INDEPENDENT AUDITORS' REPORT

Governing Board
San Gabriel Unified School District
San Gabriel, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of San Gabriel Unified School District, as of and for the fiscal year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *2015-16 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Unmodified Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund, and the aggregate remaining fund information of San Gabriel Unified School District, as of June 30, 2016, and the respective changes in financial position thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 11, budgetary comparison information on page 43, schedule of funding progress on page 44, schedule of proportionate share of the net pension liability on page 45, and schedule of contributions on page 46 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements. The supplementary information on pages 50 to 53 and the schedule of expenditures of federal awards on page 54 are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole. The information on pages 49 and 55 have not been subjected to the auditing procedures applied in the audit of the basic financial statements and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 29, 2016, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

SAN GABRIEL UNIFIED SCHOOL DISTRICT
Management's Discussion and Analysis (Unaudited)
For the Fiscal Year Ended June 30, 2016

This discussion and analysis of San Gabriel Unified School District's financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2016. Please read it in conjunction with the District's financial statements, which immediately follow this section.

MAJOR DISTRICT EVENTS

- In governance, a new board member began to serve on the governing board in December of 2015, after an incumbent retired when his term was up. Subsequently, the election was cancelled because three open seats were filled by three candidates, two of them incumbent.
- In leadership, a major change in the central administration occurred when a new Superintendent and Assistant Superintendent, Business Services started in summer of 2015. Both have many years of regional experience in the K-12 school district administration.
- In academics, the high school signature program – Speech and Debate, continues to dominate the region, currently ranked top nationally. The Music Immersion Program (MIE) – offering music instrument instruction as a daily extracurricular program at one of the lower performing elementary schools, commenced in September of 2015.
- In technology, the One-to-One initiative was launched in the 2015-16 year to give every student in every classroom the access to an electronic device – iPad, Chromebooks, laptops, etc. based on needs, to align with our Local Control and Accountability Plan (LCAP) goals to close achievement gaps between subgroups and prepare the students for college and career.
- In facilities, the construction project at McKinley Elementary was completed with a new library, new administration building, new multi-purpose room and various other facility and site improvements throughout the school. The high school campus enhancement project went out to bid in June of 2016 after the Division of State Architect approved the plan. The construction is expected to take 16 months to complete and the estimated cost is \$8 million approximately. A music/wrestling building at the high school is still in the planning and design phase.
- In child nutrition services, a comprehensive Administrative Review was conducted by California Department of Education (CDE). Some minor exceptions were identified during the review and the correction steps or plans have been either implemented or approved.

FINANCIAL HIGHLIGHTS

- Total net position increased by \$0.2 million.
- Overall revenues were \$69.2 million, an increase of 15.1% from last year.
- The total cost of basic programs was \$69.0 million. Because a portion of these costs was paid for with charges, fees, and operating grants and contributions, the net cost that required taxpayer funding was just \$55.0 million.
- The District increased its outstanding long-term debt by approximately \$9.7 million or 6.9%. This was primarily due to increases in the net pension liability.
- The District's average daily attendance (ADA) at P-2 was 5,150, a decrease of 84 or 1.6% from the 2014-15 fiscal year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts – management discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are *district-wide financial statements* that provide both short-term and long-term information about the District's overall financial status.
- The remaining statements are *fund financial statements* that focus on individual parts of the District, reporting the District's operations in more detail than the district-wide statements.
 - The *governmental funds* statements tell how basic services like regular and special education were financed in the short term as well as what remains for future spending.
 - The *fiduciary funds* statement provides information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others to whom the resources belong.

Figure A-1. Organization of San Gabriel Unified School District's Annual Financial Report

The financial statements also include *notes* that explain some of the information in the statements and provide more detailed data. Figure A-1 shows how the various parts of this annual report are arranged and related to one another.

The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements.

District-Wide Statements

The District-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two district-wide statements report the District's net position and how it has changed. Net position – the difference between the District's assets and deferred outflows of resources and liabilities and deferred inflows of resources – is one way to measure the District's financial health, or *position*.

SAN GABRIEL UNIFIED SCHOOL DISTRICT
Management's Discussion and Analysis (Unaudited)
For the Fiscal Year Ended June 30, 2016

OVERVIEW OF THE FINANCIAL STATEMENTS (continued)

District-Wide Statements (continued)

- Over time, increases and decreases in the District's net position are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the overall health of the District, you need to consider additional nonfinancial factors such as changes in the District's demographics and the condition of school buildings and other facilities.
- In the district-wide financial statements, the District's activities are categorized as *Governmental Activities*. Most of the District's basic services are included here, such as regular and special education, transportation, and administration. Property taxes and state aid finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by State law and by bond covenants.
- The District is required to establish other funds to control and manage money for particular purposes (like repaying its long-term debt) or to show that it is properly using certain revenues.

The District has two kinds of funds:

- *Governmental funds* – Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the district-wide statements, we provide additional information on a separate reconciliation page that explains the relationship (or differences) between them.
- *Fiduciary funds* – The District is the trustee, or fiduciary, for assets that belong to others, namely, the student activities funds. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. All of the District's fiduciary activities are reported in a separate statement of fiduciary net position. We exclude these activities from the district-wide financial statements because the District cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Net Position. The District's combined net position was higher on June 30, 2016, than it was the year before – increasing 66.6% to \$0.5 million (See Table A-1).

*As restated

Changes in net position, governmental activities. The District's total revenues increased 15.1% to \$69.2 million (See Table A-2). The increase is due primarily to increased state funding.

The total cost of all programs and services increased 16.6% to \$69.0 million. The District's expenses are predominantly related to educating and caring for students, 73.6%. The purely administrative activities of the District accounted for just 4.2% of total costs. A significant contributor to the increase in costs was increases in personnel-related expenses.

Management's Discussion and Analysis (Unaudited)
For the Fiscal Year Ended June 30, 2016

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The financial performance of the District as a whole is reflected in its governmental funds as well. As the District completed this year, its governmental funds reported a combined fund balance of \$42.8 million, which is below last year's restated ending fund balance of \$45.0 million. The primary cause of the decreased fund balance is the spending of Measure S and A bond funds.

General Fund Budgetary Highlights

Over the course of the year, the District revised the annual operating budget several times. The major budget amendments fall into these categories:

- Revenues – increased by \$5.7 million primarily to reflect federal and state budget actions.
- Salaries and benefits costs – increased \$4.7 million due to one time changes in collective bargaining agreements and staffing needs.
- Other non-capital expenses – increased \$2.7 million to re-budget carryover funds.

While the District's final budget for the General Fund anticipated that expenditures would exceed revenues by about \$2.0 million, the actual results for the year show that revenues exceeded expenditures by roughly \$1.0 million. Actual revenues were \$1.7 million more than anticipated, and expenditures were \$1.3 million less than budgeted. That amount consists primarily of restricted program dollars or special allocations that were not spent as of June 30, 2016, and will be carried over into the 2016-17 budget.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

By the end of 2015-16 the District had invested \$3.8 million in new capital assets, related to the District's ongoing modernization program. (More detailed information about capital assets can be found in Note 6 to the financial statements). Total depreciation expense for the year exceeded \$2.7 million.

CAPITAL ASSET AND DEBT ADMINISTRATION (continued)

Long-Term Debt

At year-end the District had \$150.7 million in general obligation bonds, capital leases, compensated absences, early retirement incentives, other postemployment benefits, and net pension liability – an increase of 6.9% from last year – as shown in Table A-4. (More detailed information about the District's long-term liabilities is presented in Note 7 to the financial statements).

FACTORS BEARING ON THE DISTRICT'S FUTURE

Evolution of the Budget

The Legislature passed the final budget package on June 15, 2016. Total reserves in the final budget package were lower by only \$36 million compared to the Governor's proposal in May. Various choices were made to shift spending priorities compared to the Governor's proposal. Budget savings resulted from (1) reduced spending on state office buildings, (2) shifting funding for the construction of local jails from General Fund to bond funds, and (3) reduced retiree health spending due to lower than expected healthcare costs. Correspondingly, the final budget deal reflected higher spending for affordable housing programs, repealing the MFG policy, and various public safety programs.

The Governor signed the *2016-17 Budget Act* and 14 budget-related bills on June 27, 2016 and July 1, 2016. The Governor did not veto any appropriations.

Proposition 98

State budgeting for schools and community colleges is based primarily on Proposition 98, approved by voters in 1988 and amended in 1990. Below, we provide an overview of Proposition 98 funding and spending changes under the enacted budget package. We then highlight Proposition 98 spending changes specifically for K-12 education.

FACTORS BEARING ON THE DISTRICT'S FUTURE (continued)

Minimum Guarantee

Proposition 98 Funding Revised Upward Across Three-Year Period

Proposition 98 establishes a minimum funding requirement commonly called the minimum guarantee. Compared with the estimates from June 2015, the 2014-15 and 2015-16 guarantees have increased by \$843 million and \$641 million, respectively. These upward revisions are due primarily to increases in state revenue relative to the amounts assumed in last year's budget package. The estimate of the 2016-17 minimum guarantee is \$3.5 billion (5.1 percent) higher than the *2015-16 Budget Act* level.

Two Key Drivers of Increase in 2016-17

Total funding for all segments in 2016-17 is \$71.9 billion, a \$2.8 billion (4.1 percent) increase above the revised 2015-16 level. This change in the guarantee reflects 3.6 percent growth in the "Test 3 factor" combined with a supplemental appropriation of \$502 million. The Test 3 factor consists of 3.1 percent growth in per capita General Fund plus an additional 0.5 percent increase set forth in the State Constitution. The supplemental appropriation ensures that the minimum guarantee grows at least as quickly as the rest of the state budget.

Increase Covered About Evenly From Higher State General Fund and Local Property Tax Revenue

Of total Proposition 98 funding in 2016-17, \$51.1 billion is state General Fund and \$20.8 billion is local property tax revenue. From 2015-16 to 2016-17, state General Fund increases by \$1.3 billion (accounting for slightly less than half of the \$2.8 billion increase in the guarantee) and local property tax revenue increases by \$1.5 billion (accounting for slightly more than half of the increase in the guarantee). The primary factor explaining the growth in property tax revenue is the strong 6.2 percent increase in assessed property values. In addition, the budget plan assumes property tax revenue increases by \$419 million due to the triple flip ending, thereby completing the shift of revenue from cities, counties, and special districts to school districts and community colleges.

New Maintenance Factor Created in 2016-17

In 2014-15, General Fund tax revenue increased by 11 percent over the prior-year level, resulting in a maintenance factor payment of \$5.7 billion—the largest payment the state has ever made. In 2015-16, the budget assumes the state makes an additional maintenance factor payment of \$379 million, reducing the total outstanding obligation to \$155 million. In 2016-17, the budget assumes the state creates \$746 million in new maintenance factor. The amount of new maintenance factor created is based on the difference between the Proposition 98 Test 2 and Test 3 factors. In 2016-17, growth in the Test 2 factor (per capita personal income) is strong (5.4 percent) relative to growth in the Test 3 factor (3.6 percent).

