CERTIFICATE OF CLERK

I, KURT M. LANNON, Clerk of the Commission (the "Governing Body") of the City of Gainesville, Florida (the "Issuer"), does hereby certify that attached hereto is a true and correct copy of Resolution No. \_\_\_\_\_, adopted by the Governing Body of the Issuer on July 2, 2009, at a meeting which was duly called and held and at which meeting a quorum was present and voting throughout. The Resolution remains in full force and effect as of the date hereof and has not been modified or amended as of the date hereof.

Witness my hand this 3<sup>rd</sup> day of July, 2009.

CERTIFICATE AS TO PUBLIC MEETINGS  
AND NO CONFLICT OF INTEREST

COUNTY OF ALACHUA

STATE OF FLORIDA

Each of the undersigned members of the City Commission (the "Governing Body") of the City of Gainesville, Florida (the "Issuer"), recognizing that Branch Banking and Trust Company (the "Bank") will have purchased the Issuer's Revenue Note, Series 2009 (the "Note") issued under a Loan Agreement between the Issuer and the Bank in reliance upon this certificate, HEREBY CERTIFIES that:

(1) He or she has not, meeting together with any other member or members of the Governing Body other than at public meetings of the Governing Body, reached any conclusion as to the actions taken by the Governing Body with regard to the Note, the security therefor or the application of the proceeds therefrom, or any other material matters in regard to the Note;

(2) He or she does not have or hold any employment with or any contractual relationship with the Bank that would constitute a prohibited conflict of interest under Part III, Chapter 112, Florida Statutes.

IN WITNESS WHEREOF, we have hereunto affixed our official signatures as of the 3<sup>rd</sup> day of July, 2009.

CERTIFICATE AS TO SIGNATURES, OFFICIALS,  
SEAL, NO DEFAULT AND OTHER MATTERS

We, the undersigned Finance Director (the "Finance Director") and Clerk of the Commission (the "Clerk") of the City of Gainesville, Florida (the "City"), DO HEREBY CERTIFY as follows:

1. We are the qualified and acting Finance Director and Clerk, respectively, of the City.

2. The following is a correct listing of the names of the members of the City Commission (the "Governing Body") of the City and the date of expiration of their respective terms of office:

<u>Name and Position</u>	<u>Expiration of Term</u>
Pegeen Hanrahan, Mayor	May, 2010
John F. Donovan, Mayor-Commissioner Pro Tem	May, 2011
William Thomas Hawkins	May, 2011
Scherwin L. Henry	May, 2009
Craig Lowe	May, 2010
Jeanna Mastrodicasa	May, 2009
Lauren Poe	May, 2011

3. All of the above members of the Governing Body have duly filed their oaths of office, and such of them as are required by law to file bonds or undertakings have duly filed such bonds or undertakings in the amount and manner required by law.

4. Marion J. Radson, Esquire, is the duly appointed City Attorney for the City and accordingly is entitled to sign opinions and other documents pertaining to the Board, the City, the Loan Agreement dated as of July 3, 2009 (the "Loan Agreement"), between the City and Branch Banking and Trust Company (the "Bank") and the Revenue Note, Series 2009 dated July 3, 2009 (the "Note") from the City to the Bank. The law firm of Holland & Knight LLP, Lakeland, Florida, is bond counsel for the City, and accordingly is entitled to sign as bond counsel. All

terms used herein in capitalized form and not otherwise defined herein shall have the meanings ascribed thereto in the Loan Agreement.

5. The Finance Director has signed the Loan Agreement and Note by his manual signature, and the signature appearing on said Note and the manual signature at the end of this Certificate are each the true and lawful signature of the Finance Director.

6. The seal of the City was duly impressed upon the Note, and such seal and the signature of the Finance Director were attested by the manual signature of the Clerk. Such manual seal and signature of the Clerk appearing on the Note and the manual signature of the Clerk at the end of this certificate constitute the true and lawful seal of the City and the signature of the Clerk, respectively.

7. Resolution No. \_\_\_\_\_ duly adopted by the Governing Body on July 2, 2009 (the "Resolution"), as certified by the Clerk as of the date hereof, has not been modified, amended, revoked or repealed in any way after its date of adoption, and is now in full force and effect.

8. The Note and the Loan Agreement, as executed and delivered, are in substantially the respective forms approved by the Governing Body in the Resolution.

9. The City has authorized by all necessary action the adoption and due performance of the Resolution and the execution, delivery and performance by the City of the Loan Agreement and Note, and all authorizations, consents, approvals and reviews of governmental bodies or regulatory authorities now required for the City's execution, delivery and due performance of the Note and the Loan Agreement, and any and all such other agreements and documents as may be required to be executed, delivered and received by the City to carry out, give effect to and consummate the transactions contemplated by the Resolution have been obtained or effected.

10. The execution, delivery, receipt and due performance of the Note and the Loan Agreement and the other agreements contemplated by the Resolution under the circumstances contemplated thereby, and the City's compliance with the provisions thereof, will not conflict with or constitute on the City's part a breach of or a default under any existing constitutional provision, law, court or administrative regulation, decree or order or any agreement, indenture, bond, note, lease or other instrument to which the City is subject or by which the City may be bound, and no event has occurred and is continuing which with the passage of time or the giving of notice, or both, would constitute a default or event of default under the Loan Agreement or any such instrument, nor will such execution, delivery, adoption, or compliance result in the creation or imposition of any lien, charge or

other security interest or encumbrance of any nature whatsoever upon any of the property or assets of the City or under the terms of such law, regulation or instrument, except as provided by the Note, the Loan Agreement and the Resolution.

11. The City has not, since December 31, 1975, been in default in the payment of principal of, premium, if any, or interest on, or otherwise been in default with respect to, any bonds, notes or other obligations which it has issued, assumed or guaranteed as to payment of principal, premium, if any, or interest, which would be considered material by a reasonable investor.

12. For the purposes of Section 215.84 of Florida Statutes, the City acknowledges that the Note is not rated by a nationally recognized rating service and that the Bond Buyer "20 Bond Index" published immediately preceding the first day of the calendar month in which the City issued the Bond was at \_\_\_\_%. The average net interest cost rate on the Note, 5.15%, is less than a rate 300 basis points in excess of such "20 Bond Index" rate.

13. When issued and delivered to, and paid for by, the Bank, the Note, and when executed and delivered, the Loan Agreement, will have been duly and validly authorized, executed, issued and delivered and will constitute the legal, valid and binding obligations of the City enforceable in accordance with its terms, subject to applicable bankruptcy, insolvency or other laws affecting the creditors' rights and remedies and to general principles of equity.

14. To the best of our knowledge there is no action, suit, inquiry or proceeding pending, or to the best of our knowledge, threatened, or any investigation in any court, public board or administrative body seeking to restrain or enjoin the sale, issuance, execution, delivery or performance of the Note or the execution, delivery or performance of the Loan Agreement; in any way contesting or affecting any authority for the issuance of the Note or the validity, or enforceability of the Note, the Loan Agreement or the Resolution or the transactions contemplated by the Resolution, the Note, the Loan Agreement or agreements or documents contemplated by the Resolution; in any way contesting the existence or powers of the City; seeking to limit, restrain, enjoin or otherwise restrict the collection of Pledged Funds (as defined in the Loan Agreement), to pay the principal of, premium, if any, and interest, on the Note; or which may result in any material adverse change in the operations or the condition, financial or otherwise, of the City or the matters contemplated in the Resolution, the Loan Agreement or the Note.

15. The City has never been notified of any listing or proposed listing by the Internal Revenue Service to the effect that it is a bond City whose arbitrage certifications may not be relied upon.

16. After the issuance of the Note, the maximum annual debt service in any Bond Year (net of any subsidies or reimbursements related to interest) resulting from the total outstanding Non-Self-Supporting Revenue Debt of the City, including the Note, does not exceed fifty percent (50%) of total Non-Ad Valorem Revenues received by the City in the preceding Fiscal Year and the Non-Ad Valorem Revenues of the City for the preceding Fiscal Year were at least 2.00 times average annual debt service (net of any subsidies or reimbursements related to interest) in all future Bond Years on all outstanding Non-Self-Supporting Revenue Debt and the Note.

IN WITNESS WHEREOF, we have hereunto set our hands and the official seal of the City, and have indicated our respective official titles, all as of the 3<sup>rd</sup> day of July, 2009.

CERTIFICATE RELATING TO TAX, ARBITRAGE  
AND OTHER MATTERS OF  
CITY OF GAINESVILLE, FLORIDA  
CONCERNING ITS  
\$13,000,000  
REVENUE NOTE, SERIES 2009

---

The undersigned, Finance Director of the City of Gainesville, Florida (the "City"), who has been charged with the responsibility of issuing the Note described below, DOES HEREBY CERTIFY on behalf of the City as follows:

1. THE NOTE.

1.1. The City is issuing and delivering, simultaneously with the execution of this Certificate, its \$13,000,000 Revenue Note, Series 2009 (the "Note"). The Note is being issued under and pursuant to the Constitution and laws of the State of Florida, including Article VIII, Section 1 of the Constitution of the State of Florida; Chapter 125, Florida Statutes; and the Charter of the City; and other applicable provisions of law (collectively, the "Act"), and pursuant to Resolution No. \_\_\_\_\_ adopted by the City Commission of the City (the "Commission") on July 2, 2009 (the "Resolution"). All terms used herein in capitalized form and not otherwise defined herein shall have the meanings ascribed thereto in the Loan Agreement dated as of July 3, 2009 (the "Loan Agreement").

