Introductory Section

March 31, 2017

Honorable Mayor and Members of City Council
City of Cape Coral, Florida

Dear Mayor and Members of City Council:

We are pleased to present to you the Comprehensive Annual Financial Report (CAFR) of the City of Cape Coral, Florida (the City) for the fiscal year ended September 30, 2016. Chapter 218.39, Florida Statutes and the City Charter require that a complete set of financial statements be published within nine months of fiscal year end and presented in conformance with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America and those standards applicable to audits performed in accordance with *Government Auditing Standards* by licensed independent certified public accountants.

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the City. We believe the data, as presented, is accurate in all material respects and is presented in a manner designed to fairly set forth the financial position and the results of operations of the City, on a Government-wide and Fund basis. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

Management of the City is responsible for establishing and maintaining internal controls designed to ensure that the assets of the City are protected from loss, theft or misuse and to ensure that sufficient, reliable, adequate accounting data is compiled for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Internal accounting controls have been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and the evaluation of costs and benefits requires estimates and judgments by management. We believe that the City's internal controls adequately safeguard assets and provide reasonable assurance of properly recorded financial transactions.

In addition, the City maintains budgetary controls, the objective of which is to ensure compliance with legal provisions embodied in the annual budget approved by the City Council. The City also maintains an encumbrance system that is employed as an extension of formal budgetary integration in all fund types.

In compliance with the laws of the State of Florida, the City's financial statements have been audited by CliftonLarsonAllen LLP, a firm of licensed certified public accountants. The independent auditor has issued an unqualified opinion that the City's financial statements for the fiscal year ended September 30, 2016 are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditors' report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

PROFILE OF THE CITY

The City of Cape Coral, incorporated in 1970, is located on the southwest coast of Florida in Lee County, approximately 125 miles south of Tampa, at the mouth of the Caloosahatchee River. The City is the second largest city in Florida land-area wise, encompassing 120 square miles and has an estimated population of 168,425 making it the most populated city in Southwest Florida and tenth most populous in the state.

The City is principally a residential, recreational and vacation community, and is one of the nation's first master-planned, pre-platted communities. In addition to broad boulevards and paved streets, the City is interlaced with over 400 miles of waterways. These canals provide home sites with access to the Intra-coastal Waterway and the Gulf of Mexico. City-owned recreational facilities include numerous parks, a youth center, a municipal golf course, a yacht club, a waterpark, and an ecological preserve. Because the tax burden rests mostly on residential properties, the City is actively seeking more aggressive economic development to encourage new construction and expansions to more equitably balance the tax burden between residential and commercial properties.

The City operates under a Council/City Manager form of government. Legislative authority is vested in an elected City Council consisting of eight members elected at large on a nonpartisan basis from districts. The City Council is responsible for all policy-making functions of the government and retains the services of a City Attorney, City Auditor and City Manager. The City Manager is responsible for the administration of the City.

The City provides a comprehensive range of municipal services including general government, public safety (police and fire), public works, community development, planning, utilities, transportation, economic development, and parks and recreation. In evaluating the City as a reporting entity, we have included all component units for which the City Council is financially responsible. The Community Redevelopment Agency (CRA) is blended with the financial statements presented for the Primary Government because the component unit exclusively serves the City. The Cape Coral Charter School Authority is a discretely presented component unit. The City of Cape Coral Health Facilities Authority does not meet the criteria established by GAAP for inclusion in this report. Additional information on all three of these entities can be found in the notes to the financial statements (see Note I). For additional information concerning the City, please visit our website at www.capecoral.net.

The City Council is required to adopt a final budget no later than the close of the preceding fiscal year to which the budget applies. Amendments to the City's operating budget in which appropriations are increased or decreased, or transfers between funds, must be approved by City Council via ordinance changes and include public input. The City Charter authorizes the City Manager to transfer appropriations within an operating department of the general fund and within the fund as a whole for all other funds. Transfers are reviewed and processed by the budget staff and approved by the City Manager when required by administrative policy.

LOCAL ECONOMY

New housing and commercial development in Cape Coral continues to grow at a rapid pace. New single family residential building permits were up by 36.6% over last year with a total dollar volume of \$383.9 million. The population continues to rise and has increased by over 3.3% since the 2010 U.S. census.

The number of new commercial building permits increased by 17.7% from 2015 to 2016 and the commercial tax base has increased from 8% to 12% of total tax base in Cape Coral. Forbes reports that the Cape Coral MSA had a 25.7% increase in new jobs since 2010, one of the highest rates in the U.S. Forbes also projects that Cape Coral will be one of the fastest growing cities in the U.S. over the next decade.

Caldwell & Kerr Advertising has relocated its headquarters to Cape Coral bringing in 175 jobs. They will be adding a full production studio on site and expect to double their employment level by the end of 2017. Florida Cancer Specialists are building a new \$5 million 27,000 square foot facility on Pine Island Road. A new 36,000 square foot conference center is under construction at the Westin Resort. The \$15 million project is scheduled to open by early 2018. Two new car dealerships are coming to Pine Island Road in 2017.

Cape Coral has been growing its manufacturing base and is adding the new 25 acre Kismet Industrial Park in 2017. A new German company, ESA Tubing Inc. is establishing their U.S. operations in Cape Coral and hiring 15 employees. They expect to begin operations in January 2017. Two new assisted living facilities are under construction or in permitting right now. Gulf Coast Village's new \$11.5 Palmview ALF/Memory Care Project is under construction. This is phase one of an overall \$79 million development on a former city owned parking lot. Liberty Village will begin construction on its \$7 million facility in early 2017.

Entrada, a new gated community in the NE Cape by DR Horton is in permitting. This development features 740 single family residences. The City is developing an Economic Development Master Plan for the future commercial buildout of the City.

The total taxable assessed property value in Cape Coral was \$10,330,956,745; \$11,120,507,186; and \$12,044,983,615 in fiscal years 2015, 2016 and 2017 respectively. The total taxable assessed property value increased 7.65% from fiscal year 2015 to 2016, and increased 8.31% from fiscal year 2016 to 2017. The total includes new construction of \$114,639,280, \$185,037,351, and \$232,341,287 in fiscal years 2015, 2016, and 2017 respectively.

The change in the taxable value of property on an annual basis is always a primary concern for the City as the receipts from the related ad valorem taxes provides the majority of the general fund's operating revenue. Fiscal year 2016 general fund ad valorem receipts of \$75,239,444 represents 51% of the total revenue sources for the general fund. Although ad valorem receipts are still the single largest source, the percentage of all sources had previously been approximately 62%. The General Fund's reliance on ad valorem taxes has been reduced through efforts to achieve revenue diversity which has been a primary focus of the City's strategic Plan. The City's revenue diversification initiative included the adoption of the Fire Service Assessment implemented in 2014 and generated \$21.7 million along with the Public Service Tax, which generated \$7.3 million during fiscal year 2016.

Growth in the City of Cape Coral is expected to continue this rising development trend over the next five years primarily due to the following factors:

- ◆ Significant, remaining undeveloped residential and commercial property.
- ◆ Population estimates have Cape Coral over 168,425, which is 3.3% higher than our 2010 population of 163,095 (U.S. Census, December 2, 2015) and growing. During the winter season, it is estimated that our population climbs over 200,000 with our part-time residents and renters joining us. With new housing starts at a rate that's over 36.6% higher than our 2015 levels along with increased commercial development continuing to grow as well, Cape Coral is poised for strong growth. These numbers will continue to drive housing, commercial development, investment and jobs which brings continued stabilization to Cape Coral's.
- ◆ Major transportation improvements included the widening of Burnt Store Road which started in 2015. The widening will occur in three phases, the north portion of Burnt Store Road will be completed first, then the middle and finally the southern phase. The Florida Department of transportation is overseeing this work as Burnt Store Road is a State road.
- ◆ The Utilities Expansion Program (UEP) is moving forward, as SW 6&7 is completed and North 2 bidding is underway with construction slated to start in the spring of 2017 with completion approximately two (2) years later. The City has applied for the State Revolving Fund (SRF) loan for North 2 construction estimated to cost about \$220 million. The City has currently been placed on the priority list, has submitted the loan application for the SSRF loan, and is awaiting approval which is anticipated to occur in March.

LONG-TERM FINANCIAL PLANNING

A significant measure of the City's financial strength is the level of its fund balances (i.e. the accumulation of revenues exceeding expenditures). The general fund's fund balance decreased by \$4,279,107 or 7.8% from prior year primarily due to vehicle and equipment purchases that were approved in fiscal year 2015 but not actually acquired until fiscal year 2016. The City planned on building reserves during the previous fiscal year in anticipation of funding capital acquisitions in subsequent years.

The City Council takes the responsibility of being stewards of the public's funds very seriously and has adopted the following Fund Balance policy. *Reserve funds shall not be routinely used to fund recurring expenditures. Fund balances should be maintained at fiscally sound levels in all funds.*

STRATEGIC PLANNING

Mission Statement

The City of Cape Coral will meet our community's needs through the efficient and professional delivery of quality services, with pride and integrity, in an open, honest spirit of teamwork, respecting the self-worth of the individual and the environment.

The Strategic Plan acts as an overall umbrella within which our other tools, such as the Capital Improvement Plan (CIP), Comprehensive Plan, and many master plans are coordinated.

The City of Cape Coral Asset Improvement Program (AIP) is a comprehensive program that integrates the CIP, capital equipment needs, vehicle needs, major maintenance projects, and the funding required for these capital elements into an overall financial management plan. The AIP budgetary process encompasses the integration of revenues and expenditures, along with program policy issues included in the City's long-range planning process. This structured plan is designed to promote orderly growth patterns and capital improvements in compliance with the capital improvement element of the Comprehensive Plan. The City's

ability to finance these programs and remain in compliance with the Comprehensive Plan will be a major directive in future City budgets.

RELEVANT FINANCIAL POLICIES

The City has adopted a comprehensive set of financial management policies in the areas of operating management, debt management, accounts management, financial planning, and economic resources. These policies were reviewed and approved by the City Council on September 26, 2011 and were amended on October 26, 2015 and December 12, 2016 respectively as Resolution 129-15 and Resolution 216-16.

The City maintains a prudent cash management and investment program in order to meet daily cash requirements, increase the amount available for investment, and earn the maximum rate of return on invested funds commensurate with appropriate security.

The City maintains sufficient reserves in accordance with established policy of no less than two months of regular general fund operating expenditures.

The City complies with its comprehensive debt management policy. The City has not issued any short-term debt to finance current operations.

MAJOR INITIATIVES

The millage rate for General Fund operations for FY 2016 was 6.9570; the FY 2017 Adopted rate was reduced by 0.207 to 6.75 as planned for during FY 2015 as part of the three year rolling budget.

The current five year CIP for all funds includes approximately \$94.4 million of capital improvements scheduled in FY2017, of which \$53.3 million is for the UEP, \$21.8 million for utility facilities, \$9.5 million for transportation, \$2.5 million for stormwater, and \$7.3 million for fire station and fleet maintenance facility construction.

The UEP was restarted in FY 2012, the Southwest 6 and 7 areas are substantially completed. This included construction of water, sewer, and irrigation service capacity to nearly 7,000 lots including 3,500 households. The North 2 project is currently in the bidding phase with Construction starting in the spring of 2017 estimated costs right around \$220 million, the majority of which is financed through the State Revolving Fund (SRF) loan program. The North 2 area will provide water, sewer and irrigation service capacity to 8,700 lots including 3,300 households.

In August 2013, City Council established a supplemental dedicated funding source for the provision of fire protection services and facilities through the imposition of non-ad valorem special assessment (Fire Service Assessment). The assessment was validated by the Circuit Court of the Twentieth Judicial Circuit in December 2013 and upheld on appeal by the Florida Supreme Court in May 2015.

AWARDS

The Government Finance Officers Association of the United States and Canada (GFOA) has awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Cape Coral for its comprehensive annual financial report for the fiscal year ended September 30, 2015. This is the 30th consecutive year that the City has achieved this prestigious award.

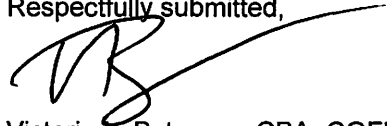

In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements.

A Certificate of Achievement for Excellence is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

ACKNOWLEDGMENTS

The preparation of this report could not be accomplished without the efficient and dedicated service of the Financial Services Department staff. Their continuing effort toward improving the accounting and financial reporting systems improves the quality of information reported to the City Council, State and Federal Agencies, and the citizens of the City of Cape Coral. We sincerely appreciate and commend them for their contributions.

Respectfully submitted,

INDEPENDENT AUDITORS' REPORT

Honorable Mayor and
Members of the City Council
City of Cape Coral, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Cape Coral, Florida (City), as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of the Pension Trust Funds were not audited in accordance with *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Honorable Mayor and
Members of the City Council
City of Cape Coral, Florida

Opinions

In our opinion the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City as of September 30, 2016, and the respective changes in financial position and cash flows, where applicable, thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis (MD&A), budgetary comparison schedules for the general fund and community redevelopment agency fund, and pension and other postemployment benefit schedules as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and budget and actual schedules and statistical section, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements for Federal Awards* and Chapter 10.550, *Local Governmental Entity Audits*, Rules of the Auditor General of the State of Florida, is also presented for purposes of additional analysis and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and budget and actual schedules and the schedule of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Honorable Mayor and
Members of the City Council
City of Cape Coral, Florida

The introductory section and the statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 29, 2017, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Management's Discussion & Analysis

MANAGEMENT'S DISCUSSION AND ANALYSIS

The City of Cape Coral's (the City) Management's Discussion and Analysis (MDA) is designed to focus on the current year's activities, resulting changes and current known facts. Please read this section in conjunction with the City's financial statements (beginning on page 19) and letter of transmittal.

The MDA provides an overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2016. It is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the City's financial activity, (c) identify changes in the City's financial position, (d) identify any material deviations from the financial plan (the approved budget), and (e) identify individual fund issues or concerns.

HIGHLIGHTS

Financial Highlights

- At the close of fiscal year 2016, the City's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$578.6 million (net position). Governmental and business-type assets and deferred outflow of resources exceeded liabilities by \$131.4 million and \$447.2 million, respectively.
- The City's total net position increased by \$34.9 million or 6.4%, in comparison to the prior year.
- The City had negative \$151.3 million of unrestricted net position.
- Total revenues increased \$17.9 million or 5.8% in comparison to the prior year.
- Total expenses decreased \$4.1 million or 1.4% in comparison to the prior year.
- The City's governmental activities net position totaled \$131.4 million, which is an increase of \$15.4 million or 13.3% in comparison to the prior year. Unrestricted net position for governmental activities was negative \$133.6 million.
- The City's business-type activities reported total net position of \$447.2 million, which is an increase of \$19.5 million or 4.6% in comparison to the prior year. Unrestricted net position for business-type activities was negative \$17.7 million.

OVERVIEW OF THE FINANCIAL STATEMENTS

This MDA is intended to serve as an introduction to the City's basic financial statements. The basic financial statements include the government-wide financial statements, fund financial statements and notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide Financial Statements

The *government-wide financial statements* (statement of net position and statement of activities) are designed to provide a broad overview of the City, in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the City's assets, deferred outflows, liabilities, and deferred inflows, with the difference reported as net position. Net position may serve as a useful indicator of whether the financial position of the City is improving.

The *Statement of Activities* reflects the expenses of a given function, which are offset by program revenues. Program revenues are defined as charges for services, operating grants and contributions, and capital grants and contributions directly associated with a given function.

Governmental activities are supported by taxes and intergovernmental revenues whereas the business-type activities are primarily supported by user fees and charges for services. The governmental activities of the City include general government, public safety, public works, parks and recreation, and community development. The business-type activities of the City reflect private sector type operations where the fee for service typically covers all or most of the cost of operation, including depreciation. The business type activities include water and sewer operations, stormwater utility, yacht basin, and the golf course.

The government-wide financial statements include not only the City of Cape Coral itself (known as the primary government), but also a legally separate Charter School Authority, reported as a component unit. Separate financial statements are issued for the Cape Coral Charter School Authority which can be obtained through the Financial Services Department of the City of Cape Coral, 1015 Cultural Park Blvd., Cape Coral, FL 33990.

The government-wide financial statements can be found on pages 19-20 of this report.

Fund Financial Statements

Government resources are allocated to and accounted for in individual funds, based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations for each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenue, and expenditures or expenses, as appropriate. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds. *Governmental Fund* Financial Statements (see pages 21-24) are prepared on the modified accrual basis using current financial resources measurement focus. Under the modified accrual basis, revenues are recognized when they become measurable and available as net current assets.

The total columns on the Governmental Funds and Proprietary Funds Financial Statements are not the same as the Governmental Activities column and the Business-type column on the Government-wide Financial Statement. The Governmental Funds Total column requires reconciliation because of the different measurement focus (current financing resources versus total economic resources) which is reflected on the page following each statement (see pages 22 and 24). The flow of current financial resources will reflect bond proceeds and interfund transfers as other financial sources as well as capital expenditures and bond principal payments as expenditures. The reconciliation will eliminate these transactions and incorporate the capital assets and long-term obligations (bonds and others) into the Governmental Activities column in the Government-wide Statements. The Proprietary Funds total column requires reconciliation because the internal service fund is consolidated as part of the governmental activities, but a portion of the internal service funds is for business-type activities. This reconciliation is a result of the surplus elimination (see pages 26-27).

Four of the City's governmental funds, the General Fund, the Transportation Capital Improvements Fund, the Community Redevelopment Agency, and the Debt Service Fund are considered major funds and are shown separately on the financial statements. All other governmental funds are combined into a single column on the governmental funds financial statements. Individual fund data for the nonmajor funds is found in the combining statements as supplemental financial data (see pages 120-127).

The City adopts an annual appropriated budget for the General Fund and special revenue funds. Budgetary comparison statements for the general fund and community redevelopment agency are presented on pages 103-105 of the required supplementary information and other governmental funds are presented on pages 128-152 of the combining statements.

Proprietary Funds. The City maintains two different types of *proprietary funds*, enterprise and internal service. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Internal service funds are used to accumulate and allocate costs internally among the City's various functions. Because the internal service funds predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary fund financial statements (see pages 25-29), like government-wide financial statements, are prepared on the full accrual basis. Proprietary funds record both operating and non-operating revenues and expenses. Operating revenues are those that are obtained from the operations of the proprietary fund.

The proprietary fund financial statements provide separate information for the Water and Sewer Fund and for the Stormwater Fund, which are considered major funds. All other enterprise funds are combined into a single column on the proprietary fund financial statements, as well as the internal service funds reported in a single column. Individual fund data for the non-major enterprise funds and for the internal service funds is found in the combining statements as supplemental financial data (see pages 154-159).

Fiduciary Funds. The *Fiduciary Fund* financial statements (see page 30) are not presented as part of the Government-wide Financial Statements because the resources of these funds are not available to support the City's programs. Fiduciary (Pension Trust, Private-Purpose Trust and Agency) Funds represent trust responsibilities of the

government; however, these assets are restricted as to purpose and do not represent discretionary assets of the government.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 31-102 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information including budgetary comparison information and the funding progress for pension and other post-employment benefits (OPEB) programs. Required supplementary information can be found on pages 103-116 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The Government-wide Financial Statements are designed so that the user can determine if the City is in a better or worse financial condition from the prior year. The City's overall financial condition has remained stable.

City of Cape Coral, Florida Summary of Net Position (in millions)

	Governmental Activities		Business-type Activities		Total	
	2016	2015	2016	2015	2016	2015

Deferred inflow on refunding bonds	-	-	-	-	-	-
Total deferred inflows of resources	<u>2.2</u>	<u>6.3</u>	<u>0.2</u>	<u>1.2</u>	<u>2.4</u>	<u>7.5</u>
Net position:						
Net investment in capital assets	215.6	206.0	375.0	361.7	590.6	567.7
Restricted	49.4	39.2	89.9	92.6	139.3	131.8
Unrestricted	(133.6)	(129.2)	(17.7)	(26.6)	(151.3)	(155.8)
Total net position	<u>\$ 131.4</u>	<u>\$ 116.0</u>	<u>\$ 447.2</u>	<u>\$ 427.7</u>	<u>\$ 578.6</u>	<u>\$ 543.7</u>

Net investment in capital assets is the largest portion of net position. This represents capital assets (land, buildings, improvements, equipment, infrastructure, and construction in progress), net of accumulated depreciation, and the outstanding related debt used to acquire the assets. Unamortized bond insurance costs "follow the debt" in calculating net asset components for the statement of net position. That is, if debt is capital-related, the unamortized amounts are included in the calculation of net investment in capital assets. If the debt is restricted for a specific purpose and the proceeds are unspent, the net proceeds affect restricted net position. If the debt proceeds are not restricted for capital or other purposes, the unamortized costs are included in the calculation of unrestricted net position.

The investment in capital assets balance of \$590.6 million increased \$22.9 million or 4.0% in comparison to the prior year. The City uses capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The restricted net position balance of \$139.3 million (24.1% of total net position) decreased \$7.5 million or 5.7% in comparison to the prior year. This balance represents resources subject to external restrictions on their use.

The unrestricted net position balance improved from a negative \$155.8 million to a negative \$151.3 million which is a change of \$4.5 million from the prior year.

Governmental Activities

The net position of the City's governmental activities increased by \$15.4 million; the net investment in capital assets for governmental activities increased by \$9.6 million.

Total revenues for governmental activities increased \$8.1 million or 4.4%, in comparison to prior year. Outlined below are the explanations for the significant revenue changes within governmental activities.

Charges for services decreased \$2.6 million or 8.3%. The primary reason for this change is because the City received settlement revenues from Lee County Electric Cooperative of \$2.6 million and no settlement revenues were received in FY16. In addition, with the implementation of self-funded health insurance, the City no longer receives health insurance profit sharing from the insurance provider since all revenues now go directly to the City through the internal service fund. Building permit revenue continued to increase resulting in revenue growth of \$1.5 million or 31.8% over FY15 due to an increase in single family home permits issued. In FY15 the City issued 937 single family home permits and in FY16 the City issued 1,280 single family home permits. Building permit revenue was \$4.6 million in FY15 and \$6.1 million in FY16.