K-12 Education

\$63.3 Billion Proposition 98 Funding for K-12 Education and Preschool Combined

This 2016-17 level is \$2.5 billion (4.1 percent) more than revised 2015-16 funding and \$3.7 billion (6.3 percent) more than the *2015-16 Budget Act* level. The budget increases funding per student by \$440 (4.3 percent) over the *2015-16 Budget Act* level, bringing Proposition 98 funding per student up to \$10,657.

FACTORS BEARING ON THE DISTRICT'S FUTURE (continued)

New Spending

Large Increase for LCFF

The \$2.9 billion augmentation brings total funding for implementing LCFF for school districts and charter schools up to \$55.8 billion, a 5.7 percent increase over the revised 2015-16 level. The administration estimates this funding will close 54 percent of the gap between current funding levels and LCFF target rates, bringing LCFF to 96 percent of its full implementation cost. School districts and charter schools may use LCFF monies for any educational purpose.

Significant Discretionary One-Time Funding

The largest one-time augmentation for K-12 education is \$1.3 billion that LEAs may use for any locally determined purpose. Funding would be distributed based on average daily attendance. If an LEA has unpaid mandate claims, funding would pay all or a portion of those claims. As many LEAs do not have any unpaid claims, we estimate only about half (\$617 million) of the funding provided would reduce the K-12 mandates backlog. We estimate the outstanding K-12 mandates backlog will be \$987 million at the end of 2016-17.

All of these factors were considered in preparing the San Gabriel Unified School District budget for the 2016-17 fiscal year.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

Reconciliation of the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances to the Statement of Activities For the Fiscal Year Ended June 30, 2016

Total net change in fund balances - governmental funds \$ (2,169,851)

Amounts reported for governmental *activities* in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. The difference between capital outlay expenditures and depreciation expense for the period is:

Expenditures for capital outlay:	3,810,129	
Depreciation expense:	<u>(2,729,536)</u>	
Net:		1,080,593

In governmental funds, repayments of long-term debt are reported as expenditures. In the government-wide statements, repayments of long-term debt are reported as a reduction of liabilities. Expenditures for repayment of the principal portion of long-term debt were: 40,490,659

In governmental funds, postemployment benefits costs are recognized as expenditures in the period they are paid. In the government-wide statements, postemployment benefits costs are recognized in the period that they are incurred. The increase in the OPEB liability at the end of the period was: (302,707)

In governmental funds, proceeds from debt are recognized as other financing sources. In the government-wide statements, proceeds from debt are reported as increases to liabilities. Amounts recognized in governmental funds as proceeds from debt, net of issue premium, were: (40,901,492)

In governmental funds, accreted interest on capital appreciation bonds is not recorded as an expenditure from current resources. In the government-wide statement of activities, however, this is recorded as an interest expense for the period. (1,402,638)

In governmental funds, if debt is issued at a premium, the premium is recognized as an other financing source in the period it is incurred. In the government-wide statements, the premium or discount is amortized as interest over the life of the debt. Amortization of premium or discount for the period is: 933,241

In governmental funds, interest on long-term debt is recognized in the period that it becomes due. In the government-wide statement of activities, it is recognized in the period that it is incurred. Unmatured interest owing at the end of the period, less matured interest paid during the period but owing from the prior period, was: (263,430)

In government funds, pension costs are recognized when employer contributions are made. In the statement of activities, pension costs are recognized on the accrual basis. This year the difference between accrual-basis pension costs and actual employer contributions was: 543,194

Deferred amounts on refunding represent amounts paid to an escrow agent in excess of the outstanding debt at the time of the payment for refunded bonds which have been defeased. In governmental funds these amounts are recognized as an expenditure. However, in the statement of activities, these amounts are amortized over the life of the debt. The current year charges, less amortization for the period were: 1,806,035

In the statement of activities, compensated absences are measured by the amounts *earned* during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually *paid*). (40,230)

In the government-wide statements, expenses must be accrued in connection with any liabilities incurred during the period that are not expected to be liquidated with current financial resources, in addition to compensated absences and long-term debt. Examples include special termination benefits such as retirement incentives financed over time and structured legal settlements. This year, expenses incurred for such obligations were: 421,656

Change in net position of governmental activities \$ 195,030

Notes to Financial Statements

June 30, 2016

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

San Gabriel Unified School District (the "District") accounts for its financial transactions in accordance with the policies and procedures of the California Department of Education's *California School Accounting Manual*. The accounting policies of the District conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. The following is a summary of the more significant policies:

A. Reporting Entity

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the District consists of all funds, departments, and agencies that are not legally separate from the District. For San Gabriel Unified School District, this includes general operations, food service, and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. Component units may also include organizations that are fiscally dependent on the District, in that the District approves their budget, the issuance of their debt or the levying of their taxes. In addition, component units are other legally separate organizations for which the District is not financially accountable but the nature and significance of the organization's relationship with the District is such that exclusion would cause the District's financial statements to be misleading or incomplete. The District has identified no organizations that are required to be reported as component units.

B. Basis of Presentation, Basis of Accounting

1. Basis of Presentation

Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the primary government (the District). These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements

The fund financial statements provide information about the District's funds, including its fiduciary funds (and blended component units). Separate statements for each fund category - *governmental* and *fiduciary* - are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Basis of Presentation, Basis of Accounting (continued)

1. Basis of Presentation (continued)

Major Governmental Funds

The District maintains the following major governmental funds:

General Fund: This fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. The District also maintains a Deferred Maintenance Fund and a Special Reserve Fund for Postemployment Benefits. Under the flexibility provisions of current statute that allow certain formerly restricted revenues to be used for any educational purpose, the Deferred Maintenance Fund does not currently meet the definition of special revenue funds as it is no longer primarily composed of restricted or committed revenue sources. In addition, the Special Reserve Fund for Postemployment Benefits is not substantially composed of restricted or committed revenue sources. Because this fund does not meet the definition of special revenue funds under GASB 54, the activity in this fund is being reported within the General Fund. During the 2015-16 closing, the District transferred funds and activity into the Self-Insurance Fund, which has not yet been authorized by the Board, this activity is reported within the General Fund, accordingly.

Building Fund: This fund is used to account for the acquisition of major governmental capital facilities and buildings from the sale of general obligation bonds.

Non-Major Governmental Funds

The District maintains the following non-major governmental funds:

Special Revenue Funds:

Child Development Fund: This fund is used to account for resources restricted for child development programs maintained by the District.

Cafeteria Fund: This fund is used to account for revenues received and expenditures made to operate the District's food service operations.

Capital Projects Funds:

Capital Facilities Fund: This fund is used to account for resources received from developer impact fees assessed under provisions of the California Environmental Quality Act.

Debt Service Funds:

Bond Interest and Redemption Fund: This fund is used to account for the accumulation of resources for, and the repayment of, District bonds, interest, and related costs.

Debt Service Fund: This fund is used for the accumulation of resources for and the retirement of principal and interest on general long-term debt. This fund was closed during the 2015-16 fiscal year.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Basis of Presentation, Basis of Accounting (continued)

1. Basis of Presentation (continued)

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore cannot be used to support the District's own programs. The fiduciary fund category includes pension (and other employee benefit) trust funds, investment trust funds, private-purpose trust funds, and agency funds. The District maintains the following fiduciary funds:

Agency Funds: The District maintains a separate agency fund for each school that operates an Associated Student Body (ASB) Fund, whether it is organized or not.

Payroll Clearance Fund: This fund exists primarily to account separately for amounts collected from employees for federal taxes, state taxes, transfers to credit unions, and other contributions.

2. Measurement Focus, Basis of Accounting

Government-Wide and Fiduciary Fund Financial Statements

The government-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and financing from capital leases are reported as other financing sources.

3. Revenues - Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year. Generally, available is defined as collectible within 60 days. However, to achieve comparability of reporting among California districts and so as not to distort normal revenue patterns, with specific respect to reimbursement grants and corrections to state-aid apportionments, the California Department of Education has defined available for districts as collectible within one year. The following revenue sources are considered to be both measurable and available at fiscal year-end: State apportionments, interest, certain grants, and other local sources.

SAN GABRIEL UNIFIED SCHOOL DISTRICT

Notes to Financial Statements

June 30, 2016

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Basis of Presentation, Basis of Accounting (continued)

3. Revenues - Exchange and Non-Exchange Transactions (continued)

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, certain grants, entitlements, and donations. Revenue from property taxes is recognized in the fiscal year in which the taxes are received. Revenue from certain grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include time and purpose requirements. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

C. Budgetary Data

The budgetary process is prescribed by provisions of the California *Education Code* and requires the governing board to hold a public hearing and adopt an operating budget no later than July 1 of each year. The District governing board satisfied these requirements. The adopted budget is subject to amendment throughout the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption with the legal restriction that expenditures cannot exceed appropriations by major object account.

The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts after all budget amendments have been accounted for. For budget purposes, on behalf payments have not been included as revenue and expenditures as required under generally accepted accounting principles.

D. Encumbrances

Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid. All encumbrances are liquidated as of June 30.

E. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position

1. Cash and Cash Equivalents

The District considers cash and cash equivalents to be cash on hand and demand deposits. In addition, because the Treasury Pool is sufficiently liquid to permit withdrawal of cash at any time without prior notice or penalty, equity in the pool is also deemed to be a cash equivalent.

2. Inventories and Prepaid Items

Inventories are valued at cost using the first-in/first-out (FIFO) method. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

E. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position (continued)

3. Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated fixed assets are recorded at their estimated fair value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Description	Estimated Lives
Buildings and Improvements	25-50 years
Furniture and Equipment	15-20 years
Vehicles	8 years

4. Unearned Revenue

Unearned revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for unearned revenue is removed from the combined balance sheet and revenue is recognized.

Certain grants received that have not met eligibility requirements are recorded as unearned revenue. On the governmental fund financial statements, receivables that will not be collected within the available period are also recorded as unearned revenue.

5. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has two items that qualify for reporting in this category. The first item is to recognize the District's proportionate share of the deferred outflows of resources related to its pension plans as more fully described in the footnote entitled "Pension Plans". The second is deferred amount on refunding, which resulted from the difference in the carrying value of refunded debt and its reacquisition price. This amount is shown as deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. The District has several items that are reported as deferred inflows of resources. Those items recognize the District's proportionate share of the deferred inflows of resources related to its pension plans as more fully described in the footnote entitled "Pension Plans".

6. Compensated Absences

The liability for compensated absences reported in the government-wide statements consists of unpaid, accumulated annual and vacation leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included.

7. Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the District's California State Teachers Retirement System (CalSTRS) and California Public Employees' Retirement System (CalPERS) plans and addition to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalSTRS and CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

8. Fund Balances

The fund balance for governmental funds is reported in classifications based on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Nonspendable: Fund balance is reported as nonspendable when the resources cannot be spent because they are either in a nonspendable form or legally or contractually required to be maintained intact. Resources in nonspendable form include inventories and prepaid assets.

Restricted: Fund balance is reported as restricted when the constraints placed on the use of resources are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or imposed by law through constitutional provision or by enabling legislation.

