Honorable Members of the Board of County Commissioners,
Constitutional Officers and Citizens of Polk County, Florida

We are pleased to present to you the Comprehensive Annual Financial Report (CAFR) of Polk County, Florida for the fiscal year ended September 30, 2016. The financial activities of the Board of County Commissioners and the Constitutional Officers as well as the Harden/Parkway, Polk Commerce Centre and Eloise Community Development Agencies, which are blended component units, are included in the CAFR.

The Clerk of the Circuit Court, by authority of the Constitution of the State of Florida, serves as the Chief Financial Officer of the County and is responsible for both the accuracy of the presented data as well as the completeness and fairness of the presentation, including all disclosures. We believe the data, as presented, is accurate in all material aspects, that it is presented in a manner designed to fairly set forth the financial position and results of operations of the County, and that all disclosures necessary to enable the reader to obtain a comprehensive understanding of the County have been included.

Internal accounting controls for the County have been designed to provide reasonable assurance regarding the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and the evaluation of costs and benefits requires estimates and judgments by management.

Chapter 218.39 of the Florida Statutes requires an annual financial audit of counties in the state. In addition to meeting the requirements set forth in the state statutes, the County's audit was designed to meet the requirements of the Government Auditing Standards, the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations ("single audit"), 2 CFR 200 (Federal Uniform Grant Guidance), and the Rules of the Auditor General Chapter 10.550.

The County's financial statements have been audited by CliftonLarsonAllen, LLP. The audit was performed to provide reasonable assurance that the financial statements for the fiscal year ended September 30, 2016, are free from material misstatement. The independent auditors concluded that there was a reasonable basis for rendering an unmodified opinion that the County's financial statements for the fiscal year ended September 30, 2016, are fairly presented in conformity with generally accepted accounting principles (GAAP). The Independent Auditors' Report is located at the front of the Financial Section of this report on page B-1. The independent auditors' reports related specifically to Government Auditing Standards and the single audit are included in the Compliance Section.

Management's Discussion & Analysis (MD&A) provides a narrative introduction, overview, and analysis of the basic financial statements and begins on page C-1. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

COUNTY PROFILE

Polk County, Florida, is a political subdivision of the State of Florida. On November 3, 1998, the citizens of Polk County adopted a Home Rule Charter in accordance with the Constitution and Statutes of the State of Florida. The Home Rule Charter assumed all powers and duties on the first day of January 1999. The Home Rule Charter sets forth a "commission" form of government under which a five member Board of County Commissioners is elected to serve as the executive and legislative body for the County.

The Commissioners appoint a County Manager whose duties include the administration of directives and policies of the Commissioners, responsibility for the operation of all business centers and the provision of services under the purview of the Commissioners. The citizens of the County also elect a Sheriff, a Clerk of the Circuit Court and County Comptroller, a Supervisor of Elections, a Tax Collector and a Property Appraiser whose responsibilities and duties are not altered by this Home Rule Charter. The Constitutional Officers perform their executive and administrative functions as specified by law.

Formal budgetary integration is employed as a management control device during the year for all fund types. The Constitutional Officers submit, at various times, to the Board and to certain divisions within the State of Florida Department of Revenue, a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them as set forth in Chapter 129 of the Florida Statutes.

Constitutional Officers and all departments of the Board of County Commissioners submit their proposed budgets to the Budget and Procurement Division for assistance, review and compilation. The County Manager then reviews the budgets of all County departments and Constitutional Officers and makes his budget recommendation to the Board of County Commissioners on or before July 15 of each year. The tentative budget includes proposed appropriations and the means of financing them.

During September, public hearings are held pursuant to Section 200.065, Florida Statutes, in order for the Board to receive public input on the tentative budget. At the end of the last public hearing, the Board adopts resolutions, at the fund level, to approve the budgets for all governmental fund types. The budgets legally adopted by the Board set forth the anticipated revenues by source and the appropriations by function. Budgets for enterprise and internal service funds are adopted on a basis consistent with generally accepted accounting principles. Computerized integrated budget reports are used for management control purposes throughout the year. Management is authorized to transfer budgeted amounts between cost centers and divisions in any fund as long as the total appropriations of a fund are not exceeded. Board approval is required to appropriate reserves and to amend the budget when unanticipated revenues are received that management wishes to have appropriated, thereby increasing the total appropriations of a fund. The appropriations lapse at the close of the fiscal year.

Polk County is the geographical center of the State of Florida and is Florida's ninth most populous county with an estimated population of 646,989, an increase of 7.5% since 2010. With 2,011 square miles of total area, Polk County is the fifth largest county in the state and has 17 municipalities of which Lakeland is the largest. The County has the second largest water area for a non-coastal county in Florida with 213 miles of lakes, rivers and streams. From the County's vivid wildlife in places like the Circle B Bar Reserve to its delicate ecosystems on the Lake Wales Ridge, Polk County's natural resources are an attraction to many. The County has some of the best fishing, boating, and golfing in the country. Polk County also has numerous institutions of higher education including technical schools, community colleges, and public and private universities. One of these, Florida Polytechnic University, which opened in August 2014, is

Florida's only public university dedicated to science, technology, engineering and mathematics (STEM) and is one of the largest development projects in Polk County's history.

Polk County offers many services to its citizens including fire, law enforcement and emergency medical activities; construction and maintenance of street and traffic systems, highways, bridges and other infrastructure; preservation and maintenance of lakes, parks and environmentally sensitive lands; recreational facilities, programs and cultural activities; comprehensive planning and community development; community information and education programs; health and human services; water and wastewater utilities; solid waste collection and disposal facilities; storm water utility facilities; and public transportation.

LOCAL ECONOMY

The local economy has been steadily improving since the recession. Taxable values have increased every year since 2014, and increased by 5.8% in fiscal year 2016. In fiscal year 2014, the County experienced record tourism tax collections which have continued to increase each year and increased by 13.2% in fiscal year 2016. In addition, sales tax revenues increased by 8.2%, state revenue sharing by 3.3% and gas tax revenues by 5.4% in 2016.

The largest employers in the County by industry are trade, transportation and utilities (24.4%); education and health services (14.8%); and government (13.2%). The unemployment rate in the County was 5.9% in September 2016 compared to 6.2% the year before but remains higher than the state average of 5.0% and the national average of 4.9%.

Historically known for its citrus and phosphate mining industries, the economy in Polk County has diversified in recent years into health care, light manufacturing, distribution and tourism. While phosphate mining has been declining, fertilizer manufacturing remains steady due to the industry's significant infrastructure investment and mining reserves in adjacent counties. A relatively low cost of living and attractive tax rates make Polk County a great location in which to do business. In addition, its central location and proximity to Tampa and Orlando and the extensive transportation system of highways, rail, and nearby airports and deep water ports have facilitated the County's rapidly expanding export base. Major corporations such as Publix Supermarkets, JC Penney and Haverty's have selected Polk County as their headquarters or as sites of major warehousing, manufacturing, or distribution centers; and in 2014, Amazon opened its first fulfillment center in Florida in Polk County.

LEGOLAND opened a theme park in Polk County in 2011, completed a major expansion in 2015, and will complete another expansion in 2017. The historic Bok Tower Gardens finished a large \$16 million expansion and restoration project in 2016. In 2013, Streamsong Golf Resort and Spa opened in Polk County and will add a third golf course in autumn 2017 making the resort the only location in the world where guests can enjoy three distinct courses designed by four legendary architects. The Miss Florida Pageant signed a five-year contract to hold the Miss Florida and Miss Florida Outstanding Teen pageants in Polk County beginning in 2016. In addition, Joker Marchant Stadium, the spring training home of the Detroit Tigers, completed a series of dramatic improvements in early 2017 that have enhanced the fan experience and transformed it to a highly functional year-round training and rehabilitation facility.

LONG-TERM FINANCIAL PLANNING

Polk County is focused on strategic, long-term decision making and committed to fiscal responsibility, and has developed a strategic business plan that will provide the framework to guide the County in this direction. This plan focuses on several key business units that required policy decisions on significant funding and service level issues that are anticipated to occur in the next five years. The work on this plan will help direct the budget process in future years. The County prepares a biennial budget and 5-year projections to enhance long term financial planning.

RELEVANT FINANCIAL POLICIES

Fund Balance Policy

The County's budgetary goal is to maintain a fund balance in the General Fund of 60 days or 16 percent of the operating budget for adequate cash flow and emergency purposes. The Enterprise Funds are budgeted to maintain a minimum of 30 to 60 days of operating expenditures plus debt service requirements. During times of economic recession, it may not be practical to maintain these levels but, in those instances, the County's goal is to restore these levels as funds can be made available.

Community Investment Program Policy

Polk County has a Capital Improvement Program that is a five-year plan for capital/infrastructure projects. The program identifies anticipated projects, schedules, costs, revenue sources, comprehensive plan information, and future operating impacts and presents the proposed projects to the Board in August for discussion and input before requesting approval in September.

Cash Management Policies and Practice

In accordance with Section 218.415, Florida Statutes, the County adopted an investment policy that guides the investment of County surplus funds. This policy establishes investment objectives, maturity and liquidity requirements, portfolio composition, risk and diversification requirements, and authorized investments. The primary objectives of investment activities are to preserve capital and maintain sufficient liquidity to meet anticipated cash flow needs. The secondary objective is to obtain competitive returns on the investment of County surplus funds.

During the past fiscal year, Polk County, under the direction of the Clerk of the Circuit Court and County Comptroller, maintained a yield on the actively managed investment portfolio of 1.31 percent compared to an average yield of 0.54 percent for the Florida Prime (also known as State Board of Administration or SBA). The yield difference of 77 basis points is a result of the Clerk's active management and diversification of the portfolio. Further information regarding the County's cash and investments can be found in Note 3 of the financial statements.

Outstanding debt is continually monitored in relation to existing conditions in the debt market. When sufficient cost savings can be realized, the debt may be refunded.

Risk Management

The County is exposed to various risk of loss related to theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. A self-insurance program is effectively maintained by the County to administer insurance activities related to workers' compensation insurance, general and employment practices liability, auto liability, and employee health. Additional information regarding Risk Management can be found in Note 7 of the financial statements.

INITIATIVES

Key economic indicators continue to improve in Polk County. This is the third consecutive year that both sales and property tax revenue has grown. Home sales have improved, the number of building permits for new construction is on the upswing, and unemployment is down. Public safety is one of the most important services Polk County provides for its residents. During the economic downturn, the Sheriff and Polk County Fire Rescue controlled expenses and found innovative ways to sustain service levels. However, with a growing population driving increased service demands, the budget helps strengthen these vital public safety services.

Each year, the Polk County Board of County Commissioners holds an annual retreat to discuss and provide direction on key strategic issues. The Board has focused on being fiscally responsible in balancing the budget while still meeting the needs of the citizens. In addition to the direction from the Board, there are underlying citizen perspectives that are considered to help guide the budget process every year.

Several years ago, input received from citizens helped to establish seven result areas that captured what citizens expect from government. These result areas continue to help guide the budget and budget process as we focus on providing the services that our citizens desire. The following highlights not only the result areas but also various accomplishments:

Basic Needs – All Polk County residents who are at risk because of their health or economic status will get their basic needs met, and become as self-sufficient as possible. Many services are funded by a voter approved Indigent Health Care half-cent sales tax. The County has:

- provided healthcare for 38,118 low income residents living at or below 200 percent of the Federal poverty level.
- reported more than 67,000 volunteer hours through free clinics funded by the indigent health care sales surtax.
- provided a value of about \$5 in services for every \$1 of indigent healthcare sales tax funds spent on healthcare for Polk County residents

Economic Development – Well-paying jobs and business opportunities will be available in Polk County and people will be appropriately trained and educated to take advantage of them. The County has:

- generated more than a \$1.5 billion economic impact for Polk County through tourism and sports marketing. As a result of aggressive demand driving strategies, Polk County has had two consecutive record setting years for tourism taxes collections.
- in cooperation with several municipalities within Polk County, developed a capital investment plan consisting of five major tourism projects which are expected to bolster and sustain Polk County's economic future. The five projects include: expansion and/or renovations at the Lake Myrtle Sports complex, Joker Marchant Stadium, the Lakeland Center, the Winter Haven Conference Center/Fieldhouse, and the Ft. Meade Heritage and Equestrian Center. The first project was completed in 2016, the second in February 2017 and the others are all well into the planning stages.

- provided an ad valorem tax exemption to 15 new or expanding businesses in Polk County since May 2013, which is estimated to create 1,115 incentivized new jobs for citizens and will add \$574.4 million of new commercial construction to the County's tax roll.
- cooperatively worked with Economic Development agency on 10 projects, to create an estimated 605 jobs and \$89 million in capital investment.

Recreation and Cultural Arts – Polk County offers safe, plentiful and diverse recreation and cultural arts opportunities. The County has:

- provided recreational and cultural programs and events to an estimated 97,125 participants.
- maintained 186 square feet per person of interior cultural arts space and 6.3 acres per 1,000 persons for outdoor recreation not including Polk County Preserves.

Good Government – Citizens can trust that government is well run and is a good steward of their tax dollars. The County has:

- decreased the Countywide millage rate by .085 mills due to the sunset of the Environmental Lands Millage. Property value increases brought in around \$8.5 million in new General Fund ad valorem tax revenue that has been invested in critical Public Safety Services and Emergency Medical Services to better serve Polk County Citizens.
- maintained a competitive tipping fee at Polk County's North Central Landfill that can be continued at its current level for a minimum of five years and provide a \$4 million annual dividend for other uses. The FY 2015/2016 budget used the landfill dividend to partially fund two facility projects: a parking garage at the downtown Bartow government complex and new office/warehouse space for the Supervisor of Elections. Without this dividend, bond financing would have been required for these projects. Beginning in FY 2016/2017, the annual dividend can be used to address a long-standing, critical need to fund an asset management program for Polk County's four million square feet of facilities.
- continued to provide one of the lower prices of government to its citizens (sum of taxes, fees and charges for services divided by total personal income) compared to its neighboring counties based on the latest data.

Natural Resources and Environment – Polk County will have clean and plentiful natural resources for a healthy environment. The County has:

- treated over 1.2 million acres for adult mosquitoes and over 4,400 acres for mosquito larvae.
- provided over 14,000 acres of County environmentally sensitive lands for recreational opportunities.

Growth/Infrastructure – Polk County will grow in a manner and pace that County residents find desirable and allows them to move around the County safely and without excessive congestion. The County has:

- maintained 2,683 miles of roads including mowing right of ways, grading unpaved roads, cleaning drainage ditches, and providing other needed roadway repairs.
- added 1,412 new water connections, 1,460 new wastewater connections and 501 new reclaim connections which indicates that the customer base is continuing to grow.

Safety – People will feel safe from crime, fire, and the effects of natural disasters. The County has:

- reduced the number of crimes by 5.42% and the overall crime rate (crimes per 100 citizens) is down 6.6%. This decline continues a trend of seven consecutive years of lower crime and crime rates within this jurisdiction. Non-violent crime is down from 7,308 in 2014 to 6,791 in 2015.
- added two new ambulances in the greater Winter Haven, Dundee, Lake Hamilton area and upgraded two part-time ambulances to 24-hour service in Lakeland in order to reduce emergency medical response times.
- completed permitting, engineering services, utility infrastructure and site improvements for the installation of a temporary modular building and vehicle canopy to create the West Frostproof Temporary Fire Station. This provides temporary quarters for both Emergency Medical Services and Fire Services for this area.