1.2. The Note and the interest thereon are payable from (i) the Non-Ad Valorem Revenues budgeted and appropriated and deposited into the Debt Service Account established by the Resolution to pay debt service on the Note, and (ii) all funds on deposit in the Debt Service Account and the Project Account created by the Resolution (including all investment securities on deposit therein), and all investment earnings on any of such funds.

2. THE GOVERNMENT PURPOSE OF THE ISSUE.

2.1. The Note is being issued to (i) finance or refinance the acquisition and construction of certain capital improvements, and (ii) pay certain costs and expenses incurred in connection with the issuance of the Note (the "Project").

2.2. Other than the funds described below, there are no other uncommitted or unallocated funds reasonably available to finance the Project, and the Note does not replace or free up funds that were committed, or were uncommitted but would have been used, to finance the Project, but for the issuance of the Note. Funds accumulated in general and specific improvement accounts and

other accounts of the City are required as working capital reserves of the City pursuant to standard municipal fiscal practices and procedures or have been earmarked, designated and/or committed for other projects.

2.3 Except as provided in this paragraph, all of the Proceeds of the Note allocable to the Project shall be applied to original expenditures paid after the issue date of the Note. On September 4, 2008, the Issuer enacted Resolution No. 080252 (the "Reimbursement Resolution") which expressed the Issuer's intent to finance the Project through the issuance of revenue bonds, notes or other obligations and to reimburse itself from the Proceeds of such debt for expenditures made prior to such tax-exempt debt. The Issuer expects to use \$900,000 of the Proceeds of the bonds to reimburse itself for original expenditures for the Project (i) for costs that were paid no earlier than July 7, 2008 (the date which is 60 days prior to the date of the Reimbursement Resolution); (ii) for costs that qualify as "preliminary expenditures," within the meaning of Section 1.150-2(f)(2) of the Regulations; or (iii) a de minimis amount that does not exceed the lesser of \$100,000 or 5% of the Proceeds of the Note. The original expenditures were capital expenditures, costs of issuance for a bond, certain extraordinary expenditures described in Section 1.148-6(d)(4) of the Regulations (such as casualty losses or extraordinary legal judgments in excess of reasonable insurance coverage) or grants as defined in Section 1.148-6(d)(4) of the Regulations. The reimbursement allocation will be made not later than 18 months after the later of (i) the date the original expenditure is paid, or (ii) the date the Project is placed in service or abandoned, but in no event more than three years after the original expenditure is paid. Expenditures qualifying as "preliminary expenditures" include costs for architectural, engineering, surveying, soil testing or similar costs incurred with respect to the Project. The Issuer recognizes that if within one year after a reimbursement allocation, funds corresponding to the Proceeds of a reimbursement bond for which a reimbursement allocation was made are use in a manner that results in the creation of Replacement Proceeds of that issue or another issue (e.g., are deposited to a sinking fund for an issue), the reimbursement allocation will not be approved by the IRS.

### 3. YIELD.

3.1. For purposes of this Certificate, yield means the discount rate that, as of the date of issue of the Note, produces a present value of all the unconditionally payable payments of principal and interest on the Note and fees for qualified guarantees which is equal to the issue price of the Note. The issue price of the Note is determined in the manner provided by Sections 1273 and 1274 of the Internal Revenue Code of 1986, as amended (the "Code") and Treasury Regulation § 1.148-1(b). The yield on the Note is determined without taking into account issuance costs.

3.2. The purchase price of the Note is \$13,000,000 which is the initial offering price to the public (excluding bond houses, brokers and other intermediaries) at which price the Note was sold.

For purposes hereof, yield is, and shall be, calculated on the basis of a 360-day year consisting of twelve 30 day months and with interest compounded semiannually. The yield on the Note is not less than 5.150872%.

#### 4. SOURCE OF FUNDS

4.1. The cost of the Project will be financed by the proceeds received from the issuance of the Note and investment earnings on such proceeds in the amount of \$435,870.

4.2. The City does not expect to receive any federal, state or local government assistance for funding or reimbursement in connection with the facilities for which Bond proceeds are to be used to finance.

#### 5. USE OF FUNDS.

5.1. The proceeds received from the sale of the Note are expected to be needed and fully expended as follows:

<u>Use of Sources</u>	<u>Amount</u>
Deposit to Project Account to finance the Project	\$12,959,450.00
Deposit to Project Account for Costs of Issuance	<u>40,550.00</u>
TOTAL Uses of Funds	\$13,000,000.00

5.2. No portion of the proceeds of the Note is being issued solely for the purpose of investing such portion at a materially higher yield than the yield on the Note.

5.3. Amounts referred to above under the caption "Deposit to Project Account for Costs of Issuance" will be used to pay the costs of issuance of the Note. All such funds are expected to be expended within six months after the date of issuance of the Note.

5.4. It is reasonably expected that the remaining proceeds from the sale of the Note shall be transferred to the Project Account and, together with earnings thereon of approximately \$435,870.00, will be used to pay for costs of the Project including capitalized interest. The City reasonably expects that: (a) at least 85% of the moneys in the Project Account will be allocated to capital expenditures with respect to the Project by the date that is three years from the date of this Certificate; (b) within six (6) months from the date of this Certificate the

City will have a substantial binding obligation to a third party to expend at least 5% of such moneys in the Project Account; and (c) the completion of construction of the Project will proceed with due diligence.

5.5. The estimated costs of constructing the Project is at least \$13,395,320.00 (Project Account deposit of \$12,959,450.00 plus investment earnings of \$435,870.00). Any contingency included in the cost of construction of the Project for inflation, escalation or cost overruns is, in the opinion of the City, reasonable. The proceeds of the Note of \$12,959,450.00 deposited to the Project Account and estimated investment earnings of \$435,870.00 are reasonably expected to be allocated to expenditures as indicated on Schedule A attached hereto. Not more than 50% of the proceeds of the Note will be invested in nonpurpose investments having a substantially guaranteed yield for 4 years or more.

## 6. DEBT SERVICE ACCOUNT.

6.1. (a) The City shall deposit into the Debt Service Account Non-Ad Valorem Revenues actually budgeted and appropriated to pay debt service on the Note.

Amounts deposited into the Debt Service Account will be used to pay the principal of and interest on the Note. It is expected that the amounts deposited in the Debt Service Account will be used primarily to achieve a proper matching of revenues with debt service requirements within each Bond Year for the Note. It is expected that the amounts deposited in the Debt Service Account will be adequate to make all required payments of principal and interest on the Note. At least once each year, the amounts in the Debt Service Account will be used to pay debt service on the Note and will be fully depleted except for reasonable carry-over amounts which will not exceed the greater of one-twelfth of the debt service on the Note for the immediately preceding Bond Year, or earnings on such accounts for the immediately preceding Bond Year.

6.2. The City has elected to treat the receipt and disbursement of funds pursuant to the Resolution on a first-in and first-out method of accounting.

6.3. The City expects that all of the funds described above will be invested in the manner described and set forth in the Investment Letter from Holland & Knight LLP to the City, dated as of the date hereof and included as part of the closing transcript for the Note (the "Investment Letter").

6.4. The City reasonably expects to comply with the instructions set forth in the Investment Letter and to take such other actions as may be necessary to comply with the arbitrage limitations applicable to the Note.

7. MISCELLANEOUS.

7.1. The City does not expect to receive proceeds from the sale or disposition of the facilities financed by the Note in amounts which, together with any accumulated proceeds or earnings thereon or other amounts derived from issuance of the Note, will be sufficient to enable the City to retire the Note at a date which is significantly earlier than the last maturity of principal of the Note.

7.2. The City has not, in this transaction, sold more principal amount of the Note than otherwise would have been sold, sold more in principal amount of the Note than otherwise would have been necessary, or sold the Note sooner or allowed it to remain outstanding longer than otherwise would have been necessary, in order to exploit the difference between a tax-exempt and taxable interest rate, to gain a material financial advantage.

7.3. The City has not created, nor does the City expect to create, any debt service fund or redemption fund, reserve fund or replacement fund or similar fund or account for the payment of principal or interest on the Note, other than the Debt Service Account.

7.4. The City has not experienced revenue flows that would enable it to reasonably expect to redeem or purchase the Note prior to its maturity.

7.5. There are no other obligations of the City which (i) are being sold at substantially the same time as the Note (i.e., within 15 days), (ii) are sold pursuant to the same plan of financing together with the Note, and (iii) will be paid out of substantially the same source of funds (or will have substantially the same claim to be paid out of the same source) as the Note.

7.6. (a) (i) The City represents that the Note will not meet the private business use test of Section 141 of the Code and Section 1.141-3 of the Income Tax Regulations promulgated by the Department of the Treasury (the "Income Tax Regulations"). Except as provided in paragraph 7.6(a)(iv) or paragraph 7.6(b) below, the private business use test is met if more than 10 percent of the property financed or refinanced with Proceeds of the Note is used in the trade or business of a private person (i.e., an entity other than a governmental unit). Any activity carried on by a person other than a natural person is treated as a trade or business. Thus, a lease, sub-lease or other contractual arrangement with a private person with respect to a project could result in the private business test being met.