Committed: The District's highest decision-making level of authority rests with the District's Board. Fund balance is reported as committed when the Board passes a resolution that places specified constraints on how resources may be used. The Board can modify or rescind a commitment of resources through passage of a new resolution.

Assigned: Resources that are constrained by the District's intent to use them for a specific purpose, but are neither restricted nor committed, are reported as assigned fund balance. Intent may be expressed by either the Board, committees (such as budget or finance), or officials to which the Board has delegated authority.

Unassigned: Unassigned fund balance represents fund balance that has not been restricted, committed, or assigned and may be utilized by the District for any purpose. When expenditures are incurred, and both restricted and unrestricted resources are available, it is the District's policy to use restricted resources first, then unrestricted resources in the order of committed, assigned, and then unassigned, as they are needed.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position (continued)

9. Net Position

Net position is classified into three components: net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

- **Net investment in capital assets** - This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.
- **Restricted** - This component of net position consists of constraints placed on net position use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- **Unrestricted net position** - This component of net position consists of net position that does not meet the definition of "net investment in capital assets" or "restricted".

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

F. Minimum Fund Balance Policy

During the 2010-11 fiscal year, pursuant to GASB Statement No. 54, the District adopted a minimum fund balance policy for the General Fund in order to protect the District against revenue shortfalls or unpredicted expenditures. The policy requires a Reserve for Economic Uncertainties consisting of unassigned amounts equal to no less than three percent of total General Fund expenditures and other financing uses.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed unless the governing board has provided otherwise in its commitment or assignment actions.

G. Property Tax Calendar

The County is responsible for the assessment, collection, and apportionment of property taxes for all jurisdictions including the schools and special districts within the County. The Board of Supervisors levies property taxes as of September 1 on property values assessed on July 1. Secured property tax payments are due in two equal installments. The first is generally due November 1 and is delinquent with penalties on December 10, and the second is generally due on February 1 and is delinquent with penalties on April 10. Secured property taxes become a lien on the property on January 1.

H. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reported period. Actual results could differ from those estimates.

I. New GASB Pronouncements

During the 2015-16 fiscal year, the following GASB Pronouncements became effective:

1. Statement No. 72, *Fair Value Measurement and Application* (Issued 02/15)

This Statement addresses accounting and financial reporting issues related to fair value measurements. The definition of *fair value* is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This Statement provides guidance for determining a fair value measurement for financial reporting purposes. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements.

2. Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments* (Issued 06/15)

The objective of this Statement is to identify - in the context of the current governmental financial reporting environment - the hierarchy of generally accepted accounting principles (GAAP). The "GAAP hierarchy" consists of the sources of accounting principles used to prepare financial statements of state and local governmental entities in conformity with GAAP and the framework for selecting those principles. This Statement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and non-authoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP.

3. Statement No. 79, *Certain External Investment Pools and Pool Participants* (Issued 12/15)

This Statement addresses accounting and financial reporting for certain external investment pools and pool participants. Specifically, it establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. An external investment pool qualifies for that reporting if it meets all of the applicable criteria established in this Statement. The specific criteria address (1) how the external investment pool transacts with participants; (2) requirements for portfolio maturity, quality, diversification, and liquidity; and (3) calculation and requirements of a shadow price. Significant noncompliance prevents the external investment pool from measuring all of its investments at amortized cost for financial reporting purposes.

If an external investment pool does not meet the criteria established by this Statement, that pool should apply the provisions in paragraph 16 of Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, as amended. If an external investment pool meets the criteria in this Statement and measures all of its investments at amortized cost, the pool's participants also should measure their investments in that external investment pool at amortized cost for financial reporting purposes.

Cash at June 30, 2016, is reported at fair value and consisted of the following:

	Governmental Activities/Funds	Fiduciary Funds
Pooled Funds:		
Cash in county treasury	\$ 46,586,186	\$ 311,223
Deposits:		
Cash on hand and in banks	20,012	206,334
Cash in revolving fund	30,000	-
Total Deposits	50,012	206,334
Total Cash	\$ 46,636,198	\$ 517,557

Pooled Funds

In accordance with Education Code Section 41001, the District maintains substantially all of its cash in the County Treasury. The County pools and invests the cash. These pooled funds are carried at cost which approximates fair value. Interest earned is deposited annually to participating funds. Any investment losses are proportionately shared by all funds in the pool.

Because the District's deposits are maintained in a recognized pooled investment fund under the care of a third party and the District's share of the pool does not consist of specific, identifiable investment securities owned by the District, no disclosure of the individual deposits and investments or related custodial credit risk classifications is required.

In accordance with applicable state laws, the County Treasurer may invest in derivative securities with the State of California. However, at June 30, 2016, the County Treasurer has represented that the Pooled Investment Fund contained no derivatives or other investments with similar risk profiles.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. Cash balances held in banks are insured up to \$250,000 by the Federal Depositary Insurance Corporation (FDIC) and are collateralized by the respective financial institutions. In addition, the California Government Code requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits.

As of June 30, 2016, \$43,757 of the District's bank balance was exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging financial institution's trust department or agency, but not in the name of the District.

Election of 2002 – Measure “S”

An election of the registered voters of the District was held on March 5, 2002, of which more than fifty-five percent of the persons voting on the proposition voted to authorize the issuance and sale of \$46,045,000 principal amount of general obligation bonds. The bonds are being issued to renovate and modernize school facilities.

Election of 2008 – Measure “A”

On February 5, 2008 District voters authorized the District to issue up to \$65,075,000 general obligation bonds by more than fifty-five percent of the vote. The proceeds of the bonds are being used to finance construction and modernization of facilities.

Refunding Bonds

In 2005 and 2012, the District issued refunding bonds to refinance previously issued general obligation bonds. The net proceeds of the refunding bonds were used to purchase U.S. government securities. Those securities were deposited into an irrevocable trust with an escrow agent to provide for future debt service payments on the refunded bonds. As a result, the refunded bonds are considered to be defeased, and the related liability for the bonds has been removed from the District’s liabilities. Amounts paid to the refunded bond escrow agent in excess of the outstanding debt at the time of payment are recorded as deferred amounts on refunding on the statement of net position and are amortized to interest expense over the life of the liability. Deferred amounts on refunding of \$235,633 remain to be amortized. As of June 30, 2015, the principal balance outstanding on the defeased debt had been fully repaid.

A. General Obligation Bonds (continued)

2015 General Obligation Refunding Bonds

On October 22, 2015, the District issued \$36,530,000 of General Obligation Refunding Bonds, Series A and B. The bonds bear fixed interest rates ranging between 0.811% and 5.0% with annual maturities from August 1, 2016, through August 1, 2033. The net proceeds of \$40,492,467 (after premiums of \$4,371,492 and issuance costs of \$409,025) were used to advance refund a portion of the District's outstanding 2005 Refunding Bonds, a portion of the Election of 2002, Series C General Obligation Bonds, and a portion of the Election of 2008, Series A General Obligation Bonds.

The net proceeds were used to purchase U.S. government securities. Those securities were deposited into an irrevocable trust with an escrow agent to provide for future debt service payments on the refunded bonds. As a result, the refunded bonds are considered to be defeased, and the related liability for the bonds has been removed from the District's liabilities. Amounts paid to the escrow agent in excess of the outstanding debt at the time of payment are recorded as deferred amounts on refunding on the statement of net position and are amortized to interest expense over the life of the liability. Deferred amounts on refunding as of June 30, 2016, of \$1,831,650 remain to be amortized. As of June 30, 2016, the principal balance outstanding on the defeased debt amounted to \$37,740,000.

The refunding decreased the District's total debt service payments by \$5,282,415. The transaction resulted in an economic loss (difference between the present value of the debt service on the old and the new bonds) of \$4,174,608.

B. Capital Leases

The District leases equipment with a capitalized cost of \$772,500 under an agreement in which the present value of the minimum lease payments exceeds 90% of the equipment market value.

Future minimum lease payments are as follows:

Fiscal Year	Lease Payment
2016-17	\$ 174,936
2017-18	29,156
Total	204,092
Less Amount Representing Interest	(6,238)

C. Early Retirement Incentive

The District has entered into agreements for early retirement incentives for eligible employees. Eligibility requirements were that employees must have been an active employee of the District as of February 4, 2013, have five years of service with the District and must be 50 years of age as of June 30, 2016. The agreements require the District to make five equal annual installment payments for the retirees that participate in the plan.

NOTE 8 – JOINT VENTURES

The San Gabriel Unified School District participates in two joint ventures under joint powers agreements (JPAs), the West San Gabriel Workers' Compensation and the West San Gabriel Liability and Property JPAs. The relationships between the San Gabriel Unified School District and the JPAs are such that the JPAs are not a component unit of the District for financial reporting purposes.

The JPA's arrange for and provide workers' compensation and property and liability insurance for their member districts. Each JPA is governed by a board consisting of a representative from each member district. Each governing board controls the operations of its JPAs independent of any influence by the member districts beyond their representation on the governing boards. Each member district pays a premium commensurate with the level of coverage requested and shares surpluses and deficits proportionately to its participation in the JPA.

The condensed audited financial information can be obtained directly from West San Gabriel Joint Powers Authority.

NOTE 9 – RISK MANAGEMENT

Property and Liability

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During fiscal year ending June 30, 2016, the District participated in the WSGLP public entity risk pool for property and liability insurance coverage. Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year.

Workers' Compensation

For fiscal year 2016, the District participated in the WSGWC public entity risk pool for workers' compensation, with excess coverage provided by the Schools Excess Liability Fund (SELF) public entity risk pool.

Employee Medical Benefits

The District has contracted with Kaiser and Anthem Blue Cross to provide employee medical, prescription, and surgical benefits, Delta Dental for dental benefits, and VSP Vision for vision benefits.

NOTE 10 – COMMITMENTS AND CONTINGENCIES

State and Federal Allowances, Awards, and Grants

The District has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursement will not be material.

Construction Commitments

As of June 30, 2016, the District had commitments with respect to unfinished capital projects of approximately \$8.0 million to be paid from a combination of State and local funds.

NOTE 11 – PENSION PLANS

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS), and classified employees are members of California Public Employees' Retirement System (CalPERS).

A. General Information about the Pension Plans

Plan Descriptions

The District contributes to the California State Teachers' Retirement System (CalSTRS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalSTRS. Benefit provisions under the Plan are established by State statute and District resolution. CalSTRS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions, and membership information that can be found on the CalSTRS website.

Plan Descriptions (continued)

The District also contributes to the School Employer Pool under the California Public Employees' Retirement System (CalPERS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. Benefit provisions under the Plan are established by State statute and District resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions, and membership information that can be found on the CalPERS website.