Operating grants and contributions increased by \$13.8 million or 87.3%. The major factor that contributed to this change is the Fire Service Assessment revenues which increased by \$7.8 million or 56% over FY15. This increase is attributable to an increase in property values as well as an increase in the recovery rate to 64% as opposed to the 38% rate in FY15. Deferred revenues increased by \$1.2 million due to grant funding related to the transportation sidewalk disbursement requests not received within 60 days of fiscal year end. In addition, revenues for CDBG and SHIP that were classified as capital grants in FY15 were classified as operating grants in FY16 due to a change in accounting resulting in an additional \$1.4 million.

Capital grants and contributions decreased \$1.1 million or 11.6%. The primary reason for this change is CDBG and SHIP revenues that were classified as capital grants in FY15 were classified as operating grants in FY16 due to a change in accounting which resulted in a decrease in revenue of \$1.4 million. In addition, in FY15 \$1.7 million was received for transportation capital projects and only \$0.2 million was received in FY16. Revenue of \$1.2 million was recorded as a deferred revenue instead of a capital grant due to grant funding related to the transportation sidewalk disbursement requests not being received within 60 days of fiscal year end. Impact fees and special assessments increased by \$2.7 million in conjunction with the increase in FY16 of 343 single family home building permits issued.

Property taxes decreased \$2.0 million or 2.6%. Taxable assessed property valuation of \$11,120,507,186 for fiscal year 2016 represents a 7.6% increase from the previous fiscal year. The millage rate was reduced by .75 mills, bringing the rate from 7.707 to 6.957 or a 10% decrease resulting in an overall reduction in property taxes. This is was a strategic decision to diversify the City's revenues sources and reduce over-reliance on property taxes as a revenue stream.

A public service tax (currently at 7.0%) on electricity is charged to residents and business owners who purchase electricity. The revenue from this tax increased .1 million or 1.4% due to an increase in electricity consumption as the population grows.

Fuel taxes increased \$.5 million or 5.2%. Fuel taxes are based on the number of gallons sold irrespective of the unit cost per gallon. An increase in gallons sold, resulting in increased revenue can be explained by lower fuel prices and population growth.

Franchise fees remained unchanged at \$6.6 million. Franchise fees are levied on a corporation or individual by the City in return for granting a privilege or permitting the use of public property subject to regulations. The City receives franchise fees for electricity, solid waste, and natural gas.

Communication taxes decreased \$.3 million or 5.5%. In fiscal year 2001, the communications services tax replaced all local taxes on telephone and cable services. The communication tax rate of 5.2% has been in effect since January 1, 2010.

Total expenses for governmental activities decreased \$2.2 million or 1.2% in comparison to the prior year. Outlined below are the explanations for the most significant expense changes within governmental activities.

General Government expenses decreased \$.7 million or 1.3%. The primary reasons are a change in pension related balances of \$5.0 million and retirement costs increased by \$1.2 million or 5.0% due to personnel costs that increased by \$.9 million or 12.8% resulting from employees that were given raises and new positions being added. Equipment purchases increased by \$1.0 million or 171.0% due to an increase in computer equipment to support new positions, the upgrade old equipment, and purchases of safety equipment for fleet vehicles.

Public Safety – Fire expenses decreased \$4.2 million or 12.3%. The primary reason for this decrease is due to a decrease in expense related to pensions of \$3.8 million.

Public Safety – Building expenses increased \$.7 million or 22.6%. The primary reason is due to a \$.3 million or 16.0% increase in personnel costs. Twelve full-time equivalent employees have been added during this year to accommodate

the increase in building permits. Expenses related to pensions increased by \$.1 million. Overtime expenses increased by \$.1 million or 50% over FY15 due to a shortage of building inspectors. Inspectors worked overtime to keep up with increasing number of permits while new staff was trained.

Public Works expenses increased \$.1 million or .6%. The primary reason is due to a \$.3 million or 12.3% increase in personnel costs as employees were given raises and new positions were added.

Community Development expenses increased \$1.4 million or 25.0%. The primary reason is due to an increase in pension related expenses of \$.7 million. Additionally, Residential Construction Mitigation Program increased \$.4 million and personnel costs increased by \$.2 million or 7.6% over FY15 as employees were given raises.

Parks and Recreation expenses increased \$1.0 million or 5.9%. The primary reason is due to an increase in personnel costs of \$.5 million or 7.0% resulting from raises. Additionally, pension related expenses increased by \$.3 million. Parks Maintenance and repairs increased by \$.1 million or 100.0% over FY15.

Interest and fiscal charges decreased \$.6 million or 5.9%. This decrease is primarily a result of scheduled debt payments.

Business-type Activities

The net position of the City's business-type activities increased by \$19.5 million or 4.6%. The increase in the business-type activities' net investment in capital assets is \$13.3 million, or 3.7% in comparison to prior year.

Charges for services reported in business-type activities increased \$4.2 million or 4.6%. The primary reason for the increase is due to the portion of the SW 6/7 Utility Extension Program (UEP) area that was released and connected to the system in the prior fiscal year has now started to post charges to water, sewer and irrigation in the current fiscal year.

Operating grants and contributions reported in business-type activities increased \$0.9 million or 450.0% due to an increase in the gain on sale of capital assets from updating the general ledger to balance to the fixed assets subsidiary ledger by function.

Capital grants and contributions, reported in business-type activities increased \$5.3 million or 23.7%. The primary reason for this change was, in FY15 an allowance for uncollectible was recorded for the first time for balances dating back to 2004 for the utility extension tax billed assessment areas. The FY16 allowance for uncollectible adjustments represented only a one year adjustment to revenue. There was also a \$0.7 million increase in Capital Improvement Special Assessment charges. Lastly there was a \$1.3 million increase in Impact and CIAC revenues due to additional impact permits because of a continued increase in construction permits.

Interest income reported in business-type activities decreased \$0.6 million or 5.8% due to the change in fair value of investments.

Water and sewer expenses reported in business-type activities decreased \$2.0 million or 2.0%. The primary reasons for the decrease was a result of a debt refunding in FY15 in which our payment terms went from semi-annual to quarterly; therefore, reducing our principal and interest over the current year.

Stormwater expenses reported in business-type activities decreased \$.3 million or 2.3%. The decrease in stormwater expenses is a result of an increase in salaries and wages of \$.5 million due to raises and new positions that were added to improve the operations of the City, an increase in depreciation due to the reclassification of fixed assets in the general ledger and then a decrease of \$.9 million largely due to Stormwater Master Plan expenses for UEP that we incurred in FY15 and not in FY16.

Other Enterprise funds expenses increased \$.4 million or 14.3% due to a \$.2 million increase in salaries, wages and employee benefits resulting from raises and a \$.2 million increase in contractual services, materials and supplies for the Golf Course where multiple renovations and improvements to the grounds including the parking lots and driveways, chemicals for fairways and greens and an overall update to the facilities occurred.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

Governmental funds are comprised of the general fund, special revenue funds, debt service fund and the capital projects funds. Governmental funds use the current financial resources measurement focus that provides information on near-term inflows, outflows, and balances of spendable resources. The following funds are the City's major governmental funds.

The *General Fund* is the chief operating fund of the City. It is used to account for all financial resources, except those required to be accounted for in another fund. At the end of the current fiscal year, unassigned fund balance of the general fund was \$41.3 million, while total fund balance reached \$50.5 million. The fund balance of the City's general fund decreased by \$4.3 million during the current fiscal year or 7.8%.

The *Transportation Capital Improvements Fund* is used to account for road improvements and related items including road resurfacing and median landscaping. This fund has a total fund balance of \$23.1 million. The fund balance decreased by \$3.2 million or 11.8% in comparison to prior year.

The *Community Redevelopment Agency Fund* is used to account for monies received from tax incremental revenue by certain taxing authorities in the community redevelopment area. This fund has a fund balance of \$2.4 million, an increase of \$.7 million or 37.6% compared to the prior year. The increase in fund balance is due to an increase in revenue in FY16 and a decrease in capital outlay.

The *Debt Service Fund* is used to account for the accumulation of resources for, and payment of general long-term debt principal and interest. This fund has a total fund balance of \$7.4 million, a decrease of \$3.6 million or 32.7% compared to prior year.

Proprietary Funds

The City's proprietary funds are comprised of the enterprise funds and internal service funds. An enterprise fund is used to account for activities for which a fee is charged to external users for goods and services. These funds provide the same type of information found in the business-type activities in the government-wide financial statements, but in more detail. The following are the major enterprise funds:

Water and Sewer Fund. This fund is used to account for the activities of the City's water and sewer utility programs.

Stormwater Fund. This fund is used to account for the activities of the City's stormwater drainage program in compliance with the Environmental Protection Agency, and local and state regulations.

General Fund Budgetary Highlights

Original budget compared to final budget. The budgetary comparison schedule can be found on pages 103-104. Two budget amendments were adopted by City Council for fiscal year 2016. Major changes to the budget as a result of those amendments include:

Revenues

- Balances brought forward in the amount of \$7,023,952 were utilized to fulfill capital purchases not completed by the end of FY 2015.
- Intergovernmental revenue was increased by \$396,971 to include various grants that were received.

Expenses

- Capital Outlay was increased by \$3,985,689 as a result of rolling over for capital outlay items from FY 2015 as well as new authorizations for the purchase of replacement rolling stock.
- Overall reserves were increased by \$15,514,289 as a result of balances being brought forward from FY 2015.

Final budget compared to actual results. A review of actual results compared to the appropriations in the final budget highlights the following:

Revenues

- Sales tax revenue was \$428,150 or 3.17% higher than originally budgeted. The established budget is based upon 95% of the state estimate for distribution of the half cent sales tax revenue sharing program forecast.
- State Shared Sales tax revenue was \$481,601 or 12.91% higher than originally budgeted.
- Franchise fees were (\$396,838) or 5.65% lower than had been forecasted as a result of reduction in the power cost adjustment on electric bills.
- Communications service tax revenue was (\$915,986) or 15.05% lower than had been forecasted and is primarily attributed to fewer home telephone systems as younger consumers rely only on their cellular devices.
- Fuel tax revenue is a component part of the state's municipal revenue sharing program was \$42,632 or 3.05% higher than originally budgeted. Estimated revenue is conservatively budgeted at 95% of the state distribution.
- Fines and forfeitures revenue was less than expected at (\$141,815) or 16.75%. This revenue line item includes several different fines and fees including ordinance violation fines, filing fees, tax billed penalties, etc.
- Interest revenue was \$213,053 or 72.34% more than budgeted as a result of an increase in cash balance accounts.
- Revenues of \$438,767 were realized for off-duty Police Officers from extended bar hour activities.

Expenditures

- Capital Outlay expenditures were \$6,838,868 or 50.12% less than budgeted primarily due to the backlog of capital expenditure efforts created from the late release of funding in FY 2015 from the Fire Service Assessment revenues.
- Expenditures of \$412,616 resulted in off-duty Police Officers utilized in extended bar hour activities.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The following schedule reflects the City's net capital assets as of September 30, 2016 and 2015:

	Governmental Activities		Business-type Activities		Total	
	2016	2015	2016	2015	2016	2015
Land	\$ 150.7	\$ 150.6	\$ 32.7	\$ 32.5	\$ 183.4	\$ 183.1
Buildings	88.5	91.8	314.4	323.6	402.9	415.4
Building Improvements	3.0	2.7	1.6	2.0	4.6	4.7
Improvements other than buildings	29.3	31.3	137.9	144.8	167.2	176.1
Equipment	13.5	8.7	9.1	8.2	22.6	16.9
Intangible computer software	0.3	0.7	-	-	0.3	0.7
Infrastructure	131.8	131.1	375.0	387.3	506.8	518.4
Construction in progress	6.4	4.2	124.6	106.5	131.0	110.7
Total capital assets	<u>\$ 423.5</u>	<u>\$ 421.1</u>	<u>\$ 995.3</u>	<u>\$ 1,004.9</u>	<u>\$ 1,418.8</u>	<u>\$ 1,426.0</u>

The City's total capital assets decreased by \$7.2 million, or .5%, during the current fiscal year. The overall decrease is primarily a result of \$44.8 million of increased capital purchases and depreciation expense of \$50.4 million.

Major capital asset purchases and projects during the current fiscal year included the following:

- Police equipment
- Fire equipment
- Local road resurfacing
- Lift station improvements
- Sidewalk improvements
- Utility Extension Project improvements in the Southwest 6 & 7 area

Additional information on the City's capital assets can be found in Note 5: Capital Assets.

Long Term Debt

Three major rating institutions (Moody's, Fitch and Standard & Poor's) have periodically evaluated the City's financial management, economic conditions and administrative practices. Based on their evaluations, the following ratings were achieved on the last issue of each type. The insured rating is based on the credit worthiness of the company insuring the bonds, whereas an underlying rating is based upon the credit worthiness of the issuer or security which is actually pledged for the repayment of the bonds.

During fiscal year 2016, the major rating institutions reaffirmed various ratings. Below is a summary of the bonds which were reviewed.

Fitch:	Special Assessments Bonds "BBB+"
Standard & Poor's:	Special Obligation Refunding Bonds "AA-/Stable"

In May 2016, Fitch reaffirmed the BBB+ rating for Water and Sewer Special Assessment Debt. The report reflected the following key rating driver is the Back-up Pledge. The water and sewer system is able to cover any potential debt service deficiencies of the special assessment bonds which hold Fitch rating of "A" on water and sewer system bonds.

At September 30, 2016, the City had \$833.9 million of outstanding debt (excluding compensated absences and other post employment benefits). Revenue bonds, which are secured solely by specified revenue sources, had an outstanding balance of \$642.1 million, or 77%, of the total outstanding debt. Special assessment debt which is collateralized by special assessments levied against the benefited property owners, had an outstanding balance of \$109.0 million, or 13.1%, of the total outstanding debt. Notes payable, which are collateralized by the net revenues of the water and sewer system, impact fees, and special assessment revenue, had an outstanding balance of \$81.7 million, or 9.8%, of the total outstanding debt. Capital leases, which are collateralized by the related equipment, had an outstanding balance \$1.1 million, or .1% of the total outstanding debt.

The following is a schedule of outstanding debt as of September 30, 2016 and 2015:

	Governmental Activities		Business-type Activities		Total	
	2016	2015	2016	2015	2016	2015
Revenue Bonds	\$ 194.5	\$ 203.7	\$ 447.6	\$ 457.9	\$ 642.1	\$ 661.6
Special Assessment Debt with Governmental Commitment	1.4	1.5	107.6	118.9	109.0	120.4
Notes Payable	12.1	13.7	69.6	68.9	81.7	82.6
Capital Leases	1.1	1.6	-	-	1.1	1.6
Total	\$ 209.1	\$ 220.5	\$ 624.8	\$ 645.7	\$ 833.9	\$ 866.2

The City's total debt decreased by \$32.3 million, or 3.7%, during the current fiscal year. The Governmental Activities overall decreased of 11.4 million or 5.2% is due to scheduled debt payments. The Business-type overall decrease of \$20.9 million is due to \$18.8 million in scheduled debt payments and \$2.1 million of special assessment debt redemptions.

The ratio of net bonded debt to assessed valuation is not applicable since the City of Cape Coral did not have any outstanding general obligation bonds at September 30, 2016.

Pursuant to the Balanced Budget and Emergency Deficit Control Act, as amended, the President of the United States ordered that certain automatic spending cuts be implemented pursuant to calculations provided by the United States Office of Management and Budget (OMB) in its Report to the Congress on sequestration dated March 1, 2013. These included automatic across-the-board cuts in certain categories of federal spending for the from March 1, 2013 and will be applied unless and until a law is enacted that cancels or otherwise impacts the sequester, at which time the sequestration reduction rate is subject to change. The cuts include mandatory reductions in the amounts scheduled to be paid by the federal government to issuers of Build America Bonds. The Internal Revenues Service announced on October 1, 2013, that payments to issuers of Direct-Pay bonds from the budget accounts associated with these bonds are subject to reduction. In May 2010, the City issued \$33,815,000 of Federally Taxable Build America Bonds. As a result of this act the City's reimbursement was reduced by \$55,364 in FY2016. The reduction in FY2017 is expected to be 6.8% or \$55,364.

Additional information on the City's long-term debt and debt coverage can be found in Note 8: Long-term Liabilities and Note 14: Future Revenues that are Pledged.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The State of Florida operates primarily using sales, gasoline and corporate income taxes. Local governments (cities, counties, and school boards) rely primarily on property and a limited array of permitted other taxes (sales, gasoline, communication services, business licensing, etc.) and fees (franchise, impact, etc.) for their governmental activities. There are a limited number of state-shared revenues and recurring and non-recurring (one-time) grants from both the state and federal governments. Other sources of revenue for both the business-type and governmental activities are charges for service whereby the user pays a related fee or charge associated with the service. As the annual budget is developed, the resources available to support the City's operations are closely examined. A primary goal of the City is the continuation of current service levels.

The following factors were considered in preparing the City's budget for the 2017 fiscal year:

- The FY 2017 budget was again developed as part of a three-year rolling budget and included FY 2018 and 2019 with only FY 2017 being formally approved by the City Council. Approval of the public service tax and imposition of the special assessment for fire services beginning in FY 2014 laid the foundation for addressing Economic / Financial Stability which is one of the primary goals of the strategic plan. The other goals of the strategic plan, Economic Development, Redevelopment, Infrastructure Improvements, Public Safety, and Improved City Image, all have some level of dependency upon the City's ability to achieve Economic / Financial Stability.

- The FY 2017 budget provides continued funding of the capital and infrastructure needs of governmental activities which was reestablished in FY 2014. Not unlike the neglect of capital improvement needs, the organizational infrastructure had also been ignored. After seven years of pay freezes and pay reductions, the FY 2015 budget provided funding to start addressing employee pay issues. Provisions for salary increases were included in the budget as efforts continue to restore the organization infrastructure through salary range adjustments as well as addressing pay parity issues.
- As a result of property tax and state-shared revenue increases beyond the amounts forecasted, the FY 2016 budget provided for a number of initiatives that support the strategic plan and the community as a whole. These initiatives include: an update to the land use and development regulations; reinstatement of street light funding for installing new street lights primarily focusing on school bus stops; additional funding for the downtown redevelopment agency for improvements to a city-owned parking lot; a community visioning plan; an update to the parks master plan; master planning of the Bimini Basin in the southeast area of the city and Seven Islands in the northwest area; and funding for a federal lobbyist. Many of these initiatives have been carried forward into the FY 2017 budget as the projects progress through their various stages of completion.
- The FY 2017 – 2019 rolling budget was adopted with an operating millage rate of 6.750 which was a decrease of 0.207 mills. This reduction was executed in conjunction with a fire service assessment recovery rate of 64%. The focus of the FY 2018 and 2019 budgets and beyond will be to continue revenue diversification and reducing the reliance upon ad valorem tax revenues. These changes have resulted in ad valorem taxes being less than 50% of the current revenue as opposed to 60-62% in previous years.
- The Water and Sewer budget was prepared to support the continuing operations of the existing utility facilities to include the water reclamation plants, reverse osmosis plants, and the existing collection, distribution, and transmission lines. The preparation of the annual budget is made in conjunction with the annual update of the rate sufficiency model which indicates no rate changes are required for the system.
- The stormwater utility fee is charged per equivalent residential unit (ERU). Based on the results of the Stormwater Cost Recovery study performed by an outside consultant, the rolling budget was adopted with an increase in the rate structure to \$87 per ERU and will be re-examined annually per resolution 122-16. The previous rate was \$80.
- Non-enterprise recreational programs are budgeted in a Special Revenue Fund. Each program is supported by a certain level of user fees. Program costs and projected revenues are evaluated annually to ensure the program costs are being recovered while maintaining a constant level of general fund support. Program fees will cover approximately 55% of the program expenditures.
- Impact Fee Funds: No new projects have been planned to be funded from impact fees for fiscal year 2017. Revenues will be used to satisfy annual debt requirements.
- Gas tax funds have been budgeted in accordance with revenue estimates provided by the State of Florida and will support local road resurfacing, signalization, and small scale intersection improvements.
- Water, sewer, and irrigation utility capital expansion fees are used to pay for the expansion of the City's utility system including the cost of transmission lines. These fees are also used to pay applicable debt service and/or will be used to offset the borrowing requirements associated with the expansion of the utility plants and related facilities.
- The Building Fund provides for 48.45 full-time equivalent positions. As a result of an increase in permitting activity no subsidy has been required by the General Fund since fiscal year 2010.

REQUEST FOR INFORMATION

The City's financial statements are designed to present users (citizens, taxpayers, customers, investors, and creditors) with a general overview of the City's finances and to demonstrate the City's accountability. Questions concerning any of the information provided in this report or requests for additional financial information should be directed to the City of Cape Coral, Office of the City Clerk, 1015 Cultural Park Blvd., Cape Coral, FL 33990.

City of Cape Coral, Florida

**RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION**

September 30, 2016

Fund balances - total governmental funds	\$	116,222,064
--	----	-------------

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.

Capital assets	\$	589,563,326	
Accumulated depreciation		<u>(166,967,614)</u>	422,595,712

Internal service funds are used by the City to charge costs of workers compensation insurance, property and casualty insurance, and Self-funded Health Insurance to individual funds. The assets and liabilities of internal service funds are included in governmental activities in the statement of net position.	(583,904)
--	-----------

Unamortized bond insurance is not current financial resources and therefore is not reported in the funds.	151,159
---	---------

Net pension liabilities are not due and payable in the current period and, therefore, are not reported as fund liabilities.	(121,728,311)
---	---------------

Debt interest payable that will not be liquidated with current financial resources is not reported in the funds.	(553,462)
--	-----------

Deferred outflows of resources are not recognized in the governmental funds; however, they are recorded in the statement of net position under full accrual accounting.

Gain on refunding of debt	\$	2,502,124	
Pension earnings, experience and assumptions		<u>36,518,765</u>	39,020,889

Deferred inflows are not recognized in the governmental funds; however they are recorded in the statement of net position under full accrual accounting.

Loss on refunding of debt	\$	(11,353)	
Lease		937,070	
Grant reimbursement		2,345,218	
Other		112,237	
Pension earnings and experience		<u>(2,171,769)</u>	1,211,403

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as fund liabilities.

Bonds, notes, and capital leases payable	\$	(209,030,590)	
OPEB obligation		(111,355,210)	
Compensated absences		<u>(4,544,928)</u>	<u>(324,930,728)</u>
Total net position of governmental activities	\$		<u><u>131,404,822</u></u>

The accompanying notes to the financial statements are an integral part of this statement.