AWARDS AND ACKNOWLEDGEMENTS

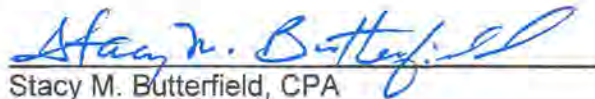

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Polk County, Florida, for its Comprehensive Annual Financial Report for the fiscal year ended September 30, 2015. In order to be awarded a Certificate of Achievement, a government must go beyond the minimum requirements of GAAP and prepare a CAFR that evidences the spirit of transparency and full disclosure.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

We are very proud that Polk County has been the recipient of this award for the last 36 consecutive years – a record that only one other county in Florida exceeds.

A comprehensive annual financial report of this nature could not have been prepared on a timely basis without the dedicated efforts of all staff members concerned. We would like to thank the entire staff of the Comptroller Division of the Clerk of the Circuit Court and County Comptroller of Polk County for their invaluable assistance in the preparation of this report. We would also like to thank the Board of County Commissioners and their staff, and the other Constitutional Officers for their personal interest and dedicated support in planning and conducting the financial operations of the County in a responsible and progressive manner. We would also like to recognize our auditors, CliftonLarsonAllen, LLP, for their continuing support in helping us achieve the Certificate of Achievement for Excellence in Financial Reporting.

Sincerely,

Stacy M. Butterfield, CPA

INDEPENDENT AUDITORS' REPORT

Honorable Board of County Commissioners
Polk County, Florida
Bartow, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Polk County, Florida (the County), as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the entity's basic financial statements as listed in the table of contents. We have also audited the financial statements of Harden/Parkway Community Redevelopment Agency Fund, Polk Commerce Centre Community Redevelopment Agency Fund, and the Eloise Community Redevelopment Agency Fund in the accompanying combining and individual fund financial statements as of and for the year ended September 30, 2016, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Tax Collector, Polk County, Florida, which represents 1.94% and 5.43%, respectively, of the assets and revenues of the general fund, and 0.06% and 2.92%, respectively, of assets and revenues of the governmental activities. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Tax Collector, Polk County, Florida, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

Auditors' Responsibility (Continued)

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information of the County, as of September 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof, and the budgetary comparison to the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly in all material respects, the respective financial position of the Harden/Parkway Community Redevelopment Agency Fund, Polk Commerce Centre Community Redevelopment Agency Fund, and the Eloise Community Redevelopment Agency Fund of the County as of September 30, 2016, and the respective changes in financial position and budgetary comparison thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis, and the schedule of funding progress – other postemployment benefits, schedules of the County's proportionate share of the net pension liability and of its contributions – pension plans on pages C-1 to C-15 and F-1 to F-6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, the combining and individual fund financial statements and schedules, the statistical section, and other supplemental schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and other supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 21, 2017 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

**POLK COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED SEPTEMBER 30, 2016**

Polk County's discussion and analysis provides a narrative overview and easily readable analysis of the County's financial activities. The analysis provides summary financial information for the County and should be read in conjunction with the transmittal letter and the County's financial statements.

FINANCIAL HIGHLIGHTS

- Total net position decreased by \$22.3 million during the current fiscal year. There was a decrease of \$52.2 million in the governmental activities and a \$29.9 million increase in business-type activities.
- The total assets and deferred outflows of the primary government exceeded total liabilities and deferred inflows (net position) by \$3,680.8 million at 2016 fiscal year-end compared to \$3,703.1 million the prior year. Unrestricted net position for governmental activities was a deficit of \$199.4 million in 2016 and a deficit \$163.4 million in 2015. For business-type activities, unrestricted net position was \$162.7 million in 2016 and \$154.8 million in 2015.
- Total long-term liabilities of Polk County increased by \$139.4 million from \$837.4 million in 2015 to \$976.8 million in 2016. The increase in the net pension liability of \$137.8 million is the primary reason for this increase.
- Polk County's governmental funds combined ending fund balance was \$305.3 million, an increase of \$14.3 million from the prior year ending fund balance of \$291.0 million. For fiscal year 2016, \$133.9 million of the fund balance was restricted and \$41.4 million was unassigned in the various governmental fund types of the County.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$42.9 million compared to \$40.4 million in 2015.
- The County issued the Public Facilities Revenue Refunding Note, Series 2015 in the current fiscal year which resulted in an economic gain of \$2.1 million. The savings were available due to favorable market conditions.

OVERVIEW OF THE FINANCIAL STATEMENTS

The County's basic financial statements comprise three components: 1) *government-wide financial statements*, 2) *fund financial statements*, and 3) *notes to the financial statements*. This report also contains the statistical section, single audit and other supplementary information in addition to the basic financial statements themselves. The government-wide financial statements present an overall picture of the County's financial position and results of operations. The fund financial statements present financial information for the County's various funds. The notes to the financial statements provide additional information that is not disclosed in the government-wide or fund financial statements.

The government-wide financial statements are the statement of net position and the statement of activities. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net position of governmental activities and business-type activities and the change in net position. Governmental activities are primarily supported by property taxes, charges for services, fuel taxes, sales taxes, services taxes, and grants. Business-type activities are supported by charges to the users of those activities, such as water and sewer service charges and landfill tipping fees.

**POLK COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED SEPTEMBER 30, 2016**

The government-wide financial statements include not only Polk County itself (known as the primary government) but also legally separate component units for which Polk County is financially accountable. These component units are detailed in the notes to the financial statements.

The statement of net position presents information on all assets, deferred outflows, liabilities, and deferred inflows of the County, with the difference between assets plus deferred outflows and liabilities plus deferred inflows reported as net position. Net position is reported in three categories: 1) invested in capital assets, net of related debt, 2) restricted, and 3) unrestricted. Assets, deferred outflows, liabilities, deferred inflows and net position are reported for all governmental activities separate from the assets, deferred outflows, liabilities, deferred inflows and net position of business-type activities. It is not uncommon, particularly in the governmental activities column, to see an unrestricted net position deficit. For example, this may occur when governments have long-term liabilities that they fund on a pay-as-you-go basis, rather than accumulating resources in advance or issue debt to build capital assets for another government.

The statement of activities reflects the expenses of a given function or program, which are offset by program revenues providing the net cost of all functions of the County. General revenues are presented following the total net expense of the functions or programs. To assist in understanding the County's operations, expenses have been reported as governmental activities or business-type activities. Governmental activities financed by the County include general government, public safety, physical environment, transportation, economic environment, human services, culture and recreation and debt service. Business-type activities financed by user charges include water and sewer services, garbage collection/disposal and a nursing home.

Fund financial statements present financial information for governmental funds, proprietary funds, and fiduciary funds. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources. The proprietary funds financial statements provide information on all assets and liabilities of the funds, changes in the economic resources (revenues and expenses), and total economic resources. The fiduciary fund statement provides information concerning assets held in trust by the County on behalf of others.

Fund financial statements include a *balance sheet* and a *statement of revenues, expenditures, and changes in fund balances – budget and actual* for all governmental funds. For the proprietary funds, which include internal service funds in addition to business-type activities, a *statement of net position*, a *statement of revenues, expenses, and changes in fund net position* and a *statement of cash flows* are presented. A *statement of fiduciary assets and liabilities* is presented for the County's agency funds. Fund financial statements provide more detailed information about the County's activities. Individual funds are established by the County to track revenues that are restricted to certain uses, comply with legal requirements, or account for the use of state and federal grants.

The government-wide financial statements and the fund financial statements provide different pictures of the County. The government-wide financial statements provide an overall picture of the County's financial standing, divided into governmental activities and business-type activities. These statements are comparable to private-sector companies and give a good understanding of the County's overall financial health and how the County paid for the various activities, or functions, provided by the County. Assets of the County, including buildings, land, roads, bridges, and traffic signals are reported in the statement of net position. All liabilities, including principal outstanding on bonds and future employee benefits obligated but not paid by the County, are included. The statement of activities includes depreciation on all long-lived assets of the County, but transactions between the different functions of the County have been eliminated in order to avoid duplication of the revenues and expenses. The fund

**POLK COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED SEPTEMBER 30, 2016**

financial statements provide a picture of the major funds of the County and all non-major funds. In the case of governmental activities, outlays for long-lived assets are reported as expenditures; long-term liabilities, such as general obligation bonds, are not included in the fund financial statements. A reconciliation has been included to provide a link from the fund financial statements to the government-wide financial statements.

Notes to the financial statements provide additional detail concerning the financial activities and financial balances of the County. Additional information regarding the accounting practices of the County, investments of the County, capital assets, and long-term debt are some of the items included in the notes to the financial statements.

The statistical section has been prepared in accordance with Governmental Accounting Standards Board Statement No. 44. This section contains selected data regarding financial trends, revenue capacity, debt capacity, demographic and economic conditions, and operating indicators of the County.

The single audit compliance section lists the expenditures of federal awards and state financial assistance during the fiscal year and presents grant compliance information and auditor reports.

MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED SEPTEMBER 30, 2016**

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The following schedule provides a summary of assets, liabilities, deferred inflows and outflows, and net position of the County for fiscal years 2016 and 2015:

**Net Position
September 30, 2016 and 2015
(in Millions)**

	Governmental Activities		Business-Type Activities		Total	
	2016	2015	2016	2015	2016	2015
Current and Other Assets	\$ 408.7	\$ 402.7	\$ 274.8	\$ 267.9	\$ 683.5	\$ 670.6
Capital Assets	3,388.2	3,426.9	530.8	512.2	3,919.0	3,939.1
Total Assets	3,796.9	3,829.6	805.6	780.1	4,602.5	4,609.7
Deferred outflows of resources	128.4	59.2	5.3	3.1	133.7	62.3
Other Liabilities	51.4	52.5	10.5	10.5	61.9	63.0
Long-Term Liabilities	700.8	561.0	276.0	276.4	976.8	837.4
Total Liabilities	752.2	613.5	286.5	286.9	1,038.7	900.4
Deferred inflows of resources	15.8	65.9	0.9	2.8	16.7	68.7
Net Investment in Capital Assets	3,222.8	3,254.6	342.3	322.1	3,565.1	3,576.7
Restricted	133.9	118.3	18.5	16.7	152.4	135.0
Unrestricted	(199.4)	(163.4)	162.7	154.8	(36.7)	(8.6)
Total Net Position	<u>\$ 3,157.3</u>	<u>\$ 3,209.5</u>	<u>\$ 523.5</u>	<u>\$ 493.6</u>	<u>\$ 3,680.8</u>	<u>\$ 3,703.1</u>

Polk County's net investment in capital assets, such as land, roads, parks, buildings, machinery and equipment as a percentage of net position was 96.9 percent in 2016 and 96.6 percent in 2015. These asset values are presented less any outstanding debt related to the acquisition and including accumulated depreciation of those assets. The County uses capital assets to provide services to the citizens. Consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of related debt, the capital assets themselves cannot be used to liquidate that liability and, therefore, other resources will be needed to repay any associated debt.

The County's unrestricted net position decreased \$28.1 million and restricted net position increased \$17.4 million in 2016. Unrestricted net position represents County resources that may be used for any purpose while restricted net position represents resources that are constrained to a particular purpose.

**POLK COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED SEPTEMBER 30, 2016**

The following chart depicts governmental activities expenses compared to the program revenues which funded those activities for the fiscal year. The amounts not funded by program revenues were funded by general revenues (e.g., property taxes, etc.).

**POLK COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED SEPTEMBER 30, 2016**

Governmental activities. Governmental activities resulted in a \$52.2 million decrease in net position as the result of current fiscal year activities.

- Overall, revenues related to governmental activities increased \$32.9 million or 6.5 percent.
- Charges for services increased \$11.9 million or 10.1 percent. This increase was due to increases of \$5.7 million in fire assessment revenues due to growth and an increase in the fees, \$2.4 million in impact fees and \$1.3 million in building permit revenues due to growth, and \$2.0 million in ambulance fees due to an increase in the number of runs.
- Capital grants and contributions increased \$9.3 million or 163.2 percent due to new and continuing grants for roads while operating grants and contributions decreased by \$4.2 million or 17.7 percent as a result of the County administering fewer of these grants.
- Property taxes increased \$8.7 million or 4.8 percent due to increases in taxable values and new construction.
- Sales tax revenues increased \$5.6 million or 8.1 percent as the result of an improving economy and an increase in tourism.
- Tourism tax revenues increased by \$1.2 million or 13.2 percent due to the diversification of the County's economic climate.
- The net change in the fair value of investments decreased \$0.3 million and investment earnings increased by \$1.4 million as a result of market conditions and portfolio composition.
- In total, expenses in governmental activities increased \$55.8 million or 10.3 percent.
- Pension expense increased by \$24.0 million with the most significant increases of \$3.7 million in general government and \$18.5 million in public safety.
- Economic environment expense increased by \$7.6 million primarily due to a new interlocal agreement with the City of Lakeland.
- Public safety expenses for the Fire Rescue Fund increased by \$2.6 million mainly due to an increase in salaries and benefits related to an increase in the number of employees. Capital outlay expenses for the Sheriff increased by \$2.9 million due to the purchase of new vehicles while salary and benefit costs increased by \$3.9 million. In addition, there was a \$3.4 million loss on the sale of capital assets.
- Special Revenue Grants Fund expenses increased by \$4.3 million due to an increase of \$9.2 million in transportation due to new and continuing grants for roads which was offset by decreases in other areas due to a reduction in the number of grants the County is administering.

The following chart depicts revenues of the business-type activities for the fiscal year, excluding transfers and net change in fair market value of investments.

The following chart depicts business-type activities expenses compared to revenues.

**POLK COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED SEPTEMBER 30, 2016**

Business-type activities. Business-type activities resulted in a \$29.9 million increase in net position for the fiscal year.

- Overall, revenues for business-type activities increased by \$4.8 million or 4.1 percent.
- Charges for services increased \$2.1 million or 1.9 percent. There was an increase of \$3.4 million in Water and Sewer due to growth. This increase was offset by decreases of \$1.0 million in Garbage Collection/Disposal due to the expiration of a contract and \$0.3 million in the Nursing Home due to a reduction in patients.
- The net change in fair value of investments decreased \$0.2 million and investment earnings increased \$0.8 million as a result of market conditions and portfolio composition.
- In total, expenses in business-type activities decreased \$2.7 million or 3.0 percent.

YEAR ENDED SEPTEMBER 30, 2016**

FINANCIAL ANALYSIS OF FUNDS

Fund accounting is used to demonstrate and insure compliance with finance-related legal requirements.

Governmental Funds

Governmental funds provide information on near-term inflows, outflows, and balances of spendable resources. In assessing Polk County's financing requirements, unassigned fund balance is a particularly useful measure of net resources available for spending at the end of the fiscal year. The County's governmental fund types include the general, special revenue, debt service and capital project funds.