Benefits Provided

CalSTRS provides retirement, disability, and death benefits. Retirement benefits are determined as 2 percent of final compensation for each year of credited service at age 60 for members under *CalSTRS 2% at 60*, or age 62 for members under *CalSTRS 2% at 62*, increasing to a maximum of 2.4 percent at age 63 for members under *CalSTRS 2% at 60*, or age 65 for members under *CalSTRS 2% at 62*. The normal retirement eligibility requirements are age 60 for members under *CalSTRS 2% at 60*, or age 62 for members under *CalSTRS 2% at 62*, with a minimum of five years of service credited under the Defined Benefit Program, which can include service purchased from teaching in an out-of-state or foreign public school. Employees are eligible for service-related disability benefits after five years of service, unless the member is disabled due to an unlawful act of bodily injury committed by another person while working in CalSTRS covered employment, in which case the minimum is one year. Disability benefits are equal to fifty percent of final compensation regardless of age and service credit. Designated recipients of CalSTRS retired members receive a \$6,163 lump-sum death payment. There is a 2 percent simple increase each September 1 following the first anniversary of the date on which the monthly benefit began to accrue. The annual 2 percent increase is applied to all continuing benefits other than Defined Benefit Supplement annuities. However, if the member retires with a Reduced Benefit Election, the increase does not begin to accrue until the member reaches age 60 and is not payable until the member receives the full benefit. This increase is also known as the improvement factor.

CalPERS also provides retirement, disability, and death benefits. Retirement benefits are determined as 1.1 percent of final compensation for each year of credited service at age 50 for members under *2% at 55*, or 1.0 percent at age 52 for members under *2% at 62*, increasing to a maximum of 2.5 percent at age 63 for members under *2% at 55*, or age 67 for members under *2% at 62*. To be eligible for service retirement, members must be at least age 50 and have a minimum of five years of CalPERS-credited service. Members joining on or after January 1, 2013 must be at least age 52. Disability retirement has no minimum age requirement and the disability does not have to be job related. However, members must have a minimum of five years of CalPERS service credit.

Pre-retirement death benefits range from a simple return of member contributions plus interest to a monthly allowance equal to half of what the member would have received at retirement paid to a spouse or domestic partner. To be eligible for any type of monthly pre-retirement death benefit, a spouse or domestic partner must have been either married to the member or legally registered before the occurrence of the injury or the onset of the illness that resulted in death, or for at least one year prior to death. Cost-of-living adjustments are provided by law and are based on the Consumer Price Index for all United States cities. Cost-of-living adjustments are paid the second calendar year of the member's retirement on the May 1 check and then every year thereafter. The standard cost-of-living adjustment is a maximum of 2 percent per year.

NOTE 11 – PENSION PLANS (continued)**A. General Information about the Pension Plans (continued)****Contributions**

Active CalSTRS plan members under 2% at 60 were required to contribute 9.2% and plan members under 2% at 62 were required to contribute 8.56% of their salary in 2015-16. The required employer contribution rate for fiscal year 2015-16 was 10.73% of annual payroll. The contribution requirements of the plan members are established by State statute. Active CalPERS plan members are required to contribute 7.0% of their salary and the District is required to contribute an actuarially determined rate. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The required employer contribution for fiscal year 2015-16 was 11.847%. The contribution requirements of the plan members are established by State statute.

For the fiscal year ended June 30, 2016, the contributions recognized as part of pension expense for each Plan were as follows:

	CalSTRS	CalPERS
Employer contributions	\$ 2,538,225	\$ 886,252
Employee contributions paid by employer	\$ -	\$ -
Employee contributions paid by state	\$ 1,393,330	\$ -

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2016, the District reported net pension liabilities for its proportionate shares of the net pension liability of each Plan as follows:

	Proportionate Share of Net Pension Liability
CalSTRS	\$ 31,642,280
CalPERS	8,770,359
Total Net Pension Liability	<u>\$ 40,412,639</u>

The District's net pension liability for each Plan is measured as the proportionate share of the net pension liability. The net pension liability of each of the Plans is measured as of June 30, 2015, and the total pension liability for each Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2014, rolled forward to June 30, 2015, using standard update procedures. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined. The District's proportionate share of the net pension liability for each Plan as of June 30, 2014 and 2015, was as follows:

	CalSTRS	CalPERS
Proportion - June 30, 2014	0.0430%	0.0566%
Proportion - June 30, 2015	0.0470%	0.0595%

For the year ended June 30, 2016, the District recognized pension expense of \$2,784,285. At June 30, 2016, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 3,424,477	\$ -
Differences between actual and expected experience	501,239	(528,750)

	<u>\$ 7,767,360</u>	<u>\$ (5,387,728)</u>

The total amount of \$3,424,477 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Year Ended June 30,	Amount
2017	\$ (591,085)

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (continued)

Actuarial Assumptions (continued)

CalSTRS uses custom mortality tables to best fit the patterns of mortality among its members. These custom tables are based on RP2000 series tables adjusted to fit CalSTRS experience. RP2000 series tables are an industry standard set of mortality rates published by the Society of Actuaries. See CalSTRS July 1, 2006 - June 30, 2010 Experience Analysis for more information. The underlying mortality assumptions and all other actuarial assumptions used in the CalPERS June 30, 2014 valuation were based on the results of a April 2014 actuarial experience study for the period 1997 to 2011. Further details of the Experience Study can found on the CalPERS website.

Discount Rate – for CalSTRS

The discount rate used to measure the total pension liability was 7.60 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates in accordance with the rate increase per Assembly Bill 1469. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.60 percent) and assuming that contributions, benefit payments, and administrative expense occur midyear. Based on those assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Discount Rate – for CalPERS

The discount rate used to measure the total pension liability for PERF B was 7.65 percent. A projection of expected benefit payments and contributions was performed to determine if the assets would run out. The test revealed the assets would not run out. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability for PERF B. The results of the crossover testing for the Plan are presented in a detailed report that can be obtained on CalPERS' website.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, both short-term and long-term market return expectations as well as the expected pension fund cash flows were taken into account. Using historical returns of all of the funds' asset classes, expected compound (geometric) returns were calculated over the short term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

NOTE 12 – OTHER POSTEMPLOYMENT BENEFITS

San Gabriel Unified School District administers a single-employer defined benefit other postemployment benefit (OPEB) plan that provides medical, dental and vision insurance benefits to eligible retirees and their spouses. The District implemented Governmental Accounting Standards Board Statement #45, *Accounting and Financial Reporting by Employers for Postemployment Benefit Plans Other Than Pension Plans*, in 2008-09.

Plan Descriptions and Contribution Information

Membership in the plan consisted of the following:

Retirees and beneficiaries receiving benefits	42
Active plan members	465
Total	<u>507</u> *

* As of July 1, 2015, valuation

The District contributes toward post-retirement medical benefits for employees who retire after meeting certain age and service requirements.

Certificated Employees: A certificated employee who retires after working at least 10 years at this District (out of the last 12 years of employment) may continue to participate in the District's medical plans. The retired employee is responsible for paying 100% of the monthly premiums for this coverage, for the employee and any covered beneficiaries.

Classified Confidential and Teamster Employees: A classified Teamster or confidential employee who retires from the District after attaining at least age 55 (age 60 for Confidential employees) with ten years of service with the District may continue to participate in the District's medical plans. The maximum amount that the District will pay each year toward that retired employee's coverage is the one-participant premium for the "median" medical plan. The median medical plan is the one of the Anthem HMO, Anthem PPO and Kaiser for which the family coverage premium amount lies between the other two. For 2012, the median plan was Anthem HMO, for 2013 it is Kaiser. The retired employee is required to pay all amounts in excess of the amount that the District pays. The District's payments cease when the retired employee reaches age 65. Cabinet and Management are not eligible.

For retired Teamster employees, the maximum amount that the District will pay each year (subject to the rules described above) is a total of \$23,900 for the 2011-2012 year. This figure is expected to increase each year in the future, as negotiated wages increase.

The District's funding policy is based on the projected pay-as-you-go financing requirements, with additional amounts to prefund benefits as determined annually by the governing board. For fiscal year 2015-16, the District contributed \$177,020, of which \$62,133 is from subsidized premiums.

NOTE 12 – OTHER POSTEMPLOYMENT BENEFITS (continued)

Annual OPEB Cost and Net OPEB Obligation

The District's annual OPEB cost is calculated based on the Annual Required Contribution (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the District's net OPEB obligation:

Annual Required Contribution (ARC)	\$	525,131
Interest on net OPEB obligation		59,776
Adjustment to ARC		(105,179)
Annual OPEB cost		479,728
Contributions made		(177,020)
Increase in net OPEB obligation		302,708
Net OPEB liability, July 1, 2015		1,328,346
Net OPEB liability, June 30, 2016	\$	1,631,054

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2015-16 and the two preceding years are as follows:

Year Ended June 30,	Annual OPEB Cost	Percentage Contributed	Net OPEB Obligation
2016	\$ 479,728	36.9%	\$ 1,631,054
2015	466,101	44.9%	1,328,346
2014	482,480	42.8%	1,071,745

Funded Status and Funding Progress – OPEB Plans

As of July 1, 2015, the most recent actuarial valuation date, the District did not have a funded plan. The actuarial accrued liability (AAL) for benefits was \$3.9 million and the unfunded actuarial accrued liability (UAAL) was \$3.9 million. Although funds set-aside for future payment of benefits do not meet the GASB definition of "contributions" and therefore do not reduce the amount of the liability, the District does have an amount of \$104,640 set aside in the Special Reserve Fund for Postemployment Benefits.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedules of funding progress present multiyear trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designated to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Notes to the Required Supplementary Information
For the Fiscal Year Ended June 30, 2016

NOTE 1 – PURPOSE OF SCHEDULES

Budgetary Comparison Schedule

This schedule is required by GASB Statement No. 34 as required supplementary information (RSI) for the General Fund and for each major special revenue fund that has a legally adopted annual budget. The budgetary comparison schedule presents both (a) the original and (b) the final appropriated budgets for the reporting period as well as (c) actual inflows, outflows, and balances, stated on the District's budgetary basis. A separate column to report the variance between the final budget and actual amounts is also presented, although not required.

Schedule of Funding Progress

This schedule is required by GASB Statement No. 45 for all sole and agent employers that provide other postemployment benefits (OPEB). The schedule presents, for the most recent actuarial valuation and the two preceding valuations, information about the funding progress of the plan, including, for each valuation, the actuarial valuation date, the actuarial value of assets, the actuarial accrued liability, the total unfunded actuarial liability (or funding excess), the actuarial value of assets as a percentage of the actuarial accrued liability (funded ratio), the annual covered payroll, and the ratio of the total unfunded actuarial liability (or funding excess) to annual covered payroll.

Schedule of Proportionate Share of the Net Pension Liability

This schedule is required by GASB Statement No. 68 and is required for all employers in a cost-sharing pension plan. The schedule reports the following information:

- The proportion (percentage) of the collective net pension liability (similar to the note disclosure)
- The proportionate share (amount) of the collective net pension liability
- The employer's covered-employee payroll
- The proportionate share (amount) of the collective net pension liability as a percentage of the employer's covered-employee payroll
- The pension plan's fiduciary net position as a percentage of the total pension liability

Schedule of Contributions

This schedule is required by GASB Statement No. 68 and is required for all employers in a cost-sharing pension plan. The schedule reports the following information:

- If an employer's contributions to the plan are actuarially determined or based on statutory or contractual requirements: the employer's actuarially determined contribution to the pension plan (or, if applicable, its statutorily or contractually required contribution), the employer's actual contributions, the difference between the actual and actuarially determined contributions (or statutorily or contractually required), and a ratio of the actual contributions divided by covered-employee payroll.