City of Cape Coral, Florida

**RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES**

For the Year Ended September 30, 2016

Net change in fund balances - total governmental funds: \$ 1,103,941

Amounts reported for governmental activities in the statement of net position
are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current period.

Capital outlay	\$ 19,389,174	
Depreciation	<u>(14,763,822)</u>	4,625,352

The net effect of various miscellaneous transactions on capital assets.

Net disposition of capital assets	(983,287)
-----------------------------------	-----------

Changes to long-term compensated absences.	2,094,872
--	-----------

The issuance of debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of the governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of bond insurance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Principal debt payments - governmental funds	\$ 11,292,837	
Debt issuance costs	<u>(19,023)</u>	11,273,814

Vehicle lease payments received from Charter School.	(255,035)
--	-----------

Certain revenues not considered available are not recognized in the governmental funds but are included in the statement of activities.	1,549,904
---	-----------

Changes in net pension obligations are reported only in the statement of activities.	1,759,749
--	-----------

Internal service funds are used by the City to charge costs of workers compensation insurance, property and casualty insurance, fleet and facilities charges, and self insurance. The net revenues of internal service funds is recorded within governmental activities.	4,627,838
--	-----------

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

OPEB obligation	\$ (10,513,493)	
Net change in accrued interest on long-term debt	<u>81,012</u>	<u>(10,432,481)</u>

Change in net position - governmental activities	<u>\$ 15,364,667</u>
--	----------------------

The accompanying notes to the financial statements are an integral part of this statement.

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2016

NOTE I. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Organization

The City of Cape Coral, Florida (the City) was incorporated in 1970 pursuant to the laws of Florida, Chapter 70-623. The City operates under the Council-Manager form of government, which is comprised of an elected City Council (eight members) including an elected mayor, and a City Manager appointed by the City Council. The City provides the following services: public safety (police and fire), recreation, cultural, community development, transportation, planning and zoning, water, wastewater, reclaimed water services, stormwater utility services, and general administrative services.

For financial reporting purposes, the accompanying financial statements include all the operations of the City for which the City is financially accountable. The City is financially accountable for organizations that make up its legal entity, as well as legally separate organizations that meet certain criteria. The criteria for inclusion in the reporting entity entails those cases where the City or its officials appoint a voting majority of an organization's governing body and is able to impose its will on the organization or there is a potential for the organization to provide specific financial benefits or burdens to the City.

The blended component unit, although a legally separate entity, in substance, is part of the government's operations. The discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

Blended component unit. The Cape Coral Community Redevelopment Agency (CRA) was created in 1986 by Ordinance 51-87 of the City of Cape Coral, Florida, pursuant to Section 163.356 of the Florida Statutes. The City Council appoints the CRA's Board of Directors. The CRA provides services for the benefit of the City. The CRA's projects result in capital assets (mainly infrastructure) being owned by the City. The CRA's transactions are recorded and reported by the City. The CRA does not publish individual component unit financial statements.

Discretely presented component unit. The Cape Coral Charter School Authority (Authority) was created for the purpose operating and managing, on behalf of the City, all charter schools for which a charter is held by the City. The powers of the Authority are exercised through a governing board, which is known as the Cape Coral Charter School Authority Board which provides governance of the charter schools. There are ten (10) members of the governing board. The members of the Board are as follows: a City Councilmember, a member from the business community, a member from the education community, and three (3) members from the community at large that shall be appointed by the City Council. Parent members from each school shall be chosen by and from parent organizations. The positions on the board for parents from each charter school are considered to be "ex officio" positions as non-voting members. According to Governmental Accounting Standards Board (GASB) Statement No. 61: *The Financial Reporting Entity: Omnibus*, the Authority is reported as a discretely presented component units because it is legally separate, the City Council appoints a majority of the Authority's board members, and the City can modify and approve the Authority's budget. In addition, all debt issuances must be approved by City Council.

The Cape Coral Charter School Authority was audited by independent auditors for the fiscal year ended June 30, 2016, and their report dated October 13, 2016, was previously issued under separate

cover. The financial statements for the Authority may be obtained through the Financial Services Department of the City of Cape Coral, 1015 Cultural Park Blvd., Cape Coral, FL 33990.

2. Related Organization

The City's officials are responsible for appointing the members of the Board of the City of Cape Coral Health Facilities Authority. The City's accountability for this organization does not extend beyond making these appointments; therefore, there is no blended or discrete financial presentation for this entity.

3. Summary of Significant Accounting Policies

The financial statements of the City have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards, which along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units.

Basic Financial Statements

The basic financial statements include both government-wide (based on the City as a whole) and fund financial statements along with the notes to the financial statements. The focus of the financial statements is on either the City as a whole or major individual funds (within the fund financial statements). Both the government-wide and fund financial statements (within the basic financial statements) categorize primary activities as either governmental or business-type. In the Statement of Net Position, both the governmental and business-type activities columns are reflected on a full accrual, economic resource basis, which incorporates long-term assets and receivables as well as long-term debt and obligations. Government-wide financial statements report information on all of the non-fiduciary activities of the City.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function (Public Safety, Parks and Recreation, etc.). Program revenues are defined as charges for services, operating grants and contributions, and capital grants and contributions directly associated with a given function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The Statement of Activities reflects both the gross and net costs per function (Public Safety, Parks and Recreation, etc.) which are otherwise being supported by general government revenues (property taxes, franchise fees, gas taxes, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. The program revenues must be directly associated with the function.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's water and sewer, stormwater and various other functions of the government.

This government-wide focus is more on the sustainability of the City as an entity and the change in aggregate financial position resulting from the activities of the fiscal period.

Separate fund financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. The emphasis of the fund financial statements is on the major funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns and the nonmajor funds are summarized into a single column.

Measurement Focus and Basis of Accounting

The Government-wide Financial Statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the Proprietary Fund and Fiduciary Fund financial statements. Since by definition the fiduciary funds' assets are being held for the benefit of a third party (other local governments and other entities) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements. Since agency funds report only assets and liabilities they do not have a measurement focus. They do, however, use the accrual basis of accounting to recognize receivables and payables.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements' governmental column, a reconciliation is presented which briefly explains the adjustments necessary to transform the fund based financial statements into the governmental activities of the government-wide presentation.

The focus of the GASB No. 34 model is on the City as a whole and the fund financial statements. The focus of the Fund Financial Statements is on the major funds of the governmental and business-type activities. Each presentation provides valuable information that can be analyzed to enhance the usefulness of the information.

Basis of accounting refers to when revenue and expenditures/expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The Government-wide Financial Statements and the Proprietary and Fiduciary Fund Financial Statements are presented on an accrual basis of accounting. The Governmental Funds in the Fund Financial Statements are presented on a modified accrual basis of accounting.

1. Accrual:

Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded when a liability is incurred.

Proprietary funds record both operating and non-operating revenues and expenses. Operating revenues are those that are obtained from the operations of the proprietary fund that include charges for services and user fees. Operating expenses represent the cost of operations, which includes depreciation. Non-operating revenues and expenses are not related to the operations of the proprietary fund and include interest earnings and gain and loss on sale of capital assets.

2. Modified Accrual:

Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual (i.e., both measurable and available). "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The City considers all revenues available if they are collected within 60 days after year-end. Primary revenue sources that have been treated as susceptible to accrual include intergovernmental revenue, franchise fees, communication taxes and charges for services, when material. Property taxes are accounted for when measurable and available as described in Note II. Grant revenue is considered earned and is accrued when all eligibility requirements are met.

In applying the "susceptible to accrual" concept to intergovernmental revenues pursuant to Governmental Accounting Standards Board (GASB) Statement No. 33, *Accounting and Financial Reporting for Non-exchange Transactions* (the City may act as either provider or recipient), the provider should recognize liabilities and expenses and the recipient should recognize receivables

and revenue when the applicable eligibility requirements including time requirements, are met. Resources transmitted before the eligibility requirements are met should, under most circumstances, be reported as advances by the provider and unearned revenue by recipient.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, as under accrual accounting. Exceptions to this general rule include principal and interest on general obligation long-term debt, as well as expenditures related to compensated absences and claims and judgments which are recognized when due.

Basis of Presentation

The financial transactions of the City are recorded in individual funds. The operations for each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures/expenses. Resources are allocated to and accounted for in individual funds, based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

GASB No. 34 sets forth minimum criteria (percentage of assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The City's major funds are presented in separate columns on the governmental fund financial statement and the proprietary fund financial statement. The funds that do not meet the criteria of a major fund are considered nonmajor funds and are combined into a single column in the fund financial statements and detailed in the combining section.

The following major funds are used by the City:

1. Governmental Funds:

The focus of Governmental Fund measurement (in the Fund Financial Statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the major Governmental Funds of the City:

- a. **General Fund** is the general operating fund of the City. It is used to account for all financial resources, except those required to be accounted for in another fund.
- b. **Transportation Capital Improvements Fund** is used to account for the following projects:
 - Road Resurfacing – paving residential streets.
 - Sidewalks – construction of sidewalks on Cape Coral Parkway, Wildwood Parkway, Sands Boulevard South, Palm Tree Boulevard, and SW 20th Avenue.
 - Other Transportation Capital Improvements – improvements to various roadways including miscellaneous road resurfacing, median curbing, turn lane improvements, and purchase of road widening right of way.
- c. **Community Redevelopment Agency Fund** is used to account for monies received from tax incremental revenue by certain taxing authorities in the community redevelopment area.
- d. **Debt Service Fund** is used to account for the accumulation of resources for, and payment of, general long-term debt principal and interest.

2. Proprietary Funds:

The City of Cape Coral maintains two different types of Proprietary Funds: Enterprise Funds and Internal Service Funds. Enterprise Funds are used to account for activity for which a fee is charged to external users for goods or services. In the government-wide financial statements the Enterprise Funds are presented as business-type activities. Internal Service Funds are used to

account for activity that provide goods or services to other funds, departments or agencies of the primary government and its component units on a cost-reimbursement basis. Four Internal Service Funds are utilized: 1) The Workers Compensation Insurance Fund is used to account for the self-insurance of workers compensation. 2) The Property and Casualty Insurance Fund is used to account for the City's risk management activity for auto liability, property and contents loss, and general liability. 3) The Facilities and Fleet Management Fund is used to account for the costs of operation for the repair and maintenance of city owned/leased vehicles, equipment and buildings. 4) The Self-funded Health Insurance Fund is used to account for the self-funded medical insurance plan. The Internal Service Funds have been included within governmental-type activities in the government-wide financial statements because they primarily benefit governmental funds.

The focus of Proprietary Fund measurement is based upon determination of operating income, changes in net position, financial position, and cash flows, which is similar to businesses. The following is a description of the major Proprietary Funds of the City:

- a. **Water and Sewer Fund** is used to account for the activities of the City's water and sewer utility programs. This includes special assessments, impact fees, contribution in aid of construction (CIAC), capital facility expansion charge (CFEC), etc. Activity for only water and sewer operations can be found in Note 13: Segment Information.
- b. **Stormwater Fund** is used to account for the activities of the City's Stormwater drainage program in compliance with the Environmental Protection Agency, and local and state regulations.

3. Other Funds:

Additionally, the City reports the following Funds:

- a. **Pension Trust Funds** are used to account for three defined benefit plans which accumulate resources for pension benefit payments to its employees/retirees.
- b. **Agency Funds** are used to account for the City's collection of school impact fees at the time of building permit issuance for the Lee County School Board and the collection of solid waste fees.

Assets, Liabilities and Net Position or Equity, Revenues, and Expenditures/Expenses

1. Cash and Investments

Section 218.415, Florida Statutes, limits the types of investments that a government can invest in unless specifically authorized in an investment policy. The City adopted Ordinance 63-13 on December 9, 2013 which amended the City's comprehensive investment policy. The investment policy applies to all cash and investments held or controlled by the City with the exception of Pension Funds and funds related to the issuance of debt. The investment policy allows the City to invest surplus funds. For accounting and investment purposes, the City maintains a pooled cash and investments account (the "Pool"). This gives the City the ability to invest large amounts of cash to maximize earning potential. Interest income is allocated based upon each funds proportionate balance in the pooled cash fund. All funds participate in the Pool. Each fund's individual equity in the Pool is considered to be a cash equivalent since the funds can deposit or effectively withdraw cash at any time without prior notice or penalty. This methodology is also used in the statement of cash flows for the Proprietary funds.

The City participates in three local government investment pools (LGIP), Florida PRIME administered by the Florida State Board of Administration (SBA), Florida Class administered by Public Trust Advisors, and Florida Asset Fund Trust (FLSAFE) administered by a five member board of trustees.

The SBA was created by Section 218.405, Florida Statutes and FLSAFE was created pursuant to Florida Statutes 163.01 and 218.415. The investment pools (Securities and Exchange Commission Rule 2a7-like external investment pools) operate under investment guidelines established by Section 215.47, Florida Statutes and are reported at amortized cost.

The City's investments are reported at fair value and are generally based on quoted market prices. The City measures and records its investment using fair value measurement guidelines established by the generally accepted accounting principles. The guidelines recognize a three-tier fair value hierarchy, as follows:

- Level 1: Quoted prices in active markets for identical assets
- Level 2: Significant other observable inputs
- Level 3: Significant unobservable inputs

Florida PRIME is considered a qualifying external investment pool that meets all of the necessary criteria to elect to measure all of the investments at amortized cost. Therefore, the fair value of the County's position in the pool is the same as the value of the pool shares. The Florida PRIME investments are not categorized because they are not evidenced by securities that exist in physical or book entry form. Throughout the year, and as of September 30, 2016, Florida PRIME contained certain floating and adjustable rate securities. These investments represented 27.6 percent of Florida PRIME's portfolio at September 30, 2016.

In accordance with Governmental Accounting Standards Board Statement No. 79, Certain External Investment Pools and Pool Participants, as a participant in a qualifying external investment pool, the County should disclose the presence of any limitations or restrictions on withdrawals (such as redemption notice periods, maximum transaction amounts, and the qualifying external investment pool's authority to impose liquidity fees or redemption gates) in notes to the financial statements.

With regard to redemption gates, Chapter 218.409(8)(a), Florida Statutes, states that "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, the Investment Advisory Council, and the Participant Local Government Advisory Council."

The Trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the Executive Director until the Trustees are able to meet to review the necessity for the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the Trustees exceed 15 days.

With regard to liquidity fees, Florida Statute 218.409(4) provides authority for the SBA to impose penalties for early withdrawal, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made.

As of September 30, 2016, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value.

Detailed information on allowable investments and actual holdings can be found in Note IV Detailed Note 1: Cash and Investments.

2. Receivables and Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as “due from other funds” or “due to other funds”. Any balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

Accounts Receivable - The general fund accounts receivable includes gas, electric and solid waste franchise fees, public service tax, lot mowing fees, and other miscellaneous receivables.

The other governmental funds accounts receivables are for false alarm, lot mowing, seawall fees, child care meals, voluntary pre-kindergarten and school readiness, purchasing card rebate, and Community Development Block Grant (CDBG) program income due to current year closings in which the funds were not received until next year.

Assessments receivable - the City levies a special assessment against benefited property owners for construction of water, wastewater and irrigation utility extension, in certain areas of the City. The City also levies a special assessment against benefited property owners for the construction of seawalls and parking lot improvements. Beginning in FY2014 the City also adopted a fire services assessment to fund fire-rescue services. The City utilizes the uniform collection method for collecting the assessments. The receivable reported is the assessment amount that has a lien and is unpaid. Unbilled receivables totaled \$105,478 for governmental activities and \$213,651,001 for business-type activities.

Intergovernmental Receivable - The general fund intergovernmental receivable includes communication service tax, half cent revenue, recycling tipping fee, police task force reimbursements, occupational tax, firefighter's supplemental education, alcoholic beverage license, fuel tax rebate, fire pension surplus, grant reimbursements and a receivable due from component unit – Cape Coral Charter School Authority, at September 30, 2016 of \$34,667. The Cape Coral Charter School reports a receivable from the primary government at June 30, 2016 of \$7,709. The Cape Coral Charter School Authority also reports a payable to the primary government at June 30, 2016 of \$18,918.

The Transportation Capital Improvement Fund intergovernmental receivable is for pending reimbursements due from the State of Florida related to the local agency program agreement for sidewalk construction.

The Other Governmental Funds intergovernmental receivables are for pending receipt of the August and September 2016 fuel tax collections, Florida Medicaid reimbursement for special populations, reimbursement from the Florida Department of Environmental Protection, and collections due from the Lee County Tax Collector, the Lee County Clerk of Courts, Lee County Public Safety. In addition, grant reimbursements are receivables for the Community Development Block Grant (CDBG), Local Housing Assistance (S.H.I.P), and the Residential Construction Mitigation Programs.

Other governmental funds also has a payable, due to component unit – Cape Coral Charter School Authority, at September 30, 2016 of \$36,378.

All trade receivables are reported net of an allowance for uncollectible. Uncollectible is defined as any account that is greater than or equal to 120 days delinquent from the date of the invoice.

Noncurrent portions of interfund receivables classified as advances between funds, as reported in the fund financial statements, are offset equally by a non-spendable fund balance amount in applicable governmental funds which indicates that they do not constitute expendable available financial resources, and therefore, are not available for appropriation.

3. Inventories and Prepaid Items

Inventories, consisting primarily of expendable supplies held for consumption, are stated at either weighted average or cost (first-in, first-out method). The City utilizes the consumption method of accounting, which provides that expenditures are recognized when inventory is used. The General Fund maintains inventories for fuel; Water and Sewer maintains inventories of materials and parts; Parks and recreation programs maintain inventories consisting of concession and vending items, restaurant and food supplies, and items for resale. The Waterpark maintains a restaurant inventory and an inventory of items available for resale. The Golf Course also maintains a restaurant inventory and an inventory of items available for resale.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

4. Capital Assets

Capital assets include property, buildings, improvement other than buildings, equipment, infrastructure and certain intangible assets. Infrastructure assets are defined as public domain capital assets such as roads, bridges, sidewalks, traffic signals, and similar items that are immovable and of value only to the governmental unit. Capital assets are reported in the government-wide financial statements in the applicable governmental or business-type activities columns, as well as the proprietary fund financial statements. Capital assets are defined by the City as assets with an initial, individual cost of \$5,000 or more and a useful life in excess of one year. Capital assets are recorded at historical cost or estimated historical cost, if actual historical cost is not available. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized, but are expensed as incurred.

Capital assets are depreciated using the straight-line method over the estimated useful lives of the related assets. The ranges of the useful lives are as follows:

<u>Asset</u>	<u>Years</u>
Buildings	20-40
Building improvements	10
Improvements other than buildings	10-20
Equipment	3-10
Intangibles	3
Infrastructure	
Traffic signals	15
Parking Lots	20
Roads	30
Sidewalks	30
Bridges	40
Utility extension lines	40

5. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes include a separate section for deferred outflows of resources. This represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expenses/expenditures) until then.

In addition to liabilities, the statement of financial position will sometimes include a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition

of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

The City has the following deferred outflows/inflows:

1. Deferred charge (gain) on refunding - reported in the government-wide statements of net position. A deferred charge on debt refunding results from the difference in the carrying value of refunded debt and its reacquisition price and amortized over the shorter of the life of the refunded or refunding debt.
2. Unavailable revenue - The two sources of unavailable revenue are recycling revenue and grant reimbursements. These amounts are deferred and recognized as inflow of resources in the period that the amounts become available
3. Pension related:
 - Pension earnings - Difference between projected and actual earnings on investments. These amounts will be recognized as reductions in pension expense in future years.
 - Pension experience – Differences between expected and actual experience with regard to economic or demographic factors. These amounts are amortized to pension expense over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions.
 - Pension assumptions – Change in assumptions about future economic or demographic factors.

6. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation benefits, which will be paid to employees upon separation from City service if they meet certain criteria. Compensated absences are accrued and reported in the proprietary funds and governmental-wide financial statements; and is a reconciling item between the governmental funds and the government-wide presentation.

7. Long-term Obligations

Long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

8. Bond Discounts, Bond Premiums, Bond Issuance Costs, and Bond Insurance Costs

In governmental funds the face amount of debt issued is reported as other financing sources. Issuance costs, bond premiums and discounts, whether or not withheld from the actual debt proceeds received, are reported as other financing sources (uses).

In the government-wide financial statements and proprietary funds, bond premiums and discounts, and bond insurance costs, are amortized over the life of the bonds using the straight-line method, which does not result in a material difference from the effective interest method. The deferred gain and loss is amortized over the shorter of the original life or the life of the new debt. The face amount of the debt issued is reported net of bond premiums and discounts whereas insurance costs are recorded as other assets.

9. Utility Capital Expansion Fee (Impact Fee)

The City utilizes utility capital expansion fees as a means for funding capital expansion required to meet system demands resulting from growth. These fees are recorded as capital contributions revenue in the proprietary funds when charged.

10. Special Assessments

The City levies the following special assessments against benefited property owners: Governmental Activities – parking lot improvements, seawall construction, and fire rescue services; and Business-type Activities - construction of water, wastewater and irrigation utility extension.

11. Unearned Revenue

Unearned revenue recorded in the general fund relates to planned development project fees and planning and zoning fees collected at time of application that are not earned until next fiscal year, business taxes, and tower lease payments.

Unearned revenue recorded in the special revenue funds relates to fees collected at permit issue date for residential and commercial construction that are not earned until next fiscal year, lot mowing fees, and prepayment of parks and recreation class registration fees.

Water & Sewer has unearned revenue from water, sewer, and irrigation impact fees that have been collected from property owners in advance of the city installing services. Unearned revenue in the golf course fund is for golf course memberships, rain checks and gift certificates that will be redeemed in the next fiscal year.

12. Intergovernmental Allocation of Administrative Expenses

The general fund incurs certain administrative expenses for other funds, including accounting, legal, data processing, personnel administration, and other services. The governmental funds that received these services were charged \$1,261,071 for fiscal year 2016. These amounts are eliminated in the statement of activities. The enterprise funds that received these services were charged \$4,265,586 for fiscal year 2016. These amounts are recorded as revenue in the general fund and operating expenses in the enterprise funds.

13. State Pension Contributions

The State of Florida makes contributions from taxes on casualty insurance premiums. The State of Florida's contribution to the Municipal Police Officers' Plan for the year ended September 30, 2016 was \$1,256,353. The State of Florida's contribution to the Municipal Firefighters' Plan for the year ended September 30, 2016 was \$1,449,699. The City recognized these on-behalf payments from the State as revenues and expenditures in the governmental fund financial statements.

