment. This GEFA note is recorded in the City’s Water & Sewer Fund. Principal and interest payments are due quarterly with the final payment being on June 1, 2012. The outstanding balance of this GEFA note payable at September 30, 2012 is \$-0-.

### NOTE 9. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

There were no interfund balances as of September 30, 2012. The composition of interfund transfers is as follows:

<u>Transfers In</u>	<u>Transfers Out</u>	<u>Amount</u>
General Fund	Water & Sewer Fund	\$ 250,000
General Fund	Electric Fund	1,000,000
General Fund	Nonmajor enterprise fund	100,000
Educational Complex Fund	General Fund	159,000
Water & Sewer Fund	Electric Fund	200,000
		<u>\$ 1,709,000</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires collecting them to the fund that statute or budget requires to expend them, (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations, and (3) pay the General Fund a franchise fee amounting to 5% of each Enterprise Funds’ annual operating revenue.

### NOTE 10. PENSION PLANS

#### Plan Description

The City, as authorized by the City Council, has established a defined benefit pension plan (The City of Fairburn Retirement Plan) covering all full-time employees. The City’s pension plan is affiliated with the Georgia Municipal Employee Benefit System (GMEBS), an agent multiple-employer pension plan administered by the Georgia Municipal Association. Contributions made by the City are commingled with contributions made by other members of GMEBS for investment purposes. The City does not own any securities on its own. Investment income from the securities is allocated on a pro rata basis. The Georgia Municipal Association issues a publicly available financial report that includes financial statements and required supplementary information for GMEBS. That report may be obtained by writing to Georgia Municipal Association, Risk Management and Employee Benefit Services, 201 Pryor Street, NW, Atlanta, Georgia 30303 or by calling (404) 688-0472.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 10. PENSION PLANS (CONTINUED)

#### Plan Description (Continued)

As provided by State law, benefit provisions for participants in GMEBS are established, and may be amended by the respective employers. As authorized by the City Council, the Plan provides pension benefits and death and disability benefits for plan members and beneficiaries. All full-time employees and City officials are eligible to participate in the Plan. Benefits vest after five years of service. City employees may retire on reaching the age of 60 or 65, (55 for police or firefighters). Early retirement is possible on reaching the age of 50 or 55, depending on the classification of the employee. Benefits are calculated at 1.25% to 2.0% of the average monthly earnings for the period of the five highest years prior to retirement, payable monthly for life. City officials receive a lifetime benefit at age 65 of \$25 per month for each year of service to the City.

At January 1, 2012, the date of the most recent actuarial valuation, there were 204 participants consisting of the following:

Retirees and beneficiaries currently receiving benefits	37
Terminated vested participants not yet receiving benefits	42
Active employees - vested	119
Active employees - nonvested	6
Total	<u>204</u>

#### Funding Policy

The Plan is subject to minimum funding standards of the Georgia Public Retirement Systems Standards law. The Board of Trustees of GMEBS has adopted a recommended actuarial funding policy for the Plan which meets State minimum requirements and will accumulate sufficient funds to provide the benefits under the Plan. The funding policy for the Plan is to contribute an amount equal to the recommended contribution described below. The actuarially determined contribution rates based on actuarial valuations done on January 1, 2012 and January 1, 2011 were respectively, 9.81% and 9.75% of covered payroll. The actuarial valuation performed as of January 1, 2012 was prepared for the City's fiscal year beginning October 1, 2012 (fiscal year 2013).

## NOTES TO FINANCIAL STATEMENTS

### NOTE 10. PENSION PLANS (CONTINUED)

#### Funding Policy (Continued)

For fiscal year ended September 30, 2012, the City's recommended contribution was \$566,611. Actual contributions totaled \$566,611. The recommended contribution was determined as part of the January 1, 2011 actuarial valuation using the projected unit credit actuarial cost method. Actuarial assumptions include a 7.75% rate of return on investments and projected salary increases of 3.5% based on age and years of service. Both rates included an inflation component of 3.5%. The period, and related method, for amortizing the initial unfunded actuarial accrued liability is over 30 years from 1982 and current changes in the unfunded actuarial accrued liability over 15 years for actuarial gains and losses, 20 years for Plan provisions and 30 years for actuarial assumptions and cost methods as a level dollar amount. These amortization periods are closed for this Plan year. The actuarial value of the Plan assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a ten year period.