NOTE 2 – SUMMARY OF CHANGES OF BENEFITS OR ASSUMPTIONS

Benefit Changes

There were no changes to benefit terms that applied to all members of the Schools Pool.

Changes of Assumptions

The discount rate was changed from 7.5 percent (net of administrative expense) to 7.65 percent to correct for an adjustment to exclude administrative expense.

NOTE 1 – PURPOSE OF SCHEDULES

Schedule of Average Daily Attendance (ADA)

Average daily attendance (ADA) is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

Schedule of Instructional Time

The District has participated in the Incentives for Longer Instructional Day and Longer Instructional Year. The District has not met its target funding. This schedule presents information on the amount of instructional time offered by the District and whether the District complied with the provisions of Education Code Sections 46200 through 46206.

Districts must maintain their instructional minutes at the 1986-87 requirement, as required by Education Code section 46201.

Schedule of Financial Trends and Analysis

This schedule discloses the District's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the District's ability to continue as a going concern for a reasonable period of time.

Reconciliation of Annual Financial and Budget Report with Audited Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Unaudited Actual financial report to the audited financial statements.

Schedule of Expenditures of Federal Awards

The schedule of expenditures of Federal awards includes the Federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the financial statements.

The District did not elect to use the ten percent de minimis indirect cost rate.

Schedule of Charter Schools

This schedule lists all charter schools chartered by the District and displays information for each charter school and whether or not the charter school is included in the District audit.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

Governing Board
San Gabriel Unified School District
San Gabriel, California

Report on the Financial Statements

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of San Gabriel Unified School District as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise San Gabriel Unified School District's basic financial statements, and have issued our report thereon dated November 29, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered San Gabriel Unified School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the San Gabriel Unified School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the San Gabriel Unified School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether San Gabriel Unified School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as Finding 2016-001.

San Gabriel Unified School District's Response to Finding

San Gabriel Unified School District's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. San Gabriel Unified School District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON STATE COMPLIANCE

Governing Board
San Gabriel Unified School District
San Gabriel, California

Report on State Compliance

We have audited San Gabriel Unified School District's compliance with the types of compliance requirements described in the *2015-16 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* that could have a direct and material effect on each of the San Gabriel Unified School District's state government programs as noted on the following page for the fiscal year ended June 30, 2016.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its State programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of San Gabriel Unified School District's State programs based on our audit of the types of compliance requirements referred to below. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and *2015-16 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to below occurred. An audit includes examining, on a test basis, evidence about San Gabriel Unified School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each State program. However, our audit does not provide a legal determination of San Gabriel Unified School District's compliance.

In connection with the audit referred to on the prior page, we selected and tested transactions and records to determine the District's compliance with the State laws and regulations applicable to the following items:

We did not perform testing for independent study because the ADA was under the level that requires testing.

Unmodified Opinion on Compliance with State Programs

In our opinion, San Gabriel Unified School District complied, in all material respects, with the types of compliance requirements referred to above for the year ended June 30, 2016.

Other Matter

The results of our auditing procedures disclosed an instance of noncompliance with the compliance requirements referred to above, which is required to be reported in accordance with *2015-16 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, and which is described in the accompanying schedule of findings and questioned costs as Finding 2016-001.

District's Response to Finding

San Gabriel Unified School District's response to the compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. San Gabriel Unified School District's response was not subjected to the auditing procedures in the audit of compliance and, accordingly, we express no opinion on the response.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR
EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Governing Board
San Gabriel Unified School District
San Gabriel, California

Report on Compliance for Each Major Federal Program

We have audited San Gabriel Unified School District's compliance with the types of compliance requirements described in the OMB *Compliance Supplement* that could have a direct and material effect on each of San Gabriel Unified School District's major federal programs for the year ended June 30, 2016. San Gabriel Unified School District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of San Gabriel Unified School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about San Gabriel Unified School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of San Gabriel Unified School District's compliance.

Opinion on Each Major Federal Program

In our opinion, San Gabriel Unified School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

Report on Internal Control Over Compliance

Management of San Gabriel Unified School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered San Gabriel Unified School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Finding 2016-001: CALPADS Unduplicated Pupil Counts (40000)

Criteria: Supplemental and concentration grant amounts are calculated based on the percentage of unduplicated pupils" enrolled in the LEA on Census Day (first Wednesday in October). The percentage equals:

- Unduplicated count of pupils who (1) are English learners, (2) meet income or categorical eligibility requirements for free or reduced-price meals under the National School Lunch Program, or (3) are foster youth. "Unduplicated count" means that each pupil is counted only once even if the pupil meets more than one of these criteria (EC sections 2574(b)(2) and 42238.02(b)(1)).
- Divided by total enrollment in the LEA (EC sections 2574(b)(1)(B) and 42238.02(b)(5)). All pupil counts are based on Fall 1 certified enrollment reported in the CALPADS as of Census Day.

Condition: During our testing of the English Learner (EL) and Free and Reduced Price Meal (FRPM) eligible students reported in the CALPADS 1.17 and 1.18 reports, we noted 10 students who were incorrectly classified as English learners. These students had met the District's reclassification criteria prior to the Census Day, and therefore should have been reclassified.

Questioned Cost: \$9,219. This amount was calculated using the California Department of Education's spreadsheet *Estimating the Cost of an LCFF Unduplicated Pupil Count Audit Finding*.

Cause: The CALPADS reports were not updated in a timely manner to correct student changes in the 2015-16 year.

Effect: The unduplicated pupil counts in the CALPADS 1.17 and 1.18 reports should be adjusted for the following changes:

School Site:	CALPADS Reported	Adjusted based on eligibility for:	
		EL Funding	Adjusted Total
Gabrielino High	1,094	(6)	1,088
Jefferson Middle	724	(4)	720
Agregate of remaining schools	1,570	-	1,570
District-wide	<u>3,388</u>	<u>(10)</u>	<u>3,378</u>

The enrollment count of 5,303 was not impacted as a result of the procedures performed.

Recommendation: We recommend that the District implement a review procedure of the CALPADS information prior to the reports submission to the California Department of Education.

Views of Responsible Officials: We will evaluate the testing schedule timeframe to determine if the testing window for student reclassification should be moved to an earlier date. Prior to the submission of the CalPads report, a query will be run in order to verify all students are classified correctly. Appropriate training of personnel relating to timely data entry will be a key priority as it relates to student designation dates in the student portal.

SAN GABRIEL UNIFIED SCHOOL DISTRICT*Summary Schedule of Prior Audit Findings**For the Fiscal Year Ended June 30, 2016*

Original Finding No.	Finding	Code	Recommendation	Current Status
<i>Finding 2015-1: Cash Disbursements</i>	The accounts payable function is intended to ensure that invoices for purchases of goods and services are paid in the proper amounts. Controls should be established to ensure that the accounts payable function is separate from the ordering of goods and services and the receipt of those items, that expenditures are paid only with supporting documentation and for bona fide District business purposes. During our test of District expenditures, we found the following exceptions: • Twelve disbursements contained invoices with dates prior to purchase order dates • Three disbursements did not have appropriate supporting documentation	30000	The District should obtain prior approval through a purchase order prior to making any purchases and should ensure that all disbursements are supported by complete documentation.	Implemented.
<i>Finding 2015-2: Paid Equity Lunch</i>	A school food authority (SFA) participating in the NSLP is required to ensure that sufficient funds are provided to its nonprofit school food service accounts from lunches served to students not eligible for free or reduced price meals. A SFA currently charging less for a paid lunch than the difference between the Federal reimbursement rate for such a lunch and that for a free lunch is required to comply. This difference is known as "equity." There are two ways to meet this requirement: (a) by raising the prices charged for paid lunches; or (b) through contributions from other non-Federal sources. SFAs with an average weighted price at or above equity (currently \$2.65 for school year 2014-15) have already met the requirement (42 USC 1760(p); 7 CFR sections 210.14(a) and 210.14(e)).	50000	The District must increase prices for paid meals served in order to increase the weighted average price in future years or seek exemptions for this requirement with the CDE or USDA.	Implemented.

SAN GABRIEL UNIFIED SCHOOL DISTRICT*Summary Schedule of Prior Audit Findings**For the Fiscal Year Ended June 30, 2016*

Original Finding No.	Finding	Code	Recommendation	Current Status
<i>Finding 2015-2: Paid Equity Lunch (continued)</i>	This District's weighted average calculation was \$2.08 for each paid meal during 2014-15. This amount is below the required price, therefore, the District should have made a contribution from other non-federal sources to supplement the cost of paid meals. The District did not make a contribution.			

To the Governing Board
San Gabriel Unified School District
San Gabriel, California

In planning and performing our audit of the basic financial statements of San Gabriel Unified School District for the year ending June 30, 2016, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the basic financial statements and not to provide assurance on the internal control structure.

However, during our audit we noted matters that are an opportunity for strengthening internal controls and operating efficiency. The following items represent conditions noted by our audit that we consider important enough to bring to your attention. This letter does not affect our report dated November 29, 2016, on the financial statements of San Gabriel Unified School District.

ASSOCIATED STUDENT BODY (ASB) FUNDS

Observation: In our test of cash disbursements, we noted that disbursements selected in our sample were not being approved in advance by the district representative, the ASB advisor, and/or the student representative.

Recommendation: Education Code Section 48933(b) requires all expenditures from ASB funds be authorized by a student representative, an advisor, and a district representative (usually a principal or vice-principal) prior to disbursing the funds. As a “best practice”, approval by required parties should be obtained before the actual commitment to purchase the items in order to ensure the expense is a proper use of student-body funds and falls within budgetary guidelines.

Observation: During our test of disbursements, we found numerous disbursements to be missing supporting documentation such as an invoice or receipt. Issuing payment for expenditures without supporting documentation can provide the opportunity for the misappropriation of student funds.

Recommendation: We recommend that the sites require all appropriate supporting documentation prior to issuing checks to ensure that student funds are being properly spent.

Observation: During our cash receipts testing at the sites, we noted that several cash collections lacked adequate supporting documentation, and there was not an adequate audit trail to trace the deposit to the point of collection.

Recommendation: Without supporting documentation, we could not verify whether all cash collected had been deposited intact and into the correct ASB account. Sound internal controls for handling cash discourage theft of ASB funds and protect those who handle the cash. We recommend that before any events are held, control procedures should be established by the club advisors that will allow for the reconciliation between money collected and fundraiser sales. In the event that pre-numbered receipt books are utilized, it is important that finance technicians keep a log of receipt numbers, account for all receipts issued, and reconcile the receipts to the funds collected to ensure that all funds are accounted for.

ASSOCIATED STUDENT BODY (ASB) FUNDS (continued)

Observation: During our testing of cash disbursements we noted many of the disbursements tested lacked evidence of receipt of goods or services.

Recommendation: We recommend that the site document a physical receipt of the goods or services on the corresponding invoice, packing slip, or other documentation, such as writing "ok to pay" or "received" and initialing the document prior to issuing the check for payment. This ensures that payment is not being made for items received incorrectly or not received at all.