14. Fund Balance

Beginning with fiscal year 2011, the City implemented GASB Statement No. 54; Fund Balance Reporting and Governmental Fund Type Definitions. This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balances more transparent. The following classifications describe the relative strength of the spending constraints.

Non-Spendable Fund Balance - Amounts that are (a) not in spendable form or (b) legally or contractually required to be maintained intact. "Not in spendable form" includes items that are not expected to be converted to cash (such as inventories and prepaid amounts) and items such as the long-term amount of loans and notes receivable, as well as property acquired for resale. The corpus (or principal) of a permanent fund is an example of an amount that is legally or contractually required to be maintained intact.

Restricted Fund Balance - Amounts that can be spent only for specific purposes stipulated by (a) external resource providers such as creditors (through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance - Amounts that can be used only for the specific purposes determined by a formal action of the City Council, the City's highest level of decision making authority. Commitments may be changed or lifted only by the City Council taking the same formal action that imposed the constraint originally, which is by resolution.

Assigned Fund Balance - Portion that reflects a government's intended use of resources. Such intent has to be established by the Finance Director pursuant to the Financial Management Policies (Resolution 109-14) approved by City Council. Includes spendable fund balance amounts established by management of the City that are intended to be used for specific purposes that are neither considered restricted or committed.

Unassigned Fund Balance - Unassigned fund balance is the residual classification for the general fund. This classification represents a fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

Unrestricted Fund Balance - The total of committed fund balance, assigned fund balance, and unassigned fund balance.

The City uses restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the City would first use committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

In the general fund, the City strives to maintain an unassigned balance of two months operating expenditures of the general fund. This is the target that the unassigned fund balance should not fall below without establishing a replenishment plan. Detailed information on fund balances can be found in Note 12: Fund Balances.

15. Net Position

Net position of the government-wide and proprietary funds are categorized as net investment in capital assets, restricted or unrestricted. The first category represents net position related to capital assets. The restricted category represents the balance of assets restricted by requirements of revenue bonds and other externally imposed constraints or by legislation in excess of the related liabilities payable from restricted assets. The unrestricted net position category represents all other net assets that do not meet the definition of "restricted" or "net investment in capital assets".

16. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amounts of revenue and expenditures or expenses during the reporting period. Actual results could differ from those estimates.

NOTE II. PROPERTY TAXES

Property taxes are levied on November 1st of each year, and are due and payable upon receipt of the notice of levy. The Lee County, Florida Tax Collector's office bills and collects property taxes on behalf of the City. The total tax rate of 6.9570 mills per \$1,000 of assessed taxable property value consists of 6.9570 mills to finance general governmental services for the fiscal year ended September 30, 2016. Property tax revenue is recognized in the fiscal year for which the taxes are levied. On May 1 of each

year, unpaid taxes become a lien on the property. The past due tax certificates are sold at public auction prior to June 1, and the proceeds collected are remitted to the City.

No accruals for the property tax levy becoming due in November 2016 are included in the accompanying financial statements since such taxes are levied for the subsequent fiscal year and are not considered earned or available at September 30, 2016.

NOTE III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

1) Compliance with Finance-Related Legal and Contractual Provisions

The City is not aware of any violations of finance-related legal and contractual provisions.

2) Deficit Fund Balance of Individual Funds

The following individual funds had deficit fund balances as of September 30, 2016:

Governmental activities:

City Centrum Fund ¹	\$ (1,264)
Del Prado Mall Parking Lot Fund ²	(27,292)
Construction Mitigation Fund ³	(128,834)

¹ The deficit fund balance is a result of incurring ongoing maintenance expenses but earning no rental revenue at this time.

² The deficit fund balance is a result of combining the Del Prado Mall parking lot capital improvement fund into the Del Prado Mall parking lot special revenue fund due to the completion of construction. The deficit fund balance is anticipated to be recovered through future assessment collections for the Del Prado Mall parking lot.

³ The deficit fund balance is due to a grant reimbursement request submitted at year end that was not collected within 60 days after year-end and therefore reported as a deferred inflow of resources.

3) Expenditures in Excess of Appropriations

The following individual funds had excess expenditures over appropriations as of September 30, 2016.

Governmental activities:

Road Impact Fee Fund ¹	\$ (30,435)
Criminal Justice Education ²	(710)
City Centrum ³	(13,543)
Residential Construction Mitigation Program ⁴	(163,329)

¹ Credit card fees were under budgeted.

² Travel expenses were under budgeted.

³ Facility charges were under budgeted.

⁴ Expenditures were budgeted in the year the funding is allocated and are not re-budgeted in subsequent years.

NOTE IV. DETAILED NOTES

1. Cash and Investments

As of September 30, 2016 the City had the following cash and investment amounts:

Category	Fair Value
Checking and savings accounts	\$ 28,691,100
Cash on hand	9,615
Cash with fiscal agent	9,145,527
LGIP- Florida PRIME (SBA)	61,153,216
Intergovernmental Investment Pools	43,710,301
Money Market Funds	219,957
Investments	123,435,399
Total	<u>\$ 266,365,115</u>

Reconciliation of cash and investments to the basic financial statements:

	Cash and Investments		
	Unrestricted	Restricted	Total
Governmental Funds	\$ 119,040,030	\$ -	\$ 119,040,030
Business-Type Activities - Enterprise Funds	30,380,350	96,312,181	126,692,531
Governmental Activities - Internal Service Funds	17,803,525	-	17,803,525
Agency Funds	2,829,029	-	2,829,029
Total	<u>\$ 170,052,934</u>	<u>\$ 96,312,181</u>	<u>\$ 266,365,115</u>

Governmental and Business-type Activities:

A. Cash and Cash Equivalents

The City maintains a cash and investment pool that is available for use by all funds except for monies legally restricted. Investment earnings are allocated to the individual funds based on the fund's percentage to the entire portfolio. The City's cash deposits are held by a bank that qualifies as a public depository under the Florida Security for Public Deposits Act as required by Chapter 280, Florida Statutes.

B. Investment Portfolio

Section 218.415, Florida Statutes, limits the types of investments that a government can invest in unless specifically authorized in an investment policy. The City adopts a comprehensive investment policy by ordinance that establishes permitted investments, asset allocation limits, issuer limits, credit rating requirements, and maturity limits to protect the City's cash and investment assets. The investment policy applies to all cash and investments held or controlled by the City with the exception of Pension Funds and funds related to the issuance of debt. Ordinance 63-13 amending the City's investment policy was adopted on December 9, 2013.

The City's investment policy allows for the following investments:

- Florida PRIME
- United States Government Securities unconditionally guaranteed by the United States Government
- United States Government Agencies issued or guaranteed by the United States Government agencies

- Federal Instrumentalities issued or guaranteed by United States Government sponsored agencies
- Non-Negotiable Interest Bearing Time Certificates of Deposit or Saving Accounts, in banks organized under the laws of the state and/or in national banks organized under the laws of the United States and doing business and situated in the State of Florida
- Repurchase Agreements
- Commercial Paper of any United States company that is rated at the time of purchase
- Bankers' Acceptances issued by a domestic bank or a federally chartered domestic office of a foreign bank
- State and/or Local Government Taxable and/or Tax-Exempt Debt
- Registered Investment Companies (Mutual Funds) that are registered under the Federal Investment Company Act of 1940 and operated in accordance with 17 C.F.R § 270.2a-7
- Intergovernmental Investment Pools that are authorized pursuant to the Florida Inter-local Cooperation Act, as provided in Section 163.01, Florida Statutes Intergovernmental Investment Pools
- Corporate Notes issued by corporations organized and operating within the United States or by depository institutions licensed by the United States
- Corporate Obligations issued by financial institutions that participate in the FDIC's Temporary Liquidity Guarantee Program and are fully insured by the FDIC a guaranteed by the United States Government
- Mortgage-Backed Securities (MBS) that are based on mortgages that are guaranteed by a government agency or GSE for payment
- Asset-Backed Securities (ABS) that are backed by financial assets
- Bond Funds

As of September 30, 2016, interest receivable on the City's investment portfolio amounted to \$440,928.

As of September 30, 2016, the City had the following investment types and effective duration presented in terms of years:

Security Type	Fair Value	Weighted Average Duration (Years)
Corporate Notes	\$ 19,424,931	1.34
Federal Agencies - Bond/Note	44,822,728	1.81
US Treasury - Bond/Note	57,976,052	2.52
Municipal - Bond/Note	1,211,688	2.04
LGIP- Florida PRIME (SBA)	61,153,216	0.14
Intergovernmental Investment Pool-FL CLASS	42,651,313	0.15
Intergovernmental Investment Pool - FL SAFE	1,058,988	0.10
Money Market Funds	219,957	0.10
Total Fair Value	<u>\$ 228,518,873</u>	
Portfolio Weighted Average Duration		1.20

C. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction. In determining this amount, three valuation techniques are available: Market approach — This uses prices generated for identical or similar assets or liabilities. The most common example is an investment in a public security traded in an active exchange such as the NYSE. Cost approach — This technique determines the amount required to replace the current asset. This approach may be ideal for valuing donations of capital assets or historical treasures. Income approach — This approach converts future amounts (such as cash flows) into a current discounted amount. Each of these valuation techniques requires inputs to calculate a fair value. Observable inputs should be maximized in fair value measures, and unobservable inputs should be minimized.

GASB 72 *Fair Value Measurement and Application* establishes a hierarchy of inputs to the valuation techniques above. This hierarchy has three levels:

Level 1 — Inputs are quoted prices in active markets for identical assets or liabilities.

Level 2 — These are quoted market prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other than quoted prices that are not observable.

Level 3 — These are unobservable inputs, such as a property valuation or an appraisal.

As of September 30, 2016, the City had the following investment measurements by security type:

Security Type	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
Corporate Notes	\$ 19,424,931	\$ -	\$ 19,424,931
Federal Agencies - Bond/Note	44,822,728	-	44,822,728
US Treasuries - Bond/Note	57,976,052	57,976,052	-
Municipal Bond/Note	1,211,688	-	1,211,688
Intergovernmental Investment Pools	43,710,301	43,710,301	-
Total Investments by Fair Value Level	<u>\$ 167,145,700</u>	<u>\$ 163,059,526</u>	<u>\$ 65,459,347</u>

Investment Measured at Amortized Cost

LGIP	\$ 61,153,216
Money Market Funds	219,957
	<u>61,373,173</u>

Total cash, cash equivalents, and investments	<u>\$ 228,518,873</u>
---	-----------------------

D. Interest Rate Risk

The City's investment policy sets limits for investment maturities to match known cash needs and anticipated cash flow requirements. Investments of current operating funds shall have maturities of no longer than twenty-four (24) months. Investments of bond reserves, construction funds, and other non-operating funds, "core funds", shall have a term appropriate to the need for funds and in accordance with debt covenants, but in no event shall exceed five (5) years. The maturities of the underlying securities of a repurchase agreement will follow the requirements of the Master Repurchase Agreement.

The City utilizes "effective duration" as a measurement of interest rate risk and as of September 30, 2016 the investment portfolio had an effective duration of 1.20 years.

Included in the investment portfolio, the City has \$3,191,297 of Corporate Notes that have embedded options consisting of the option at the discretion of the issuer to call their obligation or pay a stated increase in the interest rate. These securities have various call dates, and mature on April 15, 2017, August 23, 2019, and November 05, 2017.

The dollar weighted average days to maturity (WAM) of Florida PRIME at September 30, 2016, is 50 days. Next interest rate reset dates for floating rate securities are used in the calculation of the WAM. The weighted average life (WAL) of Florida PRIME at September 30, 2016, is 70 days.

E. Credit Risk

The City's investment policy permits the following investments, which are limited to credit quality ratings from nationally recognized rating agencies as follows:

Florida PRIME

- Shall be rated AAAm by Standard & Poor's or the equivalent by another rating agency.

Commercial Paper

- Shall be rated, at the time of purchase, "Prime-1" by Moody's and "A-1" by Standard & Poor's (prime commercial paper).
- If the commercial paper is backed by a letter of credit ("LOC"), the long-term debt of the LOC provider must be rated "A" or better by at least two nationally recognized rating agencies.

Bankers' Acceptances

- At the time of purchase, the short-term paper is rated, at a minimum, "P-1" by Moody's Investors Services and "A-1" by Standard & Poor's.
- Issued by a domestic bank or a federally chartered domestic office of a foreign bank, which are eligible for purchase by the Federal Reserve System.

State and/or Local Government Taxable and/or Tax-Exempt Debt

- Rated at least a minimum "Aa" by Moody's and "AA" by Standard & Poor's for long-term debt, or rated at least "VMIG2" by Moody's or "A-2" by Standard & Poor's for short-term debt.

Registered Investment companies (Mutual Funds)

- Rated AAAm by Standard & Poor's or the equivalent by another rating agency.
- Are in open-end, no-load provided such funds are registered under the Federal Investment Company Act of 1940 and operated in accordance with 17 C.F.R. § 270.2a-7.
- In addition, the Financial Services Director may invest in other types of mutual funds provided such funds are registered under the Federal Investment Company Act of 1940, invest exclusively in the securities specifically permitted under this investment policy, and are similarly diversified.

Intergovernmental Investment Pools

- Rated AAAm by Standard & Poor's or the equivalent by another rating agency.
- Are authorized pursuant to the Florida Interlocal Cooperation Act, as provided in Section 163.01, Florida Statutes and provided that said funds contain no derivatives.

Corporate Notes

- Shall have a minimum long term debt rating of "A" by Moody's and "A" by Standard & Poor's.

Asset-backed securities (ABS)

- Shall be Double-A rated or better by Standard & Poor's, or the equivalent by another rating agency.

Bond funds

- Shall be Double-A rated or better by Standard & Poor's, or the equivalent by another rating agency.

As of September 30, 2016, the City had the following credit exposure as a percentage of total investments:

Security Type	S&P Credit Rating	% of Portfolio
Corporate Notes	AAA	0.08%
Corporate Notes	AA+	4.59%
Corporate Notes	AA-	1.92%
Corporate Notes	AA	0.66%
Corporate Notes	A+	1.26%
Federal Agencies - Bond/Note	AA+	19.61%
US Treasuries - Bond/Note	AA+	25.36%
Municipal Bond/Note	AA	0.53%
Intergovernmental Investment Pools	AAAm	19.13%
LGIP	AAAm	26.76%
Money Market Funds	AAAm	0.10%
Total		<u>100.00%</u>

As of September 30, 2016, the City's investment deposit in Florida Prime, Florida Class, and Florida Asset Fund Trust (FLSAFE) investment pool was \$61,153,216, \$42,651,313, and \$1,058,988, respectively. These qualify as 2a7-like external investment pools. As of September 30, 2016, all pools were rated AAAm by Standard & Poor's.

F. Custodial Credit Risk

The City's investment policy, pursuant to Section 218.415(18), Florida Statutes, requires securities, with the exception of certificates of deposits, shall be held with a third party custodian; and all securities purchased by, and all collateral obtained by the City should be properly designated as an asset of the City. The securities must be held in an account separate and apart from the assets of the financial institution. A third party custodian is defined as any bank depository chartered by the Federal Government, the State of Florida, or any other state or territory of the United States which has a branch or principal place of business in the State of Florida, or by a national association organized and existing under the laws of the United States which is authorized to accept and execute trusts and which is doing business in the State of Florida. Certificates of deposits will be placed in the provider's safekeeping department for the term of the deposit.

As of September 30, 2016, the City's investment portfolio was held with a third-party custodian as required by the City's investment policy.

G. Concentration of Credit Risk

The City's investment policy has established asset allocation and issuer limits on the following investments, which are designed to reduce concentration of credit risk of the City's investment portfolio.

Florida PRIME

- A maximum of 25% of available funds may be invested in Florida PRIME.

United States Government Securities

- A maximum of 100% of available funds may be invested in United States Government Securities.

United States Government Agencies

- A maximum of 50% of available funds may be invested in United State Government Agencies.
- No more than 25% of available funds may be invested in an individual United States Government agency.

Federal Instrumentalities

- A maximum of 80% of available funds may be invested in Federal Instrumentalities.

- No more than 25% of available funds may be invested in any one issuer.

Interest Bearing Time Deposit or Saving Accounts

- A maximum of 10% of available funds may be invested in non-negotiable interest bearing time certificates of deposit.
- No more than 5% of available funds may be deposited with any one issuer.

Repurchase Agreements

- A maximum of 25% of available funds may be invested in repurchase agreements excluding one (1) business day agreements and overnight sweep agreements.
- No more than 10% of available funds may be invested with any one institution.

Commercial Paper

- A maximum of 25% of available funds may be invested in prime commercial paper.
- No more than 10% of available funds may be invested with any one issuer.

Bankers' Acceptances

- A maximum of 25% of available funds may be directly invested in Bankers' acceptances.
- No more than 10% of available funds may be invested with any one issuer.

State and/or Local Government Taxable and/or Tax-Exempt Debt

- A maximum of 20% of available funds may be invested in taxable and tax-exempt debts.
- No more than 5% of available funds may be invested with any one issuer.

Registered Investment Companies (Mutual Funds)

- A maximum of 25% of available funds may be invested in mutual funds.
- No more than 10% of available funds may be invested with any one non-SEC Rule 2a-7 investment mutual fund.

Intergovernmental Investment Pools

- A maximum of 25% of available funds may be invested in intergovernmental investment pools.

Corporate Notes

- A maximum 25% of available funds may be directly invested in corporate notes.
- No more than 5% of available funds may be invested with any one issuer.

Corporate Obligations

- A maximum of 50% of available funds with may be directly invested in corporate obligations.
- No more than 25% of available funds may be invested with any one issuer.

Mortgage-Backed Securities (MBS)

- A maximum of 20% of available funds may be invested in mortgage-backed securities.
- No more than 5% of available funds may be invested with any one MBS.

Asset-Backed Securities (ABS)

- A maximum of 10% of available funds may be invested in asset-backed securities.
- No more than 5% of available funds may be invested with any one ABS.

Bond Funds

- A maximum of 25% of available funds may be invested in bond funds.
- No more than 10% of available funds may be invested with any one bond fund.

As of September 30, 2016, the City had the following issuer concentration based on fair value:

Issuer	Fair Value	Percentage of Portfolio
American Honda Finance	\$ 995,010	0.44%
Apple Inc	998,610	0.44%
Berkshire Hathaway	1,508,700	0.66%
Chevron	1,400,471	0.61%
Cola-Cola Company	2,151,440	0.94%
Exxon Mobil	2,264,448	0.99%
Fannie Mae (FNMA)	3,064,705	1.34%
Federal Home Loan Bank (FHLB)	6,268,550	2.74%
Freddie Mac (FHLMC)	11,049,558	4.84%
Governmental National Mortgage Association (GNMA)	24,439,913	10.69%
IBM	2,249,708	0.98%
JPMorgan Chase Bank	782,457	0.34%

Pension Trust Funds:

The City has three defined benefit single-employer pension plans: General Employees', Police Officers', and Firefighters' (Pension Funds).

A. Cash and Cash Equivalents

At September 30, 2016, the carrying amount of the Pension Funds' cash and cash equivalents was \$15,441,434.

B. Investment Portfolio

Each Board of Trustees of the City's Pension Funds adopted a revised comprehensive investment policy, pursuant to Florida Statutes Section 112.661, that established permitted investments, asset allocation limits, issuer limits, credit rating requirements, and maturity limits to protect the Pension Funds' cash and investment assets.

The revised investment policies were adopted as follows: General Pension – September 11, 2014; Police Pension – February 23, 2016; and Fire Pension – November 24, 2015.

As of September 30, 2016, interest and dividend receivable on the Pension Funds' investment portfolio amounted to \$398,665.

As of September 30, 2016, the City's Pension Funds had the following investment types and effective duration presented in terms of years:

General Employees' Pension Investments

Total Investments	<u>\$ 148,689,091</u>	<u>100.00%</u>	

C. Interest Rate Risk

The investment policies for the pension funds do not address interest rate risk. The Pension Funds utilize "effective duration" as a measurement of interest rate risk and as of September 30, 2016.

D. Credit Risk

The Pension Funds' investment policy permits the following investments, which are limited as described below.

Equity Securities

General Pension Funds:

- Investments in equity securities shall be limited to no more than 70% (at market) of the Fund's total asset value.
- All equity investments shall be limited to fully and easily negotiable equity securities.
- No more than 5% at cost value of an investment manager's equity portfolio may be invested in the shares of a single corporate issuer.
- No more than 15% at cost value of the plan's total assets may be invested in foreign equity securities. Investment in foreign companies is limited to those traded on a national exchange and /or American Depositary Receipts (ADRs).
- Investment in equity securities whose market capitalization is less than \$3 billion dollars shall be limited to 25% of the total equity portfolio.
- Investment in those corporations whose stock has been publicly traded for less than one year are limited to 15% of the equity portfolio.
- Equities may be managed through the purchase of open-end, no-load mutual funds or commingled funds as long as these funds in aggregate adhere to the equity guidelines herein.

Police and Fire Pension Funds:

- Investments in equity securities shall be limited to no more than 70% at market value of the Fund's total asset value.
- All equity investments shall be limited to fully and easily negotiable equity securities.
- No more than 5% at cost value of an investment manager's equity portfolio may be invested in the shares of a single corporate issuer.
- Investments in stocks of foreign companies shall be limited to 25% (at market) of the total investment portfolio.
- No more than 25% of the equity securities (at market valuation) are to be invested in small or mid-cap stocks. The Board defines small and mid-cap stocks the stocks whose market capitalization is less than \$5 billion dollars.

Fixed Income Securities

General Pension Fund:

The fixed income portfolio shall comply with the following guidelines:

- The average credit quality of the bond portfolio shall be "BBB" or higher.
- Must be issued by a corporation organized under the laws of the United States, any state or organized territory of the United States, or the District of Columbia.

