#### To the Citizens of Lee County:

W e are pleased to present to you the accompanying Comprehensive Annual Financial Report of Lee County (the County) for the fiscal year ended September 30, 2016. State law requires that a complete set of financial statements, presented in conformance with generally accepted accounting principles (GAAP), audited by licensed independent certified public accountants be released to the public within nine months of the fiscal year end. This report is being issued in fulfillment of these statutory requirements.

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the Clerk of Circuit Court as Chief Financial Officer of the County. We believe the data, as presented, is accurate in all material respects, that it is presented in a manner designed to fairly set forth the financial position and the results of operations of the County, and that all disclosures necessary to enable the reader to obtain a comprehensive understanding of the County's financial activity have been included.

#### Internal Controls

T he County has established a comprehensive internal control framework that is designed to provide reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and ensure that the financial records for preparing financial statements and maintaining accountability for assets are reliable. The concept of reasonable assurance recognizes that the cost of control should not exceed the benefits likely to be derived and that the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework. We believe that the County's internal controls adequately safeguard assets and provide reasonable assurance of properly recorded financial transactions.

#### Independent Audit

In compliance with the laws of the State of Florida the County's financial statements have been audited by CliftonLarsonAllen LLP, a firm of licensed independent certified public accountants. The audit was performed to provide reasonable assurance that the financial statements for the fiscal year ended September 30, 2016, are free of material misstatement. The audit involved performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements; evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management; as well as evaluating the overall financial statement presentation. The independent auditor issued an unmodified opinion on the County's financial statements for the fiscal year ended September 30, 2016. The Independent Auditors' Report is presented in the Financial Section of this report. Governmental accounting and auditing principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). The Management's Discussion & Analysis (pages 17-27) can be found in the Financial Section immediately following the independent auditors' report and should be read in conjunction with this transmittal letter.

#### County Structure and Services

ee County was founded in 1887 and named in honor of General Robert E. Lee. The County is located

Lon the Gulf of Mexico in the southwestern portion of Florida and encompasses approximately 811 square miles, including several small islands in the Gulf of Mexico. Four incorporated municipalities are located on the mainland: Fort Myers (one of two county seats), Estero, Bonita Springs, and Cape Coral (second county seat). The Town of Fort Myers Beach is located on Estero Island and the City of Sanibel is situated on Sanibel Island. The unincorporated communities include

Lehigh Acres, North Fort Myers, Tice, Alva, Matlacha, Bokeelia, St. James City, and Captiva Island. Lee County's climate can be classified as subtropical with temperatures averaging from 66 degrees (F) in winter to 83 degrees (F) in summer.

Lee County is home to one of the fastest-growing populations in the nation and that trend looks to continue. With almost 24 percent of its residents age 65 and older, the County is well known as a

retirement destination. Lee County's population grew by approximately 10 percent between 2010 and 2016, and is projected to have a population of 1,055,000 by 2040. The Bureau of Economic and Business Research projects a 46 percent increase in Lee County's 25 to 54 age group by 2035. The estimated population in 2016 is 680,578.

#### County Services and Reporting Entity

The County provides its citizens with a wide range of services that include law enforcement, human and community assistance-related services, civil and criminal justice system services, road and bridge maintenance, park operation, library services,

economic and physical environment, as well as other general and administrative support services. In addition, airport facilities, transit

system, water and wastewater system, toll bridge facilities, and a waste-to-energy facility are provided under an enterprise concept with user charges set by the Board of County Commissioners.

The Board of County Commissioners (the Board) is the legislative body for the County, having the responsibility of budgeting and providing all the funding used by the various County departments and the separate Constitutional Officers, with the exception of fees

collected by the Clerk of Circuit Court, Property Appraiser, and Tax Collector. Under the direction of the Clerk of Circuit Court, the Finance &

Records Department maintains the accounting system for the Board's operations. The other Constitutional Officers maintain their own accounting systems. For purposes of this report the operations of the County as a whole, including all Constitutional Officers, have been

presented.

In addition to the divisions of the Board and the Constitutional Officers, the Lee County Port Authority, a blended component unit, is included in the Comprehensive Annual Financial Report.

#### **Budgetary Controls**

The adopted budget is controlled in accordance with Chapter 129, Florida Statutes, and a formal budget policy which is incorporated into the County's Administrative Code. The Assistant County Manager, on behalf of the County Manager, is responsible for the preparation of the Board's budget. The legally adopted total appropriation for a fund may only be changed by resolution of the Board. Full authority to transfer budgetary amounts other than these instances is delegated to the County Manager

or the Assistant County Manager. When the Board adopts the program budget it is integrated into the

reporting system for management reporting purposes. Budget-to-actual comparisons are provided in the report for each fund for which an appropriated annual budget has been adopted. Original and final budgets for major governmental funds are also provided. The Constitutional Officers' budget control

is retained at the fund level; the budgets of the Property Appraiser and Tax Collector are approved by the Florida Department of Revenue and those of the Clerk of the Circuit Court (excluding fees and court-

related budgets), Sheriff, and Supervisor of Elections are approved by the Board. The court-related portion of the Clerk of Circuit Court's budget is determined by the State of Florida's legislature.

#### *Financial Condition of the County*

#### Local Economy

ee County has long been a popular vacation and retirement spot with more than 50 miles of white sandy beaches that span from Gasparilla Island State Recreation Area to Barefoot Beach on Little Hickory Island. There are 18 miles of public parks on the beachfront and more than 100 public beach access points. Lee County contains more than

100 parks, beaches, wildlife refuges, including J.N. "Ding" Darling National Refuge on Sanibel Island; Lover's Key/Black Island State Park; Lakes Park; and Six Mile Cypress Slough. Lee County contains more than 90 golf courses and ranks fifth in the nation for hole-per-person ratio. Each year, thousands of fans flock to Lee County to watch spring training for the Boston Red Sox and Minnesota Twins. Although Lee County experiences year-round tourism, the number of tourists increases in winter as does the retiree population. The region also has a long history of attracting innovators, including the families of Henry Ford and Thomas Edison.

The figures provided by Lee County's Visitor and Convention Bureau for fiscal year 2016, showed that the number of visitors year over year declined slightly while spending by visitors increased. The total number of visits is comprised of paid accommodations, and stays with friends or relatives. For fiscal year 2016, as compared to fiscal year 2015,

the number of paid accommodations decreased .7 percent, whereas the number of stays with friends or relatives decreased 4.3 percent. During fiscal year 2016 visitors spent an estimated 3 percent more during their stay in Lee County. Passenger traffic at Southwest Florida International Airport ("SWFIA") reflected a 4.4 percent increase from the previous fiscal year. Southwest Florida International Airport served more than eight million

passengers in 2016 and continues to rank among the 50 busiest airports in the nation, according to the U.S. Department of Transportation.

With no personal income tax, Florida consistently ranks as one of the best places to do business, and Lee County businesses benefit from Florida's state tax structure. In 2014, Chief Executive Magazine ranked Florida 2nd Best State for Business, and the Tax Foundation places Florida number five on its 2015 State Business Tax Climate Index. Cape Coral, Lee County's largest city, ranked as one of the best cities to start a business by

The County boasts numerous colleges, universities, and technical-vocational schools that produce talented graduates. Lee County is also home to a nationally recognized public school system.

#### **Employment**

Lee County has become the coastal hub for business growth and talented workers. With the region's business incentives and quality of life, more companies have relocated to the area. From fashion icon Chico's, IT consulting and research company Gartner, and cancer care service provider 21st Century Oncology to a handful of companies that have relocated

to the region over the last couple of years like Fortune 500 car and rental giant Hertz, Universal Trailer Holdings Corp., and Camuto Group; companies across multiple sectors have chosen Lee County.

The County continues to see steady growth with an increase of 6 percent in the labor force year over year. The University of Florida's Bureau of Business and Economic Research projects a 19 percent increase in Lee County's labor force by 2023. The labor force at September 30, 2016, 2015, and 2014 was 329,147, 309,751, and 300,690, respectively. Employment in the County as of September 30, 2016, is estimated at 313,758.

Lee County's economy continues to strengthen. The unemployment rate declined in Lee County this past year from 5.1 percent in 2015 to 4.7 percent in 2016. The County's unemployment levels approximate Florida's rate of 4.7 percent and is below the national rate of 5.0 percent.

According to the United States Department of Labor, Bureau of Labor Statistics, the non-agricultural employment for the Lee County Metropolitan Area was comprised of 21.2 percent in Trade, Transportation and Utilities, 16.2 percent in Government (Federal, State and Local), 16 percent in Leisure and Hospitality, 13.5 percent in Professional and Business Services, 11.2 percent in Education and Health Services, 9.6 percent in Mining, Logging, Construction and Manufacturing, and 12.3 percent in all other.

#### **Economic Conditions**

The mainstays of the County's economy are tourism and retirement, and their associated services, such as health, trade, and other service-orientated industries. The County also has real estate development, agribusiness, high-tech manufacturing, corporate and regional headquarters, warehousing and distribution, and financial service industries.

Foreclosures filed in the County decreased, from 1,634 in fiscal year 2015 to 1,371 in fiscal year 2016, which represents a 16 percent decrease from prior year. According to the Florida Realtors, the median sales price of an existing single-family home for the Fort Myers-Cape Coral metropolitan area in September 2016 and 2015 was \$225,000 and

\$210,000, respectively, which represents a 7.2 percent increase. The median price for existing condominiums remained stable in 2016. The housing inventory continues to expand and the number of active listings in Lee County rose year over year by 16.6 percent.

#### Current and Long-Term Capital Initiatives

The County's Capital Improvement Program (CIP) consists of capital projects which reflect the County's infrastructure needs over a five-year time frame and include assets with long-term value such as buildings, roads, bridges, and parks.

Significant capital projects and other initiatives completed in fiscal year 2016 include:

SWFIA Closed Circuit Television (CCTV) System upgrade, installation of 125 cameras and related infrastructure throughout the terminal and upgrades to the Airport Communication System for a total project cost of \$8.4 million.

- SWFIA Public Address System to upgrade existing analog system to digital for a total project cost of \$1.5 million.
- Restoration of the boat ramp, docks, seawall, and dredging of the Pine Island Commercial Marina canal for a total project cost of \$1 million.
- The Fiesta Village Wastewater Treatment Plant (WWTP) switchgear & generator replacement for a total project cost of \$3 million.
- Florida Gulf Coast University (FGCU) water and sewer main extensions for a total project cost of \$2.5 million.
- Palm Beach Boulevard sewer force main replacement at Orange River for a total project cost of \$1.4 million.
- Ben Hill-Alico force main for a total project cost of \$1.6 million.
- Restoration of the Fiesta Village WWTP headworks concrete structure for a total project cost of \$2.5 million.
- U.S. 41 water main replacements (Cypress Lake Drive to Old Gladiolus) for a total project cost of \$4.6 million.
- Lee County Utilities Billing System for a total project cost of \$1.9 million.

#### Projects currently in progress include the following:

- SWFIA Parallel Runway Site Preparation to include design of a 9,100 foot parallel runway, storm drainage system, environmental permitting and mitigation design for a total projected cost of \$258.9 million
- SWFIA recapitalization and optimization of the Baggage Handling System (BHS), required upgrades, technical advances, and replacement of the explosive detection system (EDS) in the BHS system for a total projected cost of \$12.4 million.
- Permitting, environmental approval, roadway, drainage, utility, landscaping, and signage for Skyplex Boulevard between Daniels Parkway and Chamberlin Parkway for a total projected cost of \$6.1 million.
- Expansion of the Terminal Access Road (TAR) to six lanes from Interstate 75 to Air Cargo Lane for a total estimated cost of \$6.7 million.
- Continued design of a new Air Traffic Control Tower at SWFIA for a projected cost of \$56.2 million.
- SWFIA remediation of hazardous wildlife (Phase II) for a projected cost of \$10.6 million.
- Rehabilitation of Page Field's airfield pavement, taxiways, and associated runways for a total projected cost of \$38.4 million.
- Design and construction of the beach park and ride transfer center for a total projected cost of \$4.8 million.
- Land acquisition, design, and construction of the south area Transit/Multimodal transfer center for a total projected cost of \$7 million.
- Design and implementation of an Intelligent Transportation System that will provide Computer Aided Dispatching (CAD) and Automatic Vehicle Locating (AVL) and will include electronic signage and an information kiosk system for Lee Tran riders for a projected cost of \$2.1 million.
- Expansion of the Green Meadows Water Treatment Plant (WTP) and wellfield for a projected cost of \$78 million.
- Three Oaks WWTP improvements for a projected cost of \$29.6 million.
- US 41 water main replacements, from Old Gladiolus to North Airport Haul Road, for a projected cost of \$7.5 million.
- Design phase of Page Park waterline improvements for a projected cost of \$6 million.
- Olga WTP chemical system improvements for a projected cost of \$4.9 million.
- Pinewoods wellfield electrical and controls improvements for a projected cost of \$4.5 million.
- Automated meter reading system for a projected cost of \$23 million.

- Gateway WWTP rehabilitation and improvements for a projected cost of \$3 million.
- Design phase of the reclaim water and aquifer storage and recovery system for a projected cost of \$6.9 million.
- Design phase of the second deep injection well for the North Lee County WTP for a projected cost of \$5.4 million.
- Fiber optic upgrades to wellfields for a projected cost of \$3.9 million.
- Estero Boulevard force main relocation for a projected cost of \$18.6 million.
- Design phase of Alico Road water main relocations for a projected cost of \$4.1 million.
- Construction of Segment One of Estero Boulevard improvements for a projected cost of \$8.1 million.
- Construction of the north segment of Burnt Store Road for a projected cost of \$16.5 million.
- Design phase of Alico Road widening project with a total projected cost of \$15.3 million.
- Design and right-of-way acquisition for Homestead Road widening with a total projected cost of \$21 million.
- Design of improvements of Palomino Lane for a total projected cost of \$2 million.
- Joel Blvd Park (Lehigh) an agro-ecotourism park currently in the design phase, improvements to include play elements, boardwalks, educational pavilion, and greenhouses for an estimated cost of \$1.5 million.
- Design and permitting phase for the Nalle Grade Stormwater Park for a projected cost of \$3.5 million.
- Fichter's Creek restoration in North Fort Myers for a total projected cost of \$1.8 million.
- Hendry Creek West Branch Improvements for a total projected cost of \$2.5 million.
- Design and renovations to the Justice Center Annex and juror room for a projected cost of \$5 million.
- Design and construction of a 30,000 square foot community library in Bonita Springs for a projected cost of \$14.1 million.
- Design and construction of a 25,000 square foot community library in North Fort Myers for a projected cost of \$12.5 million.

#### Cash Management and Investments

T he cash needs of the County are monitored daily and cash that is temporarily idle during the year is invested in accordance with the County's investment policy. The primary objective of the investment policy is the preservation of capital and the protection of investment principal.

#### *Investments during the year were:*

- Treasury bills and notes, government agencies and instrumentalities, and money market mutual funds whose investments consist primarily of municipals and U.S. government obligations. At fiscal year-end the maturities of the investments ranged from thirty-one days to two years and interest earned ranged from 0.42 percent to 1.09 percent.
- The State Board of Administration's ("SBA") Local Government Surplus Funds Investment Pool Trust Fund operates an investment pool for local governments. The average yield for the pool for the fiscal year was 0.538 percent.
- Repurchase agreements with primary United States broker/dealer firms, reporting daily to the New York Federal Reserve Bank. All term repurchase agreements (except those held by the County's trustees) are collateralized by 101 to 105 percent with the collateral held in the County's

name by a third-party safekeeping agent. The collateral is valued weekly. The County did not enter into any repurchase agreements in fiscal year 2016.

#### Risk Management

The Board maintains self-insurance programs to administer insurance activities related to property lacksquare and casualty, county-wide employee health and dental programs, general liability, and worker's compensation. The concept of the self-insurance programs is to allow the County to absorb losses up to a specific annual amount. Excess and other specific coverages are purchased from third-party carriers.

Funding for these programs is generated by charges to the operating departments based on management's annual estimates of claim loss funding administration/operating costs. The Lee County Sheriff's Office does not participate in the County's insurance programs and maintains a separate selfinsurance fund for their employee health and dental coverage. The Port Authority does not participate in the property and casualty self-insurance program.

#### Awards and Acknowledgments

#### Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Annual Financial Report for the fiscal year ended September 30, 2015. This was the 31st consecutive year that the County has received this prestigious award. To be awarded a Certificate of Achievement, the County had to publish an easily readable and efficiently organized Comprehensive Annual Financial Report which satisfied both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to GFOA to determine its eligibility for another certificate.

#### *Acknowledgements*

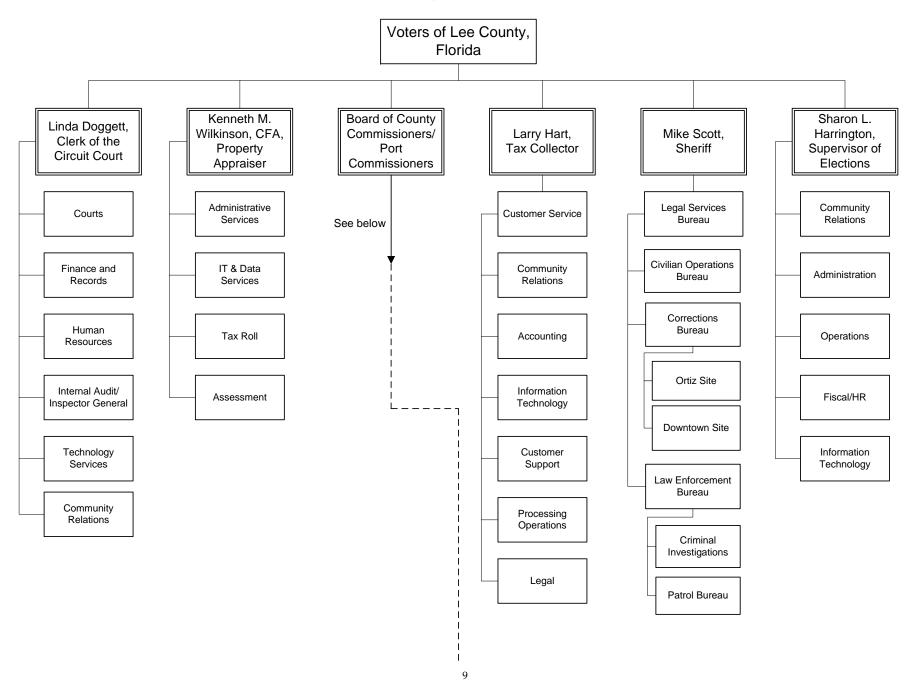

The preparation of the Comprehensive Annual Financial Report on a timely basis was made possible by the dedicated service of the entire staff of the Finance Department and the various managers and fiscal officers of the County Departments. The efforts of Finance's General Accounting staff, specifically, Tracy Schatzman, Rose Hardt, Pat Stokes, Shelby Smith, Karen Vivian, Kirk Knowles, and Angie Kershaw are especially noteworthy.

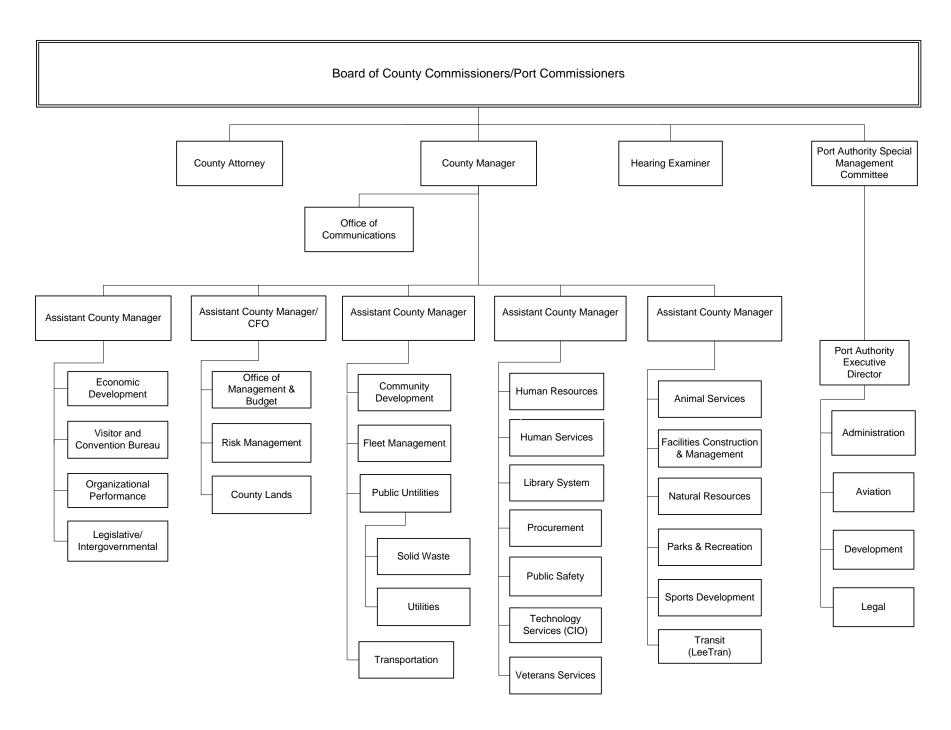

Respectfully submitted,

Linda Doggett Clerk of Circuit Court Terry Mallow, CPA Chief Financial Control Officer Michele Crowell General Accounting Manager

#### INDEPENDENT AUDITORS' REPORT

Honorable Board of County Commissioners Lee County, Florida

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Lee County, Florida (County), as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the entity's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit.

