INTRODUCTION

MARYANNE MORSE
Clerk of the Circuit Court and Comptroller
Seminole County

May 19, 2016

To the Honorable Board of County Commissioners
Seminole County, Florida

It is with pleasure we present to you, Members of the Board of County Commissioners, the Comprehensive Annual Financial Report ("CAFR") of Seminole County, Florida (the "County") for the fiscal year ended September 30, 2015, pursuant to Florida State law. The financial statements were prepared in accordance with generally accepted accounting principles in the United States of America (GAAP) as promulgated by the Governmental Accounting Standards Board ("GASB") and audited by a firm of independent certified public accountants.

The report consists of management's representations concerning the finances of the County. Consequently, management assumes full responsibility for the completeness and reliability of all information presented in this report. To provide a reasonable basis for making these representations, management of the County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse, and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with GAAP. Because the costs of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As preparers, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

INDEPENDENT AUDIT

The County's financial statements have been audited by an independent firm of certified public accountants, Moore Stephens Lovelace, P. A. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended September 30, 2015, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the County's financial statements for the fiscal year ended September 30, 2015, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the County was part of a broader, federal and state mandated single audit designed to meet the requirements of federal and state grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the County's internal controls and compliance with legal requirements, with special emphasis on those internal controls and legal requirements involving the administration of federal and state awards. These reports are in the Single Audit section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the statements and should be read in conjunction with the MD&A. The County's MD&A can be found immediately following the independent auditors' report.

PROFILE OF THE COUNTY

Seminole County, Florida (the "County") was created by the Florida Legislature on April 25, 1913, and is located in the central part of Florida between Orlando to the south and Deland/Daytona Beach to the north.

The County consists of seven incorporated areas and five unincorporated villages and encompasses 344 square miles of land and waterways. Seminole County's close proximity to Orlando makes it one of the fastest growing counties in Florida. The Greater Orlando Metropolitan District which includes Seminole and the surrounding counties of Osceola, Lake, Orange, Volusia and Brevard counties creates a viable, progressive and diverse setting for economic growth and residential development.

The County is a political subdivision and a charter county of the State of Florida established by and operating pursuant to the Constitution of the State of Florida, Article VIII, Section 1(g). The Florida Constitution provides for "home rule" county charter government when approved by the voters by referendum. Seminole County voters approved a charter form of county government effective November 8, 1988. The Charter was amended in November 1994 and November 2006. Counties operating under county charters have all powers of local self-government not inconsistent with general law, or with special law approved by vote of the electors. The County, pursuant to its home rule powers, may enact county ordinances not inconsistent with general law.

Policymaking and the legislative authority are vested in the Board of County Commissioners (the Board), a five-member board elected to four-year terms in partisan, countywide elections, representing specific geographic districts. The Board chooses a Chairperson, who presides over the Commission, as well as appoints the members of its legislative committees.

**To the Honorable Board of County Commissioners
Seminole County, Florida
May 19, 2016**

The Board adopts the County budget, levies property taxes and other fees, and hires the County Manager and County Attorney. The County provides a full range of services: the construction and maintenance of the County's infrastructure, public safety, recreation, health and human services, and development and protection of the physical and economic environment. In addition to the Board there are five Constitutional Officers who are elected to partisan, four-year terms in accordance with the constitution of the State of Florida.

Reporting Entity

Component units are legally separate entities for which the primary government is financially accountable. Blended component units, although legally separate entities, are in substance, a part of the primary government's operations and are included as a part of the primary government. The U.S. 17-92 Community Redevelopment Agency is a blended component unit of the County and is presented as a special revenue fund. For the current year, this fund is presented as a major fund. Discretely presented component units are reported in a separate column in the basic financial statements to emphasize that they are legally separate from the primary government and to differentiate their financial position and results of operations from those of the primary government.

The Seminole County Port Authority (Port Authority) and the Fred R. Wilson Memorial Law Library (the Law Library) are reported as discretely presented component units.

THE SEMINOLE COUNTY ECONOMY IN 2015

The County's objective is to deliver cost-effective and collaborative services to enhance and promote the quality of life for Seminole County residents, businesses and visitors. Seminole County is a diverse, vibrant, urban community with parks and green space, recognized as Florida's Natural Choice. Positioned at the central part of Florida between Orlando to the south and Deland/Daytona Beach to the north, the County is environmentally and economically sustainable and a gateway to the central Florida marketplace. The County is a regional body working together with government partners, businesses and stakeholders to achieve common goals. The County is home to innovation and a great place to live, work, and play. The Board set forth a number of goals and objectives in support of this mission, and some of the achievements during the year are detailed below.

Major Initiatives

- As the year's largest economic development project, in 2015, the County welcomed Deloitte Consulting to Lake Mary. Deloitte Consulting brought more than 1,000 new jobs and invested \$22 million in capital investment in the County. In addition to fostering Deloitte's move to the community, the County incentivized six other economic development projects that will result in approximately 500 new jobs, over \$22 million in wages, and a capital investment in the County of over \$48 million.
- The County's tourism continues to grow, with a 5% increase in hotel occupancy rates in 2015, and a 14% increase in Tourist Development Tax collections. In 2015, The County hosted more than 34 events that generated over 20,000 room nights. These visitors brought \$18 million in economic impact to the County.
- The Development Services Department issued over 20,000 building permits, a 10% increase over the previous fiscal year. Approval was granted for subdivision and Planned Development plans that will yield over 800 new residential lots.

**To the Honorable Board of County Commissioners
Seminole County, Florida
May 19, 2016**

- Multiple premier development projects were approved including: the “Piedmont Planned Development,” a mixed use project in the County’s International Parkway corridor, with entitlements for 100,000 retail/commercial square feet, 800,000 general office square feet, and 250 hotel rooms; the Reagan Center Planned Development, located on the former Flea World property, with entitlements for 236,858 retail/commercial square feet, 216,537 general office square feet, and 893 dwelling units; and the 59-acre Legacy Point Planned Development, a continuing care retirement community affiliated with the University of Central Florida.
- In April 2015, work began on the Sports Complex. The 102 acre Sports Complex features 15 cutting-edge athletic fields, including nine synthetic turf and six natural turf fields. This facility will offer the greatest number of artificial turf playing fields in a single location in Florida. The Sports Complex will open in May, 2016. The Sports Complex will host more than 40 sporting events, and is anticipated to generate 13,100 hotel room nights, resulting in more than \$11 million in economic impact in its first year.

Factors Affecting Financial Condition

The County’s financial position remains sound and strong. The County’s unemployment rate at September 30, 2015 was 4.6% compared to 5.1% at September 30, 2014. The County’s unemployment rate is the lowest in the region. In comparison, at September 30, 2015, the unemployment rate for both the State of Florida and the United States was 5.1%.

The Ad Valorem tax operating millage rates for the governmental funds remained at 4.8751 in the 2016 fiscal year budget.

**To the Honorable Board of County Commissioners
Seminole County, Florida
May 19, 2016**

The taxable value of real and personal property increased in fiscal year 2015 by approximately 5.4%, the first material growth since fiscal year 2008. This is a positive sign for the County's economy and is, hopefully, the beginning of incremental growth over the next several years. It may take some time to reach the 2008 fiscal year taxable value levels. However, there are signs that the County's real estate market appears to be recovering strongly.

RELEVANT FINANCIAL INFORMATION

Budgetary Controls

The County maintains extensive budgetary controls. The objective of these controls is to ensure compliance with the legal, legislative, and contractual provisions affecting the County, which are incorporated into the annually appropriated budget. Budgetary control is maintained at the appropriation unit level within each division/activity. An appropriation level is defined as personal services, operating expenditures, capital outlay, debt service, transfers, and reserves. Budgetary control includes a comparison of encumbrances and actual expenditures to appropriations before issuing purchase orders for payments. Encumbrances are recognized as contractual obligations of the County. Encumbrances lapse at year-end. For additional information concerning budgetary controls, refer to Note 1D of the Notes to the Financial Statements.

The total adopted budget for fiscal year 2016, which includes tax supported as well as non-tax supported funds, compares to the fiscal year 2015 budget are as follows:

	<u>2015</u>	<u>2016</u>	<u>Increase (Decrease)</u>
Operating Budget	\$ 659,939,482	\$ 623,899,035	\$ (36,040,447)
Capital Budget	45,632,327	56,592,808	10,960,481
Debt Service Budget	30,014,005	27,859,207	(2,154,798)
Total	<u>\$ 735,585,814</u>	<u>\$ 708,351,050</u>	<u>\$ (27,234,764)</u>

Overall, the total budget decreased by \$27.2 million. The total operating budget decreased by \$36 million primarily due to a reduction in interfund transfers budgeted in fiscal year 2015 for forgiveness of advances made to the Transportation Impact Fee Fund over several years ago.

**To the Honorable Board of County Commissioners
Seminole County, Florida
May 19, 2016**

Capital projects are prioritized based on the policies of the Board articulated through their goals, the adopted Capital Improvement Program, and other criteria such as the need to protect public safety, to maintain the County's infrastructure investments, to comply with federal and state mandates and to minimize the impact of additional operating costs on the taxpayers. The capital budget increased by approximately \$11 million in fiscal year 2016 primarily due to the increase in the new Infrastructure Surtax Fund for the new penny sales tax that became effective in January 2015.

The debt service budget decreased by \$2.2 million primarily due to the refunding of the Sales Tax Bonds and Water and Sewer Bonds to take advantage of favorable interest rates.

Long-Term Financial Planning

The County has continued to do its best with available resources and has consistently balanced the demands for services with the need for financial stability while being responsible stewards of public funds. By taking a proactive, outcome oriented approach to budgeting, the County was able to weather the substantial downturn in economic conditions. The fiscal year 2015 budget is reflective of an improving economy that is evident in the tax roll, which is approximately 5.4% higher than the prior year tax roll. The fiscal year 2015 tax roll is still approximately 24% below the peak in fiscal year 2008, but is improving compared to the low point in 2012. The fiscal year 2016 budget is reflective of an improving economy.

The enterprise funds, which operate without property tax subsidies, continue to flourish and create economic opportunities for the community and the region. This is evidenced by the County's unemployment rate which has consistently fallen below that of the State and the nation. The County is financially stable and continues to meet the challenges it faces. The County's issuer rating was affirmed at Aa2 by Moody's Investors Service, AA by Standard and Poor's.

On February 26, 2015, the County issued \$29,810,000 Sales Tax Revenue Refunding Bond, Series 2015 to advance refund \$29,235,000 in outstanding Sales Tax Revenue Bonds, Series 2005A to take advantage of favorable interest rates. Proceeds from the Sales Tax Revenue Refunding Bond, Series 2015 were placed into escrow to provide for the principal and interest payments on the Series 2005A maturing on April 1, and October 1, 2015.

The Sales Tax Revenue Refunding Bonds, Series 2005A were refunded to reduce the total debt service payments over the next 16 years by \$6,470,398 and to obtain an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$5,246,792.

On May 27, 2015, the County issued \$149,270,000 Water and Sewer Revenue Refunding Bonds, Series 2015A to advance refund \$153,240,000 in outstanding Water and Sewer Revenue Bonds, Series 2006 maturing October 1, 2017 through October 1, 2036 to take advantage of favorable interest rates. Proceeds from the Water and Sewer Revenue Refunding Bonds, Series 2015A (the "Series 2015A Bonds") were placed into escrow to provide for the principal and interest payments on the Series 2006 bonds. Except for \$290,000 in bonds, maturing October 1, 2015 through October 1, 2016, that were not refunded from the 2006 bonds, the Series 2006 bonds are considered to be in-substance defeased.

On July 7, 2015, the County issued \$32,025,000 Water and Sewer Revenue Refunding Bonds, Series 2015B (the "Series 2015B Bonds") to advance refund \$35,560,000 in outstanding Water and Sewer Revenue Refunding Bonds, Series 2005 (the "Series 2005 Bonds"), maturing October 1, 2016 through October 1, 2022, to take advantage of favorable interest rates. Proceeds from the Series 2015B were placed into escrow to provide for the principal and interest payments on the Series 2005 bonds. Except for \$2,670,000 in bonds maturing October 1, 2015 that were not refunded from the Series 2015B Bonds, the 2005 Series bonds are considered to be in-substance defeased. At September 30, 2015, the unrefunded portion of the Series 2005 Bonds was paid in full.

**To the Honorable Board of County Commissioners
Seminole County, Florida
May 19, 2016**

The Water and Sewer Revenue Refunding Bonds, Series 2015A&B, were refunded to reduce the total debt service payments over the next 21 years by \$29,282,620 and to obtain an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$21,532,386.

The County takes a planned approach to the management of debt and financing when appropriate. Conservative financial strategies and management practices help to minimize exposure to sudden economic shocks or unexpected volatility. Monitoring and evaluation of factors that can affect the financial condition of the County help to identify any emerging financial concerns. The practice of multi-year forecasting enables the County to take corrective action long before budgetary gaps develop into a crisis. The planning process also includes an examination of new capital and/or operating initiatives in relationship to their related impact on the County's financial position.

By looking beyond year-to-year budgeting and projecting what, where, when, and how capital investments should be made, capital programming enables the County to maintain an effective level of service to the present and future population. As part of its overall monitoring activities, the County assesses existing market conditions to determine the appropriate time to refund or extinguish outstanding debt issues, if appropriate, to realize sufficient cost savings.

The County has identified improvements to be made as part of their 5 year Capital Improvement Plan (CIP), which was adopted during the 2015-2016 fiscal year and is updated annually. Major projects for Water and Sewer improvements and Transportation improvements are in progress. The total projected cost of these and other improvements is approximately \$60.4 million.

Investment Policies to Provide Liquidity

Cash balances of County funds are pooled and invested pursuant to the County's investment policy. Cash temporarily idle during the year was invested in three types of investments: the State Board of Administration Investment Fund (SBA), Money Market Funds and obligations backed by the U.S. Government, its agencies and instrumentalities. The investments in the U.S. Government, its agencies and instrumentalities include mortgage-backed instruments of the Federal National Mortgage Association (FNMA), the Federal Home Loan Mortgage Association (FHLMA), Government National Mortgage Association (GNMA), obligations of the Federal Home Loan Bank (FHLB), and U.S. Treasury notes and bonds.

The County is also permitted to invest in certificates of deposit that call for a specific maturity. These investments are made with qualified public depositories certified by the State of Florida that are located in Seminole County. Certificate of deposit maturities vary depending on anticipated cash requirements and receipts. Banks are required by the State Treasurer to pledge collateral for all public deposits held for governmental entities.

The County also invests in AAA rated Money Market funds. These funds are liquid but are subject to interest rate fluctuation. They are increased or decreased as cash flow requirements fluctuate. Investments are made in U.S. Government obligations with varying maturities. These investments are also liquid but are subject to interest rate fluctuation. Safekeeping of these securities is performed by a third party custodian. A delivery versus payment system has been implemented to assure proper transfer of funds for purchases and sales.

For additional information concerning the County's investments refer to Note 2B of the Notes to the financial statements.

New Accounting Standards

During fiscal year 2015, the County adopted Governmental Accounting Standards Board (GASB) Statements No. 68 and 71, *Accounting and Financial Reporting for Pensions – An Amendment of GASB Statement No. 27 and Pension Transition for Contributions made Subsequent to the Measurement Date –*

**To the Honorable Board of County Commissioners
Seminole County, Florida
May 19, 2016**

An Amendment of GASB No. 68. In accordance with GASB 68, the County now includes in the government-wide statements its proportionate share of the net pension liability of the cost-sharing pension plans in which it participates. This proportionate amount represents a share of the present value of projected benefit payments to be provided through the cost-sharing pension plan to current active and inactive employees that is attributed to those employees' past periods of service (total pension liability), less the amount of the cost-sharing pension plan's fiduciary net position. See Notes 5H, 10 and 14.

The following Accounting Standards will be required to be adopted during fiscal year 2016:

GASB Statement No. 72, *Fair Value Measurement and Application*. This Statement addresses accounting and financial reporting issues related to fair value measurements. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2015.

GASB Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. This Statement reduces the Generally Accepted Accounting Principles (GAAP) hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2015.

Certificate of Achievement

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Seminole County, Florida for its Comprehensive Annual Financial Report for the fiscal year ended September 30, 2014. This was the thirty-third consecutive year that Seminole County has received this prestigious award.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report. Such report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA for consideration of eligibility for another Certificate.

Acknowledgements

The preparation of this report was accomplished through the dedicated efforts of the staff of the County Finance Department of the Clerk of the Circuit Court and Comptroller as auditor and Clerk to the Board of County Commissioners, Chief Financial Officer and custodian of all County funds.

Sincere appreciation is also expressed to the Constitutional Officers, County Departments and the municipalities in the County who provided us with valuable information and assistance in the assembling and coordination of this effort.

Respectfully submitted,

Maryanne Morse
Clerk of the Circuit Court and Comptroller

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

Honorable Board of County Commissioners
Seminole County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activity, the discretely presented component units, each major fund, and the aggregate remaining fund information of Seminole County, Florida (the "County") as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the discretely presented component units, which represent 100 percent of the assets, liabilities and revenues of the Fred R. Wilson Memorial Library and the Seminole County Port Authority. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the discretely presented component units, is based on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activity, the discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of September 30, 2015, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis-of-Matter - Change in Accounting Principle

As discussed in Note 14 to the financial statements, in the fiscal year ended September 30, 2015, the County adopted the provisions of Government Accounting Standards Board Statement ("GASBS") Number 68, *Accounting and Financial Reporting for Pensions* and GASBS 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. As a result of the implementation of GASBS 68 and 71, the County reported a restatement for the change in accounting principle as of October 1, 2014. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements as a whole. The introductory section, combining and individual fund statements and schedules, and the statistical section, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual fund statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 19, 2016, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Orlando, Florida
May 19, 2016

The County Management's Discussion and Analysis (the "MD&A") presents an overview of Seminole County, Florida's (the "County") financial activities for the fiscal year ended September 30, 2015. Please read it in conjunction with the Letter of Transmittal, in the Introductory Section, and the County's financial statements following the MD&A.

Financial Highlights

- The assets of the County exceeded its liabilities at September 30, 2015 by \$1.3 billion (net position).
- At September 30, 2015, the County's governmental funds reported combined ending fund balances of \$330 million, a decrease of \$700 thousand in comparison with the prior year.
- At September 30, 2015, unassigned fund balance for the General Fund was \$51.4 million or 24.2% of total General Fund expenditures and transfers out.
- Governmental activities revenues before transfers increased by approximately \$30 million. The increase is attributable to an increase in sales tax revenue due to the passing of the 2015 one cent infrastructure sales tax.
- Governmental activities expenses decreased by approximately \$12.7 million or 3.5%. The net decrease is primarily attributable reduction in transportation expenses since the completion of the Red Bug flyover.
- The County's total bonded debt had a net decrease of \$17.2 million or 4.3% percent during the fiscal year. The net decrease is the result of scheduled principal payments as well as a reduction in outstanding principal due to the refunding of the 2005A Sales Tax Revenue Bonds, the 2005 Water and Sewer Revenue Refunding Bonds and the 2006 Water and Sewer Revenue Bonds.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements contain three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements

The *government-wide financial statements*, which consist of the following two statements, are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the County's assets, deferred outflows, liabilities, and deferred inflows with the difference between these reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of the related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected but earned revenue, and unused vacation leave).

Both of these financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, physical environment, public safety, transportation, economic environment, human services, culture/recreation, and court related activities. The business-type activities of the County include solid waste disposal and water and sewer utilities. The government-wide financial statements can be found immediately following the MD&A.

Fund financial statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains several individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, County Transportation Trust, Transportation Impact Fee, Infrastructure Surtax, Fire Protection and 17/92 Redevelopment Special Revenue Funds, which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* in the other supplemental information section of this report.

The County adopts an annual appropriated budget for its general fund, special revenue funds (except the Sheriff's Grant Fund), debt service funds and capital projects funds. Project-length budgets for the capital projects funds are also prepared as a management tool. The Sheriff's Grant Fund is presented on a budgetary basis. The notes include reconciliation to generally accepted accounting principles for this fund. Budgetary comparison schedules have been provided for these funds to demonstrate budgetary compliance.

The basic governmental fund financial statements may be found immediately following the government-wide financial statements.

Proprietary funds

The County maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The County uses enterprise funds to account for the fiscal activities relating to solid waste disposal, and water and sewer utilities. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses the internal service fund to account for its self-insurance and risk management program. Because these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water and Sewer and Solid Waste funds, which are considered to be major funds of the County.

The basic proprietary fund financial statements follow the governmental fund financial statements.

Fiduciary funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the County's own programs. The accounting used for fiduciary funds is similar to proprietary funds. The County only has agency funds. The basic fiduciary fund financial statements can be found after the basic proprietary fund statements.

Notes to the financial statements and Other Information

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found after the fiduciary fund financial statements.

In addition to the basic financial statements and accompanying notes, *required supplementary information* is included which presents budgetary comparison schedules for the County's General Fund and other major special revenue funds, other postemployment benefit plan schedules and pension plan schedules. Required supplementary information can be found following the notes to the financial statements.

The combining statements referred to earlier in connection with nonmajor governmental funds and fiduciary funds are presented in the other supplemental information section of this report. Combining and individual fund schedules can be found after the required supplementary information.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the County, assets exceeded liabilities by \$1.3 billion at the close of the fiscal year ended September 30, 2015.

Net position includes the following categories; investment in capital assets, restricted and unrestricted. At the end of fiscal year 2015, the County is able to report positive balances for Investment in capital assets and restricted net position for the government as a whole and for its separate governmental and business-type activities. Unrestricted net position for business-type activities is also a positive balance. For governmental activities, unrestricted net position is \$(104.8) million. This deficit net position was as a result of the implementation of *Government Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions*, which required restatement of beginning net position. See Note 14 for more information.

Net position may serve over time as a useful indicator of a government's financial position. At September 30, 2015, the County's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$1.3 billion. The largest portion of the County's net position 83.4% reflects its investment in capital assets (e.g., land, buildings, and equipment); less any related outstanding debt used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The County has Governmental Activities *restricted net position* of \$245 million for debt service, public safety, grants, capital improvements, development, conservation efforts, Municipal Service District, Solid Waste Municipal Services, Street Lighting, other purposes and court modernization. The remaining balance presents *unrestricted net position* \$(104.8) million. The negative balance in unrestricted net position is the result of implementation of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. Implementation of this Statement resulted in a cumulative effect on beginning net position for governmental activities of \$145 million, thus reducing unrestricted net position from \$40.2 million to \$(104.8) million. The effect of this change is discussed more fully in note 14 in the basic financial statements.

- Governmental activities during 2015 decreased net position by \$2 million as compared to a \$45 million decrease in 2014. The overall improvement in the results of operations is attributable to an increase of \$35 million in general revenues primarily attributable to increase in sales taxes due to the passing of the one cent infrastructure sales tax, increase in property taxes and a transfer from the Solid Waste Fund. In addition, total expenses decreased by approximately \$13 million primarily attributable to general government, transportation and human services.

Financial Analysis of the County's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the County's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable resources*. Such information is useful in assessing the County's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At September 30, 2015, the County's governmental funds reported combined ending fund balances of \$330 million. Beginning fund balance in the Fire Protection Fund was restated as of October 1, 2014 to recognize \$1,397,616 in Fire Impact Fees collected in prior years but not recognized in the fund's financial statements. Thus, the overall change in combined governmental fund balances was a \$2 decrease from beginning fund balance as restated. The combined fund balances included *Nonspendable fund balance* of \$2 million for prepaid expenses and inventory, *Restricted fund balance* of \$282.7 million are subject to regulatory, statutory and budgetary restrictions were primarily restricted for capital improvements and public safety. Of the combined governmental fund balances \$9.7 million were *Committed and Assigned fund balances*, while *Unassigned fund balance* was \$35.8 million.