Investments in all corporate fixed income securities shall be limited to:

- The portfolio must have at least 70% of securities purchased at cost be those securities rated "BAA" or higher by Moody's or "BBB" or higher by Standard & Poor's rating services .
- No more than 30% at cost can be invested in non-investment grade/non-US fixed income commingled vehicles.
- Securities issued by a corporation organized under the laws of the United States, any state or organized territory of the United States, or the District of Columbia. no more than 10% at cost of an investment manager's total fixed income portfolio shall be invested in the securities of any single corporate issuer.
- Investments in Collateralized Mortgage Obligations (CMO's) shall be limited to 20% of the market value of the investment managers' total portfolio and shall be restricted to issues which meet all of the following criteria:
- The portfolio must have at least 90% at cost of all issues backed by mortgage securities issued, guaranteed, or fully insured by the Government National Mortgage Association (GNMA), the Federal Home Loan Mortgage Corporation (FHLMC), the Federal National Mortgage Association (FNMA) or that are rated "AAA" by Moody's or "AAA" by Standard & Poor's rating services.
- No more than 10% at cost of issues can be rated below "AAA" by Moody's or "AAA" by Standard & Poor's rating services.
- There is no limit imposed on investments in fixed income securities issued directly by the United States Government or any agency or instrumentality thereof.
- Fixed income securities may be managed through the purchase of open-end, no-load mutual funds or commingled funds as long as these funds in aggregate adhere to the fixed income guidelines herein.

- All approved institutions and dealers transacting in repurchase agreements are required to execute and perform as stated in the Master Repurchase Agreement. All repurchase agreement transactions shall adhere to the requirements of the Master Repurchase Agreement. The Board shall determine the approximate maturity date based on cash flow needs and market conditions, analyze and select one or more optimal types of investment, and competitively bid the security in question when feasible and appropriate. Except as otherwise required by law, the most economically advantageous bid must be selected.

Police and Fire Pension Funds:

The fixed income portfolio shall comply with the following guidelines:

- The average credit quality of the bond portfolio shall be "A" or higher.
- The duration of the fixed income portfolio shall not exceed 135% of the duration of the market index. The market index is defined as the Barclays Aggregate Bond index.

Investments in all corporate fixed income securities shall be limited to:

- Those securities rated below "BBB" shall not exceed 15% of the entire fixed income portfolio.
- Securities issued by a corporation organized under the laws of the United States, any state or organized territory of the United States, or the District of Columbia.
- No more than 5% at cost of an investment manager's total fixed income portfolio shall be invested in the securities of any single corporate issuer.

Cash Equivalent Securities

The fund may invest only in the following short term investment vehicles:

General Pension Fund:

- The money market of Short Term Investment Fund (STIF) provided by the Plan's custodian.
- Direct obligations of the United States Government with a maturity of one year or less.
- Commercial paper with a maturity of 270 days or less that is rated A-1 by Standard & Poor's or P-1 by Moody's.
- Bankers Acceptances by the largest 50 banks in the United States (in terms of total assets).

Police and Fire Pension Funds:

- The money market of Short Term Investment Fund (STIF) provided by the Plan's custodian.
- Direct obligations of the United States Government with a maturity of one year or less.
- Commercial paper with a maturity of 270 days or less that is rated A-1 by Standard & Poor's or P-1 by Moody's.
- Bankers Acceptances by the largest 50 banks in the United States (in terms of total assets).

Real Estate

General Pension Fund:

- The Real Estate portion of the Fund's asset may be invested in pooled Real Estate vehicles, limited partnerships, or other types of Real Estate investments as determined by the Board in consultation with Investment Consultant.

- Investment in real estate shall be limited to no more than 15% (at market) of the Fund's total asset value.

Police and Fire Pension Funds:

- All real estate investments shall be made through participation in diversified commingled funds of real properties.
- Investments in real estate shall not exceed 15% (at market valuation) of the value of the total Fund assets.
- Experienced and professional real property investment managers shall manage all real estate investments.

As of September 30, 2016, the Pension Funds had the following credit exposure as a percentage of total fixed income investments:

Standard & Poor's Credit Rating	General Employees'	Police Officers'	Firefighters'
AAA	N/A	1.74%	2.08%
AA+	N/A	67.29%	64.86%
AA	N/A	2.43%	1.93%
AA-	N/A	2.95%	2.70%

Debt and equity securities classified as Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt Securities classified as Level 2 of the fair value hierarchy are valued using quoted prices for similar assets in active markets. The pricing methodology involves the use of evaluation models such as matrix pricing., which is based on the securities relationship to benchmark quoted prices.

Equity Index Fund

The investment objective of the Rhumblin Russell 1000 Pooled Index Trust is to match the return of the Russell 1000 Index through investments in substantially all of the stocks contained in that index.

Real Estate Fund

The American Core Realty Fund is an open-end diversified core real estate commingled fund whose primary objective is to provide returns that are attractive relative to other assets classes with stable income and the potential for market appreciation. The Fund invests primarily in core institutional quality industrial, multi-family, office, and retail properties located throughout the United States, and is diversified by product type, geographic, and economic exposure in order to mitigate investment risk.

F. Custodial Credit Risk

The Pension Funds' investment policy, pursuant to Section 112.661(10), Florida Statutes, states that securities, should be held with a third-party custodian; and all securities purchased by, and all collateral obtained by the Pension Funds should be properly designated as an asset of the Pension Fund.

As of September 30, 2016, the Pension Funds' investment portfolio was held with a third-party custodian as required by Florida Statutes.

G. Concentration of Credit Risk

The Pension Funds' investment policy has established asset allocation and issuer limits on the following investments, which are designed to reduce concentration of credit risk of the Pension Funds' investment portfolio.

Equity Securities

General Pension Fund:

- A maximum of 70% at market value of the Funds' total asset value may be invested in equity securities.
- All equity investments shall be limited to fully and easily negotiable equity securities.
- No more than 5% at cost value of an investment manager's equity portfolio may be invested in a single corporate issuer.
- No more than 15% at cost value of the plan's total assets may be invested in foreign equity securities.
- 25% of the total equity portfolio may be invested in equity securities whose market capitalization is less than \$3 billion.
- No more than 15% of the equity portfolio may be invested in those corporations whose stock has been publicly traded for less than one year.
- Equities may be managed through the purchase of open-end, no-load mutual funds or commingled funds as long as these funds in aggregate adhere to the equity guidelines herein.

Police and Fire Pension Funds:

- Investments in equity securities shall be limited to no more than 70% at market value of the Fund's total asset value.
- All equity investments shall be limited to fully and easily negotiable equity securities.
- No more than 5% at cost value of an investment manager's equity portfolio may be invested in a single corporate issuer.
- Investments in stocks of foreign companies shall be limited to 25% (at market) of the total investment portfolio.
- No more than 25% of the equity securities (at market) are to be invested in small or mid-cap stocks. The Board defines small and mid-cap stocks whose market capitalization is less than \$5 billion.

Fixed Income Securities

General Pension Fund:

- The average credit quality of the bond portfolio shall be "BBB" or higher.
- The duration of the fixed income portfolio shall not exceed 150% of the duration of the market index. The market Index is defined as the Barclays Aggregate Bond Index.
- At Least 70% of securities purchased at cost must be rated "BAA" or higher by Moody's or "BBB" or higher by Standard & Poor's rating services.
- No more than 30% at cost can be invested in non-investment grade/non-US fixed income commingled vehicles.
- No more than 10% at cost of an investment manager's total fixed income portfolio shall be invested in the securities of any single corporate issuer.
- No more than 20% of the market value of the investment manager's portfolio shall be invested in collateralized mortgage obligations (CMO's) with the following restrictions:
 - At least 90% at cost of all issues backed by mortgage securities issued, guaranteed, or fully insured by the Government National Mortgage Association (GNMA), the Federal

- Home Loan Mortgage Corporation (FHLMC), the Federal National Mortgage Association (FNMA) or that are rated “AAA” by Moody’s or “AAA” by Standard & Poor’s rating services.
- No more than 10% at cost of issues can be rated below “AAA” by Moody’s or “AAA” by Standard & Poor’s rating services.
- No limit on fixed income securities issued directly by the United States Government or any agency or instrumentality thereof.
- Fixed income securities may be managed through the purchase of open-end, no-load mutual funds as long as these funds in aggregate adhere to the fixed income guidelines herein.
- All approved institutions and dealers transacting in repurchase agreements are required to execute and perform as stated in the Master Repurchase Agreement. All repurchase agreement transactions shall adhere to the requirements of the Master Repurchase Agreement. The Board shall determine the approximate maturity date based on cash flow needs and market conditions, analyze and select one or more optimal types of investment, and competitively bid the security in question when feasible and appropriate. Except as otherwise required by law, the most economically advantageous bid must be selected.

Police and Fire Pension Funds:

- The fixed income portfolio shall comply with the following guidelines:
 - The average credit quality of the bond portfolio shall be “A” or higher.
 - The duration of the fixed income portfolio shall not exceed 135% of the duration of the market index. The market index is defined as the Barclays Aggregate Bond Index.
- Investment in all corporate fixed income securities shall be limited to:
 - Those securities rated below “BBB” shall not exceed 15% of the entire fixed income portfolio.
 - Securities issued by a corporation organized under the laws of the United States, any state or organized territory of the United States, or the District of Columbia.
 - No more than 5% at cost of an investment manager’s total fixed income portfolio shall be invested in the securities of any single corporate issuer.
- Private security Collateralized Mortgage Obligations (CMOs) shall be limited to 15% of the market value of the investment managers’ total fixed income portfolio. Agency CMOs may be purchased without restriction.
- Futures contracts may be used on a non-leveraged basis for duration adjustment and yield curve positioning purposes.
- There is no limit imposed on investments in fixed income securities issued directly by the United States Government or any agency or instrumentality thereof.

Real Estate

General Pension:

- The Real Estate portion of the Fund’s assets may be invested in pooled Real Estate vehicles, limited partnerships, or other types of Real Estate Investments as determined by the Board in consultation with the Investment Consultant.
- Limited to no more than 15% (at market) of the Funds’ total asset value.

Police and Fire Pension Funds:

- Investments in real estate shall not exceed 15% (at market valuation) of the total Fund assets.
- All real estate investments shall be made through participation in diversified commingled fund of real properties. These funds shall be broadly diversified as to property type and location.
- Experienced and professional real property investment managers shall manage all real estate investments.

Hedge Fund of Funds

General Pension:

- For purposes of this policy the term “hedge fund investments” means and includes investments in both U.S. and non-U.S. private investment companies and funds (including fund of funds) which invest directly and indirectly primarily in the liquid global securities and derivatives markets using various investment strategies including, but not limited to, such strategies and styles as “market neutral”, “arbitrage”, “long bias equity”, “distressed securities”, “event driven”, “opportunistic” and “absolute return” strategies, both on a leveraged and unleveraged basis. These investment strategies and styles share in common the characteristic of low correlation to traditional investments and are used to diversify overall portfolio risk.
- The Manager will invest the assets with multiple investment managers through fund of fund private investment companies, each of which in turn will invest in and allocate to a portfolio of hedge fund vehicles with various investment strategies and objectives. These fund of funds may be broadly diversified or occupy a specific niche.
- Limited to no more than 10% (at market) of the Funds’ total asset value.

Cash Equivalent Securities

General Pension:

- Limited to no more than 10% (at market) of the Funds’ total asset value.

2. Restricted Cash and Investments

Total net receivables	<u>\$ 4,779,299</u>	<u>\$ 1,415,106</u>	<u>\$ 3,247</u>	<u>\$ 938,486</u>	<u>\$ 2,832,775</u>	<u>\$ 9,968,913</u>

¹ During FY2001, the City changed the method of collecting for new special assessments. The amortized assessment is collected pursuant to the Uniform Assessment Collection Act under Florida Statutes 197.3632 and 197.3635. The Uniform Assessment Collection Act authorizes the collection of non-ad valorem assessments on the same bill as ad valorem taxes. The uniform collection method offers the City the greatest assurance of collecting all of its billed special assessment revenue. For financial statement reporting, the receivable is recorded at the time of the levy which is each year when the assessment is billed on the tax roll and the enforceable legal claim arises. The total original tax billed assessment for all projects is \$1,217,856. As of September 30, 2016, the unbilled amount is \$105,478.

Business-type activities:

	Water and Sewer	Stormwater	Other Enterprise Funds	Total	Governmental Activities - Internal Service Funds
Unrestricted:

Total net receivables	\$ 11,863,832	\$ 93,754	\$ 1,268	\$ 11,958,854	\$ 155,682

¹ Includes unbilled receivables of \$3,697,148.

² The City bills users for water and sewer services monthly; before the end of each fiscal year the allowance for uncollectibles is adjusted to include all unpaid balances over 180 days past due. City policy states all finaled accounts 90 days past due are sent to a collection agency.

³ During FY2001, the City changed the method of collecting for new special assessments. The amortized assessment is collected pursuant to the Uniform Assessment Collection Act under Florida Statutes 197.3632 and 197.3635. The Uniform Assessment Collection Act authorizes the collection of non-ad valorem assessments on the same bill as ad valorem taxes. The uniform collection method offers the City the greatest assurance of collecting all of its billed special assessment revenue. For financial statement reporting, the receivable is recorded at the time of the levy which is each year when the assessment is billed on the tax roll and the enforceable legal claim arises. The total assessment for all projects is \$413,606,665. As of September 30, 2016, the unbilled amount is \$213,651,001.

⁴ The City has a law firm under contract to assist in collection of delinquent utility assessment, impact fee loans, CIAC fee loans, and stormwater utility accounts. The firm specializes in such services and is working on foreclosing on delinquent utility assessment and stormwater accounts. The City monitors the accounts on a monthly basis. As of September 30, 2016, the delinquent amounts were \$23,968 for assessments, \$77,086 for impact loans, and \$290,336 for CIAC loans.

4. Interfund Receivables, Payables and Transfers

The composition of interfund balances as of September 30, 2016 is as follows:

Due to/from other funds:

Receivable Fund	Payable Fund	Purpose for Balance	Amount
General	Other governmental funds (Residential Construction Mitigation Grant)	Awaiting grant reimbursement	\$ 126,244

Advances to/from other funds:

Receivable Fund	Payable Fund	Purpose for Balance	Amount
General	Other governmental funds (Del Prado Mall Parking Lot) ¹	Del Prado Mall parking lot improvements	\$ 95,012
	Other enterprise funds (Golf Course) ²	Operations	564,909
			659,921
Total Governmental Funds			\$ 786,165

¹ Original advance was for the transportation capital improvement project for the construction of the parking lot and alley. Assessment collections repay the advance.

² Golf Course fees will repay the advance.

Interfund Transfers:

- 1 Various Other governmental funds transferred \$1,221,046 to the general fund for reimbursement of budgetary established levels for administrative services.
- Other governmental fund (Gas Tax) transferred \$2,411,786 to the general fund for budgetary established levels to support public works services division's operations.
- Other governmental fund (All Hazards) transferred \$160,000 to the general fund for reimbursement of incentive pays for hazmat response.
- Other governmental fund (Police Confiscation State) transferred \$1,000 to the general fund for reimbursement of the candlelight ceremony to honor victims and families that have experienced trauma or death.
- 2 General fund transferred \$6,900,000 to the transportation capital improvements fund to support local road resurfacing.
- General fund transferred \$500,000 to the transportation capital improvements fund to support alley resurfacing.
- General fund transferred \$400,000 to the transportation capital improvements fund to support median landscaping.
- 3 Other governmental fund (Five Cent Gas Tax) transferred \$150,000 to the transportation capital improvements fund to support the cost of sidewalk installation.
- Other governmental fund (Six Cent Gas Tax) transferred \$100,000 to the transportation capital improvements fund for paving in the North 2 Utility Extension Area.
- 4 Other enterprise funds (Yacht Basin) transferred \$100,000 to the transportation capital improvements fund to support median improvements on Coronado south of the yacht club.
- 5 General fund transferred \$688,808 to the community redevelopment agency for established tax increment financing (TIF) funding plus an additional \$100,000 for additional improvements.
- 6 General fund transferred \$6,830,275 to the debt service fund for annual debt service payments.
- 7 Transportation capital improvements fund transferred \$111,277 of remaining project funds from the Santa Barbara Boulevard widening project to debt service fund for the annual interest payment on the State Infrastructure Bank Loan for the widening of Pine Island Road.
- 8 Community redevelopment agency transferred \$416,848 to the debt service fund for annual debt service payments.
- 9 Other governmental fund (Road Impact) transferred \$5,650,816 to the debt service fund for annual debt service payments.
- Other governmental fund (Fire Impact) transferred \$339,865 to the debt service fund for annual debt service payments.
- Other governmental fund (Building) transferred \$22,099 to the debt service fund for annual debt service payments.
- Other governmental fund (Waterpark) transferred \$174,097 to the debt service fund for annual debt service payments.
- 10 Water & sewer fund transferred \$96,643 to the debt service fund for annual debt service payments.
- 11 General fund transferred \$350,000 to other governmental fund (Waterpark) for budgetary established support of annual operations.
- General fund transferred \$3,225,000 to other governmental fund (Parks & Recreation Programs) for budgetary established support of annual operations.
- General fund transferred \$325,000 to other governmental fund (Public Works Capital Projects) for the sign shop replacement.
- General fund transferred \$331,569 to other governmental fund (Public Safety Capital Projects) for the design of fire station #11.
- General fund transferred \$300,000 to other governmental fund (Computer Capital Projects) for the finance ERP system.
- General fund transferred \$1,000 to other governmental fund (City Center) for budgetary established support of annual operations.
- General fund transferred \$24,073 to other governmental fund (CDBG) as additional support to the program plan expenditures as recommended by CDBG Advisory Committee.
- 12 Debt Service fund transferred \$1,604 to other governmental fund (Road Impact) for remaining debt service funds allocated back to the funding source.
- Debt Service fund transferred \$4,070 to other governmental fund (Park Impact) for remaining debt service funds allocated back to the funding source.
- 13 Other governmental fund (Police Confiscation State) transferred \$250 to other governmental fund (Do The Right Thing) to support the city wide educational event Water Safety Day.
- 14 Other enterprise funds (Yacht Basin fund) transferred \$115,000 to other governmental funds (Parks & Recreation Programs) as operating subsidy to the shared facilities at the Yacht Club area.
- 15 Water & sewer fund transferred \$108,563 from state revolving loan grant for southwest 6 / 7 utility work to stormwater fund for their cost of improvements in the southwest 6 / 7 utility extension area.
- 16 General fund transferred \$554,000 to other enterprise funds (Golf Course) for budgetary established support of annual operations.
- General fund transferred \$50,000 to other enterprise funds (Golf Course) for the renovation of holes #6 and #18 grounds, tree maintenance program, and chemicals for the grounds.
- 17 General fund transferred \$3,313,163 to the internal service funds (Self-Insured Health Plan) for the actuarial required reserve.
- 18 Stormwater fund transferred \$9,500 to the internal service fund (Fleet) for capital related items.

5. Capital Assets

Capital asset activity for the year ended September 30, 2016 was as follows:

The following is a summary of changes in the City's Bonded and other indebtedness for the year ended September 30, 2016:

* The Community Redevelopment Agency's portion of the Special Obligation Revenue Bond, Series 2012 is \$2,997,820.

68

Long-term Debt at September 30, 2016 is comprised of the following:

General Long-term Debt

Revenue Bonds

\$35,380,000 Special Obligation Revenue Bonds, Series 2007, issued to finance the cost of acquisition, construction and equipping of the City's charter schools. Principal and interest on the obligations is secured by the non-ad valorem funds budgeted and appropriated by City Council. Principal is paid annually through July 2037 with interest paid semiannually at rates ranging from 4.0% to 5.5%.	\$ 29,455,000
\$28,200,000 Capital Improvement Revenue Bond, Series 2008, issued to finance and refinance the cost of acquisition, construction and equipping of a new police headquarters facility. Principal and interest on the obligations is secured by the half-cent sales tax. Principal is paid annually through October 2028 with interest paid semiannually at 5.67%.	24,960,000
\$6,185,000 Gas Tax Revenue Bonds, Series 2010A issued to finance and refinance the cost of acquisition, construction, and reconstruction of transportation improvements. Principal and interest on the obligations is secured by gas tax revenues and non-ad valorem funds budgeted and appropriated by City Council. Principal is paid annually through October 2019 with interest paid semiannually at rates ranging from 3.0% to 4.375%.	2,285,000
\$33,815,000 Gas Tax Revenue Bonds, (Federally Taxable Build America Bonds - Direct Payment), Series 2010B issued to finance and refinance the cost of acquisition, construction, and reconstruction of transportation improvements. Principal and interest on the obligations is secured by gas tax revenues and non-ad valorem funds budgeted and appropriated by City Council. Principal is paid annually through from October 2020 to October 2030 with interest paid semiannually at rates ranging from 5.849% to 7.147%.	33,815,000
\$17,690,000 Special Obligation Revenue Bonds, Series 2011 issued to finance and refinance the cost of acquisition, construction, and equipping of various capital improvements to the City's Charter Schools. Principal and interest on the obligations is secured by non-ad valorem funds budgeted and appropriated by City Council. Principal is paid annually from July 2013 to July 2040 with interest paid semiannually at rates ranging from 2.25% to 6.0%.	16,350,000
\$17,669,950 Special Obligation Revenue Bonds, Series 2012 issued to refund \$12,928,555 of outstanding Series 2009 Special Obligation Revenue Notes plus accrued interest due on 4/01/2012 and \$4,500,000 of commercial paper obligations issued to finance and refinance the acquisition, construction and equipping of various capital improvements with the City. The City refunded the 2009 Series to reduce its debt service payment over 13 years by \$1,978,440 and to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$1,696,880. Principal and interest on the new obligation is secured by non-ad valorem funds budgeted and appropriated by City Council. Principal is paid annually through October 2024 with interest paid semiannually at rate of 2.43%. The Community Redevelopment Agency's portion is \$3,661,640.	11,482,190
\$5,300,000 Capital Improvement Refunding Revenue Bonds, Series 2014, issued to refund a portion of the City's outstanding Capital Improvement Revenue Bonds, Series 2005. The City refunded the 2005 Series to reduce its debt service payment over 11 years by \$355,537 and to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$316,378. Principal and interest on the obligations is secured by gas tax revenues and non-ad valorem funds budgeted and appropriated by City Council. Principal is paid annually through October 2023 with interest paid semiannually at 2.31%.	4,700,000
\$21,433,000 Gas Tax Refunding Revenue Bonds, Series 2014, issued to refund all of the City's outstanding Gas Tax Revenue Bonds, Series 2009. The City refunded the 2009 Series to reduce its debt service payment over 10 years by \$1,921,763 and to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$1,724,892. Principal and interest on the obligations is secured by gas tax revenues and non-ad valorem funds budgeted and appropriated by City Council. Principal is paid annually through October 2023 with interest paid semiannually at 2.20%.	16,752,000

\$51,790,000 Special Obligation Revenue Note, Series 2015 was issued to refund a portion of the City's Special Obligation Revenue, Series 2006 and finance the cost of acquisition and equipping various vehicles for Police, Fire, Code Compliance, Public Works, Parks and Recreation, and the acquisition and installation of certain equipment. The City refunded the 2006 Series to reduce its debt service payment over 22 years by \$6,919,935 and to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$4,976,052. Principal and interest on the obligations is secured by non-ad valorem funds budgeted and appropriated by City Council. Principal is paid annually from October 2015 to October 2036 with interest paid semiannually at rates ranging from 2.0% to 5.0%.