We did not audit the financial statements of the Lee County Property Appraiser, the Lee County Sheriff, the Lee County Supervisor of Elections, and the Lee County Tax Collector, which represent the indicated percent of total assets, total revenues, and total net position and fund balance as presented in the table below. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it related to the amounts included for those components, is based solely on the reports of other auditors.

	Percentage Audited by Other Auditors				
	Assets	Revenues	Net Position/ Fund Balance		
Governmental Activities	2%	8%	1%		
General Fund	13%	4%	0%		
Aggregate Remaining Fund Information	4%	11%	2%		

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

#### Auditors' Responsibility (Continued)

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County as of September 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedules of funding progress and employer contributions – other postemployment benefit plan and schedules of the County's proportionate share of the net pension liability and of its contributions – pension plans on pages 17-27 and 100-102, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Honorable Board of County Commissioners Lee County, Florida

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, supplemental financial information, statistical section, and other supplemental information are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental financial information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based upon our audit procedures performed as described above and the reports of other auditors, the supplemental financial information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section, statistical section, and other supplemental information have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 23, 2017, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

#### Management's Discussion and Analysis

(unaudited)

This discussion and analysis of Lee County's ("the County") financial statements is designed to introduce the basic financial statements and provide an analytical overview of the County's financial activities for the fiscal year ended September 30, 2016. The basic financial statements are comprised of the government-wide financial statements, fund financial statements, and footnotes to the financial statements. We hope this will assist readers in identifying significant financial issues and changes in the County's financial position.

#### Financial Highlights

- At the close of fiscal year 2016, the County's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources, resulting in total net position of \$3,208,784,000. Of this amount, \$211,674,000 represents unrestricted net position.
- Governmental and business-type portions of net position are \$1,688,273,000 and \$1,520,511,000, respectively.
- The County's total net position increased \$28,017,000, or .9 percent, in comparison to prior year.
- The County's governmental activities total net position of \$1,688,273,000 decreased \$23,212,000, or -1.4 percent, in comparison to prior year. Approximately 2.8 percent of the total, or \$47,729,000, is a deficit balance.
- The County's business-type activities total net position of \$1,520,511,000 increased \$51,229,000, or 3.5 percent, in comparison to prior year. Approximately 17.1 percent of the total, or \$259,403,000, is unrestricted, and thus available for spending at the County's discretion.
- The County reported a liability of \$361,133,000 for its proportionate share of the FRS and HIS net pension liabilities.
- Total revenues increased \$59,522,000, or 5.9 percent, in comparison to prior year.
- Total expenses increased \$69,301,000, or 7.1 percent, in comparison to prior year.

#### Government-wide Financial Statements

T he government-wide financial statements (statement of net position and statement of activities found on pages 30-33) concentrate on the County as a whole and do not emphasize fund types but rather a governmental or a business-type classification, which are presented in separate columns. The governmental and business-type activities comprise the primary government. Fiduciary funds are not included in the government-wide financial statements.

General governmental and intergovernmental revenues support the governmental activities, whereas the business-type activities are primarily supported by user fees and charges for services. The purpose of the government-wide financial statements is to allow the user to be able to analyze the County's total financial position.

The statement of activities reflects the expenses of a given function or program, which are offset by program revenues. Program revenues are defined as charges for services, operating grants and contributions, and capital grants and contributions directly associated with a given function or program. Taxes are reported under general revenue. The County maintains an allocation program for indirect expenses and, therefore, reports this allocation in a separate column on the government-wide statement of activities.

The effect of the inter-fund activity has been removed from the government-wide financial statements. However, the inter-fund services between functions are not eliminated. The internal service fund activity has been eliminated except for the outside activity on the government-wide financial statements.

#### Fund Financial Statements

The accounts of the County are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity or net position, revenues, and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

The County's funds are presented in separate fund financial statements. These funds are presented on a governmental fund financial statement and a proprietary fund financial statement. The County's major funds are presented in separate columns on the fund financial statements. The definition of a major fund is one that meets certain criteria set-forth in Governmental Accounting Standards Board Statement Number 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments ("GASB 34"). The funds that do not meet the criteria of a major fund are considered non-major funds and are combined into a single column on the fund financial statements. However, a non-major fund can be designated as a major fund if the County chooses to do so.

The County adopts an annual budget for all funds except for agency funds, Sheriff's internal service and special revenue funds, and the Property Appraiser's special revenue fund. A budgetary comparison has been presented for the General Fund, which compares not only actual results to budget but also the original adopted budget to final budget.

#### Governmental Fund Financial Statements

Overnmental fund financial statements (found on pages 34-38) are prepared on the modified accrual basis using the current financial resources measurement focus. Under the modified accrual basis, revenues are recognized when they become measurable and available as net current assets. Although the activity of the internal service funds is reported with the governmental activities on the government-wide financial statements they are not combined on the government fund financial statements.

One of the County's governmental funds, the General Fund, is classified as a major fund. All other governmental funds are combined into a single column on the governmental fund financial statements. Individual fund data for the non-major funds are found in combining statements as supplemental financial data.

#### Proprietary Fund Financial Statements

Proprietary fund financial statements (found on pages 39-45), like government-wide financial statements, are prepared on the full accrual basis. Proprietary funds record both operating and non-operating revenues and expenses. Operating revenues are those that are obtained from the operations of the proprietary fund.

The County reports the Port Authority, Water and Wastewater, Transportation Facilities, and Solid Waste as major funds in the proprietary fund financial statements. These enterprise funds are used to present the same functions that are presented in the government-wide financial statements. The only non-major fund, Transit, is reported in a separate column. The internal service funds are presented in their entirety combined in a single column on the proprietary fund financial statements.

The internal service funds are used to account for data processing, risk management, radio communications, telecommunications, fleet management, and self-insurance for health and dental, and workers' compensation services on a cost reimbursement basis. Individual fund data is in the combining statements as supplemental financial data.

#### Fiduciary Fund Financial Statements

The fiduciary fund financial statements (found on pages 46-47) are not included in the government-wide financial statements because the resources of those funds are not available to support the County's programs. The County maintains an other postemployment benefits ("OPEB") trust fund that is used to hold the plan's assets, and agency funds that are used to account for assets held by the County as an agent for individuals and other governments.

#### Government-Wide Financial Analysis

 $\mathbf{T}$  he government-wide financial statements were designed so that the user could determine if the County is in a better or worse financial condition from the prior year.

The following is a condensed summary of net position for the primary government for fiscal years 2016 and 2015.

Lee County, Florida Summary of Net Position September 30, 2016 and 2015 (amounts expressed in thousands)

	Governmental		Business	Business-type		
_	Activities		Activities		Total	
_	2016	2015	2016	2015	2016	2015
Current and other assets	\$713,093	\$685,413	\$633,324	\$614,419	\$1,346,417	\$1,299,832
Capital assets	1,792,797	1,805,534	1,802,288	1,778,588	3,595,085	3,584,122
Total assets	2,505,890	2,490,947	2,435,612	2,393,007	4,941,502	4,883,954
Total deferred outflows of resources _	121,219	33,266	35,945	21,274	157,164	54,540
Current liabilities	52,229	54,428	72,444	58,585	124,673	113,013
Non-current liabilities	876,025	720,627	877,124	879,887	1,753,149	1,600,514
Total liabilities	928,254	775,055	949,568	938,472	1,877,822	1,713,527
Total deferred inflows of resources	10,582	37,673	1,478	6,527	12,060	44,200
Net investment in capital assets	1,516,589	1,520,900	1,123,905	1,097,836	2,640,494	2,618,736
Restricted	219,413	193,279	137,203	120,828	356,616	314,107
Unrestricted (deficit)	(47,729)	(2,694)	259,403	250,618	211,674	247,924
Total net position	\$1,688,273	\$1,711,485	\$1,520,511	\$1,469,282	\$3,208,784	\$3,180,767

Net investment in capital assets is the largest portion of the net position. This represents capital assets (land, buildings, improvements, equipment, furniture, vehicles and rolling stock, and infrastructure), net of accumulated depreciation and the outstanding related debt (less unspent proceeds) used to acquire the assets. The net investment in capital assets balance of \$2,640,494,000 (82.3 percent of total net position) increased \$21,758,000, or .8 percent, in comparison to prior year.

The restricted net position balance of \$356,616,000 (11.1 percent of total net position), increased \$42,509,000, or 13.5 percent, in comparison to prior year. This balance represents assets that are subject to external restrictions imposed by creditors, through bond covenants, by grantors, or by law on how they are used.

The unrestricted net position balance of \$211,674,000 (6.6 percent of total net position), decreased \$36,250,000 or -14.6 percent, in comparison to prior year. The unrestricted net position balance represents assets that are available for spending at the County's discretion.

The following schedule compares the revenues, expenses, and changes in net position for the primary government for the current and previous fiscal years.

#### Lee County, Florida

Total revenues increased \$59,522,000, or 5.9 percent, in comparison to prior year. Total expenses increased \$69,301,000, or 7.1 percent, in comparison to prior year.

#### Governmental Activities

The governmental activities increased or (decreased) the County's total assets, total deferred outflows of resources, total liabilities, total deferred inflows of resources, and total net position by \$14,943,000, \$87,953,000, \$153,199,000, (\$27,091,000), and (\$23,212,000), respectively. The decrease in the governmental activities' net investment in capital assets is \$4,311,000, or -.3 percent, in comparison to prior year.

Total revenues for governmental activities increased \$30,535,000 or 4.9 percent, in comparison to prior year. The following is a chart of revenues by source for governmental activities by percent of total revenues for fiscal year 2016 and a chart of revenues by source for 2016 and 2015.

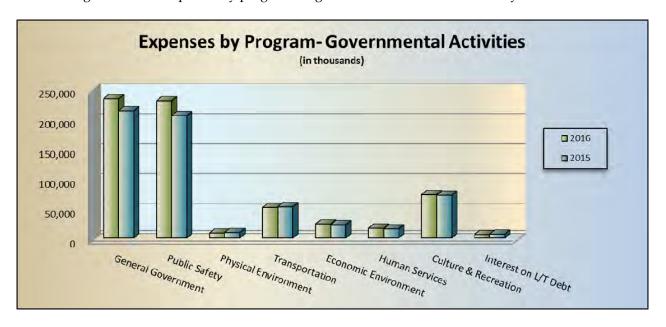

The main components of the change in total revenues for governmental activities were as follows:

- Taxes increased \$15,726,000, or 4.2 percent, in comparison to prior year, primarily due to an increase in Ad Valorem taxes collected of \$16,079,000 as a result of an increase in the property value base.
- Charges for Services increased \$6,607,000, or 5.4 percent, in comparison to prior year, due to several factors. An increase of \$4,252,000 in Ambulance Fees as a result of increased activity and a decrease in the charge lag, an increase of \$2,960,000 as a result of an interlocal agreement with the Village of Estero for Municipal Services, offset by a decrease of \$1,340,000 in building permit fees and plan review fees due to a high volume of permitting in the prior year.
- Capital grants and contributions increased \$7,333,000, or 112.2 percent, in comparison to prior year, primarily due to a FDOT grant of \$3,212,000 for the Burnt Store Road project and \$4,050,000 due to receipt of the Pine Island property rights.

The following is a chart of expenses by program for governmental activities for fiscal years 2016 and 2015.

Total expenses for governmental activities increased \$46,090,000, or 7.4 percent, in comparison to prior year. The main components of the change in total expenses for governmental activities were as follows:

- General government increased \$20,148,000 or 9.3 percent, primarily due to an increase of \$13,761,000 in pension expense, \$2,100,000 in salaries due to a budgeted salary increase, \$2,447,000 due to the Justice Center Renovation major maintenance project, and \$2,413,000 due to higher personnel and operating costs for the Supervisor of Elections.
- Public safety increased \$24,824,000 or 11.9 percent, primarily due to an increase of \$10,894,000 in Sheriff salaries and operating expenses, a \$9,427,000 increase in pension expense, and a \$1,706,000 increase in compensated absences.

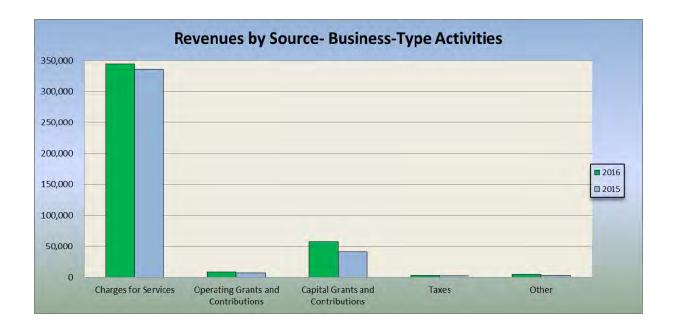

#### **Business-Type Activities**

The business-type activities increased or (decreased) the County's total assets, total deferred outflows of resources, total liabilities, deferred inflows of resources, and total net position by \$42,605,000, \$14,671,000, \$11,096,000, (\$5,049,000), and \$51,229,000, respectively. The increase in the business-type activities' net investment in capital assets is \$26,069,000, or 2.4 percent, in comparison to prior year.

Total revenues reported in business-type activities increased \$28,987,000, or 7.5 percent, in comparison to prior year. The increase is primarily due to an increase in charges for services of \$8,518,000, or 2.5 percent, and an increase in capital grants and contributions of \$16,725,000, or 41.0 percent.

- Solid Waste user fees increased \$8,738,000 due to an increase in disposal rates, increased tonnage, and metal sales revenue and Electric Utilities decreased \$4,974,000 as a result of expiration of renewable energy credits, a decline in the natural gas index, and a turbine outage. Transportation Facilities' toll revenue increased \$1,290,000 due to an increase in bridge traffic, Water and Wastewater user fees increased \$1,266,000, and Port Authority concession revenue increased \$1,490,000.
- Port Authority capital contributions increased \$17,241,000 due to grants received for capital projects.

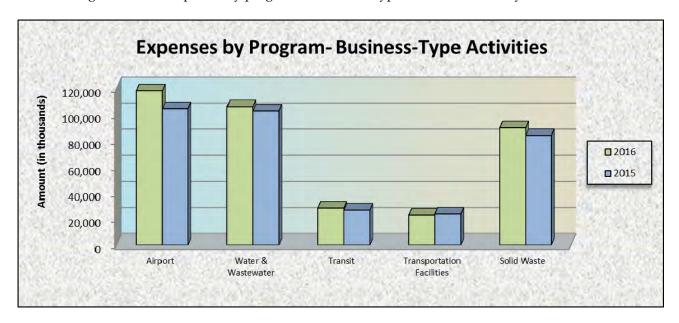

The following is a chart of revenues by source for business-type activities for fiscal years 2016 and 2015.

Total business-type expenses increased \$23,211,000, or 6.7 percent, in comparison to prior year. The increase is primarily due to an increase in Airport expenses of \$13,573,000, or 13.0 percent, and an increase in Solid Waste expenses of \$5,846,000, or 7.0 percent.

- Airport contractual services, materials, and supplies increased \$6,870,000 due to terminal stucco
  refurbishing and remediation of wildlife area projects. Salaries and wages and employee benefits
  increased \$5,077,000 due to new positions in the current year, merit increases, and higher pension
  expense. Repairs and maintenance increased \$1,081,000 due to increased costs for jet bridge repairs,
  AC units, and UPS replacements.
- Solid Waste contractual services, materials, and supplies expense increased \$4,057,000 due to an increase in costs for franchise hauling operations, disposal waste-to-energy facilities operations, recycling service and e-scrap transportation, and construction and debris operations.

The following is a chart of expenses by program for business-type activities for fiscal years 2016 and 2015.

Financial Analysis of the Government's Funds

#### Governmental Funds

Overnmental funds are comprised of the General Fund, special revenue funds, debt service funds, and capital projects funds. As noted earlier, governmental funds use the current financial resources measurement focus that focuses on near-term inflows and outflows. The General Fund is the general operating fund that is used to account for all financial resources, except those required to be accounted for in another fund.

The following are noteworthy facts and changes from prior year for the General Fund, which is reported as a major fund:

General Fund- Ad valorem taxes increased \$17,362,000, or 7.4 percent, due to an increase in assessed property values. Charges for services increased \$5,491,000 primarily due to an increase of \$4,252,000 in Ambulance Fees as a result of increased activity and a decrease in the charge lag. Expenditures increased \$31,342,000, or 9.7 percent, primarily due to an increase in general government salaries and related costs, the Justice Center Renovation major maintenance project, higher personal and operating costs for the Supervisor of Elections and the Sheriff, and an increase in public safety capital expenditures for a helicopter lease entered into by the Sheriff.

#### Proprietary Funds

**P**roprietary funds are comprised of enterprise funds and internal service funds. An enterprise fund is used to account for activities for which a fee is charged to external users for goods and services. Internal service funds are those that provide a service, primarily within the government, and charge a recovery fee.

The following are noteworthy facts and changes from prior year for proprietary major funds:

*Port Authority* - Net operating revenue increased \$1,233,000, or 1.3 percent, in comparison to prior year as a result of an increase in parking concession revenue. Total operating expenses increased \$14,704,000, or 16.6

percent, in comparison to prior year primarily due to an increase in salaries and benefits and contractual services, materials and supplies. Capital grants and contributions were \$17,241,000, or 143.7 percent, higher compared to the prior year due to reimbursement grants received for capital projects.

Water and Wastewater – Net operating revenue increased \$1,247,000, or 1.2 percent, in comparison to prior year. User fees increased by \$1,266,000, or 1.2 percent, due to an increase in customer base. Operating expenses increased \$4,785,000, or 5.0 percent, in comparison to prior year primarily due to an increase in salaries and benefits, depreciation, and contractual services, materials, and supplies. Capital contributions were \$677,000, or 3.5 percent, higher compared to the prior year due to an increase in prepaid water and sewer connection fees.

*Transportation Facilities* – Net operating revenue increased \$1,709,000, or 4.0 percent, in comparison to prior year due to an increase in bridge traffic resulting in an increase in toll revenue and toll violations. Total operating expenses increased \$136,000, or .8 percent, in comparison to prior year.

Solid Waste – Net operating revenue increased \$3,877,000, or 5.2 percent, in comparison to prior year due to an increase in user fees of \$8,738,000 offset by a decrease in miscellaneous revenue of \$5,067,000. Total operating expenses increased \$5,078,000, or 6.3 percent, in comparison to prior year primarily due to an increase in contractual services, materials, and supplies.

#### General Fund Budgetary and Actual Highlights

The difference between the original adopted and final amended budget expenditures in the General Fund is an increase of \$11,107,000. The changes include:

- \$1,934,000 increase for West Coast Inland Navigation District (WCIND) pass through grant projects.
- \$1,399,000 increase for the Low Income Home Energy Assistance Program (LIHEAP) grant.
- \$1,083,000 increase for Human Services grants received for veteran housing assistance, homeless housing and relocation services, and the Bob Janes Triage Center.
- \$1,500,000 increase for the Sheriff's Automated Fingerprint Identification System upgrade.
- \$1,230,000 increase for miscellaneous revenue received by the Sheriff to cover expenditures related to
  false alarms, overtime associated with background checks and fingerprinting services, vehicle
  repairs, and fuel.

The remaining amendments are a combination of increases and decreases for various reasons which separately are not noteworthy.

The variance between the final amended budget and actual expenditure results for the General Fund is a favorable variance of \$22,887,000. The differences are across multiple departments and are mainly due to unspent budget for various projects and conservative spending. Project costs are budgeted in the year they are anticipated to be obligated. In subsequent years the unused budget is reappropriated until the project is completed.

#### Capital Assets

Non-depreciable capital assets include land, construction in progress, software in progress, and artwork. Depreciable assets include buildings, improvements other than buildings, machinery and equipment, software, and infrastructure.

The following is a schedule of the County's capital assets as of September 30, 2016 and 2015.

Lee County, Florida Summary of Capital Assets September 30, 2016 and 2015 (amounts expressed in thousands)

	Governmental Activities		Business-type Activities		Total	
	2016	2015	2016	2015	2016	2015

Noteworthy capital asset purchases/completed projects that took place in fiscal year 2016 were as follows:

- Southwest Florida International Airport Closed Circuit Television System and Communication System upgrades
- Restoration of the Fiesta Village Wastewater Treatment Plant
- US 41 water main replacements
- Florida Gulf Coast University water and sewer main extensions

Additional information on the County's capital assets can be found in Note V on pages 65-68.

#### **Debt Administration**

A t September 30, 2016, the County had \$841,693,000 of outstanding bonded debt. The revenue bonds, which are each payable from a specific revenue stream, had an outstanding balance of \$841,693,000, or 100 percent of the total bonded debt. The outstanding bond balance decreased \$42,585,000 or -4.8 percent, in comparison to prior year. In the current year, the County issued the Series 2016 Solid Waste System Refunding Revenue Bonds in the amount of \$66,160,000. The proceeds were used to currently refund \$76,345,000 of outstanding Solid Waste System Revenue Bonds, Series 2006A.