(ii) In determining whether the Note meets the private business use test, it is necessary to look to both the indirect and direct uses of Proceeds. For example, a facility is treated as being used for a private business use if it is leased to a governmental unit and then subleased to a private person, provided that the private person's use is in a trade or business. In addition, Proceeds are treated as used in the trade or business of a private person if a private

person, as a result of a single transaction or series of related transactions, uses property acquired with the Proceeds of the Note.

(iii) A private person is treated as a private business user of the project as a result of ownership; actual or beneficial use of property pursuant to a lease or a management or incentive pay contract; or certain other arrangements such as take or pay or other output-type contract.

(iv) Pursuant to Section 141 of the Code, if the use of any portion of a facility financed with Proceeds of a bond issue is not related or is disproportionate to the governmental use financed by the issue, 5 percent would be substituted for the 10 percent amount in paragraph 7.6(a)(i) above.

(b) Any contract with a private person to manage or operate any property financed or refinanced by the Note, or any facility comprising a part of such property, will comply with Rev. Proc. 97-13.

7.7. It is not reasonably expected that the payment of more than 10% of the debt service on the Note under the terms of the Resolution or Loan Agreement or pursuant to any underlying arrangement will be secured or paid by any interest in property used or to be used for a private business, or by any interest in payments in respect of property used or to be used for a private business, or be derived from payments in respect of property or borrowed money used or to be used for a private business.

7.8. It is not reasonably expected that the payment of more than 5% of the debt service on the Note under the terms of the Resolution or Loan Agreement or pursuant to any underlying arrangement will be secured or paid by any interest in property used or to be used for a private business use, or by any interest in payment in respect of property used or to be used for a private business use, or will be derived from payments in respect of property or borrowed money used, or to be used for a private business use.

7.9. No portion of the proceeds from the sale of the Note will be used directly or indirectly to make or finance loans.

7.10. (i) The payment of principal or interest with respect to the Note is not guaranteed (in whole or in part) by the United States (or any agency or instrumentality thereof); (ii) 5% or more of the proceeds of the Note will not be (A) used in making loans the payment of principal and interest with respect to which are to be guaranteed (in whole or in part) by the United States (or any agency or instrumentality thereof), or (B) invested (directly or indirectly) in federally insured deposits or accounts as defined in Section 149(b)(4)(B) of the Code; and (iii) the payment of principal or interest on the Note is not otherwise indirectly guaranteed (in whole or in part) by the United States (or any agency or instrumentality thereof).

The foregoing provisions of this Section 7.10 shall not apply to (a) proceeds of the Note being invested for an initial temporary period until such proceeds are needed for the purpose for which such issue was issued; (b) investments of a bona fide debt service fund; (c) investments of a reserve which meet the requirements of Section 148(d) of the Code with respect to reasonably required reserve or replacement funds; (d) investments in obligations issued by the United States Treasury; or (e) investments that are held in a refunding escrow (i.e., a fund containing proceeds of a refunding bond issue established to provide for the payment of principal or interest on one or more prior bond issues); or (f) other investments permitted under regulations promulgated pursuant to Section 149(b)(3)(B) of the Code.

7.11. The weighted average maturity of the Note (11.8074 years) does not exceed one hundred and twenty percent (120%) of the weighted average reasonably expected remaining economic life of the Project (\_\_\_\_ years), with the average reasonably expected economic life of each component of the Project being measured from the later of (a) the date hereof, or (b) the date each component is placed in service.

7.12. The City has not entered, and will not enter into, a "hedge" with respect to the Note that it will identify as such on its books and records. A "hedge" is defined as a contract that is entered into to modify the issuer's risk with respect to interest rate changes.

7.13. The City has covenanted to rebate, and will comply with the covenants it has made regarding rebating, certain sums to the United States as provided in accordance with Section 148(f) of the Code and the regulations promulgated thereunder.

7.14. This Certificate is being executed and delivered pursuant to Sections 1.148-1 through 1.148-11 of the Income Tax Regulations to establish the reasonable expectations of the City with regard to the Note.

7.15. To the best of the knowledge, information and belief of the undersigned, on the basis of the facts, estimates and circumstances in existence on the date hereof, the expectations of the City described herein are reasonable, and there are no other facts, estimates or circumstances that would materially change any of the foregoing expectations.

City of Gainesville, Florida  
200 E. University Avenue  
Gainesville, Florida 32601

Re: \$13,000,000 City of Gainesville, Florida Revenue Note, Series 2009

Ladies and Gentlemen:

This letter implements the Certificate Relating to Tax, Arbitrage and Other Matters (the "Tax Certificate") executed by you on the date of issuance of the above-referenced note (the "Note") which is incorporated herein by reference. The Note is being issued under and pursuant to the Constitution and laws of the State of Florida, including Article VIII, Section 1 of the Constitution of the State of Florida; Chapter 125, Florida Statutes; and the Charter of the City; and other applicable provisions of law (collectively, the "Act"), and pursuant to Resolution No. \_\_\_\_\_ adopted by the City Commission of the City of Gainesville (the "City") on July 2, 2009 (the "Resolution"). All terms used herein in capitalized form and not otherwise defined herein shall have the meanings ascribed thereto in the Loan Agreement dated as of July 3, 2009 (the "Loan Agreement"). The instructions herein are based in part upon your statements in the Tax Certificate as to your reasonable expectations, so that investment of funds allocable to the Note will comply with the arbitrage and other limitations under Sections 103(b)(2), 148 and 149 of the Internal Revenue Code of 1986, as amended (the "Code"). All capitalized terms used herein, and not otherwise defined herein, shall have the same meaning as provided in the Loan Agreement or the Tax Certificate.

The federal income tax law contains "arbitrage bond" provisions designed to regulate the issuance of tax-exempt bonds motivated by the possibility of obtaining an arbitrage profit through investment of bond proceeds in taxable securities generating a higher yield than the borrowing cost of the tax-exempt bonds. These provisions and the accompanying implementing regulations are quite complex, partly because they attempt to deal with a wide variety of sophisticated financial devices for exploiting the interest rate differential between tax-exempt and taxable securities.

Money is, of course, fungible, and a tax-exempt borrowing could be used indirectly to facilitate investment at an arbitrage profit even though the proceeds of the tax-exempt borrowing might themselves be expended, if that borrowing and that expenditure permitted the retention or accumulation of other uncommitted funds that were invested in taxable securities. Accordingly, the arbitrage bond provisions reach not only the direct investment of bond proceeds, but also situations in which either bond proceeds are indirectly invested at an arbitrage profit or replace other funds that are invested at an arbitrage profit. Thus, it is necessary that reasonable inferences be drawn by you from the discussion and applicable rules set forth herein.

The Loan Agreement establishes the following accounts: the Project Account and the Debt Service Account.

1. Project Account. Moneys deposited in the Project Account, whether from the sale proceeds of the Note or from investment earnings thereon, to be used to construct the Project generally may be invested at an unlimited yield until (i) the Project has been completed, or (ii) July 3, 2012 (three (3) years from the date of delivery of the Note), whichever shall first occur.

Further, except to the extent provided in Section 5, Section 6 or Section 7 below, if the portions of the Project to be financed with proceeds of the Note have not been completed by July 3, 2012, funds remaining in the Project Account that represent sale proceeds of the Note must be invested at a yield that does not exceed the yield on the Note by more than 1/8 of 1 percent. Investment income which has been deposited or retained in the Project Account may continue to be invested at an unlimited yield after such date for a period not to exceed one (1) year from the date of receipt of said income. Thereafter, it, too, must be invested at a yield not to exceed the yield on the Note plus 1/8 of 1 percent.

2. The Debt Service Account. You have certified in the Tax Certificate that the principal and interest on the Note will be payable solely and only from the Debt Service Account and that at least once a year the moneys deposited in the Debt Service Account will be fully depleted (assuming a first-in, first-out method of accounting), except for a reasonable carry-over amount which will not exceed the greater of one twelfth (1/12th) of the debt service on the Note for the immediately preceding Bond Year or the earnings on such funds for the immediately preceding Bond Year.

Any additional funds deposited into the Debt Service Account that are expected, at the time of deposit, to be used to purchase or redeem Note but are also expected, at that time, to remain in the Debt Service Account for a collective period exceeding thirteen months, may be invested for 30 days from the date of deposit at an unlimited yield and thereafter may not be invested at a yield exceeding the yield on the Note as provided in paragraph 3 below and except as otherwise provided in paragraphs 5, 6, and 7 below.

Moneys held in the Debt Service Account allocable to bonds other than the Note may be invested without regard to the yield on the Note. The yield on the investment of such moneys may be restricted, however, to a yield not materially higher than the yield of the series of bonds to which the moneys are allocable (as described in the Non-Arbitrage Certificate and accompanying investment instructions relating to such series of bonds).

3. Yield. The yield of the Note is the discount rate that, as of their date of issue, produces a present value of all the unconditionally payable payments of principal and interest and the fees for qualified guarantees, if any, paid and to be paid with respect to the Note equal to the issue price of the Note. The issue price of the Note is determined in the manner provided by

Sections 1273 and 1274 of the Code and Section 1.148-l(b) of the Income Tax Regulations (the "Regulations").