Special Assessment Debt with Government Commitment

In order to fund construction of the City's water and wastewater utility expansion in certain areas of the City, the City has issued Special Assessment Improvement Debt. The City is acting as agent in the collection of the special assessments levied and in the payment of the Special Assessment Bonds outstanding. Such bonds are collateralized by special assessments levied against the benefited property owners. The City will assume responsibility in the event of default on the outstanding Special Assessment Bonds. Current year special assessment collections were sufficient to meet fiscal year 2016 debt service requirements.

Information regarding Special Assessment Debt outstanding at September 30, 2016 is presented below:

	<u>Original Issue</u>	<u>Interest Rates</u>	<u>Final Maturity Date</u>	<u>Balance Outstanding</u>

¹ Compensated absences were liquidated as follows: General Fund 86%, Special Revenue Funds 10%, and Internal Service Funds 4%.

² Net pension liability is typically liquidated as follows: General Fund 72%, Special Revenue Funds 15%, Capital Projects Funds 2%, and Internal Service Funds 11%.

³ OPEB obligation is typically liquidated as follows: General Fund 84%, Special Revenue Funds 11%, Capital Projects Funds 1%, and Internal Service Funds 4%.

Bond Resolution – Resolutions for various debt obligations established certain funds and accounts and determined the order in which certain revenue is to be deposited into the funds and accounts. The City has also covenanted to budget and appropriate sufficient special revenue sources to pay the various debt obligations when due. All required balances at year end were maintained.

Any holder of bonds has the right to compel the performance of all duties required by the bond resolution, including the appointment of a receiver.

Conduit Debt Obligation – To provide financing of the construction of a new building that will house 80 residential-style assisted living suites and 48 memory support assisted living suites, as well as converting existing space to provide an additional skilled nursing dining space, 24 rental independent living units and 20 skilled nursing beds within the City, the City of Cape Coral Health Facilities Authority has issued a series of Senior Housing Revenue Bonds, Series 2015. These bonds do not constitute a debt or pledge of the full faith and credit of the City, and accordingly, they have not been reported in the accompanying financial statements. At September 30, 2016, Health Facility Revenue Bonds outstanding aggregated \$79,385,000.

9. Defeased Debt Issues

Financial Accounting Standard Board Statement No. 7, Advance Refundings Resulting in Defeasance of Debt, states when debt is defeased, it is no longer reported as a liability on the face of the balance sheet; only the new debt, if any, is reported as a liability.

Governmental Fund Debt:

Special Obligation Revenue Bonds, Series 2006	\$48,715,000
---	--------------

Enterprise Fund Debt:

Water and Sewer Refunding Revenue Bonds, Series 2006	\$163,230,000
--	---------------

10. Operating Leases

The City currently has various lease agreements for copiers, fax machines and golf carts. These leases are accounted for as operating leases. The leases are generally for a 3 or 5 year term and include renewal options. The following schedule reflects the operating lease obligations for governmental activities and business-type activities for the next three years. As of September 30, 2016 there are no operating lease commitments that extend beyond 2020. Lease expense for fiscal year 2016 reported in the Governmental Activities and the Business-type Activities were \$65,685 and \$85,370 respectively.

Year Ending September 30,	Governmental Activities	Business-Type Activities	Total
2017	\$ 45,454	\$ 85,779	\$ 131,233
2018	23,923	80,259	104,182
2019	3,649	1,485	5,134
2020	129	-	129
Total	<u>\$ 73,155</u>	<u>\$ 167,523</u>	<u>\$ 240,678</u>

11. Construction and Other Significant Commitments

Construction Commitments. As of September 30, 2016 major outstanding construction commitments (in excess of \$1 million) were as follows:

	<u>Spent To Date</u>	<u>Remaining Commitment</u>
Governmental activities:		
General Fund:		
Lot Mowing Services ¹	\$ 797,248	\$ 362,752
Transportation Fund:		
Road Improvements ²	<u>2,716,269</u>	<u>3,846,020</u>
Total governmental activities	<u>3,513,517</u>	<u>4,208,772</u>
Business-type activities:		
Water & Sewer Fund:		
Bio Solids Centrifuge Installation ³	1,120,241	568,646
CC Southwest WRF/WTP Warehouse ³	3,474,983	849,241
Galvanized Pipe Replacement ³	2,659,897	686,577
Lift Station Improvements ³	-	1,131,498
Utility Extension Program: Area - Southwest 6 & 7 ⁴	61,600,886	6,365,160
SW WTP Underground Injection ³	725,436	321,914
Utility Extension Program: Area - North 2 ⁴	6,607,968	1,350,672
Stormwater Utility Fund:		
Drainage Improvements Southwest 6 & 7 Utility Area ⁴	<u>2,634,988</u>	<u>429,630</u>
Total business-type activities	<u>78,824,399</u>	<u>11,703,338</u>
Total	<u>\$ 82,337,916</u>	<u>\$ 15,912,110</u>

¹ Projects are being funded by lot mowing fees.

² Projects are being funded by the appropriation of General Fund reserves, gas taxes, and settlement proceeds.

³ Projects are being funded by water and sewer user fees.

⁴ Projects are being funded by State Revolving Fund loans with debt service being paid by special assessments and stormwater user fees.

Encumbrances. Encumbrances are commitments related to unperformed (executory) contracts for goods or services (i.e., purchase orders, contracts, and commitments). Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At year end the amount of encumbrances expected to be honored upon performance by the vendor in the next year were as follows:

General Fund	\$ 5,843,354
Transportation Capital Improvements	702,139
Community Redevelopment Agency	235,620
Nonmajor governmental funds	<u>2,253,251</u>
Total encumbrances	<u>\$ 9,034,364</u>

12. Fund Balances

Fund balances for governmental funds at September 30, 2016 are as follows:

13. Segment Information

The City issued revenue bonds to finance its water and sewer division. The water and sewer division and the special assessment funds are accounted for in a single fund in the financial statements. However, investors in the revenue bonds rely solely on the revenue generated by the water and sewer activity for repayment. Summary financial information for the water and sewer division is presented below:

Condensed Statement of Net Position

Assets:

Current assets	\$ 28,176,424
Restricted assets	45,571,886

18. Building and Vehicle Leases

Building Leases

The City of Cape Coral has entered into four lease agreements with the Cape Coral Charter School Authority for the operation of two elementary, one middle school, and one high school. The current leases extend to 2020 for Oasis Elementary, and 2021 for Christa McAuliffe Elementary School and Oasis Middle School. The lease amount of all four leases shall be equal to the debt service, cost of commercial general liability insurance on the building, and one dollar. For fiscal year 2016, the lease payments totaled \$3,537,628, which included \$3,454,522 for debt service and \$83,106 for insurance. The insurance cost for fiscal year 2017 will be \$92,380. The insurance cost for subsequent years is not available.

The Charter School Authority accounts for this lease as an operating lease. The following schedule shows the debt portion of the lease payments that will be received from the Charter School Authority.

Year Ending September 30,	Amount
2017	\$ 3,452,910
2018	3,453,750
2019	3,456,150
2020	3,455,376
2021	3,456,350
	<u>\$ 17,274,536</u>

The construction cost of the charter school buildings was \$42,804,057, accumulated depreciation as of September 30, 2016 was \$11,439,788 for a net carrying amount of \$31,364,269.

The City has entered into an Interlocal Agreement with Lee County Emergency Medical Services for portions of various City owned fire stations. The lease amount for fire stations constructed prior to 2004 is \$2 per square foot per year. Lee County currently leases space in two fire stations under this arrangement.

Annual revenue from the lease is \$5,936. The agreement shall automatically renew on a yearly basis although either party may, upon written notice, terminate this agreement.

For fire stations constructed after 2004, the lease amount is based on the cost to construct the fire station divided by 25 years multiplied by the percentage of space occupied. Currently Lee County Emergency Medical Services is leasing space in three fire stations under this agreement. Annual revenue from the lease is \$62,775. The agreement shall automatically renew on a yearly basis although either party may, upon written notice, terminate this agreement. The cost of these buildings was \$10,339,690, accumulated depreciation as of September 30, 2016 was \$2,232,979 for a net carrying amount of \$8,106,711.

Vehicle Leases

The amount of the lease is the sum of the debt service for the buses, including all debt service related costs. For fiscal year 2016, the lease payments totaled \$255,035.

The following schedule shows the debt portion of the lease payments that will be received from the Charter School Authority.

Year Ending September 30,	Amount
2017	\$ 252,284
2018	252,186
2019	252,415
2020	159,694
2021	66,830
	<u>\$ 983,409</u>

NOTE V. OTHER INFORMATION

1. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has two internal service funds (Risk Management Funds): the workers compensation insurance fund and the property and casualty insurance fund to account for and finance its uninsured risks of loss. Under this program, the funds provide coverage for up to a maximum of \$350,000 for each worker's compensation claim, \$25,000 for each general liability claim, and \$25,000 for each property damage claim. The City purchases commercial insurance for claims in excess of coverage provided by the funds and for all other risks of loss. Settled claims have not exceeded this commercial coverage in this fiscal year, nor has it had any settlements in excess of insurance coverage in the past three years.

The workers compensation internal service fund allocates the cost of providing claims servicing and claims payment by charging a premium to each applicable fund based on the State of Florida mandated per \$100 rate of salary by employee classification. The property and casualty insurance fund charges a premium to the applicable funds based on the value of capital assets in each fund.

The self-funded health insurance plan was implemented on January 1, 2016. Coverage under the Plan is a benefit available to employees and retirees of the City of Cape Coral. The coverage provides comprehensive medical benefits to the employees and their dependents. It is funded through contributions from the City, employees, and retirees. The coverage has specific and aggregate reinsurance coverages underwritten by Blue Cross and Blue Shield. Administration under the plan is handled by Blue Cross and Blue Shield of Florida.

The claims liabilities reported in the worker's compensation fund, property and casualty insurance fund, and self-funded health insurance fund at September 30, 2016 are based on requirements of Governmental Accounting Standards Board Statement No. 30, which requires that a liability for claims be reported if it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be estimated. This includes claims that have been incurred but not reported (IBNR) and allocated loss adjustment expenses.

Changes in the funds' claims liability amount in fiscal years 2014, 2015 and 2016 were:

	Beginning-of-Fiscal-Year Claims Liability	Current-Year Claims and Changes in Estimates	Claims Payments	End-of-Fiscal- Year Claims Liability
Workers Compensation				
2015 - 2016	\$ 5,579,000	\$ 1,785,122	\$ (1,926,122)	\$ 5,438,000
2014 - 2015	5,405,000	1,928,683	(1,754,683)	5,579,000
2013 - 2014	5,372,000	2,106,347	(2,073,347)	5,405,000
Property and Casualty				
2015 - 2016	\$ 1,531,000	\$ (24,718)	\$ (373,282)	\$ 1,133,000
2014 - 2015	1,522,000	555,285	(546,285)	1,531,000
2013 - 2014	1,710,000	491,494	(679,494)	1,522,000
Self-funded Health Insurance				
2015 - 2016	\$ -	\$ 11,239,932	\$ (10,742,238)	\$ 497,694

2. Chiquita Boat Lock-South Spreader Waterway

During fiscal year 2013 the City was authorized for up to \$187,302 from the Gulf American Corporation (GAC) restricted account to fund repairs and upgrades to the City's Chiquita Boat Lock for the improvement in navigation safety and reliability needed due to the increase in boat traffic through the lock. The City has requested the funds on a reimbursement basis.

The City received \$87,907 in October 2016. At fiscal year year-end, the City recorded the revenue and a corresponding receivable for the reimbursement.

The City operates and maintains the Chiquita Boat Lock on the South Spreader Waterway. The Chiquita Boat Lock separates the southern half of the City's canal system from the open waters of the State at the Caloosahatchee River. The Chiquita Lock provides navigational access to canal front residents. The lock and canal system were constructed as part of a 1977 DER Consent Order with GAC Properties, the developers of Cape Coral.

The same Consent Order required the sum of \$1,000,000 to be placed into a restricted, interest bearing account for future environmental needs and projects for developmental concerns for Cape Coral in Lee County and Golden Gates Estates in Collier County. This GAC restricted account is within the Ecosystem Management and Restoration Trust Fund. In the past, approved funded projects have been infrastructure based and include park construction, storm water projects and previous repairs and upgrades on the Chiquita Lock.

3. Pension Plans

The City has three defined benefit single-employer pension plans:

- Municipal General Employees' Pension Plan
- Municipal Police Officers' Pension Plan
- Municipal Firefighters' Pension Plan

Assets are held separately and may be used only for the payment of benefits to the members of the respective plans. Each plan's financial statements are prepared using the accrual basis of accounting. Employee and employer contributions are recognized as revenues in the period in which employee contributions are due and a formal commitment has been made by the employer. Benefits and refunds are recognized when due and payable in accordance to the terms of each plan. The plans issue financial reports that include financial statements and required supplementary information. The reports may be obtained from the City of Cape Coral.

(A) Defined Benefit Plans

(1) Municipal General Employees' Pension Plan

At September 30, 2016, the Plan's membership consisted of the following:

Inactive plan members or beneficiaries currently receiving benefits	677
Inactive plan members entitled to but not yet receiving benefits	134
Active plan members	791
Total	<u>1,602</u>

Plan Description – General Employees' Pension Plan

The City's Municipal General Employees' Pension Plan (Plan) is a defined benefit pension plan covering all full time general employees of the City. Participation in the Plan is required as a condition of employment. The Plan provides for pension and death benefits, and is subject to the provisions of the Florida Statutes and ordinance of the City of Cape Coral. Certain employees may opt-out and participate in the City's defined contribution plan instead.

The Plan, in accordance with the above statute, is governed by a five member pension board. The board is comprised as follows: two members must be legal residents of the City, and are appointed by City Council; two members must be participants in the Plan, and are elected by a majority of Plan participants; the final is elected by a majority of the other four board members. Each board member services a four year period. The board has engaged the services of a third party administrator, Pension Resource Center, to administer the Plan.

Benefits Provided - General Employees' Pension Plan

The plan provides retirement, termination, disability and death benefits.

Normal Retirement. Earlier of: 1) the attainment of age 60 or 2) the completion of 25 years of service, regardless of age. For members hired on and after October 1, 2013 the earlier of: 1) the attainment of age 62 with 10 years of credited service or 2) the completion of 27 years of service regardless of age.

Benefits terms provide for 2.50% of average final compensation times credited service for the first 20 years of credited service plus 2.75% of average final compensation times each year in excess of 20 years. Benefit accrues at 2.60% for the first 20 years for members who terminate with 20 or more years of credited services.

Early Retirement. Attainment of age 50 and completion of 10 years of credited service. Benefits are determined as for normal retirement and actuarially reduced.

Termination of Employment. Vesting schedule (for terminations prior to October 1, 2013):

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 5	0
5	50
6	60
7	70
8	80
9	90
10 or more	100

For terminations on and after October 1, 2013, a member shall be 100% vested upon the completion of 10 years of service. A member with more than 5 but less than 10 years as of October 1, 2013 shall retain their vested percentage as provided prior to the plan change.

Benefits:

Less than 5 years: refund of member contributions with 3.5% interest per annum.

5 or more years: refund of contributions, with interest or vested accrued benefit payable a normal (unreduced) or early (reduced) retirement date.

Death prior to benefit commencement: beneficiary will receive the actuarial equivalent of the participant's monthly retirement income on the ten year certain and life basis.

Pre-retirement death benefits are the actuarial equivalent of participant's accrued benefit payable to designated beneficiary as a ten year certain and life annuity or on such other basis as approved by the board.

Cost-of-Living-Adjustment: Benefit increased 3% annually beginning the first October 1st following one year of retirement. Members who did not elect the buy-up (pay and additional 1.6% in member contributions) will have a 2.5% cost of living adjustment beginning the third October 1st following retirement for benefits accrued on and after October 1, 2013.

Deferred Retirement Option Program: The plan provides a Deferred Retirement Option Plan (DROP) for member having satisfied the normal retirement requirements (earlier of age 60, or the completion of 25 years of credited service, regardless of age). When the DROP period ends, not to exceed 60 months, employment must be terminated. The member must make an election of 1) Actual net rate of investment return (total return net of brokerage commissions, management fees and transaction costs) credited for each fiscal quarter, or 2) 6.5% per annum compounded monthly. Members may elect to change form of return 2 times during each 12 month period of DROP participation. The DROP balance as September 30, 2016 is \$13,339,026.

Contributions - General Employees' Pension Plan

City of Cape Coral, Florida Code of Ordinances §2-123.5 requires all plan members to make contributions in the amount of 9.90% of salary (an additional 1.60% for members electing the buy-up option). The effective Member Contribution rate will vary each year as new members enter and members electing the buy up leave the plan. The City contributes at an actuarially determined rate.

Net Pension Liability of the City - General Employees' Pension Plan

The City's net pension liability was measured as of September 30, 2016, and the total pension liability used to calculate the net pension was determined by an actuarial valuation as of that date.

Total pension liability	\$ 303,869,461
Plan fiduciary net position	(224,525,234)
City's net pension liability	<u>\$ 79,344,227</u>
Plan fiduciary net position as a percentage of the total pension liability	<u>73.89%</u>

Actuarial Assumptions - General Employees' Pension Plan

The total pension liability was determined by an actuarial valuation as of October 1, 2015 updated to September 30, 2016 using the following actuarial assumptions applied to all measurement periods.

Inflation	2.00%
Salary Increases	5.00% - 7.00%
Discount Rate	7.75%
Investment Rate of Return	7.75%

Mortality rates were based on the following:

Mortality Rate Healthy Lives - RP 2000 Fully Generational with Scale BB, with collar and annuitant adjustments as follows: Males- 50% annuitant white collar, 50% annuitant blue collar. Females – 100% annuitant white collar.

Mortality rate Disabled Lives – Mortality Table RP2000 without projection, with the following adjustments: Males – 100% disabled male with four year setback. Females – 100% disabled female with two year set forward.

The actuarial assumptions used in the October 1, 2015 valuation were based on the results of an actuarial experience study dated July 25, 2011.

The long-term rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class.

These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2016 are summarized in the following table:

Asset Class	Long-term Expected Real Rate of Return
US Equity	6.62%
Developed Non US Equity	7.30%
Emerging Market Equity	9.66%
US Core Fixed Income	1.72%
Hedge Fund of Funds	3.68%
Real Estate	4.46%
Private Equity	11.27%
Farmland	6.72%

Discount Rate - General Employees' Pension Plan

The discount rate used to measure the total pension liability was 7.75 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate - General Employees' Pension Plan

The following presents the net pension liability of the City, calculated using the discount rate of 7.75%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	1% Decrease 6.75%	Current Discount Rate 7.75%	1% Increase 8.75%
Net pension liability	<u>\$ 116,144,265</u>	<u>\$ 79,344,227</u>	<u>\$ 48,861,292</u>

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - General Employees' Pension Plan

For the year ended September 30, 2016, the City recognized pension expense of \$14,073,825. At September 30, 2016, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 3,115,008	\$ 520,374
Changes in Assumptions	11,499,208	-
Net difference between projected and actual earnings on investments	7,890,841	-
Total	<u>\$ 22,505,057</u>	<u>\$ 520,374</u>

Amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended September 30,		
	2017	\$ 5,964,025
	2018	5,964,026
	2019	6,741,740
	2020	3,314,892
	2021	-
	Thereafter	-
		<u>\$ 21,984,683</u>

(2) Municipal Police Officers' Pension Plan

At September 30, 2016, the Plan's membership consisted of the following:

Inactive plan members or beneficiaries currently receiving benefits	125
Inactive plan members entitled to but not yet receiving benefits	27
Active plan members	<u>211</u>
Total	<u>363</u>

Plan Description – Police Officers' Pension Plan

All full-time police officers at least 18 years old are required to participate in the City's Municipal Police Officers' Pension Plan (Police Officers' Plan). The Police Officers' Plan provides retirement, termination, disability, and death benefits to plan members and beneficiaries. This plan and any amendments were adopted through a City Ordinance by the City Council of the City of Cape Coral. A Board of Trustees administers the Police Officers' Plan. All costs of administering the Police Officers' Plan are paid from plan assets.

Benefits Provided - Police Officers' Pension Plan

The plan provides retirement, termination, disability and death benefits.

Normal Retirement. Earlier of: 1) the attainment of age 50 or 2) the completion of 25 years of credited service. For members hired on and after October 1, 2013 the earlier of: 1) the attainment of age 50 with 10 years of credited service or 2) the completion of 27 years of credited service regardless of age.

Benefits terms provide for 3.25% of average final compensation times years of credited service. For all members who have not reached normal retirement eligibility as of October 1, 2013 the minimum benefit shall not exceed \$7,916.67 or the actual accrued benefit as of October 1, 2013.

Early Retirement. Attainment of age 40 and completion of 10 years of credited service. Benefits are determined as for normal retirement and actuarially reduced.

Termination of Employment. Vesting schedule (for terminations prior to October 1, 2013):

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 5	0
5	50
6	60
7	70
8	80
9	90
10 or more	100

For members hired on or after October 1, 2013, vesting is 100% at 10 years of credited service.

Benefits:

Less than 5 years: refund of member contributions.

5 or more years: refund of contributions or vested accrued benefit payable at retirement age.

Death prior to benefit commencement: Beneficiary will receive the actuarial equivalent of the participant's monthly retirement income on a ten year certain and life basis.

Disability: Eligibility is total and permanent as determined by the Retirement Committee (medical proof required). The benefit is a percentage of average final compensation determined in accordance with the following schedule:

<u>Years of Service</u>	<u>Service Incurred</u>	<u>Non-Service Incurred</u>
Less than 5	66 2/3%	25%
5 to 10	66 2/3%	50%
10 or more	66 2/3%	66 2/3%

Pre-Retirement Death Benefits: Actuarial equivalent of participant's accrued benefit payable to designated beneficiary as a ten year certain and life annuity of on such other basis as approved by the Board.