We will review the status of the current year comments during our next audit engagement.

Appendix B – Adopted Budget

SAN GABRIEL UNIFIED SCHOOL DISTRICT

2016-2017 Original Budget Report

Presented to the SGUSD Governing Board on June 14, 2016

OVERVIEW

Overview

On January 7, 2016, Governor Brown proposed the state budget for 2016-17. Although the state budget was in good shape and the education funding at its highest level, the Governor advised caution, citing that 69.5% of the General Fund revenues come from the volatile personal income tax. Four months later in the release of May Revision, almost like testament to his earlier warning of the looming slower economy, the state revenue collections are now projected at much lower than the level in January. With the statutory Cost of Living Adjustment (COLA) being zero, the real surprise in May Revision turned out to be no budget reduction proposed for education. In fact, both ongoing and one-time funding for education slightly increase.

The budget year of 2016-17 will be the third year that K-12 school districts are funded through Local Control Funding Formula (LCFF). At the district level, funds received from LCFF, in both Base and Supplemental and Concentration dollars, are allocated to implement ongoing and one-time education programs developed through the process of Local Control and Accountability Plan (LCAP).

ASSUMPTIONS AND GUIDELINES

Devoid of the final numbers in the state budget act, normally enacted in late June, the district has to prepare its 2016-17 original budget using the assumptions and guidelines provided by the California Department of Education (CDE), the Los Angeles County Office of Education (LACOE) and recommendations from the School Services of California (SSC), prior to the enactment of Budget Act.

THE GENERAL FUND

The General fund is the largest fund of the school district and is composed of the Unrestricted and Restricted General Funds. The Unrestricted General Fund is used for activities that are within local control while the Restricted General Fund is used for specific programs and activities mandated by the granting agencies.

Revenue Assumptions

▪ Local Control Funding Formula (LCFF)

The LCFF establishes a base with supplemental and concentration add-ons for English Learners (EL), free and reduced-price meal eligible students and foster

youth students, and provides additional funding for K-3 CSR (Class Size Reduction), Grades 9-12 CTE (Career and Technical Education), Home-to-School Transportation and the Targeted Instructional Improvement Grant (TIIG).

The statutory COLA for 2016-17 is zero. With no COLA added to the 2015-16 Base Grant or Grade Span Augmentation, the 2016-17 rates are:

Grade Level	2015-16 Base Grant Per ADA	COLA 0.00%	Grade Span Augmentation	2016-17 Adjusted Grant
K-3	\$7,083	\$0	\$737	\$7,820
4-6	\$7,189	\$0	-0-	\$7,189
7-8	\$7,403	\$0	-0-	\$7,403
9-12	\$8,578	\$0	\$223	\$8,801

The COLA for the out years are also changed to 1.11% for 2017-18, and 2.42% for 2018-19, respectively. **COLA affects only the calculation of the LCFF Target, and does not describe the net increase in funding for each district from year to year prior to full funding.** Based on the projection in May Revision, the LCFF funding will be 95.7% implemented in 2016-17. However, there is no statutorily guaranteed increase in any given year until full implementation is reached.

The **Supplemental and Concentration Grants** provide additional funding for students identified as English Learners (EL), free and reduced-price meal eligible students and foster youth. The unduplicated count of these students is reported to the CDE using California Longitudinal Pupil Achievement Data System (CALPADS) in December.

The district's **LCAP** must be aligned with district budget. The operating budget should include sufficient expenditures to fund the services and action plans developed in the LCAP. Throughout the fiscal year, the district continues to monitor progresses towards meeting the LCAP goals, making necessary adjustments and/or amendments as required.

▪ **Federal Revenues**

Funding for federal programs can only be spent for the purpose specified by the granting agency. The largest federal program of the District is Special Education. Other federally funded programs provide services for disadvantaged children and

training for the teachers. The total Federal revenues budgeted, without any estimate for the carryover, is \$3.25 million.

- **Other State Revenues**

The ongoing revenues are provided for ASES, Special Education and Lottery programs. The one-time discretionary funds, proposed in 2016-17 to pay prior-year mandate claims are also included. This one-time allocation is estimated at \$237 per ADA. District plans to spend the one-time revenue on one-time expenditure. Currently, \$560K, half of the one-time revenue, is budgeted for textbook adoption. The rest of it is in the reserve at this point.

- **Other Local Revenues**

Sources of Other Local revenues include interest earned, leases and rental, transportation fees and inter-agency services which include the \$3.2 million special education funding allocation from the SELPA (Special Education Local Plan Area), plus the \$1.3 million tuition paid by other member districts. The \$4.5 million revenue will help pay about half of the program costs; the District will need to make \$4.7 million contribution from its unrestricted general fund toward the rest of the special education expenditure.

Expenditure Assumptions

Salaries and Benefits account for approximately 81% of the Unrestricted General fund expenses and 76% of the Combined General Fund. The non-salary expense categories include Books and Supplies, Services and Other Operating Expenses, Capital Outlay and Other Outgo.

- **Salaries and Benefits**

Step and column increases are included in the budget for 2016-17, as well as estimated at 1.5% for the out years. The budget revisions will be made during the interim of the budget year to adjust for the actual expenses. There is no reserve or assignment in the projected fund balance of 2016-17 or any of the out years for collective bargaining settlement costs.

- **Non-salary Expenses**

The non-salary expense accounts, especially supplies account, are sometimes served as budget place-holder for school or department allocation if line-item

budget has not been fully developed. The budget may be distributed later to salary, benefit, or other non-salary expense accounts after the expenditure actually incurred or spending plan developed.

▪ **Contribution to Restricted Programs**

The District estimated \$6.8 million General Fund contribution to restricted programs. Out of the \$6.8 million, \$1 million goes to instruction and student support programs – ROP, Continuation, and Medi-Cal Billing Options and School-based Administrative Activities; \$1.1 million goes to Ongoing and Major Maintenance; the rest \$4.7 million supports the Special Education Programs.

Cash Flow Projections and Deferrals

There are no longer any inter- or intra- year deferrals. The Principal Apportionment payment will go back to the traditional “5-5-9” schedule which means the district will receive 5% advance for July and August, 9% every month from September to June.

Multi-Year Projections (MYP)

▪ **Enrollment**

The District continues to decline in enrollment at a rate of approximately 1% in recent years. The one percent loss in ADA is also projected for the subsequent years. The principal apportionment is expected to be funded at the prior year level. In case of actual declining in enrollment, layoff through attrition is usually planned when reduction in force is needed.

▪ **STRS and PERS Contributions**

The largest dollar amount increases for the out-year expenses are the contributions to the state retirement systems – CalSTRS and CalPERS. The rates for the current and three out years are projected as follows:

CalSTRS Rates

	2015-16	2016-17	2017-18	2018-19	2019-20
Employer	10.73%	12.58%	14.43%	16.28%	18.13%

CalPERS Rates

	2015-16	2016-17	2017-18	2018-19	2019-20
Employer	11.847%	13.888%	15.50%	17.10%	18.60%

Reserve Requirements

The education community continues to reinforce the need for reserves over the minimum reserve requirements. The experience of the most recent recession has clearly demonstrated these minimum levels are not sufficient to protect educational programs from severe disruption in an economic downturn. The typical 3.0 percent reserve minimum represents less than two weeks of payroll for many districts. The district agrees with this assessment and will take a more conservative approach towards the minimum reserve level.

OTHER FUNDS

Except for the Building Fund, District's other funds are considered Non-Major Governmental Funds which include Cafeteria Fund, and other small operating funds such as Deferred Maintenance Funds, Capital Facilities Fund, etc. The expenditure for the Building Fund in 2016-17 is expected to go up due to major projects entering into construction phase. Since there is still sufficient cash in the County Treasury Pool, no bond issue is planned.

GENERAL FUND ASSUMPTIONS

SGUSD

San Gabriel Unified School District

2016-17 Original Budget Assumptions

2015-2016 Estimated Actuals

1. Local Control Funding Formula (LCFF)

- Average Daily Attendance (ADA) used to calculate the LCFF is 5,243.59, based on 2014-15 P2
- Current year Unduplicated Pupil Count 3,387 (English Learners, Free or Reduced-Price Meal and Foster Youth) is used to calculate the 3-year average for the supplemental and concentration add-on; the final percentage used is 63.95%
- Cost of Living Adjustment (COLA) for 2015-16 is 1.02%
- Base Grant amounts with 1.02% COLA and grade span adjustments added are \$7,820 (K-3), \$7,189 (Grade 4-6), \$7,403 (Grade 7-8), and \$8,801 (Grade 9-12)
- Total Categorical Hold Harmless including Transportation (\$140,974) is \$4,358,974
- LCFF Gap funding is \$5,545,023 (52.20%)

2. Other State Revenues

- Lottery is budgeted at \$140 per ADA for base and \$41 for Prop 20
- Mandated Reimbursement Block Grant is \$28.42 per ADA for K-8 and \$56 for Grade 9-12, one-time reimbursement \$530 per ADA totaling \$2,770,234 for outstanding claims is also budgeted
- Special Education AB 602 SELPA pass-through revenue is projected \$3,358,838
- Local Control and Accountability Plan (LCAP) for the unduplicated count spending is projected at \$5,255,498
- Ongoing grants or entitlements are adjusted for the actual allocation if the information is available

3. Federal Revenues

- Ongoing grants or entitlements are adjusted for the actual allocation since the 2nd Interim
- No new grants are added since the 2nd Interim

4. Local Revenues

- SELPA Tuition received from other member districts is budgeted at \$1.29 million
- Gifts, donations, and rental income are adjusted upward from the 2nd Interim by \$85K

5. Salary and Benefits

- Statutory benefit rates are: STRS (10.73%), PERS (11.847%), OASDI (6.2%), Medicare (1.45%), SUI (0.05%), OPEB (1%), and Worker's Comp (2.17%)
6. Books, Supplies, & Services
- Savings are captured by returning the unexpended one-time revenue to reserves
 - Other budget adjustments are made in accordance with the spending pattern
7. Other Outgo
- Special Education excess cost/tuition payments to other districts in SELPA are budgeted at \$1.95 million

2016-17

1. Local Control Funding Formula (LCFF)
- a. Average Daily Attendance (ADA) used to calculate the LCFF revenue is 5,153 based on 2015-16 P2
 - b. Current year Unduplicated Pupil Count is projected at 3,337 (English Learners, Free or Reduced-Price Meal and Foster Youth) is used to calculate the 3-year average for the supplemental and concentration add-on; the final percentage used is 63.45%
 - c. Cost of Living Adjustment (COLA) is zero
 - d. Base Grant amounts and grade span adjustments with no COLA are \$7,820 (K-3), \$7,189 (Grade 4-6), \$7,403 (Grade 7-8), and \$8,801 (Grade 9-12)
 - e. Total Categorical Hold Harmless including Transportation (\$140,974) is \$4,358,974
 - f. LCFF Gap funding is \$2,564,259 (54.84%)
2. Other State Revenues
- Lottery is budgeted at \$140 per ADA for base and \$41 for Prop 20
 - Mandated Reimbursement Block Grant is \$28 per ADA for K-8 and \$56 for Grade 9-12, one-time reimbursement \$237 per ADA totaling \$1,220,621 for outstanding claims is also budgeted
 - Special Education AB 602 SELPA pass-through revenue is projected \$3,221,901
 - Local Control and Accountability Plan (LCAP) for the unduplicated count spending is projected at \$6,008,329
 - Ongoing grants or entitlements are adjusted for the actual allocation if the information is available
3. Federal Revenues
- Carryover for the ongoing grants or entitlements are removed
 - No new grants are projected
4. Local Revenues
- SELPA Tuition received from other member districts is budgeted at \$1.33 million
 - Unrestricted local income is budgeted for \$565,114, the same amount as budgeted in 2015-16
5. Salary and Benefits
- Statutory benefit rates are: STRS (12.58%), PERS (13.888%), OASDI (6.2%), Medicare (1.45%), SUI (0.05%), OPEB (1%), and Worker's Comp (1.99%)