Polk County's governmental funds combined fund balance was \$305.3 million in 2016 as compared to \$291.0 million in 2015. These fund balances reflect an increase of \$14.3 million and \$1.3 million for 2016 and 2015, respectively.

**Major Fund Information
(in Millions)**

	General
<u>Fiscal Year 2016:</u>	
Revenues	\$ 294.1
Expenditures	(291.3)
Other Financing Sources (Uses)	(0.1)
Net Change in Fund Balances	<u>\$ 2.7</u>
 <u>Fiscal Year 2015:</u>	
Revenues	\$ 286.9
Expenditures	(273.6)
Other Financing Sources (Uses)	(3.6)
Net Change in Fund Balances	<u>\$ 9.7</u>

General Fund

The fund balance for the General Fund, the main operating fund of the County, increased by \$2.7 million in 2016.

- Revenues increased \$7.2 million or 2.5 percent. Total taxes increased by \$7.7 million which included a \$3.5 million increase in ad valorem taxes. In addition, public service tax revenues increased by \$4.6 million in 2016 due to the fact that 100.0 percent of these revenues were budgeted and allocated to the general fund versus 85.9 percent in 2015. Charges for services also increased by \$5.2 million with a significant increase of \$2.0 million in ambulance fees.
- Expenditures increased \$17.7 million or 6.5 percent. Public safety expenses rose due to increases in salary and benefits as a result of operating two additional ambulances, increasing the service hours on other emergency vehicles and providing salary adjustments. In addition, the Sheriff had an increase in capital outlay of \$2.7 million for vehicles.
- Transportation expenses increased by \$3.0 million primarily due to the transition of mass transit services from the County to the Lakeland Area Mass Transit District operating as Citrus Connection.
- These changes, when combined with other financing uses of \$0.01 million in 2016, resulted in an increase in fund balance to \$74.2 million as of September 30, 2016, compared to \$71.5 million in 2015.

**POLK COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED SEPTEMBER 30, 2016**

Proprietary Funds

Proprietary fund statements provide the same information as in the business-type activities column of the government-wide statements, but in greater detail, and on a fund basis for enterprise funds and internal service funds.

Enterprise Funds

At September 30, 2016, total net position amounted to \$523.5 million for enterprise funds as compared to \$493.6 million at September 30, 2015, an increase of \$29.9 million.

Income from operations is the result of operational revenues less operational expenses. The Utilities Fund had operating income of \$25.8 million in 2016 compared to \$22.0 million in 2015 due to an increase in operating revenue as a result of growth.

Operating income for the Waste and Recycling Fund was \$10.7 million in 2016 and \$7.9 million in 2015. The increase in operating income is primarily the result of a decrease in operating expenses of \$3.9 million.

Operations of the Rohr Home Fund (nonmajor enterprise fund) resulted in an operating loss of \$0.2 million in 2016 and \$0.2 million in 2015 although there were decreases in both operating revenues and operating expenses due to a decline in the number of patients provided services.

Internal Service Funds

Internal service funds are designed to recover the costs of general services provided to the other fund groups. The Fleet Fund operations resulted in an operating loss for 2016 of \$2.2 million compared to an operating loss of \$0.8 million in fiscal year 2015 due to an increase in pension expense of \$1.3 million. The Employee Health Insurance Fund operating loss for 2016 was \$7.0 million compared to an operating income of \$0.8 million in prior year due to an increase in the health care program expenses. The County continues to review insurance needs as well as cost containment. The Information Technology Fund had an operating loss of \$2.3 million in 2016 and \$0.6 million in 2015 due to an increase in personnel services expenses of \$2.4 million primarily related to an increase in pension expense of \$2.2 million.

**POLK COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED SEPTEMBER 30, 2016**

GENERAL FUND BUDGETARY HIGHLIGHTS

The General Fund budget to actual statement is presented in the Basic Financial Statements. Variances between original and final budget amounts are due to excess revenue and unspent appropriations. Revenues were budgeted at 95.0 percent of the anticipated amount as required by State Statute.

The actual net change in the fund balance of the General Fund compared to the final budget was a positive variance of \$30.2 million. General Fund revenues were \$10.8 million more than the final budget amounts. The most significant areas of revenue overages were in the areas of taxes and charges for services revenues. Furthermore, actual expenditures in the General Fund functional areas were \$15.3 million less than the final budget. Unspent appropriations represent 5.0 percent of the total expenditure budget.

CAPITAL ASSETS ACTIVITY

At year end, the County had \$3,919.1 million (net of accumulated depreciation) invested in a variety of capital assets as reflected in the following schedule. The net decrease in capital assets in 2016 as a result of additions, deletions, and depreciation/amortization was \$20.1 million. For more detailed information regarding capital asset activity see Note 6 in the Notes to Financial Statements.

Self-Insurance Liability	15.2	17.6	-	-	15.2	17.6
Other Long-Term Liabilities	-	-	0.4	1.2	0.4	1.2
Total	<u>\$ 700.8</u>	<u>\$ 561.0</u>	<u>\$ 276.0</u>	<u>\$ 276.4</u>	<u>\$ 976.8</u>	<u>\$ 837.4</u>

The primary increase in long-term liabilities is due to the \$137.8 million increase in the pension liability. Other postemployment benefits increased by \$8.8 million and interlocal agreements increased by \$11.1 million as the result of a new agreement between the County and the City of Lakeland for Joker Marchant Stadium. Bonds payable decreased \$31.7 million compared to the prior year due to principal payments and refunding of bonds. Notes payable increased as a result of a bond being refunded by a bank loan. All of Polk County's bonded debt represents bonds secured solely by specified revenue sources.

**POLK COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED SEPTEMBER 30, 2016**

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

- Based on the Florida Department of Economic Opportunity, Polk County's unemployment rate in June 2016 was 4.8 percent compared to 6.2 percent rate a year ago. In contrast, the statewide and national annual averages for the same period were 4.7 percent (seasonally adjusted). The last time the unemployment rate was this low was in December 2007, the beginning of the recession.
- Service demands are growing as the County continues to urbanize. Polk County's current median population estimate from the University of Florida Bureau of Economic and Business Research (BEBR) is 646,989 with forecasts suggesting the County will be home to an estimated 693,390 by 2020 and 802,074 by 2030. While providing important countywide services, Polk County also provides an array of municipal services for the 62 percent of the population residing in the unincorporated areas. These services include providing fire suppression; parks and recreational activities; adequate roads, sidewalks and trails; residential waste collection; and water/wastewater utilities.
- Service needs in the County are increasing as a result of the growing population. Polk County's current median population estimate is 636,100 with forecasts suggesting the County will be home to an estimated 700,000 by 2020; 800,000 by 2030; and more than one million people by 2040.
- The Fire Fee for a single-family home remained unchanged at \$195.
- County-wide budgeted property values increased 6.04 percent in 2017 as compared to 6.40 percent in 2016. However, even with this increase, property values are still far less than the peak in fiscal year 2007. The County is currently in the process of developing a strategic business plan that will provide the framework to guide a long-term plan and to help with making difficult decisions for the future.
- The fiscal year 2016/2017 budget continues to respond to the needs of citizens. More information can be found by accessing the County's website at: www.polk-county.net and selecting the "Budget" link under the "Your Government" tab.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of Polk County's finances and was prepared by the Comptroller Division of the Clerk of the Circuit Court and County Comptroller. Requests for additional information should be addressed to the above department at P.O. Box 988, Bartow, Florida, 33831, or by accessing the website at www.polkcountyclerk.net.

**POLK COUNTY, FLORIDA
GOVERNMENTAL FUNDS
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
YEAR ENDED SEPTEMBER 30, 2016**

Net Change in Fund Balances - Total Governmental Funds \$ 14,296,212

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation/amortization expense. This is the amount by which depreciation expense is more than capital outlay in the current period.

Reduction in Capital Expenditures (excluding internal service)	\$ 56,534,248	
Net Book Value of Disposed Capital Assets (excluding internal service)	(3,158,402)	
Depreciation Expense (excluding internal service)	<u>(95,255,772)</u>	(41,879,926)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.

Addition of Interlocal Agreement	(13,616,000)	
Addition of Note Payable	(18,157,000)	
Amortization of Bond Premium/Discount	1,383,230	
Principal Payments - Bond Refunding	17,375,000	
Principal Payments - Bonds Payable	8,875,000	
Principal Payments - Interlocal Agreements	<u>2,283,059</u>	(1,856,711)

Some expenses, such as expenses related to accrued compensated absences, accrued interest expense, self-insurance liabilities, postemployment healthcare benefits obligations, and other accrued liabilities are reported in the statement of activities and do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Compensated Absences	1,974,863	
Other Liabilities	100,000	
Self-Insurance	2,470,000	
Interest Expense	258,243	
Net Pension Liability	(10,684,144)	
Other Postemployment Benefits	<u>(7,951,524)</u>	(13,832,562)

Governmental funds record unavailable ambulance receivables, other assets and unavailable accrued interest receivable as deferred inflows. However, on the government-wide financial statements these are recorded as revenue.

(483,473)

Internal service funds are used by management to charge the costs of insurance, information technology support and fleet management to individual funds. The net revenue of certain activities of internal service funds is reported with governmental activities.

(8,394,649)

Change in Net Position of Governmental Activities

\$ (52,151,109)

See accompanying Notes to Financial Statements.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Polk County is a political subdivision of the State of Florida governed by the State Constitution and general laws of the State of Florida.

The legislative and governing body of the County is the five-member Board of County Commissioners (Board). Each County Commissioner is elected on a county-wide basis for a four year term of office and each County Commissioner is a resident of their Commission District. Polk County became a Home Rule Charter County on January 1, 1999, with an appointed County Manager, and with separate legislative and executive functions. The County Manager is the head of the administrative branch of county government and is responsible to the Board of County Commissioners for the proper administration of all affairs of the County, except for those powers, duties and functions residing, as specified by law, with the elected constitutional officers.

There are six offices elected countywide which are as follows: Board of County Commissioners, Clerk of the Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector.

The Board of County Commissioners and all Constitutional Officers maintain their accounts in accordance with the uniform classification of accounts required by Section 218.33, *Florida Statutes*. Pursuant to Section 125.17, *Florida Statutes*, the Clerk of the Courts of the County is designated as clerk, auditor and accountant for the Board.

The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. The County is financially responsible if it appoints a voting majority of the organization's governing body and (a) is able to impose its will on that organization or (b) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the County. The County may be financially accountable if an organization is fiscally dependent on the County regardless of whether the organization has (a) a separately elected governing board, (b) a governing board appointed by a higher level of government, or (c) a jointly appointed board. If a component unit is, in substance, part of the government's operations, it should be reported as a blended component unit. Otherwise, a component unit should be discretely presented. For the year ended September 30, 2016, the County had no discretely presented component units.

Blended Component Units

The Harden/Parkway, Polk Commerce Centre, and Eloise Community Redevelopment Agencies (CRAs), were created pursuant to Chapter 163.360 of the *Florida Statutes* and by County Ordinances 04-11, 92-40, and 98-50, respectively. The CRAs provide for the rehabilitation and/or conservation of the communities in the interest of the public health, safety, morals or welfare of the residents in these unincorporated areas of Polk County. The financial information for these component units is included with the financial information of the primary government in the government-wide statements since the Board of County Commissioners serves as the governing body of these CRAs and approves the annual budgets. The Harden/Parkway, Polk Commerce Centre, and Eloise CRAs are reported as special revenue funds of Polk County.

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Blended Component Units (Continued)

The CRAs are presented separately as a blended unit due to the CRA's governing body being substantively the same as the governing body of the Board of County Commissioners and there being a financial burden between the County and the CRAs.

Measurement Focus and Basis of Accounting

The basic financial statements of the County are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to the financial statements

Government-Wide Financial Statements

The government-wide financial statements consist of a statement of net position and a statement of activities. These statements report all of the assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, revenues, expenses, gains and losses on all of the nonfiduciary activities of the County, providing a consolidated financial picture of the government as a whole. The effect of interfund activity has been removed from these statements.

Each statement distinguishes between activities that are supported primarily by taxes and intergovernmental revenues (governmental activities) and activities that are intended to recover all or most of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, public safety, physical environment, transportation, economic environment, human services, and culture and recreation. The business-type activities of the County include the Utilities Fund, Waste and Recycling Fund, and the Rohr Nursing Home Fund.

The statement of net position reports all financial and capital resources and obligations of the County as a whole. The effects of fiduciary funds are not included as a part of this statement. The difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is reported as net position. The statement of activities presents information showing how the County's net position changed during the fiscal year. Further, this statement demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues.

Government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary and fiduciary fund financial statements. Under the accrual basis of accounting, revenues, expenses, gains, losses, assets, deferred outflows, liabilities and deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, deferred outflows, liabilities and deferred inflows resulting from nonexchange transactions are recognized in accordance with the requirements of the Government Accounting Standards Board (GASB) Statement No. 33 – *Accounting and Financial Reporting for Nonexchange Transactions*.

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide Financial Statements (Continued)

Program revenues are derived directly from the program itself or from parties outside the reporting government's taxpayers or citizenry, as a whole; they reduce the cost of the function to be financed from the government's general revenues. Program revenues include charges for services, program specific operating grants and contributions, and program specific capital grants and contributions. Program revenues are netted with program expenses in the statement of activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as an expenditure. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as other financing source. Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expenditure.

As a general rule, the effects of intrafund transfers among governmental funds and enterprise funds, respectively, have been eliminated from the government-wide financial statements. However, certain interfund services, accounted for in the internal service funds, have not been eliminated from the government-wide financial statements. The County eliminates the indirect costs between governmental activities to avoid a "doubling up" effect.

Fund Financial Statements

The underlying accounting system of the County is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows, liabilities, deferred inflows, fund balance, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements, for the primary governments, governmental, proprietary, and fiduciary funds are presented after the government-wide financial statements. These statements display information about major funds individually and nonmajor funds in the aggregate for governmental and enterprise funds. The fiduciary statement includes financial information for the agency fund. The agency fund of the County primarily represents assets held by the County in a custodial capacity for other individuals or governments.

POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental Funds

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Property taxes, intergovernmental revenues and interest earned associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable only when cash is received by the County.

Under the current financial resources measurement focus, only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered to be a measure of "available spendable resources". Governmental funds operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Noncurrent portions of long-term receivables due to governmental funds are reported on their balance sheets in spite of their spending measurement focus.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by noncurrent liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources were expended, rather than as fund assets. The proceeds of long-term debt are recorded as other financing sources rather than as a fund liability. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Proprietary Funds

Proprietary funds focus on the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. The proprietary fund category includes enterprise and internal service funds. Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. Activities are required to be reported as enterprise funds if any one of the following criteria is met: (a) the activity is financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity; (b) laws or regulations require that the activity's costs of providing services, including capital costs be recovered with fees and charges, rather than with taxes or similar revenues; or (c) the pricing policies of the activity establish fees and charges designated to recover its costs, including capital costs.

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Proprietary Funds (Continued)

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's enterprise and internal service funds are charges to customers for sales and services. Operating expenses for the County's enterprise and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Amounts paid to acquire capital assets are capitalized as assets in the fund financial statements, rather than reported as expenditures. Proceeds of long-term debt are recorded as a liability in the fund financial statements, rather than as other financing sources. Amounts paid to reduce long-term indebtedness are reported as a reduction of the related liabilities, rather than as an expense.