Cost-of-Living-Adjustment: Beginning on the first October 1 following one complete year of retirement income payments, the benefit is increased 3% annually. The first increase is a pro-rata adjustment, based on the number of months benefits commenced prior to October 1. For members hired on or after October 1, 2013 the cost of living adjustment is after 3 complete years of receiving income payments.

Deferred Retirement Option Program: The plan provides a Deferred Retirement Option Plan (DROP) for member having satisfied the normal retirement requirements. When the DROP period ends, not to exceed 60 months, employment must be terminated. The member must make and election of 1) Actual net rate of investment return (total return net of brokerage commissions, management fees and transaction costs) credited for each fiscal quarter, or 2) 6.5% per annum compounded monthly. Members may elect to change form of return 2 times during each 12 month period of DROP participation. The DROP balance as September 30, 2016 is \$6,365,097.

Contributions - Police Officers' Pension Plan

Covered employees are required to contribute 10% of their salary. The effective member contribution rate will vary each year as new members enter and members electing the buy up leave the plan. The City contributes the remaining amounts at actuarially determined rates that are designated to accumulate sufficient assets to pay benefits when due. In addition, the State of Florida contributes insurance premium taxes towards the funding of the plan.

Net Pension Liability of the City - Police Officers' Pension Plan

The City's net pension liability was measured as of September 30, 2016, and the total pension liability used to calculate the net pension was determined by an actuarial valuation as of that date.

Total pension liability	\$ 170,169,493
Plan fiduciary net position	(140,211,969)
City's net pension liability	<u>\$ 29,957,524</u>

Plan fiduciary net position as a percentage of the total pension liability	<u>82.40%</u>
--	---------------

Actuarial Assumptions – Police Officers’ Pension Plan

The total pension liability was determined by an actuarial valuation as of October 1, 2015 updated to September 30, 2016 using the following actuarial assumptions applied to all measurement periods.

Inflation	2.25%
Salary Increases	6% - 10%
Discount Rate	7.75%
Investment Rate of Return	7.75%

Mortality rates were based on the RP 2000 Combined Healthy (combined healthy with no projection), Disabled lives are set forward 5 years. Based on a study of over 650 public safety funds, this table reflects a 10% margin for future mortality improvements.

The actuarial assumptions used in the October 1, 2015 valuation were based on the results of an actuarial experience study dated May 1, 2012.

The long-term rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class.

These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan’s target asset allocation as of September 30, 2016 are summarized in the following table:

<u>Asset Class</u>	<u>Long-term Expected Real Rate of Return</u>
US Large Cap Stocks	6.00%
US Small / Mid Cap Stocks	6.50%
International Equity	6.25%
U.S. Direct Real Estate	5.25%
Absolute Return	3.25%
US Aggregate Bond	2.00%

Discount Rate - Police Officers’ Pension Plan

The discount rate used to measure the total pension liability was 7.75 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of

current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate - Police Officers' Pension Plan

The following presents the net pension liability of the City, calculated using the discount rate of 7.75%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	1% Decrease 6.75%	Current Discount Rate 7.75%	1% Increase 8.75%
Net pension liability	<u>\$ 53,069,886</u>	<u>\$ 29,957,524</u>	<u>\$ 11,175,874</u>

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – Police Officers' Pension Plan

For the year ended September 30, 2016, the City recognized pension expense of \$7,673,315. At September 30, 2016, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,681,424	\$ 1,671,916
Changes in Assumptions	5,590,990	-
Net difference between projected and actual earnings on investments	4,150,706	-
Total	<u>\$ 11,423,120</u>	<u>\$ 1,671,916</u>

Amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended September 30,		
	2017	\$ 2,328,180
	2018	2,328,181
	2019	2,772,817
	2020	867,543
	2021	1,454,483
	Thereafter	-
		<u>\$ 9,751,204</u>

(3) Municipal Firefighters' Pension Plan

At September 30, 2016, the Plan's membership consisted of the following:

Inactive plan members or beneficiaries currently receiving benefits	138
Inactive plan members entitled to but not yet receiving benefits	7
Active plan members	169
Total	<u>314</u>

Plan Description – Firefighters' Pension Plan

All full-time firefighters at least 18 years old are required to participate in the City's Municipal Firefighters' Pension Plan (Firefighters' Plan). The Firefighters' Plan provides retirement, termination, disability, and death benefits to plan members and beneficiaries. This plan and any amendments were adopted through a City Ordinance by the City Council of the City of Cape Coral. A Board of Trustees administers the Firefighters' Plan. All costs of administering the Firefighters' Plan are paid from plan assets.

Benefits Provided - Firefighters' Pension Plan

The plan provides retirement, termination, disability and death benefits.

Normal Retirement. Earlier of: 1) the attainment of age 50 (age 52 and 10 years of service for members hired on or after June 16, 2014 or 2) the completion of 25 years of credited service regardless of age.

Benefits terms provide for 3.25% of average final compensation times credited service subject to a maximum of \$95,000 as indexed.

Early Retirement. Attainment of age 40 and completion of 10 years of credited service. Benefits are determined as for normal retirement and actuarially reduced.

Termination of Employment. Vesting schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 5	0
5	50
6	60
7	70
8	80
9	90
10 or more	100

For members hired after June 16, 2014, there is no vesting until members have accrued 10 years of credited service. Additionally, for members who have more than 5 years of credited service, but less than 10 years as of June 16, 2014, those members' vesting is frozen at the percentage above until such time that the member has 10 years of credited service.

Benefits:

Less than 5 years: refund of member contributions.

5 or more years: refund of contributions or vested accrued benefit payable at retirement age.

Death prior to benefit commencement: Beneficiary will receive the actuarial equivalent of the participant's monthly retirement income on a ten year certain and life basis.

Disability: Eligibility is total and permanent as determined by the Retirement Committee (medical proof required). The benefit is a percentage of average final compensation determined in accordance with the following schedule:

<u>Years of Service</u>	<u>Service Incurred</u>	<u>Non-Service Incurred</u>
Less than 5	66 2/3%	25%
5 to 10	66 2/3%	50%
10 or more	66 2/3%	66 2/3%

Cost-of-Living-Adjustment: Beginning on the first (third for members hired after April 1, 2014) October 1st following one complete year of receiving retirement income, the benefit is creased annually by 3.0%.

Pre-Retirement Death Benefits: Actuarial equivalent of participant's accrued benefit payable to designated beneficiary as a ten year certain and life annuity of on such other basis as approved by the Board.

Deferred Retirement Option Program: The plan provides a Deferred Retirement Option Plan (DROP) for member having satisfied the normal retirement requirements. When the DROP period ends, not to exceed 60 months, employment must be terminated. The member must make an election of 1) Actual net rate of investment return (total return net of brokerage commissions, management fees and transaction costs) credited for each fiscal quarter, or 2) 6.5% per annum compounded monthly. Members may elect to change form of return 2 times during each 12 month period of DROP participation. The DROP balance as September 30, 2016 is \$13,911,474.

Contributions – Firefighters' Pension Plan

Employees contribute 10% of salary. The effective Member Contribution rate will vary each year as new members enter and members electing the buy up leave the plan. The City contributes the remaining amounts at actuarially determined rates that are designated to accumulate sufficient assets to pay benefits when due.

Net Pension Liability of the City - Firefighters' Pension Plan

The City's net pension liability was measured as of September 30, 2016, and the total pension liability used to calculate the net pension was determined by an actuarial valuation as of that date.

Total pension liability	\$ 196,822,130
Plan fiduciary net position	(148,103,521)
City's net pension liability	<u>\$ 48,718,609</u>
Plan fiduciary net position as a percentage of the total pension liability	<u>75.25%</u>

Actuarial Assumptions – Firefighters' Pension Plan

The total pension liability was determined by an actuarial valuation as of October 1, 2015 updated to September 30, 2016 using the following actuarial assumptions applied to all measurement periods.

Inflation	2.25%
Salary Increases	7.50%
Discount Rate	7.70%
Investment Rate of Return	7.70%

Mortality Rate Healthy Lives:

Female: RP2000 Generational, 100% Annuitant White Collar, Scale BB

Male: RP2000 Generational, 10% Annuitant White Collar /90% Annuitant Blue Collar, Scale BB

Mortality Rate Disabled Lives:

Female: 60% RP2000 Disabled Female set forward two years / 40% Annuitant White Collar with no setback, no projection scale.

Male: 60% RP2000 Disabled Male setback four years / 40% Annuitant White Collar with no setback, no projection scale.

The actuarial assumptions used in the October 1, 2015 valuation were based on the results of an actuarial experience study dated May 1, 2012.

The long-term rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class.

These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2016 are summarized in the following table:

<u>Asset Class</u>	<u>Long-term Expected Real Rate of Return</u>
US Large Cap Stocks	6.00%
US Small / Mid Cap Stocks	6.50%
International Equity	6.25%
U.S. Direct Real Estate	5.25%
Absolute Return	3.25%
US Aggregate Bond	2.00%

Discount Rate - Firefighters' Pension Plan

The discount rate used to measure the total pension liability was 7.70 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate – Firefighters' Pension Plan

The following presents the net pension liability of the City, calculated using the discount rate of 7.70%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	1% Decrease 6.70%	Current Discount Rate 7.70%	1% Increase 8.70%
Net pension liability	<u>\$ 75,236,323</u>	<u>\$ 48,718,609</u>	<u>\$ 27,284,232</u>

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – Firefighters’ Pension Plan

For the year ended September 30, 2016, the City recognized pension expense of \$9,645,921. At September 30, 2016, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 959,156	\$ 217,498
Changes in Assumptions	8,614,394	-
Net difference between projected and actual earnings on investments	3,310,856	-
Total	<u>\$ 12,884,406</u>	<u>\$ 217,498</u>

Amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended September 30,	
2017	\$ 3,281,240
2018	3,281,239
2019	3,639,608
2020	1,068,652
2021	1,396,169
Thereafter	-
	<u>\$ 12,666,908</u>

(B) Defined Contribution Plan

(1) General Employees Defined Contribution Pension Plan

The City established a single-employer defined contribution pension plan for department heads and administrative management general employees on April 23, 1997. Eligible members who were current members of the Municipal General Employees’ Pension Plan were given the irrevocable election to opt out of the old plan, and their accumulated contributions or future benefits, if vested, were rolled over into the new defined contribution pension plan.

The City has contracted with ICMA-RC to provide a 401(a) plan to all positions Grade 22 or higher as an alternative “opt-out” to the defined benefit retirement plan per City Ordinance 2-123.2(a)(2). This Defined Contribution plan has immediate 100% vesting and requires 8% of payroll contribution from the employee, matched by a 12% employer contribution. The employee chooses to directly manage his/her funds or to delegate the management via a preferred fund selection. The City contributed \$148,385 and the employees contributed \$104,886 during FY2016.

4. Other Postemployment Benefits (OPEB)

The City provides group health and life insurance benefits to its retired employees. All full-time regular employees are eligible for these benefits if actively employed by the City for 10 years, or as outlined in the personnel ordinance and union contracts, and meet the requirements as set forth by the City. As of September 30, 2016 there were 621 retirees receiving medical and life insurance benefits. The cost of

these benefits is paid by the City; retirees are responsible for dependent group health coverage, if selected by the retiree. The City finances the benefits on a pay-as-you-go basis and recognizes expenditures at the time premiums are due. The premiums for these benefits, not including the retirees' costs for dependent health coverage, totaled \$6,757,912 during fiscal year 2016. The City does not issue a separate financial report for the OPEB plan.

Funding Policy. Currently, the City's OPEB benefits are unfunded. That is, City Council has not determined if a separate Trust Fund or equivalent arrangement will be established into which the City would make contributions to advance-fund the obligation. However, the City did have an Actuarial Valuation for OPEB to measure the current year's subsidies and project these subsidies for decades into the future and making an allocation of that cost to different years.

Year Ended September 30,	Annual OPEB Cost	Amount Contributed	Percentage annual OPEB Cost	Net OPEB Obligation
2016	\$ 20,870,175	\$ 6,757,912	32.38%	\$ 149,071,734
2015	19,729,414	6,560,628	33.25%	134,959,471
2014	19,584,030	6,087,156	31.08%	121,790,685

Annual OPEB Cost and Net OPEB Obligation. The annual OPEB cost is the amount that was expensed for the fiscal year. Since the City's OPEB plan is primarily unfunded, the offset to that expense comes from subsidies paid on behalf of the current retirees and their dependents for the current year. This offset is called the Employer Contribution, and equals the total age-adjusted premiums paid by the City for coverage for the retirees and their dependents for the year (net of the retiree's own payments for the year). The cumulative difference between the Annual OPEB Cost for the year and the Employer Contribution for the year is called the Net OPEB Obligation. The Net OPEB Obligation is reflected as a liability in the Statement of Net Position.

	<u>9/30/2016</u>
Annual required contribution	\$ 22,219,770
Interest on net OPEB	5,398,379
Adjustment to ARC	<u>(6,747,974)</u>
Annual OPEB Cost	20,870,175
Employer Contribution Toward the OPEB Cost	<u>6,757,912</u>
Yearly change in OPEB Obligation	14,112,263
Net OPEB Obligation – Beginning of Fiscal Year	134,959,471
Net OPEB Obligation – End of Fiscal Year	<u>\$ 149,071,734</u>
Per Covered Active Employee	\$ 17,427
As % of Expected Payroll	31.1%

Early Retirement Incentive Program (ERIP). Effective July 1, 2008 the City introduced an Early Retirement Incentive Program providing certain employees with additional service credits for the purpose of calculating the pension benefit eligible and for determining eligibility for Early or Normal Retirement. As a result, 197 employees retired on or before December 31, 2008.

Funded Status and Funding Progress. As of October 1, 2015, the actuarial valuation date, the plan was zero percent funded. The actuarial accrued liability for benefits was \$255,488,318, and the actuarial value of assets was zero, resulting in an unfunded actuarial accrued liability (UAAL) of \$255,488,318. The expected payroll of active participants was \$59,748,851, and the ratio of the UAAL to the expected payroll was 357.18 percent.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funding status of

a plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial liabilities for benefits.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of the valuation and the historical pattern of sharing of benefit costs between the employer and plan members. Actuarial calculations reflect a long-term perspective. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the October 1, 2016, actuarial valuation, the frozen entry age normal cost method with an increasing normal cost pattern with salary increases of 7% per year declining to 5% for employees age 60 and older for general employees and 7.5% for police officers and firefighters, was used. The actuarial assumptions included a 4.0% investment rate of return (since there are no invested plan assets held in trust to finance the OPEB obligations, the investment return discount rate is the long-term expectation of investment return on assets held in City funds pursuant to its investment policy) and an annual healthcare cost trend rate. Monthly per capita costs for medical and RX benefits are assumed to increase each year. The per capital costs and premiums are expected to increase 7% after 1/01/2017. The UAAL, as calculated pursuant to the individual entry age actuarial cost method, is being amortized as a level percent of payroll on a closed basis. The assumed rate of payroll growth is 4.0%; the assumed general inflation rate is 2.5%.

5. Contingencies

The City is currently receiving, and has received in the past, grants which are subject to special compliance audits by the grantor agency and which may result in disallowed expense amounts. These amounts, if any, constitute a contingent liability of the City. The City does not believe any contingent liabilities are material. Accordingly, such liabilities are not reflected within the financial statements.

The City currently prepares rebate calculations on all debt subject to arbitrage per the United States Department of the Treasury Regulations, Section 1.148, and the Internal Revenue Service Code of 1986. Rebates, if any, are paid to the Internal Revenue Service every fifth year after the year of issuance. Within the five-year period, any positive arbitrage (liability) can be offset by any negative arbitrage (non-liability). The City does not believe there are any arbitrage contingent liabilities that are material.

The City is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the City's counsel the resolution of these matters will not have a material effect on the financial condition of the City.

6. Subsequent Event

In February 2017, the City issued \$62,595,000 of Special Obligation Refunding Revenue Bonds, Series 2017 for the purpose of refinancing a portion of the outstanding Special Obligation Bonds, Series 2007, the Special Obligation Bonds, Series 2008, and the Special Obligation Bonds, Series 2011. By refinancing the City will achieve \$8.3 million in savings through the life of the bonds through 2040. The savings in today's dollars (net present value savings) are \$6.7 million. Principal and interest on the obligations is secured by non-ad valorem funds budgeted and appropriated by City Council. Principal is paid annually through October 2040 with interest paid semiannually at rates ranging from 3.00% to 5.00%.

The accompanying notes to the required supplementary information - budget comparisons are an integral part of this schedule.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION – BUDGET COMPARISONS
September 30, 2016

Budgetary Basis

The City adopts an annual appropriated budget for the General Fund, the following Special Revenue Funds: gas tax, road impact fee, public safety impact fee, do the right thing, police confiscation-federal, police confiscation-state, criminal justice education, seawalls, park recreational facilities impact fee, community redevelopment agency (CRA), City Centrum business park, all hazards, alarm fee, Del Prado Mall parking lot, lot mowing, parks and recreation programs, waterpark, building, Community Development Block Grant, HUD Neighborhood Stabilization, local housing assistance, Residential Construction Mitigation Program, and debt service. Capital projects are budgeted over the length of the project except for the Hurricane Charley Disaster Improvement Fund. The budget to actual comparison for the general fund is presented on pages 103-104 of the required supplementary information and other governmental funds are presented on pages 128-152 of the combining statements.

Budgetary Information

The following procedures are used in establishing the legally adopted budgetary data reflected in the financial statements.

1. During July, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following October. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. On or before September 30 the budget is legally enacted by City Council through passage of an ordinance as required by City Charter, and an ordinance for setting the millage is passed as required by the State of Florida.
4. The City Manager can authorize changes within a fund. However, any other revisions require approval of the City Council. Various supplemental appropriations were approved by the Council during the fiscal year ended September 30, 2016.
5. Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America except for the reporting of encumbrances, capital leases, insurance damage claims, and sale of capital assets. Estimated cash balances from previous fiscal years that are available to support the annual operating budget are included in the adopted budget reflected as Balances Forward. Consistent with guidance by the State of Florida, the use of reserves is reported as expenditures in the budget. Annual appropriated budgets are adopted for the general, certain special revenue, and the debt service fund. Project-length financial plans and budgets are adopted for the capital projects funds except for the Hurricane Charley Disaster Improvement Fund.
6. Expenditures may not legally exceed appropriations at the fund level.
7. Beginning with the first amendment for the 2008 fiscal year, all available cash (not including capital projects) is now included within the budget. This has the affect of causing the budget to be greater than would have been the case in prior years even though expenditures may be less.

Note to Schedule:

Changes of Assumptions:

For measurement date 9/30/2016, as a result of Chapter 2015-157, Laws of Florida, the assumed rates of mortality were changed to the assumptions used by the Florida Retirement System for special risk employees.

The inflation assumption rate was lowered from 3.00% to 2.00%, matching the long-term inflation assumption utilized by the Plan's investment consultant.

Contributions as a Percentage of				
Covered Employee Payroll	43.01%	36.92%	41.00%	36.12%

Notes to Schedule:

Valuation Date: 10/01/14

Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Funding Method: Entry Age Normal Actuarial Cost Method.

The following loads are applied for determination of the Sponsor funding requirement:

Interest - half a year based on the current 7.75% assumption.

Salary - a full year based on the current average assumption of 6.82%.

Amortization Method: Level Percentage of Pay, Closed.

Remaining Amortization Period: 27 years (as of 10/01/2014).

Inflation: 2.00% per year.

Mortality: RP 2000 Combined Healthy (sex distinct), projected to valuation date using scale AA (previously static). Disabled lives are set forward 5 years.

Termination Rates:

Age	% Terminating During the Year
20	13.00%
30	10.00%
40	6.00%
50	5.70%
60	0.00%

Disability Rates:

Age	% Becoming Disabled During the Year
20	0.05%
30	0.06%
40	0.12%
50	0.43%
60	1.61%

Retirement Age:

Number of Years after First Eligibility for Normal Retirement	Probability of Retirement
0	10.00%
1	10.00%
2	10.00%
3	10.00%
4	10.00%
5	100.00%

Members with 25 or more years of Credited Service are assumed to retire immediately.

Early Retirement:

Commencing upon eligibility for Early Retirement, Members are assumed to retire with an immediate benefit at the rate of 2% per year.

Interest Rate:

7.75% per year, compounded annually, net of investment.

Salary Increases:

Age	Credit Service	Assumption
All	less than 20 years	7.00%
Under Age 50	20 or more years	5.80%
50-59	20 or more years	5.30%
60 and Older	20 or more years	5.00%

Payroll Increase:

Up to 5% per year.

Asset Valuation Method:

Each year, the prior Actuarial Value of Assets is brought forward utilizing the historical geometric 4-year average Market Value return. It is possible that over time this technique will produce an insignificant bias above or below Market Value.

Contribution Deficiency (Excess)	<u>\$ (318,277)</u>	<u>\$ (259,045)</u>	<u>\$ -</u>	<u>\$ -</u>
Covered Employee Payroll	\$ 15,813,229	\$ 18,006,886	\$ 12,835,801	\$ 13,471,634
Contributions as a Percentage of Covered Employee Payroll	49.02%	43.72%	58.72%	52.98%

Notes to Schedule:

Valuation Date: 10/01/14

Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Funding Method: Entry Age Normal Actuarial Cost Method.
The following loads are applied for determination of the Sponsor funding requirement:

Interest - half a year based on the current 7.75% assumption.

Salary - a full year based on the current average assumption of 7.24%.

Amortization Method: Level Percentage of Pay, Closed.

Remaining Amortization Period: 27 years (as of 10/01/2014).

Inflation: 2.25% per year.

Mortality: RP 2000 (combined healthy with no projection). Disabled lives are set forward 5 years. Based on a study of over 650 public safety funds, this table reflects a 10% margin for future mortality improvements

Normal Retirement:	Number of Years after First Eligible	Retirement Probability
	0-4	50%
	5 or more	100%

Early Retirement: Commencing at eligibility for Early Retirement (Age 40 with 10 years of Credited Service), Members are assumed to retire with an immediate benefit at the rate of 2% per year.