6. Books, Supplies, & Services

- Budget is lower than the amount in 2015-16 due to removal of the carryover
- No COLA increase for the utilities

7. Other Outgo

- Special Education excess cost/tuition payments to other districts in SELPA are budgeted at \$1.95 million, the same amount as budgeted in 2015-16

8. No increase in contribution to Ongoing and Major Maintenance Account

2017-18

1. Step and Column increase is estimated at 1.5% for certificated and 1.5% for classified employees
2. Average Daily Attendance (ADA) for LCFF calculations in 2017-18 is projected at 5,095.46 with 63.45% unduplicated count of Free and Reduced-Price Meal (FRPM), or English Learners (EL), or Foster Youth (FY) students
3. 2017-18 Base Grant rates are \$7,907 (K-3), \$7,269 (Grade 4-6), \$7,485 (Grade 7-8), and \$8,898 (Grade 9-12) with 1.11% COLA and grade span adjustments
4. LCFF Gap Funding is projected at 73.96%
5. Employee benefit rate changes include STRS (14.43%), PERS (15.50%), and 7.5% increase in H/W costs
6. \$631,698 increase in the LCFF Supplemental and Concentration Grants is added
7. No increase in contribution to Ongoing and Major Maintenance Account

2018-19

1. Step and Column increase is estimated at 1.5% for certificated and 1.5% for classified employees
2. Average Daily Attendance (ADA) for LCFF calculations in 2018-19 is projected at 5,045.46 with 63.10% unduplicated count of Free and Reduced Price Meal (FRPM), or English Learners (EL), or Foster Youth (FY) students
3. 2018-19 Base Grant rates are \$8,098 (K-3), \$7,445 (Grade 4-6), \$7,666 (Grade 7-8), and \$9,114 (Grade 9-12) after factoring in 2.67% COLA and grade span adjustments
4. LCFF Gap Funding is projected at 41.22%

-

5. Employee benefit rate changes include STRS (16.28%), PERS (17.10%), and 7.5% increase in H/W costs
6. \$90,945 increase in the LCFF Supplemental and Concentration Grants is added
7. No increase in contribution to Ongoing and Major Maintenance Account

ANNUAL BUDGET REPORT:

July 1, 2016 Budget Adoption

Insert "X" in applicable boxes:

☒

This budget was developed using the state-adopted Criteria and Standards. It includes the expenditures necessary to implement the Local Control and Accountability Plan (LCAP) or annual update to the LCAP that will be effective for the budget year. The budget was filed and adopted subsequent to a public hearing by the governing board of the school district pursuant to Education Code sections 33129, 42127, 52060, 52061, and 52062.

☒

If the budget includes a combined assigned and unassigned ending fund balance above the minimum recommended reserve for economic uncertainties, at its public hearing, the school district complied with the requirements of subparagraphs (B) and (C) of paragraph (2) of subdivision (a) of Education Code Section 42127.

Budget available for inspection at:

Criteria and Standards Review Summary

The following summary is automatically completed based on data provided in the Criteria and Standards Review (Form 01CS). Criteria and standards that are "Not Met," and supplemental information and additional fiscal indicators that are "Yes," may indicate areas of potential concern for fiscal solvency purposes and should be carefully reviewed.

CRITERIA AND STANDARDS			Met	Not Met
1	Average Daily Attendance	Budgeted (funded) ADA has not been overestimated by more than the standard for the prior fiscal year, or two or more of the previous three fiscal years.	X	

CRITERIA AND STANDARDS (continued)			Met	Not Met
2	Enrollment	Enrollment has not been overestimated by more than the standard for the prior fiscal year, or two or more of the previous three fiscal years.		X
3	ADA to Enrollment	Projected second period (P-2) ADA to enrollment ratio is consistent with historical ratios for the budget and two subsequent fiscal years.	X	
4	Local Control Funding Formula (LCFF)	Projected change in LCFF is within the standard for the budget and two subsequent fiscal years.	X	
5	Salaries and Benefits	Projected ratios of total unrestricted salaries and benefits to total unrestricted general fund expenditures are consistent with historical ratios for the budget and two subsequent fiscal years.		X
6a	Other Revenues	Projected operating revenues (e.g., federal, other state, and other local) are within the standard for the budget and two subsequent fiscal years.		X
6b	Other Expenditures	Projected operating expenditures (e.g., books and supplies, and services and other operating) are within the standard for the budget and two subsequent fiscal years.		X
7	Ongoing and Major Maintenance Account	If applicable, required contribution to the ongoing and major maintenance account (i.e., restricted maintenance account) is included in the budget.	X	
8	Deficit Spending	Unrestricted deficit spending, if any, has not exceeded the standard for two or more of the last three fiscal years.	X	
9	Fund Balance	Unrestricted general fund beginning balance has not been overestimated by more than the standard for two or more of the last three fiscal years.	X	
10	Reserves	Projected available reserves (e.g., reserve for economic uncertainties, unassigned/unappropriated amounts) meet minimum requirements for the budget and two subsequent fiscal years.	X	

SUPPLEMENTAL INFORMATION			No	Yes
S1	Contingent Liabilities	Are there known or contingent liabilities (e.g., financial or program audits, litigation, state compliance reviews) that may impact the budget?	X	
S2	Using One-time Revenues to Fund Ongoing Expenditures	Are there ongoing general fund expenditures in excess of one percent of the total general fund expenditures that are funded with one-time resources?	X	
S3	Using Ongoing Revenues to Fund One-time Expenditures	Are there large non-recurring general fund expenditures that are funded with ongoing general fund revenues?	X	
S4	Contingent Revenues	Are any projected revenues for the budget or two subsequent fiscal years contingent on reauthorization by the local government, special legislation, or other definitive act (e.g., parcel taxes, forest reserves)?	X	
S5	Contributions	Have contributions from unrestricted to restricted resources, or transfers to or from the general fund to cover operating deficits, changed by more than the standard for the budget or two subsequent fiscal years?	X	

SUPPLEMENTAL INFORMATION (continued)			No	Yes
S6	Long-term Commitments	Does the district have long-term (multiyear) commitments or debt agreements? • If yes, have annual payments for the budget or two subsequent fiscal years increased over prior year's (2015-16) annual payment?		X
				X
S7a	Postemployment Benefits Other than Pensions	Does the district provide postemployment benefits other than pensions (OPEB)? • If yes, are they lifetime benefits? • If yes, do benefits continue beyond age 65? • If yes, are benefits funded by pay-as-you-go?		X
			X	
			X	
				X
S7b	Other Self-insurance Benefits	Does the district provide other self-insurance benefits (e.g., workers' compensation)?		X
S8	Status of Labor Agreements	Are salary and benefit negotiations still open for: • Certificated? (Section S8A, Line 1) • Classified? (Section S8B, Line 1) • Management/supervisor/confidential? (Section S8C, Line 1)		X
				X
				X
S9	Local Control and Accountability Plan (LCAP)	• Did or will the school district's governing board adopt an LCAP or approve an update to the LCAP effective for the budget year? • Approval date for adoption of the LCAP or approval of an update to the LCAP:		X
			Jun 28, 2016	
S10	LCAP Expenditures	Does the school district's budget include the expenditures necessary to implement the LCAP or annual update to the LCAP as described in the Local Control and Accountability Plan and Annual Update Template, Section 3: Actions, Services, and Expenditures?		X

ADDITIONAL FISCAL INDICATORS			No	Yes
A1	Negative Cash Flow	Do cash flow projections show that the district will end the budget year with a negative cash balance in the general fund?	X	
A2	Independent Position Control	Is personnel position control independent from the payroll system?	X	
A3	Declining Enrollment	Is enrollment decreasing in both the prior fiscal year and budget year?	X	
A4	New Charter Schools Impacting District Enrollment	Are any new charter schools operating in district boundaries that are impacting the district's enrollment, either in the prior fiscal year or budget year?	X	
A5	Salary Increases Exceed COLA	Has the district entered into a bargaining agreement where any of the budget or subsequent fiscal years of the agreement would result in salary increases that are expected to exceed the projected state funded cost-of-living adjustment?	X	

ADDITIONAL FISCAL INDICATORS (continued)			No	Yes

ANNUAL CERTIFICATION REGARDING SELF-INSURED WORKERS' COMPENSATION CLAIMS

Pursuant to EC Section 42141, if a school district, either individually or as a member of a joint powers agency, is self-insured for workers' compensation claims, the superintendent of the school district annually shall provide information to the governing board of the school district regarding the estimated accrued but unfunded cost of those claims. The governing board annually shall certify to the county superintendent of schools the amount of money, if any, that it has decided to reserve in its budget for the cost of those claims.

To the County Superintendent of Schools:

(☐) Our district is self-insured for workers' compensation claims as defined in Education Code Section 42141(a):

Total liabilities actuarially determined:	\$	
Less: Amount of total liabilities reserved in budget:	\$	
Estimated accrued but unfunded liabilities:	\$	0.00

(☒) This school district is self-insured for workers' compensation claims through a JPA, and offers the following information:
West San Gabriel Workers' Compensation JPA

(☐) This school district is not self-insured for workers' compensation claims.

Signed _____
Clerk/Secretary of the Governing Board

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 7200-7700, goals 0000 and 9000) 1,689,274.00
2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 41,878,391.00

C. Percentage of Plant Services Costs Attributable to General Administration

- (Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 4.03%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. _____
Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. Entry required

Part III - Indirect Cost Rate Calculation (Funds 01, 09, and 62, unless indicated otherwise)

A. Indirect Costs

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	3,195,780.75
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	(494,913.02)
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (4.69%) times Part III, Line B18); zero if negative	18,048.48
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (4.69%) times Part III, Line B18) or (the highest rate used to recover costs from any program (5.05%) times Part III, Line B18); zero if positive	0.00
D. Preliminary carry-forward adjustment (Line C1 or C2)	18,048.48
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	not applicable
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
LEA request for Option 1, Option 2, or Option 3	1
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	18,048.48

Approved indirect cost rate: 4.69%
Highest rate used in any program: 5.05%

Note: In one or more resources, the rate used is greater than the approved rate.

Provide methodology and assumptions used to estimate ADA, enrollment, revenues, expenditures, reserves and fund balance, and multiyear commitments (including cost-of-living adjustments).