The following is the most recent schedule of funding progress:

Actuarial Valuation Date	(a) Actuarial Value of Assets	(b) Actuarial Accrued Liability (AAL)	Unfunded Actuarial Accrued Liability (UAAL)	(a/b) Funded Ratio	(c) Covered Payroll	[(b-a)/c] UAAL as a Percentage of Covered Payroll
1/1/2012	\$ 8,500,037	\$ 8,790,240	\$ 290,203	96.70 %	\$ 4,772,077	6.08 %

The required schedule of funding progress immediately following the notes to the financial statements presents multi-year trend information about whether the actuarial value of Plan net assets is increasing or decreasing over time relative to the actuarial accrued liability.

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations for fiscal year 2012 are based on the substantive plan in effect as of January 1, 2011.

### NOTE 11. DEFERRED COMPENSATION PLAN

The City of Fairburn, Georgia offers its employees an Internal Revenue Code Section 457 Plan (the "Plan") which is a deferred compensation plan that qualifies as a defined contribution pension plan. The Plan is administered by a third party administrator, ICMA. The City has no fiduciary relationship with the trust. Accordingly, the Plan assets are not reported in the City's financial statements. Plan provisions and contribution requirements are established and may be amended by the City's Mayor and Council. At September 30, 2012, there were 64 plan members, in the respective plans.

Employees are not required to contribute to the Plan. Employees may contribute a portion of their gross salary, not to exceed the IRS guidelines, into the Plan. The City contributions to the Plan are a match of the employee contributions made. The Plan allows employees to increase, decrease, stop, and restart deferrals as often as they wish without penalties or fees. Total employee contributions for the fiscal year ended September 30, 2012 were \$228,381 while total employer contributions for the same fiscal year were \$228,083. Effective October 1, 2012, the City will no longer match employee contributions.

### NOTE 12. JOINT VENTURE

Under Georgia law, the City, in conjunction with other cities and counties in the Atlanta, Georgia area, is a member of the Atlanta Regional Commission (ARC). Dues to the ARC are assessed at the County level and are, accordingly, paid on the City's behalf by Fulton County. Membership in the ARC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of the ARC in Georgia. The ARC Board membership includes the chief elected official of each county and various municipalities of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of the ARC. Separate financial statements may be obtained from ARC, 40 Courtland Street, NE, Atlanta, Georgia 30303.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 13. RELATED ORGANIZATIONS

The City's governing body is responsible for appointing a majority of the board members of the City of Fairburn Housing Authority. However, the City has no further accountability for this organization.

### NOTE 14. RISK MANAGEMENT

The City is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has joined together with other municipalities in the State as part of the Georgia Interlocal Risk Management Agency Property and Liability Insurance Fund and the Georgia Municipal Association Group Self-Insurance Workers' Compensation Fund, public entity risk pools currently operating as common risk management and insurance programs for member local governments.

As part of these risk pools, the City is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The City is also to allow the pool's agents and attorneys to represent the City in investigation, settlement discussions and all levels of litigation arising out of any claim made against the City within the scope of loss protection furnished by the funds.

The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member government contract and in accordance with the workers' compensation law of Georgia. The funds are to pay all cost taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

Settled claims have not exceeded the coverage in the past three fiscal years.

The City carries commercial insurance for other risks of losses. For insured programs, there have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage in the past three fiscal years.

### NOTE 15. COMMITMENTS AND CONTINGENCIES

#### **Litigation:**

The City is a defendant in certain legal actions in the nature of claims for alleged damages to persons and property and other similar types of actions rising in the course of City operations. Liability, if any, which might result from these proceedings, would not, in the opinion of management and legal counsel, have a material adverse effect on the financial position of the City.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 15. COMMITMENTS AND CONTINGENCIES (CONTINUED)

#### **Contractual Commitments**

For the fiscal year ended September 30, 2012, the City had active construction projects related to various construction projects. At fiscal year end, the City's commitments with contractors totaled approximately \$341,000.

#### **Grant Contingencies:**

The City has received Federal and State grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to the disallowance of certain expenditures previously reimbursed by those agencies. Based upon prior experience, management of the City believes such disallowances, if any, will not be significant.