Disability Rates:

<u>Age</u>	<u>Rates</u>
20	0.153%
30	0.174%
40	0.363%
50	1.287%

It is assumed that 75% of Disability Retirements are service-related.

Asset Smoothing Methodology:

The Actuarial Value of Assets is brought forward using the historical four-year geometric average of Market Value Returns (net-of-fees). Over time, this may result in a deminis bias that is above or below the Market Value of Assets.

Termination Rates:

<u>Credited Service</u>	<u>Termination Probability</u>
0-1	7.5%
2-5	4.0%
More than 5 years	3.5%

Salary Increases:

<u>Credited Service</u>	<u>Assumption</u>
less than 5 years	10.0%
5-15 years	7.0%
more than 15 years	6.0%

Final Year Salary Load:

<u>Years of Credited Service as of February 7, 2012</u>	<u>Assumption</u>
0	No load
Less than 10 years	5.0%
10 or more years	10.0%

Interest Rate:

7.75% per year compounded annually, net of investment related expenses.

Payroll Growth Assumption:

5% per year (in 2014, capped at 4.08% per year as limited by historical 10 year payroll growth).

Net Pension Liability as a Percentage of Covered Employee Payroll	373.14%	320.03%	298.49%	336.30%

Notes to Schedule:*Changes in Excess State Money:*

The Excess State Monies Reserve as of September 30, 2013 will be available to the City to offset the Fiscal 2014 contributions.

• For valuation dates on and after October 1, 2013 and until such time that the Retirement Plan reaches 80% funded (based on the ratio of the Actuarial Value of Assets to Actuarial Accrued Liability) all future State Monies in excess of the current \$1,314,942 frozen amount will be split as follows:

50% will be available to defray the City's contribution requirement

50% will go towards accelerating the pay down of the Unfunded Actuarial Accrued Liability (UAAL)

Changes of Assumptions:

For measurement date 9/30/2016, as a result of Chapter 2015-157, Laws of Florida, the assumed rates of mortality were changed to the assumptions used by the Florida Retirement System for special risk employees.

The inflation assumption rate was lowered from 3.00% to 2.25%, matching the long-term inflation assumption utilized by the Plan's investment consultant.

The investment rate of return was lowered from 7.75% to 7.70% per year compounded annually, net of investment related expenses.

City of Cape Coral, Florida

**SCHEDULE OF CONTRIBUTIONS
MUNICIPAL FIRE EMPLOYEES**
Last 4 Fiscal Years

	2016	2015	2014	2013
Actuarially Determined Contribution Contributions in Relation to the Actuarially Determined Contribution	\$ 9,655,384	\$ 9,013,862	\$ 9,104,319	\$ 8,680,932
Contribution Deficiency (Excess)	9,806,793	9,013,862	9,188,304	8,680,932
	<u>\$ (151,409)</u>	<u>\$ -</u>	<u>\$ (83,985)</u>	<u>\$ -</u>
Covered Employee Payroll	\$ 13,056,409	\$ 14,588,691	\$ 12,722,509	\$ 12,097,174
Contributions as a Percentage of Covered Employee Payroll	75.11%	61.79%	72.22%	71.76%

Notes to Schedule:

Valuation Date: 10/01/14

Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Funding Method: Entry Age Normal Actuarial Cost Method.

The following loads are applied for determination of the Sponsor funding requirement:

Interest - half a year based on the 7.75% assumption.

Salary - a full year, based on the current 7.50% assumption.

Amortization Method: Level Percentage of Pay, Closed.

Remaining Amortization Period: 28 years (as of 10/01/2014).

Mortality: RP 2000 (combined healthy with no projection). Based on a study of over 650 public safety funds, this table reflects a 10% margin for future mortality improvements. Disabled lives set forward 5 years.

Interest Rate: 7.75% per year, compounded annually, net of investment related expenses.

Inflation: 2.25% per year.

Retirement Age: Earlier of Age 50 or the completion of 25 years of service. Also, any Member who has reached Normal Retirement is assumed to continue employment for one additional year.

Early Retirement: Commencing at eligibility for Early Retirement (age 40 with 10 years of service), Members are assumed to retire with an immediate benefit at the rate of 2% per year.

Disability Rates:	See table on this page. It is assumed that 75% of Disability Retirements are service-related.	
Termination Rates:	See table on this page.	
Benefit Cap Index:	1.0% assumption each year beginning in 2018.	
Asset Smoothing Methodology:	The Actuarial Value of Assets is brought forward using the historical four-year geometric average of Market Value Returns (net-of-fees). Over time, this may result in an insignificant bias that is above or below the Market Vale of Assets.	
Salary Increases:	7.5% per year.	
Final Year Salary Load:	Years of Credited Service as of February 7, 2012	Assumption
	0	No load
	Less than 10 years	5%
	10 or more years	10%
Payroll Growth:	5.0% per year (limited to 4.41% in 2014).	

Termination and Disability Rate Table:

Age	% Terminating During the Year	% Becoming Disabled During the Year
20	6.00%	0.051%
30	5.00%	0.058%
40	2.60%	0.121%
50	0.80%	0.429%

SCHEDULE OF INVESTMENT RETURNS

Last 4 Fiscal Years

	2016	2015	2014	2013
Annual Money Weighted Rate of Return Net of Investment Expenses	9.99%	-0.36%	9.48%	14.44%

Other Post Employment Benefits (OPEB)

Schedule of Funding Progress

Actuarial valuation date ¹	Actuarial value of plan assets (a)	Actuarial accrued liability (AAL) -entry age (b)	Unfunded AAL (UAAL) (b-a)	Funded ratio (a/b)	Covered payroll (c)	UAAL as a % of covered payroll ((b-a)/c)
10/1/2015	-	\$ 255,488,318	\$ 255,488,318	0.00%	\$ 71,526,048	357.20%
10/1/2013	-	248,564,599	248,564,599	0.00%	57,450,819	432.66%
10/1/2011	-	219,620,192	219,620,192	0.00%	58,315,070	376.61%

¹ As stated in GASB 45, *Accounting and Financial Reporting by Employers for Post Employment Benefits Other than Pensions*, OPEB plans with a total membership of 200 or more must have actuarial valuations at least biennially.

The Unfunded AAL, as calculated pursuant to the Individual Entry Age Actuarial Cost Method, is amortized as a level percent of payroll over a 28 year period. This amortization period is closed. The assumed rate of payroll growth is 4%. GASB Statement No. 45 requires that any such payroll growth assumption be based upon no increase in the number of active employees covered by the plan.

Schedule of Contributions from Employer

Year Ended September 30,	Annual OPEB cost	Amount contributed	Percentage annual OPEB cost	Net OPEB obligation
2016	\$ 20,870,175	\$ 6,757,912	32.38%	\$ 149,071,734
2015	19,729,414	6,560,628	33.25%	134,959,471
2014	19,584,030	6,087,156	31.08%	121,790,685

Combining Statements & Schedules

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

- Gas Tax Fund – used to account for the Local Option (6¢) and New Local Option (5¢) Taxes which are used for construction of new roads, reconstruction or resurfacing of existing paved roads, and related items.
- Road Impact Fee Fund – used to account for the impact fees that are used to provide new roads.
- Public Safety Impact Fee Fund – used to account for Police Protection, Advanced Life Support, and Fire & Rescue impact fees which are used for the purchase of capital improvements consisting of land, buildings, vehicles, and equipment for police protection services, advanced life support program and fire public safety facilities.
- Do The Right Thing – this program is sponsored by the Police Department and rewards the youth population in the community for “doing the right thing”. This fund was established to account for the program donations that are used to offset the operating expenses of the program to include prizes and rewards for the program recipients.
- Police Confiscation-Federal Fund – used to account for monies received from federal confiscation cases and used to purchase equipment for the Police Department.
- Police Confiscation-State Fund – used to account for monies received from the sale of confiscated items in nonfederal cases and used to purchase equipment for the Police Department. This also includes the Police Evidence Fund.
- Criminal Justice Education Fund – used to account for monies received from the assessment of mandatory court costs and used for criminal justice education and training.
- Seawalls Fund – used to account for the collection of special assessments after the construction of seawalls.
- Park Recreational Facilities Impact Fee Fund – used to account for impact fees which are used to provide recreational park facilities.
- City Centrum Business Park Fund – is used to account for monies collected from agencies that occupy the facilities.
- All Hazards Fund – used to account for monies collected by Lee County in the All Hazards Protection District for the funding of shelters, emergency preparedness, and hazardous material response programs.
- Alarm Fee Fund – is used to account for fees and fines collected by the City in connection with initial installation and false alarms thereafter.
- Del Prado Mall Parking Lot Fund – is used to account for collection of special assessments for the Del Prado Mall parking lot.
- Lot Mowing Fund – is used to account for the mowing of vacant unimproved property.
- Parks and Recreation Fund – is used to account for the recreational programs for individuals of various ages, skill levels, interests, social needs, and economic capabilities, that collectively enhance the overall quality of life within the City.
- Waterpark Fund –used to account for the operations of the City's Sun Splash Family Water Park and Aquatic Facility.

- Building Fund – used to account for the activities of the building and permitting services of the Department of Community Development as related to the construction of buildings and related structures within the City of Cape Coral.
- Community Development Block Grant (CDBG) Fund – used to account for monies received from the U.S. Department of Housing and Urban Development for community development.
- HUD Neighborhood Stabilization Fund – used to account for monies received from the U.S. Department of Housing and Urban Development to provide targeted emergency assistance to the City to acquire and redevelop foreclosed properties that might otherwise become sources of abandonment and blight within the community.
- Local Housing Assistance (S.H.I.P.) Fund – used to account for monies received from the State Housing Initiatives Partnership Program to provide assistance to low and moderate income families for the purpose of obtaining affordable housing in the City.
- Residential Construction Mitigation Program Fund – used to account for monies received from the Florida Division of Emergency Management Residential Construction Mitigation Program (RCMP) to improve the wind resistance of residences.

CAPITAL PROJECTS FUNDS

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

- Hurricane Charley Disaster Improvement Fund – used to account for the clean-up from Hurricane Charley.
- Parks Capital Improvements Fund - used to account for the improvements at various parks.
- Other Capital Improvements Fund - used to account for the following projects:
 - Fire Station Construction – used to account for the design and construction of fire stations.
 - Public Works Capital Improvements Fund – used to account for the various capital improvements including the sign/stripping building replacement, project planning, and enhancements to the Chiquita boat lock and Ceitus boat lift.
 - Academic Village – used to account for the improvement of the academic village.
 - Computer System – used to account for enhancements and upgrades to various computer systems.

PROPRIETARY FUNDS

NONMAJOR ENTERPRISE FUNDS

Enterprise funds are used to account for activity for which a fee is charged to external users for goods or services.

- Yacht Basin Fund – used to account for the operations of the City’s public marina and docks.
- Golf Course Fund – used to account for the operations of the year-round municipal golf facility which includes the clubhouse, greens, and restaurant operations.

INTERNAL SERVICE FUNDS

Internal service funds are used to account for activity that provides goods or services to other funds, departments or agencies of the primary government and its component units on a cost-reimbursement basis.

- Workers Compensation Insurance Fund – used to account for self-insurance of workers compensation.
- Property and Casualty Insurance Fund – used to account for the City’s risk management activity for auto liability, property and contents loss, and general liability.
- Facilities & Fleet Management – used to account for the costs of operation for the repair and maintenance of city owned/leased vehicles, equipment, and buildings. Such costs are billed to other departments.
- Self-funded Health Insurance – used to account for the self-funded medical health insurance plan.

FIDUCIARY FUNDS

AGENCY FUNDS

Agency Funds are used to account for assets held in an agency capacity for others and therefore cannot be used to support the City's own programs.

- School Impact Fee Fund – used to account for the City's collection of school impact fees for the Lee County School Board at the time of building permit issuance.
- Solid Waste Fund – used to account for the City's collection of solid waste fees.

Statistical Section

STATISTICAL SECTION (Unaudited)

This part of the City of Cape Coral, Florida's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends	164
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	
Revenue Capacity	169
These schedules contain information to help the reader assess the factors affecting the City's most significant local revenue source, the property tax.	
Debt Capacity	174
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future. The City has no legal debt margin and therefore it is not reported in these schedules.	
Demographic and Economic Information	178
These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	
Operating Information	181
These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	

Source: Unless otherwise noted, the information in these schedules was obtained from the Comprehensive Financial Reports for the relevant year. The City implemented GASB Statement 34 in 2002; schedules presenting government-wide information include information beginning in that year.

Property taxes are levied on November 1 of each year, and are due and payable upon receipt of the notice of the levy. A 4% discount is allowed if the taxes are paid in November, with the discount declining by 1% each month thereafter. Accordingly, taxes collected will not be 100% of tax levy. Taxes become delinquent on April 1 of each year, and tax certificates for the full amount of any unpaid taxes and assessments are sold at public auction prior to June 1 of each year, and the proceeds collected are remitted to the City.

³ Includes refunds and corrections from tax collector.

⁴ Year 2016 includes only boat slips that are available for rent. It does not include slips used by law enforcement.

Single Audit

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Mayor and
Members of the City Council
City of Cape Coral, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Cape Coral, Florida (the City) as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated March 29, 2017. The financial statements of the discretely presented component unit as of and for the year ended June 30, 2016 were audited by us. We issued a separate report dated October 13, 2016. Therefore, this report does not include reporting on the internal control over financial reporting or compliance and other matters included in that separately issued report. The financial statements of the Municipal General Employees' Pension Plan, the Municipal Police Officers' Pension Plan, and the Municipal Firefighters' Pension Plan were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that may not have been identified.

Honorable Mayor and
Members of the City Council
City of Cape Coral, Florida

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND STATE PROJECT AND REPORT ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND
CHAPTER 10.550, RULES OF THE AUDITOR GENERAL**

Honorable Mayor and
Members of the City Council
City of Cape Coral, Florida

Report on Compliance for Each Major Federal Program and State Project

We have audited the City of Cape Coral, Florida's (City) compliance with the types of compliance requirements described in *OMB Compliance Supplement* and the requirements described in the Florida Department of Financial Services' *State Projects Compliance Supplement*, that could have a direct and material effect on each of the City's major federal programs and state projects for the year ended September 30, 2016. The City's major federal programs and state projects are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

The City's basic financial statements include the operations of the Cape Coral Charter School Authority (Authority) which received \$629,253 in federal awards which is not included in the schedule during the year ended September 30, 2016. Our audit, described below, did not include the operations of the Authority because the Authority's financial statements were audited separately.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal awards and state financial assistance applicable to its federal programs and state projects.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs and state projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Chapter 10.550, Rules of the Auditor General. Those standards, the Uniform Guidance and Chapter 10.550, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state project occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

Honorable Mayor and
Members of the City Council
City of Cape Coral, Florida

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state project. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program and State Project

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2016.

Report on Internal Control Over Compliance

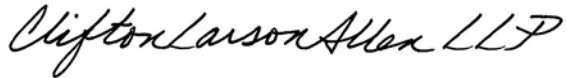

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on its major federal programs and state projects to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for its major federal programs and state projects and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Honorable Mayor and
Members of the City Council
City of Cape Coral, Florida

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550. Accordingly, this report is not suitable for any other purpose.

**NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
AND STATE FINANCIAL ASSISTANCE**

September 30, 2016

NOTE 1. PURPOSE OF THE SCHEDULE

The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance (the Schedule) is a supplementary schedule to the City's basic financial statements and is presented for purposes of additional analysis. The Schedule is required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), and Section 215.97, Florida Statutes.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

Federal Financial Assistance – Pursuant to the Single Audit Act of 1984 (Public Law 98-502), the Single Audit Act Amendments of 1996 (Public Law 104-156), and Uniform Guidance, federal financial assistance is defined as assistance provided by a federal agency, either directly or indirectly, that nonfederal entities receive or administer, in the form of grants, contracts, cooperative agreements, loans, loan guarantees, property interest subsidies, insurance, or direct appropriations.

State Financial Assistance – Pursuant to Florida Single Audit Act (Section 215.97, Florida Statutes) and Chapter 691-5, Rules of the Florida Department of Financial Services, Florida Administrative Code, state financial assistance is defined as assistance from state resources, not including federal financial assistance and state matching, provided to nonstate entities to carry out a state project. State Financial Assistance includes all types of state assistance as stated in the rules of the Department of Financial Services, established in consultation with the Comptroller and appropriate state agencies that provide state financial assistance. It includes state financial assistance provided directly by state awarding agencies or indirectly by recipients of state awards or subrecipients. It does not include procurement contracts used to buy goods or services from vendors.

Catalog of Federal Domestic Assistance – Uniform Guidance requires the Schedule to present the total expenditures for each of the City's federal financial assistance programs as identified in the Catalog of Federal Domestic Assistance (CFDA). The CFDA is a government-wide compendium of individual federal programs. Federal financial assistance programs that have not been assigned a CFDA number are indicated with an "N/A."

Catalog of State Financial Assistance – Chapter 691-5, Rules of the Florida Department of Financial Services, Florida Administrative Code requires the Schedule to present the total state financial assistance expended for each individual state project as identified in the Catalog of State Financial Assistance (CSFA). The CSFA is a comprehensive listing of state projects. State financial assistance projects that have not been assigned a CSFA number are indicated with an "N/A."

B. Type A and Type B Programs

The Single Audit Act Amendments of 1996 and Uniform Guidance establish the levels of expenditures to be used in defining Type A and Type B federal financial assistance programs. Type A assistance programs for the City of Cape Coral are those programs that exceeded \$750,000 for federal assistance and \$300,000 for state projects for the year ended September 30, 2016.

All local governments that expend \$750,000 or more a year in federal financial assistance for fiscal years beginning after January 1, 2015 must undergo a single audit conducted in compliance with Uniform Guidance.

Each nonstate entity that expends a total amount of state financial assistance equal to or in excess of \$750,000 in fiscal years beginning after January 1, 2015 is required to have a state single audit for such fiscal year in accordance with the requirements of the Florida Single Audit Act (Section 215.97, Florida Statutes).

City of Cape Coral

**NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
AND STATE FINANCIAL ASSISTANCE**
September 30, 2016

C. Reporting Entity

The Schedule includes all federal financial assistance programs and state projects administered by the City of Cape Coral and included in the City's Comprehensive Annual Financial Report. It specifically excludes federal financial assistance programs and state projects received by the discretely presented component unit, the Cape Coral Charter School Authority.

D. Basis of Accounting

Expenditures included in the Schedule are reported using the modified accrual basis of accounting for governmental funds and the accrual basis of accounting for enterprise funds as defined in Note I to the basic financial statements.

NOTE 3. SUBRECIPIENTS

Of the federal expenditures presented in the Schedule, the City of Cape Coral provided federal awards to subrecipients as follows:

<u>Program Title</u>	<u>Federal CFDA Number</u>	<u>Amount Provided to Subrecipients</u>
Community Development Block Grant - Entitlement Grants	14.218	\$ 859,281
Neighborhood Stabilization Program	14.218	289,053
		<u>\$ 1,148,334</u>

Of the state expenditures presented in the Schedule, the City of Cape Coral provided state financial assistance to subrecipients as follows:

<u>Program Title</u>	<u>Federal CFDA Number</u>	<u>Amount Provided to Subrecipients</u>
State Housing Initiatives Partnership Program (S.H.I.P.)	40.901	\$ 824,129
Residential Construction Mitigation Program (R.C.M.P.)	31.066	346,213
Total		<u>\$ 1,170,342</u>

The City has not elected to use the 10 percent de minimus cost rate allowed under the Uniform Guidance

City of Cape Coral

AND STATE FINANCIAL ASSISTANCE**

September 30, 2016

NOTE 4. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

Federal financial assistance expenditures are included in the City's basic financial statements as follows:

	<u>Expenditures</u>
General Fund	\$ 196,082
Special Revenue Funds:	
Community Development Block Grant (CDBG)	947,994
HUD Neighborhood Stabilization	460,615
Parks and Recreation - Special Populations	205,865
Department of Justice Joint Law Enforcement Operations	269,529
Capital Improvement Funds:	
Transportation = Sidewalk Construction	<u>1,386,465</u>
	<u><u>\$ 3,466,550</u></u>

State financial assistance expenditures are included in the City's basic financial statements as follows:

	<u>Expenditures</u>
Special Revenue Funds:	
Parks and Recreation - Special Populations & Transportation	\$ 56,532
Local Housing Assistance Fund - State Housing	
Initiatives Partnership Program (S.H.I.P.)	869,176
Residential Construction Mitigation Program	<u>357,329</u>
	<u><u>\$ 1,283,037</u></u>

Management Letter

MANAGEMENT LETTER

Honorable Mayor and City Council
City of Cape Coral, Florida

Report on the Financial Statements

We have audited the financial statements of the City of Cape Coral, Florida (City) as of and for the fiscal year ended September 30, 2016, and have issued our report thereon dated March 29, 2017.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (Uniform Guidance); and Chapter 10.550, Rules of the Auditor General.

Other Reports and Schedule

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditors' Report on Compliance for Each Major Federal Program and State Project and Report on Internal Control over Compliance; Schedule of Findings and Questioned Costs; and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, Section 601, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated March 29, 2017, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. The status of prior year's findings and recommendations are listed in Appendix A.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The City discloses this information in the notes to the financial statements.

Financial Condition

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require that we apply appropriate procedures and report the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Annual Financial Report

Section 10.554(1)(i)5.b. and 10.556(7), Rules of the Auditor General, require that we apply appropriate procedures and report the results of our determination as to whether the annual financial report for the City for the fiscal year ended September 30, 2016, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2016. In connection with our audit, we determined that these two reports were in agreement.

Special District Component Units

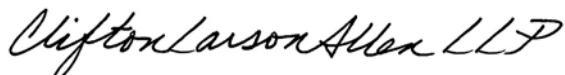

Section 10.554(1)(i)5.d., Rules of the Auditor General, requires that we determine whether or not a special district that is a component unit of a county, municipality, or special district, provided the financial information necessary for proper reporting of the component unit, within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. The City does not have any special district component units.

Other Matters

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the City Council, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.

Independent Accountants Report

INDEPENDENT ACCOUNTANTS' REPORT

Honorable Mayor and
Members of the City Council
City of Cape Coral, Florida

We have examined the City of Cape Coral, Florida's (City) compliance with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2016. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2016.

This report is intended solely for the information and use of the City and the Florida Auditor General and is not intended to be, and should not be used by anyone other than these specified parties.

CliftonLarsonAllen LLP