The General Fund is the chief operating fund of the County. At September 30, 2015, the unassigned fund balance of the General Fund was \$51.4 million, and the total fund balance was \$62.7 million. As a measure of the General Fund's liquidity, the total fund balance represents 29.5% of total General Fund expenditures and transfers out.

- The fund balance of the County's General Fund decreased by approximately \$3.2 million primarily attributable to transfer outs for debt service payments, offset by an increase in tax revenue.

The *County Transportation Trust Fund*, a special revenue fund, was created pursuant to the provisions of Section 129.02, Florida Statutes, to account for transportation related revenues and expenditures not more properly accounted for elsewhere. Examples of activities funded include road maintenance, traffic control, right-of-way acquisition and construction of new roadways. Funding is from local ad valorem property taxes and gas taxes collected and distributed by the State of Florida. At September 30, 2015, the Transportation Trust Fund reported *Nonspendable* fund balance of \$1.2 million and *Restricted* fund balance of \$3.8 million. The fund balance of the County Transportation Trust Fund decreased by \$551 thousand from the prior year. The primary reason for this decrease is due to decrease in expenditures and more funds transferred from the General Fund.

The *Transportation Impact Fee Fund* is a special revenue fund that accounts for revenues derived from fees paid by developers as outlined in the County's Impact Fee Ordinance. Use of these revenues is restricted to capital facilities that are attributable to new growth as set forth in the aforementioned Ordinance. At September 30, 2015, the Transportation Impact Fee Fund reported a deficit of \$15.5 million. The deficit fund balance is a result of funds advanced from the Infrastructure Surtax Fund to the Transportation Impact Fee Fund in order to construct needed infrastructure as a result of growth. During fiscal year 2015, the Infrastructure Surtax Fund did a transfer out of \$45 million to the Transportation Impact Fee Fund. The remaining advance will be repaid to the Infrastructure Tax Fund in future years as impact fees become available.

The *Infrastructure Surtax Fund* is a special revenue fund used to account for the receipt and disbursement of voter approved referenda one-cent sales tax on July 9, 1991, September 4, 2001 and January 1, 2015, for a period of ten years. Proceeds are used to fund upgrading and construction of roads. At September 30, 2015, the Infrastructure Surtax Fund reported restricted fund balance of approximately \$164.2 million. This is a decrease of \$36.8 million from the prior year fund balance. The net decrease can be attributed to a \$45 million transfer out to the Transportation Impact Fee Fund for advances previously made.

The *Fire Protection Fund* is a special revenue fund that accounts for expenditures for fire protection and emergency medical services financed with revenues generated by ad valorem taxes as well as service fee revenues. At September 30, 2015, *Nonspendable* fund balance was \$333.8 thousand and restricted fund balance was \$24.7 million. The fund balance of the Fire Protection Fund decreased by \$5 million compared to the prior year. This is attributable primarily to an increase in capital related expenditures and grants and aids totaling approximately \$4 million and approximately \$1 million increase in personal services and other charges. The personal service costs were increased due to increase in retirement contributions and other related costs.

The *17/92 Redevelopment Fund* is a special revenue fund used to account for the receipt and disbursement of tax incremental income received from participating cities and Seminole County for the redevelopment of the approved portion of the 17/92 corridor. During the current year, \$1.8 million of contributions were received from cities participating in the CRA; expenditures on CRA projects totaled approximately \$1.3 million. Fund balance increased by approximately \$528 thousand. Total fund balance is \$11.9 million, which is restricted for capital improvements.

Proprietary Funds

The County's enterprise funds provide the same type of information found in the government-wide financial statements, but in more detail. All proprietary funds are reported as major funds.

Unrestricted net position of the proprietary funds at year end amounted to:

	Unrestricted Net Position (In Thousands) 2015
Fund	
Water and Sewer	\$ 26,634
Solid Waste	27,738
	<u>\$ 54,372</u>

The *Water and Sewer Fund* accounts for the provision of water and sewer services to residents of unincorporated Seminole County as well as portions of other municipalities. Total revenues for the Water and Sewer System include charges for services, grant revenue, interest revenue, miscellaneous revenue and capital contributions. Operating income totaled approximately \$10.9 million an increase of approximately \$663 thousand as compared to the prior year, which is representative of increase in charges for services and capital contributions.

The *Solid Waste Fund* accounts for the provision of solid waste disposal services to the general public on a user charge basis. Total revenues of the solid waste fund consist mainly of tipping fees, recycling revenue and interest income. Operating income for the Solid Waste Fund totaled \$2.1 million, a decrease of approximately \$192 thousand as compared to prior year due. The decrease is attributable to a decrease in charges and services and miscellaneous revenues of \$700 thousand that was offset by a reduction of \$500 thousand in expenses.

General Fund Budgetary Highlights

Budget and actual comparison schedules are provided in *the Required Supplementary Information* section for the General Fund and all major special revenue funds. Budget and actual comparison schedules are also provided in the Combining and Individual Fund Statements and Schedules for all nonmajor funds with annually appropriated budgets. The budget and actual comparison schedules show the original adopted budgets, the final revised budget, actual results, and variance between the final budget and actual results for the General Fund and major special revenue funds. After the original budget is approved, it may be revised for a variety of reasons such as unforeseen circumstances, new bond or loan proceeds, new grant awards, or other unanticipated revenues or expenditures.

Variances between the original budget and the final amended budget for the General Fund were relatively minor and are summarized as follows:

- Revenues increased by \$700 thousand primarily due to increase in budgeted property taxes.
- Expenditures increased by \$5 million or 2.5%. The increase is attributable to increase in Support Services.

General Fund actual total revenues were approximately \$204 million or 100% of the final budget amount. Total expenditures were \$195 million or 94% of the final budget as several functional areas such as: the Tax Collector, Computer Services, Support Services and other functions were under budget due to a combination of process improvements and reductions of general spending. Expenditures exceeded revenues and transfers, resulting in a decrease in the General Fund balance of \$3.2 million, which compared to a budgeted decrease in fund balance of \$17.8 million.

Capital Assets and Debt Administration

Capital Assets

The County's investment in capital assets for its governmental and business-type activities as of September 30, 2015 amounts to \$1.4 billion (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements other than buildings, leasehold improvements, equipment, infrastructure, intangible assets and construction in progress. The total increase in the County's investment in capital assets for the current fiscal year was .3 % (a 1.6% decrease for governmental activities and a 1.8% increase for business-type activities). Major capital asset events during the current fiscal year included the following:

- The net decrease to governmental activities capital assets is primarily attributable to a reduction in construction related projects and increase in depreciation expense.
- The Water and Sewer System had additions totaling approximately \$29.4 million, primarily attributable to several completed residential reclaim retrofit projects and the completion of State Road 46 Main upgrade.
- The Solid Waste System had additions totaling \$2 million. The additions were primarily related to the \$1.3 million acquisition of machinery and equipment and \$700 thousand of projects that were added in construction in progress.

SEMINOLE COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS - Continued
September 30, 2015

Additional information on the County's capital assets can be found in Note 4 to the financial statements.

Long-term Liabilities

At September 30, 2015, the County had total long-term liabilities outstanding of \$384.5 million. The County had \$27.5 million in Special Obligation bonds outstanding at September 30, 2015. The Bonds are collateralized by Non Ad-Valorem revenues. The remaining outstanding revenue bonds, totaling \$352.5 million are secured solely by specified revenue sources (i.e., revenue bonds). In addition, the County had \$4.5 million in capital leases.

**Outstanding Bonds and Capital Leases
(In Thousands)**

	Governmental Activities		Business-type Activities		Total	
	2015	2014	2015	2014	2015	2014
Special Obligation Bonds	\$ 27,505	\$ 28,000	\$ -	\$ -	\$ 27,505	\$ 28,000
Revenue Bonds	96,546	100,416	256,020	268,865	352,566	369,281
Capital Leases	<u>4,470</u>	<u>5,205</u>	<u>-</u>	<u>-</u>	<u>4,470</u>	<u>5,205</u>
	<u>\$ 128,521</u>	<u>\$ 133,621</u>	<u>\$ 256,020</u>	<u>\$ 268,865</u>	<u>\$ 384,541</u>	<u>\$ 402,486</u>

The County's total bonded debt had a net decrease of \$17.2 million or 4.3% percent during the fiscal year. The net decrease was due to scheduled principal payments. The County also refunded the 2005A Sales Tax Revenue Bonds. In addition, the 2005 Water and Sewer Revenue Refunding Bonds and the 2006 Water and Sewer Revenue Bonds were also refunded during 2015, resulting in a reduction of outstanding principal.

Additional information on the County's debt can be found in note 5 to the financial statements.

Currently Known Economic Facts

- The County government's financial position remains sound and strong. The County's unemployment rate at September 30, 2015 was 4.6% compared to 5.1% at September 30, 2014. The County's unemployment rate is the lowest in the region. In comparison, at September 30, 2015, the unemployment rate for both the State of Florida and the United States was 5.1%.
- The assessed taxable value of real and personal property increased 5.4% in the 2015 fiscal year.
- Population increased slightly from the prior fiscal year to 442,903 at September 30, 2015.
- The 2014/2015 adopted budget is \$735,585,814 compared to \$718,017,877 adopted in fiscal year 2013/2014. This is a net increase of 2.4% from the adopted budget of 2013/2014.

The Ad Valorem tax operating millage rates for the governmental funds remained at 4.8751 in the 2016 fiscal year budget.

Requests for Information

This financial report is designed to present users with a general overview of the County's finances and to demonstrate the County's accountability. If you have questions concerning any of the information provided in this report or need additional financial information, contact the County's Clerk of the Circuit Court and Comptroller, Finance Department, 1101 E. First Street, Sanford, Florida 32771.

SEMINOLE COUNTY, FLORIDA
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
as of September 30, 2015

Total fund balances of governmental funds **\$ 330,207,260**

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. The cost of the assets is \$1,842,382,483, and the accumulated depreciation is \$955,028,760. 887,353,723

Internal service funds are used by management to charge the costs of risk management services to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the Statement of Net Position. 9,168,872

At the governmental fund level, some receivables are not available and are reported as a deferred inflow of resources. All receivables are included as revenue when earned in the Statement of Activities. Thus, there is no unavailable revenue on the Statement of Net Position. 457,284

Deferred Outflows related to Pensions are not reported in the governmental funds but will be recognized in pension expense on a long-term basis. 23,916,160

Deferred Inflows related to Pensions are not reported in the governmental funds but will be recognized in pension expense on a long-term basis. (31,706,213)

Long-term liabilities are not due and payable in the current period and accordingly are not reported as fund liabilities. All liabilities, both current and long-term, are reported in the Statement of Net Position. Long-term liabilities at year-end consist of:

Bonds payable	\$ 124,051,000	
Less: Deferred charge on refunding (to be amortized as interest expense)	(722,162)	
Capital leases	4,470,479	
Compensated absences (excludes \$20,135 related to Internal Service Fund included above)	27,646,126	
Other post employment benefits	16,414,812	
Net Pension Liability	127,101,997	(298,962,252)

Total net position of governmental activities **\$ 920,434,834**

SEMINOLE COUNTY, FLORIDA
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
For The Year Ended September 30, 2015

Net change in fund balances - total governmental funds **\$ (2,097,987)**

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital purchases as expenditures. However, in the Statement of Activities, the cost of those assets is depreciated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation (\$55,426,166) exceeds capital purchases (\$42,391,689) in the current period. (13,034,477)

Capital assets contributed to the County in the current year and recognized as revenue in the Statement of Activities. 642,407

In the Statement of Activities, only the loss on the sale/disposal of capital assets is reported. The change in net position differs from the change in fund balance by the cost of the capital assets sold/disposed. (584,149)

In the current year, the County sold two large parcels of land. The proceeds are reported in the governmental funds In Other Financing Sources however, on the Statement of Activities, net position is reduced by the cost of the land sold and only the gain on the sale is reported. (1,732,400)

At the governmental fund level, some revenues are not available and are reported as a deferred inflow of resources. All receivables are included as revenue when earned in the Statement of Activities and therefore, not an unearned revenue on the Statement of Net Position. (64,539)

The issuance of bonds and similar long-term liabilities provides current financial resources to governmental funds and thus contribute to the change in fund balance. In the Statement of Net Position, however, issuing debt increases long-term liabilities and does not affect the statement of activities. Similarly, repayment of principal is an expenditure in the governmental funds, but reduces the liability in the Statement of Net Position. The amounts of the items that make up these differences in the treatment of long-term liabilities and related items are:

Debt issued or incurred:		
Proceeds from issuance of bonds	\$ (29,810,000)	
Payment to refunded bond escrow	29,664,797	
Proceeds from capital lease	(2,476,541)	
Principal repayments:		
Bonds (includes payment on refunded bonds)	5,277,500	
Capital leases	3,211,527	5,867,283

Under the modified accrual basis of accounting used in governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the Statement of Activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. These adjustments are as follows:

Net Pension Expense	10,249,395
Deferred Amount on Refunding	(45,135)
Compensated absences (for governmental funds)	(612,469)
Changes in other post employment benefit liability	(1,954,861)

Internal service fund is used by management to charge the costs of risk management services to other funds. The change in net position of the internal service fund is reported with governmental activities. 1,362,691

Change in net position of governmental activities **\$ (2,004,241)**

The notes to the financial statements are an integral part of this statement.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Seminole County, Florida (the "County") have been prepared in conformity with generally accepted accounting principles ("GAAP") as applied to government units. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Significant County accounting policies are described below.

A. Reporting Entity

The County is a political subdivision of the State of Florida established by the Constitution of the State of Florida, Article VIII, Section 1(e). It is governed by an elected Board of County Commissioners (the "Board") whose powers are limited by State statutes and regulations. In addition to the Board, there are five elected Constitutional Officers: Clerk of the Circuit Court and Comptroller, Sheriff, Tax Collector, Property Appraiser, and Supervisor of Elections. The Constitutional Officers maintain separate accounting records and budgets. The Board funds a portion or, in certain instances, all of the operating budgets of the County's Constitutional Officers. The operations of the Constitutional Officers are combined with the Board of County Commissioners to properly reflect County operations taken as a whole.

As required by generally accepted accounting principles, the financial reporting entity consists of (1) the primary government (the "County"), (2) organizations for which the County is financially accountable, and (3) other organizations for which the nature and significance of their relationship with the County are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The County is financially accountable if it appoints a voting majority of the organization's governing body and (a) it is able to impose its will on that organization or (b) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the County. The County may be financially accountable if an organization is fiscally dependent on the County regardless of whether the organization has (a) a separately elected governing board, (b) a governing board appointed by a higher level of government, or (c) a jointly appointed board. Based on these criteria, County management examined all organizations which were legally separate in order to determine which organizations, if any, should be included in the County's financial statements. Management determined that the 17-92 Community Redevelopment Agency, the Fred R. Wilson Memorial Law Library, and the Seminole County Port Authority were the only organizations that should be included in the County's financial statements as component units.

1. Blended Component Unit

17-92 Community Redevelopment Agency ("17-92 CRA") – The 17-92 CRA was established by resolution pursuant to Part III, Chapter 163, Florida Statutes. The 17-92 CRA, although legally separate, provides all its services entirely to the County and the Board of County Commissioners is the 17-92 CRA Board of Directors. The 17-92 CRA is reported as a major fund within the governmental funds of the County in compliance with Florida Statutes. The Board is the governing body of the 17-92 CRA. Management of the County has operational responsibility for the 17-92 CRA and manages the activities in essentially the same manner in which it manages its own programs and departments.

2. Discretely Presented Component Units

Fred R. Wilson Memorial Law Library ("Law Library") – The Law Library was established by the laws of Florida, Chapter 59-1863. The Law Library provides approximately one-half of its services to the general public (primarily within the County) and one-half to the County judiciary. The Law Library is governed by a Board of Trustees appointed by the County Board. The Law Library cannot set user charges or issue bonded debt and therefore is fiscally dependent on the County.

Seminole County Port Authority ("Port Authority") – The Port Authority was established by the Laws of Florida, Chapter 65.2270, for the purpose of constructing, equipping, and operating a port facility. The Board members of the Port Authority are appointed by the County Board, who approves the Port Authority's budget, levies taxes (if necessary) and must approve any debt issuance.

Complete financial statements for the discretely presented component units may be obtained at their administrative offices:

Fred R. Wilson Memorial Law Library
301 North Park Avenue
Sanford, Florida 32771

Seminole County Port Authority
1510 Kastner Place, Suite 1
Sanford, Florida 32771

3. Related Organizations

The Board is responsible for appointing a voting majority of the governing board for the Seminole County Industrial Development Authority ("Authority"), which makes the Authority a related organization. However, the Authority is not considered a component unit since it is not financially accountable to or fiscally dependent on the County.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government and its component units. For the most part, the effect of inter-fund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable. The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Indirect Expenses* are those costs that are allocated to functions and activities in accordance with the County's adopted indirect cost allocation plan. The "Expenses" column includes both direct and indirect expenses. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, discretely presented component units, and fiduciary funds. Fiduciary funds are excluded from the government-wide financial statements. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

1. Government-wide Financial Statements

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements.

Amounts reported as *program revenues* include: 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

2. Fund Financial Statements

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, other post employment benefits, and claims and judgments, are recorded only when payment is due.

Property taxes, intergovernmental revenues, franchise fees, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The County reports the following major governmental funds:

- The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The *County Transportation Trust Fund*, a special revenue fund, was created pursuant to the provisions of Section 129.02, Florida Statutes, to account for transportation related revenues and expenditures not more properly accounted for elsewhere. The County Transportation Trust Fund accounts for road maintenance, traffic control, right-of-way acquisition and construction of new roadways. Funding is from local ad valorem property taxes and gas taxes collected and distributed by the State of Florida.
- The *Transportation Impact Fee Fund* is a special revenue fund that accounts for revenues derived from fees paid by developers as outlined in the County's Impact Fee Ordinance. Use of these revenues is restricted to capital facilities that are attributable to new growth as set forth in the aforementioned Ordinance.

- The *Infrastructure Surtax Fund* is a special revenue fund used to account for the receipt and disbursement of voter approved referenda one-cent sales tax on July 9, 1991, September 4, 2001 and January 1, 2015, for a period of ten years. Proceeds will be used to fund upgrading and construction of roads.
- The *Fire Protection Fund* is a special revenue fund that accounts for expenditures for fire protection and emergency medical services financed with revenues generated by ad valorem taxes as well as service fee revenues.
- The *17-92 Community Redevelopment Agency Fund (CRA)* is a special revenue fund that accounts for the receipt and disbursement of tax increment income restricted for use for redevelopment projects within the special district.

The County reports the following major proprietary funds:

- The *Water and Sewer Fund* accounts for the provision of water and sewer services to residents of the unincorporated areas of the County as well as portions of three municipalities. Related activities include, but are not limited to, administration, operation, maintenance, financing and related debt service, and billing and collection.
- The *Solid Waste Fund* accounts for the provision of solid waste disposal services to the general public on a user-charge basis. Related activities include, but are not limited to, administration, operation, maintenance, financing and related debt service.

Additionally, the County reports the following fund types:

- *Special Revenue Funds* account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes.
- *Debt Service Funds* account for financial resources that are restricted, committed or assigned to expenditure for principal and interest.
- *Capital Projects Funds* account for financial resources that are restricted, committed or assigned to expenditure for capital outlays (other than those financed by proprietary funds).
- The *Internal Service Fund ("Insurance Fund")* accounts for all types of insurance utilized by the County, including the self-insurance programs for workers' compensation, general and automotive liability, crime and property as well as employee group hospitalization and life insurance. These costs are allocated to departments according to department size.
- *Agency Funds* are custodial in nature and do not involve measurement of results of operations. They are excluded from the government-wide financial statements. These funds are used to hold funds collected by the Clerk of the Circuit Court and Comptroller, Sheriff, and Tax Collector that are ultimately payable to another government organization.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's enterprise funds and of the County's internal service fund are charges to customers for sales and services. Operating expenses for enterprise funds and the internal service fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

In the fund financial statements, governmental funds report fund balance in classifications based on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed. When unrestricted resources are to be used, the committed amounts are used first, followed by assigned then unassigned.

D. Budgetary Requirements

The following procedures are utilized by the County in establishing and/or amending the budgetary information contained in the financial statements:

- 1) On or before June 1 of each year, the Clerk of the Circuit Court and Comptroller, Sheriff, Supervisor of Elections and Tax Collector each submit a proposed operating budget for the ensuing fiscal year to the Board.
- 2) The proposed operating budget of the Property Appraiser must be presented to the Board on or before June 1 of each year and is simultaneously submitted by the Property Appraiser to the State of Florida, Department of Revenue, from which the final approval of the budget of the Property Appraiser must emanate.
- 3) On or before July 15 of each year, or within 15 days after the receipt of certified taxable property values from the Property Appraiser, whichever occurs last, the County Manager, as the Board's designated budget officer, presents to the Board a proposed budget for the fiscal year commencing the following October 1.

Pursuant to the provisions of Section 129.01, Florida Statutes, the proposed budgets as submitted contain balanced statements of estimated revenues (including unexpended fund balances to be carried forward) and proposed appropriations for each fund required to be presented by law or by sound financial practices, including the general, special revenue, debt service, and capital projects funds.

- 4) Following a preliminary review of the proposed budgets by the Board, whose members make such changes as are deemed necessary (provided that the proposed budget for each fund remains balanced), the Board causes a notice of proposed property taxes to be mailed to each County property taxpayer. Included in the notice is a statement of the Board's intent to hold a public hearing to consider adoption of the tentative millage rates and budgets, as well as a comparison of the taxpayer's proposed property tax bill with the actual tax bill of the preceding year.
- 5) Following successful completion of the above referenced public hearings, the Board advertises and subsequently conducts a second public hearing to finally adopt a millage rate and budget for each of the taxing entities under their jurisdiction. These public hearings are ordinarily held prior to October 1 each year. If, however, for some reason the Board is unable to finally adopt a budget prior to October 1, state law permits the re-adoption by resolution of the budget of the preceding year as an interim measure.
- 6) Pursuant to the provisions of Section 129.07, Florida Statutes, the Board is prohibited from expending or contracting for the expenditure of any amount in excess of the total amount budgeted in any fund. It is, however, legally permissible at the present time for the budgets of individual departments included within a particular fund to be over expended in total without requiring mandatory action by either the Board or the County Manager. Transfers of appropriate amounts between funds require approval of the Board.
- 7) Subsequent to final adoption of the budget by the Board, changes to the budget, as enacted, are only required (by either statutory law or current management practices) when revenues not anticipated in the original budget document are received which management wishes to have appropriated during the current year, resulting in an increase to the total appropriations of a fund.