Basis of Presentation

GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category and the governmental and enterprise combined) for the determination of major funds. The County has used GASB Statement No. 34 minimum criteria for major fund determination. The nonmajor funds are combined in a column in the fund financial statements and detailed in the combining section.

Governmental Major Funds

General Fund – The General Fund is the general operating fund of the County. It is used to account for all financial resources, except those required to be accounted for in another fund.

Business-Type Major Funds

Utilities Fund – This fund accounts for all activities necessary to provide water and sewer services to residents in certain unincorporated areas of the County.

Waste and Recycling Fund – This fund accounts for all activities necessary to provide garbage collection and disposal services to the residents and businesses of the County.

Other Fund Types (Nonmajor)

Internal Service Funds – Internal Service Funds account for Fleet Management, Information Technology, and Employee Health Insurance services provided to other departments of the County on a cost reimbursement basis.

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation (Continued)

Other Fund Types (Nonmajor) (Continued)

Agency Fund – The Agency Fund accounts for all assets held by the County in its capacity as custodian or agent for individuals, other governmental units, and nonpublic organizations. The Agency fund is custodial in nature (assets equal liabilities) and does not involve measurement of results of operations. A description of each agency fund can be found on page G-56.

Noncurrent Governmental Assets/Liabilities

GASB Statement No. 34 requires noncurrent governmental assets, such as land and buildings, and noncurrent governmental liabilities, such as general obligation bonds and capital leases, to be reported in the governmental activities column in the government-wide statement of net position.

Pooled Cash and Investments

All funds participate in the pooled cash and investments program for the purpose of maximizing investment yields. The earnings of the pool are allocated on a monthly basis to individual funds based upon their average monthly balance in the pool.

In accordance with GASB Statement No. 9, each fund's equity in the County's pool is considered to be a cash equivalent since the funds can deposit or effectively withdraw cash at any time without prior notice or penalty.

Pooled cash of the County determined to be available in excess of immediate needs is placed in investments in accordance with the Polk County Investment Policy as amended December 16, 2014, under the guidelines of Section 218.415, *Florida Statutes*.

Allowance for Doubtful Accounts

The County provides an allowance for water and sewer accounts, waste and recycling, Rohr nursing home and governmental funds receivables, which include ambulance and impact fee receivables, which may become uncollectible. At September 30, 2016, these allowances were \$6,844,950, \$170,000, \$1,426,221, and \$10,213,827, respectively. No other allowances for doubtful accounts are maintained since other fund accounts receivable are considered collectible as reported at September 30, 2016.

Receivables and Payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Inventory

Inventories are stated at cost using the first-in, first-out, (FIFO) method. Inventories consist of expendable supplies held for consumption (consumption method).

Restricted Assets

Certain funds of the County are classified as restricted assets on the statement of net position because the restriction is either imposed by law through constitutional provisions or enabling legislation or imposed externally by creditors, grantors, contributors, or laws or regulations of other governments. Therefore, their use is limited by applicable laws and regulations.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, right-of-ways, water and sewer distribution systems and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements.

Capital assets are valued at historical cost or estimated historical cost if actual is not available. Donated capital assets are recorded at estimated fair market value at the date of donation.

Betterments and major improvements which significantly increase the values, change capacities, or extend the useful lives are capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are charged to expenditures/expenses as incurred and not capitalized.

Capital assets acquired by lease/purchase agreements or multiple year installment purchase contracts are recorded in the governmental funds in the year acquired as capital outlay expenditures and as other financing sources in the amount of the discounted present value of the total stipulated payments.

The Sheriff is accountable for and thus maintains capital asset records pertaining only to equipment used in his operations. These assets have been combined with the rest of the County's governmental capital assets in the statement of net position.

The GASB Statement No. 51 established accounting and financial reporting requirements for intangible assets. This statement has been implemented by including software and easements as intangible assets.

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets (Continued)

Property, plant, equipment, infrastructure, and intangibles of the primary government are depreciated/amortized using the straight-line method over the following estimated useful lives. Assets with an initial, individual cost equal to or greater than the following thresholds, along with their estimated useful lives are as follows:

<u>Assets</u>	<u>Years</u>	<u>Capitalization Threshold</u>
Buildings and Improvements	10, 40 - 45	Capitalize All
Equipment	5 - 15	\$1,000
Infrastructure	10 - 75	Capitalize All
Intangibles	3 - 10	\$100,000

Ad Valorem Taxes

The property tax calendar for 2016 is as follows:

Lien Date	January 1
Levy Date	January 1
Due Dates	November 1 through March 31
Delinquent Date	April 1
Tax Certificate Sale	Not later than June 1

No accrual for the property tax levy becoming due in November of 2016 is included in the accompanying financial statements since such taxes are collected to finance expenditures of the subsequent period.

Capitalized Lease Obligations

Assets acquired under capitalized lease obligations for governmental and enterprise fund types are accounted for as assets and liabilities in the government-wide statement of net position. In the individual fund statements, these lease obligations are included in the enterprise funds, but not in the governmental funds. The capitalized lease obligations are stated at the original fair market value of leased assets capitalized, less payments since the inception of the lease discounted at the implicit rate in the lease.

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position includes a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County has multiple items that qualify for reporting in this category including the deferred charge on refunding, differences between expected and actual experience, changes in actuarial assumptions, net difference between projected and actual earnings on pension plan investments, changes in proportion and differences between the County's contributions and proportionate share of contributions, and the County's contributions subsequent to the measurement date, relating to the Florida Retirement System Pension Plan and the Retiree Health Insurance Subsidy Program. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The other amounts will be recognized as increases in pension expense in future years.

In addition to liabilities, the statement of net position includes a separate section for the deferred inflows of resources. This represents an acquisition of net position that applies to a future period and will not be recognized as deferred inflow of resources (revenue) until that time. The County has multiple items that qualify for reporting in this category including differences between expected and actual experience, net difference between projected and actual earnings on pension plan investments, and changes in the proportion and differences between the County's contributions and proportionate share of contributions, relating to the Florida Retirement System Pension Plan and the Retiree Health Insurance Subsidy Program. In addition, the County has deferred inflows as of September 30, 2016 resulting from prepayment of taxes collected by the Tax Collector. These prepaid taxes will be recorded as revenue in November 2016.

Compensated Absences

The unpaid vacation and sick leave accumulated by employees is accrued as an expense when incurred in the government-wide statement of activities and the proprietary funds. Therefore, the entire unpaid liability for compensated absences is recorded in the government-wide statement of net position. Compensated absences are reported in governmental funds only if they have matured (i.e., unused reimbursable leave still outstanding following an employee's resignation or retirement).

Unearned Revenue

Grants – Revenue related to federal and state financial assistance programs is recognized when the funds are expended. Unexpended funds received are reported as unearned revenue.

Amortization

Bond premiums and discounts are represented as additions or reductions of the face amount of bonds payable.

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions

Contributions of cash or property received from other County funds, other governmental units and from contractors or developers are credited directly to the contribution accounts in the proprietary funds. Transfers between funds, which arise from nonroutine transfers of capital from one fund to another, are accounted for as direct transfers of fund balance. Property and equipment contributed for general governmental purposes are recorded in the government-wide statement of net position.

Fund Balance and Spending Policies

In accordance with GASB Statement No. 54 – *Fund Balance Reporting and Governmental Fund Type Definitions*, governments are required to classify fund balance in governmental funds as nonspendable, restricted, committed, assigned, and unassigned. The following are the definitions of the fund balance classifications:

Nonspendable – amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted – amounts that can be spent only for specific purposes because of constitutional provisions, charter requirements or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – amounts that can be used only for specific purposes determined by a formal action of the Board of County Commissioners, the County's highest level of decision making authority, by establishment of an Ordinance. Commitments may be modified or removed by the Board of County Commissioners by amending or repealing an Ordinance.

Assigned – amounts that are intended by the Board to be used for specific purposes, but are neither restricted nor committed. The Board has not granted any specific individual the authority to assign amounts, thus assignments may be made only by the Board.

Unassigned – all other spendable amounts.

The County has implemented fund balance and spending policies to clearly define the process for tracking the various classifications of fund balance. The policy states when a general fund expenditure is incurred and where restricted, committed, assigned, or unassigned amounts are available to be used, the County will first use restricted amounts, then committed amounts, then assigned amounts, and finally unassigned amounts. All other funds in which an expenditure is incurred and where restricted, committed, assigned, or unassigned amounts are available to be used, the County will first use unassigned amounts, then assigned amounts, then committed amounts, and finally restricted amounts.

When an expense is incurred for purposes for which both restricted and unrestricted net position is available, the County's policy is to first use restricted net position then unrestricted net position.

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and contingent assets and liabilities as of the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

New GASB Pronouncements

In fiscal year 2016, the County implemented GASB Statement No. 72, *Fair Value Measurement and Application* – The objective of this Statement is to enhance the comparability of financial statements among governments and related entities by establishing a consistent hierarchy of fair value measurement techniques. These statements include all required disclosures in the notes to the financial statements.

In fiscal year 2016, the County implemented GASB Statement No. 79, *Certain External Investment Pools and Pool Participants* – The Statement establishes accounting and financial reporting standards for qualifying external investment pools that elect to measure for financial reporting purposes all of their investments at amortized costs. These statements include all required disclosures in the notes to the financial statements.

NOTE 2 BUDGETS AND BUDGETARY ACCOUNTING

The Board follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1) Prior to July 15, the County Manager, as County Budget Officer, submits to the Board of County Commissioners a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
- 2) Public hearings are conducted to obtain taxpayer comments.
- 3) Prior to October 1, the budget is legally enacted through passage of a resolution.
- 4) Formal budgetary integration is employed as a management control device during the year for the general fund, special revenue funds, debt service funds and capital projects funds.
- 5) Budgets for the general, certain special revenue, debt service and capital projects funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).
- 6) The County Manager (or his designee) approves budget transfers at the department level within a fund. Budget amendments at the fund level are approved by the Board.
- 7) Section 129.07, *Florida Statutes*, provides that expenditures in excess of total fund budgets are unlawful. When supplemental appropriations are necessary, the budget is amended by the Board in a legally permissible manner. The budgetary data presented herein reflects the original adopted budget and the final budget after all amendments were made.

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 2 BUDGETS AND BUDGETARY ACCOUNTING (CONTINUED)

- 8) Unused appropriations lapse at the end of each fiscal year. However, some amounts may be carried forward to the following fiscal year in the form of a new appropriation which must be approved by the County Commission.

Chapter 195, *Florida Statutes*, governs the preparation, adoption and administration of the Tax Collector and Property Appraiser's annual budgets. The annual budget of the Tax Collector and the Property Appraiser must be submitted to and approved by the Department of Revenue, State of Florida.

The budget for the Clerk of the Circuit Court's general fund is prepared, adopted and administered in accordance with Sections 129.03 and 218.35, *Florida Statutes*, which requires separation of the part pertaining to the court system from that pertaining to the Clerk and Comptroller to the Board of County Commissioners.

The budget for the Clerk of the Circuit Court's court fund is prepared, adopted and administered in accordance with Section 28.36, *Florida Statutes*.

The budget for the Sheriff's general fund is prepared, adopted and administered in accordance with Section 30.49, *Florida Statutes*.

The budget for the Supervisor of Election's general fund is prepared, adopted and administered in accordance with Sections 129.201 and 129.202, *Florida Statutes*.

NOTE 3 POOLED CASH AND INVESTMENTS

In order to minimize its cost basis and limit taxpayer liability in the provision of a full range of county services, the County manages a portfolio of cash and investments to maximize net investment earnings on invested surplus funds. The Board of County Commissioners and Constitutional Officers each maintain investment guidelines in compliance with 218.415 *Florida Statutes*. Investment policy objectives place an emphasis on enhancing yield while maintaining safety and liquidity by continually balancing risk and cash flow management.

Investment risk is managed in the following forms:

- Custodial credit risk – risk that a government will not be able to recover deposits or the value of an investment that is in the possession of a failed institution or counterparty;
- Credit risk – risk of loss from an issuer's failure to repay principal and/or interest on a debt obligation;
- Liquidity risk – risk that an investment cannot be bought or sold quickly enough to minimize a loss stemming from a lack of marketability;
- Concentration risk – increasing probability of loss arising from heavily lopsided exposure to an asset class, issuer, structure or maturity;
- Interest rate risk – risk that a security's value will decrease with a rise in interest rates.

POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016

NOTE 3 POOLED CASH AND INVESTMENTS (CONTINUED)

Deposits

To manage custodial credit risk for deposits, the County's investment policy requires that all demand and time deposits, including money market accounts, are insured and fully collateralized. The County's bank balances are insured by the Federal Deposit Insurance Corporation (FDIC) in the amount of \$250,000 for each banking relationship. The remaining balances are insured and collateralized in accordance with Chapter 280, *Florida Statutes*, which established the Public Deposit Security Trust Fund, a multiple financial institution collateral pool. *Florida Statutes* 280.08 provides for assessments against the members of the pool on a pro rata basis in the event that the collateral pool is insufficient to cover the losses of a member financial institution that fails. As such, all deposits covered by the collateral pool are considered to be fully insured. As of September 30, 2016, the County's book balance of cash was \$117,513,559 and the bank balance was \$129,310,762.

The County may also enter into overnight repurchase agreements with a local banking institution. On any given banking day, the County may authorize the bank to "sweep" their account for the purpose of entering into repurchase agreements and other investments. The next day the same account is credited for the principal amount of the previous day's sweep, plus interest earned. As such, the balance is included as part of the deposit total for purposes of financial statement presentation. The amounts are fully collateralized by U.S. Government Treasury and/or Agency Securities. There were no outstanding amounts on September 30, 2016.

Investment in State Investment Pool

The County participates in the State of Florida Local Government Surplus Funds Trust Fund, also known as Florida Prime administered by the State Board of Administration (SBA), under the regulatory oversight of the State of Florida. The purpose of this pool is to promote, through State assistance, the maximization of net interest earnings on invested surplus funds of local units of government. The LGIP is a 2a-7 like external investment pool and therefore uses amortized cost which is reported at a stable Net Asset Value (NAV), typically \$1.00 per share. Therefore, the account balance should be considered the fair value of the investment. As of September 30, 2016 the LGIP, now known as Florida Prime, is rated AAAM for Credit Quality by Standard & Poor's Rating Agency and had a weighted average maturity (WAM) of 50 days, and had a weighted average life (WAL) of 70 days.

A portfolio's WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments.

In accordance with GASB 79, as a participant in a qualifying external investment pool, the County should disclose the presence of any limitations or restrictions on withdrawals (such as redemption notice periods, maximum transaction amounts, and the qualifying external investment pool's authority to impose liquidity fees or redemption gates in the notes to the financial statements).

NOTE 3 POOLED CASH AND INVESTMENTS (CONTINUED)

Investment in State Investment Pool (Continued)

With regard to redemption dates, Chapter 218.409(8)(a), *Florida Statutes*, states that “The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the monies in the trust fund. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board can invest monies entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, the Investment Advisory Council, and the Participant Local Government Advisory Council. The Trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the Executive Director until the Trustees are able to meet to review the necessity for the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the Trustees exceed 15 days.”