Deviations from the standards must be explained and may affect the approval of the budget.

CRITERIA AND STANDARDS

1. CRITERION: Average Daily Attendance

STANDARD: Funded average daily attendance (ADA) has not been overestimated in 1) the first prior fiscal year OR in 2) two or more of the previous three fiscal years by more than the following percentage levels:

Percentage Level	District ADA		
3.0%	0	to	300
2.0%	301	to	1,000
1.0%	1,001	and	over

DATA ENTRY: For the Third Prior Year, enter Revenue Limit ADA data in the Original Budget Funded ADA column. For the Second and First Prior Years, enter Estimated Funded ADA in the Original Budget Funded ADA column; enter district regular ADA and charter school ADA corresponding to financial data reported in the General Fund, only, for the Second and First Prior Years. All other data are extracted.

*Please note for FY 2013-14 estimated/unaudited actuals and 2014-15 original budget: Line C4 in Form A reflects total charter school ADA corresponding to financial data reported in funds 01, 09, and 62. Please adjust charter school ADA or explain accordingly.

1B. Comparison of District ADA to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Funded ADA has not been overestimated by more than the standard percentage level for the first prior year.

Explanation:
(required if NOT met)

1b. STANDARD MET - Funded ADA has not been overestimated by more than the standard percentage level for two or more of the previous three years.

Explanation:
(required if NOT met)

2. CRITERION: Enrollment

STANDARD: Projected enrollment has not been overestimated in 1) the first prior fiscal year OR in 2) two or more of the previous three fiscal years by more than the following percentage levels:

Percentage Level	District ADA		
3.0%	0	to	300
2.0%	301	to	1,000

2A. Calculating the District's Enrollment Variances

DATA ENTRY: Enter data in the Enrollment, Budget, column for all fiscal years and in the Enrollment, CBEDS Actual column for the First Prior Year; all other data are extracted or calculated. CBEDS Actual enrollment data preloaded in the District Regular lines will include both District Regular and Charter School enrollment. Districts will need to adjust the District Regular enrollment lines and the Charter School enrollment lines accordingly. Enter district regular enrollment and charter school enrollment corresponding to financial data reported in the General Fund, only, for the Budget, First and Second Prior Years.

2B. Comparison of District Enrollment to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD NOT MET - Enrollment was estimated above the standard for the first prior year. Provide reasons for the overestimate, a description of the methods and assumptions used in projecting enrollment, and what changes will be made to improve the accuracy of projections in this area.

Explanation:
(required if NOT met)

We had an unexpected declining enrollment.

- 1b. STANDARD MET - Enrollment has not been overestimated by more than the standard percentage level for two or more of the previous three years.

Explanation:
(required if NOT met)

3. CRITERION: ADA to Enrollment

STANDARD: Projected second period (P-2) average daily attendance (ADA) to enrollment ratio for any of the budget year or two subsequent fiscal years has not increased from the historical average ratio from the three prior fiscal years by more than one half of one percent (0.5%).

3A. Calculating the District's ADA to Enrollment Standard

DATA ENTRY: All data are extracted or calculated. Data should reflect district regular and charter school ADA/enrollment corresponding to financial data reported in the General Fund, only, for all fiscal years.

*Please note for Fiscal Year 2013-14 estimated/unaudited actuals: Line C4 in Form A reflects total charter school ADA corresponding to financial data reported in funds 01, 09, and 62. Please adjust charter school ADA or explain accordingly.

3C. Comparison of District ADA to Enrollment Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Projected P-2 ADA to enrollment ratio has not exceeded the standard for the budget and two subsequent fiscal years.

Explanation:
(required if NOT met)

4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)' and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA' and its economic recovery target payment, plus or minus one percent.

*Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

4A. District's LCFF Revenue Standard

Indicate which standard applies:

LCFF Revenue

Basic Aid

Necessary Small School

The District must select which LCFF revenue standard applies.

LCFF Revenue Standard selected: LCFF Revenue

4A1. Calculating the District's LCFF Revenue Standard

DATA ENTRY: Enter LCFF Target amounts for the budget and two subsequent fiscal years.
Enter data in Step 1a for the two subsequent fiscal years. All other data is extracted or calculated.
Enter data for Steps 2a through 2d. All other data is calculated.

Projected LCFF Revenue

Has the District reached its LCFF target funding level?

No

If Yes, then COLA amount in Line 2b2 is used in Line 2e Total calculation.
If No, then Gap Funding in Line 2c is used in Line 2e Total calculation.

4C. Comparison of District LCFF Revenue to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD MET - Projected change in LCFF revenue has met the standard for the budget and two subsequent fiscal years.

Explanation:
(required if NOT met)

5. CRITERION: Salaries and Benefits

STANDARD: Projected ratio of total unrestricted salaries and benefits to total unrestricted general fund expenditures for any of the budget year or two subsequent fiscal years has not changed from the historical average ratio from the three prior fiscal years by more than the greater of three percent or the district's required reserves percentage.

It is likely that for many districts the 2014-15 and 2015-16 change from the historical average ratio will exceed the standard because certain revenues that were restricted prior to the LCFF are now unrestricted within the LCFF.

5A. Calculating the District's Historical Average Ratio of Unrestricted Salaries and Benefits to Total Unrestricted General Fund Expenditures

DATA ENTRY: All data are extracted or calculated.

Fiscal Year	Estimated/Unaudited Actuals - Unrestricted (Resources 0000-1999)		Ratio of Unrestricted Salaries and Benefits to Total Unrestricted Expenditures

5C. Comparison of District Salaries and Benefits Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. **STANDARD NOT MET** - Projected ratio(s) of unrestricted salary and benefit costs to total unrestricted expenditures are outside the standard in one or more of the budget or two subsequent fiscal years. Provide reasons why the projection(s) exceed the standard, a description of the methods and assumptions used in projecting salaries and benefits, and what changes, if any, will be made to bring the projected salary and benefit costs within the standard.

Explanation:
(required if NOT met)

District is proceeding with a technology initiative which raises object 4000s costs.

6. CRITERION: Other Revenues and Expenditures

STANDARD: Projected operating revenues (including federal, other state, and other local) or expenditures (including books and supplies, and services and other operating), for any of the budget year or two subsequent fiscal years, have not changed from the prior fiscal year amount by more than the percentage change in population and the funded cost-of-living adjustment (COLA) plus or minus ten percent.

For each major object category, changes that exceed the percentage change in population and the funded COLA plus or minus five percent must be explained.

6A. Calculating the District's Other Revenues and Expenditures Standard Percentage Ranges

DATA ENTRY: All data are extracted or calculated.

7. CRITERION: Facilities Maintenance

STANDARD: Confirm that the annual contribution for facilities maintenance funding is not less than the amount required pursuant to Education Code Section 17070.75, if applicable, and that the district is providing adequately to preserve the functionality of its facilities for their normal life in accordance with Education Code sections 52060(d)(1) and 17002(d)(1).

Determining the District's Compliance with the Contribution Requirement for EC Section 17070.75 as amended by AB 104 (Chapter 13, Statutes of 2015), effective 2015-16 and 2016-17 - Ongoing and Major Maintenance/Restricted Maintenance Account (OMMA/RMA)

NOTE: AB 104 (Chapter 13, Statutes of 2015) requires the district to deposit into the account, for the 2015-16 and 2016-17 fiscal years, a minimum amount that is the lesser of 3% of the total general fund expenditures and other financing uses for that fiscal year or the amount that the district deposited into the account for the 2014-15 fiscal year.

DATA ENTRY: Click the appropriate Yes or No button for special education local plan area (SELPA) administrative units (AUs); all other data are extracted or calculated. If standard is not met, enter an X in the appropriate box and enter an explanation, if applicable.

1. a. For districts that are the AU of a SELPA, do you choose to exclude revenues that are passed through to participating members of the SELPA from the OMMA/RMA required minimum contribution calculation? No
- b. Pass-through revenues and apportionments that may be excluded from the OMMA/RMA calculation per EC Section 17070.75(b)(2)(D) (Fund 10, resources 3300-3499 and 6500-6540, objects 7211-7213 and 7221-7223) 0.00

SUPPLEMENTAL INFORMATION

DATA ENTRY: Click the appropriate Yes or No button for items S1 through S4. Enter an explanation for each Yes answer.

S1. Contingent Liabilities

- 1a. Does your district have any known or contingent liabilities (e.g., financial or program audits, litigation, state compliance reviews) that may impact the budget?

No

- 1b. If Yes, identify the liabilities and how they may impact the budget:

S2. Use of One-time Revenues for Ongoing Expenditures

- 1a. Does your district have ongoing general fund expenditures in the budget in excess of one percent of the total general fund expenditures that are funded with one-time resources?

No

- 1b. If Yes, identify the expenditures and explain how the one-time resources will be replaced to continue funding the ongoing expenditures in the following fiscal years:

S3. Use of Ongoing Revenues for One-time Expenditures

- 1a. Does your district have large non-recurring general fund expenditures that are funded with ongoing general fund revenues?

No

- 1b. If Yes, identify the expenditures:

S4. Contingent Revenues

- 1a. Does your district have projected revenues for the budget year or either of the two subsequent fiscal years contingent on reauthorization by the local government, special legislation, or other definitive act (e.g., parcel taxes, forest reserves)?

No

- 1b. If Yes, identify any of these revenues that are dedicated for ongoing expenses and explain how the revenues will be replaced or expenditures reduced:

S5. Contributions

Identify projected contributions from unrestricted resources in the general fund to restricted resources in the general fund for the budget year and two subsequent fiscal years. Provide an explanation if contributions have changed from the prior fiscal year amounts by more than \$20,000 and more than ten percent. Explanation should include whether contributions are ongoing or one-time in nature.

Identify projected transfers to or from the general fund to cover operating deficits in either the general fund or any other fund for the budget year and two subsequent fiscal years. Provide an explanation if transfers have changed from the prior fiscal year amounts by more than \$20,000 and more than ten percent. Explanation should include whether transfers are ongoing or one-time in nature.

Estimate the impact of any capital projects on the general fund operational budget.

DATA ENTRY: Click the appropriate button in item 1 and enter data in all other applicable items; there are no extractions in this section except the budget year data on line 5b.

1. Does your district provide postemployment benefits other than pensions (OPEB)? (If No, skip items 2-5)

Yes

2. For the district's OPEB:
a. Are they lifetime benefits?

No

- b. Do benefits continue past age 65?

No

- c. Describe any other characteristics of the district's OPEB program including eligibility criteria and amounts, if any, that retirees are required to contribute toward their own benefits:

Classified and confidential employees are eligible for single party medical coverage after retirement between the ages of 55 and 65, after 10 years of service. Management, certificated, and unrepresented employees may continue to participate in the District's medical plans, but the retired employee is responsible for paying 100% of the monthly premiums for this coverage, for the employee and any covered beneficiary.

3. a. Are OPEB financed on a pay-as-you-go, actuarial cost, or other method?

S8. Status of Labor Agreements

Analyze the status of employee labor agreements. Identify new labor agreements, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the district governing board and superintendent.