SEMINOLE COUNTY, FLORIDA**NOTES TO FINANCIAL STATEMENTS - Continued**September 30, 2015

- 8) Adoption and execution of the budgets are governed in accordance with applicable provisions of the Florida Statutes. Management has made a decision not to adopt a budget for the Law Enforcement Trust Fund. This fund is used solely to account for property confiscated by law enforcement in accordance with State and Federal law. The volatility of the amount of property confiscated year over year makes a budget meaningless.
- 9) Formal budgetary integration at the category level is used as a management control device for all governmental funds of the County for which annual budgets are adopted, including the general, special revenue, debt service, and capital projects funds. Pro forma project length budgets are provided to the Board for certain capital projects for informational purposes only. The level at which expenditures may not legally exceed appropriations is the fund level.
- 10) Except for the Sheriff's Grant Fund, budgets for the general, special revenue, debt service and capital projects funds are adopted on a basis consistent with generally accepted accounting principles.
- 11) All appropriations lapse at the end of each fiscal year, although the County expects to honor purchase orders and contracts in process, subject to authority provided in the subsequent year's budget.

E. Property Taxes

Under Florida law, the assessment of all properties and the collection of all county, municipal and school board property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector. The laws of the State regulating tax assessment are also designed to assure a consistent property valuation method statewide. State Statutes permit counties to levy property taxes at a rate of up to 10 mills.

The tax levy of the County is established by the Board prior to October 1 of each year and the Property Appraiser incorporates the millages into the total tax levy, which includes the municipalities, independent districts and the County School Board tax requirements.

All property is reassessed according to its fair market value on January 1 of each year. Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of State Statutes.

All taxes are due and payable on November 1 of each year or as soon thereafter as the assessment roll is certified and delivered to the Tax Collector. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January, and 1% in the month of February. Taxes paid in March are without discount.

On or prior to June 1 following the tax year, certificates are sold for all delinquent taxes on real property. Delinquent taxes on real property bear interest at 18% per year or as bid in a public sale of tax certificates. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years. Unsold certificates are held by the County.

Delinquent taxes on personal property bear interest at 18% per year until the tax is satisfied either by seizure and sale of the property or by the five-year statute of limitations.

The County does not accrue its portion of the County-held tax sale certificates or personal property tax warrants because such amounts are not considered to be material.

Key dates in the property tax cycle for the fiscal year ended September 30, 2015, are as follows:

Assessment Roll certified	June 2014
Beginning of fiscal year for which taxes are being levied	October 2014
Property taxes levied	October 2014
Tax bills issued	November 1, 2014
Property taxes due by:	
For maximum discount	November 30, 2014
Delinquent after	March 31, 2015
Tax certificates (liens) sold on unpaid property taxes	May 15, 2015

F. Interfund Transactions

Inter-fund services provided and used are accounted for as revenues, expenditures, or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund, and as reductions of expenditures/expenses in the fund that is reimbursed. All other inter-fund transactions are reported as transfers.

G. Interfund Payables and Receivables

Unpaid amounts of inter-fund transactions at year end are reflected as "due from other funds" or "due to other funds" in the related fund financial statements. Noncurrent portions of inter-fund payables and receivables are reported as advances. In governmental funds, advances are offset equally by nonspendable fund balance in the General Fund or restricted, committed or assigned fund balance in other governmental funds, which indicates that they do not constitute expendable available financial resources and, therefore, are not available for appropriation.

H. Cash and Cash Equivalents

Cash and cash equivalents are Equity in Pooled Cash, cash on hand, demand deposit accounts and all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased. In addition, investments in money market funds are sufficiently liquid to permit withdrawal of cash at any time without prior notice or penalty, thus equity in these funds is also deemed to be a cash equivalent.

I. Equity in Pooled Cash and Investments

The County maintains pooled cash and investment funds which allow the various funds of the County to pool monies for investment purposes. The County maintains records to identify the equity of each fund investing in the pools as well as amounts borrowed from the pools. Investments earnings of the pools are recorded as earned and are allocated to the participating funds based on the respective funds average daily balance.

J. Investments

The County's investments include cash and cash equivalents, U.S. government treasury and agency obligations, money market funds and funds on deposit with the State Board of Administration ("SBA"). These investments are carried on the County's books at fair value. The County's investment in Florida PRIME is reported at amortized cost.

K. Restricted Assets

The use of certain assets of the enterprise funds is restricted by specific provisions of the bond covenants. Assets so designated are identified as restricted assets on the Statement of Net Position since their use is limited. Impact fees received and customer deposits are also restricted.

L. Accounts and Utility Receivables

Accounts receivables are shown net of an allowance for uncollectible. Long-term receivables are analyzed for their collectability based on the terms and conditions of the agreements. In addition to those receivables specifically identified as uncollectible, a general allowance is established for receivables older than one year.

Water and sewer operating revenues are generally recognized on the basis of cycle billings rendered monthly. The County records estimated revenues for services rendered during the current fiscal year which will not be billed until the next fiscal year. Utility receivables are shown net of allowance for uncollectible. At September 30, 2015, the allowance for doubtful account was \$1,821,337.

M. Special Assessment Receivables

The Board imposes special assessments against property located within specified areas, as set forth in the Assessment Resolution, for the construction of improvements. The assessment of each parcel is based upon the lineal feet of frontage along the areas to be improved. The assessments are collected on the ad valorem tax bill, as authorized by Section 197.3632 of the Florida Statutes.

N. Inventories

Inventories are stated at cost (weighted average) using the consumption method. Governmental inventories consist of expendable supplies held for consumption. Enterprise fund inventories consist primarily of meters, meter boxes and supplies held for use in maintaining and expanding the system.

O. Prepaids

Prepaids represent payments made to vendors for services that will benefit the County beyond September 30, 2015. These payments are recorded as expenditures or expenses when consumed rather than when purchased.

P. Capital Assets

Capital assets, which include property, plant, equipment, intangibles and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets with initial, individual costs that equal or exceed \$5,000 and estimated useful lives of over one year are recorded as capital assets. Roads, bridges, and sidewalks are capitalized when their initial costs equal or exceed \$5,000 and possess estimated useful lives of more than one year. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. The total interest expense incurred by the business-type activities during fiscal 2015 was \$13,979,945. Of this amount, \$12,403,490 was included as part of the cost of capital assets under construction in connection with various construction projects.

Capital assets are depreciated using the straight line method over the estimated useful lives of the assets. The estimated useful lives are reviewed regularly. Any changes in the estimated life of an asset are reflected in current and future depreciation. Following are the current estimated useful lives:

Buildings and Improvements	10 - 30 Years
Landfill and Water/Sewer Structures	10 - 30 Years
Machinery, Equipment and Vehicles	5 - 22 Years
Infrastructure	20 - 50 Years

Note that infrastructure asset projects completed in fiscal year 2015 are considered completed on September 30, 2015, and, therefore, depreciation will not be reflected until the fiscal year beginning October 1, 2015. Intangibles consist of Unamortized Capacity Rights and Unamortized Landfill Design Costs.

Capacity rights consist of purchased rights to specified percentages in existing and future water and sewer treatment capacity. The capacity rights are recorded at cost, including capitalized interest, and are amortized using the straight line method over the period expected to be benefited.

Unamortized landfill design costs consist of payments for engineering services to prepare a design for utilization of the County's landfill. The design costs are being amortized on a straight line basis over the estimated useful life of the landfill.

Q. Compensated Absences

The County records compensated absences in governmental funds as expenditures for the amount that would normally be liquidated with expendable financial resources. The County accrues compensated absences in the period they are earned in the government-wide and enterprise fund financial statements. Only the compensated absence liability that has matured (i.e. unused reimbursable leave still outstanding following an employee's resignation or retirement) and would be normally liquidated with current expendable resources in the next fiscal year is recorded in the fund financial statements of governmental funds.

R. Other Post Employment Benefits

An actuary was engaged to provide estimates of the potential liability for the County as of October 1, 2013 (the valuation date). The County's OPEB liability results from an implicit rate subsidy for healthcare costs related to retirees. This liability is liquidated primarily by the General Fund for governmental activities and business type activities liquidate their own liabilities.

S. Landfill Closure Costs

The Board recognizes municipal solid waste landfill closure and post-closure care costs under the State of Florida's Solid Waste Management Act of 1988, regulations of the Federal Environmental Protection Agency, and generally accepted accounting principles in the United States. The Board is required to place a final cover on closed landfills and to provide long-term care for up to thirty years after final cover. These obligations for closure and post-closure care are recognized in the enterprise fund for the Board's landfill operations over the active life of the landfill, based on landfill capacity.

T. Long-Term Debt and Related Costs of Issuance

In the government-wide and proprietary fund type financial statements, long-term liabilities and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bond premiums and discounts are amortized over the life of the bonds on a straight line basis. Bonds payable are reported net of the applicable unamortized bond premium or discount.

For refunding of debt reported in the government-wide and proprietary type funds financial statements, the difference between the reacquisition price and the net carrying amount of the old debt will be deferred and recognized as a component of interest expense in a systematic and rational manner over the remaining life of the old debt or the life of the new debt, whichever is shorter. On the Statement of Net Position, the deferred amount is reported as deferred outflows/inflows of resources. Bond issuance costs are reported as an expense in the period incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts as well as bond issuance costs, during the period incurred. The face amount of the debt issues are reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

U. Deferred Outflows/ Inflows of Resources

In addition to assets, the Statement of financial position will report, when applicable, separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represent a consumption of net position that applies to future reporting periods and will not be recognized as an outflow of resources, expense/expenditure, until then.

The County has two items that qualify for reporting as deferred outflows of resources reported in the government-wide and proprietary funds, deferred charges on refunding and deferred outflows related to pensions. A deferred charge on refunding results from debt refinancing, whereby the reacquisition price of the refunding debt instruments exceed their net carrying amount and is amortized over the shorter of the life of the refunded or refunding debt. The deferred outflows related to pensions are an aggregate of items related to pensions as calculated in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. The deferred outflows related to pensions will be recognized as either pension expense or a reduction in the net pension liability in future reporting years. Details on the composition of the deferred outflows related to pensions are further discussed in Note 10 to the financial statements.

At September 30, 2015, the County had deferred outflow of resources on the County's Proprietary Funds Statement of Net Position totaling \$3,330,516. The deferred outflow represents the difference between the reacquisition price and the carrying amount of the Water and Sewer Revenue Refunding Bonds, Series 2015A.

In addition, the County had deferred outflow of resources on the Governmental Activities Statement of Net Position totaling \$722,162, this represents the difference between the reacquisition price and the carrying amount of the Sales Tax Revenue Refunding Bonds, Series 2015.

In addition to liabilities, the statement of financial position will report, when applicable, a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time. The County has three items that qualify for reporting as deferred inflows of resources.

The first two items reported as deferred inflows of resources are the deferred gain on refunding and the deferred inflows related to pensions, both reported in the government-wide Statement of Net Position. A deferred gain on refunding results from a debt refinancing whereby the net carrying amount of the debt instrument exceeds the reacquisition price of the refunding debt. This amount is deferred and amortized over the shorter life of the refunded or refunding debt.

The deferred inflows related to pensions are an aggregate of items related to pensions calculated in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. The deferred inflows related to pensions will be recognized as a reduction to pension expense in future reporting years. Details on the composition of the deferred inflows related to pensions are discussed further in Note 10 to the financial statements.

The final deferred inflows of resources arise only under the modified accrual basis of accounting. The items, unavailable revenues – property taxes and unavailable revenues – special assessments, are reported only in the governmental funds balance sheet and represent amount receivable but not available.

At September 30, 2015, the deferred inflow of resources on the County's governmental balance sheet represents special assessment liens for the Municipal Service Benefit Unit (MSBU) Program totaling \$457,284.

The deferred inflow of resources on the County's Proprietary Funds Statement of Net Position represents the difference between the reacquisition price and the carrying amount of the water and sewer revenue refunding bonds, Series 2015B. The deferred inflow of resources totaled \$562,022 at September 30, 2015.

V. Pensions, Net Pension Liability

In the government-wide financial statements and proprietary fund Statements of Net Position, net pension liability represents the County's proportionate share of the net pension liability of the cost-sharing pension plans in which it participates. This proportionate amount represents a share of the present value of projected benefit payments to be provided through the cost-sharing pension plan to current active and inactive employees that is attributed to those employees' past periods of service (total pension liability), less the amount of the cost-sharing pension plan's fiduciary net position.

The County participates in both the Florida Retirement System (FRS) defined benefit pension plan and the Health Insurance Subsidy Program (HIS) defined benefit plan administered by the Florida Division of Retirement, collectively, FRS/HIS.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of FRS/HIS and additions to/deductions from each plans fiduciary net position have been determined on the same basis as they are reported by each plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

W. Self-Insurance Claims

Liabilities for reported claims and incurred but not reported claims are estimated based on an actuarial review of historical experience and claims pending against the County.

Y. Grants and Contributions

Program and capital grants received by governmental funds are recorded in the applicable governmental fund as receivables and revenues at the time reimbursable costs are incurred and all significant grant restrictions are satisfied. Grant revenues received in advance of meeting all major grant restrictions are recorded as unearned revenue.

Contributed assets, including property and equipment, are recorded at fair value at the time received. Depreciation expense on contributions, representing depreciation on donated fixed assets or on fixed asset additions financed by contributions, is reflected by the proprietary funds in the statement of revenues, expenses and changes in net position.

Z. Fund Balance and Net Position

Fund Balance

In the fund financial statements, governmental funds report fund balance in classifications based on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Fund balances are classified as follows:

- *Non-spendable* – amounts that are not in spendable form or are required to be maintained intact; e.g. inventories and prepaid amounts.
- *Restricted* – amounts that can be spent only for the specific purposes stipulated by external sources such as debt covenants, grantors, laws or regulations of other governments or imposed by law through constitutional provision or enabling legislation.
- *Committed* – amounts that can be used for specific purposes pursuant to the constraints imposed by formal actions (e.g. ordinance) of the Board, the County's highest level of decision making authority. Amounts specifically committed for use in satisfying contractual obligations are also included in this classification. A commitment can only be modified or removed by the same formal action.
- *Assigned* – amounts are constrained by the County's intent to be used for specific purposes. Intent is expressed by the Board or its designee. The County's Administrative Code identifies Resource Management, under the direction of the County Manager, as the responsible department for activities relating to the allocation of County resources. Also included are all remaining amounts (except for negative balances) reported in Debt Service, Capital Project and Special Revenue Funds that are not classified as nonspendable and neither restricted nor committed.
- *Unassigned* – this is the residual classification of the general fund or negative fund balances. It includes all amounts not contained in other classifications. Unassigned amounts are technically available for any purpose.

Net Position – Net position represents the difference between assets, deferred outflows, liabilities and deferred inflows, in reporting which utilizes the economic resources measurement focus. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the County has spent) for the acquisition, construction or improvement of those assets. Net position is reported as restricted using the same definition as used for restricted fund balance as described in the previous section. The remaining portion of net position is reported as unrestricted.

The County applies restricted resources first to fund outlays for which both restricted and unrestricted net position is available.

AA. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

BB. Reclassifications

Certain September 30, 2014 account balances have been reclassified in this report to conform with the financial statement presentation used in 2015.

NOTE 2 – DEPOSITS AND INVESTMENTS

The Seminole County Board of County Commissioners (Board) accounts for its deposits and investments in a pooled cash and investment account. The Constitutional Officers cash is held in deposit accounts, overnight sweep accounts and the Local Government Surplus Funds Trust Fund. The Basic Financial Statements include the deposits and investments for the Board combined with the Constitutional Officers. Accordingly the amounts included below include both.

A. Deposits

At September 30, 2015, the carrying amount of the County and Constitutional Officer's cash deposit accounts was \$26,940,538, while the bank balance was \$ 30,659,609. The cash deposits are held by a bank that qualifies as a public depository under the Florida Security for Public Deposits Act as required by Chapter 280, Florida Statutes and are fully insured.

Equity in Pooled Cash includes surplus funds placed in an external investment pool administered by the Florida State Board of Administration ("SBA"). The SBA provides regulatory oversight for this investment pool. The State Pool is the Florida PRIME, formerly Fund A.

The Florida PRIME ("PRIME") pool has adopted operating procedures consistent with the requirements for a 2a7-like fund. The County's investment in Florida PRIME is reported at amortized cost. The fair value of the position in the pool is equal to the value of the pool shares. At September 30, 2015, the County's investment in the PRIME pool was \$37,564,334.

B. Investment Portfolio

The Seminole County Board of County Commissioners (Board) and Seminole County Clerk of the Circuit Court and Comptroller (Clerk) formally adopted a comprehensive investment policy pursuant to Section 218.415, Florida Statutes that established permitted investments, asset allocation limits, issuer limits, credit ratings requirements, and maturity limits to protect the County's cash and investment assets.

Section 218.415, Florida Statutes, limits the types of investments that a government can invest in unless specifically authorized in an investment policy. The Board and Clerk have formal investment policies that allow for the following investments: The State Pool, United States Government Securities, United States Government Agencies, Federal Instrumentalities, Interest Bearing Time Deposits, Saving Accounts, non-negotiable Certificates of Deposit issued by qualifying banks and savings and loan associations, Repurchase Agreements and Money Market Funds. The remaining Constitutional Officers are limited to investing funds pursuant to Section 218.415, Florida Statutes, and subsection (17).

SEMINOLE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS - Continued
September 30, 2015

Investment holdings in direct obligations of the United States Treasury Securities and Federal Instrumentalities consist of \$4,116,720 which are reported at fair value. As of September 30, 2015, interest receivable on the Board's investment portfolio amounted to \$27,300. The County's investments are pooled with interest bearing accounts totaling \$30,659,609 for combined restricted and unrestricted cash and investments of \$428,835,859 as reflected on the Statement of Net Position.

The County had the following pooled cash and investments and effective duration presented in terms of years:

<u>Investment Type</u>	<u>Credit Rating</u>	<u>Fair Value</u>	<u>Duration Years</u>
U.S. Treasury Securities	NA	\$ 4,116,720	6.03
Mortgage Backed			
U.S. Government Agencies	AAA/AA+	15,999,286	2.83
Collateralized Mortgage			
Obligations - U. S. Government Agencies	AAA/AA+	13,142	1.62
Florida PRIME	AAAm	37,564,334	See below (1)
Money Market Funds	Aaa/AAAm	201,932,375	-
Cash & Cash Equivalents	**	169,210,002	-
Total Pooled Cash and Investments		<u>\$ 428,835,859</u>	
Effective Duration			<u>0.29</u>

(1) Weighed average maturity was 29 days at 9/30/15

** Funds are held with qualified public depository

Interest Rate Risk

The Board's investment policy sets limits for investment maturities to match known cash needs and anticipated cash flow requirements. Investments of current operating funds shall have maturities of no longer than twelve (12) months.

Investments of bond reserves, construction funds, and other non-operating funds ("core funds") shall have a term appropriate to the need for funds and in accordance with debt covenants. The County's total portfolio may contain investments with stated maturities of thirty (30) years or less but the average or estimated life of the portfolio shall not exceed five (5) years.

The Board utilizes "effective duration" as a measurement of interest rate risk and as of September 30, 2015, the investment portfolio had an effective duration of .29 years.

Credit Risk

The Board and Clerk's investment policies limit investments to The State Pool, U. S. Treasury Obligations, Federal Agencies, Federal Instrumentalities and Money Market Funds. Investments are also allowed in time deposits, certificates of deposit, and repurchase agreements of qualified (Under Florida Security for Public deposits Act, Chapter 280, FS) banks and savings and loan associations.

With the exception of the County's U.S. Treasury Obligations and cash deposit balance all other investments are in AAAm/Aaa rated entities as of September 30, 2015.

The County's \$26,940,538 cash deposit balance and \$169,210,002 in a demand deposit account were deposited in a qualified public depository, as required by Chapter 280, Florida Statutes.

Custodial Credit Risk

The Board and Clerk's investment policies, pursuant to Section 218.415(18), Florida Statutes, requires that securities, with the exception of the State Pool, certificates of deposit and money market Funds, shall be held with a third party custodian; and all securities purchased by, and all collateral obtained by the Board and Clerk should be properly designated as an asset of the County. The securities must be held in an account separate and apart from the assets of the financial institution. A third party custodian is defined as any bank depository chartered by the Federal Government, the State of Florida, or any other state or territory of the United States which has a branch or principal place of business in the State of Florida, or by a national association organized and existing under the laws of the United States which is authorized to accept and execute trusts and which is doing business in the State of Florida. The State Pool investments, certificates of deposit and money market funds will be placed in the provider's safekeeping department for the term of the deposit.

As of September 30, 2015, the County's investment portfolio was held with a third-party custodian as required by the Board's investment policy.

Concentration of Credit Risk

The Board and Clerk's investment policies have established asset allocation and issuer limits on the following investments, which are designed to reduce concentration of credit risk of the County's investment portfolio.

A maximum of 100% of available funds may be invested in the US Treasuries, GICs and Flex Repos, and in Money Market Funds. A maximum of 80% of available funds may be invested in Agencies and Instrumentalities, 50 % of available funds may be invested in the State Pool, 20% of available funds may be invested in Certificates of Deposit, 10% of available funds may be invested in Term Repurchase Agreements.

SEMINOLE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS - Continued
September 30, 2015

As of September 30, 2015, the Board had the following issuer concentration based on fair value:

<u>Investment Type</u>	<u>Credit Rating</u>	<u>Fair Value</u>	<u>Percentage of Portfolio</u>
U.S. Treasury Securities	NA	\$ 4,116,720	0.96%
Mortgage Backed			
U.S. Government Agencies	AAA/AA+	15,999,286	3.73%
Collateralized Mortgage			
Obligations - U. S. Government Agencies	AAA/AA+	13,142	0.00%
Florida PRIME	AAAm	37,564,334	8.76%
Money Market Funds	Aaa/AAAm	201,932,375	47.09%
Cash & Cash Equivalents	**	169,210,002	39.46%
Total Pooled Cash and Investments		<u>\$ 428,835,859</u>	
			<u>100.00%</u>

** Funds are held with qualified public depository

NOTE 3 – INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The composition of inter-fund balances as of September 30, 2015 is as follows: Advances to/from other funds:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Infrastructure Surtax	Transportation Impact Fee	<u>\$16,590,357</u>

The amount of this loan is a result of funds advanced from the Infrastructure Surtax Fund to the Transportation Impact Fee Fund in order to construct needed infrastructure as a result of growth. This advance will be repaid to the Infrastructure Surtax Fund in future years as impact fees become available. None of the balance is scheduled to be collected in the subsequent year.

During fiscal year 2015, the County determined that \$45 million of the Advances made to the Transportation Impact Fee Fund would not be repaid within a reasonable time. As such, the Infrastructure Surtax Fund reduced the Advances by \$45 million and reported a transfer out to the Transportation Impact Fee Fund. The Transportation Impact Fee Fund shows a corresponding transfer in for the same amount.