With regard to liquidity fees, *Florida Statute* 218.409(4) provides authority for the SBA to impose penalties for early withdrawal, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made. As of September 30, 2016, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant’s daily access to 100% of their account value.

In addition, the County participates in the Florida Trust, formerly known as the Florida Local Government Investment Trust, which is administered by a Board of Trustees appointed by the Florida Association of Court Clerks and County Comptroller, and the Florida Association of Counties, Inc. The Florida Trust was created in December 1991 to provide a means for public entities to pool surplus funds to maximize net earnings. As of September 30, 2016, all noncash investments held by the Florida Trust were money market, U.S. Treasury Notes, Commercial Paper, Collateralized Mortgage Obligations, Asset-Backed Securities, Agency ARM Pass-Throughs, Corporate Notes, Government Related securities, Agency Notes and Municipal Notes. The Florida Trust reports share all information at Net Asset Value and reflects share value, in accordance with GASB 31. As of September 30, 2016, the Florida Trust was rated AAAM for Credit Quality and S1 for Bond Fund Volatility by Standard and Poor’s Ratings and had an effective duration of 1.43.

Custodial Credit Risk

To further manage custodial credit risk for investments, the County’s investment policy specifies the County will execute a Third-Party Custodial Safekeeping Agreement with a commercial bank’s trust department separately chartered by the U.S. Government or State of Florida. All securities purchased by the County are properly designated as an asset of the County and are held in safekeeping by the bank’s trust department.

Credit Risk

To manage credit risk, the County's investment policy identifies and limits investments to only top ratings issued by nationally recognized statistical rating organizations. The County's investments in Federal Home Loan Mortgage Corporation (FHLMC), Federal National Mortgage Association (FNMA) and Government National Mortgage Association (GNMA) were rated Aaa by Moody's Investor Service and as of the reporting date, exceed five percent of the portfolio. The following table illustrates the credit quality distribution with credit exposure as a percentage of the County's investment securities.

NOTE 3 POOLED CASH AND INVESTMENTS (CONTINUED)

Liquidity Risk

To manage liquidity risk, the County's investment policy identifies and limits investment to only top ratings issued by nationally recognized statistical rating organizations. In order to ensure deep liquid markets, the County's investment policy identifies and limits investment in various issuers. Position size is also taken into consideration with regard to liquidity risk.

Concentration Risk

To manage concentration of investment risk, the County's investment policy stipulates maximum limitation guidelines for diversification by instrument. The following limits are established to serve as guidelines for diversification by instrument:

Local Government Surplus Funds Trust Fund	100%
United States Treasury Bills/Notes/Bonds/Strips	50%
Other United States Agencies Full Faith & Credit	25%
Federal Instrumentalities/ Government Sponsored Enterprises (GSEs)	50%
Collateralized Mortgage Obligations	25%
Mortgage Backed Securities (MBS) Pass Through(s)	25%
Repurchase Agreements	35%
Certificates of Deposit	50%
Florida Local Government Investment Trust	20%
Banker's Acceptances	20%
Commercial Paper	20%
Israel Bonds	5%
SEC Registered Money Market Funds	50%
Municipal Bonds General Obligation (GO)	20%
Corporate Bonds	20%
Asset Backed Securities (ABS)	20%

Interest Rate Risk

To manage interest rate risk, the County maintains a formal investment policy that limits investment maturities. The County manages interest rate risk by limiting how much of the portfolio is allocated to longer dated maturities. This coupled with a diversified portfolio of differing maturities and coupons that employ callable and structured securities limits exposure to fair value losses arising from interest rate risk.

In accordance with the County's investment policy, the County may invest in mortgage-backed securities, including collateralized mortgage backed securities. It is management's opinion that the credit and legal risk associated with these investments would be comparable to other investments within the portfolio. The principal repayment portions may be sensitive to prepayment by mortgagors, which may be affected by interest rate changes.

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 3 POOLED CASH AND INVESTMENTS (CONTINUED)

Interest Rate Risk (Continued)

The prepayments and anticipated interest rate changes can therefore affect the market values of the respective investments. As of September 30, 2016, the County has the following investments and maturities:

Fair Value Measurements

GASB Statement No. 72, *Fair Value Measurements and Application*, sets forth the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable (Level 3 measurements). The three levels of the fair value hierarchy under GASB Statement No. 72 are described as follows:

Level 1 – Investments reflect prices quoted in active markets for identical assets or liabilities

Level 2 – Investments reflect prices that are based on similar observable assets either directly or indirectly, which may include input in markets that are not considered to be active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Investments reflect prices based upon unobservable sources

Investments whose values are based on quoted market prices in active markets, and are therefore classified as Level 1, primarily include those assets that are traded daily in public markets in the United States. The fair value of these investments is based on the last reported sales price on the last day of the fiscal year.

Investments that trade in markets that are not considered to be actively traded on a daily basis, but are valued based on quoted market prices, dealer and broker quotations, bid prices, or alternative pricing sources using observable inputs, are classified within Level 2. Inputs used in fair value measurement should be consistent with the inputs that market participants would use in pricing the asset or liability. These include U.S. Government obligations, investment grade corporate bonds and bank loans, certain mortgage and asset backed securities, less liquid listed securities and certain government agency securities. For example, inputs other than quoted prices, which provide a reasonable basis for fair value determination may include interest rates and yield curves, volatilities, prepayment speeds, credit risks and default rates. The fair value of these investments is based upon the last reported observable input(s) on the last day of the fiscal year.

Investments classified Level 3 have significant unobservable inputs, as they traded infrequently or not at all. Level 3 investments include private equity funds, real estate investment, limited partnerships, certain mortgages and asset backed and common and collective trust funds that are primarily real estate. The fair value of these investments is determined by estimations provided by independent pricing sources in asset classes, non-binding prices from industry vendors and managers, and the net asset value on the last day of the fiscal year.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016

NOTE 4 RESTRICTED ASSETS, LIABILITIES AND NET POSITION - ENTERPRISE FUNDS

Revenue bond ordinances and certain other agreements generally require the restriction of certain fund assets for specific purposes. Reserves, representing the excess of amounts provided for certain restricted asset accounts over the liabilities payable there from, are established by a reduction of unrestricted net position.

Restricted Assets, Liabilities, and Net Position as of September 30, 2016 consist of the following:

	Revenue Bonds Debt Service	Renewal Replacement and Improvements	Customer Deposits	Total
<u>UTILITIES FUND</u>				
Cash and Investments	\$ 4,636,000	\$ 1,000,000	\$ 4,918,137	\$ 10,554,137
Liabilities, Payable from Restricted Assets	-	-	(4,918,137)	(4,918,137)
Restricted Net Position	<u>\$ 4,636,000</u>	<u>\$ 1,000,000</u>	<u>\$ -</u>	<u>\$ 5,636,000</u>
<u>WASTE AND RECYCLING FUND</u>				
	Landfill Closure	Customer Deposits	Other Liabilities	Total
Cash and Investments	\$ 71,659,560	\$ 238,426	\$ 12,587	\$ 71,910,573
Interest Receivable	162,071	-	-	162,071
Restricted Assets	71,821,631	238,426	12,587	72,072,644
Liabilities, Payable from Restricted Assets	(58,933,597)	(238,426)	(12,587)	(59,184,610)
Restricted Net Position	<u>\$ 12,888,034</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,888,034</u>

Rule 62-701 of the Florida Administrative Code requires owners or operators of existing landfills to establish and maintain a landfill management escrow account or an alternative financial mechanism to show proof of financial responsibility for future landfill closure costs. The reserve for landfill closure includes funds restricted for this purpose.

NOTE 5 INTERFUND BALANCES

The outstanding balances between funds result mainly from a time lag between the dates that (1) interfund services are provided or reimbursement occurs, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. All amounts are expected to be collected in the subsequent year.

Advances Due To General Fund From:

Nonmajor Governmental Funds	\$ 1,526,341
Total	<u>\$ 1,526,341</u>

The \$1,526,341 amount advanced from the General Fund to the Nonmajor Governmental Fund (Polk Commerce Centre CRA Fund) was for the purpose of paying for consulting, engineering, and legal fees.

Depreciation/Amortization	<u><u>\$ 19,183,670</u></u>

POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016

NOTE 7 RISK MANAGEMENT

The County is exposed to various risk of loss related to theft of, damage to and destruction of assets, errors and omissions, injuries to employees and natural disasters. A self-insurance program is effectively maintained by the County to administer insurance activities related to workers' compensation insurance, general and employment practices liability, auto liability and health. The County's self-insurance program covers operations of the Board of County Commissioners and the constitutional officers. Under the program, the County has retention limits for each type of claim, which is covered by commercial insurance purchased by the County. Additional information regarding the self-insured employee health plan can be found in Note 8. The County also maintains fully-insured policies with several different carriers for property insurance with the total insured value for all properties estimated at \$824,429,011.

Claim Type	County Coverage (deductible/self-insured amount)	Excess Carrier's Coverage
Property	Deductible \$250,000 except for as below : Named Windstorm 2% of TV with \$4,000,000 maximum \$10,000 Builders Risk- Utilities \$5,000 PGTV Equipment on Truck	\$150,000,000 Named Windstorm \$ 25,000,000 Earthquake Aggregate \$ 20,000,000 Flood Aggregate \$ 10,000,000 Flood Aggregate (zones A & V)
General & Employment Practices	\$1,000,000	\$7,000,000 Per Occurrence \$14,000,000 Aggregate
Auto Liability	Sovereign immunity limits only: \$200,000 any one person \$300,000 any one claim	No Excess Coverage 100% Self-insured
Employee Health	\$850,000	Unlimited
Workers Compensation	\$1,250,000 Self-insured Retention \$1,000,000 Employers Liability	Workers Compensation – Statutory Employers Liability – No Excess Coverage

NOTE 8 SELF-INSURED EMPLOYEE HEALTH PLAN

In 1993, the County established the Employee Health Insurance Fund as an Internal Service Fund. This fund was created to self-insure County employees and their dependents for group medical cost. Medical claims are paid from premiums contributed by employees and by the County. Premiums and contributions are determined by projected claims based on historic and actuarial experience. The County had no claims against the reinsurance policy in the current year.

Claim liabilities are recorded when it is probable to determine that liability has been incurred and the amount can be reasonably estimated, including an estimate for claims incurred but not reported. This estimate is based on historical experience and current trends.

There are a number of limitations and restrictions contained in the various bond indentures. As of September 30, 2016, all funds are being maintained in accordance with the ordinances and resolutions.

Revenue Bonds Refunding

Bonds are refunded to retire all or a portion of an outstanding bond issue. Most typically, refunding is done to refinance at a lower interest rate to reduce overall debt service. Certain issues of bonds may be refunded prior to the call date, known as an advance refunding.

Future principal and interest payments on refunded bonds have been provided through advance refunding bond issues whereby refunding bonds are issued and the net proceeds, plus any additional resources that may be required, are used to purchase securities issued and guaranteed by the United States government. The County then deposits these securities in an irrevocable trust under an escrow agreement which states that all proceeds from the trust will be used to fund the principal and interest payments of the previously issued debt being refunded. The trust deposits have been computed so that the securities in the trust, along with future cash flows generated by the securities, will be sufficient to service the previously issued bonds.

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 9 LONG-TERM LIABILITIES (CONTINUED)

Revenue Bonds Refunding (Continued)

During the year, the County issued the Public Facilities Revenue Refunding Note, Series 2015. These bonds reduced the present value of future debt service payments. The savings were available due to improved municipal bond market conditions (i.e., lower interest rates) during the year. The effect of the refunding is summarized as follows:

Refunding Bonds Title and Series:	Public Facilities Revenue Refunding Note, Series 2015
Original Bond Title and Series:	Constitutional Tax Rev Improve & Refunds Bonds Series 2006
Original Bond Amount:	\$17,375,000
Closing Date:	November 16, 2015
Net Interest Rate:	2.14%
Refunding Bond Issued:	\$18,157,000
Premium:	\$0
Issuance & Insurance Costs:	\$52,002
Net Proceeds:	\$18,104,998
Cash Flow Savings:	\$2,373,362
Economic Gain on Refunding:	\$2,106,559
Number of Years Affected:	11
Bond Type	Advance

Revenue Bonds – Defeased Bonds

Government Funds – Constitutional Fuel Tax Revenue Improvement and Refunding Bonds

In 2015, The Board defeased the Constitutional Fuel Tax Revenue Refunding Bonds, Series 2006, by depositing funds in an irrevocable trust with an escrow agent to provide for all future debt service payments on these bonds. For financial reporting purposes the debt has been considered defeased and, therefore, removed as a liability of the Board. As of September 30, 2016, the amount of this defeased debt outstanding but removed as a liability is \$17,375,000.

Revenue Bonds – Pledged Future Revenues

Polk County Board of County Commissioners has pledged future water and sewer customer revenues, net of specified operating expenses, to repay \$181,485,000 in revenue bonds issued in 2010, 2012, 2013, and 2014. Proceeds from the bonds were used to finance the cost of the acquisition and construction of additions, extensions and improvements to the System. Principal and interest on the bonds are payable through 2043, from the water and sewer gross revenues and connection charges. Annual principal and interest on the bonds are expected to require approximately 17% percent of such gross revenues and connection charges. Principal and interest paid in the years ended September 30, 2016 and 2015 were \$12,334,861 and \$12,142,711, respectively.

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 9 LONG-TERM LIABILITIES (CONTINUED)

Closure and Long-Term Care Costs

State and federal laws and regulations require that a final cover be placed on all landfill sites when they are no longer accepting waste and that certain maintenance and monitoring functions are performed at the respective sites for thirty years after closure. Although closure and long-term care costs will be paid only near or after the date that the landfill stops accepting waste, a portion of these closure and long-term care costs are reported as an operating expense in each period based on the landfill capacity used as of each balance sheet date. The \$58,933,597 reported as landfill closure and long-term care liability at September 30, 2016, represents the cumulative amount reported to date based on the use of 67.46% of the estimated capacity for all landfill sites. The remaining \$25,070,035 will be recognized as the remaining estimated capacity is filled. These amounts are estimated based on what it would cost to perform all closure and long-term care as of September 30, 2016. Expected closure dates for County landfills range from 2017 to 2020. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

State and federal laws and regulations require that annual contributions be made to a trust to finance closure and long-term care. At September 30, 2016, cash, investments and receivables of \$71,659,560 are held for these purposes; therefore, the County is in compliance with financial assurance requirements. These assets are reported as Restricted Assets on the statement of net position. Future inflation costs are expected to be paid from interest earnings on these annual contributions. However, if interest earnings are inadequate or additional long-term care requirements are determined (due to changes in technology or applicable laws or regulations, for example), these costs may need to be covered by charges to future landfill users or from future tax revenue.

Compensated Absences

The liability for compensated absences is liquidated in the fund in which an employee's payroll expense is normally recorded. The significant funds that have been used in prior years to liquidate this liability have been the General, Transportation, and Fire Rescue Funds. Total available vacation and sick leave hours are multiplied by the current pay rate to determine the accrued liability. The County uses the last-in, first-out (LIFO) method of recognizing the use of vacation and sick leave hours. Employees are charged for the last day of vacation or sick leave earned when the leave is used. Thus, unless it is anticipated that vacation or sick leave will be used in excess of a normal year's accumulation, no additional expenditures are accrued.