In computing yield on nonpurpose obligations (such as investments acquired with moneys on deposit in the accounts created by the Loan Agreement) acquired with Gross Proceeds (as defined in paragraph 9 hereof) of the Note, yield is to be calculated by means of an actuarial method of yield computation whereby "yield" means the yield which, when used in computing the present worth of all payments of principal and interest to be paid on the obligation, produces an amount equal to the purchase price. In addition, yield is to be computed using as the purchase price for a nonpurpose obligation its fair market value at the time it was acquired (or when it becomes allocated to the Note, if later).

Both the yield on the Note and the yield on investments should be computed by the use of semiannual interest compounding and a 360-day year, consisting of twelve 30-day months.

4. Market Price and Prohibited Investments. For purposes of determining yield on an investment, the purchase price of the investment used in determining its yield must be determined by use of one of the following valuation methods on the valuation date:

- a. a plain par investment (as defined in Section 1.148-l(b) of the Regulations) may be valued at its outstanding stated principal amount, plus any accrued interest on that date;
- b. a fixed rate investment, which is any investment whose yield is fixed and determinable on its issue date, may be valued at its present value; and
- c. any investment, other than a yield-restricted investment, may be valued at its fair market value.

Yield restricted investments must be valued at present value. The present value of an investment is computed under the economic accrual method, using the same compounding interval and financial conventions used to compute the yield on the issue. The present value of an investment on a valuation date is equal to the present value of all unconditionally payable receipts to be received from and payments to be paid for the investment after that date, using the yield on the investment as the discount rate. In determining the yield on an investment actually acquired with bond proceeds, the purchase price of the investment may not exceed the fair market value of the investment.

The value of a Nonpurpose Investment (as defined in paragraph 5 below) that is not acquired directly with the proceeds of a bond issue but is subsequently allocated to the proceeds of a bond issue other than by operation of the transferred proceeds rules (such as an existing investment that is deposited into the Debt Service Account) must be valued on the date it is first allocated to the bond issue at its fair market value.

In general, the fair market value of an investment is the price at which a willing buyer would purchase the investment from a willing seller in a bona fide, arm's-length transaction. Fair market value generally is determined on the date on which a contract to purchase or sell the investment becomes binding (i.e., the trade date rather than the settlement date). The fair market value of a U.S. Treasury obligation that is purchased directly from the United States Treasury is its purchase price. Subject to certain "safe harbor" exceptions for certificates of deposit and guaranteed investment contracts, if an investment is not of a type traded on an established market, it is rebuttably presumed that the acquisition or disposition price of the investment is not equal to its fair market value.

For yield-restricted investments, you should consider, if needed, the acquisition of United States Treasury Certificates of Indebtedness, Notes and Note—State and Local Government Series ("SLGS"), which yield does not materially exceed the yield on the Note. These United States Treasury Obligations are available at the Federal Reserve Bank. The Bureau of Public Debt of the Department of Treasury offers for sale three categories of SLGS: (i) Time Deposit securities, (ii) Demand Deposit securities, and (iii) Special Zero Interest securities.

Attached to this letter is a description of the procedures that should be followed if "certificates of deposit" or "guaranteed investment contracts" are to be purchased with Gross Proceeds of the Note (as defined in Section 9).

5. Nonpurpose Investments and Tax-Exempt Investments. For purposes of this letter, the term "Nonpurpose Investment" means any "investment property" as defined in Section 148(b)(2) of the Code (which definition generally excludes any "tax exempt bond"), in which the Gross Proceeds of the Note are invested and which is not acquired to carry out the governmental purpose of the Note. Notwithstanding any other provisions of this letter, investments allocable to the Note (whether made from proceeds of the Note, earnings, revenues or funds held to pay debt service on, or as security for, the Note), may be invested in obligations, the interest on which is excluded from gross income for federal income tax purposes by Section 103(a) of the Code, without regard to the yield of such obligations, or the Rebate Requirement described in paragraph 8 hereof so long as such obligations are not specified private activity bonds as defined in Section 57(a)(5)(C) of the Code. Specified private activity bonds are those tax-exempt obligations, the interest on which is includable in a bondholder's alternative minimum taxable income. You should note that for purposes of the Rebate Requirement and for yield restriction purposes, that investments in (i) a regulated investment company (to the extent that at least 95% of the income to the holder of the interest is interest that is excludable from gross income under Section 103 of the Code) or (ii) Demand Deposit SLGS, may, in effect, be made without regard to the yield of such investments (assuming such investments will not be investments in "specified private activity bonds").

6. Investment of Minor Portion. Moneys allocable to the Note that are otherwise subject to yield restriction as described in the previous paragraphs may nevertheless be invested at an unlimited yield to the extent that the aggregate sum of funds invested at an unlimited yield

which are allocable to the Note (exclusive of amounts that, pursuant to other paragraphs of this letter, may be invested at an unlimited yield), does not exceed \$100,000.

7. Yield Reduction Payments. Under Section 1.148-5(c) of the Regulations, in determining the yield on certain investments, an issuer may pay an amount to the United States which is applied to reduce the yield on that investment. In the event that an investment of funds has a yield in excess of the permitted yield described above, you may, under certain circumstances, make a yield reduction payment in the time and manner described in the Regulations in order to meet the yield limitation.

8. Universal Cap. Nonpurpose Investments (as defined in paragraph 5 above) of the Gross Proceeds (as defined in paragraph 9 below) of the Note are allocated and remain allocated to the Note only to the extent that their value does not exceed the value of the outstanding Note. The value of the outstanding Note is referred to as the Universal Cap. Not taken into account for purposes of the Universal Cap are amounts held in a bona fide debt service fund (typically, a fund or account like the portion of the Debt Service Account from which the City will pay debt service on the Note). The value of the Universal Cap and the value of the Nonpurpose Investments are to be computed as of the second anniversary of the date of issuance of the Note, and as of the first day of each subsequent Bond Year.

Between required dates of computation of the Universal Cap, if some proceeds cease to be allocated to the Note (because, for instance, they are expended), other proceeds that would have been allocated to the Note but for the Universal Cap (for instance, amounts held in the portion of the Debt Service Account from which the City will pay debt service on the Note not expected to be expended within one year of receipt) would then become allocated to the Note. These allocations must be done not less frequently than annually, commencing as of the second anniversary of the date of issuance of the Note.

If Nonpurpose Investment allocated to proceeds of the Note had a value in excess of the Universal Cap, an amount of those investments necessary to eliminate the excess would cease to be allocated to the Note. First, Nonpurpose Investments allocable to replacement proceeds of the Note (that is, revenues deposited in the portion of the Debt Service Account from which the City will pay debt service on the Note) would cease to be allocated to the Note; then Nonpurpose Investments allocated to transferred proceeds of the Note (if any) would cease to be allocated to the Note; and lastly, Nonpurpose Investments acquired with sale or investment proceeds of the Note would cease to be allocated to the Note. However, the Nonpurpose Investments that cease to be allocated to the Note because of the Universal Cap are eligible for allocation to another issue.

9. Rebate Requirement. In addition to the requirements set forth above regarding investment limitations, the Code imposes the Rebate Requirement. Pursuant to the Rebate Requirement, and except as otherwise provided in the Regulations, an amount equal to the sum of (i) the excess of the aggregate amount earned on all Nonpurpose Investments in which Gross Proceeds (defined below) are invested over the amount that would have been earned if such

investments had a yield equal to the yield on the Note, plus (ii) any income attributable to the excess described in (i) (the "Rebate Amount"), must be paid to the United States. You have covenanted in the Loan Agreement to comply with the Rebate Requirement. The Code and Regulations provide three exceptions from the Rebate Requirement that could apply if all of the proceeds of an issue of bonds (including investment earnings thereon) were to be expended within certain time periods. The spending exceptions may be met if (i) the Gross Proceeds of the issue (other than Gross Proceeds in a debt service fund or reserve fund) are expended within 6 months of the date of issue (the "6-month exception"); or (ii) the Gross Proceeds of the issue allocated to expenditures for a particular governmental purpose are expended as follows: at least 15% within 6 months, at least 60% within 12 months and 100% within 18 months (the "18-month exception"); or (iii) the available construction proceeds of a construction issue are expended as follows: at least 10% within 6 months, at least 45 percent with one year, at least 75% within 18 months and 100% within 2 years (the "Two Year Construction Exception").

"Gross Proceeds" of the Note include all proceeds received by you from the sale of the Note and earnings thereon, any amounts to be used to pay debt service on the Note (including amounts deposited in the Debt Service Account) to the extent expected to be used to pay debt service on the Note, and such other funds or investments of which you may be advised from time to time, and amounts received as a result of investing any of the foregoing.

A "Bond Year" is a one-year period (or shorter period from the date of issue) that ends at the close of business on the day in the calendar year selected by you as the last day of a Bond Year. With respect to the Note, such last day of each Bond Year shall be November 1.

To determine the Rebate Amount as of the end of each Bond Year, the procedures described below should be followed:

(1) With respect to all proceeds from investment of the Note and any other amounts allocable to the Note and such other investments of which you may be advised by Bond Counsel, you shall record the following information: (i) the purchase date of each investment, (ii) the purchase price thereof, (iii) any accrued interest paid, (iv) the face amount of each investment, (v) the coupon rate, (vi) the periodicity of interest payments, (vii) the disposition price, (viii) any accrued interest received, and (ix) the disposition date. To the extent any investment is allocated to the Note, it shall be treated as if it were acquired at its fair market value at that time.