SEMINOLE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS - Continued
September 30, 2015

Inter-fund transfers for the 2015 fiscal year consist of the following:

	<u>Transfers In</u>	<u>Transfers Out</u>
Major Funds:		
General Fund	\$ 961,879	\$ 17,606,557
Special Revenue Funds:		
County Transportation Trust Fund	4,414,875	23,346
Transportation Impact Fee	45,000,000	-
Infrastructure Surtax	-	45,295,245
Fire Protection Fund	70,916	653,260
Proprietary Fund		
Solid Waste	-	3,250,000
Non-major Funds:		
Debt Service Funds	10,410,814	-
Municipal Services Benefit Units	28,402	-
Tourist Development	3,250,000	1,641,000
Court Modernization	-	193,783
Sheriff's Grant Fund	4,722,008	45,490
Sports Complex & Soldiers Creek	-	150,213
	<u>\$ 68,858,894</u>	<u>\$ 68,858,894</u>

An explanation of significant transfers is as follows:

- The General Fund received transfers totaling approximately \$962 thousand. Approximately \$700 thousand was received from the Fire Protection Fund and the Transportation Trust Fund. In addition, approximately \$194 thousand was received from the Modernization Trust Fund, with the remaining \$68 thousand from other funds.
- The General Fund transferred approximately \$17.6 million, primarily, to cover debt service payments of approximately \$10.4 million, \$4.1 million for the Lynx Mass Transit service and \$3.1 million to other funds.
- The County Transportation Trust Fund received transfers of approximately \$4.4 million primarily for the Lynx Mass Transit service.
- The Transportation Impact Fee Fund received transfers totaling \$45,000,000 for forgiveness of advances previously received from the Infrastructure Surtax Fund.
- The Infrastructure Surtax Fund forgave \$45,000,000 in advances previously made to the Transportation Impact Fee Fund. In addition, approximately \$295,000 transfers were made to the Transportation Trust Fund.
- The Fire Protection Fund transferred approximately \$653,000 to the Property Appraiser and Tax Collector for commissions.
- Solid Waste transferred \$3.25 million to the Tourist Development Fund.
- The Debt Service Funds received approximately \$8.8 million from the General Fund for debt service payments.

SEMINOLE COUNTY, FLORIDA

NOTES TO FINANCIAL STATEMENTS - Continued

September 30, 2015

- The Tourist Development fund received \$3.25 million from the Solid Waste Fund and transferred out \$1.6 million to cover debt service payment on the Special Obligation Bonds, Series 2014 related to the Sports Complex and Soldiers' Creek Park.
- The Court Modernization Trust Fund transferred approximately \$194,000 to the General Fund.
- The Sheriff's Special Grant Fund received transfers of \$4.7 million from the Sheriff's General Fund.
- The Sports Complex and Soldiers' Creek Capital Project Fund transferred approximately \$150 thousand to reimburse for prior year debt issuance costs.

Transfers in and out of the other funds are related to smaller projects, matching requirements on grants, debt service, and cost sharing allocations.

NOTE 4 – CAPITAL ASSETS

A. Changes in Capital Assets

The following Table shows the changes in capital assets for governmental activities, which includes the capital assets of the internal service fund:

Governmental Activities	Beginning Balance 10/1/2014	Increases	Decreases	Ending Balance 9/30/2015
Capital Assets, Not Being Depreciated:				
Land	\$ 317,504,633	\$ 763,121	\$ (1,732,400)	\$ 316,535,354

B. Bonds Payable

The County has special obligation and revenue bonds outstanding at year end. Governmental revenue bonds are secured by the general revenue of the County and enterprise revenue bonds are secured by the revenues generated by the issuing fund. The outstanding debt of the discretely presented component units is not significant. Federal arbitrage regulations are applicable and are monitored on an ongoing basis through the year. The following is a schedule of governmental activity bonds outstanding at September 30, 2015:

	<u>Amount Issued</u>	<u>Principal Outstanding</u>	<u>Total Pledged Revenue (1)</u>	<u>Total Pledged Revenue Over Debt Service Required (2)</u>	<u>Current Year Debt Service Paid</u>	<u>Current Year Total Revenue</u>

Maturity: 2031, Interest Rate: 2.50%				(3)		
Purpose: Building Improvements and equipment acquisitions						
Pledged Revenue: Sales and Use Tax						
Total Revenue Bonds		<u>96,546,000</u>				
Total Bonds - Governmental Activities		<u>\$ 124,051,000</u>				

(1) Total pledged revenue is the total outstanding principal and interest.

(2) Total pledged revenue over debt service required is calculated using the current year total revenues for the remaining years of debt service.

(3) Total pledged sales and use revenue for each outstanding debt issue is calculated based on its proportionate share of total annual debt service paid.

(4) Total pledged revenue is based on 50% of the County Revenue Sharing Program (Guaranteed Entitlement Program)

(5) These bonds are Direct Bank Loans

(6) These bonds were advance refunded in February 2015 and became the Seminole County Sales Tax Revenue Refunding Bonds, Series 2015.

SEMINOLE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS - Continued
September 30, 2015

From time to time, the County may take advantage of lower interest rates by issuing new debt to refinance existing debt. On February 26, 2015, the County issued \$29,810,000 Sales Tax Revenue Refunding Bond, Series 2015 to advance refund \$29,235,000 in outstanding Sales Tax Revenue Bonds, Series 2005A to take advantage of favorable interest rates. Proceeds from the Sales Tax Revenue Refunding Bond, Series 2015 were placed into escrow to provide for the principal and interest payments on the Series 2005A maturing on April 1, and October 1, 2015.

As a result, \$29,235,000 of the Series 2005A are considered to be in-substance defeased and the liability for these bonds were removed from the government wide-financial statements. The bonds became callable on October 1, 2015. The County recognized a deferred outflow of approximately \$767,300 for the savings from the advance refunding. The unamortized deferred outflow at September 30, 2015 was approximately \$722,200. The 2015 Bonds bear interest at 2.50% and will mature on October 1, 2031.

	Amount Issued	Principal Outstanding	Total Pledged Revenue (1)	Total Pledged Revenue Over Debt Service Required (2)	Current Year Debt Service Paid	Current Year Total Revenue

Water and Sewer Revenue Bonds, Series 2010A Maturity: 2026, Interest Rate: 2.00% - 4.000% Purpose: System improvements Pledged Revenue: Net System revenues and connection fees plus interest income	5,255,000	3,875,000	4,778,790	209.1% (3)	434,393	908,484
Water and Sewer Revenue Bonds, Series 2010B (Federally Taxable Build America Bonds - Direct Subsidy) Maturity: 2040, Interest Rate: 6.318% - 6.443% Purpose: System improvements Pledged Revenue: Net System revenues and connection fees plus interest income	70,705,000	70,705,000	175,689,085	135.5% (3)	4,553,211	9,522,530
Water and Sewer Revenue Refunding Bonds, Series 2015A Maturity: 2036, Interest Rate: 4.00% - 5.00% Purpose: System improvements Pledged Revenue: Net System revenues and connection fees plus interest income	149,270,000	149,270,000	241,910,700	63.5% (3)	3,497,016	7,313,617
Water and Sewer Revenue Refunding Bonds, Series 2015B Maturity: 2022, Interest Rate: 5.000% Purpose: Refunding Pledged Revenue: Net System revenues and connection fees plus interest income	32,025,000	<u>32,025,000</u>	38,135,250	34.0% (3)	884,875	1,850,617
Total Bonds - Business-type Activities		<u>\$ 256,020,000</u>				

(1) Total pledged revenue is the total outstanding principal and interest.

(2) Total pledged revenue over debt service required is calculated using the current year total revenues for the remaining years of debt service.

(3) Total pledged water and sewer revenue for each outstanding debt issue is calculated based on its proportionate share of total annual debt service paid.

(4) The bonds were advanced refunded in May 2015 and became the Water and Sewer Revenue Refunding Bonds, Series 2015A

The Sales Tax Revenue Refunding Bonds, Series 2005A were refunded to reduce the total debt service payments over the next 16 years by \$6,470,398 and to obtain an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$5,246,792.

On May 27, 2015, the County issued \$149,270,000 Water and Sewer Revenue Refunding Bonds, Series 2015A to advance refund \$153,240,000 in outstanding Water and Sewer Revenue Bonds, Series 2006 maturing October 1, 2017 through October 1, 2036 to take advantage of favorable interest rates. Proceeds from the Water and Sewer Revenue Refunding Bonds, Series 2015A (the "Series 2015A Bonds") were placed into escrow to provide for the principal and interest payments on the Series 2006 bonds. Except for \$290,000 in bonds, maturing October 1, 2015 through October 1, 2016, that were not refunded from the 2006 bonds, the Series 2006 bonds are considered to be in-substance defeased and the liability for these bonds were removed from the government wide-financial statements.

At September 30, 2015, \$145,000 remained outstanding from the unrefunded portion of the Series 2006 bonds. The County recognized a deferred outflow of approximately \$3,330,500 for the savings from the advance refunding. The Series 2015A Bonds will mature on October 1, 2036 and bear interest ranging from 4.0 % to 5.0%.

On July 7, 2015, the County issued \$32,025,000 Water and Sewer Revenue Refunding Bonds, Series 2015B (the "Series 2015B Bonds") to advance refund \$35,560,000 in outstanding Water and Sewer Revenue Refunding Bonds, Series 2005 (the "Series 2005 Bonds"), maturing October 1, 2016 through October 1, 2022, to take advantage of favorable interest rates. Proceeds from the Series 2015B were placed into escrow to provide for the principal and interest payments on the Series 2005 bonds. Except for \$2,670,000 in bonds maturing October 1, 2015 that were not refunded from the Series 2015B Bonds, the 2005 Series bonds are considered to be in-substance defeased and the liability for such bonds were removed from the financial statements. At September 30, 2015, the unrefunded portion of the Series 2005 Bonds were paid in full. The County recognized a deferred inflow of approximately \$562,000 in connection with the advance refunding. The Series 2015B Bonds bear interest at 5% and will mature on October 1, 2022. The Water and Sewer Revenue Refunding Bonds, Series 2015A&B, were refunded to reduce the total debt service payments over the next 21years by \$29,282,620 and to obtain an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$21,532,386.

C. Capital Leases

The County has various notes, contracts and installment agreements outstanding at year end. Future debt service requirements for the Sheriff's capital leases are as follows:

Fiscal Year	Principal	Interest	Total
2016	\$ 1,664,814	\$ 77,710	\$ 1,742,524
2017	1,384,916	49,727	1,434,643
2018	961,803	25,609	987,412
2019	458,946	8,032	466,978
	<u>\$ 4,470,479</u>	<u>\$ 161,078</u>	<u>\$ 4,631,557</u>

The cost basis of assets acquired under capital leases that are still active in the Sheriff's Office fixed asset inventory amounts to \$10 million and is reported in governmental activities machinery and equipment net of accumulated depreciation on these active assets of \$3.1 million. Assets that are typically purchased using 3 or 4 year low interest rate lease purchase financing include the annual vehicle fleet and large capital asset acquisitions such as the Sheriff's Office helicopter.

SEMINOLE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS - Continued
September 30, 2015

D. Compensated Absences

Compensated absences are accrued in proprietary funds at year end. The County does not accrue compensated absences in governmental funds. However, compensated absences paid in governmental funds are charged to the fund and function in which the employee was related. The largest portion of this liability is liquidated each year by the General Fund. The following is a summary schedule of compensated absences as of September 30, 2015:

	Balance 10/1/2014	Additions	Reductions	Balance 9/30/2015	Current
Governmental Activities:					
Board of County Commissioners	\$ 9,200,124	\$ 7,393,669	\$ (6,853,671)	\$ 9,740,122	\$ 7,256,000
BOCC Internal Service Fund	32,868	24,042	(36,775)	20,135	20,135
Clerk of the Circuit Court and Comptroller	1,284,702	441,930	(444,300)	1,282,332	152,021
Sheriff	15,446,241	9,499,928	(9,358,801)	15,587,368	920,292
Tax Collector	350,359	189,575	(246,143)	293,791	61,003
Property Appraiser	517,739	466,239	(457,483)	526,495	430,853
Supervisor of Elections	234,492	80,467	(98,941)	216,018	71,000
	<u>\$27,066,525</u>	<u>\$18,095,850</u>	<u>\$ (17,496,114)</u>	<u>27,666,261</u>	<u>\$8,911,304</u>
Less: current portion				(8,911,304)	
				<u>\$18,754,957</u>	
Business-type Activities:					
Solid Waste System	\$ 393,555	\$ 189,748	\$ (246,239)	\$ 337,064	\$ 210,894
Water and Sewer System	935,624	567,922	(619,496)	884,050	585,348
	<u>\$ 1,329,179</u>	<u>\$ 757,670</u>	<u>\$ (865,735)</u>	<u>1,221,114</u>	<u>\$ 796,242</u>
Less: current portion				(796,242)	
				<u>\$ 424,872</u>	

E. Landfill Closure Costs

The Florida Department of Environmental Protection ("FDEP") requires the Solid Waste Fund (the Fund) to place a final cover on its landfill when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and post closure care costs will be paid only near or after the landfill stops accepting waste, the Fund reports a portion of these closure and post closure care costs as an operating expense in each year based on landfill capacity used as of each balance sheet date. The amounts reported as landfill closure and post closure care liability represent the cumulative portion of estimated closure and post closure care costs as of September 30, 2015, based on use of 32.9% of the estimated capacity of the landfill. The Fund will recognize the remaining \$38,744,260 as the remaining estimated capacity is filled.

These amounts are based on what it presently would cost to perform all closure and post closure care at September 30, 2015. The Fund expects to close the landfill in 2063. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

The Fund is required by the FDEP to annually calculate and maintain funds required to finance closure and post closure care. The Fund is in compliance with these requirements and, at September 30, 2015, cash and investments of \$18,170,645 were held for these purposes. This amount is reported as a restricted asset on the Statement of Net Position.

F. Debt Service Requirements

The following schedules show debt service requirements to maturity for the County's special obligation and revenue bonds:

Fiscal Year	Special Obligation Bonds		Revenue Bonds		Total
	Principal	Interest	Principal	Interest	
2016	\$ 515,000	\$ 1,125,650	\$ 5,004,000	\$ 3,269,915	\$ 9,914,565
2017	535,000	1,105,050	5,139,000	3,128,627	9,907,677
2018	555,000	1,083,650	5,307,000	2,964,500	9,910,150
2019	585,000	1,055,900	5,481,000	2,794,108	9,916,008
2020	610,000	1,026,650	5,653,000	2,617,301	9,906,951
2021-2025	3,445,000	4,746,650	31,071,000	10,193,093	49,455,743
2026-2030	4,160,000	4,033,638	32,356,000	4,717,563	45,267,201
2031-2035	5,000,000	3,192,726	6,535,000	247,800	14,975,526
2036-2040	6,175,000	2,023,350	-	-	8,198,350
2041-2044	5,925,000	632,888	-	-	6,557,888
Total	\$ 27,505,000	\$ 20,026,152	\$ 96,546,000	\$ 29,932,907	\$ 174,010,059

Business-type Activities:

Fiscal Year	Revenue Bonds		Total
	Principal	Interest	
2016	\$ 5,190,000	\$ 12,750,191	\$ 17,940,191
2017	5,285,000	12,498,503	17,783,503
2018	5,550,000	12,240,353	17,790,353
2019	5,820,000	11,969,253	17,789,253
2020	6,260,000	11,683,941	17,943,941
2021-2025	38,175,000	53,389,793	91,564,793
2026-2030	49,750,000	42,972,581	92,722,581
2031-2035	60,860,000	31,600,626	92,460,626
2036-2040	79,130,000	15,539,022	94,669,022
Total	\$ 256,020,000	\$204,644,263	\$ 460,664,263

G. Defeased Debt

\$79,185,000 in bonds were issued on December 1, 1992, to refund the 1985, 1987 and 1989 Water and Sewer Revenue Bonds. The bonds were issued to upgrade, expand and interconnect the water and wastewater system. In 1999 a portion of the Series 1992 Bonds maturing in 2015 and all of the bonds maturing in 2016 through 2019 were defeased. The new final maturity is October 1, 2015 at a 6.00% interest rate. Funding is provided by connection fees and system revenue.

During fiscal year 2015, the County advance refunded the Sales Tax Revenue Bonds, Series 2005A, the Water and Sewer Revenue Refunding Bonds, Series 2005 and the Water and Sewer Revenue Bonds, Series 2006. An advanced refunding provides for an irrevocable deposit with escrow agents of sufficient funds to pay the principal and interest, when due, on the refunded bonds to the earliest call date. On the earliest call date, all bonds outstanding are redeemed and interest subsequent to the refunding date will cease. The Bonds were refunded to take advantage of favorable interest rates. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the government wide-financial statements.

SEMINOLE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS - Continued
September 30, 2015

At September 30, 2015, the County had the following outstanding bonds, which were funded by the placement of assets in an irrevocable trust to be used for satisfying debt service requirements:

Description of Bonds	Amount Originally Issued	Balance Outstanding 09/30/15
1992 Water & Sewer Revenue Refunding Bonds	\$ 79,185,000	\$ 22,660,000
2005A Sales Tax Revenue Bonds	35,365,000	29,235,000
2005 Water and Sewer Revenue Refunding Bonds	40,655,000	35,560,000
2006 Water and Sewer Revenue Bonds	154,385,000	153,240,000
Total	<u>\$ 309,590,000</u>	<u>\$ 240,695,000</u>

H. Net Pension Liability

The County's government-wide statements and proprietary fund statements include the proportionate share of the net pension liability of the cost-sharing pension plans in which it participates. This proportionate amount represents a share of the present value of projected benefit payments to be provided through the cost-sharing pension plan to current active and inactive employees that is attributed to those employees' past periods of service (total pension liability), less the amount of the cost sharing pension plan's fiduciary net position.

The following is a summary schedule of the Net Pension Liability as of September 30, 2015:

	Balance 10/1/2014	Additions	Reductions	Balance 9/30/2015	Current
Governmental Activities:					
Board of County Commissioners	\$35,825,701	\$ 41,653,174	\$ (23,558,740)	\$ 53,920,135	\$ 2,696,007
Clerk of the Circuit Court and Comptroller	3,784,879	3,912,932	(2,289,727)	5,408,084	270,404
Sheriff	38,051,402	52,799,636	(29,274,934)	61,576,104	3,078,805
Tax Collector	1,524,957	2,078,471	(1,152,362)	2,451,066	122,553
Property Appraiser	1,808,912	2,404,841	(1,408,229)	2,805,524	140,276
Supervisor of Elections	510,804	1,055,129	(624,849)	941,084	47,055
	<u>\$81,506,655</u>	<u>\$ 103,904,183</u>	<u>\$ (58,308,841)</u>	<u>127,101,997</u>	<u>\$ 6,355,100</u>
Less: current portion				(6,355,100)	
				<u>\$ 120,746,897</u>	
Business-type Activities:					
Solid Waste System	\$ 315,421	\$ 402,096	\$ (225,648)	\$ 491,869	\$ 24,593
Water and Sewer System	2,583,298	3,293,175	(1,848,060)	4,028,413	201,421
	<u>\$ 2,898,719</u>	<u>\$ 3,695,271</u>	<u>\$ (2,073,708)</u>	<u>4,520,282</u>	<u>\$ 226,014</u>
Less: current portion				(226,014)	
				<u>\$ 4,294,268</u>	

NOTE 6 – NET POSITION

The amount reported on the Statement of Net Position as net investment in capital assets at September 30, 2015, consists of the following:

	Governmental Activities	Business-Type Activities
Net Capital Assets	\$ 887,353,723	\$ 554,850,617
Debt Related to Acquisition of Capital Assets	(127,799,317)	(270,120,120)
Construction and Retainage Payables	(1,775,384)	(290,522)
Debt Service Reserve funded from Proceeds	-	18,115,012
Unspent Bond Proceeds	22,518,236	4,046,986
Net Investment in Capital Assets	\$ 780,297,258	\$ 306,601,973

Net position of proprietary funds and governmental activities and business type activities are made up of three components. *Investment in capital assets* represents net capital assets less related long-term liabilities, and unspent debt proceeds which increase this amount. *Restricted net position* represents assets that are legally restricted for specific purposes. Of the total, \$267,289,087 is restricted net position. The balance of net position is considered *unrestricted net position*.

NOTE 7 – DEFICIT FUND BALANCES

The Federal, State and Local Grants Fund has negative fund balance of \$40,896 at September 30, 2015. The negative fund balance is due to timing of certain expenditures. This negative fund balance will be reversed in the next fiscal year through a budget transfer and/or billing the grantor agency.

The deficit fund balance in the Transportation Impact Fee Fund of \$15,470,974 resulted from advances made to the Infrastructure Surtax Fund over several years ago. During fiscal year 2015, \$45 million of the advances were forgiven. It is expected that future impact fees will compensate for the negative balance in this fund and any unabsorbed amount, at the time that the Impact Fees sunset in 2021, will be forgiven by the Infrastructure Surtax Fund.

NOTE 8 – FUND BALANCE CLASSIFICATIONS

In the fund financial statements, governmental funds report fund balance in classifications based on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The following is governmental fund balances in detail as of September 30, 2015:

NOTE 9 – RISK MANAGEMENT PROGRAM

The County maintains a risk management program whereby the County is responsible for specific worker's compensation, property, casualty and automobile liabilities. The activities of the risk management program are accounted for in an internal service fund. The program covers individual workers' compensation claims up to \$350,000. Excess coverage of up to the Florida Statutory limits per incident has been purchased from an outside carrier for workers' compensation claims. The program covers property claims up to \$100,000 per occurrence. Excess Property coverage is purchased for claims that exceed the \$100,000 up to the values on schedule with the broker and excess carrier which is currently \$50 million.

The County relies on sovereign immunity for general liability claims. The General Liability program covers up to \$100,000 per occurrence and purchases excess coverage for \$4,900,000 per occurrence. The program covers up to \$100,000 per occurrence for federal and out of state claims and purchases excess coverage of \$4,900,000 per occurrence/aggregate. There has been no significant reduction in insurance coverage from the prior year. In addition, there have been no settlements which exceeded the County's insurance coverage for each of the past three fiscal years.

All departments of the County participate in the program. Payments are made by various funds to the self-insurance fund based on past experience of the amounts needed to pay current year claims. For the year ended September 30, 2015, the County obtained actuarially determined estimates of the total claims loss reserves for workers' compensation/liability self-insurance risks.

The claims liability of \$5,946,854 reported in the governmental activities Statement of Net Position as of September 30, 2015 is based on the requirements of generally accepted accounting principles which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be accrued when insured events occur. Non-incremental claims adjustment expenses are included as part of the liability.

The Human Resources Benefits program is also used to account for the amounts collected and disbursed to a third party insurer for the County employees' disability income and life insurance. Changes in the risk management program's claims liability, for the past two fiscal years, are as follows:

<u>Fiscal Year</u>	<u>Beginning Balance</u>	<u>Change In Estimates</u>	<u>Current Year Claims</u>	<u>Ending Balance</u>
2013-2014	\$ 5,653,290	\$ 20,107,100	\$ (19,386,919)	\$ 6,373,471
2014-2015	\$ 6,373,471	18,468,270	(18,894,887)	\$ 5,946,854

As of October 1, 2004, the Sheriff's Department is no longer part of the County's self-insured program for workers compensation. The Sheriff has workers compensation coverage from an outside carrier. The Sheriff's Department is still a part of the program for property coverage.

Effective January 1, 2010, the County elected to self-fund their group health insurance. This program is one where the County directly assumes the financial risk for providing health care benefits to their employees. The County pays for each out of pocket claim as they are incurred instead of paying a fixed premium to an insurance carrier. Florida Blue (BCBSFL) is providing the same network of providers and is also the claims administrator for the program.

The County's plan protects against unpredicted or catastrophic claims by purchasing stop loss insurance to reimburse for claims above the Specific Deductible. The Individual Stop Loss is \$300,000. In addition to the ISL, there is an aggregating specific deductible of \$220,000. Employees still contribute to the plan, with an increase from the previous year's premium rates. The Tax Collector, Supervisor of Elections, Port Authority and Property Appraiser are also covered under this plan.

NOTE 10 – RETIREMENT SYSTEM

A. The Florida Retirement System Defined Benefit Pension Plans

1. Plan Description, Membership and Plan Benefits, and Contribution Requirements

Plan Description

Essentially all regular County employees are eligible to enroll as members of the State administered Florida Retirement System. The Florida Retirement System (FRS) is a cost-sharing, multiple-employer defined benefit pension plan. The FRS was created by Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan, and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan (INV). Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan to assist retired members of any state-administered retirement system in paying the costs of health insurance.