Total long-term liabilities of \$1,753,149,000, which includes bonds payable (net of unamortized discounts/premiums), variable debt, notes payable, capital leases, self-insurance claims payable, compensated absences, other postemployment benefits, net pension, and landfill closure and postclosure costs increased by \$152,635,000, or 9.5 percent, in comparison to prior year.

The following is a schedule of outstanding bonds as of September 30, 2016 and 2015.

# Lee County, Florida Summary of Outstanding Debt September 30, 2016 and 2015 (amounts expressed in thousands)

	Governmental		Business	s-type		
	Activities		Activities		Total	
	2016	2015	2016	2015	2016	2015
Revenue Bonds	\$212,083	\$219,158	\$629,610	\$665,120	\$841,693	\$884,278
Total	\$212,083	\$219,158	\$629,610	\$665,120	\$841,693	\$884,278

Standard and Poor's Rating Group suggests that debt service should not exceed 10-15 percent of appropriations. The fiscal year 2016 debt service was 5.0 percent of appropriations, which is within the suggested guidelines. The decrease in debt service as a percent of appropriations in the current year from the prior year's 5.3 percent is primarily attributable to refinancing of debt at lower costs.

Additional information on the County's long-term debt can be found in Note V on pages 71-83.

#### Economic Factors and Next Year's Budget Rates

The following were factors considered when next year's budget was prepared:

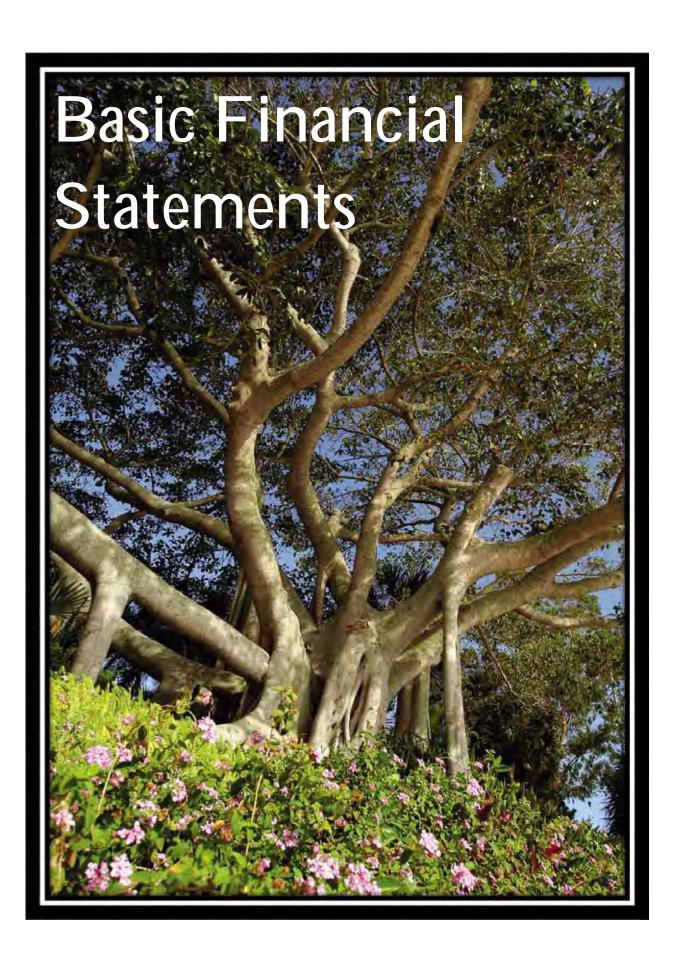

- Lee County had a 4.7 percent unemployment rate as compared to the State, which had a 4.7 percent unemployment rate, and the nation which had a 5.0 percent unemployment rate, as reported by the Florida Research & Economic Database and Lee County Economic Development.
- There was a 3 percent salary increase in the County's fiscal year 2016-2017 budget.
- There was an increase in the property values from fiscal year 2016, which is used for fiscal year 2017, of 8.5 percent, based upon values determined by the Property Appraiser.

## Lee County, Florida

# RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS

#### TO THE STATEMENT OF ACTIVITIES

For the Year Ended September 30, 2016 (amounts expressed in thousands)

Net change in fund balances - total governmental funds:		\$ 36,056
Amounts reported for governmental activities in the statement of activities are different beca	iuse:	
Governmental funds report capital outlays as expenditures. However, in the statement		
of activities the cost of those assets is depreciated over their estimated useful lives.		
Expenditures for capital assets 4	1,222	
Less current year depreciation (5	8,993)	(17,771)
The net effect of various miscellaneous transactions involving capital and intangible		,
assets (i.e., disposals, transfers, donations) is to increase net position.		3,225
Prepaid expenses that are not recorded in governmental funds under the modified accrua	1	
basis of accounting are recorded in the statement of activities under full accrual		
accounting.		(306)
Revenues in the statement of activities that do not provide current financial resources are		,
not reported as revenues in the funds.		172
Debt proceeds provide current financial resources for governmental funds, but issuing de	bt	
increases long-term liabilities in the statement of net position. Repayment of debt princ		
is an expenditure in the governmental funds, but the repayment reduces long-term	1	
liabilities in the statement of net position. Also, governmental funds report the effect of	f	
premiums and similar items when debt is first issued. These amounts are		
deferred and amortized in the statement of activities.		
	(5,169)	
	0,823	5,654
Some expenses reported in the statement of activities do not require the use of current		,
financial resources and therefore are not reported as expenditures in governmental fur	nds.	
	1,126)	
	4,610)	
Change in compensated absences	(719)	(46,456)
Interest on long-term debt in the statement of activities is recognized as the interest accrue	<u> </u>	( -,,
regardless of when it is due. In the governmental funds interest is recognized as an	,	
expenditure when it is due. Premiums and similar items are deferred and amortized		
in the statement of activities.		
Accrued interest on bonds	(501)	
	1,557	1,057
Internal service funds are used by management to charge the costs of certain activities to		_,,,,,
individual funds.		
The net loss of the internal service funds is reported with governmental activities		(4,843)
Change in net position of governmental activities		(\$23,212)

# NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

# Reporting Entity

Las a political subdivision of the State of Florida established by Article VIII, Section 1(f), Florida Constitution. In 1996 by adoption of Lee County Ordinance No. 96-01 the County became a charter county as allowed by Article VIII, Section 1(c), Florida Constitution, and Chapter 125.82, Florida Statutes. Pursuant to Article VIII, Section 1(g), Florida Constitution, as a charter county the County has all powers of self-government not inconsistent with general law, or with special law approved by vote. It also gives the County authority to enact ordinances that are not inconsistent with general law.

The County is governed by an elected Board of County Commissioners ("the Board"), which is governed by Title XI, Chapters 124-164, *Florida Statutes*, and regulations. In addition to the members of the Board, there are five elected Constitutional Officers: Clerk of Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector. The Constitutional Officers maintain separate accounting records and budgets.

The accompanying financial statements present the financial position and results of operations of the entity as a whole, by major fund, and non-major funds in aggregate, that are governed by the Board and the Constitutional Officers of Lee County, Florida.

As required by generally accepted accounting principles ("GAAP"), the financial statements of the reporting entity include those of Lee County (the primary government) and its component units. A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable. In addition, a component unit may be another organization for which the nature and significance of its relationship with a primary government is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The departments and divisions, of the Board and the Constitutional Officers as well as the Lee County Port Authority ("the Port Authority"), a blended component unit, are included in Lee County's Comprehensive Annual Financial Report.

# Blended Component Unit

The Port Authority is a dependent political subdivision of the County as defined in Chapter 189, Florida Statutes. The Port Authority was created by Chapter 63-1541, Laws of Florida, and by adoption of Resolution No. PA-87-8-9. The legal authority by which the Port Authority operates is found in Chapter 63-1541, Laws of Florida, and Chapters 125 and 332, Florida Statutes. The Port Authority is included in the County's reporting entity as a blended component unit due to the significance of the operational and financial relationships with the County.

Although it is a legally separate agency, financial support has been pledged and its financial and operational policies may be significantly influenced by the County. The Board of Port Commissioners is substantively the same governing body as the Board of County Commissioners. The Port Authority is accounted for as if it was a part of the County's operations and reported as a County Enterprise Fund.

Complete financial statements of the Port Authority component unit can be obtained as follows:

Lee County Port Authority 11000 Terminal Access Road, Suite 8671 Fort Myers, Florida 33913

# Government-Wide and Fund Financial Statements

The government-wide financial statements and the major-fund financial statements along with the notes to the financial statements comprise the basic financial statements. The government-wide financial statements (the statement of net position and the statement of activities) concentrate on the County as a whole and do not emphasize fund types

but rather a governmental or a business-type classification, which are presented in separate columns. The governmental activities and business-type activities comprise the primary government. Neither fiduciary funds nor component units that are fiduciary in nature are included. General governmental and inter-governmental revenues support the governmental activities, whereas the business-type activities are primarily supported by user fees and charges for services. The purpose of the government-wide financial statements is to allow the user to be able to determine if the County is in a better or worse financial position than the prior year.

The statement of activities reflects the expenses of a given function or program, which are offset by program revenues. Program revenues are defined as charges for services, operating grants and contributions, and capital grants and contributions directly associated with a given function. Taxes are reported under general revenue.

The County's major funds are presented in separate columns on the governmental fund financial statements and the proprietary fund financial statements. The definition of a major fund is one that meets certain criteria set-forth in Governmental Accounting Standards Board Statement Number 34, Basic Financial Statements- and Management's Discussion and Analysis- for State and Local Governments ("GASB 34"). The funds that do not meet the criteria of a major fund are considered nonmajor funds and are combined into a single column on the fund financial statements.

The County allocates indirect expenses and therefore reports this allocation in a separate column on the government-wide statement of activities.

The effect of interfund activity has been removed from the government-wide financial statements.

Internal service fund activity is reported in full on the proprietary fund financial statements. The internal service funds are combined and thus reported in a single summary column on the proprietary fund financial statements. However, the internal service fund activity has been eliminated - except for the outside activity - and is combined with the governmental activities on the government-wide financial statements. The outside activities are premiums paid from outside entities for insurance, employee's portion of insurance, auto and equipment repair, and participating governments in the radio program for the government communications network.

# Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The accounts of the County are organized on the L basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of selfbalancing accounts that comprise its assets, liabilities, deferred outflows/inflows of resources, fund equity or net position, revenues, appropriate. expenditures or expenses, as Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Basis of accounting refers to when revenues and expenditures, or expenses, are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are prepared on a full accrual basis using the economic resources measurement focus, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred. Property taxes are recognized in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all of the eligibility requirements have been met. Fiduciary fund financial statements are also prepared on an accrual basis.

Proprietary funds record both operating and nonoperating revenues and expenses. Operating revenues are those that are obtained from the

operations of the proprietary fund that include user fees, tolls, rental and franchise fees, and concessions. Non-operating revenues are not related to the operations of the proprietary fund and include taxes, interest earnings, grants, and passenger facility charges. Operating expenses represent the cost of operations, which includes depreciation. Non-operating expenses, such as interest expense, are not related to operations.

Governmental fund financial statements prepared on the modified accrual basis using the current financial resources measurement focus. Under the modified accrual basis, revenues are recognized when they become measurable and available as net current assets. The County considers all revenues, except grants, available if they are collected within sixty days after year-end. Grants are recorded as earned if collected within ninety days after year-end. Primary revenues, such as property special assessments, inter-governmental revenues, charges for services, sales and franchise taxes, rents, and interest are treated as susceptible to accrual under the modified accrual basis and so have been recognized as revenues. Expenditures reported in governmental fund financial statements are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. An exception to this general rule includes principal and interest on general long-term debt, which is recognized when due, and compensated absences which are accrued when matured.

When both restricted and unrestricted resources are available, restricted resources will be used first for incurred expenses, and then unrestricted as needed. When using the unrestricted resources, committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

The County reports the following major fund in the governmental fund financial statements:

#### General Fund

The General Fund is the general operating fund of the County that is used to account for all financial resources, except those required to be accounted for in another fund.

The County reports the following major funds in the proprietary fund financial statements:

#### Port Authority

The Lee County Port Authority is used to account for the activities related to the operation of the County owned aviation facilities, including Southwest Florida International Airport and Page Field General Aviation Airport.

#### Water and Wastewater

The Lee County Water and Wastewater System is used to account for the activities related to the operation of the County owned water and wastewater system.

#### Transportation Facilities

The Lee County Transportation Facilities fund is used to account for the activities related to the operation of the County owned bridges connecting Sanibel and Captiva Islands to the mainland and the Cities of Cape Coral and Fort Myers.

#### Solid Waste

The Lee County Solid Waste System is used to account for the provision of refuse disposal facilities to the general public.

The County reports the following other fund types:

#### Non-major Governmental Funds

The non-major governmental funds are a combination of special revenue, debt service, and capital projects.

#### Non-major Enterprise Funds

The only non-major enterprise fund is Lee County Transit. Lee County Transit is used to account for the activities related to the operation of the Lee Tran bus system, a countywide public transportation service.

#### Internal Service Funds

The internal service funds are used to account for data processing, risk management, health, dental and liability self-insurance, radio communications,

and fleet management services on a cost reimbursement basis.

Trust Fund

The trust fund accounts for the plan assets held for the County's Other Post-Employment Benefit ("OPEB") plan.

#### Agency Funds

The agency funds are used to account for assets collected and held by the County as an agent for individuals, organizations, or other governments, such as fire impact fees, impact fees for the Village of Estero, school impact fees for the Lee County School Board, or license plate tag fees collected on behalf of the State of Florida.

# *Use of Estimates*

The preparation of the financial statements requires management to make a number of estimates and assumptions relating to the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and the disclosure of contingent assets at the date of the financial statements. Preparation of the financial statements also requires management to make a number of estimates and assumptions relating to the reported amounts of revenues and expenditures during the period. Actual results could differ from those estimates.

# **Budgetary Information**

## Budgets and Budgetary Accounting

Budgets have been adopted by the Board for all Board funds except for agency funds. The budgets of the Property Appraiser and the Tax Collector are approved by the Florida Department of Revenue. The Sheriff and Supervisor of Elections prepare budgets for their general funds, which are submitted to and approved by the Board. The Clerk of Circuit Court (to the extent of her function as exofficio Clerk to the Board) prepares a budget for her general fund (noncourt-related activities), which is submitted to and approved by the Board. In addition, the Clerk prepares a portion of her

noncourt-related and special revenue budgets based on anticipated fees. The Clerk also prepares a court-related budget, which is submitted to and approved by the Florida State Legislature in the General Appropriations Act. No budget is prepared for the Property Appraiser's special revenue fund, and the Sheriff's special revenue and internal service funds.

Capital projects costs are budgeted in the year they are anticipated to be obligated. In subsequent years, the unused budget is reappropriated until the project is completed. Proprietary funds are budgeted on a basis consistent with GAAP, except that capital and debt related transactions are based upon cash receipts and disbursements. Estimated beginning fund balances are considered in the budgetary process. Differences between estimated beginning fund balances and actual fund balances, if material, are submitted to the Board as budget amendments. The annual budgets serve as the legal authorization for expenditures. Expenditures cannot legally exceed the total amount budgeted for each fund. The Board must approve all budget amendments, legally the which change adopted appropriation for a fund, or amount Constitutional Officers' draw. Authority to transfer budget within a fund is delegated to the County Manager or Budget Director.

If, during the fiscal year, additional revenues become available for appropriation in excess of those estimated in the budget, the Board may make supplemental appropriations by resolution for the year up to the amount of such excess. During the fiscal year the Board, in accordance with Florida Statutes, approved various supplemental appropriations. Appropriations lapse at fiscal year-end.

Assets, Liabilities, Deferred Outflows/ Inflows of Resources, and Net Position or Equity

Cash, Cash Equivalents, and Investments

The County considers cash, cash equivalents, and investments to be cash on hand, demand deposits, highly liquid investments, including those

held as restricted assets, with original maturities of three months or less when purchased, and those included in the internal investment pool.

For accounting and investment purposes, the County maintains a cash and investment pool that is available for use by all funds except those whose cash and investments must be segregated due to legal or other restrictions. Investments within this pool are treated as a demand deposit account by the various funds of the County that participate. Interest earned on investments in the pool is allocated to the various funds based upon each fund's equity balance in the pool during the allocation period.

For purposes of the Statements of Cash Flows, the County considers cash and equity in pooled cash and investments (restricted and unrestricted), and restricted cash and cash equivalents with fiscal agent to be cash and cash equivalents.

The County reports all investments at fair value, with the exception of the State Board of Administration's ("SBA") Florida Local Government Surplus Trust Fund Investment Pool (Florida PRIME) which is reported at amortized cost and approximates fair value. The County also participates in the Florida Cooperative Liquid Assets Securities System (FLCLASS) investment pool and the Florida Local Government Investment Trust (FLGIT) which are measured at net asset value per share. The County categorizes its fair value measurements within the fair value hierarchy established in Governmental Accounting Standards Board Statement No. 72, "Fair Value Measurements and Application".

Florida PRIME is considered a qualifying external investment pool that meets all of the necessary criteria to elect to measure all of the investments at amortized cost. Therefore, the fair value of the County's position in the pool is the same as the value of the pool shares. The Florida PRIME investments are not categorized because they are not evidenced by securities that exist in physical or book entry form. Throughout the year, and as of September 30, 2016, Florida PRIME contained certain floating and adjustable rate securities. These

investments represented 27.6 percent of Florida PRIME's portfolio at September 30, 2016.

In accordance with Governmental Accounting Standards Board Statement No. 79, Certain External Investment Pools and Pool Participants, as a participant in a qualifying external investment pool, the County should disclose the presence of any limitations or restrictions on withdrawals (such as redemption notice periods, maximum transaction amounts, and the qualifying external investment pool's authority to impose liquidity fees or redemption gates) in notes to the financial statements.

With regard to redemption gates, Section 218.409(8)(a), Florida Statutes, states that "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, the Investment Advisory Council, and Participant Local Government Advisory Council. The Trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium contributions and withdrawals, the moratorium may be extended by the Executive Director until the Trustees are able to meet to review the necessity for the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the Trustees exceed 15 days."

With regard to liquidity fees, Section 218.409(4), Florida Statutes provides authority for the SBA to

impose penalties for early withdrawal, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made.

As of September 30, 2016, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value.

#### Accounts Receivable

The trade accounts receivable of the County are recorded in the government-wide, governmental, and proprietary fund financial statements and are net of an allowance for doubtful accounts, which generally is equivalent to the receivables that are over 90 days, plus any amounts to be submitted to the Board of County Commissioners for write-off due to known uncollectible amounts.

Special assessment receivables that are not expected to be collected in the current year are reported as Deferred Inflows - unavailable revenue in the governmental fund statements. Delinquent special assessments receivable are expected to be recovered, ultimately through liens or foreclosures.

#### Due From/Due To

During the course of operations, the County has activity between funds for various purposes. Any residual balances at year-end are reported as due from/to other funds. While these balances are reported in the fund financial statements, any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide statement of net position as "internal balances."

#### Inventory

Inventories reported within governmental and proprietary funds consisting of materials and supplies held for consumption are valued at cost using the first-in, first-out method (FIFO). These inventories are recorded as expenditures, or expenses, as they are used (consumption method). Such inventories reported within governmental

funds are classified as non-spendable. Inventory held for resale consists of real estate holdings which the County intends to sell as part of a Neighborhood Stabilization grant program and are reported at the lower of cost or market. The inventory is classified as a restricted asset, which indicates it does not constitute available resources.

### Prepaid Items

Some payments to vendors represent costs applicable to future accounting periods and are recorded as prepaid items in the financial statements.

### Advances To/From Other Funds

County Administration Code AC-3-4 ("the Code") allows loans between funds that are approved by the County Manager or their designee to be made for a period not to exceed beyond the current fiscal year or thirty days, whichever is greater. Loans that will not be repaid by the end of the current fiscal year must be approved by the Board of County Commissioners to be carried into the next fiscal year and are considered advances. Interest is calculated monthly using either the fixed or simple interest method, which is a variable rate based on the current rate used on Board funds deposited at the SBA, although the Code does allow for interest-free loans. The Code does not specify repayment requirements. When a determination is made that the advance will not be repaid, it is treated as a transfer. At September 30, 2016, the County has one outstanding advance with payment terms of less than one year.

### Capital Assets

Capital assets include artwork, property, buildings, furniture, equipment, vehicles, software, easements and rights of way, and infrastructure assets. Infrastructure assets are defined as public domain capital assets such as roads, bridges, curbs and gutters, streets and sidewalks, drainage systems, lighting systems, and similar assets that are immovable and of value only to the government unit. Capital assets are reported in the government-wide financial statements in the applicable

governmental or business-type activities column, as well as the proprietary fund financial statements. The threshold for capitalizing property, plant, and equipment is \$1,000. The threshold for capitalizing software and infrastructure is \$100,000. Capital assets are recorded at cost or estimated historical cost. Contributed assets are recorded at estimated fair market value at the time received. Depreciation is calculated using the straight-line method over the estimated useful lives of the related assets. The ranges of the useful lives are as follows:

Asset	<u>Years</u>
Buildings	30-50
Improvements other than buildings	6-50
Equipment	3-35
Computer Equipment	3-10
Furniture	4-20
Vehicles & rolling stock	3-12
Software	3-5
Infrastructure	20-50

Florida Statutes require that the Board maintain accountability for all capital assets used in operations, except those separately accounted for by the Sheriff.