#### **Agreements with the Municipal Electric Authority of Georgia:**

The Municipal Electric Authority of Georgia (MEAG) is a public corporation and an instrumentality of the State of Georgia created to supply electricity to local government electric distribution systems. As provided by State law, MEAG establishes rates and charges so as to produce revenues sufficient to cover its costs, including debt service, but it may not operate any of its projects for profit, unless any such profits inure to the benefit of the public.

As of September 30, 2012, the City is an electric utility participant in MEAG and obligated to purchase, all of its bulk power supply requirements from MEAG for a period not to exceed 50 years. The City has agreed to purchase all of its future power and energy requirements in excess of that received by the City through the Southeastern Power Administration at prices intended to cover the operating costs of the systems and to retire any debt incurred by the MEAG. In the event that revenues are insufficient to cover all costs and retire the outstanding debt, each participating City has guaranteed a portion of the unpaid debt based on their individual entitlement shares of the output and services of generating units acquired or constructed by MEAG. In addition, in the event of discontinued service to a participant in default, the City would be obligated to purchase additional power subject to contractual limitations. Payments to MEAG are made monthly based on KWH usage. The total payments under these contracts amounted to \$5,175,359 during fiscal year 2012.

At September 30, 2012, the outstanding debt of MEAG was approximately \$5.95 billion. The City's guarantee varies by individual projects undertaken by MEAG and totals approximately \$50.27 million at September 30, 2012.

## NOTES TO FINANCIAL STATEMENTS

---

### **NOTE 15. COMMITMENTS AND CONTINGENCIES (CONTINUED)**

#### **Agreements with the Municipal Electric Authority of Georgia (Continued)**

During fiscal year 2009, MEAG and MEAG's bond holders authorized the usage of Municipal Competitive Trust ("MCT") funds. The original intended use of the MCT funds were to reduce MEAG's costs and thus charge individual participants, such as the City of Fairburn, less in power on a monthly basis. The MCT funds were only to be used in response to remedy potential deregulation in the State of Georgia. Since deregulation has not occurred in the State of Georgia, MEAG and MEAG's bond holders authorized the usage of the MCT funds as if deregulation had actually occurred. As a result, the City will receive a credit reduction in its monthly purchased power invoice; effectively reducing the City's cost. The projected benefits of this reduction over the next six (6) years as of September 30, 2012 are \$2,197,005.

### **NOTE 16. HOTEL/MOTEL LODGING TAX**

The City imposed a 3% tax on gross hotel occupancy revenues for the purpose of promoting tourism, conventions, and trade shows. For the fiscal year ended September 30, 2012, \$123,964 of hotel/motel tax was collected and \$-0- was expended during the current fiscal year-end.

### **NOTE 17. JOINTLY GOVERNED ORGANIZATION**

On March 13, 2001, the City of Fairburn, the City of Union City, and the City of Palmetto created by joint resolutions pursuant to the authority of the General Assembly of the State of Georgia, the South Fulton Municipal Regional Water and Sewer Authority (the "Water and Sewer Authority"). The Water and Sewer Authority was created to provide alternative water and sewer resources for the Cities of Fairburn, Union City, and Palmetto. The Water and Sewer Authority is governed by a board of seven (7) directors, three of whom are the chief elected official of each member city, three (3) of whom are appointed one (1) each by each of the member cities, and one (1) director being appointed by members of the local delegation of the Georgia General Assembly who represent all, or any part of, a member city. The Water and Sewer Authority issues revenue bonds to finance the construction of reservoir. Once completed, the member Cities will purchase water from the Water and Sewer Authority.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 17. JOINTLY GOVERNED ORGANIZATION (CONTINUED)

The City does not provide financial support to the Water and Sewer Authority, but has contractually obligated itself to use its full taxing power to guarantee the repayment of approximately 34.72% of the principal and interest on the Water and Sewer Authority's Series 2007 Variable Rate Revenue Bonds if the Water and Sewer Authority's resources can not cover the debt service. During the fiscal year ended September 30, 2012, the City agreed to pay the Water and Sewer Authority \$917,088 (reported as interest expense) for the City's proportionate share of the principal and interest on the Water and Sewer Authority's bonds from revenues of the City's Water and Sewer Fund. As of December 31, 2011 (from the most recent available audited financial statements), the Water and Sewer Authority's debt service requirements on the Series 2007 Variable Rate Revenue Bonds were as follows using the current variable interest rate of 3.500%:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Fiscal Year Ending December 31,			
2013	\$ 585,000	\$ 1,387,750	\$ 1,972,750
2014	615,000	1,350,475	1,965,475
2015	840,000	1,328,950	2,168,950
2016	890,000	1,299,550	2,189,550