Self-Insurance

In an effort to combat the rising cost of insurance premiums and the unavailability of coverage, the County has initiated self-insured worker's compensation, general liability, employment practices and automobile liability programs. The programs effectively interrelate between an independent risk manager, a loss control consultant, an excess reinsurer, and County management.

SEPTEMBER 30, 2016**

NOTE 10 RETIREMENT PLANS

Background

The Florida Retirement System (FRS) was created by Chapter 121, *Florida Statutes*, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, *Florida Statutes*, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the County are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, *Florida Statutes*; Chapter 112, Part IV, *Florida Statutes*; Chapter 238, *Florida Statutes*; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost sharing, multiple employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' website (www.dms.myflorida.com).

The County's pension expense totaled \$41,881,302 for both the FRS Pension Plan and HIS Plan for the year ended September 30, 2016.

Florida Retirement System Pension Plan

Plan Description

The Florida Retirement System Pension Plan (FRS Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

- *Regular Class* – Members of the FRS who do not qualify for membership in the other classes.
- *Elected County Officers Class* – Members who hold specified elective offices in local government.
- *Senior Management Service Class (SMSC)* – Members in senior management level positions.
- *Special Risk Class* – Members who are special risk employees, such as law enforcement officers, meet the criteria to qualify for this class.

NOTE 10 RETIREMENT PLANS (CONTINUED)

Florida Retirement System Pension Plan (Continued)

Plan Description (Continued)

Employees enrolled in the FRS Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the FRS Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the FRS Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Employees enrolled in the FRS Plan may include up to four years of credit for military service toward creditable service. The FRS Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The FRS Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, *Florida Statutes*, permits employees eligible for normal retirement under the FRS Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided

Benefits under the FRS Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the member's five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the member's 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits.

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 10 RETIREMENT PLANS (CONTINUED)

Florida Retirement System Pension Plan (Continued)

Benefits Provided (Continued)

The following chart shows the percentage value for each year of service credit earned:

<u>Class, Initial Enrollment, and Retirement Age/Years of Service:</u>	<u>% Value</u>
Regular Class members initially enrolled before July 1, 2011	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement up to age 63 or up to 31 years of service	1.63
Retirement up to age 64 or up to 32 years of service	1.65
Retirement up to age 65 or up to 33 years of service	1.68
Regular Class members initially enrolled on or after July 1, 2011	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement up to age 66 or up to 34 years of service	1.63
Retirement up to age 67 or up to 35 years of service	1.65
Retirement up to age 68 or up to 36 years of service	1.68
Elected County Officers	3.00
Senior Management Service Class	2.00
Special Risk Regular	
Service from December 1, 1970, through September 30, 1974	2.00
Service on and after October 1, 1974	3.00

As provided in Section 121.101, *Florida Statutes*, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. FRS Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Contributions

The Florida Legislature establishes contribution rates for participating employers and employees. Effective July 1, 2011, all FRS Plan members (except those in DROP) are required to make 3% employee contributions on a pretax basis. The employer contribution rates by job class for the periods from October 1, 2015 through June 30, 2016 and from July 1, 2016 through September 30, 2016, respectively, were as follows: Regular employees 7.26% and 7.52%; County Elected Officials 42.27% and 42.47%; Senior Management Services 21.43% and 21.77%; and DROP participants 12.88% and 12.99%. The County's contributions to the FRS Plan were \$24,584,511 for the year ended September 30, 2016.

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 10 RETIREMENT PLANS (CONTINUED)

Florida Retirement System Pension Plan (Continued)

Pension Costs

At September 30, 2016, the County reported a liability of \$237,667,957 for its proportionate share of the FRS Pension Plan's net pension liability. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016. The County's proportion of the net pension liability was based on the County's contributions received by FRS during the measurement period for employer payroll paid dates from July 1, 2015, through June 30, 2016, relative to the total employer contributions received from all of FRS's participating employers. At June 30, 2016, the County's proportion was 0.941256310%, which was an increase of 0.084239156% from its proportion measured as of June 30, 2015.

For the year ended September 30, 2016, the County recognized pension expense of \$35,352,874 for its proportionate share of the FRS Pension Plan's pension expense. In addition, the County reported its proportionate share of FRS Pension's deferred outflows of resources and deferred inflows of resources from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Economic Experience	\$ 18,197,687	\$ 2,212,849
Changes in Actuarial Assumptions	14,378,200	-
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	61,384,252	-
Changes in Proportion and Differences Between the County's Contributions and Proportionate Share of Contributions	12,254,303	11,022,350
County's Contributions Subsequent to the Measurement Date	6,753,418	-
Total	<u>\$ 112,967,860</u>	<u>\$ 13,235,199</u>

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 10 RETIREMENT PLANS (CONTINUED)

Florida Retirement System Pension Plan (Continued)

Pension Costs (Continued)

An amount of \$6,753,418 reported as deferred outflows of resources related to pensions resulting from County contributions to the FRS Pension Plan subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2017. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized as an increase in pension expense as follows:

<u>Year Ended September 30,</u>	<u>Amount</u>
2017	\$ 11,758,172
2018	11,758,172
2019	35,709,064
2020	26,262,205
2021	5,617,068
Thereafter	1,874,562

Actuarial Assumptions

The total pension liability in the July 1, 2016, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60% per year
Salary Increases	3.25%, Average, Including Inflation
Investment Rate of Return	7.60%, Net of Pension Plan Expense

Mortality rates were based on the Generational RP-2000 with Projection Scale BB. The actuarial assumptions used in the July 1, 2016, valuation were based on the results of an actuarial experience study for the period July 1, 2008 through June 30, 2013.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption.

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 10 RETIREMENT PLANS (CONTINUED)

Florida Retirement System Pension Plan (Continued)

Actuarial Assumptions (Continued)

The target allocation, as outlined in the FRS Pension Plan's investment policy, and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.0%	3.0%	3.0%	1.7%
Fixed Income	18.0%	4.7%	4.6%	4.6%
Global Equity	53.0%	8.1%	6.8%	17.2%
Real Estate (Property)	10.0%	6.4%	5.8%	12.0%
Private Equity	6.0%	11.5%	7.8%	30.0%
Strategic Investments	12.0%	6.1%	5.6%	11.1%
Totals	100%			

Assumed Inflation - Mean

2.6%

1.9%

Discount Rate

The discount rate used to measure the total pension liability was 7.60% for the FRS Pension Plan. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, each of the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Pension Liability Sensitivity

The following presents the County's proportionate share of the net pension liability for the FRS Plan, calculated using the discount rate disclosed in the preceding paragraph, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

Description	1% Decrease	Current Discount Rate	1% Increase in Discount Rate
FRS Plan Discount Rate	6.60%	7.60%	8.60%
County's Proportionate Share of the FRS Plan Net Pension Liability	\$ 437,562,800	\$ 237,667,957	\$ 71,281,900

Florida Retirement System Pension Plan (Continued)

Pension Plan Fiduciary Net Position

Detailed information about the FRS Plan's fiduciary's net position is available in a separately-issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report. That report may be obtained through the Florida Department of Management Services website (www.dms.myflorida.com).

Retiree Health Insurance Subsidy Program

Plan Description

The Retiree Health Insurance Subsidy Program (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, *Florida Statutes*, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided

For the fiscal year ended June 30, 2016, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, *Florida Statutes*. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions

The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2016, the contribution rate was 1.66% of payroll pursuant to section 112.363, *Florida Statutes*. The County contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled. The County's contributions to the HIS Plan were \$3,424,007 for the year ended September 30, 2016.

Pension Costs

At September 30, 2016, the County reported a liability of \$74,682,686 for its proportionate share of the HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016. The District's proportion of the net pension liability was based on the County's contributions received during the measurement period for employer payroll paid dates from July 1, 2015, through June 30, 2016, relative to the total employer contributions received from all participating employers. At June 30, 2016, the County's proportion was 0.640800865%, which is an increase of 0.015246304% from its proportion measured as of June 30, 2015.

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 10 RETIREMENT PLANS (CONTINUED)

Retiree Health Insurance Subsidy Program (Continued)

Pension Costs (Continued)

For the year ended September 30, 2016, the County recognized pension expense of \$6,528,429 for its proportionate share of HIS's pension expense. In addition, the County reported its proportionate share of HIS's deferred outflows of resources and deferred inflows of resources from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Economic Experience	\$ -	\$ 170,100
Changes in Actuarial Assumptions	11,719,612	-
Net Difference Between Projected and Actual Earnings on HIS Program Investments	37,761	-
Changes in Proportion and Differences Between the County's Contributions and Proportionate Share of Contributions	2,571,074	675,988
County's Contributions Subsequent to the Measurement Date	887,563	-
Total	<u>\$ 15,216,010</u>	<u>\$ 846,088</u>

An amount of \$887,563 reported as deferred outflows of resources related to pensions resulting from County contributions to the HIS Plan subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2017. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized as an increase (decrease) in pension expense as follows:

Year Ended June 30,	Amount
2017	\$ 2,398,156
2018	2,398,156
2019	2,390,965
2020	2,387,514
2021	2,193,344
Thereafter	1,714,224

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 10 RETIREMENT PLANS (CONTINUED)

Retiree Health Insurance Subsidy Program (Continued)

Actuarial Assumptions

The total pension liability in the July 1, 2016, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

HIS Actuarial Assumptions

Inflation	2.60% per year
Salary Increases	3.25%, Average, Including Inflation
Municipal Bond Rate	2.85%

Mortality rates were based on the Generational RP-2000 with Projection Scale BB. The actuarial assumptions used in the July 1, 2016, valuation were based on the results of an actuarial experience study for the period July 1, 2008, through June 30, 2013.

Discount Rate

The discount rate used to measure the total pension liability was 2.85% for the HIS Plan. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Pension Liability Sensitivity

The following presents the County's proportionate share of the net pension liability for the HIS Plan, calculated using the discount rate disclosed in the preceding paragraph, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

Description	1% Decrease	Current Discount Rate	1% Increase in Discount Rate
HIS Plan Discount Rate	1.85%	2.85%	3.85%
County's Proportionate Share of the HIS Plan Net Pension Liability	\$ 85,678,009	\$ 74,682,686	\$ 65,557,169

Pension Plan Fiduciary Net Position

Detailed information about the HIS Plan's fiduciary's net position is available in a separately-issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report. That report may be obtained through the Florida Department of Management Services website (www.dms.myflorida.com).

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 10 RETIREMENT PLANS (CONTINUED)

Retiree Health Insurance Subsidy Program (Continued)

The Florida State Board of Administration (SBA) administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, *Florida Statutes*, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of plan members.

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Non-vested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2016, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the County.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 11 OTHER POSTEMPLOYMENT BENEFITS

Plan Description

The postemployment benefits plan is a single-employer defined benefit plan administered by the County. In accordance with Section 112.0801, *Florida Statutes* and as authorized by County Ordinance 2011-023 effective October 3, 2011, the County offers retiring employees enrolled in the County's plans at the time of retirement and their covered dependents the opportunity to continue to participate in health and/or life insurance plans through the County's Retiree Benefits Program. Retirees who do not choose to continue participation within thirty days of their employment termination date lose eligibility to participate in the future. The postemployment benefits plan does not issue a separate financial statement.

The employee must immediately begin receiving Florida Retirement System (FRS) benefits after leaving County employment to qualify for this benefit. However, an exception to this qualification is that some employees who did not retire, were employed with County government a minimum of 15 years and terminated their employment prior to January 1, 2012, qualified for participation in the Retiree Benefits Program based solely upon their years of service. Retirees age 65 and older and/or their Medicare eligible dependents are required to participate in the fully-insured Medicare Advantage plan and must enroll in the Federal Medicare program (Part A & Part B) to be eligible for enrollment in this plan option.

The premiums for the retirees and dependents participating in the self-insured health plans are the same as that of active employees. The County reduces the cost of health insurance for a retiree hired before January 1, 2009, by contributing toward the payment of the retiree's monthly premium for single coverage health insurance. If an employee retired before January 1, 2012, the County contributes 3% of the retiree's premium for each full year of employment that the employee had with a Polk County agency affiliated with the County's health plan. The maximum contribution that the County will provide to a retiree at 3% per year is 75% of the premium. If an employee retires after January 1, 2012, the County contributes the lesser of \$16 per year of service, up to a maximum of \$400 or 3% per year of service up to a maximum of 75%. The County does not make a contribution toward premiums for any employee hired after December 31, 2008. The County also subsidizes the premium rates paid by non-Medicare eligible retirees and their dependents by allowing them to participate in the insurance plans at the blended group (implicitly subsidized) premium rates for both active and non-Medicare eligible retired employees. These rates provide an implicit subsidy because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees.

Retirees may also retain basic life coverage in the amount of \$10,000 on the County's group life insurance plan; however, they are fully responsible for the premium.

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 11 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Funding Policy

The County has not advance-funded or established a funding methodology for the annual Other Postemployment Benefit (OPEB) or the net OPEB obligation. For the year ended September 30, 2016, approximately 1,400 retirees and dependents received benefits. The County provided contributions of \$4,622,523 toward the annual OPEB cost comprised of premium contributions and claim benefit payments made on behalf of retirees net of retiree contributions totaling \$3,588,962.

Annual OPEB Cost and Net OPEB Obligation

The County's annual OPEB cost (expense) is calculated based on the annual required contributions of the employer (ARC), and amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities over a period not to exceed thirty years.

The following table shows the County's annual OPEB cost for the year ended September 30, 2016, the amount contributed to the plan and changes in the County's net OPEB obligation:

Annual Required Contribution	\$ 13,104,000
Interest on Net OPEB Obligation	7,040,000
Adjustment to ARC	<u>(6,764,000)</u>
Annual OPEB Cost (Expense)	13,380,000
Contribution toward the OPEB Cost	<u>(4,622,523)</u>
Increase in Net OPEB Obligation	8,757,477
Net OPEB Obligation, Beginning of Year	<u>176,011,075</u>
Net OPEB Obligation, End of Year	<u><u>\$ 184,768,552</u></u>

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation as of September 30, 2016 and the two preceding years were as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	New OPEB Obligation
September 30, 2016	\$ 13,380,000	34.55%	\$ 184,768,552
September 30, 2015	12,990,000	29.89%	176,011,075
September 30, 2014	12,506,000	21.71%	166,903,567

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 11 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Fund Status and Funding Progress

The funding status as of September 30, 2016 was as follows:

Actuarial Accrued Liability (a)	\$ 199,316,000
Actuarial Value of Plan Assets (b)	-
Unfunded Actuarial Accrued Liability (c)=(a-b)	<u>\$ 199,316,000</u>
Funded Ratio (b/a)	0.00%
Sheriff	84,872,580
Property Appraiser	5,278,082
Clerk	12,423,887
Tax Collector	8,645,378
Board and Supervisor of Elections	92,746,409
Covered Pay (Active Plan Members) (d)	<u>\$ 203,966,336</u>
UAAL as a Percentage of Covered Pay (c/d)	97.72%

Actuarial Methods and Assumptions

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment and termination, mortality, and the healthcare costs trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Projection of benefits for financial reporting purposes are based on the substantive plan provisions and include the type of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and participating members. The actuarial methods and assumptions used include techniques that are designed to reduce the effect of short-term volatility in actuarial accrued liabilities consistent with the long-term perspective of the calculations.