#### Capital Lease Obligations

In the government-wide financial statements and proprietary fund financial statements, capital lease obligations and the related cost of assets acquired are reflected in the Statement of Net Position. For capital lease obligations in governmental funds, expenditure for the asset and the offsetting other financing source is reflected in the fund financial statements in the year of inception.

#### **Unearned Revenues**

Unearned revenues represent revenues collected in advance of services performed and will be recognized when the services are rendered.

#### Compensated Absences

The County maintains a policy that permits employees to accumulate earned but unused vacation and sick pay benefits that will be paid to employees upon separation from County service if certain criteria are met. These benefits, plus their related tax and retirement costs are classified as compensated absences. The County's policy requires employees to bank unused sick pay benefits. Both the current and long-term portion of compensated absences are accrued and reported in the government-wide and proprietary fund financial statements. The exception to this policy is the Lee County Port Authority, which has a mandatory annual buyback of unused leave. This is accounted for pursuant to GASB Statement Number 16, Accounting for Compensated Absences. Payments for compensated absences are made by the respective fund.

#### Unamortized Bond Premiums and Discounts

Bond premiums and discounts related to long-term debt are amortized over the life of the debt, principally by the effective-interest method. Notes payable and revenue bonds payable in the government-wide and proprietary fund financial statements are shown net of unamortized discounts and premiums. Premiums and discounts related to general long-term debt in the governmental fund financial statements are recorded as expenditures or other financing sources when paid or received and, therefore, are not accounted for in subsequent periods.

#### Deferred Outflows of Resources

Deferred outflows of resources represents a consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expense or expenditure) until then. The deferred outflows of resources reported in the County's Statement of Net Position represent pension related balances for changes in actuarial assumptions, the difference between expected and actual economic experience, the net difference between projected and actual earnings, changes in the proportion and differences between the County's contributions and proportionate share of contributions, and the County's contributions subsequent to the measurement date, relating to the Florida Retirement System Pension Plan and the Retiree Health Insurance Subsidy Program. These

amounts will be recognized as increases in pension expense in future years. The County also reports a deferred outflow of resources for the losses on refunding that result from the difference in the carrying value of refunded debt and its reacquisition price. This amount is amortized using the effective-interest method in the government-wide and proprietary fund financial statements over the shorter of the life of the old bonds or the life of the new bonds.

### Deferred Inflows of Resources

Deferred inflows of resources represents acquisition of resources that applies to future reporting period(s) and will not be recognized as an inflow of resource (revenue) until then. In governmental funds, revenues not received within sixty days of year-end are deferred until collected as they do not meet the availability criteria. The County currently has unavailable revenue for special assessments, grants, and accounts receivables. The deferred inflows of resources reported in the County's Statement of Net Position represents pension related balances for the difference between expected and actual economic experience, and changes in the proportion and differences between the County's proportionate contributions and share contributions relating to the Florida Retirement System Pension Plan and the Retiree Health Insurance Subsidy Program. These amounts will be recognized as reductions in pension expense in future years. Also included in deferred inflows of resources are gains on refunding that result from the difference in the carrying value of refunded debt and its reacquisition price. This amount is amortized the effective-interest method in government-wide and proprietary fund financial statements over the shorter of the life of the old bonds or the life of the new bonds.

#### Pensions

In the government-wide and proprietary funds statements of net position, liabilities are recognized for the County's proportionate share of each pension plan's net pension liability. For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) defined benefit plan and the Health Insurance Subsidy (HIS) and additions to/deductions from FRS's and HIS's fiduciary net position have been determined on the same basis as they are reported by the FRS and HIS plans. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds of employee contributions are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### Net Position

In the government-wide and proprietary fund financial statements net position is categorized as net investment in capital assets, restricted and unrestricted. Restricted net position indicates amounts that have constraints on their use externally imposed by creditors, through debt covenants, by grantors, or by law. Restricted assets are being reported for: capital projects; debt service; inventory held for resale; special revenue funds; and renewal and replacement. The government-wide statement of net position reports \$219,413,000 of governmental activities restricted net position, of which \$198,738,000 is restricted by enabling legislation.

#### Fund Balances

In the governmental fund financial statements the County reports fund balances as either non-spendable or spendable. Spendable fund balances are further classified in a hierarchy based on the extent to which there are external and internal constraints.

Non-spendable balances are those that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Criteria include items that are not expected to be converted into cash, for example inventories and prepaids. It also includes the long-term amount of loans and notes receivable, as well as property acquired for resale. However, if the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed, or assigned, then they should be included in the appropriate fund balance classification.

Spendable fund balances are classified as follows:

Restricted Fund Balance – Amounts that are constrained for a specific purpose imposed by creditors (such as through debt covenants), grantors, contributors, laws or regulations, or through constitutional provisions or enabling legislation.

Committed Fund Balance – Amounts constrained for a specific purpose imposed by a formal action of adopting an ordinance by the Board, the highest level of decision making authority, for the County. Once adopted, an ordinance can only be modified, rescinded, or replaced in the same manner, by another ordinance of the Board.

Assigned Fund Balance – Amounts that are intended to be used for specific purposes as determined by the Board, but that are neither restricted nor committed. Per the Board's administrative code, only the Board is authorized to assign fund balance.

*Unassigned Fund Balance* – Amount represents the residual fund balances for the County's General Fund that does not meet the other fund balance classification requirements.

# NOTE II. DIFFERENCE BETWEEN BUDGETED AND ACTUAL RESULTS

 $\mathbf{B}_{\text{GAAP}}$  except as follows:

• General Fund - Emergency Medical Services (EMS) ambulance fees are budgeted on a cash

basis; the adjustment to record the remaining outstanding fees to accounts receivable for the year is not budgeted. Changes in fair market value (FMV) of investments, repayment of an advance from another fund, and inventory adjustments are not budgeted.

The following adjustments were necessary to present actual data on a budgetary basis (Non-GAAP) for the fiscal year ended September 30, 2016 (dollars in thousands):

#### General Fund:

Net change in fund balance (GAAP basis)	(\$4,987)
Basis Difference:	
EMS ambulance fees not reported on	
a cash basis	(1,316)
Fair market value adjustment	(68)
Advance not budgeted as transfer	28
Expenditures associated with inventory	743
Capital outlay for equipment purchased	
through capital lease	4,936
Capital lease proceeds	(4,936)
Net change in fund balance non-GAAP	(\$5,600)

#### NOTE III. PROPERTY TAXES

Property taxes become due and payable on November 1 of each year and are delinquent on April 1 of the following year. Discounts on property taxes are allowed for payments made prior to the April 1 delinquent date. Tax certificates for the full amount of any unpaid taxes must be sold no later than June 1 of each year. No accrual for the property tax levy becoming due in November 2016 is included in the accompanying financial statements, since such taxes are collected to finance expenditures of the subsequent period.

Procedures for collecting delinquent taxes, including applicable tax certificate sales and tax deed sales, are provided by Florida Statutes. The enforceable lien date is approximately two years after taxes become delinquent and occurs only upon request of a holder of a delinquent tax certificate. There were no significant delinquent property tax receivables at September 30, 2016.

Important dates in the property tax cycle are as follows:

- Assessment roll certified- July 1
- Millage resolution approved- no later than 95 days following receipt of the certified preliminary assessment roll
- Beginning of fiscal year for which taxes have been levied- October 1
- Taxes due and payable (levy date)-November 1
- Property taxes payable (maximum discount of 4 percent)- 30 days after levy date

- Due date- March 31
- Taxes become delinquent (lien date)- April 1
- Tax certificate sold- prior to June 1

# NOTE IV. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

# Compliance with Finance Related Legal and Contractual Provisions

Management believes there were no violations of finance related legal and contractual provisions.

Restricted cash, cash equivalents and investments	452,428
Agency Funds:	
Cash, cash equivalents and investments	40,455
Total	\$ 1,310,938

#### Fair Value

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on valuation inputs used to measure the fair value of the asset.

<u>Level 1</u> – Valuation is based on quoted prices for identical instruments traded in active markets. At September 30, 2016, the County held no such assets.

<u>Level 2</u> – Valuation is based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.

<u>Level 3</u> – Valuation is based on model-based techniques that use significant inputs and assumptions not observable in the market. These unobservable inputs and assumptions reflect the Reserve Banks' estimates of inputs and assumptions that market participants would use in pricing the assets and liabilities. Valuation techniques include the use of option pricing models, discounted cash flow models, and similar techniques. At September 30, 2016, the County held no such assets.

The categorization of investments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment's risk.

The County invests in U.S. Treasury and Agency Securities which were valued using a matrix pricing model and determined to be Level 2 inputs.

The County has the following recurring fair value measurements as of September 30, 2016 (dollars in thousands):

*Investments by fair value level (Level 2)*Debt securities

U.S. Treasury securities	\$ 180,055
Agency securities	435,309
Total debt securities	615,364
Total Investments by fair value level	615,364
Investments measured at the net asset value (NA)	V)
Local Govt Investment Pool (FLCLASS)	20,058
Local Government Investment Trust (FLGIT)	2,021
Money Market	10,018
Total investments measured at the NAV	\$ 32,097

#### Credit Risk

The Board's Investment Policy (Policy) limits credit risk by restricting authorized investments for their investment portfolio to the following:

- A.) Direct obligations of, or obligations the principal and interest of which are unconditionally guaranteed by the United States Government.
- B.) U.S. Government sponsored enterprises.
- C.) U.S. Government Agencies.
- D.) Florida Local Government Surplus Funds Trust Fund.
- E.) Interest-bearing time deposits or savings accounts in banks organized under the laws of Florida, in national banks organized under the laws of the United States and doing business and situated in Florida. Savings and loan associations which are under federal law and supervision, provided deposits are secured by collateral as may be prescribed by law. The institution must be fully insured by Federal Deposit Insurance Corporation, or Federal Savings and Loan Insurance Corporation, and are approved by the State Treasurer as a qualified public depository.
- F.) Securities of, or other interests in, any openend or closed-end management type investment company or investment trust registered under the Investment Company Act of 1940, provided their portfolio is

limited to United States Government obligations and repurchase agreements fully collateralized by such United States Government obligations.

- G.) Repurchase agreements with any primary brokers/dealers that are fully collateralized by direct obligations of United States, or United States government sponsored corporation/ instrumentalities, or United States government agencies.
- H.) Bonds, notes or obligations of any state of the United States, any municipality, political subdivision, agency or authority of this state which are exempt from federal income taxation, and are rated by any nationally recognized rating agency for municipal bonds in any of the two highest classifications.
- I.) SEC registered, no-load money market mutual funds whose portfolios consist of tax exempt securities and repurchase agreements, whose shares of the mutual fund must be rated in the highest category by a nationally recognized rating service.
- J.) Florida Local Government Investment Trust (FLGIT).
- K.) SEC registered money market mutual funds with average portfolio maturities under 120 days, whose portfolios consist of United States Government securities and repurchase agreements secured by such securities.

The Board's Policy requires that collateral for overnight and term repurchase agreements must maintain a minimum price of 101 percent on U.S. Treasuries and 102 percent on Agencies and Instrumentalities not to exceed five (5) years, and must be "marked to market" on a weekly basis. The Board's Policy also requires that the obligations of any state or municipality be rated by at least one of the nationally recognized rating agencies in any one of the two (2) highest classifications, and that investments in money market mutual funds must be rated in the highest category by a nationally

recognized rating service. All credit ratings indicated in the above table are Standard & Poor's (S&P) ratings.

The Clerk does not have a formal written investment policy and thereby is required to follow Section 218.415, Florida Statutes, when investing surplus funds. This statute limits investing of surplus funds to the Local Government Surplus Funds Trust Fund, intergovernmental investment authorized pursuant to the Florida Interlocal Cooperation Act of 1969, Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency, interest-bearing time deposits or savings accounts in qualified public depositories, or direct obligations of the U.S. Treasury. All other Constitutional Officers, except the Clerk, follow the guidance in Section 219.075, Florida Statutes, regarding the deposit of funds and the investment of surplus funds, in addition to Section 218.415, Florida Statutes.

There is no formal written policy for the other postemployment benefit trust portfolio. The County adopted an ordinance allowing the trust assets to be invested in the same investments allowed by the Florida Retirement System as described in Chapter 215, Florida Statutes.

#### Custodial Credit Risk

The Board's Policy requires that bank deposits be secured as provided by Chapter 280, Florida Statutes, and that the banks must be fully insured by the Federal Deposit Insurance Corporation (FDIC) or the Federal Savings and Loan Insurance Corporation (FSLIC) and approved by the State Treasurer as a public depository. At September 30, 2016, all of the County's bank deposits, including the Constitutional Officers', were in qualified public depositories.

The Board's Policy requires execution of a thirdparty custodial safekeeping agreement for all purchased securities and collateral, and requires that they be held in the County's name.

#### Interest Rate Risk

The Board's Policy requires an average minimum dollar amount equivalent to eight weeks of expenditures shall be held in a liquid investment, and securities will not be directly invested in or accepted as collateral that have a maturity date greater than five (5) years from the settlement date.

### Concentration of Credit Risk

The Board's Policy establishes limitations on portfolio composition in order to control concentration of credit risk. The Board's Policy allows 100 percent of the portfolio to be invested in United States Treasuries/Agencies, 50 percent to be invested in Local Government Surplus Funds, 20 percent to be invested in repurchase agreements, 65

percent to be invested in money market mutual funds (no individual fund family can exceed 30 percent of the overall portfolio), 30 percent to be invested in Certificate of Deposits, and 5 percent to be invested in FLGIT. No more than 25 percent of the total portfolio can be invested with one investment company.

The portion of the County's portfolio invested in Federal instrumentalities is detailed as follows, at September 30, 2016:

	r ercent of
Issuer	Portfolio
Federal Home Loan Bank	9.26%
Federal Home Loan Mortgage Corp	11.70%
Federal National Mortgage Association	11.70%
Federal Farm Credit Bank	9.74%
Total Federal Instrumentalities	42.40%

#### Receivables

At September 30, 2016, receivables for the County's major funds and all other funds in aggregate were as follows (dollars in thousands):

		Non-Major	Total

## Capital Assets (continued)

Interest costs related to construction are capitalized. Net interest expense capitalized for the year ended September 30, 2016, was \$ 3,195,000.

Depreciation expense was charged to functions as follows (dollars in thousands):

Governmental activities:	Business-type activities:							
General government	\$ 16,485	Port Authority	\$	22,550				
Public safety	7,055	Water and Wastewater		42,465				
Physical environment	2,124	Transportation Facilities		7,686				
Transportation	22,563	Solid Waste		14,541				
Economic environment	318	Other non-major Transit		3,862				
Human services	141	Total depreciation for						
Culture and recreation	13,494	business-type activities	\$	91,104				
Total depreciation for								
governmental activities	\$ 62,180							

Note: Total depreciation expense by function may not agree with the related disclosed accumulated depreciation because of asset transfers. Asset transfers may occur between between asset categories such as Improvements Other Than Buildings and Infrastructure. The related accumulated depreciation for the asset transfer is reported in the Increase and/or Decrease columns on the schedule of capital assets; therefore, the increase in accumulated depreciation can be different from the current year's depreciation.

#### Construction Commitments

The County has active construction projects as of September 30, 2016. The significant commitments for remaining contracts were as follows (dollars in thousands):

	Contract Amount			mount nt-to-date	maining nmitment	Retainage	
Port Authority	\$	82,517	\$	68,056	\$ 14,461	\$	2,126

## Lee County, Florida NOTES TO THE FINANCIAL STATEMENTS

September 30, 2016

#### **Interfund Transactions**

#### Due To/From Other Funds

Interfund balances for the year ended September 30, 2016, consisted of the following (dollars in thousands):

								Due F	rom	1				
			N	Ion-Major								Other	Internal	
	G	eneral		Gov't	W	ater and	T	ransportation		Solid	No	on-Major	Service	
	I	Fund		Funds	Wa	stewater		Facilities		Waste		Transit	Funds	Total
Due To:														
General Fund	\$	-	\$	1,074	\$	1	\$	-	\$	152	\$	-	\$ 190	\$ 1,417
Non-Major Governmental Funds		985		1,414		1		47		7		54	111	2,619
Port Authority		7				-				-		-		7
Water & Wastewater		-		-		-		-		24		-	14	38
Transportation Facilities		-		9,501		-		-		-		-	10	9,511
Solid Waste		-		-		-		-		-		-	5	5
Other Non-Major Transit		-		-		-		-		-		-	10	10
Internal Service Funds				3									7	 10
	\$	992	\$	11,992	\$	2	\$	47	\$	183	\$	54	\$ 347	\$ 13,617

The majority of interfund balances as of September 30, 2016 are due to interfund billings for services and return of excess fees from the Constitutional Officers.

#### Advances To/Advances From Other Funds

Interfund advances for the year ended September 30, 2016, consisted of an advance to Port Authority from General Fund in the amount of \$5,000 for a utility line construction loan. Repayment of advances is based on cash availability at year end in the borrowing funds therefore the outstanding balances are not on a schedule to be repaid within the following year.

#### Interfund Transfers

Interfund transfers for the year ended September 30, 2016, consisted of the following (dollars in thousands):

		Transfers In										
		Non-Major						Other	Internal			
	General Fund		Gov't Funds		Solid Waste		Non-Major Transit		Service Funds			
												Total
Transfers out:												
General Fund	\$	-	\$	41,925	\$	141	\$	11,713	\$	2,000	\$	55,779
Non-Major Governmental Funds		2,482		57,847		-		712		-		61,041
Solid Waste		292		-		-		-		-		292
Transportation Facilities			_	11,191	_							11,191
	\$	2,774	\$	110,963	\$	141	\$	12,425	\$	2,000	\$	128,303

The majority of interfund transfers were for recurring annual transfers. There were two notable non-recurring transfers in 2016. The Tourist Development fund transferred \$27,189,000 for repayment of the Red Sox internal loan and player development complex fields expenses. The General fund transferred \$8,490,000 to Transportation Capital Improvement for funding County growth.

## Governmental Fund Balances

At September 30, 2016, the County's governmental fund balances were classified as follows (dollars in thousands):

	(	General		Other ernmental	Gov	Total vernmental

## Long-Term Obligations

#### Leases

#### **Operating Leases**

The County is currently committed to various operating leases with terms in excess of one year. The future minimum rental payments as of September 30, 2016, were as follows (dollars in thousands):

Fiscal Year(s)	Amount
2017	\$2,279
2018	1,537
2019	1,149
2020	620
2021	470
2022-2026	1,841
2027-2031	1,904
2032-2036	2,029
Total	<u>\$11,829</u>

For all operating leases, rental expense is recorded with separate amounts for minimum rentals, contingent rentals, and sublease rentals.

The following schedule shows the total rental expense for all operating leases, including those with terms of less than one year, for the year ended September 30, 2016 (dollars in thousands):

Minimum rentals	\$2,351
Contingent rentals	48
Short-term leases	1,009
Total rent expense	<u>\$3,408</u>

An operating lease has a contingent rental when the amount of the rental payment may change based on the occurrence of certain events. For example, rental payments may increase due to additional usage or a change in the Consumer Price Index (CPI) rate or other economic indicators. Most operating leases have the option to renew for either a one or two year term. In most cases, the County expects to renew or replace all operating leases.

#### Capital Leases

Capitalized leases payable at September 30, 2016 amounted to \$7,907,000. These obligations, which are collateralized by equipment and vehicles, have total annual installments ranging from \$14,000 to \$567,000 including interest ranging from 1.99 percent to 3.65 percent and mature through 2025. As of year-end, equipment currently leased under capital leases in the governmental activities had a historical cost of \$6,359,000 and accumulated depreciation of \$293,000. Equipment currently leased under capital leases in the business-type activities had a historical cost of \$2,416,000 and accumulated depreciation of \$259,000.

Future minimum capital lease obligations as of September 30, 2016 were as follows (dollars in thousands):

	Governmental		Busi	ness-type

#### Revenue Bonds

The County issued revenue bonds for both governmental and business-type activities. The descriptions and balances of the outstanding revenue bonds as of September 30, 2016, were as follows:

#### Governmental Activities

• Series 2006 Capital Revenue Bonds for \$63,605,000 at interest rates ranging from 4 percent to 5 percent (effective interest rate of

3.61 percent) collateralized by a lien on and a pledge of non-ad valorem funds including ambulance service receipts, building permits, zoning fees, data processing fees, excess County Officer fees, franchise fees, guaranteed entitlement funds, investment earnings, license fees, pledged gas taxes, and sales tax. The bonds were partially advanced refunded on June 24, 2015 with the Non-Advalorem Refunding Revenue Bond, Series 2015. The remaining bonds are payable through 2016. outstanding balance was \$2,390,000.

The Capital Revenue Bonds were issued for the construction of the Jail and Evidence Facility. The total principal and interest remaining to be paid is \$2,450,000. Principal and interest paid for the current year, and pledged revenues collected were \$2,275,000 and \$121,454,000, respectively.