(2) No later than 60 days following (i) the last day of the fifth Bond Year and (ii) the date on which the Note have been discharged (each such date in (i) and (ii) referred to herein as a "determination date" and the last determination date being referred to herein as the "final determination date"), you shall determine the Rebate Amount as of such determination date.

(3) For purposes of computing the Rebate Amount on the Note, receipts on Nonpurpose Investments include amounts actually received with respect to a Nonpurpose

Investment; amounts constructively received with respect to a Nonpurpose Investment; for a Nonpurpose Investment that ceases to be allocated to the Note before its disposition or redemption date or that ceases to be subject to the Rebate Requirement on a date earlier than its disposition or redemption date, the fair market value of that Nonpurpose Investment on such date; and the fair market value of an investment allocated to the Note on the final computation date.

(4) For purposes of computing the Rebate Amount on the Note, the term "payments" means any amounts actually or constructively paid to acquire a Nonpurpose Investment; for a Nonpurpose Investment that is first allocated to the Note on a date after it is actually acquired or that becomes subject to the Rebate Requirement on a date after it is actually acquired, the value of that Nonpurpose Investment on that date; for a Nonpurpose Investment that was allocated to an issue at the end of the preceding computation period, the value of that Nonpurpose Investment at the beginning of the computation period; on the last day of each Bond Year during which there are amounts allocated to Gross Proceeds of the Note that are subject to the Rebate Requirement, and on the final maturity date, a computation credit of \$1,000; and any yield reduction payments under Treas. Reg. section 1.148-5(c).

(5) For purposes of computing the Rebate Amount, the City shall be allowed a Computation Credit on the last day of each Bond Year during which there are amounts allocable to Gross Proceeds of the Note that are subject to the Rebate Requirement, and on the final determination date. The Computation Credit shall be treated as a payment on each such date. The amount of the Computation Credit is \$1,000.

(6) For purposes of computing the Rebate Amount on the Note, the future value of a nonpurpose receipt or payment shall be determined in accordance with Section 1.148-3(c) of the Regulations. Accordingly, the pertinent future value of each receipt received and payment paid on or before the last day of the fifth Bond Year is the future value as of that date of such receipt or payment. The pertinent future value of each receipt received and payment paid during each succeeding five-year period is the future value as of the last day of that succeeding five-year period.

For this purpose, the future value of a nonpurpose receipt or payment is determined by using the yield on the Note as the compounding rate. Under some circumstances, the yield on the Note must be recomputed as of a determination date or installment computation date.

(7) The sum of amounts earned in a bona fide debt service fund for the Note to the extent entitled to be invested without regard to yield restriction, and amounts earned on such amounts, if allocated to such funds, shall not be taken into account for purposes of determining the Rebate Amount.

The Rebate Amount shall be paid to the United States in installments. The first payment shall be made not later than sixty (60) days after the end of the fifth Bond Year; each subsequent payment must be made not later than sixty (60) days after the next succeeding fifth Bond Year. Each payment must be in an amount not less than ninety percent (90%) of the Rebate Amount as of the close of the last Bond Year prior to payment. The full Rebate Amount must be paid to the United States within sixty (60) days after the final determination date. All payments shall be made to the Internal Revenue Service Center, Ogden, Utah, 84201, and must be accompanied by Form 8038-T.

As mentioned above, there are certain rules that may permit all or a portion of the Gross Proceeds of the Note to be excluded from the Rebate Requirement. The Two-Year Construction Exception, the 18-month exception, and the 6-month exception, described below, may apply to the Note.

If the spending requirements for the portion, if any, of the Note that constitute a Construction Issue (as hereinafter defined) are met, then the Available Construction Proceeds of such Construction Issue are not treated as Gross Proceeds subject to the Rebate Requirement described above (the "Two-Year Construction Exception"). The term "Available Construction Proceeds" means the issue price of the Note, plus earnings on the issue price, less the portion of the issue price deposited in the Reserve Account and the portion used to pay costs of issuance of the Note.

A tax-exempt bond issue will constitute a Construction Issue if at least 75 percent of the Available Construction Proceeds of the bonds are to be used for "construction" expenditures with respect to property owned by a governmental unit or by an organization exempt from tax pursuant to Section 501(c)(3) of the Code. The term "construction" includes reconstruction and rehabilitation. As a general rule, "construction expenditure" is defined in Section 1.148-7(g) of the Regulations, to be those that are properly chargeable to, or may be capitalized as part of, the basis of real property or constructed personal property, except expenditures for the acquisition of real property.

The Note may be eligible for the 18-month or 6-month exception to rebate. With respect to the 18-month exception, the proceeds derived from the sale of the Note together with earnings thereon for 18 months, but exclusive of amounts in the Composite Reserve Account, must be allocated to expenditures as follows: (i) at least 15% within 6 months from the date hereof; (ii) at least 60% within 12 months from the date hereof; and (iii) 100% within 18 months except for a reasonable retainage which must be allocated to expenditures within 30 months from the date hereof. In the case of the 6-month exception, the proceeds derived from the sale of the Note together with earnings thereon for 6 months, must be allocated to expenditures within 6 months.

We have attempted to describe in this letter only the basic arbitrage limitations that you are likely to encounter in managing funds under the Loan Agreement. Holland & Knight should be consulted if circumstances not expressly addressed in this letter arise. You

should also consult Holland & Knight before acquiring SLGS or in making Yield Reduction Payments so that the circumstances requiring yield restriction can be verified and that the exact yield can be determined. Please note that the information contained herein has been compiled as of the date hereof and is subject to change with changes in law.

Sincerely yours,

HOLLAND & KNIGHT LLP

### PROCEDURES TO BE FOLLOWED ON PURCHASE OR SALE OF NON-PURPOSE INVESTMENTS

#### A. In General

Section 1.148-5(d)(6) of the Regulations provides the general rule that fair market value of a Non-purpose Investment is the price at which a willing buyer would purchase the investment from a willing seller in a bona fide arm's-length transaction. Fair market value is determined on the date on which a contract to purchase or sell the Non-purpose Investment becomes binding. Except as otherwise provided, a Non-purpose Investment that is not of a type traded on an established securities market, within the meaning of Section 1273 of the Code, is rebuttably presumed to be acquired or disposed of for a price that is not equal to its fair market value. The fair market value of a United States Treasury obligation that is purchased directly from the United States Treasury is its purchase price.

This section of the Regulations provides safe harbors (i) for establishing the fair market value of Certificates of Deposits, and (ii) for establishing the fair market value of Guaranteed Investment Contracts.

#### B. Certificate of Deposits

Section 1.148-5(d)(6) of the Regulations applies to a Certificate of Deposit that has a fixed interest rate, a fixed payment schedule, and a substantial penalty for early withdrawal. The purchase price of such a Certificate of Deposit is treated as its fair market value on the purchase date if the yield on the Certificate of Deposit is not less than:

(i) the yield on reasonably comparable direct obligations of the United States; and

(ii) the highest yield that is published or posted by the provider to be currently available from the provider on reasonably comparable Certificates of Deposit offered to the public.

#### C. Guaranteed Investment Contracts

The purchase price of a Guaranteed Investment Contract will be treated as the fair market value of the Non-purpose Investment on the purchase date if all of the following requirements are satisfied:

(i) The borrower makes a bona fide solicitation for the purchase of the Guaranteed Investment Contract. A bona fide solicitation is a solicitation that satisfies all of the following requirements:

(a) The bid specifications are in writing and are timely forwarded to potential providers.

(b) The bid specifications include all material terms of the bid. A term is material if it may directly or indirectly affect the yield or the cost of the Guaranteed Investment Contract.

(c) The bid specifications include a statement notifying potential providers that submission of a bid is a representation that the potential provider did not consult with any other potential provider about its bid, that the bid was determined without regard to any other formal or informal agreement that the potential provider has with the borrower or any other person (whether or not in connection with the bond issue), and that the bid is not being submitted solely as a courtesy to the borrower or any other person for purposes of satisfying the requirements of Section 1.148-5(d)(6) of the Regulations.

(d) The terms of the bid specifications are commercially reasonable. A term is commercially reasonable if there is a legitimate business purpose for the term other than to increase the purchase price or reduce the yield of the investment.

(e) The terms of the solicitation take into account the borrower's reasonably expected deposit and drawdown schedule for the amounts to be invested.

(f) All potential providers have an equal opportunity to bid. For example, no potential provider is given the opportunity to review other bids (*i.e.*, a last look) before providing a bid.

(g) At least three (3) reasonably competitive providers are solicited for bids. A reasonably competitive provider is a provider that has an established industry reputation as a competitive provider of the type of investments being purchased.

(ii) The bids received by the borrower meet all of the following requirements:

(a) The borrower receives at least three (3) bids from providers that the borrower solicited under a bona fide solicitation meeting the requirements of Section 1.148-5(d)(6) of the Regulations and that do not have a material financial interest in the issue. A lead underwriter in a negotiated underwriting transaction is deemed to have a material financial interest in the issue until fifteen (15) days after the issue date of the issue. In addition, any entity acting as a financial advisor with respect to the purchase of the investment at the time the bid specifications are forwarded to potential providers has a material financial interest in the issue. A provider that is a related party to a provider that has a material financial interest in the issue is deemed to have a material financial interest in the issue.