SEMINOLE COUNTY, FLORIDA

NOTES TO FINANCIAL STATEMENTS - Continued

September 30, 2015

The FRS and HIS are administered by the Florida Department of Management Services, Division of Retirement. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and Florida Retirement System Rules, Chapter 60S, Florida Administrative Code. The Florida legislature has the authority to establish and amend retirement legislation and related bills of significance to members of the FRS and HIS plans (including benefit terms and contribution rates). Passed bills are presented to the Governor of Florida and approved before they may be enacted into law.

The FRS and HIS financial information is included in the Florida Retirement System (System) Pension Plan and Other State-Administered Systems' Comprehensive Annual Financial Report (CAFR). The System CAFR, including audited financial information to support the Schedules of Employer Allocations and Schedules of Pension Amounts by Employer, are available online at: http://www.dms.myflorida.com/workforce_operations/retirement/publications.

The System CAFR and actuarial reports may also be obtained by contacting the Division of Retirement by mail or phone at:

Department of Management Services
Division of Retirement
Bureau of Research and Member Contributions
P.O. Box 9000
Tallahassee, FL 32315-9000
850-907-6500 or toll-free 844-377-1888

Membership and Plan Benefits - FRS

The FRS has several classes of membership applicable to the County, including regular class, special risk, elected officers, senior management, and DROP. Employees enrolled in the FRS vested after six years of creditable service and are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. Retirees receive a lifetime pension benefit with joint and survivor payment options. The FRS provides retirement, disability, death benefits and annual cost-of-living adjustments. The FRS also includes an early retirement provision, but imposes a penalty for each year a member retires before the normal retirement date.

Benefits are computed on the basis of age, average final compensation, creditable years of service, and accrual value by membership class. Pension benefits of retirees and annuitants are increased each July 1 by a cost of living adjustment of 3% per year.

A DROP was established effective July 1, 1998, subject to provisions of Section 121.091, Florida Statutes. It permits employees eligible for normal retirement under the FRS to defer receipt of monthly benefit payment while continuing employment with a Florida Retirement system employer. An employee may participate in the DROP for a period not to exceed 60 months after electing to participate. During the period of DROP participation, deferred monthly benefits are held in the Florida Retirement System Trust Fund and accrue interest.

Membership and Plan Benefits - HIS

HIS membership is available to all members within the FRS and INV plans. The benefit is a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs. Eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment is \$30 and the maximum payment is \$160 per month, pursuant to section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under one of the state-administered retirement systems must provide proof of eligible health insurance coverage, which can include Medicare.

SEMINOLE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS - Continued
September 30, 2015

Contribution Requirements

The contribution rates for FRS and HIS members are established, and may be amended, by the State of Florida. Employer contributions rates are actuarially recommended but set by the Legislature. These rates are a percentage of covered payroll.

The FRS Pension Plan provides for the vesting of benefits after six years of creditable service or after eight years of credible service for members first enrolled after July 1, 2011. Members are eligible for normal retirement when they have met the minimum requirements listed below. Early retirement may be taken any time after vesting; however, there is a 5% benefit reduction for each year prior to normal retirement age. Members are also eligible for in-line-of-duty or regular disability benefits if permanently disabled and unable to work. Benefits are computed on the basis of age, average final compensation and service credit.

Regular Class, Senior Management Service Class, and Elected Officers' Class	<p>Six years of service for members first enrolled prior to July 1, 2011 and age 62, or the age after 62 the member becomes vested, or 30 years of service, regardless of age, whichever comes first.</p> <p>Eight years of service for members first enrolled after July 1, 2011 and age 65 the member becomes vested, or the age after 65 the member becomes vested, or 33 years of service regardless of the age before 65.</p>
Special Risk Class	<p>Six years of special risk service and age 55, or 25 total years special risk service, regardless of age.</p> <p>Eight years of service for members first enrolled after July 1, 2011 and age 60 the member becomes vested, or 30 years of service regardless of age before 60 or age 57 and completes 30 years of service and up to 4 years of wartime military service purchased under section 121.111 Florida Statutes.</p>
Special Risk Administrative Support Class	<p>Special risk requirements apply to service in this class if member has six years (eight years for members first enrolled after July 1, 2011) actual special risk service; otherwise regular member requirements apply.</p>

The FRS and HIS contribution rates were as follows:

Florida Retirement System
Contribution Rates

<u>Class</u>	October 1, 2014	July 1, 2015
	June 30, 2015	September 30, 2015
Regular Class	7.37%	7.26%
Senior Management Class	21.14%	21.43%
Special Risk Class	19.82%	22.04%
Deferred Retirement Option Program	12.28%	12.88%
Elected County Officers' Class	43.24%	42.27%

Employer rates include 1.26% from 10/14 - 6/15 and 1.66% from 07/15 - 09/15 for the HIS program. In addition, other than for the DROP, rates include .04% for administrative costs.

The County's contributions recognized during the fiscal year ended September 30, 2015 by the FRS and HIS were \$15,824,230 and \$1,791,273 respectively.

SEMINOLE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS - Continued
September 30, 2015

Effective July 1, 2011, the State legislature mandated a 3% employee contribution for all FRS covered employees. The Florida Legislature has the authority for establishing or amending retirement legislation and related bills of significance to members of the Florida Retirement System (FRS). Passed bills are presented to the Governor and approved before they may be enacted into law.

2. FRS and HIS Rate of Return, Discount Rate Sensitivity and Significant Actuarial Assumptions

Long-Term Rate of Return

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in October 2015 the FRS Actuarial Assumption Conference reviewed assumptions by Milliman's Capital Markets Assumption team and Aon Hewitt Investment Consulting. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Annual Arithmetic Return
Cash	1.00%	3.20%
Fixed Income	18.00%	4.80%
Global Equity	53.00%	8.50%
Real Estate (Property)	10.00%	6.80%
Private Equity	6.00%	11.90%
Strategic Investments	12.00%	6.70%
	<u>100.00%</u>	

The HIS is essentially funded on a pay-as-you-go basis. As such, there is no assumption for a long-term expected rate of return on a portfolio, no assumptions for cash flows into and out of the plan, or assumed asset allocation.

Discount Rate Sensitivity Analysis

The following tables demonstrate the sensitivity of the County's proportionate share of the net pension liability to changes in the discount rate. The sensitivity analysis shows the impact if the discount rate was 1.0% higher or 1.0% lower than the current discount rate at June 30, 2015.

FRS Net Pension Liability (Asset)			HIS Net Pension Liability (Asset)		
Current Discount			Current Discount		
1% Decrease	Rate	1% Increase	1% Decrease	Rate	1% Increase
6.65%	7.65%	8.65%	2.80%	3.80%	4.80%
\$ 217,229,375	\$ 83,832,657	\$ (27,175,323)	\$ 54,454,047	\$ 47,789,622	\$ 42,232,488

Actuarial Methods and Assumptions

Actuarial assumptions for both the FRS and HIS are reviewed annually by the Florida Retirement System Actuarial Assumptions Conference. The FRS has a valuation performed annually and the HIS has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the FRS was completed in 2014 for the period July 1, 2008 through June 30, 2013. Because the HIS is funded on a pay-as-you-go basis, no experience study has been completed.

The total pension liability for the FRS and HIS was determined by an actuarial valuation as of July 1, 2015 using the entry age normal actuarial cost method. Inflation increases for both plans is assumed at 2.60%. Payroll growth for both plans is assumed at 3.25%. Mortality assumptions for both plans were based on the Generational RP-2000 with Projection Scale BB tables. Both the discount rate and long-term expected rate of return used for FRS investments is 7.65%. The FRS fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. Because the HIS program uses a pay-as-you-go funding structure, a municipal bond rate of 3.80% was used to determine its total pension liability. In October 2015, the Actuarial Assumptions Conference adopted the Bond Buyer General Obligation 20-Bond Municipal Bond Index as the applicable municipal bond index. As of June 30, 2015, the municipal rate used by HIS decreased from 4.29% to 3.80%.

B. Net Pension Liability, Deferred Outflows/Inflows of Resources, and Pension Expense for County Defined Benefit Pension Plans

1. Proportionate Share of FRS and HIS Plans

Employers participating in the FRS and HIS were provided pension allocation schedules for use in recording their proportionate share of the FRS and HIS collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pensions expense at measurement date June 30, 2015 in accordance with GASB Statements No. 68, *Accounting and Financial Reporting for Pensions* and No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - An Amendment of Statement No. 68*. The underlying financial information used to prepare the pension allocation schedules was based on the same basis as mentioned previously and on an actuarial valuation as of July 1, 2015. The County's proportionate share was calculated using retirement contributions for employees that were members of the FRS and HIS during the measurement year ended June 30, 2015. The aggregate employer contribution amounts in the pension allocation schedules agree to the total employer contribution amounts reported in the System CAFR.

At September 30, 2015, the County reported a net pension liability of \$131,622,279 for its proportionate share of the collective net pension liability of the FRS and HIS. The following table presents information on the County's proportionate share of the FRS and HIS.

	FRS	HIS	County Total
Proportionate Share of Net Pension Liability at June 30, 2015	\$ 83,832,657	\$ 47,789,622	\$ 131,622,279
County's proportion at June 30, 2015	0.0064904	0.0046860	
County's proportion at June 30, 2014	0.0065931	0.0047247	

2. Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions

For the year ended September 30, 2015, the County recognized a credit to pension expense of \$(4,076,922) related to the FRS, and \$(3,449,160) related to the HIS. At September 30, 2015, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

SEMINOLE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS - Continued
September 30, 2015

	FRS		HIS		County Total
	Def Outflow	Def Inflow	Def Outflow	Def Inflow	Deferred Outflow / (Deferred Inflow)
Differences between expected and actual experience	\$ 8,850,247	\$ (1,988,256)	\$ -	\$ -	\$ 8,850,247 (1,988,256)
Changes of assumptions	5,564,256		3,759,795		9,324,051
Net difference between projected and actual investment earnings	-	(20,017,836)	25,870	-	25,870 (20,017,836)
Changes in proportion	1,432,986	(9,928,846)	272,288	(898,882)	1,705,274 (10,827,728)
County contributions subsequent to the measurement date	4,123,453		581,035		4,704,488
Total Deferred Outflows	\$ 19,970,942		\$ 4,638,988		24,609,930
Total Deferred (Inflows)		\$ (31,934,938)		\$ (898,882)	\$ (32,833,820)

Deferred outflows of resources of \$4,704,488 are reported by the County for employer contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Reporting Year	County Total		
Ending June 30,	FRS	HIS	Deferred Outflow / (Deferred Inflow)
2016	\$ (8,796,639)	\$ 545,716	\$ (8,250,923)
2017	(8,796,639)	545,716	(8,250,923)
2018	(8,012,570)	545,587	(7,466,983)
2019	7,980,056	540,415	8,520,471
2020	1,113,678	537,891	1,651,569
Thereafter	424,665	443,746	868,411
Totals	\$ (16,087,449)	\$ 3,159,071	\$ (12,928,378)

3. Payables to the Pension Plans

Included in the amounts reported as accrued liabilities is \$1,248,640 payable to the Florida Retirement System. The amount is for required contributions based on September 2015 payroll not remitted to the plans until October 2015, and is reported in the respective fund that will make the contribution. The amount includes required employer contributions for the FRS and HIS plans.

C. Florida Retirement System (FRS) Investment Plan

The County contributes to the Florida Retirement System Investment Plan (INV), the integrated defined contribution investment plan described above. The INV is administered by the Florida Department of Management Services, Division of Retirement. Benefit terms, including contribution requirements, for the INV are established and may be amended by the Florida legislature. For each employee in the INV, the County must contribute at the blended uniform rate structure as previously disclosed for the FRS Plan.

SEMINOLE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS - Continued
September 30, 2015

Employees are required to contribute 3% of salary. For the year ended September 30, 2015, the County's Investment Plan recognized pension expense of \$2,223,806. The details of pension expense by each County Officer is as follows:

County Officer:	Pension Expense
Board of County Commissioners	\$ 746,799
Sheriff	1,211,775
Clerk of the Circuit Court and Comptroller	127,882
Tax Collector	79,554
Property Appraiser	28,197
Supervisor of Elections	29,599
Total	<u>\$ 2,223,806</u>

Employer contributions and earnings on those contributions are vested according to the same schedule as disclosed for the FRS Plan. Nonvested County contributions are forfeited upon termination of employment. Such forfeitures are used to cover a portion of the INV's administrative expenses. For the year ended September 30, 2015, information on the forfeitures affecting the County's pension expense was not available; however, management believes this amount would be immaterial.

NOTE 11 - OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Plan Description. The County implemented GASB Statement No. 45, *Accounting and Reporting for Postemployment Benefits Other than Pensions*, for certain post employment healthcare and life insurance benefits provided by the county. The requirements of this Statement were implemented prospectively, with the actuarially determined liability at January 1, 2008, the date of the transition amortized over 30 years, closed. Accordingly, for financial reporting purposes, no liability was reported for the Postemployment Healthcare Benefit liability at the date of transition. The most recent actuarial valuation was performed as of October 1, 2013. As of September 30, 2015, the actuarially determined liability of \$39,282,331 is being amortized over the remaining 23 years.

The OPEB Plan is a single-employer benefit plan administered by the County. Retirees are charged whatever the insurance company charges for the type of coverage elected. However, the premiums charged by the insurance company are based on a blending of the experience among younger active employees and older retired employees. The older retirees actually have a higher cost which means that the County is actually subsidizing the cost of the retiree coverage because it pays all or a significant portion of the premium on behalf of the active employees. GASB No. 45 calls this the "implicit rate subsidy".

Retirees and their dependents are permitted to remain covered under the County's respective medical and insurance plans as long as they pay a full premium applicable to coverage elected, subject to direct subsidies discussed above. This conforms to the minimum required of Florida governmental employers per Chapter 112.08, F.S. The OPEB Plan does not issue a stand-alone report and is not included in the report of the Florida Retirement System or other entity.

Funding Policy. For the Other Postemployment Benefit Plan, contribution requirements of the County are established and may be amended through action from the Board of County Commissioners. Currently the County's OPEB Benefits are unfunded. The required contributions are based on pay-as-you-go financing requirements. There is no separate Trust fund or equivalent arrangement into which the County would make contributions to advance-fund the obligation, as it does for its pension plan, the Florida Retirement System (FRS). Therefore, ultimate subsidies which are provided over time are financed directly by general assets of the County, which are invested in very short-term fixed income instruments according to its current investment policy. The interest rate used to calculate the present values and costs of OPEB must be the long-range expected return on such short-term fixed income instruments. The County selected an interest discount of 4.0% for this purpose which is consistent with industry standards. The net amount of retiree contributions totaled \$1,584,561.

Annual OPEB Cost and Net OPEB Obligation. The County's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The Unfunded Actuarial Accrued Liability represents an actuarial measurement of the obligation that has accrued so far based on the promise that has been made to current retirees and to current employees. Since the County's OPEB is currently unfunded, the offset to that expense comes from actual subsidies paid on behalf of the current retirees and their dependents for the current year. This offset is called the Employer Contribution and equals the total age-adjusted costs paid by the County for coverage for the retirees and their dependents for the year (net of the retiree's own payments for the year).

The following table shows the components of the County's net OPEB obligation to the Other Postemployment Benefit Plan:

	2015 Fiscal Year Valuation as of 10/1/2013
Normal Cost (service cost for one year)	\$ 1,928,531
Amortization of Unfunded Actuarial Accrued Liability (UAAL)	1,707,927
Interest (loss) on Normal Cost and Amortization	145,458
Annual Required Contribution (ARC)	<u>3,781,916</u>
Annual Required Contribution (ARC)	3,781,916
Interest on Net OPEB Obligation	619,213
Adjustment to ARC	(699,979)
Annual OPEB Cost (Expense)	<u>3,701,150</u>
Contribution Toward OPEB Costs	<u>1,584,561</u>
Increase in Net OPEB Obligation	2,116,589
Net OPEB Obligation at beginning of year	<u>15,480,313</u>
Net OPEB Obligation at end of year	<u><u>\$ 17,596,902</u></u>

The County's annual OPEB cost, the percentage of annual expected employer contribution toward OPEB cost, and the net OPEB obligation for 2015 were as follows:

Fiscal Year Ended	Annual OPEB Cost	Employer Contributions toward the OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
9/30/2013	\$ 3,517,880	\$ 1,547,123	43.98%	\$ 13,453,455
9/30/2014	\$ 3,502,811	\$ 1,475,953	42.14%	\$ 15,480,313
9/30/2015	\$ 3,701,150	\$ 1,584,561	42.81%	\$ 17,596,902

In the Statement of Net Position the County reports \$16,414,812 net OPEB obligation in governmental activities and \$1,182,091 in business type activities. Calculations are based on the benefits provided.

Funding Status and Funding Progress. As of September 30, 2015, the plan was unfunded. The actuarial accrued liability for benefits was \$39,282,331 and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$39,282,331. The covered payroll (annual payroll of active employees covered by the plan) was \$135,105,470, and the ratio of the UAAL to the covered payroll was 29.08%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, termination, mortality, and the healthcare cost trend.

Amounts determined regarding the funded status of the plan and annual required contributions of the employer are subject to continual revision and actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions. In any long-term Actuarial Valuation, certain demographic, economic, and behavioral assumptions are made concerning the population, the investment discount rates and the benefits provided. These Actuarial Assumptions form the basis for the actuarial model which is used to project the future population, the future benefits provided and the contributions collected. Then the investment discount rate assumption is used to discount those projected net OPEB benefits to a present value. This and other related present values are used to calculate the annual OPEB cost. Consistent with industry standards, the actuarial assumptions include a payroll growth/inflation rate of 4%, which includes 3.0% inflation and 1.0% real wage growth/merit/productivity. The Board's annual healthcare cost trend rate of 6.4% initially, reduced annually to an ultimate rate of 5.0% after 69 years. The remaining amortization period at September 30, 2015, was 23 years on a closed basis.

The results presented as of the Actuarial Valuation date have been derived using the Individual Entry Age Actuarial Cost Method with a closed amortization of the UAAL as a level percent of expected payroll. This is the most common such method used for government Pension Valuations (and likely so for OPEB valuations) and spreads the cost evenly as a percent of pay throughout the collection careers of those in the covered workforce. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

NOTE 12 – COMMITMENTS AND CONTINGENCIES

A. Litigation

The County is contingently liable with respect to lawsuits and other claims incidental to the ordinary course of its operations. Claims covered by the risk management self-insurance program are reviewed and losses are accrued as required in the judgment of management. In the opinion of management, based on the advice of legal counsel, the ultimate disposition of lawsuits and claims will not have a material adverse effect on the financial position of the County.

B. Grants

Amounts received or receivable from the grantor agencies are subject to audit and adjustment by grantor agencies. If expenditures are disallowed as a result of these audits, the claims for reimbursement to the grantor agency would become a liability of the County. In the opinion of management, any such adjustments would not be significant.

C. Operating Leases

The County has various non-cancelable lease commitments for facilities and equipment. The following are the future minimum lease payments under these lease agreements by fiscal year:

<u>Fiscal Year Ending:</u>	
September 30, 2016	\$ 1,725,438
September 30, 2017	1,699,310
September 30, 2018	866,850
September 30, 2019	500,394
September 30, 2020	54,858
Thereafter	<u>870,867</u>
Total	<u>\$5,717,718</u>

D. South Seminole and North Orange County Wastewater Transmission Authority

The County is a member of the South Seminole and North Orange County Wastewater Transmission Authority ("Authority") enacted by the state legislature to oversee the transmission of wastewater through the Northerly Interceptor System to the City of Orlando, Florida's Iron Bridge Facility. In accordance with the terms of the uniform inter local agreement between the Authority and the County dated September 10, 1981, amended and restated on October 1, 2003, the County has agreed to establish a user charge system sufficient to pay those charges to the Authority, including system operation and maintenance costs, system administrative costs, debt service requirements and other payments necessary to meet covenants and hydraulic parking factor surcharge, if any.

SEMINOLE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS - Continued
September 30, 2015

The following summarizes the charges paid to the Authority, which are included as expenses of the Water and Sewer Fund during the year ended September 30, 2015:

Debt Service	\$ 302,769
Operations and Maintenance	201,169
Depreciation	92,671
Excess Flow Penalty	<u>67,056</u>
Total Expense	<u>\$ 663,665</u>

The interlocal agreement shall remain in force until all of the City of Orlando, Florida's Sewer Revenue Bond Series 2004 shall be paid in full. The County is committed to provide 20.798% of the debt service for these bonds maturing in fiscal year 2034. The County's portion of the future service related to these bonds is as follows:

Fiscal Year	Principal	Interest	Total
2016	\$ 47,835	\$ 60,792	\$ 108,627
2017	48,875	58,998	107,873
2018	50,955	57,104	108,059
2019	53,035	55,066	108,100
2020	55,115	52,891	108,006
2021-2025	314,050	226,581	540,631
2026-2030	393,082	148,144	541,226

E. Iron Bridge Facility

The County and the City of Orlando, Florida, ("Orlando") entered into an intergovernmental agreement on June 8, 1977. This agreement, as amended, provides for the establishment of the Iron Bridge Facility, which is owned and operated by Orlando. The County has agreed to pay user charges on a monthly basis. During the year ended September 30, 2015 the County paid user charges of approximately \$2,177,013.

F. FDOT Construction Deposits

The County has entered into several Locally Funded Agreements (LFA) with the Florida Department of Transportation (FDOT). Under these agreements, the County provides deposits to FDOT for the acquisition of right-of-way or construction. FDOT is responsible for acquiring the necessary right-of-way to construct the applicable County project. The deposits are reported as FDOT Construction Deposits. The construction deposits are held in a separate interest bearing escrow account for each LFA. Interest earned remains in each escrow account to be used for the purpose of each LFA. If actual right-of-way acquisition costs are less than the total right-of-way funding provided to FDOT, FDOT refunds the proportionate share of the County's funds or transfer the excess amount to another LFA with the County.

FDOT notifies the County on a regular basis of amounts expended from the escrow accounts. The County then reduces the construction deposit amount and records expenditures under the applicable projects. As of September 30, 2015, the amount reported in FDOT construction deposits totaled \$17,601,356.

In a previous fiscal year, FDOT determined there was excess escrow funding for two Locally Funded Agreements (LFAs) and terminated one LFA. These leftover funds were transferred to other LFAs projects that had County funding requirements. Since deposits paid to FDOT were incurred in prior fiscal years, the excess escrow funding was deemed to be unearned revenue. The revenue will be earned as expenditures are incurred under the active LFA agreements. As of September 30, 2015, the amount reported as FDOT unearned revenue related to LFA projects totaled approximately \$632,000.

NOTE 13 – RELATED PARTY TRANSACTIONS

The County allocates certain support departmental costs, which include fleet, legal, fiscal, purchasing, printing, personnel, and communication costs to other County departments. Costs of approximately \$20,396,000 for the aforementioned services were allocated between funds. In addition, the County's health insurance is a Self-Insurance fund, which allocated approximately \$19,111,000 to other funds for the fiscal year ended September 30, 2015. At September 30, 2015, the County reported \$5.9 million in claims payable for the Self-Insurance fund.