- Series 2004 Tourist Development Tax Refunding Revenue Bonds for \$8,195,000 at interest rates ranging from 2 percent to 5.25 percent (effective interest rate of 5.03 percent), collateralized by a lien on and a pledge of the tourist development tax, gross revenues of the baseball stadiums, and investment earnings. The bonds are payable through 2016. The outstanding balance was \$790,000.
- Series 2010A Tourist Development Tax Revenue Bonds (Federally Taxable-Build America Bonds-Direct Subsidy) for \$42,480,000 at interest rates ranging from 4.10 percent to 6.09 percent (effective interest rate of 5.79 percent), collateralized by a lien on and a pledge of the tourist development tax, gross revenues of the baseball stadiums, investment earnings, and federal direct subsidy payments on these Build America Bonds. The bonds are payable through 2033. The outstanding balance was \$42,480,000.
- Series 2010B Tourist Development Tax Revenue Bonds (Federally Taxable-Build America Bonds Recovery Zone Economic Development Bonds-Direct Subsidy) for \$37,403,000 at an interest rate of 6.29 percent (effective interest rate of 6.29

percent), collateralized by a lien on and a pledge of the tourist development tax, gross revenues of the baseball stadiums, investment earnings, and federal direct subsidy payments on these Build America Bonds-Recovery Zone Economic Development Bonds. The bonds are payable through 2040. The outstanding balance was \$37,403,000.

- Series 2010C Tourist Development Tax Revenue Bonds for \$1,275,000 at interest rates ranging from 2 percent to 3 percent (effective interest rate of 1.84 percent), collateralized by a lien on and a pledge of the tourist development tax, gross revenues of the baseball stadiums, and investment earnings. The bonds are payable through 2016. The outstanding balance was \$370,000.
- Series 2013 Tourist Development Tax Revenue Bonds for \$41,475,000 at interest rates ranging from 3 percent to 5 percent (effective interest rate of 4.02 percent), collateralized by a lien on and a pledge of the tourist development tax, gross revenues of the baseball stadiums, and investment earnings. The bonds are payable through 2043. The outstanding balance was \$41,475,000.

The Tourist Development Tax Revenue Bonds were for the issued construction and capital improvements of the Hammond and the JetBlue baseball stadiums. The total principal and interest remaining to be paid on the Tourist Development Tax Revenue Bonds is \$239,933,000. The total principal and interest paid for the current year was \$7,547,000. For the current year, pledged revenues collected were \$41,288,000 and federal subsidies received to offset the interest expense were \$1,769,000.

 Series 2012 Non-Ad Valorem Refunding Revenue Bonds for \$48,385,000 at interest rates ranging from 2 percent to 5 percent (effective interest rate of 2.21 percent), collateralized by a lien on and a pledge of non-ad valorem funds including ambulance service receipts, building

permits, zoning fees, data processing fees, excess County Officer fees, franchise fees, guaranteed entitlement funds, investment earnings, license fees, pledged gas taxes, and sales tax. The bonds are payable through 2024. The outstanding balance was \$38,535,000.

• Series 2015 Non-Ad Valorem Refunding Revenue Bonds for \$48,640,000 at a interest rate of 5 percent (effective interest rate of 3.18 percent), collateralized by a lien on and a pledge of non-ad valorem funds including ambulance service receipts, building permits, zoning fees, data processing fees, excess County Officer fees, franchise fees, guaranteed entitlement funds, investment earnings, license fees, pledged gas taxes, and sales tax. The bonds are payable through 2026. The outstanding balance was \$48,640,000.

The total principal and interest remaining to be paid on the Non-Ad Valorem Bonds is \$117,521,000. Principal and interest paid for the current year and pledged revenues collected were \$7,582,000 and \$122,602,000, respectively.

#### Business-Type Activities

- Series 2010A Airport Revenue Refunding Bonds, for \$119,350,000 at interest rates ranging from 3.0 percent to 5.5 percent (effective interest rate of 5.25 percent), collateralized by a lien on and a pledge of net revenues of the SWFIA. The bonds are payable through 2022. The outstanding balance was \$77,910,000.
- Series 2011A Airport Revenue Refunding Bonds \$174,450,000 at interest rates ranging from 3.0 percent to 5.63 percent (effective interest rate of 5.53 percent), collateralized by a lien on and a pledge of net revenues of the SWFIA. The bonds are payable through 2032. The outstanding balance was \$173,855,000.
- Series 2015 Airport Revenue Refunding Bonds, for \$33,425,000 at interest rate of 5 percent (effective interest rate of 4.65 percent),

collateralized by a lien on and a pledge of net revenues of the SWFIA. The bonds are payable through 2033. The outstanding balance was \$33,425,000.

The Airport Revenue Bonds were issued for various capital projects. The total principal and interest remaining to be paid out on the Airport Revenue Bonds is \$440,805,000. Principal and interest paid for the current year and pledged revenues collected were \$24,005,000 and \$35,070,000, respectively.

- Series 2011 Water and Sewer Refunding Revenue Bonds for \$74,855,000 at interest rates ranging from 3 percent to 5.25 percent (effective interest rate of 4.29 percent), collateralized by a lien on and a pledge of the net revenues of the Lee County Water and Wastewater System. The bonds are payable through 2026. The outstanding balance was \$59,150,000.
- Series 2012A Water and Sewer Refunding Revenue Bonds for \$19,990,000 at an interest rate of 5 percent (effective interest rate of 3.65 percent), collateralized by a lien on and a pledge of the net revenues of the Lee County Water and Wastewater System. The bonds are payable through 2029. The outstanding balance was \$19,990,000.
- Series 2012B Water and Sewer Refunding Revenue Bonds for \$7,490,000 at an interest rate of 5 percent (effective interest rate of 3.75 percent), collateralized by a lien on and a pledge of the net revenues of the Lee County Water and Wastewater System. The bonds are payable through 2029. The outstanding balance was \$7,490,000.
- Series 2013A Water and Sewer Revenue Bonds for \$53,755,000 at interest rates ranging from 2 percent to 5 percent (effective interest rate of 4.45 percent), collateralized by a lien on and a pledge of the net revenues of the Lee County Water and Wastewater System. The bonds are payable through 2043. The outstanding balance was \$52,355,000.

• Series 2013B Water and Sewer Refunding Revenue Bonds for \$39,440,000 at interest rates ranging from 2 percent to 5 percent (effective interest rate of 4.29 percent), collateralized by a lien on and a pledge of the net revenues of the Lee County Water and Wastewater System. The bonds are payable through 2027. The outstanding balance was \$35,540,000.

The Water and Sewer Revenue Bonds were issued for various capital projects. The total principal and interest remaining to be paid out on the Water and Sewer Revenue Bonds is \$264,478,000. Principal and interest paid for the current year and net pledged revenues collected were \$15,817,000 and \$64,902,000, respectively.

• Series 2014 Transportation Facilities Refunding Revenue Bonds for \$106,570,000 at interest rates ranging from 2 percent to 5 percent (effective interest rate of 3.18 percent) collateralized by a lien on and pledge of the net revenues of the Sanibel Bridge, Cape Coral Bridge, and Midpoint Memorial Bridge Facilities. The bonds are payable through 2035. The outstanding balance was \$103,735,000.

The Transportation Facilities Revenue Bonds were issued for various capital projects. The total principal and interest remaining to be paid out on the Transportation Facilities Revenue Bonds is \$150,159,000. Principal and interest paid for the current year and net pledged revenues collected were \$8,784,000 and \$37,098,000, respectively.

• Series 2016 Solid Waste System Refunding Revenue Bonds, for \$66,160,000 at interest rates ranging from 2 percent to 5 percent (effective interest rate of 2.05 percent), collateralized by a lien on and a pledge of net revenues of the Lee County Solid Waste System. The bonds are payable through 2026. The outstanding balance was \$66,160,000.

The Solid Waste Revenue Bonds were issued for various capital projects. The total principal and interest remaining to be paid out on the Solid Waste Revenue Bonds is \$85,703,000. Principal and interest paid for the current year and net pledged revenues collected were \$10,716,000 and \$10,915,000, respectively.

The annual debt service requirements for revenue bonds at September 30, 2016, were as follows (dollars in thousands):

#### Debt Refunding

n September 14, 2016, the County issued Solid Waste System Refunding Revenue Bonds, Series 2016, in the amount of \$66,160,000 at interest rates ranging from 2 percent to 5 percent maturing on October 1, 2026. Proceeds of the bonds were used to currently refund \$76,345,000 of outstanding Solid Waste System Revenue Bonds, Series 2006A, at an interest rates ranging from 4.5 percent to 5.125 percent on current interest paying bonds maturing on October 1 in years 2016 through 2026.

The current refunding resulted in a reduction of future debt service payments by approximately \$6,793,000 over the next 11 years and obtained an economic gain of \$10,817,000.

On the date of issuance of the Series 2016 Bonds, the County purchased U.S. Government Securities which were placed in an irrevocable trust with an escrow agent to provide for payment in full of the redemption price of the refunded Series 2006A Bonds. As a result, the refunded Solid Waste System Revenue Bonds, Series 2006A is considered defeased as of September 14, 2016, and the liability has been removed from the financial statements.

#### Defeased Bonds

In prior years, the County defeased certain revenue bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the County's financial statements.

The amount of defeased bonds outstanding at September 30, 2016, consisted of the following (dollars in thousands):

Gulf Environmental Services, Inc. Water	
and Sewer System Revenue Bonds,	
Series 1998	\$42,990
Capital Revenue Bonds, Series 2006	53,775
Solid Waste System Revenue Bonds,	
Series 2006A	76,345
Total	<u>\$173,110</u>

#### Variable Debt

The County has entered into a loan agreement with a commercial bank to provide long-term financing for certain capital projects used in governmental activities. The loan is collateralized by special assessments levied against the benefited property owners of certain municipal service benefit units ("MSBU") of the County. Interest is payable semi-annually. Principal is payable in equal annual installments maturing in fiscal year 2019. The descriptions and the outstanding balances of the variable debt at September 30, 2016, were as follows:

- Bal Isle Drive Sewer district loan was issued on June 4, 2004, for \$79,000. The interest rate was fixed at 6.118 until June 4, 2014 when it became variable and was adjusted to 133 percent of the five-year Treasury note yield. For the year ended September 30, 2016, the interest rate was 2.1945 percent. The outstanding balance was \$8,000.
- Country/Triple Crown Court Waterline district loan was issued on July 15, 2004, for \$195,000. The interest rate was fixed at 5.953 percent until July 14, 2014 when it became variable and was adjusted to 133 percent of the five-year Treasury note yield. For the year ended September 30, 2016, the interest rate was 2.261 percent. The outstanding balance was \$13,000.
- Cottage Point Waterline district loan was issued on July 28, 2004, for \$131,000. The interest rate was fixed at 5.93 percent until July 27, 2014 when it became variable and was adjusted to 133 percent of the five-year Treasury note yield. For the year ended September 30, 2016, the interest rate was 2.3009 percent. The outstanding balance was \$9,000.

Principal and interest paid for the current year and pledged revenues collected were \$28,000 and \$26,000, respectively.

The County entered into a \$3,700,000 line of credit on June 8, 2016 with a final maturity on June 7, 2018 with a commercial bank. The line of credit is to be used for initial financing of MSBU projects that are later secured with long-term financing, at an interest rate of London Interbank Offered Rates ("LIBOR") plus 162 basis points, but not less than 2.06 percent or greater than 4 percent. On September 30, 2016, the rate was 2.147 percent. Interest is payable monthly beginning July 1, 2016, on the unpaid balance until final maturity on June 7, 2016. Principal for all draws made against the line of credit is due on June 7, 2016. The line of credit is collateralized by special assessments levied against the benefited property owners of certain MSBUs. There was no outstanding balance as of September 30, 2016 or any draws taken in the current year. No principal or interest was paid in the current year.

The annual debt service requirements for variable debt at September 30, 2016, were as follows (dollars in thousands):

		Governmental					
		Activities					
Fiscal Year(s)	P	rincipal		Interest			
2017	\$	27	\$	1			
2018		3		-			
	\$	30	\$	1			

#### Notes Payable

The County has entered into loan agreements with several banks and government agencies. These loans and agreements are used for both governmental and business-type activities. The descriptions and outstanding balances at September 30, 2016, were as follows:

#### Commercial Banks

The County has entered into loan agreements with three commercial banks to provide long-term financing for certain capital projects. The loans are collateralized by special assessments levied against the benefited property owners of certain MSBU of the County. Interest is payable semi-annually. Principal is payable in equal annual installments maturing in fiscal years 2017 through 2030.

- Briarcrest Sewer district loan was issued on August 10, 2007, for \$324,000 at an interest rate of 5.51 percent. The outstanding balance was \$130,000.
- Harbor Drive district loan was issued on February 29, 2008, for \$867,000 at an interest rate of 4.67 percent. The outstanding balance was \$512,000.

- Western Acres district loan was issued on April 25, 2008, for \$1,696,000 at an interest rate of 4.36 percent. The outstanding balance was \$958,000.
- Emily Lane district loan was issued on August 19, 2009, for \$457,000 at an interest rate of 3.99 percent. The outstanding balance was \$238,000.
- McGregor Isle district loan was issued on June 10, 2010, for \$223,000 at an interest rate of 3.31 percent. The outstanding balance was \$56,000.
- San Carlos district loan was issued on June 30, 2010, for \$458,000 at an interest rate of 3.17 percent. The outstanding balance was \$257,000.
- McGregor Villages district loan was issued on June 23, 2010, for \$116,000 at an interest rate of 3.34 percent. The outstanding balance was \$63,000.
- Airport Woods Sewer district loan was issued on October 10, 2012, for \$451,000 at an interest rate of 2.85 percent. The outstanding balance was \$316,000.
- Port Carlos Dredge district loan was issued on August 9, 2013, for \$84,000 at an interest rate of 3.10 percent. The outstanding balance was \$53,000.
- Cherry Estates district loan was issued on November 4, 2014, for \$1,985,000 at an interest rate of 4.16 percent. The outstanding balance was \$1,231,000.

The total principal and interest remaining to be paid out on the MSBU notes payable is \$4,696,000. Principal and interest paid for the current year and pledged revenues collected were \$562,000 and \$694,000 respectively.

On August 14, 2013, the County entered into a loan agreement for \$35,540,000 with a commercial bank to refund the Capital and Transportation Facilities Refunding Revenue Bonds, Series 2003. The County covenanted to budget and appropriate legally available non-ad valorem revenues reduced by

General Government and Public Safety expenditures. Interest is payable semi-annually at an interest rate of 2.09 percent. Principal is payable annually starting on October 1, 2014, and maturing on October 1, 2021. The outstanding balance was \$33,715,000.

The total principal and interest remaining to be paid out on the commercial bank loan for the refunding of the Capital and Transportation Facilities Refunding Revenue Bonds, Series 2003 is \$36,426,000. Principal and interest paid for the current year and pledged revenues collected were \$1,685,000 and \$122,602,000, respectively.

On August 13, 2014, the County entered into a loan agreement for \$12,590,000 with a commercial bank to refund a portion of the Five Cent Local Option Gas Tax Refunding Revenue Bonds, Series 2004. The loan is collateralized by a lien on and pledge of the local option gas tax revenues. Interest is payable semi-annually at an interest rate of 1.379 percent. Principal is payable annually starting on October 1, 2015, and maturing on October 1, 2020. The outstanding balance was \$8,505,000.

The total principal and interest remaining to be paid out on the commercial bank loan for the refunding of the Local Option Gas Tax Refunding Revenue Bonds, Series 2004 is \$8,740,000. Principal and interest paid for the current year and pledged revenues collected were \$2,200,000 and \$7,116,000, respectively.

On November 9, 2011, the County entered into a loan agreement for \$30,700,000 with a commercial bank to refund the Series 2001A Transportation Facilities Refunding Revenue Bonds. The loan is collateralized by a lien on and a pledge of the net revenues derived from the transportation facilities-three toll facilities- in the County. Interest is payable semi-annually at an interest rate of 1.71 percent. Principal is payable annually starting on October 1, 2012, and maturing on October 1, 2017. The outstanding balance was \$10,710,000.

The total principal and interest remaining to be paid out on the commercial bank loan for the

Transportation Facilities Refunding Revenue Series 2011 bank loan is \$10,897,000. Principal and interest paid for the current year and pledged revenues collected for the debt were \$5,447,000 and \$37,098,000, respectively.

#### Florida Department of Environmental Protection

- On April 17, 2001, the Lee County Water and Wastewater System entered into an agreement with the Florida Department of Environmental Protection to borrow up to \$4,956,000 for various construction projects at an interest rate of 3.08 percent. To date the County has received \$3,278,000 in disbursements from this loan. The outstanding balance also includes capitalized interest and service fees of \$587,000. The 20 semiannual loan payments began on July 15, 2007, and will continue semiannually thereafter on January 15 and July 15 of each year until all amounts due have been fully paid in 2017. The outstanding balance was \$223,000.
- On June 15, 2005, the Lee County Water and Wastewater System entered into an agreement with the Florida Department of Environmental Protection to borrow \$3,375,000, excluding capitalized interest, at an interest rate of 2.67 percent for the construction of the North Lee County Water Treatment Plant. The agreement was amended to authorize the borrowing, excluding capitalized interest, of an additional \$6,000,000, \$5,000,000, \$3,000,000, \$3,200,000, and \$4,557,000 at interest rates of 2.58 percent, 2.64 percent, 2.64 percent, 2.77 percent, and 2.57 percent respectively. To date the County has received a total of \$26,255,000 which includes \$25,132,000 in disbursements and \$1,123,000 in service fees and capitalized interest. The first of 40 semiannual loan payments was due on July 15, 2008 for \$691,000. On July 15, 2010, and thereafter, the semiannual installments of \$858,000 are due on January 15 and July 15 of each year until all amounts due have been fully paid in 2028. The outstanding balance was \$16,940,000.
- On March 3, 2009, the Lee County Water and Wastewater System entered into an agreement with the Florida Department of Environmental Protection to borrow up to \$35,930,000 for various construction projects. The first installment was for \$10,000,000, excluding capitalized interest, at an interest rate of 3.17 The agreement was amended to authorize the borrowing, excluding capitalized interest, of \$10,000,000, \$10,000,000, \$3,559,000 at interest rates of 2.62 percent, 2.22 percent, and 2.79 percent respectively. To date the County has received \$34,518,000 which includes capitalized interest and service fees of \$950,000. The first of 40 semiannual loan payments began on October 15, 2010 for \$683,000 and which was increased to \$1,000,000 on April 15, 2011 and \$1,121,000 on October 15, 2011. On April 15, 2012 and thereafter the semiannual installments of \$1,128,000 are due on April 15 and October 15 of each year until all amounts due have been fully paid in 2030. The outstanding balance was \$26,171,000.
- On December 4, 2015, the Lee County Water and Wastewater System entered into an agreement with the Florida Department of Environmental Protection to borrow up to \$28,800,000 for the Three Oaks Waste Water Treatment Plant Improvement construction projects. To date the County has not received any disbursements from this loan.

The total principal and interest remaining to be paid out on the Florida Department of Environmental Protection loans is \$51,556,000. Principal and interest paid for the current year and pledged revenues collected were \$4,425,000 and \$38,571,000, respectively.

#### Florida Department of Transportation

On June 19, 2012, the Lee County Transit
Division entered into an agreement with the
Florida Department of Transportation to borrow
\$9,000,000 from the State Infrastructure Bank
(SIB) for the construction of a new transit
facility. On June 17, 2014, the County received

the first draw of \$3,277,000. Interest begins accruing with the first disbursement at 2 percent and will compound annually each October 1 thereafter, until the loan is completely repaid. The first annual principal and interest payment is due on October 1, 2015 and will continue until the loan is repaid which currently is 2017. Total

principal and interest remaining to be paid on the loan as of September 30, 2016 is \$601,000. The outstanding balance is \$589,000. Principal and interest paid for the current year and pledged revenues collected were \$1,407,000 and \$8,668,000, respectively.

The annual debt service requirements for notes payable at September 30, 2016, were as follows (dollars in thousands):

		Govern	ımental			Busine	ss-type				
		Acti	vities			Acti	vities		 To	tal	
Fiscal Year(s)	1	Principal		Interest	]	Principal		Interest	 Principal		Interest
2017	\$	1,380	\$	850	\$	8,375	\$	1,274	\$ 9,755	\$	2,124

## Other Obligations

## Self-Insurance Claims Payable

Self-insurance claims payable are fully described in Note IX. Since the self-insurance activity is accounted for in an internal service fund, it has been categorized in the governmental activities on the government-wide Statement of Net Position. The balance at September 30, 2016, consisted of the following (dollars in thousands):

Self-insurance group health & dental	\$ 6,172
Sheriff internal service fund	4,114
Self-insurance general liability	13,106
Total self-insurance claims payable	<u>\$23,392</u>

#### Arbitrage Rebate Payable

A ny excess interest earnings on tax-exempt bond proceeds must be remitted to the federal government in five-year intervals. Even though a payment may not be required until several years into the future, the liability is recognized as it is probable and measurable. The liability is recorded in both governmental and business-type activities. The obligation as of September 30, 2016 is \$266,000.