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 11 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Actuarial Methods and Assumptions (Continued)

The results reported for the year ended September 30, 2016 are based on a no gain/loss rollforward of the actuarial valuation as of October 1, 2014 actuarial valuation. This valuation uses the projected unit credit actuarial method. Since the plan is currently funded on a pay-as-you-go basis, the actuarial assumptions include a 4.00% rate of return on unrestricted general funds of the County, which is based on 2.60% assumed inflation and 1.40% real rate of return. The County's unfunded actuarial accrued liability is being amortized as a level percent of pay for a 30-year open period assuming 3.25% annual growth in total payroll. The assumptions for termination, disability, mortality, retirement and the payroll growth rates are based upon the rates used for the July 1, 2014 valuation of the Florida Retirement System. The assumptions for age related morbidity were updated to reflect research by the Society of Actuaries. The current healthcare cost trend rates used were 7.50% pre-Medicare and 6.30% post-Medicare, reducing to rates of 4.50% in 2022 and later.

The County's Unfunded Actuarial Accrued Liability increased from \$192,593,000 at October 1, 2014, to \$199,316,000 at October 1, 2015 since interest and service costs were higher than the benefits paid.

NOTE 12 OPERATING LEASES

The following is a schedule by years of future minimum rental payments required under operating leases for certain land, buildings and equipment used in governmental operations that have initial or remaining noncancelable lease terms as of September 30, 2016:

<u>Year Ended September 30,</u>	<u>Amount</u>
2017	\$ 1,267,049
2018	1,047,219
2019	826,769
2020	710,283
2021	617,433
Thereafter	361,964
Total Minimum Payments Required	<u>\$ 4,830,717</u>

Rent expenditures under cancelable and noncancelable lease arrangements for the year ended September 30, 2016 were \$4,672,848. The leases generally provide for automatic termination in any year in which the County fails to appropriate funds for rental payments.

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 14 PROPERTY TAX REVENUES

Taxable values for all property are established as of January 1, which is the date of lien, for the fiscal year starting October 1. Property tax revenues recognized for the year ended September 30, 2016 were levied in January 2015. All taxes are due and payable on November 1, or as soon as the assessments roll is certified and delivered to the Tax Collector. Discounts are allowed for early payment at the rate of four percent in November, three percent in December, two percent in January, and one percent in February. Taxes paid in March are without discount. All unpaid taxes become delinquent as of April 1. Virtually all unpaid taxes are collected via the sale of tax certificates on or prior to June 1; therefore, there were no material taxes receivable at fiscal year-end. Any prepaid taxes paid in June and September are accrued as deferred inflows at the fiscal year-end.

NOTE 15 REHABILITATION AND HOMEOWNERSHIP LOAN PROGRAMS

The County has multi and single-family home rehabilitation and homeownership loan programs funded under the Community Development Block Grant (CDBG), HOME Investment Partnership Loan Program (HOME), and the State Housing Initiative Partnership Program (SHIP). If the homeowners remain in their homes for the full term of the deferred loan, the loan is forgiven. If the property is transferred or sold before the end of the loan period, the proceeds from the repayment including interest, if any, are then repaid and returned to the appropriate grant program. If the net proceeds from a voluntary (sale) or involuntary (foreclosure) sale are insufficient to repay the amount of the assistance, the County shall recapture the balance due on the loan or 100% of net proceeds from the sale, whichever is less. If there are no net proceeds from the sale, no repayment is required. A lien is placed against the property to ensure the repayment of the loan and interest, if any. As collection is uncertain on these loans, they are not recognized in the financial statements.

NOTE 17 COMMITMENTS AND CONTINGENCIES

Federal Grant Programs

The County participates in a number of federal programs. Grant programs are subject to financial and compliance audits by the grantors or their representatives. The grantor audits of all programs for or including the year ended September 30, 2016 have not been completed. Accordingly, the County's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies, cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

Large Contractual Commitments

The County has large contractual commitments at September 30, 2016 for the following:

Ernie Caldwell Blvd. Phase II-B & Phase III	\$ 8,042,515
Walk Road Park	3,356,912
LS 35 & SR 37 Gravity Sewer, Force Main Improvements & LS 99 Upgrade	2,930,638
Central Regional Water Production Facility Water Supply Wells	1,918,060
Construction of Class I, Phase V Disposal Facility at the North Central Landfill	1,647,829
Accent Software	1,303,943
North Ridge Trail Phase III & Access Road NW	1,051,558
Loyce E Harpe Park	603,804
Oracle Hyperion & 1 Year Software Subscription	535,570
Other Miscellaneous Contracts	<u>6,116,515</u>
Total	<u><u>\$ 27,507,344</u></u>

Litigation

Various suits and claims involving disputed ad valorem real property taxes are pending against Polk County. Portions of these taxes have been voluntarily paid, others have been paid under protest, and in certain instances, there are unpaid balances.

Various other suits and claims arising in the ordinary course of County operations, some of which may involve substantial amounts, are pending against the County. While the ultimate effect of such litigation cannot be ascertained at this time, in the opinion of counsel for the County, the liabilities which may arise from such action would not result in losses which would materially affect the financial position of Polk County or the results of its operations.

**POLK COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2016**

NOTE 18 TRANSFERS

Transfers for the year ended September 30, 2016 consisted of the following:

Transfers to the General Fund from:

Nonmajor Governmental Funds	\$ 4,017,880
Waste and Recycling Fund	3,306,175
Total	<u>\$ 7,324,055</u>

Transfers to Nonmajor Governmental Funds from:

General Fund	\$ 7,548,526
Waste and Recycling Fund	2,174,504
Nonmajor Governmental Funds	7,641,700
Utilities	4,657,096
Total	<u>\$ 22,021,826</u>

Transfers to Utilities Fund from:

Nonmajor Governmental Funds	\$ 3,087,049
Total	<u>\$ 3,087,049</u>

Transfers to Waste and Recycling Fund from:

General Fund	\$ 46,114
Total	<u>\$ 46,114</u>

Transfers to Internal Service Funds from:

Nonmajor Governmental Funds	\$ 375,000
Total	<u>\$ 375,000</u>

Transfers are used to 1) move revenues from the fund state law requires to collect them to the fund that state law requires to expend them, 2) provide matching funds for grants, 3) or use unrestricted General Fund and other fund revenues to finance transportation or other activities which must be accounted for in another fund.

NOTE 19 DEFICIT FUND BALANCES

At September 30, 2016, the Polk Commerce Centre CRA Fund had a fund balance deficit of \$1,526,341. The deficit in the Polk Commerce Centre CRA fund will be eliminated through future receipts of ad valorem taxes.

NOTE 1 OTHER POSTEMPLOYMENT BENEFITS

The results reported for the year ended September 30, 2016 are based on a no gain/loss rollforward of the actuarial valuation as of October 1, 2014 actuarial valuation. This valuation uses the projected unit credit actuarial method. Since the plan is currently funded on a pay-as-you-go basis, the actuarial assumptions include a 4.00% rate of return on unrestricted general funds of the County, which is based on 2.60% assumed inflation and 1.40% real rate of return. The County's unfunded actuarial accrued liability is being amortized as a level percent of pay for a 30-year open period assuming 3.25% annual growth in total payroll. The assumptions for termination, disability, mortality, retirement and the payroll growth rates are based upon the rates used for the July 1, 2014 valuation of the Florida Retirement System. The assumptions for age related morbidity were updated to reflect research by the Society of Actuaries. The current healthcare cost trend rates used were 7.50% pre-Medicare and 6.30% post-Medicare, reducing to rates of 4.50% in 2022 and later.

The County's Unfunded Actuarial Accrued Liability increased from \$192,593,000 at October 1, 2014, to \$199,316,000 at October 1, 2015 since interest and service costs were higher than the benefits paid.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for the proceeds of specific revenue sources requiring separate accounting because of legal or regulatory provisions or administrative action.

Special Revenue Grants Fund

This fund accounts for the various federal and state grants obtained by the County.

County Transportation Trust Fund

The main sources of revenues are from state-shared revenues and local option gas taxes. These revenues are used for road and bridge maintenance and construction.

Tourist Development Tax Fund

The County's portion of the four and five cent tourism tax revenue is recorded in this fund. These revenues are to be used to promote tourism for the County.

Impact Fees Fund

This fund accounts for impact fees used for the construction or improvement of the County's emergency medical system, roads, and correctional facilities.

Lake and River Enhancement Fund

The annual County vessel registration fee revenues are recorded in this fund. These revenues are used for the maintenance and enhancement of the lakes, rivers, and waters, and for other boating related activities.

Lighting Districts Fund

This fund accounts for the costs of providing street lighting to residents living within the boundaries of the lighting districts. The primary revenue source is from non-ad valorem special assessments restricted for the purpose of street lighting in special districts.

Stormwater MSTU Fund

This fund accounts for MSTU revenue and cost of operating and maintaining the stormwater management system and complying with mandates of the National Pollutant Discharge Elimination System Stormwater (NPDES) permitting program.

Fire Rescue Fund

This fund accounts for the costs of providing fire protection services to the residents living within the unincorporated areas of the County. The primary revenue source is from various special assessments to citizens to be used for fire rescue and emergency medical services.

Emergency 911 Fund

This fund accounts for fees provided by the Florida emergency telephone act and by ordinance No. 86-23. These revenues are to be used for the acquisition, implementation, and maintenance of public safety answering point equipment and "911" service features.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Hazardous Waste Fund

This fund accounts for costs of regulations and inspections of hazardous waste facilities. The primary revenue source is from a 3% tax on gross receipts on commercial hazardous waste facilities pursuant to Section 403.7215, Florida Statutes. According to Florida Statutes, these funds are restricted to be spent on the regulation and inspection of hazardous waste facilities.

Radio Communications Fund

This fund accounts for the cost of constructing and maintaining the County-wide 800 megahertz radio communications system. Primary revenue sources are court fines and radio communication user fees.

Law Enforcement Trust Fund

This fund accounts for the monies obtained from cash forfeitures and the sale of property and equipment confiscated by the Sheriff as provided for in Chapter 932, Florida Statutes, the amounts in the fund are to be expended only for certain law enforcement purposes.

Land Management Trust Fund

This fund accounts for monies obtained from ad valorem taxes, which may only be expended for the purchase and management of environmentally sensitive lands.

Building Fund

This fund accounts for building permit fees. Revenues are used solely to defer the costs of inspections and to enforce the building code, as permitted by Section 125.56 and 553.80, Florida Statutes.

Indigent Healthcare Fund

This fund accounts for receipts and disbursements of monies received from the discretionary half-cent sales tax approved by Polk County voters. Monies may be expended only for healthcare services for qualified residents, including but not limited to, the indigent and medically poor.

Harden/Parkway CRA Fund

This fund was established in 2004 and has a 40-year sunset date. This fund accounts for monies obtained from ad valorem taxes, which may only be expended to fund the design, construction, and payment for all components of the transportation improvements to the Harden/Parkway area.

Polk Commerce Centre CRA Fund

This fund was established in 2006 when Polk County commissioners were assigned to the CRA board. This fund accounts for monies obtained from ad valorem taxes, which may only be expended to fund the design, construction, and payment for all components of the transportation improvements to the Polk Commerce Centre area.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Leisure Services MSTU Fund

The leisure services MSTU was established in 2005 to provide and maintain expanded public access to parks and recreation areas and activities, by improving, acquiring, and operating parks, recreation areas and facilities, historical venues and trails within unincorporated areas of the county. Revenues are provided by ad valorem taxes.

Libraries MSTU Fund

The libraries MSTU fund was established in 2005 to provide and maintain expanded public access to library facilities and programs by improving, acquiring, constructing, and operating library facilities within the unincorporated areas of the County. Revenues are provided by ad valorem taxes.

Rancho Bonito MSTU Fund

The Rancho Bonito MSTU fund was established in 2013 to fund County and law enforcement services, facilities, operations, maintenance and programs properly located within Rancho Bonito. Revenues are provided by ad valorem taxes.

Transportation Millage Fund

This fund accounts for 1 mill of *ad valorem* revenue levied county-wide. In addition, the Board of Commissioners has assigned a portion of the Public Service Tax, assessed on the purchase of utilities such as electricity, water, natural gas, and petroleum gas, to the fund. The primary purpose of the fund is for pavement management, roadway drainage, road capacity, road safety, and general roadway improvements.

Eloise CRA Fund

This fund accounts for monies obtained from ad valorem taxes, which may only be expended for the rehabilitation, conservation, or redevelopment of the Eloise area.

Clerk of the Circuit Courts – Court Fund

This fund accounts for court-related financial resources. The primary revenue source is revenue sharing from Florida Clerks of Court Operations Corporation and is restricted for court-related operations.

Unbudgeted Other Special Revenue Funds

The Clerk of Courts' Records Modernization Trust accounts for the proceeds of specified revenue sources that are legally restricted to expenditures for specified purposes. The Sheriff's Other Special Revenue Funds (Grants Fund and Other Governmental Funds) account for the proceeds of specific revenue sources related to law enforcement education, law enforcement equipment, and other governmental activities that are legally restricted or committed to expenditures for these specified purposes. The Supervisor of Elections' Special Revenue Grants Fund accounts for the proceeds and expenditures of grants that are contractually restricted for election related expenditures. Funds are unbudgeted and will not have a budget to actual fund statement.

DEBT SERVICE FUNDS

Debt service funds are used to account for the accumulation of resources for and payment of the County's long-term debt other than those payable from the operations of enterprise funds.

Public Facilities Revenue Bonds, Series 2005 Fund

The County maintains an interest and Sinking Fund (debt service fund) for the Public Facilities Revenue Bonds—2005 Fund. The transactions in this fund during the year are limited and are primarily only the interest and principal payments required for the fund. Debt service is funded by the public service tax and interest on pooled cash.

Constitutional Fuel Tax Revenue Improvement and Refunding Bonds, Series 2006 Fund

This fund accumulates monies for the payment of the \$6,010,000 Constitutional Fuel Tax Revenue Refunding Bonds, Series 2006, which are serial bonds, due in annual installments of \$229,500 to \$3,058,375 through December 2017. Principal and interest are collateralized by a pledge of the County's share of the Constitutional Fuel Tax Funds.

Capital Improvement Refunding Revenue Bonds, Series 2010 Fund

This fund accumulates monies for the payment of the \$32,265,000 Capital Improvement Refunding Revenue Bonds, Series 2010, which are serial bonds, due in annual installments of \$2,779,050 to \$2,784,200 through December 2026. Principal and interest are paid from the county share of the half-cent sales tax funds received from the state.

Transportation Improvement Refunding Revenue Bonds, Series 2010 Fund

This fund accumulates monies for the payment of the \$53,035,000 Transportation Improvement Refunding Revenue Bonds, Series 2010, which are serial bonds, due in annual installments of \$4,172,725 to \$4,176,975 through December 2029. Principal and interest are paid from the 5-cents per gallon local option fuel tax and a two percent public service tax levied by the County.