NOTE 14 – ACCOUNTING CHANGES AND ADJUSTMENT TO BEGINNING NET POSITION

The County participates in the Florida Retirement System (FRS) defined benefit pension plan and the Health Insurance Subsidy (HIS) defined benefit plan administered by Florida Division of Retirement. As a participating employer, the County implemented Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions*, which requires employers participating in cost-sharing multiple-employer defined benefit pension plans to report the employers' proportionate share of the net pension liabilities of the defined benefit pension plans. The requirements of this Statement are being implemented prospectively, with the County reporting its proportionate share of the actuarially determined liabilities as of October 1, 2014. The net of the above adjustments is reported as an adjustment to beginning net position. See Note 15 for Fire Protection Fund prior period adjustment. Below is a summary of the required changes:

	Governmental Activities	Business-Type Activities
Net Position as previously reported, September 30, 2014	\$ 1,066,182,904	\$ 372,690,073
Prior period adjustment - Fire Protection Fund	1,397,616	-
Cumulative Effect of Change in Accounting Principle - GASB 68	<u>(145,141,445)</u>	<u>(5,161,840)</u>
Net Position as restated, October 1, 2014	<u>\$ 922,439,075</u>	<u>\$ 367,528,233</u>

NOTE 15 – PRIOR PERIOD ADJUSTMENT – CITY OF WINTER SPRINGS FIRE AND EMERGENCY MEDICAL SERVICES

On October 1, 2008, the County's Fire and Emergency Medical Services (EMS) consolidated with the City of Winter Springs' Fire and EMS operations. As a result of the consolidation the County was entitled to receive any unused Fire Impact Fees collected by the City prior to October 1, 2008, and subsequent to the consolidation. Such amounts were not recognized during fiscal years 2009 through 2014. As such, the accompanying financial statements, for the fiscal year ended September 30, 2014, have been restated to adjust beginning fund balance and net position in the Fire Protection Fund for \$1,397,616 for Fire Impact Fees earned in connection with the consolidation. The result of the restatement increased total assets and restricted fund balance.

Fund balance as previously reported, September 30, 2014	\$ 28,644,539
Prior period adjustment	<u>1,397,616</u>
Fund balance as restated, October 1, 2014	<u>\$ 30,042,155</u>

NOTE 16 – SUBSEQUENT EVENT – CITY OF CASSELBERRY'S FIRE AND EMERGENCY MEDICAL SERVICES MERGER

Effective October 1, 2015, the County's Public Safety department will merge with the City of Casselberry's Emergency Medical Services (EMS)/fire/rescue.

On December 9, 2014, the Board approved a Fire/EMS inter-local agreement with the City of Casselberry (the "City"). Under the terms of the inter-local agreement, the County will provide to the City emergency medical services, fire/rescue services. The County will operate two fire stations, within the fire protection system, with primary responsibility to provide services to the City's citizens. Services will include, but not be limited to, Fire Suppression Services, Emergency Medical Services (EMS) and Fire Prevention Services. The City's employees assigned to those fire stations will be transferred and become employees of the County. Assets acquired during the merger will be recorded at carrying value.

The inter-local agreement stipulates that revenues generated from the Municipal Service Taxing Unit (MSTU), within the City, be sufficient to support Fire/EMS operations within the City. Beginning March 1, 2017, the City agrees to make additional contributions to the County for any shortfall between actual Fire/EMS operational expenditures and the revenues generated from the MSTU within the City for the prior fiscal year.

As required by the inter-local agreement, the City will reimburse the County approximately \$325,000 for liabilities assumed in connection with compensated absences. The County will record capital assets with carrying amounts of approximately \$2.8 million. In addition, the City will transfer title to the County for fire station 21 and agree to lease the County fire station 25 at a cost of \$1 annually. Further, the City and the County agree to jointly develop the Wilshire Property. The Wilshire Property is approximately 2 acres of property owned by the City. Once an agreement is reached on the portion of the land to be developed by the County, the City will transfer title of that parcel to the County.

The County's intent is to apply the provisions of Government Combinations as promulgated by GASB 69 – *Government Combinations and Disposals of Government Operations*.

OTHER SUPPLEMENTAL INFORMATION

Non-Major Governmental Funds:

- Combining Financial Statements for All Nonmajor Governmental Funds and Individual Budgetary Comparison Schedules for All Budgeted Nonmajor Governmental Funds

NON-MAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds account for revenues from specific taxes or other earmarked revenue sources, which by law are designated to finance particular functions or activities of government. The County has the following Special Revenue Funds:

Tourist Development Fund – To account for receipt and disbursement of a voted, five percent, Tourist Development Tax on transient rentals per Section 125.0104, Florida Statutes.

Adult Drug Court Trust Fund – To account for revenues generated by court fees and interest. Court fees are set pursuant to Chapter 938.21 and 938.23, Florida Statutes.

Law Enforcement Trust Fund – To account for receipt and disbursement of monies held for law enforcement activities under Section 932.704, Florida Statutes.

Emergency 911 Fund – To account for the receipt and disbursement of the “E911” Emergency Telephone System Fees pursuant to Section 365.171(13), Florida Statutes.

Development Review Fund – To account for revenues generated by permits and inspection fees related to the review and approval of residential and commercial development projects.

Development Impact Fee Fund – Established to account for the amount of impact fees levied by the Board and collected pursuant to Seminole County Ordinance. Amounts collected are deposited into this fund. The revenues generated are to be used for capital improvements of parks, fire protection and libraries.

Municipal Services Benefit Units Fund – The MSTU fund was created pursuant to the provisions of Section 125.01(q), Florida Statutes, to account for the cost of providing the construction, maintenance, and operation of transportation projects within the County. Revenues are generated through a levy by the Board of Special Assessments upon properties located within the County.

Solid Waste Municipal Services Fund – Established to account for the special per-parcel assessment levied by the Board exclusively on the properties within the unincorporated area of the County. Assessments are collected by the Tax Collector and will provide for solid waste services in the County.

Street Lighting – To account for the non-ad valorem assessments levied on properties to cover the costs of street lighting in districts established by ordinances.

Court Modernization Fund – To account for fees collected on recording charges with the office of Clerk of the Circuit Court. Funds are used to finance upgrading and modernization of capital equipment and training of personnel pursuant to Sections 28.24 and 61.1352, Florida Statutes.

Court Support Technology Fee – To account for Article V related charges and fees pursuant to the provisions of Sections 28.35, 28.36, 28.37, 28.246(1), 29.008, Florida Statutes.

Police Education – The Police Education fund was created to provide support for all facets of police education and training initiatives. The \$2 Police Education Fund is restricted, by law, for expenditures to train and educate only law enforcement personnel.

Teen Court – Teen Court revenue was established to account for the \$3 fees of court revenue charge and traffic surcharge. The fee was established via Ordinance in 2006 based on provision of Sections 938.19 and 939.185, Florida Statutes.

Affordable Housing Fund – This fund is used to account for local housing distribution monies received from the State of Florida in connection with the State Housing Initiative Partnership (SHIP) program pursuant to Section 420.9075(5), Florida Statutes. Authorized activities from the fund include the administration and implementation of the local housing assistance program.

Sheriff's Grant Fund – This fund is used to account for all revenues and expenditures applicable to the grants, federal and state forfeiture, and training funds of the Sheriff.

Federal, State and Local Grants Fund – This fund accounts for the expenditures and related grant revenues received from federal, state and local agencies to conduct various community related projects and programs.

DEBT SERVICE FUNDS

Debt Service Funds account for the accumulation of resources for the payment of principal, interest and related costs of the County's long-term bonded debt. The County has the following Debt Service Funds:

Capital Improvement Revenue Bond Funds:

Series 2012 Fund – Created pursuant to the resolution authorizing issuance of \$22,000,000 in Capital Improvement Revenue Bonds, which were issued to provide financing for the Public Safety Communications P25 Radio System Upgrade and Tower Rebuild Projects. The issue, dated October 18, 2012 bears interest at 2.19% with a final maturity of October 1, 2027. Debt Service Funding is provided by State Revenue Sharing.

Series 2013A&B Fund – Created pursuant to the resolutions authorizing issuance of \$18,140,000 in Capital Improvement Revenue Bonds, which were issued to refinance the Series 2010 Capital Improvement Bonds. The issue, dated April 1, 2013 bears interest at 2.390% with a final maturity of October 1, 2026. Debt Service Funding is provided by Non Ad Valorem revenues.

Sales Tax Revenue Bond Funds:

Series 2005B Fund - Created pursuant to the resolution authorizing issuance of \$39,700,000 in Sales Tax Revenue Bonds to refinance the Series 2001 Sales Tax Bonds maturing in the years 2012 through 2031. The issue, dated February 2, 2006 bears interest at rates ranging from 3.40% to 5.25% and has a final maturity of October 1, 2031. The Local Government Half-Cent Sales Tax collected and distributed by the State of Florida is the revenue source for repayment.

Series 2015 Fund - Created pursuant to the resolution authorizing issuance of \$29,810,000 in Sales Tax Revenue Refunding Bonds, Series 2015 (the "Series 2015") to refund the Sales Tax Revenue Bonds, Series 2005A initially issued to finance the renovations and expansion of the County's John E. Polk Correctional Facility. The Series 2015 issue, dated February 26, 2015 bears interest at rates at 2.50% and has a final maturity of October 1, 2031. The Local Government Half-Cent Sales Tax collected and distributed by the State of Florida is the revenue source for repayment.

Special Obligation Bonds:

2014 Special Obligation Bonds - to account for the payment of the current year's principal and interest requirements on the Special Obligation Bonds, Series 2014 issued for the upcoming new County Sports Complex and renovations to Soldiers' Creek Park.

CAPITAL PROJECTS FUNDS

Capital Projects Funds account for the capital expenditures of resources accumulated from bond issues and other sources. The County has the following Capital Projects Funds:

Environmental Sensitive Lands Capital Project Fund – Created to account for the proceeds of general obligation bonds issued to acquire, preserve, and restore environmentally sensitive lands within Seminole County.

Courthouse Capital Project Fund – Created to account for proceeds of the \$47,975,000 Sales Tax Revenue Bond issue and to record the costs associated with the courthouse construction project.

Correctional Facility Capital Project Fund - Created to account for proceeds of the \$35,365,000 Sales Tax Revenue Bond issue and to record the costs associated with the Correctional Facility construction project.

Sports Complex and Soldiers' Creek Special Obligation Bonds, Series 2014 Capital Project Fund Created pursuant to the resolution authorizing issuance of \$28,000,000 in Capital Improvement Revenue Bonds. The issue dated May 27, 2014, bears interest ranging from 3.25% to 5.0% with a final maturity on October 1, 2034. Debt Service funding is to be provided by Non-Ad Valorem revenue sources. The Bond proceeds will be used to finance a portion of the costs of the acquisition, construction, equipping and installation of certain capital improvements of a new County Sports Complex and renovations to Soldiers Creek Park.

Public Safety Communication Upgrade to P25 Capital Project Fund - Created pursuant to the resolution authorizing issuance of \$22,000,000 in Capital Improvement Revenue Bonds. The issue, dated October 18, 2012 bears interest at 2.19% with a final maturity on October 1, 2027. Debt Service funding is to be provided by the County Revenue Sharing Program (Guaranteed Entitlement Funds). This fund is used to account for the bond proceeds for the Public Safety Communication Tower Upgrade to P25. The project includes the design, engineering, construction and reconstruction of communication towers at nine County sites. The towers are essential infrastructure for the Public Safety communication system county-wide for law enforcement, fire, emergency medical, and other essential government services.

FIDUCIARY FUNDS

AGENCY FUNDS

Agency funds are used to account for assets held by the County as an agent for individuals, private organizations, and other governments.

Clerk of the Circuit Court and Comptroller – Used to account for resources received and held by the Clerk in a fiduciary capacity. These resources represent fines, forfeitures and filing fees collected for other governmental agencies and support payments, jury and witness services and posted bonds collected for individuals.

Sheriff – Used to account for the assets held by the Sheriff for individuals such as prisoner's funds, confiscated monies held as evidence, and prepayments of the Sheriff's fees for serving papers.

Tax Collector – Used to account for property taxes and fees for licenses.

STATISTICAL SECTION

(Unaudited)

STATISTICAL SECTION

This part of Seminole County, Florida's comprehensive annual report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplemental information says about the County's overall financial health. Tables presented in this section are unaudited.

CONTENTS

FINANCIAL TRENDS - Tables I through VI

These schedules contain information to help the reader understand how the County's financial performance and well-being have changed over time.

REVENUE CAPACITY - Tables VII through X

These schedules contain information to help the reader assess the County's most significant local revenue source, the property tax.

DEBT CAPACITY - Tables XI through XV

These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.

DEMOGRAPHIC AND ECONOMIC INFORMATION - Tables XVI through XVIII

These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.

OPERATING INFORMATION - Tables XIX through XX

These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.

ENTERPRISE FUND INFORMATION - Tables XXI through XXIII

These tables are used to comply with bond covenants and include information related to rates and flows for the water and sewer funds, and tipping fees and tonnage for the solid waste fund.

ADDITIONAL INFORMATION - Table XXIV

This table is used to provide financial data for Non Ad-Valorem revenues that are legally available to pay debt service on the Special Obligations Bonds, Series 2014.

Sources: Unless otherwise noted, the information in these schedules is derived from the County's comprehensive annual financial reports for the relevant years.

Source: Seminole County Property Appraiser

Note: Overlapping rates are those of local governments and Seminole County which apply to property owners within the county. Not all overlapping rates apply to all county property owners. Two of the Three Special District rates apply only to the unincorporated areas of the county.

The municipality rates apply only to the property owners in each of the county's seven cities.

1. The municipality rates are a weighted average of the seven cities' rates based on population.

SEMINOLE COUNTY DIRECT DEBT	<u>128,521</u>	100%	<u>128,521</u>
TOTAL DIRECT AND OVERLAPPING DEBT	<u>\$ 137,830</u>		<u>\$ 137,830</u>

Source: County, School District and Cities.

Note: Overlapping debt is that of local governments and Seminole County which apply to property owners within the County. Not all overlapping debt applies to all County property owners. Two of the three Special District rates apply only to the unincorporated areas of the County.

The municipality rates apply only to the property owners in each of the County's seven cities. This estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents of the County. This process recognizes that, when considering the County's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account.

However, this does not imply that every taxpayer is a resident and therefore responsible for repaying the debt, of each overlapping government.

SINGLE AUDIT

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Honorable Board of County Commissioners
Seminole County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activity, each major fund, and the aggregate remaining fund information of Seminole County, Florida (the "County") as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated May 19, 2016.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Pursuant to provisions of Chapter 10.550, *Rules of the Auditor General*, we reported certain matters to management of the County in a separate management letter and Independent Accountant's Report dated May 19, 2016.

Honorable Board of County Commissioners
Seminole County, Florida

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

May 19, 2016

INDEPENDENT ACCOUNTANT'S REPORT

Honorable Board of County Commissioners
Seminole County, Florida

We have examined Seminole County, Florida's (the "County") compliance with the requirements of Sections 218.415, 365.172(10), and 365.173(2)(d), Florida Statutes, during the year ended September 30, 2015. Management is responsible for the County's compliance with those requirements. Our responsibility is to express an opinion on the County's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the County's compliance with specified requirements.

In our opinion, the County complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2015.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

Honorable Board of County Commissioners
Seminole County, Florida

Report on the Financial Statements

We have audited the basic financial statements of Seminole County, Florida (the "County") as of and for the fiscal year ended September 30, 2015, and have issued our report thereon dated May 19, 2016.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and Chapter 10.550, *Rules of the Auditor General*.

Other Reports and Schedule

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, Independent Auditor's Report on Compliance for Each Major Federal Program and State Project and on Internal Control over Compliance and Report on Schedule of Expenditures of Federal Awards and State Financial Assistance Required by OMB Circular A-133 and Chapter 10.550, *Rules of the Auditor General*, Schedule of Findings and Questioned Costs, and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, Section 601, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports and schedule, which are dated May 19, 2016, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings and recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority is disclosed in the notes to the financial statements.

Financial Condition

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require that we apply appropriate procedures and report the results of our determination as to whether or not the County has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the County did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Financial Condition (*Continued*)

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures. It is management's responsibility to monitor the County's financial condition, and our financial condition assessment was based, in part, on representations made by management and the review of financial information provided by same.

Annual Financial Report

Sections 10.554(1)(i)5.b. and 10.556(7), *Rules of the Auditor General*, require that we apply appropriate procedures and report the results of our determination as to whether the annual financial report for the County for the fiscal year ended September 30, 2015, filed with the Florida Department of Financial Services, pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2015. In connection with our audit, we determined that these two reports were in agreement.

Special District Component Units

Section 10.554(1)(i)5.d., *Rules of the Auditor General*, requires that we determine whether or not a special district that is a component unit of a county, municipality, or special district, provided the financial information necessary for proper reporting of the component unit, within the audited financial statements of the county, municipality, or special district in accordance with Section 218.319(3)(b), Florida Statutes. There were no special district component units that were required to provide financial information to the County for the fiscal year ended September 30, 2015.

Other Matters

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, County Commission, and applicable management and is not intended to be, and should not be, used by anyone other than these specified parties.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND STATE PROJECT AND ON INTERNAL CONTROL
OVER COMPLIANCE AND REPORT ON SCHEDULE OF EXPENDITURES OF
FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE REQUIRED BY OMB
CIRCULAR A-133 AND CHAPTER 10.550, RULES OF THE AUDITOR GENERAL**

Honorable Board of County Commissioners
Seminole County, Florida

Report on Compliance for Each Major Federal Program and State Project

We have audited the compliance of Seminole County, Florida (the "County") with the types of compliance requirements described in the OMB Circular A-133 *Compliance Supplement* and the requirements described in the Department of Financial Services' *State Projects Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs and state projects for the year ended September 30, 2015. The County's major federal programs and state projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs and state projects.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs and state projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and Chapter 10.550, *Rules of the Auditor General*. Those standards, OMB Circular A-133, and Chapter 10.550, *Rules of the Auditor General*, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state project occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state project. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program and State Project

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2015.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program and state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and state project and to test and report on internal control over compliance in accordance with OMB Circular A-133 and Chapter 10.550, *Rules of the Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and Chapter 10.550, *Rules of the Auditor General*. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards and State Financial Assistance Required by OMB Circular A-133 and Chapter 10.550, *Rules of the Auditor General*

We have audited the financial statements of the governmental activities, the business-type activity, each major fund, and the aggregate remaining fund information of the County as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated May 19, 2016, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis, as required by OMB Circular A-133 and Chapter 10.550, *Rules of the Auditor General*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and state financial assistance is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

INDEPENDENT AUDITOR'S REPORT

To the Honorable Maryanne Morse,
Clerk of the Circuit Court and Comptroller
of Seminole County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the Seminole County, Florida Clerk of the Circuit Court and Comptroller (the "Clerk") as of and for the fiscal year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the Clerk's financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Clerk's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Clerk's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Clerk as of September 30, 2015, and the respective changes in financial position for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

To the Honorable Maryanne Morse,
Clerk of the Circuit Court and Comptroller
of Seminole County, Florida

INDEPENDENT AUDITOR'S REPORT
(Concluded)

Emphasis-of-Matter

As described in Note 1 to the financial statements, the financial statements were prepared for the purpose of complying with Section 218.39, Florida Statutes, and Section 10.557(3), *Rules of the Auditor General for Local Governmental Entity Audits*. These financial statements are not intended to be a complete presentation of financial position of Seminole County, Florida as of September 30, 2015, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 5, 2016 on our consideration of the Clerk's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Clerk's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

Year Ended September 30, 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the more significant accounting policies used in the presentation of these financial statements.

Reporting Entity

The Seminole County, Florida Clerk of the Circuit Court and Comptroller (the "Clerk") is a separately elected county official established pursuant to the Constitution of the State of Florida. These financial statements are not intended to be a complete presentation of financial position of Seminole County, Florida as of September 30, 2015, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are presented to comply with the requirements of Section 218.39, Florida Statutes, and Section 10.557(3) of the *Rules of the Auditor General for Local Governmental Entity Audits*. The Clerk's General Fund is combined with the Board of County Commissioner's (the "Board") and other constitutional officers' general funds in the Seminole County, Florida Comprehensive Annual Financial Report ("CAFR") to properly reflect the county-wide General Fund. The special revenue and fiduciary funds are shown separately in the appropriate sections of the CAFR.

Description of Funds

The accounting records are organized on the basis of funds classified for reporting purposes into the following basic fund types:

General Fund – The General Fund is a governmental fund used to account for all revenues and expenditures applicable to the general operations of the Clerk. The General Fund measurement focus is based upon determination of financial position and changes in financial position (sources, uses and balances of financial resources, rather than upon net income determination).

Special Revenue Fund – The Special Revenue Fund is used to account for the proceeds of specific revenue sources that are legally restricted or committed to expenditures for specified purposes. The Clerk's Special Revenue Fund includes the activities of the Public Records Modernization Trust Fund, which was established on July 1, 1987 pursuant to an act of the 1987 Florida Legislature, and the Court Related Technology Trust Fund, established on July 1, 2004 pursuant to an act of the 2003 Florida Legislature. This fund receives additional recording fees, which are collected by the Clerk's office and are earmarked for the modernization of recording service operations. The measurement focus of this fund is the same as the General Fund.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Description of Funds (Continued)

Fiduciary Funds – The Clerk maintains Agency Funds, which are used to account for assets held by the Clerk as an agent. Agency Funds are custodial in nature and do not involve measurement of results of operations. A statement of net position is presented for the Agency Funds. However, a statement of changes in net position is not presented, since there are no operations in the Agency Funds, only assets and liabilities.

Basis of Accounting and Presentation

The accounts of the General Fund are maintained on the modified accrual basis. Under the modified accrual basis of accounting, expenditures are recorded at the time liabilities are incurred and revenues are recorded when received in cash or when they are considered both measurable and available and, as such, susceptible to accrual. The extent to which General Fund revenues exceed General Fund expenditures is reflected as a liability in compliance with Florida Statutes.

Budgetary Requirements and Basis

The Clerk's budget consists of two distinct parts: general governmental activities and court-related activities. The budget for general governmental revenues and expenditures is filed with the Board of County Commissioners ("BOCC") and the State Courts Administrator. This budget can be amended, as necessary, during the year. Budgetary control is at the total revenue and expenditure level. The court-related budget must be submitted to the Florida Clerk of Court Operations Corporation ("CCOC"), in accordance with Section 28.36 of the Florida Statutes. The Clerk must request approval from the CCOC in order to amend the court-related budget. Budgetary control is at the total revenue and expenditure level.

The Clerk must remit the excess of revenues over expenditures for general governmental operations to the BOCC by October 31 after the close of the fiscal year. The Clerk must remit to the State of Florida General Revenue Fund the cumulative excess of all court-related revenues over the amounts needed to meet the approved budgeted expenditures.

Transfers

In accordance with Florida Statutes, all unexpended balances in the General Fund at year end are owed to the BOCC for noncourt-related functions and back to the State of Florida for court-related balances. These excess fees are reported as transfers - BOCC and funds returned to State. Appropriations are presented as a subsidy from the respective entity.

NOTE 2 - CASH AND INVESTMENTS

Cash Deposits

Cash consists of various demand deposit accounts, which are insured by the Federal Deposit Insurance Corporation or by the banking network provided by Chapter 280 of the Florida Statutes. Florida Statutes provide for collateral pooling by banks and savings and loans, and limit local government deposits to “authorized depositories.” Therefore, all cash deposits held by banks can be classified as fully insured.