## Changes in Long-Term Debt

Changes in bonded and other indebtedness of the County for the year ended September 30, 2016, were as follows (dollars in thousands):

	Ве	eginning					]	Ending	Du	e Within
Governmental Activities:	I	Balance	A	dditions	Re	eductions	I	Balance	Oı	ne Year
Bonds payable:

long-term liabilities	\$	720,627	\$	301,193	\$	(145,795)	\$	876,025	\$	35,030

The liability for compensated absences is liquidated primarily by the General Fund, with other governmental funds and internal service funds liquidating less than 10 percent each on an annual basis. The other postemployment benefit obligation is currently liquidated by the Other Postemployment Benefits Trust Fund. The entire claims liability is reported in the Self-Insurance Group Health and Dental Fund and will be liquidated by that fund.

## Segment Information- Port Authority

NOTE VI. SEGMENT INFORMATION

The County has outstanding revenue bonds which are financed by Southwest Florida International Airport revenues. These activities, and the activities of the Page Field General Aviation and other Port Authority activities, are accounted for in a single fund (Lee County Port Authority). Summary financial information for the Southwest Florida International Airport is presented below (dollars in thousands) as of September 30, 2016.

	Southwest Florida

Certain funds that relate to activities at both the Southwest Florida International Airport and Page Field are not included in the segmented statements, including the K-9 donation fund and the discretionary fund. In addition, all of the funds related to the passenger facility charges and Page Field activities are omitted from the segmented statements.

## NOTE VII. OTHER POSTEMPLOYMENT BENEFITS

The County maintains two single-employer, defined benefit other postemployment benefit plans ("OPEB"), the Group Health Program for Lee County, and the Lee County Sheriff Health Care Plan.

#### Plan Description

#### Group Health Program for Lee County

The Group Health Program for Lee County ("GHPLC") provides medical, dental, vision and life insurance benefits (OPEB benefits) to eligible County retirees (hire date prior to January 1, 2008) and their spouses. All the Constitutional Officers, except the Lee County Sheriff, participate in GHPLC. At October 1, 2016, the date of the latest actuarial valuation, plan participation consisted of 3,524 current active plan members, 823 retirees and 304 eligible dependents receiving postemployment health care benefits. All retirees and their dependents are eligible to use the active employee self-funded insurance plan that is administered by Aetna. In addition, Medicare eligible retirees and their Medicare eligible dependents may enroll in the Medicare Advantage Plan ("MAP"), a fully funded insurance plan administered by United Healthcare. The Board has the authority to establish and amend the benefit provisions of the plan in accordance with Chapter 112.08, Florida Statutes.

#### Lee County Sheriff Health Care Plan

The Lee County Sheriff's Office ("LCSO") operates a separate heath care plan. Lee County Sheriff Health Care Plan ("LCSHCP") offers health, dental, and vision coverage to eligible LCSO retirees (hire date prior to January 1, 2008) and their spouses. At July 1, 2014, the date of the latest actuarial valuation, plan participation consisted of 1486 active members and 325 retirees. The plan also allows retirees the option to continue to participate in the LCSHCP life insurance policy. The life insurance is only available to the retiree, and has a face value of \$5,000. The LCSHCP is a single-employer plan and is administered by Self Insured Benefit Administrator. Authority to establish and amend the benefit

provisions of the plan is in accordance with Chapter 112.08, *Florida Statutes*.

A publicly available financial report that includes financial statements and required supplementary information is not available for either plan.

## **Funding Policy**

#### Group Health Program for Lee County

The contribution requirements of the plan members are established and may be amended by the Board and the Constitutional Officers. The County subsidizes medical premiums for the MAP and selfinsurance plan at 60 percent, and 50 percent, respectively. A \$96 discount is applied for plan members enrolled in Medicare Part B for the selfinsurance plan. No discount is offered for MAP. However, this policy was modified on January 1, 2008; therefore, the Board does not currently subsidize any portion of the medical or Medicare premiums for the employees hired after that date. The Clerk of Circuit Court does not subsidize any contribution rates. Vision and dental insurance are offered to retirees; however, they are not subsidized by the County. The plan also allows retirees the option to continue to participate in the GHPLC life insurance policy. The life insurance is only available to the retiree, and has a face value of \$5,000. The table listed below summarizes the retirees' monthly contribution rates for 2016.

contribution rates it	1 2010.			
	Gene	ral	Clerk of C	Circuit
	Employee		Court Re	etirees
	Retir	ees		
	Aetna	MAP	Aetna	MAP

(spouse + one dep)				
Life:				
Individual Coverage	5		5	5
Spouse	N/A	1	N/	Α
<del>-</del>				

An irrevocable trust was established with ICMA-RC with a contribution of \$42,594,000 in December 2008; however, no formal plan has been established for future contributions to the trust. Distributions of \$7,081,000 were made from the trust fund for the employer's portion of the insurance premiums for the County and the LCSO in FY16. The balance in the trust fund on September 30, 2016, was \$15,996,000.

#### Lee County Sheriff Health Care Plan

Chapter 74.522, Laws of Florida, as amended by Chapter 99.434, and 2003.329, Laws of Florida, establishes the contribution requirements of the plan members. The current published monthly rates for retiree Health Care coverage are \$717 for single and \$634 for family. An \$80 discount is applied for plan members enrolled in Medicare Part B. The LCSO subsidizes a percentage of the monthly major medical and hospitalization insurance based on the number of years of service credited to the Florida Retirement System ("FRS") before retirement. Vision and dental insurance are offered to retirees; however, they are not subsidized by LCSO.

The table below shows the contribution percentages for the corresponding years of service.

Percent of the Total Contri	bution Kates	Paid by Retiree
Eligible Service Credit at		
Retirement or Termination	Retiree	Dependent
More than 10 years but less		
than 15 years	100%	100%
15 years	25%	100%
16 years	20%	100%
17 years	15%	100%
18 years	10%	100%
19 years	5%	100%
20 years or more	0%	50%

The retiree contribution rate for the life insurance policy is \$0.90 per month. The plan is funded on a pay-as-you-go basis.

# Annual OPEB Cost and Net OPEB Obligation

The annual OPEB cost (expense) is calculated based on the Annual Required Contribution ("ARC") of the employer, an amount actuarially determined in accordance with the parameters of GASB 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over 30 years. The current ARC rate as a percentage of annual covered payroll is 19 percent and 29 percent for GHPLC and LCSHCP, respectively.

The following table shows the components of the County and Sheriff's OPEB cost for the year, the estimated contributions to the plan per the actuary report, and the changes in the net OPEB obligation.

	GHPLC	LCSHCP
Annual Required Contribution	\$31,363,000	\$21,342,000
Interest on net OPEB Obligation	7,837,000	4,856,000
Adjustment to ARC	(12,565,000)	(6,064,000)
Annual OPEB cost/expense	26,635,000	20,134,000
Employer contributions made	(1,892,000)	(5,099,000)
Increase, (decrease) in net		,
OPEB obligation	24,743,000	15,035,000
Net OPEB obligation		
-beginning of year	160,945,000	121,408,000
Net OPEB obligation		
-end of year	<u>\$185,688,000</u>	<u>\$136,443,000</u>

The annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for fiscal year 2016 and the two preceding years were as follows:

	Year Ended	Annual OPEB Cost	Percent of OPEB Cost Contributed	Net OPEB Obligation
GHPLC	09/30/2016	\$26,635,000	7.1%	\$185,688,000
	09/30/2015	\$26,747,000	5.7%	\$160,945,000
	09/30/2014	\$24,821,000	0.0%	\$135,721,000
LCSHCP	09/30/2016	\$20,134,000	25.3%	\$136,443,000
	09/30/2015	\$19,586,000	21.1%	\$121,408,000
	09/30/2014	\$16,644,000	21.4%	\$105,945,000

#### Funded Status and Funding Progress

The funded status of the plans was as follows:

	GHPLC As of 09/30/16	LCSHCP As of 09/30/16
Actuarial accrued liability (a)	\$274,813,000	\$230,659,000
Actuarial value of plan assets (b)	15,996,000	<del>_</del>
Unfunded actuarial accrued liability (funding excess) (a)-(b)	<u>\$258,817,000</u>	<u>\$230,659,000</u>
Funded ratio (b)/(a)	5.8%	0.0%
Covered payroll (c)	\$165,182,000	\$73,859,000
Unfunded actuarial accrued liability (funding excess) as a		
Percentage of covered payroll ((a)-(b))/(c)	156.7%	312.3%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

## Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit cost between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Significant methods and assumptions were as follows:

	GHPLC	LCSHCP
Actuarial valuation date	10/01/2016	07/01/2014
Actuarial cost method	Entry Age	Entry Age
Amortization method	Level dollar,	Level percentage
	closed	of pay, closed
Remaining amortization per	riods 20	21
Asset valuation method	Market-Value	Plan not funded
Actuarial assumptions:		
Inflation rate	2.5%	2.5%
Investment rate of return	County 5%, Port	4% 4%
Projected salary increases	n/a	3.7%-7.8%
Payroll growth assumptions	s n/a	3.5%
Healthcare inflation rate	6.75%-8%, initial	7.5%, initial
	5%, ultimate	4.58%, ultimate

#### NOTE VIII. RETIREMENT PLANS

Defined Benefit Pension Plans

Background

The Florida Retirement System (FRS) was created f L by Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

All regular County employees are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' Web site (www.dms.myflorida.com).

The County's pension expenses for both the FRS Pension Plan and HIS Plan for the year ended September 30, 2016 totaled \$48,370,000.

Florida Retirement System Pension Plan (FRS Plan)

#### Plan Description

The Florida Retirement System Pension Plan (FRS Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

- Regular Class Members of the FRS who do not qualify for membership in the other classes.
- Elected County Officers Class Members who hold specified elective offices in local government.
- Senior Management Service Class (SMSC) Members in senior management level positions.
- Special Risk Class Members who are special risk employees, such as law enforcement officers, meet the criteria to qualify for this

Employees enrolled in the FRS Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the FRS Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 vears of service. All members enrolled in the FRS Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Employees enrolled in the

FRS Plan may include up to 4 years of credit for military service toward creditable service. The FRS Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The FRS Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the FRS Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

#### Benefits Provided

Benefits under the FRS Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each vear of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

Class, Initial Enrollment, and Retirement Age/Years of Service:	% Value
Regular Class members initially enrolled before July 1, 2011	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement up to age 63 or up to 31 years of service	1.63
Retirement up to age 64 or up to 32 years of service	1.65
Retirement up to age 65 or up to 33 years of service	1.68
Regular Class members initially enrolled on or after July 1, 2011	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement up to age 66 or up to 34 years of service	1.63
Retirement up to age 67 or up to 35 years of service	1.65
Retirement up to age 68 or up to 36 years of service	1.68
Elected County Officers	3.00
Senior Management Service Class	2.00
Special Risk Regular	
Service from December 1, 1970, through September 30, 1974	2.00
Service on and after October 1, 1974	3.00

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. FRS Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

#### Contributions

The Florida Legislature establishes contribution rates for participating employers and employees. Effective July 1, 2011, all FRS Plan members (except those in DROP) are required to make 3 percent employee contributions on a pretax basis. The contribution rates attributable to the County, effective July 1, 2015, were applied to employee salaries as follows: regular employees 5.56 percent, county elected officials 40.57 percent, senior management 19.73 percent, and DROP participants 11.22 percent. The County's contributions to the FRS Plan were \$26,777,000 for the year ended September 30, 2016.

<u>Pension Liabilities, Pension Expense, and Deferred</u> <u>Outflows of Resources and Deferred Inflows of Resources</u> <u>Related to Pensions</u>

At September 30, 2016, the County reported a liability of \$263,144,000 for its proportionate share of the FRS Plan's net pension liability. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016. The County's proportion of the net pension liability was based on the County's contributions received by FRS during the measurement period for employer payroll paid dates from July 1, 2015, through June 30, 2016, relative to the total employer contributions received from all of FRS's participating employers. At June 30, 2016, the County's proportion was 1.0422 percent, which was an increase of 0.0738 percent from its proportion measured as of June 30, 2015.

For the year ended September 30, 2016, the County recognized pension expense of \$39,879,000 for its proportionate share of FRS's pension expense.

In addition, the County reported its proportionate share of FRS's deferred outflows of resources and deferred inflows of resources from the following sources:

Deferred	Deferred
	Inflows of
Resources	Resources
\$ 20,148,000	\$ 2,450,000
15,919,000	-
68,020,000	-
10,830,000	8,115,000
7,335,000	-
\$122,252,000	\$10,565,000
	\$ 20,148,000 15,919,000 68,020,000 10,830,000 7,335,000

Deferred outflows of resources related to pensions included \$7,335,000 resulting from contributions subsequent to the measurement date. This amount will be recognized as a reduction of the net pension liability in the year ended September 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended September 30:			
2017	\$13,755,000		
2018	13,755,000		
2019	40,273,000		
2020	28,873,000		
2021	5,737,000		
Thereafter	1,959,000		

#### **Actuarial Assumptions**

The total pension liability in the July, 1 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60 %, per year
Salary increases	3.25 %, average
Investment rate of return	7.60 %

Mortality rates were based on the Generational RP-2000 with Projection Scale BB. The actuarial assumptions used in the July 1, 2016, valuation were based on the results of an actuarial experience study for the period July 1, 2008, through June 30, 2013.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation, as outlined in the FRS Plan's investment policy, and best estimates of arithmetic

and geometric real rates of return for each major asset class are summarized in the following table:

		Annual	Compound	
		Arithmetic	Annual	Standard
Asset Class	Target Allocation	Return	(Geometric)	Deviation
Cash	1.0%	3.0%	3.0%	1.7%
Fixed Income	18.0%	4.7%	4.6%	4.6%
Global Equity	53.0%	8.1%	6.8%	17.2%
Real Estate (property)	10.0%	6.4%	5.8%	12.0%
Private Equity	6.0%	11.5%	7.8%	30.0%
Strategic Investments	12.0%	6.1%	5.6%	11.1%
Totals	100%			
Assumed Inflation - Mean			2.6%	1.9%

#### Discount Rate

The discount rate used to measure the total pension liability was 7.60 percent for the FRS Plan. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, each of the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### Pension Liability Sensitivity

The following presents the County's proportionate share of the net pension liability for the FRS Plan, calculated using the discount rate disclosed in the preceding paragraph, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

Description	1	% Decrease	Cu	rrent Discount Rate	Increase in scount Rate
FRS Plan Discount Rate		6.60%		7.60%	8.60%
County's Proportionate Share of the FRS Plan Net Pension Liability	\$	484,466,000	\$	263,144,000	\$ 78,923,000

#### Pension Plan Fiduciary Net Position

Detailed information about the FRS Plan's fiduciary's net position is available in a separately-issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report. The report may be obtained through the Florida Department of Management Services website: <a href="http://www.dms.myflorida.com">http://www.dms.myflorida.com</a>.

Retiree Health Insurance Subsidy Program (HIS Plan)

#### Plan Description

The Retiree Health Insurance Subsidy Program (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

#### Benefits Provided

For the fiscal year ended June 30, 2016, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a Stateadministered retirement system must provide proof of health insurance coverage, which may include Medicare.

#### **Contributions**

The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS

members. For the fiscal year ended June 30, 2016, the contribution rate was 1.66 percent of payroll pursuant to section 112.363, Florida Statues. The County contributed 100 percent of its statutorily required contributions for the current and preceding 3 years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled. The County's contributions to the HIS Plan were \$4,363,000 for the year ended September 30, 2016.

# <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u>

At September 30, 2016, the County reported a liability of \$97,989,000 for its proportionate share of the HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016. The County's proportion of the net pension liability was based on the County's contributions received during measurement period for employer payroll paid dates from July 1, 2015, through June 30, 2016, relative to the total employer contributions received from all participating employers. At June 30, 2016, the County's proportion was 0.8408 percent, which was an increase of 0.0305 percent from its proportion measured as of June 30, 2015.

For the year ended September 30, 2016, the County recognized pension expense of \$8,491,000 for its proportionate share of HIS's pension expense. In addition, the County reported its proportionate share of HIS's deferred outflows of resources and deferred inflows of resources from the following sources:

	Deferred	Deferred	
	Outflows of	Inflows of	
Description	Resources	Resources	
Differences Between Expected and			
Actual Economic Experience	\$ -	\$ 223,000	
Changes in Actuarial Assumptions	15,377,000	_	
Net Difference Between Projected			
and Actual Earnings on HIS			
Program Investments	50,000	-	
Changes in Proportion and			
Differences Between County			
Contributions and Proportionate			
Share of Contributions	2,932,000	666,000	
County Contributions Subsequent			
to the Measurement Date	1,083,000	-	
Total	\$ 19,442,000	\$ 889,000	

Deferred outflows of resources related to pensions included \$1,083,000 resulting from contributions subsequent to the measurement date. This amount will be recognized as a reduction of the net pension liability in the year ended September 30, 2017. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

#### Year Ended September 30:

2017	\$3,072,000
2018	3,072,000
2019	3,063,000
2020	3,058,000
2021	2,733,000
Thereafter	2,472,000

#### Actuarial Assumptions

The total pension liability in the July 1, 2016, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.60 %, per year

Salary increases 3.25 %, avg with inflation

Municipal Bond Rate 2.85 %

Mortality rates were based on the Generational RP-2000 with Projection Scale BB. The actuarial assumptions used in the July 1, 2016, valuation were based on the results of an actuarial experience study for the period July 1, 2008, through June 30, 2013.

#### Discount Rate

The discount rate used to measure the total pension liability was 2.85 percent for the HIS Plan. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

#### Pension Liability Sensitivity

The following presents the County's proportionate share of the net pension liability for the HIS Plan, calculated using the discount rate disclosed in the preceding paragraph, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

				Current	10	% Increase in
Description	1	% Decrease	Γ	Discount Rate	D	iscount Rate
HIS Plan Discount Rate		1.85%		2.85%		3.85%
County's Proportionate Share of						
the HIS Plan Net Pension Liability	\$	112,415,000	\$	97,989,000	\$	86,015,000

#### Pension Plan Fiduciary Net Position

Detailed information about the HIS Plan's fiduciary's net position is available in a separately-issued FRS Pension Plan and Other State-

Administered Systems Comprehensive Annual Financial Report. That report may be obtained through the Florida Department of Management Services website: <a href="http://www.dms.myflorida.com">http://www.dms.myflorida.com</a>.

#### Defined Contribution Plan

The Florida State Board of Administration (SBA) administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. County employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.04 percent of payroll and by forfeited benefits of plan members.

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is

transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2016, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the County.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The County's Investment Plan pension expense totaled \$2,167,000 for the year ended September 30, 2016.

#### NOTE IX. OTHER INFORMATION

## Risk Management

The County is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. After September 30, 1989, and prior to October 1, 1987, the Board established a Self-Insured Retention (SIR)

program (an internal service fund) to account for and finance its uninsured risks of loss. Under this program, the SIR provides coverage in the areas mentioned below. The County purchases commercial insurance for claims in excess of coverage provided by the fund and for all other risks of loss. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. As a result, there was no reduction in insurance coverage.

The County remains liable for open claims asserted prior to October 1, 1987, and after September 30, 1989, covered under the existing self-insurance program, limited to the established annual loss fund limits for unasserted claims for a period, generally four years after date of occurrence. Claims that are filed or settled after the end of the fiscal year of occurrence are charged to, and accumulated within, the year of occurrence. Consequently, the County's total liability within any one year is limited to the annual loss fund limits.

From October 1, 1987, to September 30, 1989, the County was a member of the Southwest Florida Intergovernmental Risk Management Association (SFIRMA), a local government liability risk pool. SFIRMA administered insurance activities similar to those provided by the Board's SIR program. SFIRMA absorbed losses up to a specific amount annually and purchased excess and other specific coverages from third-party carriers.

The County remains liable for estimated additional assessments of \$23,200 arising from its years of membership in SFIRMA, which has changed its name to Public Risk Management of Florida.

Additionally, the Board and the Sheriff maintain self-insurance internal service funds to administer insurance activities relating to countywide employee group health and dental programs. The County absorbs losses related to these programs up to aggregate annual loss fund limits. Excess and other specific coverages are purchased from third-party carriers. Funding for these programs is generated

by charges to the operating departments based on management's annual estimates of claim loss funding and administration/operating costs.

At September 30, 2016, the County had recorded liabilities equal to the amounts reflected as reserved and unasserted claims. These amounts were

calculated by the third-party self-insurance program's underwriters and actuaries, based on industry standards. These liabilities are subject to adjustments in future years, which would be recorded as claim expenses when they are estimated.