Public Facilities Revenue Refunding Bonds, Series 2014 Fund

This fund accumulates monies for the payment of the \$71,510,000 Public Facilities Revenue Refunding Bond, Series 2014, which are serial bonds, due in annual installments of \$1,787,556 to \$5,453,600 through December 2035. Principal and interest are paid by a pledge of revenues from the State Revenue Sharing Trust Funds and 8% of the 10% public service tax accruing to the County under provisions of Chapter 210, Florida Statutes, Section 212.20 and Chapter 125, Florida Statutes; Chapter 218, Part II, Florida Statutes; Section 166.231, Florida Statutes.

Public Facilities Revenue Refunding Note, Series 2015 Fund

This fund accumulates monies for the payment of the \$18,157,000 in Public Facilities Revenue Refunding Note, Series 2015, due in annual installments of \$592,356 to \$2,151,780; including interest through December 1, 2026; interest of 2.14%; collateralized by a pledge of State Revenue Sharing Trust Funds and 8% of the 10% public service tax accruing to the County under provisions of Chapter 210, Florida Statutes, Section 212.20 and Chapter 125, Florida Statutes; Chapter 218, Part II, Florida Statutes; Section 166.231, Florida Statutes.

CAPITAL PROJECT FUNDS

Capital Project Funds account for funds used for the acquisition or construction of major capital facilities.

General Capital Improvements Fund

This fund is used to account for the acquisition, construction, modification, improvement and renovation of major capital facilities such as buildings and parks.

Road Construction Fund

This fund is used to account for the acquisition, reconstruction, and maintenance of certain roads in the County which are funded by public service taxes, the second local option gas taxes, and bond proceeds.

Northeast Polk Roadway Fund

This fund was established to spend down the remaining balance on projects in Northeast Polk County transferred from the North Ridge CRA Fund that was sunset in 2015.

Environmental Lands Acquisition Fund

This fund is used to account for the purchase of environmentally sensitive lands which are funded by a 0.2 mill *ad valorem* tax levy.

Drainage and Water Quality Fund

This fund was established to account for drainage and water quality activities.

INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods and services provided by one department or agency to other departments or agencies, and to other governments on a cost reimbursement basis.

FLEET MANAGEMENT FUND

This fund accounts for all activities necessary to provide for the maintenance, replacement, and management of the County's fleet of vehicles.

EMPLOYEE HEALTH INSURANCE FUND

This fund accounts for the provision of health benefits to County employees, retirees, and their dependents through the County's self-insurance health program.

INFORMATION TECHNOLOGY FUND

This fund accounts for the operations of the computer replacement and information technology enhancement and maintenance programs.

AGENCY FUNDS

Agency Funds account for all assets held as custodian or agent for individuals, governmental entities and nonpublic organizations. Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

COUNTY COURT FUND

This fund accounts for the fine and forfeiture collections generated from criminal cases which is then disbursed to state or local agencies.

REGISTRY OF COURT FUND

This fund accounts for deposits from civil cases at the direction of the court, the funds are held until the court directs the fund to be disbursed.

JURY AND WITNESS FUND

This fund accounts for money used by the state attorney, public defender, and regional counsel to pay their witnesses when called for trial.

DOMESTIC RELATIONS FUND

This fund accounts for the money collected for court order child support payments.

TAX DEED FUND

This fund accounts for the proceeds from sales of property held due to delinquent property taxes.

INTANGIBLE TAX AND DOCUMENTARY STAMP FUND

This fund accounts for the documentary stamps and intangible taxes collected on items recorded in the Official Records to be remitted to the state.

COUNTY COURT/CIVIL COURT FUND

This fund accounts for the money collected on civil cases for funds collected for sheriff services.

CASH BONDS FUND

This fund accounts for cash bonds received on criminal cases as well as civil bonds deposited by parties in civil cases.

TAXES FUND

This fund accounts for the collection and distribution of the following taxes and fees: ad valorem taxes on real and tangible property and non-ad valorem assessments on property within Polk County, vehicle, vessel and mobile home registration taxes and title fees, driver license fees, tourist development taxes, business tax receipts, hunting and fishing licenses and sales tax on vehicle, vessel and mobile home sales with non-dealers.

FEES AND SUSPENSE FUND

This fund accounts for fees and related sales taxes collected for other governmental units, judgement levies, charity fundraisers, forfeitures and F.S. Chapter 705 property awaiting award or distribution.

FINES AND DRD FUND

This fund accounts for the fines and child support payments collected for other governments.

INMATE FUND

This fund accounts for monies collected from inmates who have money in their possession at the time of their arrest and subsequent deposits to their accounts during incarceration.

OTHER AGENCY FUND

This fund accounts for all the other funds collected by the Clerk to be disbursed out to other agencies. These funds mainly come from civil cases and Official Records filings.

STATISTICAL SECTION (UNAUDITED)

The statistical data presents physical, economic, social, and political characteristics of Polk County. It is intended to provide users with a more broad and complete understanding of the County and its financial affairs than is possible from the financial statements and supporting schedules included in the financial section.

Contents

Financial Trends

These schedules contain trend information designed to help the reader understand how the County's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the County's most significant local revenue source, property taxes.

Debt Capacity

These schedules present information to help the reader assess the factors of affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators designed to help the reader understand the environment within which the County's financial activities take place and to help make comparisons over time and with other governments.

Operating Information

These schedules contain information about the County's operations and resources to help the reader understand how the County's financial information relates to the services the County provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Notes:

(1) Current and delinquent collections include penalties.

(2) Property taxes become due and payable on November 1 of each year. A four percent discount is allowed if the taxes are paid in November with the discount declining by one percent each month thereafter. Accordingly, taxes collected will never be 100% of the tax levy. Taxes become delinquent on April 1 of each year and tax certificates for the full amount of any unpaid taxes and assessments must be sold not later than June 1 of each year.

Notes:

* Information not available

- Operating indicator was not performed during fiscal year.

- (1) In years 2007, and 2008, the reported numbers included inactive licenses. Changes have been made to those years to reflect only Business licenses sold.
- (2) In 2011, the Public Safety Department was eliminated and the Emergency Medical Services (EMS) and Emergency Management Division were absorbed by the Fire Rescue Division. The information provided represents the totals for the consolidated Fire Rescue Division.
- (3) Communications Center transferred to the Sheriff's Office during 2011. Previous amounts only included BoCC Communications Center. The amounts reported in 2011 and 2012 includes all Communications Centers now under the Sheriff.
- (4) Beginning in 2014, this program transitioned to Medicaid Reform. No longer serving Medicaid clients.

Notes:

- (1) Ordinance No. 87-04 enacted by the Polk County Board of County Commissioners on June 23, 1987 pursuant to which distribution percentages are established on July 1st of each year based on the following formula: 40% of the distribution is based on the percentage of miles of roads maintained by the County or the respective municipalities with the County; 60% of the distribution is based on the pro rata population of the respective municipalities and the unincorporated area of the County.
- (2) The Transportation Improvement Revenue Bonds are collateralized by a pledge of revenues from the 5-cents per gallon local option fuel tax and 2% public service tax. Public Service Tax amounts have been revised to only report the amount that is pledged. Previously, the total amount of Public Service Tax was reported.

Source: Polk County, Florida Utilities Department

Notes:

- (1) Gross Revenues and Cost of Operation and Maintenance for the fiscal years ended September 30, 2012 through and including 2016 are audited.
- (2) Charges for services increased from \$48.2 million in the fiscal year ended September 30, 2012 to \$61.1 million in the fiscal year ended September 30, 2016 or 27% based on a combination of growth in water, sewer, and reclaimed water customers and the implementation of five percent (5%) annual rate increases on October 1, 2010, 2011, 2012, 2013 and 2014. The increase in customer growth over the period was mitigated by a decline in water use during the past five fiscal years. Connection Charges of \$3,062,622, \$4,632,731, \$5,413,222, \$6,618,582 and 7,303,636 for fiscal year-ended September 30, 2012 through 2016, respectively, are excluded from Charges for Services.

UTILITY SYSTEMS REVENUE BONDS, SERIES 2004A, 2004B, 2010, 2012, 2013, 2014A,
2014B, AND 2014C (CONTINUED)
CONTINUING DISCLOSURE

Notes (continued):

- (3) Miscellaneous revenues includes Subsidy Payments. Pursuant to the Sequestration Transparency Act of 2012, as a consequence of the Joint Select Committee on Deficit Reduction's failure to propose, and Congress' failure to enact, a plan to reduce the federal deficit by \$1.2 trillion (as required by the Budget Control Act of 2011 by January 2, 2013), the President of the United States, in his report to Congress of sequestration for fiscal year 2013, included in such sequestration the payments authorized for direct-pay bonds, such as the Series 2010 Bonds, issued under the Recovery and Reinvestment Act of 2009. the sequestration cut for direct-pay bonds was initially scheduled to last through fiscal year 2021. However, the Bipartisan Budget Act of 2013, extended the sequestration cut through fiscal year 2023. Congress recently approved a bill which would further extend sequestration through fiscal year 2024. The President is expected to sign such bill in the near future. On March 4, 2013, the Internal Revenue Service announced that payments to issuers of direct pay bonds, such as the Series 2010 Bonds, were subject to a reduction of 8.7% of the amount budgeted through September 30, 2013. On September 30, 2013, the Internal Revenue Service announced that payments to issuers of direct pay bonds, such as the Series 2010 Bonds, are subject to a reduction of 7.2% of the amount budgeted for such payment through September 30, 2014. For the County's October 1, 2013 Subsidy Payment, the County received an amount equal to \$439,615.48 which represented an 8.7% reduction of the full amount due \$481,506.55. The County's Subsidy Payments received April 1, 2014 and October 1, 2014 were each \$446,838.07 which represented a 7.2 % reduction. Payments received April 1, 2015 and October 1, 2015 were each \$446,356.57 which represented a 7.3 % reduction. Payments received April 1, 2016 and October 1, 2016 were each \$448,764.10 which represented a 6.8 % reduction. No assurance can be given that legislative proposals may be introduced or enacted by Congress that would or might apply to, or have an adverse affect upon, the County's receipt of Subsidy Payments. Payment of debt service on the Series 2010 Bonds is not contingent upon receipt by the County of the Subsidy Payments and the County does not expect that any such reduction in Subsidy Payments will affect its ability to pay debt service on the Bonds.
- (4) Miscellaneous Revenue for fiscal year ended September 30, 2014, decreased from fiscal year 2013 due to proceeds received from insurance claims and reimbursements for aquifer storage received in fiscal year 2013.
- (5) Amounts reflect interest and investment earnings on all accounts created by the Resolution, including investment income derived from Connection Charges on deposit, as reported by County staff. These amounts do not include any adjustments for the market value of the investments.
- (6) Gross Revenue exclude income derived from Connection Charges, including investment income; however, such amount is includable in Test B of the rate covenant whereby Available Connection Charges and investment income derived from Available Connection Charges not added to Net Revenues.
- (7) Amounts exclude depreciation and amortization expenses, payments in lieu of taxes (PILOT) of \$1,376,563, \$1,412,370, \$1,465,859, \$1,547,795, and 1,573,381 for the fiscal years-ended 2012 through 2016, respectively, and capitalized labor. Based on the County's review of budget to actual results, the actual expenses were approximately 90% of the adopted budget for each year.
- (8) Includes all operating expenses and losses on disposition of equipment. Other expenses include only GIS mapping charges. FY 13,14 and 15 have been recalculated to include losses on disposition of equipment which were previously omitted.
- (9) Amount reflects an Operating transfer from the Water and Sewer Fund to the General Fund to account for allocated operating and administrative expenses associated with utility services.
- (10) As of the issuance of the Series 2013 Bonds, issued December 19, 2013, and based on updated information related to funding and timing of certain projects in the County's capital improvement program, the Water Expansion Project Percentage has been recalculated and is equal to 31.17% and the Sewer Expansion Project Percentage has been recalculated and is equal to 52.25%.
- (11) Due to the recent recession, customer growth has declined which has similarly caused Connection Charges to decline in recent years. Connection Charges from new development have declined since October 1, 2008, but have remained stable over the last eight (8) years.

INDEPENDENT ACCOUNTANTS' REPORT

Honorable Board of County Commissioners
Polk County, Florida
Bartow, Florida

We have examined Polk County, Florida's (the County) compliance with Section 218.415, Florida Statutes, regarding the investment of public funds and Section 365.172(10) and 365.172(2)(d), Florida Statutes, regarding emergency communications number E911 system fund during the year ended September 30, 2016. Management is responsible for the County's compliance with those requirements. Our responsibility is to express an opinion on the County's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the County's compliance with specified requirements.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on County's compliance with specified requirements.

In our opinion, the County complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2016.

This report is intended solely for the information and use of the County and the Auditor General, State of Florida, and is not intended to be, and should not be, used by anyone other than these specified parties.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Honorable Board of County Commissioners
Polk County, Florida
Bartow, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Polk County, Florida (the County), as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We have also audited the financial statements of the Harden/Parkway Community Redevelopment Agency, Polk Commerce Centre Community Redevelopment Agency, and the Eloise Community Redevelopment Agency (each CRA is a nonmajor special revenue fund) which are presented in the accompanying combining and individual fund schedules and statements section as of and for the year ended September 30, 2016, as listed in the table of contents, and have issued our report thereon dated April 21, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS
FOR EACH MAJOR FEDERAL PROGRAM AND STATE PROJECT, REPORT ON
INTERNAL CONTROL OVER COMPLIANCE, AND REPORT ON THE SCHEDULE OF
EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE AND
CHAPTER 10.550, RULES OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA**

Honorable Board of County Commissioners
Polk County, Florida
Bartow, Florida

Report on Compliance for Each Major Federal and State Program

We have audited Polk County, Florida's (the County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the requirements described in the Florida Department of Financial Services *State Projects Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs and state projects for the year ended September 30, 2016. The County's major federal programs and state projects are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs and state projects.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Chapter 10.550, Rules of the Auditor General. Those standards and the Uniform Guidance, and Chapter 10.550, Rules of the Auditor General, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program and state project occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state project. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program and State Project

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2016.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program and state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and state project and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program and state project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program and state project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program and state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the result of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated April 21, 2017, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and state financial assistance is fairly stated in all material respects in relation to the basic financial statements as a whole.

POLK COUNTY, FLORIDA
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
AND STATE FINANCIAL ASSISTANCE
YEAR ENDED SEPTEMBER 30, 2016

NOTE 1 GENERAL

The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance (the Schedule) presents the activity of all federal awards and state financial assistance programs of Polk County, Florida (the County). The County reporting entity is defined in Note 1 to the County's basic financial statements for the year ended September 30, 2016. The information in this Schedule is presented in accordance with the requirements of 2 CFR Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County.

NOTE 2 BASIS OF ACCOUNTING

The accompanying Schedule is presented using the modified accrual basis of accounting, which is described in Note 1 to the County's basic financial statements for the year ended September 30, 2016. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The County has not elected to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

**POLK COUNTY, FLORIDA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED SEPTEMBER 30, 2016**