Investments

Florida Statutes 28.33, 218.415, 219.075 and the Clerk’s investment policy authorize investments in certificates of deposit, savings accounts, repurchase agreements, the Local Government Surplus Funds Trust Fund, administered by the Florida State Board of Administration, obligations of the U.S. Government and Government Agencies unconditionally guaranteed by the U.S. Government.

The Clerk’s investments at September 30, 2015, consist of approximately \$33 million in overnight repurchase agreements. In addition, the Clerk held approximately \$228,000 in the Local Government Surplus Funds Trust Fund. These investments are reported at fair value in the accompanying governmental funds and fiduciary fund financial statements.

NOTE 3 - PENSION PLAN

Plan Description

The Clerk’s employees participate in the Florida Retirement System (“FRS”), a multiple-employer, cost-sharing, retirement system, administered by the Florida Department of Management Services. The Clerk’s employees have the option of choosing between either a Defined Contribution plan or a Defined Benefit plan. As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the state of Florida.

For financial reporting purposes, the Clerk is deemed to be part of the primary government of Seminole County, Florida. Effective October 1, 2014, the County implemented the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. A liability, if any, related to the Clerk’s proportionate share of FRS retirement benefits, along with a detailed plan description, is reported in the financial statements of Seminole County, Florida for the fiscal year ended September 30, 2015.

Funding Policy

The Clerk’s contributions to the FRS for the fiscal years ended September 30, 2013, 2014 and 2015 were \$492,075, \$678,147 and \$651,588, respectively, which were equal to the required contribution for each fiscal year.

NOTE 3 - PENSION PLAN (Continued)**Funding Policy (Continued)**

Effective July 1, 2011, employees are required to contribute 3% towards the FRS. Employee withholdings for this purpose amounted to \$217,757, \$212,923 and \$209,029 for the fiscal years ended September 30, 2013, 2014 and 2015, respectively, which were equal to the required contribution for each fiscal year.

NOTE 4 - INSURANCE COVERAGE

The Clerk is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County maintains a self-insurance program that provides for coverage of substantially all risks. Various excess catastrophic insurance policies with a commercial carrier are also in force for claims exceeding the amount chargeable against the loss fund. Any public liability loss which exceeds the self-insurance coverage limit would remain the responsibility of the County. The Clerk participated in the County's self-insurance program during fiscal year 2015. For additional information related to these programs, see the County's CAFR for the fiscal year ended September 30, 2015.

NOTE 5 - LONG-TERM LIABILITIES

The Clerk incurs a liability for employees' rights to receive compensation for future absences when certain conditions are met. A summary of changes in long-term liabilities for the fiscal year ended September 30, 2015 is as follows:

	Balance October 1, 2014	Additions	Retirements	Balance September 30, 2015	Due Within One Year
Compensated absences	<u>\$1,284,702</u>	<u>\$441,930</u>	<u>\$444,300</u>	<u>\$1,282,332</u>	<u>\$152,021</u>

In fiscal years 2011 and 2012, the Clerk designated cash resources of approximately \$1,070,000 from the 10% Court Related Modernization Trust Fund to liquidate the estimated liability.

NOTE 6 - OTHER POST-EMPLOYMENT BENEFITS

All eligible employees of the Clerk participate in the Seminole County, Florida plan. For a detailed plan description and any liability for employees of the Clerk, see the Seminole County, Florida CAFR for the fiscal year ended September 30, 2015.

NOTE 7 - RESTRICTED FUND BALANCE

The Clerk classifies governmental fund balances as restricted. These fund balances include amounts in the General Fund and Major Special Revenue Fund that can only be spent for the specific purposes stipulated by enabling legislation. The fund balances in the Modernization Trust Fund are restricted because they can only be spent in accordance with the requirements of the Florida Statutes. The Clerk does not have a formal fund balance policy.

The fund balance restricted in governmental funds at September 30, 2015 is as follows:

General Fund - Restricted for Circuit Court Operations

Special Revenue Fund - Restricted for Modernization Trust Fund

Special Revenue Fund – The Special Revenue Fund is used to account for the proceeds of specific revenue sources that are legally or administratively restricted to expenditures for specified purposes. The Clerk has three divisions within its Special Revenue Fund: Public Records Modernization Trust Fund, Modernization Trust Fund Court Technology, and the Modernization Trust Fund 10% Court Related.

The Public Records Modernization Trust Fund can only be used to modernize the Clerk's public records system. The Clerk collects a \$1.00 service charge or .50 cent service charge on certain recorded documents for this trust fund, pursuant to Florida Statute 28.24(12)(d). In the current year, \$9,292 was expended for machinery and equipment costs. As of September 30, 2015, the restricted fund balance amounted to \$5,506,081.

The Court Technology portion can only be spent on the court-related technology operations of the Clerk. The Clerk collects a \$1.90 service charge on certain recorded documents, pursuant to Florida Statute 28.24(12)(e) for this trust fund. In the current year, \$405,148 was expended primarily for machinery, equipment and related costs. As of September 30, 2015, the restricted fund balance amounted to \$4,271,519.

The 10% Court Related portion can only be spent on the court-related operational needs and program enhancements of the Clerk. The Clerk collects 10% of all court-related fines, pursuant to Florida Statute 28.37(5). In the current year, \$783,828 was locally designated for specific court-related operational needs and program enhancements deemed eligible activities, \$180,438 was transferred to the general fund for health insurance stabilization costs and \$85,587 was expended for miscellaneous pay. As of September 30, 2015, the restricted fund balance amounted to \$3,378,983.

CERTIFIED PUBLIC ACCOUNTANTS

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Honorable Maryanne Morse,
Clerk of the Circuit Court and Comptroller
of Seminole County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Seminole County, Florida Clerk of the Circuit Court and Comptroller (the "Clerk") as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the Clerk's financial statements, and have issued our report thereon dated April 5, 2016.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Clerk's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Clerk's internal control. Accordingly, we do not express an opinion on the effectiveness of the Clerk's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Honorable Maryanne Morse,
Clerk of the Circuit Court and Comptroller
of Seminole County, Florida

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Clerk's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Pursuant to provisions of Chapter 10.550, *Rules of the Auditor General*, we reported certain matters to management of the Clerk in a separate management letter and Independent Accountant's Report dated April 5, 2016.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

To the Honorable Maryanne Morse,
Clerk of the Circuit Court and Comptroller
of Seminole County, Florida

We have audited the basic financial statements of the Seminole County, Florida Clerk of the Circuit Court and Comptroller (the "Clerk") as of and for the fiscal year ended September 30, 2015, and have issued our report thereon dated April 5, 2016.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

Other Reports

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, Section 601, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated April 5, 2016, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. In connection with the preceding audit, there were no findings or recommendations.

Other Matters

- Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.
- Section 10.554(1)(i)3., *Rules of the Auditor General*, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.
- Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority is disclosed in the notes to the financial statements.

To the Honorable Maryanne Morse,
Clerk of the Circuit Court and Comptroller
of Seminole County, Florida

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Clerk and applicable management and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT

To the Honorable Maryanne Morse,
Clerk of the Circuit Court and Comptroller
of Seminole County, Florida

We have examined of the Seminole County, Florida Clerk of the Circuit Court and Comptroller's (the "Clerk") compliance with the requirements of Sections 28.35, 28.36, 61.181 and 218.415, Florida Statutes, during the fiscal year ended September 30, 2015. Management is responsible for the Clerk's compliance with those requirements. Our responsibility is to express an opinion on the Clerk's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Clerk's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Clerk's compliance with specified requirements.

In our opinion, the Clerk complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2015.

INDEPENDENT AUDITOR'S REPORT

To the Honorable Donald F. Eslinger,
Sheriff of Seminole County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the Seminole County, Florida Sheriff (the "Sheriff") as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the Sheriff's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and Chapter 10.550, *Rules of the Auditor General*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Sheriff's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sheriff's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Sheriff as of September 30, 2015, and the respective changes in financial position, and the budgetary comparison for the general fund for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

To the Honorable Donald F. Eslinger,
Sheriff of Seminole County, Florida

INDEPENDENT AUDITOR'S REPORT
(Concluded)

Emphasis-of-Matter

As described in Note 1 to the financial statements, the accompanying financial statements were prepared for the purpose of complying with Section 218.39, Florida Statutes, and Section 10.557(3), *Rules of the Auditor General for Local Governmental Entity Audits*. These financial statements are not intended to be a complete presentation of the financial position of Seminole County, Florida as of September 30, 2015, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 14, 2016, on our consideration of the Sheriff's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Sheriff's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

Year Ended September 30, 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the more significant accounting policies used in the preparation of these financial statements.

Reporting Entity

The Seminole County, Florida Sheriff (the “Sheriff”) is a separately elected county official established pursuant to the Constitution of the State of Florida. These financial statements are not intended to be a complete presentation of the financial position of Seminole County, Florida as of September 30, 2015, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are presented to comply with the requirements of Section 218.39, Florida Statutes, and Section 10.557(3), *Rules of the Auditor General for Local Governmental Entity Audits*. The Sheriff’s General Fund is combined with the Board of County Commissioners’ (the “Board”) and other constitutional officers’ general funds in the Seminole County, Florida Comprehensive Annual Financial Report (“CAFR”) to properly reflect the county-wide General Fund. The special revenue and fiduciary funds are shown separately in the appropriate sections of the CAFR.

Description of Funds

The accounting records are organized on the basis of funds and classified for reporting purposes into three basic fund types:

General Fund – The General Fund is a governmental fund used to account for all revenues and expenditures applicable to the general operations of the Sheriff. The General Fund measurement focus is based upon determination of financial position and changes in financial position (sources, uses and balances of financial resources, rather than upon net income determination).

Special Revenue Fund – The Special Revenue Fund is a governmental fund used to account for all revenues and expenditures applicable to the grants, federal and state forfeiture, and training funds of the Sheriff. The Special Revenue Fund measurement focus is the same as the General Fund.

Fiduciary Fund – The Sheriff maintains an Agency Fund, which is used to account for assets held by the Sheriff as agent. Agency funds are custodial in nature and do not involve measurement of results of operations. A statement of fiduciary net position is presented for the Agency Fund. However, a statement of changes in fiduciary net position is not presented since there are no operations in the Agency Fund, only assets and liabilities.

**SHERIFF
SEMINOLE COUNTY, FLORIDA**

NOTES TO FINANCIAL STATEMENTS

Year Ended September 30, 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Basis of Accounting and Presentation

The accounts of the General Fund are maintained on the modified accrual basis. Under the modified accrual basis of accounting, expenditures are recorded at the time liabilities are incurred and revenues are recorded when received in cash or when they are considered both measurable and available and, as such, susceptible to accrual. All unexpended General Fund balances at the end of the fiscal year are refunded to the Board of County Commissioners, and deposited into the County fund, or funds, from which the payment was originally made.

Budgetary Requirements and Basis

Expenditures are controlled by appropriations in accordance with the budget requirements set forth in Section 30.49(2)(a), Florida Statutes, and Board policy. The budgeted revenues and expenditures in these financial statements reflect all amendments approved by the Board. Budgetary control is required at the fund level. Total budgeted expenditures may not exceed related actual expenditures at the fund level. The budget is prepared on a basis consistent with accounting principles generally accepted in the United States of America (GAAP), except as follows: capital outlay expenditures and other financing sources related to the acquisition of assets through capital leases are not budgeted; pass-through transactions of the High Intensity Drug Trafficking Area Grant (“HIDTA”) that are not directly related to the Sheriff’s operations, are not budgeted; and all other grant revenue is budgeted as intergovernmental revenue. A reconciliation of General Fund and Special Revenue Fund budgeted and actual expenditures for the fiscal year ended September 30, 2015 is as follows:

	General Fund	Special Revenue Fund
Budgetary basis	\$ 103,657,044	\$ 5,594,223
<u>Adjustments:</u>		
Capital leases - expenditures	2,476,541	-
HIDTA grant pass-through expenditures	-	873,067
GAAP Basis	<u>\$ 106,133,585</u>	<u>\$ 6,467,290</u>

**SHERIFF
SEMINOLE COUNTY, FLORIDA**

NOTES TO FINANCIAL STATEMENTS

Year Ended September 30, 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Capital Assets

Capital assets consist of equipment used in the Sheriff's operations and are recorded as expenditures in the General Fund at the time assets are received and a liability is incurred. These assets are capitalized at cost. Depreciation is computed using the straight-line method. Useful lives of assets ranges from 3-12 years. The Sheriff follows the Board's capitalization policy for reporting, which requires that all capital assets acquired greater than \$5,000 will be capitalized and depreciated. Donated and confiscated capital assets are recorded at fair value at the time received.

Compensated Absences

The Sheriff accrues a liability for employees' rights to receive compensation for future absences when certain conditions are met. The Sheriff is not legally required to and does not accumulate expendable, available financial resources to liquidate this obligation. The maximum accruable hours for compensated absences is 960.

Transfers

In accordance with Florida Statutes, all unexpended General Fund balances at year end are owed to the Board. These excess fees are reported as transfers (out). Appropriations from the Board are presented as transfers in.

NOTE 2 - CASH AND INVESTMENTS

Cash

Cash consists of various demand deposit accounts, which are insured by the Federal Deposit Insurance Corporation or are covered by the State of Florida collateral pool, a multiple financial institution pool. The Sheriff's financial institution is a qualified public depository under Chapter 280 of the Florida Statutes.

Investments

Florida Statutes 218.415, 219.075, and the Sheriff's investment policy, authorize investments in certificates of deposit, savings accounts, repurchase agreements, the Local Government Surplus Funds Trust Fund, administered by the Florida State Board of Administration, and obligations of the U.S. Government and government agencies unconditionally guaranteed by the U.S. Government. The Sheriff had no investments at September 30, 2015.

**SHERIFF
SEMINOLE COUNTY, FLORIDA**

NOTES TO FINANCIAL STATEMENTS

Year Ended September 30, 2015

NOTE 3 - CAPITAL ASSETS

The Sheriff's capital assets consist of vehicles and equipment. Capital assets acquired with a value of \$1,000 or greater are recorded as capital outlay expenditures. The following is a summary of the changes related to capital assets, that had a value of \$5,000 or greater at the time of acquisition, for the year ended September 30, 2015:

	Vehicles and Equipment	
	Cost	Accumulated Depreciation
Balance – October 1, 2014	\$ 28,338,680	\$ 14,432,644
Additions	2,523,051	3,118,418
Retirements	(1,494,372)	(1,170,792)
Balance – September 30, 2015	<u>\$ 29,367,359</u>	<u>\$ 16,380,270</u>

Capital assets and related accumulated depreciation are recorded on the government-wide financial statements of the County. For the fiscal year ended September 30, 2015, depreciation expense of \$3,118,418 is reflected in the Seminole County CAFR in the statement of activities under public safety expenses.

NOTE 4 - PENSION PLAN

Plan Description

The Sheriff's employees participate in the Florida Retirement System ("FRS"), a multiple-employer, cost-sharing, retirement system, administered by the Florida Department of Management Services. The Sheriff's employees have the option of choosing between either a Defined Contribution plan or a Defined Benefit plan. As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the State of Florida. For a detailed plan description, see the Seminole County, Florida CAFR for the fiscal year ended September 30, 2015.

Funding Policy

The Sheriff's contributions to the FRS for fiscal years ended September 30, 2013, 2014, and 2015 were approximately \$6,713,412, \$8,675,788, and \$9,497,559, respectively, which were equal to the required contribution for each fiscal year.

Effective July 1, 2011, employees are required to contribute 3% towards the FRS. Employee withholdings for this purpose amounted to \$1,576,924, \$1,623,124, and \$1,682,874 for the fiscal years ended September 30, 2013, 2014, and 2015, respectively, which were equal to the required contribution for each fiscal year.

**SHERIFF
SEMINOLE COUNTY, FLORIDA**

NOTES TO FINANCIAL STATEMENTS

Year Ended September 30, 2015

NOTE 5 - INSURANCE COVERAGE

The Sheriff is exposed to various risks of loss related to torts; thefts of, damage to and destruction of assets; errors and omissions; injuries to employees and inmates; and natural disasters. To mitigate these risks, the Sheriff participates in the Florida Sheriff's Self-Insurance Fund Program, the Sheriff's Automobile Risk Program, and the Florida Sheriff's Workers' Compensation Self-Insurance Fund. The Florida Sheriff's Risk Management Fund LLC administers these programs. These programs are considered public-entity risk pools, which purchase insurance policies on behalf of their members. The pools' members are not obligated for risk associated with such coverage. Coverage under these programs includes general liability, automobiles, watercraft, business property, confiscated/impounded equipment, flash roll money, broad form money and securities, program participant coverage and public employee dishonesty bonds. The Sheriff carries separate insurance policies with commercial carriers for aircraft insurance, statutory in line-of-duty death benefits, and for medical malpractice at the John E. Polk Correctional Facility. The Sheriff contracts with United Health Care for health insurance coverage for eligible, full-time employees, their dependents and retirees.

NOTE 6 - LONG-TERM LIABILITIES

During the fiscal year ended September 30, 2015, the Sheriff entered into capital lease agreements for vehicles costing approximately \$2,476,541, in addition to capital leases executed in prior years for public safety vehicles. Annual debt service requirements to amortize the capital leases outstanding as of September 30, 2015, are as follows:

<u>Year Ending September 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2016	\$ 1,664,814	\$ 77,710	\$ 1,742,524
2017	1,384,916	49,727	1,434,643
2018	961,803	25,609	987,412
2019	458,946	8,032	466,978
2020	-	-	-
	<u>\$ 4,470,479</u>	<u>\$ 161,078</u>	<u>\$ 4,631,557</u>

**SHERIFF
SEMINOLE COUNTY, FLORIDA**

NOTES TO FINANCIAL STATEMENTS

Year Ended September 30, 2015

NOTE 6 - LONG-TERM LIABILITIES *(Continued)*

A summary of changes in long-term liabilities for the fiscal year ended September 30, 2015 is as follows:

	<u>Balance October 1, 2014</u>	<u>Additions</u>	<u>Retirements</u>	<u>Balance September 30, 2015</u>	<u>Due Within One Year</u>
Compensated absences	\$ 15,446,241	\$ 9,499,928	\$ 9,358,801	\$ 15,587,368	\$ 920,292
Capital leases	5,205,465	2,476,541	3,211,627	4,470,379	1,664,814
	<u>\$ 20,651,706</u>	<u>\$11,976,469</u>	<u>\$ 12,570,428</u>	<u>\$ 20,057,747</u>	<u>\$ 2,585,106</u>

The obligation for compensated absences is accrued in the government-wide financial statements of the County.

NOTE 7 - CONTINGENCIES

Various lawsuits and claims arising in the ordinary course of operations are pending against the Sheriff. These primarily relate to motor vehicle accidents. The ultimate effect of such litigation cannot be ascertained at this time. In the opinion of management of the Sheriff, the liabilities that may arise from such action would not result in losses that would materially affect the financial position of the Sheriff or its changes in financial position.

NOTE 8 - OTHER POST-EMPLOYMENT BENEFITS

All eligible employees of the Sheriff participate in the Seminole County, Florida plan. For a detailed plan description and any liability for employees of the Sheriff, see the Seminole County, Florida CAFR for the fiscal year ended September 30, 2015.

THIS PAGE INTENTIONALLY LEFT BLANK

COMPLIANCE SECTION

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Honorable Donald F. Eslinger,
Sheriff of Seminole County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Seminole County, Florida Sheriff (the "Sheriff") as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the Sheriff's basic financial statements and have issued our report thereon dated March 14, 2016.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Sheriff's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Sheriff's internal control. Accordingly, we do not express an opinion on the effectiveness of the Sheriff's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Honorable Donald F. Eslinger,
Sheriff of Seminole County, Florida

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Sheriff's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Pursuant to provisions of Chapter 10.550, *Rules of the Auditor General*, we reported certain matters to management of the Sheriff in a separate management letter and Independent Accountant's Report dated March 14, 2016.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

To the Honorable Donald F. Eslinger,
Sheriff of Seminole County, Florida

We have audited the basic financial statements of the Seminole County, Florida Sheriff (the "Sheriff") as of and for the fiscal year ended September 30, 2015, and have issued our report thereon dated March 14, 2016.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

Other Reports

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standard* and Independent Accountant's Report on an examination conducted in accordance with AICPA Professional Standards, Section 601, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated March 14, 2016, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. In connection with the preceding audit, there were no findings or recommendations.

Other Matters

- Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.
- Section 10.554(1)(i)3., *Rules of the Auditor General*, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.
- Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority is disclosed in the notes to the financial statements.

To the Honorable Donald F. Eslinger,
Sheriff of Seminole County, Florida

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Sheriff and applicable management and is not intended to be, and should not be, used by anyone other than these specified parties.

March 14, 2016

INDEPENDENT ACCOUNTANT'S REPORT

To the Honorable Donald F. Eslinger,
Sheriff of Seminole County, Florida

We have examined the Seminole County, Florida Sheriff's (the "Sheriff") compliance with the requirements of Section 218.415, Florida Statutes, during the fiscal year ended September 30, 2015. Management is responsible for the Sheriff's compliance with those requirements. Our responsibility is to express an opinion on the Sheriff's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Sheriff's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Sheriff's compliance with specified requirements.

In our opinion, the Sheriff complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2015.

INDEPENDENT AUDITOR'S REPORT

To the Honorable Ray Valdes,
Seminole County, Florida Tax Collector

Report on the Financial Statements

We have audited the accompanying financial statements of the general fund and the aggregate remaining fund information of the Seminole County, Florida Tax Collector (the "Tax Collector") as of and for the fiscal year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the Tax Collector's financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Tax Collector's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Tax Collector's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the Honorable Ray Valdes,
Seminole County, Florida Tax Collector

INDEPENDENT AUDITOR'S REPORT
(Concluded)

Opinion

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the respective financial position of the Tax Collector as of September 30, 2015, and the respective changes in financial position for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 1 to the financial statements, the accompanying financial statements were prepared for the purpose of complying with Section 218.39, Florida Statutes, and Section 10.557(3), *Rules of the Auditor General for Local Governmental Entity Audits*. These financial statements are not intended to be a complete presentation of financial position of Seminole County, Florida as of September 30, 2015, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 14, 2016, on our consideration of the Tax Collector's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Tax Collector's internal control over financial reporting and compliance.

SEMINOLE COUNTY, FLORIDA TAX COLLECTOR

NOTES TO FINANCIAL STATEMENTS

Year Ended September 30, 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the more significant accounting policies used in the presentation of these financial statements.

Reporting Requirement

The Seminole County, Florida Tax Collector (the "Tax Collector") is a separately elected county official established pursuant to the Constitution of the state of Florida. These financial statements are not intended to be a complete presentation of financial position of Seminole County, Florida as of September 30, 2015, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are presented to comply with the requirements of Section 218.39, Florida Statutes, and Section 10.557(3) of the *Rules of the Auditor General for Local Governmental Entity Audits*. The Tax Collector's General Fund is combined with the Board of County Commissioners (the "Board") and other constitutional officers' general funds in the County's Comprehensive Annual Financial Report ("CAFR") to properly reflect the county-wide General Fund. The fiduciary funds are shown separately in the appropriate sections of the CAFR.

Description of Funds

The accounting records are organized on the basis of funds classified for reporting purposes into two basic fund types:

General Fund – The General Fund is a governmental fund used to account for all revenues and expenditures applicable to the general operations of the Tax Collector. The General Fund measurement focus is upon determination of financial position and changes in financial position (sources, uses and balances of financial resources, rather than upon net income determination).