(b) At least one (1) of the three (3) bids is from a reasonably competitive provider as described above.

(c) If the borrower uses an agent to conduct the bidding process, the agent did not bid to provide the Guaranteed Investment Contract.

(iii) The winning bid is the highest yielding bona fide bid (determined net of any broker's fees).-

(iv) The obligor on the Guaranteed Investment Contract certifies the administrative costs that it pays (or expects to pay) if any to third parties in connection with supplying the Guaranteed Investment Contract.

(v) The borrower retains the following records with the bond documents until three (3) years after the last outstanding bond is redeemed:

(a) A copy of the contract.

(b) The receipt or other record of the amount actually paid by the borrower for the Guaranteed Investment Contract, including a record of any administrative costs paid by the borrower, and the certification described above.

(c) For each bid that is submitted, the name of the person and entity submitting the bid, the time and date of the bid, and the bid results.

(d) The bid solicitation form and, if the terms of the Guaranteed Investment Contract deviated from the bid solicitation form or a submitted bid is modified, a brief statement explaining the deviation and stating the purpose for the deviation.

#### **D. Qualified Administrative Costs**

Qualified administrative costs may be taken into account with respect to investments of Gross Proceeds. Thus, qualified administrative costs increase the payments for, or decrease the payments from, nonpurpose investments, such as Guaranteed Investment Contracts. "Qualified administrative costs" are reasonable, direct administrative costs, other than carrying costs, such as separately stated brokerage or selling commissions, but not legal and accounting fees, recordkeeping, custody, and similar costs. General overhead costs and similar indirect costs of the issuer such as employee salaries and office expenses and costs associated with computing the rebate amount are not qualified administrative costs. In general, administrative costs are not reasonable unless they are comparable to administrative costs that would be charged for the same investment or a reasonably comparable investment if acquired with a source of funds other than Gross Proceeds of tax-exempt bonds. For an investment contract or for a Yield restricted defeasance escrow, a broker's commission or similar fee paid by or on behalf of either an issuer or the provider is treated as a qualified administrative cost to the extent that (i) the fee does not exceed the lesser of \$30,000 and 0.2 percent of the "computational base" (but not less than \$3,000) where "computational base" means (A) for a guaranteed investment contract, the Gross Proceeds that the issuer reasonably expects as of the date the contract is acquired, to be deposited in the guaranteed investment contract over the term of the contract and (B) for Yield restricted defeasance escrows, the amount of Gross Proceeds initially invested in those investments; and (ii) for any issue, the fees paid in connection with the investment of Gross Proceeds of the 2008 Refunding Certificates with respect to brokers' commissions or similar fees, do not exceed \$85,000 in the aggregate. In the case of a calendar year after 2008, each of the dollar amounts set forth above shall be increased by an amount equal to such dollar amount multiplied by the cost of living adjustment for such calendar year as set forth in Section 1.148-5(e)(2)(iii)(B)(3)-(6) of the Income Tax Regulations. A broker's commission or similar fee in excess of the amounts described in the preceding two sentences may be treated as a qualified administrative

cost based upon the advice of Bond Counsel. In the case of publicly offered regulated investment companies and a commingled fund in which the issuer and related parties do not own more than 10 percent of the beneficial interest, all reasonable administrative costs including indirect costs are taken into account. This 10 percent requirement for commingled funds is satisfied if (i) based on average amounts on deposit, the requirement was satisfied for the prior semiannual period, and (ii) the fund does not accept deposits that would cause it to fail to meet the 10 percent requirement.

**E. Certificates**

Attached are certificates that should be used if Certificates of Deposit or Guaranteed Investment Contracts are purchased.

## EXHIBIT 1

### FORM OF PROVIDER CERTIFICATION FOR A CERTIFICATE OF DEPOSIT

I, [Name], [Position], of [Entity Providing the Certificate of Deposit] (the "Provider") HEREBY CERTIFY that the yield on the Certificate of Deposit entered into on [DATE] for the [PARTY] is not less than the highest yield that the Provider publishes or posts for comparable Certificates of Deposit offered to the public and that the yield on the Certificate of Deposit is not less than the yield available on reasonably-comparable direct obligations offered by the United States Treasury.

IN WITNESS WHEREOF, I have hereunto set my hand this \_\_\_\_\_ day of

\_\_\_\_\_.

By \_\_\_\_\_  
Title: \_\_\_\_\_

## EXHIBIT 2

### FORM OF PROVIDER CERTIFICATION FOR A GUARANTEED INVESTMENT CONTRACT

I, [Name], [Position], of [Entity Providing Investment Contract] (the "Provider")  
HEREBY CERTIFY in connection with the Guaranteed Investment Contract between [PARTY]  
and the Provider dated as of \_\_\_\_\_, \_\_\_\_\_ (the "Agreement") that:

(a) the yield on the Agreement is at least equal to the yield offered by the  
Provider on the date the Provider offered to enter into the Agreement on reasonably comparable  
investment contracts offered to other persons, if any, funded from a source of funds other than  
gross proceeds of an issue of tax-exempt bonds;

(b) neither the Provider nor any related party has a material interest in the tax-  
exempt bonds being issued by the [ ] (the "Issuer") in connection with  
the purchase of the Agreement other than as provider of the Agreement;

(c) the Provider has not been afforded the opportunity to review bids to the  
Issuer from other providers before making its bid to the Issuer;

(d) the Provider did not consult with any other potential provider about its bid;

(e) the Provider's bid was determined without regard to any other formal or  
informal agreement, other than the Request to Provide an Investment Agreement, that the  
Provider has with the Issuer or any other person (whether or not in connection with the bonds  
being issued by the Issuer);

(f) the Provider's bid was not submitted solely as a courtesy to the Issuer or to  
any other person for purposes of satisfying the bidding requirements of Section 1.148-  
5(d)(6)(iii)(B)(1) or (2) of the U.S. Treasury Regulations relating to the yield and valuation of  
investments in connection with tax-exempt bonds;

(g) apart from the Request to Provide an Investment Agreement, we did not  
receive any information from [ ] that induced us to bid a lower yield than we would otherwise  
have bid;

(h) the Provider has established an industry reputation as a competitive  
provider of agreements such as the Agreement;

(i) the amount of administrative costs that are reasonably expected to be paid  
by the Provider to third parties in connection with the Agreement is \$[ ] plus the normal and

customary fees of counsel to the Company. For purposes of this certification, administrative costs include all brokerage or selling commissions paid by the Provider to third parties in connection with the Agreement, legal or accounting fees, investment advisory fees, recordkeeping, safekeeping, custody and other similar costs or expenses; and

(j) in the Provider's experience, the relationship between the broker's fee to be paid to [ ] and the amount to be invested under the Agreement is comparable to the relationship between the broker's fee the Provider has paid in other similar transactions and the amount invested in each of those transactions.

We understand that this Certificate will be relied upon in reaching the conclusion that the yield on the Note can be computed on the basis of the price paid for the Agreement, and that the Note is not an "arbitrage bond" within the meaning of Section 148 of the Internal Revenue Code.

IN WITNESS WHEREOF, I have hereunto set my hand this \_\_\_\_ day of \_\_\_\_\_.

### EXHIBIT 3

#### FORM OF BORROWER CERTIFICATION FOR A GUARANTEED INVESTMENT CONTRACT INVOLVING THREE BIDS

I, [Name], [Position] of [PARTY] (the "Borrower"), HEREBY CERTIFY in connection with the Guaranteed Investment Contract between the borrower and [Entity Providing Investment Contract] (the "Provider") dated as of \_\_\_\_\_, \_\_\_\_ (the "Guaranteed Investment Contract") that (i) at least three bids on the Guaranteed Investment Contract were received from persons other than those with a material financial advantage in the [name of bond issue], (ii) the yield on the Guaranteed Investment Contract purchased is at least equal to the yield offered under the highest bid received from an uninterested party, (iii) the price of the Guaranteed Investment Contract takes into account as a significant factor the borrowers expected drawdown for the funds to be invested (other than float funds or reasonably required reserve or replacement funds), and (iv) all of the requirements of Section 1.148-5(d)(6) of the Regulations have been satisfied.

IN WITNESS WHEREOF, I have hereunto set my hand this \_\_\_\_ day of \_\_\_\_\_.

[PARTY]

TAX CERTIFICATE OF PURCHASER

The undersigned (the "Holder") hereby certifies that it has acted as lender in connection with that certain Revenue Note, Series 2009 dated July 3, 2009, issued by City of Gainesville, Florida (the "City") in a principal amount of \$13,000,000 (the "Note") for the purpose of financing or refinancing the acquisition and construction of certain capital improvements. The undersigned represents as follows:

1. The undersigned individual is duly authorized to act on behalf of the Holder to provide this Certificate, and the Holder is experienced in the placement and funding of loans such as the loan evidenced by the Note.

2. The Note is being acquired directly by the Holder from the City, without any intermediary. The Note is being acquired by the Holder as an investment and not for resale. The interest rate on the Note was negotiated pursuant to an arms-length transaction. In the opinion of the undersigned, the fair market value of the Note is at least equal to the stated principal amount of the Note. The full principal amount of the Note will be advanced by the Holder on this date to the City.