The County's and Sheriff's SIR programs and excess insurance provides coverage for all the County and Sheriff departments' exposure. Funding for the SIR is generated by charges to the operating departments based on management's annual estimates of claim loss funding and administration/operating costs. Changes in the County and Sheriff funds' claims liability for the years ended September 30, 2016 and 2015, were as follows (dollars in thousands):

	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claim Payments	Balance at Year- End	
Self-Insurance Group Health and Dental:	Blability	<u> Lotiffaceo</u>	<u>r dymento</u>	Tear Ena	
2016	\$9,411	\$87,748	(\$86,873)	\$10,286	
2015	8,536	82,584	(81,709)	9,411	
Self-Insurance General Liability:					
2016	\$12,402	\$4,295	(\$3,591)	\$13,106	
2015	11,286	6,360	(5,244)	12,402	

## Landfill Closure and Postclosure Liability

The Florida Department of Environmental ▲ Protection (FDEP) requires the County to place a final cover on its landfill cells when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although most closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a small portion of these closure and postclosure care costs as an operating expense based on certain minor closure activities that have occurred as of the balance sheet date. The amount reported as landfill closure and postclosure care liability in the fund statements, \$13,893,000, represents the cumulative portion of total estimated closure and postclosure care as of September 30, 2016, based on the use of 36 percent of the capacity of the 99 acre active disposal areas at the landfill. The total estimated cost for closure and postclosure care for the landfill at September 30, 2016, was \$37,487,000. The County will recognize the remaining estimated cost of closure and postclosure care of \$23,594,000 as the remaining estimated capacity is filled. The County will recalculate its liability annually; the liability amount is based on what it presently would cost to perform all closure and postclosure care at September 30, 2016. The Class I - MSW landfill facility configuration, as currently planned, is expected to provide approximately 19 more years of disposal capacity for Lee and Hendry Counties. Actual costs may be higher due to inflation, or changes in regulations. The County is required by FDEP to annually calculate closure and postclosure costs, and to provide proof of its capacity to fund closure costs. The County is in compliance with these requirements, and at September 30, 2016, cash and investments of \$11,063,000 are held for these purposes. These are reported as restricted assets on the balance sheet.

## Commitments and Contingencies

The County is currently receiving, and has received in the past, grants that are subject to special compliance audits by the grantor agency that may result in disallowed expense amounts. These

amounts constitute a contingent liability of the County. The County does not believe any contingent liabilities to be material.

The County currently prepares rebate calculations on all debt subject to arbitrage per the United States department of the Treasury Regulations, Section 1.148, and the Internal Revenue Service Code of 1986. Rebates, if any, are paid to the Internal Revenue Service every fifth year after the year of issuance and a final computation is completed when paid in full. Within the five-year period, any positive arbitrage (liability) can be offset by any negative arbitrage (non-liability). These rebates constitute a contingent liability of the County. The County does not believe any contingent liabilities to be material.

The Sheriff has agreements with a corporation for the provision of inmate medical services and food services at its corrections and detention facilities. The contracts are paid 100 percent by the Sheriff through its annual budget. The food services are based on a cost per meal per inmate basis, and the future contract commitment is estimated at approximately \$2,800,000 per year based on the results of the current year. No liability is recorded in the fund statements, as any future commitment will be budgeted and paid from the subsequent year's budget. The minimum payment requirements for inmate medical services are as follows:

Year ending September 30, 2016: Amount \$6,813,000

For the year ended September 30, 2016, the Sheriff paid \$10,445,000 for inmate medical services and \$2,817,000 for food services at its detention facilities.

The Sheriff has an agreement with a corporation to arrange for medical staff, including doctors, to be located at a site (clinic) designated by the Sheriff to provide medical services to the employees, dependents and retirees of the Sheriff. The agreement had an initial one (1) year term ending November 2012 but is cancellable with ninety (90) day written notice. The agreement automatically renews unless cancelled in writing. No liability is recorded in the fund statements, as any future commitment will be budgeted and paid from the subsequent year's budget.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded as reservations of budget, is employed as an extension of the statutory required budgetary process. Although encumbrances lapse at fiscal year-end it is the County's intention to substantially honor these encumbrances under authority provided in the subsequent year's budget. Encumbrances outstanding at September 30, 2016, are as follows:

General Fund \$ 5,622,000
Other Governmental Funds 39,016,000

## Litigation

T he County is a defendant in various civil lawsuits in both state and federal courts on a variety of issues. The County is not in a position at this time to predict the outcome of the lawsuits or the exact amount of costs and/or potential recovery. The County plans to contest these matters unless settled. The County believes the outcome of these lawsuits will not have a material effect on the financial statements.

The County received 19 notices of claim under the Bert J. Harris Act, totaling \$43.7 million in connection with Lee County's adoption of new Federal Flood Insurance Rate Maps. To date, six lawsuits for inverse condemnation and Bert Harris Act claims have been filed. The County intends on vigorously defending these claims.

Dean Wish, LLC served a Bert Harris Act complaint to Lee County in January 2017. The notice of claim in the amount of \$14,865,300 is in connection with Lee County's denial to approve the owner's application to administratively increase density of its property. The County intends to vigorously defend the claim.

An inverse condemnation claim was filed by Estero Group, LTD as a result of a denial of rezoning permit for dirt mining activities near residential developments. Discovery is continuing and Lee County intends on defending the action. The plaintiff alleges damages in the amount of \$10.5 million. The case has been set on a non-jury trial docket beginning May 1, 2017.

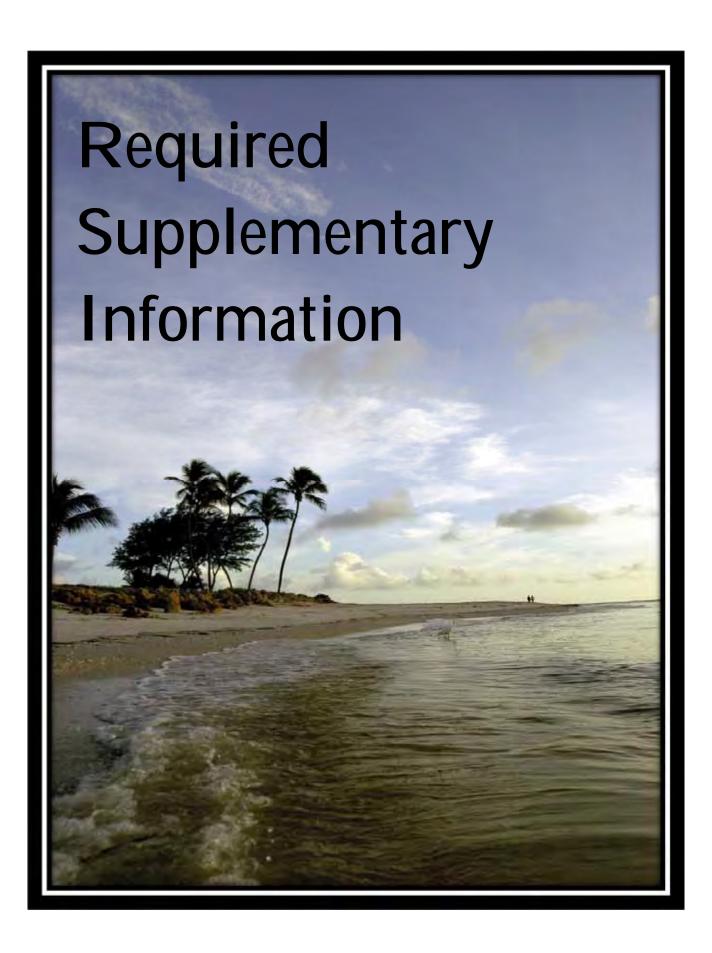

An employment law case was filed by a former Economic Development employee alleging the County violated the First Amendment, RICP Act, Fair Labor Standards Act (FLSA), and Florida Public Whistleblower's Act, when the employee was terminated. Plaintiff alleged damages in the amount of \$6 million. Lee County was granted summary judgment on all counts. Plaintiff has appealed the summary judgment to the eleventh Circuit Court of Appeal, which reversed summary judgment related to the FLSA and Whistleblower claims. Lee County has petitioned the court for an en banc rehearing, which is still pending before the Eleventh Circuit Court of Appeal.

An employment law case was filed by three former Economic Development employees alleging the County violated the Age Discrimination in Employment Act, Americans with Disabilities Act, and the Florida Whistleblower Act when they were terminated. Lee County's motion for a summary judgment was granted on all accounts except the Florida Whistleblower's Act. A jury trial was held in March 2016 and the jury awarded Plaintiffs damages of \$1.265 million. The Court entered an amended judgement of \$650,000 on July 6, 2016. The County has appealed the final judgment to the Eleventh Circuit Court of Appeal where the case is currently pending. A liability has been recorded in the Self -Insurance General Liability fund at September 30, 2016.

April 29, 2016 Lee County initiated On condemnation against Nora B. Flint to condemn a parcel 201, a fee simple interest as part of the Homestead Road widening project. A stipulated order of taking was entered by the Court on July 21, 2016 and Lee County took title to the initial acquisition area. Due to the proximity of the acquisition area to Flint's home, a settlement agreement for the entire parcel was negotiated in the amount of \$301,000, for the property, inclusive of all fees and costs. A liability has been recorded in the Road Impact Fee Construction fund at September 30, 2016.

## Subsequent Events

On October 18, 2016, the Board approved a 15-year State Revolving Fund Loan in the amount of \$17,637,000 to fund the Utilities Advanced Metering Information (AMI) System. Debt service payments are not anticipated to begin until fiscal year 2019.

### Non-Major Governmental Fund Descriptions

### Special Revenue Funds

Special revenue funds are used to account for proceeds of specific revenue sources, other than expendable trusts, debt service, or capital projects that are legally restricted to expenditures for specific purposes.

Municipal Service Benefit Unit Districts- To account for revenues and expenditures to be used for costs incurred on behalf of the special improvement districts, such as lighting, fire hydrants, and street paving.

*Special Assessment Districts*- To account for special assessments collected within certain unincorporated areas of the County to provide improvements (lighting, roads, etc.).

Law Enforcement Trust- To account for the monies held in trust by Lee County for the cost of protracted or complex investigations in the form of technical equipment, expertise, or other law enforcement purposes as the Board deems appropriate which are not normal operating needs of the law enforcement agency.

*Special Revenue Projects*- To account for revenues that are restricted for specific expenditures or projects.

State Housing Incentives Partnership Program (SHIP)- To account for SHIP grants.

*Human Services Grants*- To account for grant monies received to fund various Human Services projects.

Lee County Library- To account for ad valorem taxes and governmental grant funds designated to operate and maintain the County's public library system.

*E 9-1-1-* To account for revenues and expenditures to be used for the acquisition, development, and operation of the E 9-1-1 emergency telephone system for Lee County.

*MSTU-* To account for ad valorem taxes, building license and permit fees, administration fees, charges for Animal Services, and other revenues, and expenditures to be used in the unincorporated areas of the County for services rendered.

Tourist Development Trust Fund- To account for the five percent tax on rents for temporary lodgings. This tax, approved by a voter referendum in 1982, is restricted for promotion of tourism and specific projects that have been identified as encouraging tourism such as beach and shoreline improvements, the William Hammond Stadium, and JetBlue Park. The debt service and operations for the stadiums are also allowed to be paid from this tax.

*Transportation Trust*- To account for gas taxes distributed by the State of Florida designated for the construction and operating maintenance of County roads.

All Hazards Protection- To account for revenues and expenditures to be used for the implementation of a hazardous preparedness, response, and recovery program.

*Impact Fees-Community Parks-* To account for revenues received from impact fees that are restricted for use for capital improvements for designated community park districts.

### Special Revenue Funds (continued)

*Impact Fees-Regional Parks-* To account for revenues received from impact fees that are restricted for use for capital improvements for County regional parks.

*Impact Fees-Roads-* To account for revenues received from impact fees that are restricted for use for capital improvements to, and expansion of, transportation projects within designated road network areas.

*Impact Fees-EMS-* To account for revenues received from impact fees that are restricted for the purpose of providing advanced life support and related services within Lee County, except for Lehigh Acres Fire Control and Rescue District.

Animal Trust Fund- To account for donations and expenditures used to improve the welfare of animals served by Lee County Animal Services.

*Court Administration*- To account for the revenues and expenditures of the Twentieth Judicial Circuit Court Administrator's Office funded by Lee County.

Clerk of Circuit Court's Special Revenue- To account for revenues and expenditures mandated by Chapter 28.24(15)(d), Florida Statutes, to be held in trust by the Clerk and used exclusively for equipment and maintenance of equipment, personnel training, and technical assistance in modernizing the public records system of the office, and Chapter 28.24 (12)(e), Florida Statutes, to provide Court Technology support as defined in Chapter 28.008(1)(f)(2) and (h), Florida Statutes.

Property Appraiser's Special Revenues- To account for revenues used to operate the County's Geographical Information System (GIS).

Sheriff's Special Revenues- To account for grant revenues to be used for law enforcement purposes.

### Debt Service Funds

Debt service funds are used to account for the accumulation of resources to be used for payment of governmental funds' debt principal, interest, and related costs.

Local Option Gas Tax Loan- To account for payment of the 2014 loan, which partially refunded the Five Cent Local Option Gas Tax Bond, Series 2004. Funding is from the five-cent local option gas tax revenue.

Capital Revenue Refunding Bank Note- To account for payment of the Capital Revenue Refunding Bank Loan, Series 2011, which refunded the Capital Revenue Bonds, Series 2000. Funding is from ambulance service receipts, building and zoning permits and fees, data processing fees, excess County Officer fees, franchise fees, guaranteed entitlement funds, investment earnings, license fees, pledged gas taxes, and sales tax.

Tourist Development Tax Revenue Bonds- To account for payment of the 2004, 2010A, 2010B, 2010C, and 2013 Bonds. Funding is from tourist development tax revenues, William Hammond Stadium and JetBlue Park rental revenue.

### Debt Service Funds (continued)

Capital Revenue Bonds- To account for payment of the 2006 Bonds. Funding is from ambulance service receipts, building and zoning permits and fees, data processing fees, excess County Officer fees, franchise fees, guaranteed entitlement funds, investment earnings, license fees, pledged gas taxes, and sales tax.

*Non Ad-Valorem Revenue Bond* – To account for payment of the 2012 and 2015 bonds. Funding is from legally available non-ad valorem revenues, which are non-ad valorem revenues less general government and public safety expenditures that are not paid from ad valorem revenues.

MSBU Projects Commercial Loan- To account for payment of the loan obligations for various special improvement districts. Funding is from special assessment tax revenue.

Non Ad-Valorem Loan - To account for payment of the 2013 loan, which refunded the Capital and Transportation Facilities Revenue Bonds, Series 2003. Funding is from legally available non-ad valorem revenues, which are non-ad valorem revenues less general government and public safety expenditures that are not paid from ad valorem revenues.

### Capital Projects Funds

Capital projects funds are used to account for financial resources to be used for the acquisition, construction, or improvement of major capital facilities and infrastructure other than those financed by proprietary funds.

*Capital Improvement*- To account for ad valorem taxes and other revenues, and expenditures to be used for the acquisition or construction of major non-transportation related capital facilities.

*Special Assessment Districts Construction*- To account for the financial resources to be used for the improvement projects (lighting, roads, etc.) in certain unincorporated areas of the County for which a special assessment is collected.

*Transportation Capital Improvements*- To account for financial resources to be used for the acquisition or construction of major transportation-related infrastructure.

Tourist Tax Revenue Bonds Construction- To account for financial resources used to construct the JetBlue Park and capital improvements to the CenturyLink Sports Complex, including Hammond Stadium.

Human Services Grant Construction- To account for grant proceeds to be used to construct various capital projects.

Library Construction Projects- To account for the financial resources to be used for the Library construction projects.

All Hazards Protection Construction Projects- To account for the financial resources to be used for the construction projects of the hazardous preparedness, response, and recovery program.

*Impact Fees Community Parks Construction-* To account for the financial resources for the capital improvements from impact fees that are designated for community park districts.

### Capital Projects Funds (continued)

*Impact Fees Regional Parks Construction-* To account for the financial resources for the capital improvements from impact fees that are designated for County regional parks.

*Impact Fees Road Construction*- To account for the financial resources for the capital improvements to, and expansion of, transportation projects from impact fees that are designated within road network areas.

*Impact Fees EMS Construction-* To account for financial resources to be used for EMS capital projects from impact fees related to designated areas within the County.

#### Enterprise Fund Descriptions

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. The intent of the County is that costs of providing the goods or services to the general public on a continuous basis be financed or recovered primarily through user fees.

*Port Authority*- The Lee County Port Authority is used to account for the activities related to the operation of the County owned aviation facilities, including Southwest Florida International Airport and Page Field General Aviation Airport.

*Water and Wastewater*- The Lee County Water and Wastewater System is used to account for the activities related to the operation of the County owned water and wastewater system.

*Transportation Facilities*- The Lee County Transportation Facilities is used to account for the activities related to the operation of the County owned bridges connecting Sanibel and Captiva Islands to the mainland and the Cities of Cape Coral and Fort Myers.

*Solid Waste-* The Lee County Solid Waste System is used to account for the provision of Municipal Solid Waste disposal facilities to the general public.

*Transit*- The Lee County Transit System is used to account for the activities related to the operation of the Lee Tran bus system, a County-wide public transportation service.

#### Internal Service Fund Descriptions

Internal service funds are used to account for the financing of goods or services provided by one County department or agency to other County departments or agencies on a cost reimbursement basis, including depreciation.

*Information Technology*- To account for the costs of operating the County data processing facility and telephone communication system. Such costs are billed to other departments at estimated cost of operations, plus amounts for equipment replacement and additions.

Governmental Communications Network- To account for the costs of operating the radio communication system owned by the County. Such costs are billed to other departments at estimated cost of operations, plus amounts for equipment replacement and additions.

Self-Insurance Group Health and Dental- To account for the assessed premiums, claims, and administration of the County for group health and dental insurance. Such costs are billed to other departments and agencies at estimated cost of operations.

Self-Insurance General Liability- To account for the assessed premiums, claims, and administration of the County's risk management, including auto liability, workers' compensation, and property liability. Such costs are billed to other departments and agencies at estimated cost of operations.

Fleet Management- To account for the costs of operation for the repair and maintenance of County owned/leased vehicles and equipment. Such costs are billed to other departments at estimated cost of operations, plus amounts for equipment replacement and additions.

*Sheriff's Internal Service*- To account for the assessed premiums, claims, and administration of the Sheriff's group health insurance.

## Statistical Section Descriptions (unaudited)

The statistical data presents detailed information as a context for understanding Lee County's overall financial health.

#### **Contents**

#### Financial Trends

These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.

#### Revenue Capacity

These schedules contain information to help the reader assess the County's most significant local revenue source, the property tax.

#### Debt Capacity

These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt, and the County's ability to issue additional debt in the future.

#### Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.

#### **Operating Information**

These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the government provides, and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year.

<sup>\*</sup> Net (expense)/revenue is the difference between the expenses and program revenues of a function or program. It indicates the degree to which a function or program is supported with its own fees and program specific grants versus its reliance upon funding from taxes and other general revenues. Numbers in parentheses indicate that expenses were greater than program revenues and therefore general revenues were needed to finance that function or program. Numbers without parentheses mean that program revenues were more than sufficient to cover expenses.

<sup>\*\*</sup> Impact Fees were re-categorized in fiscal years 2012 and 2013 to Capital Grants and Contributions. Additionally, fiscal year 2013 reflects a cumulative prior period adjustment to remove bond issuance costs from the statement of net position as required by Governmental Accounting Standards Board Statement 65 and to correct amortization from a prior year.

<sup>\*\*\*</sup> Fiscal year 2014 reflects a cummulative prior period adjustment for the Clerk's Child Support Enforcement Fund, a non-major special revenue fund, for expenditures omitted in prior years.

<sup>&</sup>lt;sup>1</sup>Includes fire protection districts and lighting and improvement districts located throughout the unincorporated sections of Lee County.

2007

<sup>&</sup>lt;sup>2</sup>Does not include Other special districts since reported as a range. Overlapping rates are those of Lee County that apply to property owners within Lee County. Not all overlapping rates apply to all Lee County property owners (e.g. special assessments only apply to the property owners located in that district).

<sup>&</sup>lt;sup>3</sup>Effective 2013 for this schedule, property tax rates were redefined to reflect the millage rates collected for each year's operations, not the millage rates adopted each year for the following year's operations. All columns have been adjusted accordingly.

<sup>&</sup>lt;sup>4</sup>The Village of Estero was incorporated in December 2014. Their first property tax assessment was in 2016. Source: Lee County Budget Office

Source: Lee County Tax Collector

Notes: <sup>1</sup> These tax levies are for funds for County purposes, excluding School Board, municipalities, and other independent special districts.

Property taxes become due and payable on November 1 of each year and are delinquent on April 1 of the following year. A four percent discount is allowed if the taxes are paid in November, with the discount declining by one percent each month thereafter. Accordingly, taxes collected will not equal 100 percent of the tax levy. Tax certificates for the full amount of any unpaid taxes and assessments must be sold no later than June 1 of the following year.

Note: Details regarding the county's outstanding debt can be found in the notes to the financial statements.

(continued)

<sup>1</sup> As defined by bond resolutions - Generally, current operating expense which does not include interest expense, depreciation or amortization expense.

<sup>&</sup>lt;sup>2</sup> Additional principal payment was made in 2007 with funds transferred from the Airport discretionary fund. Amount in Revenues column includes the transferred amount.

<sup>&</sup>lt;sup>3</sup> As defined by bond resolutions - Generally, current operating expense of Southwest Florida International Airport which includes arbitrage rebate liability and does not include interest expense, depreciation, unpaid Other Post Employment Benefits expense or rebates.

<sup>&</sup>lt;sup>4</sup> As defined by bond resolutions - Generally, all revenues generated from the operation of Southwest Florida International Airport with the exception of passenger facility charges and grants but including surplus passenger facility charges per Federal Aviation Administration approvals.

<sup>&</sup>lt;sup>5</sup> As defined by bond resolutions - Generally, all revenues generated from the operation of the Waste - to - Energy Facility, the landfill, and the collection services.