Fiduciary Funds – The Tax Collector maintains Agency Funds, which are used to account for assets held by the Tax Collector as an agent. Agency Funds are custodial in nature and do not involve measurement of results of operations. A statement of net position is presented for the Agency Funds. However, a statement of changes in net position is not presented, since there are no operations in the Agency Funds, only assets and liabilities.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Basis of Accounting and Presentation

The accounts of the General Fund are maintained on the modified accrual basis. Under the modified accrual basis of accounting, expenditures are recorded at the time liabilities are incurred and revenues are recorded when received in cash or when they are considered both measurable and available and, as such, susceptible to accrual. The extent to which General Fund revenues exceed General Fund expenditures is reflected as a liability in compliance with Florida Statutes.

Budgetary Requirements and Basis

Expenditures are controlled by appropriations in accordance with the budget requirements set forth in the Florida Statutes. The budgeted revenues and expenditures in these financial statements reflect all amendments approved by the Florida Department of Revenue. The budget is prepared on a basis consistent with accounting principles generally accepted in the United States of America.

Transfers

In accordance with Florida Statutes, all unexpended balances at year end are owed to each governmental unit in the same proportion as the percentage of total fees paid by each governmental unit. These “excess fees” are reported as operating transfers out for the Board and a reduction to charges for services for other governmental units. Appropriations from the Board are presented as transfers in.

NOTE 2 - CASH AND INVESTMENTS

Cash

Cash consists of various demand deposit accounts, which are insured by the Federal Deposit Insurance Corporation or are covered by the state of Florida collateral pool, a multiple, financial institution pool with the ability to assess its members for collateral shortfalls if a member institution fails.

Investments

Florida Statutes 218.415, 219.075, and the Tax Collector’s investment policy authorize investments in certificates of deposit, savings accounts, repurchase agreements, the Local Government Surplus Funds Trust Fund administered by the Florida State Board of Administration, obligations of the U.S. Government and Government Agencies unconditionally guaranteed by the U.S. Government, indebtedness (bonds, debentures, notes) guaranteed by U.S. Government Agencies, and money market mutual funds registered with the Securities and Exchange Commission (“SEC”). At September 30, 2015, the Tax Collector had no investments.

NOTE 3 - PENSION PLAN

Plan Description

The Tax Collector's employees participate in the Florida Retirement System ("FRS"), a multiple-employer, cost-sharing retirement system, administered by the Florida Department of Management Services. The Tax Collector's employees have the option of choosing between either a defined contribution plan or a defined benefit plan. As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the state of Florida.

For financial reporting purposes, the Tax Collector is deemed to be part of the primary government of Seminole County, Florida. Effective October 1, 2014, the County implemented the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. A liability, if any, related to the Tax Collector's proportionate share of FRS retirement benefits, along with a detailed plan description, is reported in the financial statements of Seminole County, Florida for the fiscal year ended September 30, 2015.

Funding Policy

The Tax Collector's contributions to the FRS for the fiscal years ended September 30, 2013 through 2015 were approximately \$177,740, \$288,773, and \$337,434, respectively, which were equal to the required contribution for each fiscal year.

Effective July 1, 2012, employees are required to contribute 3% towards the FRS. Employee withholdings for this purpose amounted to \$74,845, \$84,136, and \$86,011 for the fiscal years ended September 30, 2013 through 2015, respectively, which were equal to the required contribution for each fiscal year.

NOTE 4 - INSURANCE COVERAGE

The County maintains a self-insurance program that provides for coverage of substantially all risks. Various excess catastrophic insurance policies with a commercial carrier are also in force for claims exceeding the amount chargeable against the loss fund. Any public liability loss which exceeds the self-insurance coverage limit would remain the responsibility of the County. The Tax Collector participated in the County's self-insurance program during fiscal year 2015. For additional information related to these programs, see the County's CAFR for the fiscal year ended September 30, 2015.

NOTE 5 - LONG-TERM LIABILITIES

The Tax Collector incurs a liability for employees' rights to receive compensation for future absences when certain conditions are met. The Tax Collector is not legally required and does not accumulate expendable, available financial resources to liquidate this obligation. A summary of changes in long-term liabilities for the fiscal year ended September 30, 2015 is as follows:

	Balance October 1, 2014	Additions	Deletions	Balance September 30, 2015	Due Within One Year
Compensated absences	<u>\$ 350,359</u>	<u>\$ 189,575</u>	<u>\$ 246,143</u>	<u>\$ 293,791</u>	<u>\$ 61,003</u>

NOTE 6 - INTERFUND BALANCES

The outstanding balances between funds result mainly from the time lag between the dates that 1) interfund goods and services are provided or reimbursable expenditures occur, 2) transactions are recorded in the accounting system, and 3) payments between funds are made.

NOTE 7 - OTHER POST-EMPLOYMENT BENEFITS

All eligible employees of the Tax Collector participate in the Seminole County, Florida plan. For a detailed plan description and any liability for employees of the Tax Collector, see the Seminole County, Florida CAFR for the fiscal year ended September 30, 2015.

THIS PAGE INTENTIONALLY LEFT BLANK

COMPLIANCE SECTION

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Honorable Ray Valdes,
Seminole County, Florida Tax Collector

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Seminole County, Florida Tax Collector (the "Tax Collector") as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the Tax Collector's financial statements and have issued our report thereon dated March 14, 2016.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Tax Collector's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Tax Collector's internal control. Accordingly, we do not express an opinion on the effectiveness of the Tax Collector's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Honorable Ray Valdes,
Seminole County, Florida Tax Collector

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Tax Collector's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Pursuant to provisions of Chapter 10.550, *Rules of the Auditor General*, we reported certain matters to management of the Tax Collector in a separate management letter and Independent Accountant's Report dated March 14, 2016.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

To the Honorable Ray Valdes,
Seminole County, Florida Tax Collector

We have audited the financial statements of the Seminole County, Florida Tax Collector (the "Tax Collector") as of and for the fiscal year ended September 30, 2015, and have issued our report thereon dated March 14, 2016.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

Other Reports

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with AICPA Professional Standards, Section 601, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated March 14, 2016, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. In connection with the preceding audit, there were no findings or recommendations.

Other Matters

- Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.
- Section 10.554(1)(i)3., *Rules of the Auditor General*, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

To the Honorable Ray Valdes,
Seminole County, Florida Tax Collector

- Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority is disclosed in the notes to the financial statements.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Tax Collector and applicable management and is not intended to be, and should not be, used by anyone other than these specified parties.

March 14, 2016

INDEPENDENT ACCOUNTANT'S REPORT

To the Honorable Ray Valdes,
Seminole County, Florida Tax Collector

We have examined the Seminole County, Florida Tax Collector's (the "Tax Collector") compliance with the requirements of Section 218.415, Florida Statutes, during the fiscal year ended September 30, 2015. Management is responsible for the Tax Collector's compliance with those requirements. Our responsibility is to express an opinion on the Tax Collector's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Tax Collector's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Tax Collector's compliance with specified requirements.

In our opinion, the Tax Collector complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2015.

INDEPENDENT AUDITOR'S REPORT

To the Honorable David Johnson
Property Appraiser of Seminole County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the Seminole County, Florida Property Appraiser (the "Property Appraiser") as of and for the fiscal year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the Property Appraiser's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Property Appraiser's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Property Appraiser's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Property Appraiser as of September 30, 2015, and the respective changes in financial position, and the budgetary comparison for the general fund for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

To the Honorable David Johnson
Property Appraiser of Seminole County, Florida

INDEPENDENT AUDITOR'S REPORT
(Concluded)

Emphasis-of-Matter

As described in Note 1 to the financial statements, the accompanying financial statements were prepared for the purpose of complying with Section 218.39, Florida Statutes, and Section 10.557(3), *Rules of the Auditor General for Local Governmental Entity Audits*. These financial statements are not intended to be a complete presentation of financial position of Seminole County, Florida as of September 30, 2015, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 1, 2016, on our consideration of the Property Appraiser's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Property Appraiser's internal control over financial reporting and compliance.

**SEMINOLE COUNTY, FLORIDA
PROPERTY APPRAISER**

NOTES TO FINANCIAL STATEMENTS

Year Ended September 30, 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the more significant accounting policies used in the preparation of these financial statements.

Reporting Requirement

The Seminole County, Florida Property Appraiser (the “Property Appraiser”) is a separately elected county official, established pursuant to the Constitution of the State of Florida. These financial statements are not intended to be a complete presentation of financial position of Seminole County, Florida (the “County”) as of September 30, 2015, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are presented to comply with the requirements of Section 218.39, Florida Statutes, and Section 10.557(3) of the *Rules of the Auditor General for Local Governmental Entity Audits*. The Property Appraiser’s General Fund is combined with the Board of County Commissioners’ (the “Board”) and other constitutional officers’ general funds in the Seminole County, Florida Comprehensive Annual Financial Report (“CAFR”) to properly reflect the county-wide General Fund.

Description of Fund

The accounting records are organized on the basis of funds and classified for reporting purposes into one basic fund type:

General Fund – The General Fund is a governmental fund used to account for all revenues and expenditures applicable to the general operations of the Property Appraiser. The General Fund measurement focus is upon determination of financial position and changes in financial position (sources, uses and balances of financial resources, rather than upon net income determination).

Basis of Accounting and Presentation

The accounts of the General Fund are maintained on the modified accrual basis. Under the modified accrual basis of accounting, expenditures are recorded at the time liabilities are incurred, and revenues are recorded when received in cash or when they are considered both measurable and available and, as such, susceptible to accrual. The extent to which General Fund revenues exceed General Fund expenditures is reflected as a liability in compliance with Florida Statutes.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Transfers

In accordance with Florida Statutes, all unexpended balances at year end are owed to the Board. These excess fees are reported as transfers (out). Appropriations from the Board are presented as transfers in.

NOTE 2 - CASH AND INVESTMENTS

Cash

Cash consists of various demand deposit accounts, which are insured by the Federal Deposit Insurance Corporation or are covered by the state of Florida collateral pool, a multiple, financial institution pool with the ability to assess its members for collateral shortfalls if a member institution fails.

Investments

Florida Statutes 218.415, 219.075, and the Property Appraiser's investment policy authorizes investments in repurchase agreements administered by the Florida State Board of Administration. The Property Appraiser had no investments at September 30, 2015.

NOTE 3 - PENSION PLAN

Plan Description

The Property Appraiser's employees participate in the Florida Retirement System ("FRS"), a multiple-employer, cost-sharing, retirement system, administered by the Florida Department of Management Services. The Property Appraiser's employees have the option of choosing between either a Defined Contribution plan or a Defined Benefit plan. As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the state of Florida.

For financial reporting purposes, the Property Appraiser is deemed to be part of the primary government of Seminole County, Florida. Effective October 1, 2014 the County implemented the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. A liability, if any, related to the Property Appraiser's proportionate share of FRS retirement benefits, along with a detailed plan description, is reported in the financial statements of Seminole County, Florida for the fiscal year ended September 30, 2015.

Funding Policy

The Property Appraiser's contributions to the FRS for fiscal years ended September 30, 2013 through 2015 were: \$218,256, \$344,455, and \$376,417, respectively, which were equal to the required contribution for each fiscal year.

NOTE 3 - PENSION PLAN (Continued)**Funding Policy (Continued)**

Effective July 1, 2011, employees are required to contribute 3% towards the FRS. Employee withholdings for this purpose amounted to \$87,645, \$89,550, and \$85,819 for the fiscal years ended September 30, 2013 through 2015, respectively, which were equal to the required contribution for each fiscal year.

NOTE 4 - INSURANCE COVERAGE

The County maintains a self-insurance program that provides for coverage of substantially all risks. Various excess catastrophic insurance policies with a commercial carrier are also in force for claims exceeding the amount chargeable against the loss fund. Any public liability loss, which exceeds the self-insurance coverage limit, would remain the responsibility of the County. The Property Appraiser participated in the County's self-insurance program during fiscal year 2015. For additional information related to these programs, see the Seminole County, Florida CAFR for the fiscal year ended September 30, 2015.

NOTE 5 - LONG-TERM LIABILITIES

The Property Appraiser incurs a liability for employees' rights to receive compensation for future absences when certain conditions are met. The Property Appraiser is not legally required and does not accumulate expendable, available financial resources to liquidate this obligation. A summary of changes in long-term liabilities for the fiscal year ended September 30, 2015 is as follows:

	Balance October 1, 2014	Additions	Retirements	Balance September 30, 2015	Due Within One Year
Compensated absences	<u>\$517,739</u>	<u>\$466,239</u>	<u>\$457,483</u>	<u>\$526,495</u>	<u>\$430,853</u>

NOTE 6 - CONTINGENCIES

Various lawsuits and claims arising in the ordinary course of operations are pending against the Property Appraiser. These primarily relate to property assessments within the County. The ultimate effect of such litigation cannot be ascertained at this time. In the opinion of the Property Appraiser's management, the liabilities that may arise from such action would not result in losses that would materially affect the financial position of the Property Appraiser or its changes in financial position.

NOTE 7 - OTHER POST-EMPLOYMENT BENEFITS

All eligible employees of the Property Appraiser participate in the Seminole County, Florida plan. For a detailed plan description and any liability for employees of the Property Appraiser, see the Seminole County, Florida CAFR for the fiscal year ended September 30, 2015.

COMPLIANCE SECTION

THIS PAGE INTENTIONALLY LEFT BLANK

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Honorable David Johnson
Property Appraiser of Seminole County, Florida

We have audited the financial statements of the Seminole County, Florida Property Appraiser (the "Property Appraiser") as of and for the year ended September 30, 2015, and have issued our report thereon dated March 1, 2016. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Property Appraiser's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Property Appraiser's internal control. Accordingly, we do not express an opinion on the effectiveness of the Property Appraiser's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Honorable David Johnson
Property Appraiser of Seminole County, Florida

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Property Appraiser's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Pursuant to provisions of Chapter 10.550, *Rules of the Auditor General*, we reported certain matters to management of the Property Appraiser in a separate management letter and Independent Accountant's Report dated March 1, 2016.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

To the Honorable David Johnson
Property Appraiser of Seminole County, Florida

We have audited the basic financial statements of the Seminole County, Florida Property Appraiser (the "Property Appraiser") as of and for the fiscal year ended September 30, 2015, and have issued our report thereon dated March 1, 2016.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

Other Reports

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, Section 601, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated March 1, 2016, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. In connection with the preceding audit, there were no findings or recommendations.

Other Matters

- Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.
- Section 10.554(1)(i)3., *Rules of the Auditor General*, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.
- Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority is disclosed in the notes to the financial statements.

To the Honorable David Johnson
Property Appraiser of Seminole County, Florida

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Property Appraiser and applicable management and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT

To the Honorable David Johnson
Property Appraiser of Seminole County, Florida

We have examined the Seminole County, Florida Property Appraiser's (the "Property Appraiser") compliance with the requirements of Section 218.415, Florida Statutes, during the fiscal year ended September 30, 2015. Management is responsible for the Property Appraiser's compliance with those requirements. Our responsibility is to express an opinion on the Property Appraiser's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Property Appraiser's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Property Appraiser's compliance with specified requirements.

In our opinion, the Property Appraiser complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2015.

CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT

To the Honorable Michael Ertel,
Supervisor of Elections of Seminole County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the Seminole County, Florida Supervisor of Elections (the "Supervisor of Elections") as of and for the fiscal year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the Supervisor of Elections' financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Supervisor of Elections' preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Supervisor of Elections' internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Supervisor of Elections as of September 30, 2015, and the respective changes in financial position, for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

To the Honorable Michael Ertel,
Supervisor of Elections of Seminole County, Florida

INDEPENDENT AUDITOR'S REPORT
(Concluded)

Emphasis-of-Matter

As described in Note 1 to the financial statements, the accompanying financial statements were prepared for the purpose of complying with Section 218.39, Florida Statutes, and Section 10.557(3), *Rules of the Auditor General for Local Governmental Entity Audits*. These financial statements are not intended to be a complete presentation of financial position of Seminole County, Florida as of September 30, 2015, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 1, 2016, on our consideration of the Supervisor of Elections' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Supervisor of Elections' internal control over financial reporting and compliance.

SEMINOLE COUNTY, FLORIDA SUPERVISOR OF ELECTIONS

NOTES TO FINANCIAL STATEMENTS

Year Ended September 30, 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the more significant accounting policies used in the preparation of these financial statements.

Reporting Entity

The Seminole County, Florida Supervisor of Elections (the “Supervisor of Elections”) is a separately elected county official, established pursuant to the Constitution of the State of Florida. These financial statements are not intended to be a complete presentation of financial position of Seminole County, Florida as of September 30, 2015, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are presented to comply with the requirements of Section 218.39, Florida Statutes, and Section 10.557(3) of the *Rules of the Auditor General for Local Governmental Entity Audits*. The Supervisor of Elections’ General Fund is combined with the Board of County Commissioners’ and other constitutional officers’ general funds in the Seminole County, Florida Comprehensive Annual Financial Report (“CAFR”) to properly reflect the county-wide General Fund.

Description of Fund

The accounting records are organized on the basis of funds and classified for reporting purposes into one basic fund type:

General Fund – The General Fund is a governmental fund used to account for all revenues and expenditures applicable to the general operations of the Supervisor of Elections. The General Fund measurement focus is based upon determination of financial position and changes in financial position (sources, uses and balances of financial resources, rather than upon net income determination).

Basis of Accounting and Presentation

The accounts of the General Fund are maintained on the modified accrual basis of accounting. Under the modified accrual basis of accounting, expenditures are recorded at the time liabilities are incurred, and revenues are recorded when received in cash or when they are considered both measurable and available and, as such, susceptible to accrual. All unexpended General Fund resources at the end of the fiscal year are refunded to the Board of County Commissioners, and deposited into the County fund, or funds, from which the payment was originally made.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Budgetary Requirements and Basis

Expenditures are controlled by appropriations in accordance with the budget requirements set forth in the Florida Statutes and Board policy. The budgeted revenues and expenditures in these financial statements reflect all amendments approved by the Board of County Commissioners. The budget is prepared on a basis consistent with accounting principles generally accepted in the United States of America (GAAP).

Transfers

In accordance with Florida Statutes, all unexpended balances at year end are owed to the Board. These excess fees are reported as transfers (out). Appropriations from the Board of County Commissioners are presented as transfers in.

NOTE 2 - EQUITY IN POOLED CASH

The Supervisor of Elections does not maintain its own cash accounts. Instead, as allowed by Florida Statute 129.202, the Board of County Commissioners (the "Board") performs all cash receipts and disbursement functions on its behalf. Accordingly, equity in pooled cash represents the cash maintained by the Board on behalf of the Supervisor of Elections. The Board maintains various demand deposit accounts, which are insured by the Federal Deposit Insurance Corporation or are covered by the state of Florida collateral pool; a multiple financial institution pool with the ability to assess its members for collateral shortfalls if a member institution fails.

NOTE 3 - PENSION PLAN

Plan Description

The Supervisor of Elections' employees participate in the Florida Retirement System ("FRS"), a multiple-employer, cost-sharing retirement system, administered by the Florida Department of Management Services. The Supervisor of Elections' employees have the option of choosing between either a defined contribution plan or a defined benefit plan. As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the state of Florida.

For financial reporting purposes, the Supervisor of Elections is deemed to be part of the primary government of Seminole County, Florida. Effective October 1, 2014 the County implemented the provisions of GASB Statement No. 68, Accounting and Financial Reporting for Pensions. A liability, if any, related to the Supervisor of Elections' proportionate share of FRS retirement benefits, along with a detailed plan description, is reported in the financial statements of Seminole County, Florida for the fiscal year ended September 30, 2015.

NOTE 3 - PENSION PLAN (Continued)**Funding Policy**

The Supervisor of Elections' contributions to the FRS for the fiscal years ended September 30, 2013 through 2015 were \$69,095, \$122,525, and \$148,154, respectively, which were equal to the required contribution for each fiscal year.

Employee withholdings for this purpose amounted to \$23,469, \$23,330, and \$24,828 for the fiscal years ended September 30, 2013 through 2015, respectively, which were equal to the required contribution for each fiscal year.

NOTE 4 - INSURANCE COVERAGE

Seminole County (the "County") maintains a self-insurance program that provides for coverage of substantially all risks. Various excess catastrophic insurance policies with a commercial carrier are also in force for claims exceeding the amount chargeable against the loss fund. Any public liability loss, which exceeds the self-insurance coverage limit, would remain the responsibility of the County. The Supervisor of Elections participated in the County's self-insurance program during fiscal year 2015. For additional information related to these programs, see the Seminole County, Florida CAFR for the fiscal year ended September 30, 2015.

NOTE 5 - LONG-TERM LIABILITIES

The Supervisor of Elections accrues a liability for employees' rights to receive compensation for future absences when certain conditions are met. The Supervisor of Elections is not legally required and does not accumulate expendable, available financial resources to liquidate this obligation. A summary of changes in long-term liabilities for the fiscal year ended September 30, 2015 is as follows:

	Balance October 1, 2014	Additions	Retirements	Balance September 30, 2015	Due Within One Year
Compensated absences	<u>\$234,492</u>	<u>\$80,467</u>	<u>\$98,941</u>	<u>\$216,018</u>	<u>\$71,000</u>

NOTE 6 - OTHER POST-EMPLOYMENT BENEFITS

All eligible employees of the Supervisor of Elections participate in the Seminole County, Florida plan. For a detailed plan description and any liability for employees of the Supervisor of Elections, see the Seminole County Florida CAFR for the fiscal year ended September 30, 2015.

CERTIFIED PUBLIC ACCOUNTANTS

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Honorable Michael Ertel,
Supervisor of Elections of Seminole County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Seminole County, Florida Supervisor of Elections (the "Supervisor of Elections") as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the Supervisor of Elections' financial statements and have issued our report thereon dated March 1, 2016.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Supervisor of Elections' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Supervisor of Elections' internal control. Accordingly, we do not express an opinion on the effectiveness of the Supervisor of Elections' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Honorable Michael Ertel,
Supervisor of Elections of Seminole County, Florida

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Supervisor of Elections' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Pursuant to provisions of Chapter 10.550, *Rules of the Auditor General*, we reported certain matters to the management of the Supervisor of Elections in a separate management letter and Independent Accountant's Report dated March 1, 2016.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

To the Honorable Michael Ertel,
Supervisor of Elections of Seminole County, Florida

We have audited the financial statements of the Seminole County, Florida Supervisor of Elections (the "Supervisor of Elections") as of and for the fiscal year ended September 30, 2015, and have issued our report thereon dated March 1, 2016.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

Other Reports

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with AICPA Professional Standards, Section 601, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated March 1, 2016, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. In connection with the preceding audit, there were no findings or recommendations.

Other Matters

- Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.
- Section 10.554(1)(i)3., *Rules of the Auditor General*, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.
- Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority is disclosed in the notes to the financial statements.

To the Honorable Michael Ertel,
Supervisor of Elections of Seminole County, Florida

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Supervisor of Elections and applicable management and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT

To the Honorable Michael Ertel,
Supervisor of Elections of Seminole County, Florida

We have examined the Supervisor of Elections of Seminole County, Florida's (the "Supervisor of Elections") compliance with the requirements of Section 218.415, Florida Statutes, during the fiscal year ended September 30, 2015. Management is responsible for the Supervisor of Elections' compliance with those requirements. Our responsibility is to express an opinion on the Supervisor of Elections' compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Supervisor of Elections' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Supervisor of Elections' compliance with specified requirements.

In our opinion, the Supervisor of Elections complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2015.