2018-2022	7,515,000	5,670,000	13,185,000
2023-2027	10,340,000	4,156,775	14,496,775
2028-2032	14,130,000	2,104,025	16,234,025
2033	3,645,000	110,775	3,755,775
Total	<u>\$ 39,650,000</u>	<u>\$ 18,676,700</u>	<u>\$ 58,326,700</u>

Separate financial statements for the Water and Sewer Authority can be obtained at the following address: South Fulton Municipal Regional Water and Sewer Authority, P.O. Box 855, Fairburn, Georgia 30213.

### NOTE 18. PRIOR PERIOD ADJUSTMENTS

**Electric Fund:** The City has determined that a restatement of beginning net assets of the Electric Fund is necessary to report previously restricted MEAG investments becoming available to the City in the prior fiscal year to be used to reduce the cost of sales and services, but not recorded at September 30, 2011. The restatement is described below.

Net Assets September 30, 2011, as previously reported	\$ 7,654,131
Adjustment for MEAG investments for proper recording in the correct period.	965,335
Net Assets September 30, 2011, as restated	<u>\$ 8,619,466</u>

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 18. PRIOR PERIOD ADJUSTMENTS (CONTINUED)

**Business-type Activities:** As a result of the previously mentioned restatement pertaining to the Electric Fund, the effect of this adjustment on beginning net assets of business-type activities as of September 30, 2011 is summarized below

Net Assets September 30, 2011, as previously reported	\$ 23,043,971
Adjustment for MEAG Investments for proper recording in the correct period.	965,335
Net Assets September 30, 2011, as restated	<u>\$ 24,009,306</u>

**CITY OF FAIRBURN, GEORGIA**  
**NONMAJOR GOVERNMENTAL FUNDS**

---

**SPECIAL REVENUE FUNDS**

Special Revenue Funds are used to account and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt services and capital projects

**Confiscated Assets Fund** – To account for the City's share of excess funds received from confiscated capital and equipment. These monies must be used for police related expenditures and are restricted by Federal law.

**Hotel/Motel Tax Fund** – To account for the 3% lodging tax levied in the City. Funds are restricted by State law.

**Development Authority Fund** – To provide services exclusively to the City as a financing instrument for developing and promoting for the public good and general welfare, trade, commerce, industry, and employment opportunities, and to promote the general welfare within the City

**PERMANENT FUND**

**Cemetery Fund** – To account for monies received by the City which can only be used for a specific purpose. The principal of perpetual care cemetery funds are not available for expenditures based on legal or contractual requirements and must remain in trust and not be encroached upon (reported as nonspendable). Only the income from such funds may be used for maintenance and upkeep of the Fairburn municipal cemetery.

Note: The 2011 column has been restated for a prior period adjustment made and discussed in footnote 18 to the footnotes of the financial statements.

(1) The allocation of charges for services to the various functions was changed in 2006 and again in 2008 to more accurately reflect the nature of the City's activities.

(2) During 2007 and 2008, the City eliminated the Cable TV and telecom services, respectively.

(2) During 2010, the City has created the Stormwater Enterprise Fund which was previously recorded in the Water & Sewer Fund

- (1) Property values increased from 2006 to 2007 due to annexation activities and reassessment of property values by Fulton County
- (2) Personal property values increased from 2007 to 2008 due to annexation activities which included several large industrial companies.
- (3) Assessed values have dropped from 2009 to 2010 due to the decline in the value of residential real properties.

Total direct and overlapping debt	<u>\$ 662,697,197</u>		<u>\$ 18,199,196</u>

Source: Assessed value data used to estimate applicable percentages provided by the various Tax Assessors and the Georgia Department of Revenue Property Tax Division.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Fairburn, Georgia. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

(1) The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the County's taxable assessed value that is within the City's boundaries and dividing it by the County's total taxable assessed value.