<sup>&</sup>lt;sup>6</sup> Additional principal payment of \$7,555,000 was made in 2010 with a transfer from the PFC capital fund. The coverage before the additional payment is 3.69.

<sup>&</sup>lt;sup>7</sup> Scheduled debt service payments. Due to refunding, no principal was paid down during the year.

Additional principal payment of \$3,300,000 was made in 2015 with a transfer from the PFC capital fund to payoff the loan. The coverage without the payoff would have been 4.85.

<sup>9</sup> Additional principal payment of \$2,627,000 was made with a transfer from the Airport discretionary fund to payoff the loan in November 2014. The amount in the Revenues column includes the transferred amount.

Debt service only includes the April 2016 interest payment as the Solid Waste System Revenue Bonds, Series 2006A were refunded before September 30, 2016 and no longer outstanding under the bond resolutions. No debt service was due for fiscal year 2016 on the Solid Waste System Revenue Refunding Bonds, Series 2016.

# Lee County, Florida SUPPLEMENTAL SCHEDULES TOURIST DEVELOPMENT TAX REVENUE BONDS September 30, 2016

(unaudited)

(dollars in thousands)

#### Historical Tourist Development Tax Revenues, Gross Revenues and State Funds and Pro Forma Debt Service Coverage

Fiscal Year Ended September 30	2011	2012	2013	2014	2015	2016
Tourist Development Tax Revenues (debt portion)	\$ 23,981	\$ 26,672	\$ 28,535	\$ 33,197	\$ 37,560	\$ 39,638
Gross Revenues <sup>(1)</sup>	300	950	950	950	1,150	1,150
State Funds	n/a	n/a	125	500	500	500
Total Pledged Funds <sup>(2)(3)</sup>	\$ 24,281	\$ 27,622	\$ 29,610	\$ 34,647	\$ 39,210	\$ 41,288
Maximum Annual Debt Service <sup>(4)</sup> Payable from Pledged Funds	6,273	6,273	8,936	8,936	8,936	8,936
Debt Service Coverage	3.9x	4.4x	3.3x	3.9x	4.4x	4.6x

<sup>(1)</sup> Includes stadium rental revenue and payments received by the County from JetBlue Airways in connection with the naming rights for JetBlue Park, a part of the 2010 Project.

Source: Lee County Clerk of Courts Finance and Records Department

<sup>(2)</sup> Investment earnings, if any, have not been included in these calculations.

<sup>(3)</sup> This figure includes only Tourist Development Tax revenues as defined in the Bond Resolution. Revenues from the 2% tax increase which went into effect in 2006 are not included for years 2009-2010. Fiscal years 2011-2014 include 100% of Tourist Development Tax revenues.

<sup>(4)</sup> Maximum Annual Debt Service is calculated net of the Federal Direct Payments received in connection with Subsidy Bonds.

<sup>(1)</sup> Estimate.

<sup>(2)</sup> These figures reflect estimated distributions based on the State Fiscal Year of July 1 to June 30.

<sup>(3)</sup> Local Government distributions include the half-cent, county and municipal revenue sharing, and the shift of \$29,915,500 to counties that used to be funded from pari-mutual tax revenues.

<sup>(4)</sup> In addition to sales tax, these figures include state communications services taxes imposed under Chapter 202, Florida Statutes, on the sale of communications services as described in Section 202.12, Florida Statutes.

Licenses and Permits:										
Occupational licenses		688		703		702		692		722
Miscellaneous:										
Investment earnings (3)		588		241		207		549		1,036
Total	\$	96,593	\$	98,783	\$	112,418	\$	119,522	\$	122,602

- (1) The table above includes a general description of Non-Ad Valorem Revenues and does not include sources that are not considered major when viewed independently. Certain other Non-Ad Valorem Revenues may be received by the County that are not reflected in the table above as such revenues are considered restricted for certain purposes, and would not be available for payment of debt service on the Series 2012 or 2015 Bonds.
- (2) A portion of Ambulance Service Receipts are generated from the County's Medstar helicopter flight program, which service was discontinued in 2012.
- (3) To the extent Investment Earnings are earnings on investments held to the credit of funds that are not legally available to pay debt service on the Series 2012 or 2015 Bonds, such investment earnings will not constitute legally available Non-Ad Valorem Revenues.

Recreational vehicle	\$	3.66 per unit / lot	1 - 2,400 \$		
(i.e. $2 \text{ units} = 9,600 \text{ Gal}$ )			2,401 - 4,800 \$	4.09	
			4,801 - 7,200 \$		
			7,201 and above \$	6.54	
Mobile Home	\$	7.32 per unit / lot	1 - 6,000 \$	3.27	
		• '	6,001 - 12,000 \$	4.09	
			12,001 - 18,000 \$	4.91	
			18,001 and above \$	6.54	
			,		

Each residential service account will be charged a monthly administrative fee of \$3.44 per bill.

An additional well field development surcharge of \$0.50 per ERU will be assessed to those residential customers whose monthly water consumption exceeds their initial water conservation block during the monthly billing period (6,000 gallons per ERU).

The total monthly rate for residential service is the sum of the: a) service charge; b) administrative fee; c) well field development surcharge (if applicable); and d) user charges in accordance with this schedule.

#### Commercial and All Non-Residential

Meter Size		ERU <u>Ratio</u>		
5/8"	\$ 12.59	1.0	1 - 6,000	\$ 3.27
3/4"	\$ 17.17	1.5	6,001 - 12,000	\$ 4.09
1"	\$ 26.32	2.5	12,001 - 18,000	\$ 4.91
1½"	\$ 49.19	5.0	18,001 and above	\$ 6.54
2"	\$ 76.64	8.0		
3"	\$ 149.84	16.0	Non-irrigation class	
4"	\$ 232.19	25.0	Per 1,000	\$ 3.44
6"	\$ 460.94	50.0		
8"	\$ 735.44	80.0	Irrigation class	
10"	\$ 1,330.19	145.0	1 - 6,000	\$ 4.09
			6,001 - 12,000	\$ 4.91
			12,001 and over	\$ 6.54

An additional well field development surcharge of \$0.50 per ERU will be assessed to those commercial and non-residential customers whose monthly water consumption exceeds their initial water conservation block during the monthly billing period (6,000 gallons per ERU).

The total monthly rate is the sum of the service and the user charges.

#### Water Restriction Surcharge Adjustment

In the event that the South Florida Water Management District or other authority having appropriate jurisdiction declares a water shortage requiring a mandatory water usage reduction in the amount of 15%, the water user charges listed above will be increased by 18%.

In the event that a reduction of water use greater than 15% is required, the County Commission may establish by resolution, a surcharge based upon the recommendation of the Public Works Director in order to meet revenues required to comply with existing bond debt service covenants, or to meet other requirements of the water system.

- [1] Amounts show reflect gross electric sales revenues; pursuant to agreement the County is required to remit 10% of gross electric revenues to the Operator.
- [2] Amounts shown reflect other operating revenues including franchise fee revenues retained by the County, interest income of cash balances, sale of recovered materials from operation of the C&D recycling facility, advanced disposal fees, electric maintenance revenues, contractual reimbursements, sale of ferrous and non-ferrous metals and other miscellaneous revenues. Amounts shown are exclusive of gains on sale of system assets and FMV (fair market value) adjustments.
- [3] Amounts shown are exclusive of depreciation, amortization, renewal and replacement expenses, OPEB and pension liabilities and landfill closure and post-closure expenses.
- [4] Amount shown reflect the Net Position of the System Reserves Fund at September 30th.
- [5] Amounts shown reflect the monthly deposits to the Debt Service Fund for upcoming due (i.e. the accrued debt service).
- [6] The Series 2006A debt payment represents the April 2016 interest payment only. The Series 2006A bonds were defeased in September 2016. No principal and interest payments were due on the Series 2016 bonds in FY16.
- [7] No required payments were identified since: a) the Debt Service Reserve Account Requirement was met through a Debt Service Reserve Account in the amount of \$7.7M and b) the Renewal and Replacement Fund Requirement was met through the maintenance of a \$1.5 million cash deposit held within the Renewal and Replacement Fund.

Horticulture / Yard Waste	22.65	24.00	24.00
Cⅅ	28.00	31.75	31.75
Class III	34.33	31.75	31.75
Tires	55.00	80.00	80.00
Surcharges per MSW Ton [3][4]	\$4.33	\$0.55	\$0.00
Disposal Facility Assessment per Ton [5]	\$6.00	\$12.40	\$17.34

<sup>[1]</sup> Amounts shown reflect the average fee charged for the primary franchise collection Areas 1-5.

<sup>[2]</sup> Reflects gross assessments before early prepayment discounts as allowed by F.S. Chapter 197.

<sup>[3]</sup> Unincorporated waste generated by Commercial and Multi-Family customers are charged a gate fee per ton including the addition of the base tip fee plus applicable surcharges per ton for MSW disposal.

<sup>[4]</sup> Amounts shown are not charged to municipal customers with exception of the City of Bonita Springs, the Town of Fort Myers Beach and the Village of Estero for which the County provides collection services.

<sup>[5]</sup> Presented for informational purposes only since the disposal facility assessment charge is charged to all MSW customers by assessment, with exception to Hendry County customers.

<sup>[6]</sup> The County approved the Fiscal Year 2017 charges for service on June 7, 2016 pursuant to Resolution 16-06-06.

#### LEE COUNTY SOLID WASTE SYSTEM

September 30, 2016 (Unaudited)

#### Summary of Historical Inbound Waste Deliveries (Tons) by Type of Waste [1]

#### **Historical Period**

Description	2012	2013	2014	2015	2016
MSW / Residue <sup>[2]</sup>	457,863	482,761	493,232	520,960	543,897
C&D / Class III	67,326	85,079	72,987	68,481	72,954
Yard Waste	92,938	96,892	98,643	103,337	104,070
Sludge (Wet Tons)	45,199	49,450	51,381	57,688	63,972
Tires	4,549	5,863	6,574	7,411	4,369
Other <sup>[3]</sup>	1,027	2,090	1,269	1,578	4,625
Recycling <sup>[4]</sup>	63,156	78,535	65,762	73,110	71,583
Total	732,058	800,670	789,848	832,565	865,470

<sup>[1]</sup> Amounts shown exclude ash residue since such waste is not considered an inbound waste to the system and is generated from processing of MSW and other processable inbound waste at the WTE facility.

<sup>[2]</sup> Amounts shown include MSW waste and recycling residue that is processed at the WTE facility.

<sup>[3]</sup> Amounts shown primarily reflect contaminated sand, but also include minor amounts of waste categorized as certified destroyed waste, international waste, asbestos, oil wastes, and other miscellaneous wastes.

<sup>[4]</sup> Amounts shown net of recycling residue processed at the WTE facility; however, includes some residue that is disposed of or used as cover at the Lee / Hendry Landfill.

#### LEE COUNTY SOLID WASTE SYSTEM

#### Summary of Historical Waste-to-Energy (WTE) Processing Statistics [1]

	Historical Period							
Description	2012	2013	2014	2015	2016			
Annualized Design Capacity (Tons) [2]	670,140	670,140	670,140	670,140	670,140			
Guaranteed Tonnage (Tons) [3]	530,000	545,000	569,619	569,619	569,619			
Processed Waste (Tons)	568,789	607,482	607,355	615,179	641,723			
Received MSW/Residue (Tons) [4]	457,863	482,761	493,232	520,960	543,765			
MSW as % of Processed	80.5%	79.5%	81.2%	84.7%	84.7%			
WTE Production Statistics:								
Generated Ash Residue (Tons)	142,051	155,550	150,582	151,806	161,723			
Ash as % of Waste Processed	25.0%	25.6%	24.8%	24.7%	25.2%			
Gross Electricity (MW-hr)	351,138	371,603	386,819	387,467	393,336			
Net Electrictiy (MW-hr) [5]	297,911	315,640	330,932	331,790	336,032			
Ferrous Recovery (Tons) [6]	15,663	14,570	15,973	19,686	24,303			
Non-Ferrous Recovery (Tons) <sup>[6]</sup>	328	373	1,177	2,007	2,410			

- [1] During Fiscal Year 2016, the County had major maintenance performed to the boiler and generator of the WTE Facility and additional major maintenance is expected in Fiscal Year 2021, that has or is expected to reduce the amount of tons that can be processed.
- [2] Amounts shown are based on the annualized design capatity of 1,836 tons per day (not adjusted for leap years) and were not adjusted for any typical or routine maintenance, which would limit the actual capacity for the facility over a twelve (12) month period.
- [3] Amounts shown reflect the minimum commitment of processable waste deliveries by the County pursuant to contractual agreement.
- [4] Includes residues from reycling processed at the WTE Facility and considered comparable to MSW.
- [5] Reflects gross production of electricity net of in-plant use.
- [6] The County partnered with the Operator to install an enhanced metals recovery system, which substantially increased the amount of recovered ferrous and non-ferrous metals approximately 15,000 tons per year to 20,000 tons per year.

## Lee County, Florida SUPPLEMENTAL SCHEDULES LEE COUNTY TRANSPORTATION FACILITIES September 30, 2016 (unaudited)

#### Toll Rates - Sanibel Bridge

The schedule below reflects the toll structure:

Vehicle Class	<u>September 30, 2016</u>
Motorcycles	\$ 2.00
2 axles	6.00
3 axles	9.00
4 axles	12.00
5 axles	15.00
6 or more axles, per axle	3.00

Commuters can choose between annual or semi-annual electronic toll collection ("ETC") discount programs that, depending on the cost of the program, require no additional toll ("Unlimited ETC") or a \$2.00 toll for each westbound crossing. Purchasers of Unlimited ETC's at least one month after the beginning of the validity period (May 1 or November 1) are entitled to a prorated discount on the purchase price. In addition, further discounts on the cost of the ETC are offered for non-commercial vehicles registered or leased to the same natural person (the "Second Vehicle") who has purchased a discount program for a first vehicle (the "Initial Vehicle").

The following table sets forth the toll rates for two axle vehicles that carry an ETC transponder:

Type of		Cost of	
Discount		Discount	Additional
<u>Program</u>	<u>Vehicle</u>	<u>Program</u>	<u>Toll</u>
Annual <sup>(1)</sup>	Initial Vehicle	\$ 67.00	\$ 2.00
	Second Vehicle	33.50	2.00
	Initial Vehicle	400.00	-0-
	Second Vehicle	200.00	-0-
Semiannual <sup>(2)</sup>	Initial Vehicle	50.00	2.00
	Second Vehicle	25.00	2.00
	Initial Vehicle	300.00	-0-
	Second Vehicle	150.00	-0-

Source: June 2007 Toll Resolution

 $<sup>^{(1)}</sup>$  Valid for 12 months commencing November 1 of each year.

 $<sup>^{(2)}</sup>$  Valid for 6 months commencing on November 1 or May 1 of each year.

## Lee County, Florida SUPPLEMENTAL SCHEDULES LEE COUNTY TRANSPORTATION FACILITIES

September 30, 2016 (unaudited)

The County has offered, in addition to ETC's valid only on the Cape Coral Bridge, a combination transponder, which is valid on all three facilities. Commuters can also choose to purchase unlimited discount programs that are valid on all three facilities. The costs of combination unlimited discount programs are also subject to proration as described above in the case of ETC's for the Sanibel Causeway. The costs are as follows:

### COMBINATION TOLLS (Sanibel Causeway, Cape Coral Bridge and Midpoint Memorial Bridge)

Type of Discount <u>Program</u>	<u>Vehicle</u>	Cost of Discount <u>Program</u>	Additional <u>Toll</u>
Annual <sup>(1)</sup>	Initial Vehicle	\$ 107.00	\$ 1.00 for Cape Coral or Midpoint; \$ 2.00 for Sanibel
	Second Vehicle	53.50	\$ 1.00 for Cape Coral or Midpoint; \$ 2.00 for Sanibel
	Initial Vehicle	730.00	-0-
	Second Vehicle	365.00	-0-
Semiannual <sup>(2)</sup>	Initial Vehicle	74.00	\$ 1.00 for Cape Coral or Midpoint; \$ 2.00 for Sanibel
	Second Vehicle	37.00	\$ 1.00 for Cape Coral or Midpoint; \$ 2.00 for Sanibel
	Initial Vehicle	500.00	-0-
	Second Vehicle	250.00	-0-

Source: June 2007 Toll Resolution

#### Toll Rates - Cape Coral Bridge and Midpoint Memorial Bridge

The schedule below reflects the toll structure:

Vehicle Class	<u>September 30, 2016</u>
Motorcycles	\$ 1.00
2 axles	2.00
3 axles	4.00
4 axles	6.00
5 axles	8.00
6 or more axles, per axle	2.00
Commuter Discounts	(see next page)

<sup>(1)</sup> Valid for 12 months commencing November 1 of each year.

 $<sup>^{(2)}</sup>$  Valid for 6 months commencing on November 1 or May 1 of each year.

## Lee County, Florida SUPPLEMENTAL SCHEDULES LEE COUNTY TRANSPORTATION FACILITIES

September 30, 2016 (unaudited)

The Cape Coral Bridge and Midpoint Memorial Bridge toll structure also offers commuter toll discounts similar to those offered on the Sanibel Causeway. The annual or semi-annual ETC, depending on its cost, requires either (i) no additional toll or (ii) one dollar (\$1.00) toll for each westbound crossing. Second Vehicle discounts are available. Combination ETC's which are valid on both the Sanibel Causeway and the Cape Coral Bridge are also available. See the above Combination Tolls table for a list of toll rates for combination ETC's.

The following table sets forth the toll rates for two axle vehicles that carry an ETC transponder:

Type of		Cost of	
Discount		Discount	Additional
<u>Program</u>	<u>Vehicle</u>	<u>Program</u>	<u>Toll</u>
Annual <sup>(1)</sup>	Initial Vehicle	\$ 40.00	\$ 1.00
	Second Vehicle	20.00	1.00
	Initial Vehicle	330.00	-0-
	Second Vehicle	165.00	-0-
Semiannual <sup>(2)</sup>	Initial Vehicle	24.00	1.00
	Second Vehicle	12.00	1.00
	Initial Vehicle	200.00	-0-
	Second Vehicle	100.00	-0-

Source: June 2007 Toll Resolution

#### Variable Pricing Program

During the term of the variable pricing program, a toll for each westbound trip on the Cape Coral and Midpoint Memorial Bridges the toll rates for off-peak usage with and without an ETC transponder are set forth in the table below:

Vehicle Class	Specified Off-Peak Hour Toll Without ETC	Specified Off-Peak Hour Toll With ETC
Motorcycles	\$1.00	n/a
2 axles	2.00	\$ 1.50/0.75
3 axles	4.00	3.00
4 axles	6.00	4.50
5 axles	8.00	6.00
6 or more axles	2.00 per axle	1.50 per axle

Source: Lee County Department of Transportation

<sup>(1)</sup> Valid for 12 months commencing November 1 of each year.

<sup>&</sup>lt;sup>(2)</sup> Valid for 6 months commencing on November 1 or May 1 of each year.

<sup>(1)</sup> Amount shown does not include depreciation or amortization expenses which are not considered an operating expense pursuant to the County's Bond Resolution.

Source: Lee County Clerk of Courts Finance and Records Department

<sup>(2)</sup> Persuant to the County's Bond Resolution, operating expenses do not include unfunded OPEB and pension expenses. Years 2007 to 2014 include the annual OPEB cost in the operating expenses and is not adjusted for funding.

## Lee County, Florida SUPPLEMENTAL SCHEDULES LEE COUNTY PORT AUTHORITY

September 30, 2016 (unaudited)

The following table lists the airlines serving the Airport, including all airlines operating passenger service into the Airport which have entered into an Airline-Airport Use and Lease Agreement with the Authority (the "Signatory Airlines").

#### Airlines Serving the Airport<sup>1</sup>

## Domestic Carriers Regionals/Commuters American Airlines\*

American Airlines\* Atlantic Southeast Delta Air Lines\* Endeavor Air JetBlue\* Express Jet Frontier **PSA** Airlines Shuttle America Republic Southwest\* Shuttle America Spirit Airlines\* Silver Airways Sun Country Skywest United\* US Airways<sup>2</sup>

#### <u>International Air Carriers</u> <u>Air Cargo Carriers</u>

AirBerlin Federal Express
Air Canada United Parcel Service
Silver
Sun Country
Westjet

- \* Denotes Signatory Airline as defined in Airline-Airport Use Agreements as of September 30, 2016.
- (1) During the peak winter months, a number of other domestic and international charter airlines also operate at the Airport.
- (2) US Airways and American completed their merger January 1, 2016. The combined entity now operates as American. Accordingly, the Use Agreement with US Airways is assumed by American.

## Lee County, Florida SUPPLEMENTAL SCHEDULES LEE COUNTY PORT AUTHORITY SOUTHWEST FLORIDA INTERNATIONAL AIRPORT September 30, 2016

eptember 30, 2016 (Unaudited)

An Airport's air service is often measured through the distribution of its origin and destination (O & D) markets, which is a function of air travel demands and the airport's available nonstop service. The following table presents historical data on the Airport's top 30 O&D markets.

#### PRIMARY DOMESTIC ORIGIN & DESTINATION PASSENGER MARKETS

Nonstop   Nonstop   Total Okt   Percent of   Rank   Market   Service   Miles   Passengers   Total Okt   Total Okt