CERTIFICATE OF DELIVERY AND PAYMENT  
AND APPLICATION OF FUNDS

We, the undersigned, Finance Director and Clerk of the Commission of the City of Gainesville, Florida (the "City"), DO HEREBY CERTIFY as follows:

1. All terms used herein in capitalized form and not otherwise herein defined shall have the same meanings as ascribed to those terms in the Loan Agreement dated as of July 3, 2009 (the "Loan Agreement") between the City and Regions Bank (the "Bank").

2. On the date hereof, there was delivered to the Bank the City's Revenue Note, Series 2009 dated July 3, 2009, in a principal amount of \$13,000,000 (the "Note"). The Note bears interest and matures as described therein.

3. On the date hereof there was received from the Bank full payment for the Note in the amount of \$13,000,000.

4. Proceeds from the sale of the Note in the amount of \$12,959,500 were deposited in the Project Account, with \$40,500 of such amount to be applied on or about the date hereof to pay costs of issuance of the Note and the remainder to be held in the Project Account to be applied to pay costs of the Project.

IN WITNESS WHEREOF, we have hereunto set our hands this 3<sup>rd</sup> day of July, 2009.

Re: City of Gainesville, Florida Revenue Note, Series 2009

Ladies and Gentlemen:

The undersigned, as City Attorney for the City of Gainesville, Florida (the "City"), has served as counsel to the City in connection with the issuance by the City of its Revenue Note, Series 2009 dated July 3, 2009 (the "Note"), in a principal amount of \$13,000,000 under the terms of the Loan Agreement dated as of July 3, 2009 (the "Loan Agreement") between the City and Branch Banking and Trust Company (the "Bank"), and as authorized by Resolution No. \_\_\_\_\_ adopted by the City on July 2, 2009 (the "Resolution"). All terms used herein in capitalized form and not otherwise defined herein shall have the same meaning as ascribed to them, or as referenced, in the Loan Agreement and the Note.

I am the duly appointed City Attorney for the City. In that capacity, I have examined all proceedings of the City in connection with the Loan Agreement and the Note. I have also made such investigation and have examined such ordinances, resolutions, certificates, documents, public records and proceedings, in each case, as I have deemed relevant and necessary in connection with the opinions expressed below. I am of the opinion that:

1. The City is a municipal corporation of the State of Florida, duly created and organized and validly existing under the laws of the State of Florida, and has full legal right, power and authority to adopt and perform its obligations under the Resolution and to authorize, execute, deliver, and to perform its obligations under, the Loan Agreement and the Note.

2. The Resolution has been duly and lawfully adopted by the City at a meeting duly noticed, called and held and at which a quorum was present and voting throughout, and the Resolution has not been modified after its date of adoption. The Resolution remains in full force and effect as of the date hereof and no event has occurred that constitutes or would, with the passage of time and for the giving of notice, give rise to a breach of the covenants contained therein or a default or inability of the City to perform thereunder.

3. The Note has been duly and validly issued and sold in accordance with all requirements of Florida law, and the City has full power and authority to issue, execute and deliver the Note and to execute and deliver the Loan Agreement and each agreement or document provided for or contemplated by the Note, the Loan Agreement or the Resolution. The Note and the Loan Agreement have been duly authorized, executed and delivered by the City, are in full force and effect, and the Resolution, the Note and the Loan Agreement constitute valid and legally binding obligations of the City, enforceable in accordance with their respective terms, provided, however, that the enforceability thereof may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally and to general principals of equity.

4. The City has lawful authority to pledge the Pledged Funds in the manner provided in the Loan Agreement as security for the Note and such pledge constitutes a valid and binding pledge of the Pledged Funds for the payment of the Note. The Note is a limited obligation of the City payable from and secured by a pledge of and lien on the Pledged Funds identified in the Loan Agreement and in accordance with the terms of the Loan Agreement. Neither the general credit nor the taxing power of the City, the State of Florida or any subdivision thereof is pledged to the payment of the principal of, premium, if any, or interest on the Note.

5. To the best of my knowledge, all authorizations, approvals, consents and orders of governmental bodies or regulatory authorities that are required in connection with authorization, adoption, execution, performance or delivery by the City of the Note, the Resolution, the Loan Agreement and all other agreements or documents provided for or contemplated by the Resolution for the execution and delivery of the Loan Agreement and for the execution, issuance, sale and delivery of the Note have been obtained or effected and are in full force and effect.

Notwithstanding the foregoing, the City Attorney does not pass upon the applicability of any approvals, consents and orders as may be required under the Blue Sky or securities laws or legal investment laws of any state in connection with the offering and sale of the Note or in connection with the registration of the Note under the federal securities laws.

6. To the best of my knowledge, after reasonable inquiry, the adoption of the Resolution and the authorization, execution, delivery and performance of the Note and the Loan Agreement, do not violate any applicable

judgment or order of any court and do not conflict with or result in a material breach of or default under any constitutional provision or law, or any administrative regulation, judgment or decree to which the City has actual notice, or any loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the City is a party or to which the City or any of its property or assets is otherwise subject, nor do such actions result in any violation of the provisions of any ordinance, resolution or indenture of the City or any order, rule or regulation applicable to the City of any Court or of any Federal, State or other regulatory authority or governmental body having jurisdiction over the City or any Federal statute, order, rule or regulation applicable to the City, nor will such actions result in the creation or imposition of any lien, charge or other security interest or encumbrance of any nature whatsoever upon any of the property or assets of the City or under the terms of any such law, regulation or instrument, except as expressly provided by the Note and the Loan Agreement.

7. There is no action, suit, inquiry, investigation or proceeding pending or, to the best of my knowledge, after reasonable inquiry, threatened, at law or in equity, in any court, or before or by any government agency, public board or body against or affecting the City, nor is there any basis for any such action, suit, inquiry, investigation or proceeding, in which an unfavorable decision, ruling or finding would restrain or enjoin the issuance or delivery of the Note or the Loan Agreement or the validity of the Resolution, or which would materially adversely affect the transactions contemplated by the Resolution, the Loan Agreement, the Note or any other agreements or documents provided for or contemplated by the Note or the Loan Agreement or contesting the exclusion from gross income of interest on the Note, and no such litigation is pending, or to the knowledge of the undersigned threatened against the City involving any of the property or assets under the control of the City which involve the possibility of any judgment or liability not fully covered by insurance or adequate, established reserves and which may result in any material adverse change in the properties, assets or in the condition, financial or otherwise, of the City or its ability to pay the Note, other than routine litigation of the type normally accompanying operations of the City and which will not have a materially adverse effect upon the condition of the City or the matters provided for or contemplated by the Resolution.

Re: \$13,000,000 City of Gainesville, Florida Revenue Note, Series 2009

Ladies and Gentlemen:

We have acted as Bond Counsel in connection with the issuance and sale by the City of Gainesville, Florida (the "City") of its Revenue Note, Series 2009 dated July 3, 2009 (the "Note"), pursuant to the terms of the Loan Agreement dated as of July 3, 2009 (the "Loan Agreement"), between the City and Branch Banking and Trust Company (the "Bank"). All terms used herein in capitalized form and not otherwise defined herein shall have the same meanings as ascribed to them or referenced in the Loan Agreement and the Note.

The description of the Note and other statements concerning the terms and conditions of the issuance of the Note in this opinion do not purport to set forth all of the terms and conditions of the Note or any other document relating to the issuance thereof, but are intended only to identify the Note and to describe briefly certain features thereof. This opinion shall not be deemed or treated as an offering circular, prospectus or official statement, and is not intended in any way to be a disclosure document used in connection with the sale or delivery of the Note.

The Note has been issued in fully registered form and bears interest payable semiannually on November 1 and May 1, commencing November 1, 2009, at the rate as provided in the Note. The Note shall finally mature on November 1, 2028.

The Note is being issued for the purpose of paying a portion of the cost of the acquisition and construction of certain capital improvements and the payment of the costs of issuance of the Note.

Pursuant to the Loan Agreement, the principal of, premium, if any, and interest on the Note shall be payable from and secured by a lien upon and pledge of the Pledged Funds as provided in the Loan Agreement. "Pledged Funds," as used in the Loan Agreement, means the Non-Ad Valorem Revenues budgeted and appropriated and deposited into the Debt Service Account under the Loan Agreement to pay debt service on the Note and all funds on deposit in the Debt Service Account and the Project Account (including all investment securities on deposit therein) and all investment earnings on any such funds.

In no event shall the Note or any interest or premium thereon be payable from the ad valorem tax revenues of the City. The Note and the obligations evidenced thereby do not constitute a general liability or obligation of the City or the State of Florida or any political subdivision or agency thereof, or a pledge of the faith and credit or taxing power of the City, the State of Florida or any political subdivision thereof. In no event shall the Note or the interest or premium thereon be payable out of any funds or property other than those of the City and then only to the extent of the Pledged Funds in the manner expressly provided in the Loan Agreement.

In rendering the opinions set forth below, we have examined a certified copy of Resolution No. \_\_\_\_\_ adopted by the City on July 2, 2009, and an executed original of the Loan Agreement and the Note and are relying on the covenants and agreements of the City contained therein, including, without limitation, the covenant of the City to comply with the applicable requirements contained in Section 103 and Part IV of Subchapter B of Chapter 1 of Subtitle A of the Internal Revenue Code of 1986, as amended (the "Code"), and applicable regulations thereunder, to the extent necessary to preserve the exclusion of interest on the Note from gross income for federal income tax purposes.

We have also examined certified copies of the proceedings of the City, and other proofs submitted to us relative to the issuance and sale by the City of the Note. In addition, we have examined and relied upon the opinion of even date herewith of Marion J. Radson, Esq., City Attorney to the City, and such other agreements, documents and opinions, including certificates and representations of public officials, and officers and representatives of various other parties participating in this transaction, as we have deemed relevant and necessary in connection with the opinions set forth below. We have not undertaken an independent audit, examination, investigation or inspection of the matters described or contained in such agreements, documents, certificates, representations and opinions, and have relied solely on the facts, estimates and circumstances described and set forth therein.

In our examination of the foregoing, we have assumed the genuineness of signatures on all documents and instruments, the authenticity of documents submitted as originals and the conformity to originals of documents submitted as copies. The opinions set forth below are expressly limited to, and we opine only with respect to, the laws of the State of Florida and the federal income tax laws of the United States of America.

Based upon and subject to the foregoing, we are of the opinion that:

(1) The Loan Agreement constitutes a valid and binding obligation of the City, enforceable in accordance with its terms.

(2) The Note is a valid and legally binding special obligation of the City, payable solely from and secured by a lien on and pledge of the Pledged Funds, in the manner and to the extent provided in the Loan Agreement.

(3) Under existing law, the interest on the Bonds is excluded from gross income for federal income tax purposes. Interest on the Bonds will not be treated as an item of tax preference for purposes of the federal alternative minimum tax imposed by the Code. Further, interest on the Bonds is not required to be taken into account in determining the adjusted current earnings of a corporation for purposes of computing the alternative minimum tax. Interest on the Bonds, therefore, will not be included in the alternative minimum taxable income of either corporate or non-corporate holders of the Bonds.

The opinions expressed in the preceding sentence do not relate to any late payment fees or other penalties paid under the Note and are conditioned upon compliance by the City with its covenants relating to certain arbitrage rebate and other tax requirements contained in Section 103 and Part IV of Subchapter B of Chapter 1 of Subtitle A of the Code (including, without limitation, the requirements contained in Section 148 of the Code), to the extent necessary to preserve the exclusion of interest on the Note from gross income for federal income tax purposes. Failure of the City to comply with such requirements could cause the interest on the Note to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Note. Other provisions of the Code may give rise to adverse federal income tax consequences to particular noteholders. The scope of this opinion is limited to matters addressed above and no opinion is expressed hereby regarding other federal tax consequences that may arise due to ownership of the Note.

(4) The Note is not subject to the registration requirements of the Securities Act of 1933, as amended, and the Resolution is exempt from qualification under the Trust Indenture Act of 1939, as amended.

Our opinions expressed herein are predicated upon present laws and interpretations thereof. We assume no affirmative obligation with respect to any

change of circumstances or law that may adversely affect the exclusion from gross income of interest on the Note for federal income tax purposes after the date hereof.

All opinions as to legal obligations of the City set forth above are subject to and limited by (a) bankruptcy, insolvency, reorganization, moratorium or similar laws, in each case relating to or affecting the enforcement of creditors' rights, (b) applicable laws or equitable principles that may affect remedies or injunctive or other equitable relief, and (c) other applicable laws that may affect remedies, but do not, in our opinion, materially impair the practical realization of the benefits or the security of the parties entitled thereto.

The scope of our engagement in relation to the issuance of the Note has been limited solely to the examination of facts and law incident to rendering the opinions expressed herein. We have not been engaged nor have we undertaken to confirm or verify and therefore express no opinion as to the accuracy, completeness, fairness or sufficiency of any offering material relating to the Note. In addition, other than as expressly set forth herein, we have not been engaged to and therefore express no opinion as to the compliance by the City or the Bank with any federal or state statute, regulation or ruling with respect to the sale or distribution of the Note.

Sincerely yours,

HOLLAND & KNIGHT LLP

## BANK'S DISCLOSURE LETTER

City of Gainesville, Florida  
Gainesville, Florida

Re: City of Gainesville, Florida Revenue Note, Series 2009

Ladies and Gentlemen:

Branch Banking and Trust Company (the "Bank") has agreed to purchase the Revenue Note, Series 2009 dated July 3, 2009, in a principal amount of \$13,000,000 (the "Note") being issued by the City of Gainesville, Florida (the "City") under the terms of a Loan Agreement dated as of July 3, 2009, between the City and the Bank (the "Loan Agreement"). All terms used herein in capitalized form and not otherwise defined herein shall have the same meanings as ascribed to them in the Loan Agreement.

The purpose of this letter is to furnish pursuant to the provisions of Sections 218.385(2) and (6), Florida Statutes, as amended, certain information in respect to the arrangement contemplated for the placement and sale of the Note as follows:

(a) An itemized list setting forth the nature and estimated amounts of expenses to be incurred by the Bank in connection with the issuance of the Note is set forth below:

Counsel's fees and expenses: \$8,700.00

None of such fees and expenses are being charged to the City as part of the underwriting spread, if any, set forth in paragraph (c) below, but instead are being paid directly by the City.

(b) No "finder" as that term is defined in Section 218.386, Florida Statutes, as amended, has entered into an understanding with the Bank, or to the knowledge of the Bank, with the City, for any paid or promised compensation or valuable consideration, directly or indirectly, expressly or implied, to act solely as an intermediary between the City and the Bank or to exercise or attempt to exercise any influence to effect any transaction in the purchase of the Note.

(c) The underwriting spread to be paid by the City will be:

\$0.00

(d) No other fee, bonus or other compensation is estimated to be paid by the Bank in connection with the issuance of the Note to any person not regularly employed or retained by the Bank (including any "finder," as defined in Section

218.386(l)(a), Florida Statutes, as amended), except as specifically enumerated as expenses to be incurred and paid by the Bank as set forth in paragraph (a) above.

(e) Truth-in-Bonding Statement — The City is proposing to issue the Note for the purpose of paying a portion of the cost of the construction of certain road and other transportation-related improvements and the costs issuance of the Note. The total interest paid over the life of the Note is estimated to be \$7,905,049.72.

The source of repayment or security for the Note is limited solely to the Pledged Funds as such item is defined in a Resolution adopted by the City Commission of the City on July 2, 2009. The authorization of this debt or obligation will result in as much as \$1,091,262.50 of Pledged Funds not being available to the City to finance other projects of the City each year for an approximately 19.3-year period.

(f) The name and address of the Bank is set forth below:

Branch Banking and Trust Company  
255 South Orange Avenue  
Orlando, Florida 32801

We understand that the City does not require any further disclosure from the Bank, pursuant to Section 218.385(6), Florida Statutes, as amended.

DATED this 3<sup>rd</sup> day of July, 2009.

Yours very truly,

BRANCH BANKING AND TRUST  
COMPANY

## BANK'S INVESTMENT CERTIFICATE

City of Gainesville, Florida  
Gainesville, Florida

Public Financial Management  
Orlando , Florida

Holland & Knight LLP  
Lakeland, Florida

Re: City of Gainesville, Florida Revenue Note, Series 2009 (the  
"Note")

Ladies and Gentlemen:

This letter is being provided in connection with the purchase of the above-referenced Note which was delivered to us by the City of Gainesville, Florida (the "City") on the date hereof.

1. We are engaged in the business of investing in securities similar to the Note or in the business of entering into loan transactions evidenced by securities similar to the Note.

2. We are purchasing the Note from the City for our own account (or those of our banking affiliates) for investment purposes and not for resale; provided, however, that we reserve the right to transfer the Note or any part thereof or interest therein at any time in our sole discretion.

3. We are a national banking association and we have sufficient knowledge and experience in financial and business matters, including the purchase and ownership of taxable and tax-exempt obligations, to be capable of evaluating the merits and risks of our investment in the Note.

4. We are able to bear the economic risk of our investment in the Note.

5. We acknowledge that the Note does not represent a general obligation of the City, the State of Florida or any political subdivision thereof and is not payable from taxes or any moneys provided by or to the City, other than those described in the Note and the Loan Agreement dated as of July 3, 2009, between the City and us, pursuant to which the Note is being issued, and we further acknowledge that no covenant, stipulation, obligation or agreement contained in any documents related to the issuance of the Note is or shall be deemed to be a

covenant, agreement or obligation of any present or future board member, officer or employee of the City in his or her individual capacity.

6. We understand, acknowledge and agree that the Note has not been and will not be registered under the Securities Act of 1933, as amended, or the securities or Blue Sky laws of any state and is not listed on any stock or securities exchange.

7. We understand that no offering, statement, prospectus, offering circular, official statement or other disclosure document containing material information with respect to the City and the Note is being or has been prepared, and that, with due diligence, we have made our own inquiry and analysis with respect to the City, the Note and the security therefore.

8. We have received all financial and other information regarding the City that we have requested and which we consider relevant or necessary to make an informed decision to invest in the Note. We have made our own inquiry into the creditworthiness of the City, we have received all the information that we have requested from the City or any agents or representatives thereof, and we have been afforded a reasonable opportunity to ask questions about the terms and conditions of the offering of the Note and the security therefor and the City, and have received, to the best of our knowledge, complete and satisfactory answers to all such questions.

DATED this 3<sup>rd</sup> day of July, 2009.

Very truly yours,

BRANCH BANKING AND TRUST  
COMPANY, as Purchaser
