CITY OF TOLLESON

9555 West Van Buren • Tolleson, AZ 85353 • 623.936.7111 • fax 623.907.2629

November 10, 2017

Honorable Mayor, Members of the City Council, City Manager and Citizens of the City of Tolleson, Arizona:

The comprehensive annual financial report of the City of Tolleson, Arizona (the City), for the year ended June 30, 2017, is hereby submitted. The City is required to issue annually a report on its financial position and activity, and be audited by an independent certified public accountant. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the City's management. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner that presents fairly the financial position and results of operations of the various funds and component units of the City.

Henry & Horne LLP, Certified Public Accountants, have issued an unmodified ("clean") opinion on the City's financial statements for the year ended June 30, 2017. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor's report is located at the front of the financial section of this report.

Accounting principles generally accepted in the United States of America (GAAP) require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). MD&A complements this Letter of Transmittal and should be read in conjunction with it. The City of Tolleson's MD&A can be found immediately following the report of the independent auditors.

The City is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of Amendments of 1996 and the U.S. Office of Management and Budget Circular A-133, Audits of State and Local Governments and Not for Profit Organizations. A separate single audit report includes the schedule of expenditures of federal awards, auditors report on internal controls, and compliance with applicable laws and regulations.

THE FINANCIAL REPORTING ENTITY

The City of Tolleson, founded in 1929, operates under a Council-Manager form of government as provided by its Charter. The Mayor and six City Council members are elected at large on a non-partisan ballot and serve overlapping four-year terms. The City Council is vested with policy and legislative authority and is responsible for passing ordinances; adopting the budget; appointing commission board members; and appointing the positions of City Manager, City Attorney, and Presiding Judge. The City Manager is responsible for carrying out the policies and ordinances of the City Council, as well as overseeing the day-to-day operations of the City.

The City encompasses approximately 6 square miles. Although small, Tolleson is in the middle of it all, with Phoenix International Raceway 10 minutes south and entertainment venues in Glendale, Peoria, Goodyear and Phoenix 10 minutes north and east. Tolleson is the west valley's industrial employment center hosting over 20 Fortune 500 companies employing more than 20,000 resulting in one of the most impressive jobs to resident's ratios in the nation.

The City provides a full range of municipal services including police and fire protection, sanitation service, water and sewer services, construction and maintenance of streets, recreational activities including libraries and cultural events, public transportation, planning and zoning services, and general administrative services.

This report includes financial statements on both a government-wide and fund basis for the primary government as well as its component units. Component units are separate legal entities included in the reporting entity due to the significance of their financial or operational relationship with the City. Criteria used by the City for inclusion of activities in preparing its financial statements are in conformity with GASB Statement No. 14, The Financial Reporting Entity, as amended by GASB Statement No. 61. Blended component units, although legally separate entities, are, in substance, part of the primary government's operations and are included as part of the primary government. Accordingly, the financial reporting entity consists of the City and the City of Tolleson Municipal Facilities Corporation (MFC) as discussed further in Note 1 of the notes to the financial statements.

LOCAL ECONOMIC CONDITION AND OUTLOOK

The unemployment rate in Tolleson remained constant from the previous year at 4.5% as compared to 5.1% statewide. Consumer spending remained healthy in fiscal year 2017. The City's sales and use tax collections in fiscal year 2017 totaled \$20.9 million, a 6.6% increase from the \$19.6 million in the prior year.

In August of 2016 Tolleson voters approved the "Home Rule" expenditure limitation allowing the City to continue appropriating all anticipated revenues for expenditures on services provided to City residents. During Fiscal Year 2016-2017 the City has continued to see steady growth and is strategically increasing resources to maintain current levels in service to our residents.

Economic Outlook

The overall economic outlook for 2018 looks brighter than this year's performance. The economy also felt the stronger dollar's impact, as well as the inventory swing. Adding to the better performance next year will be continued gains in consumer spending, as well as housing and non-residential construction. Next year will be brighter than 2017, followed by a reversion to a more sustainable growth rate. Likewise, the overall economic outlook for the State of Arizona and the City of Tolleson is expected to mirror the nation's growth.

FINANCIAL CONTROLS

Internal Controls

The management of the City of Tolleson is responsible for establishing and maintaining a system of internal controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: 1) the safeguarding of assets against loss from unauthorized use or disposition, and 2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes: 1) the cost of a control should not exceed the benefits likely to be derived, and 2) the valuation of costs and benefits requires estimates and judgments by management.

The system of internal control is subject to periodic evaluation by management and is considered by the independent auditors in connection with the annual audit of the City's financial statements. All internal control evaluations occur within the above framework. The City's internal accounting controls are considered to be adequate to safeguard assets and provide reasonable assurance of proper recording of financial transactions.

Budgetary Controls

The City of Tolleson, like all cities in the State of Arizona, is subject to numerous budget and related legal requirements. Article IX, Section 20 (1) of the Arizona Constitution sets limits on the City's legal budget capacity. Every four years the voters are asked to approve an alternative expenditure limitation which has passed each time the voters have been asked. The City may utilize the additional expenditure authority for any local budgetary purposes.

The City maintains budgetary controls to ensure compliance with legal provisions embodied in the annual appropriated operating budget approved by the Mayor and Council. Activities of the general fund, special revenue funds, debt service funds, capital project funds, and enterprise funds are included in the annual appropriated budget. The legal level of budgetary control (i.e., the level at which expenditures cannot legally exceed the appropriated amount is the total budget, as adopted by the City Council. The City additionally exercises management control and oversight of the budget at the department level within each fund. In addition to maintaining budgetary control via a formal appropriation, the City maintains an encumbrance accounting system. Encumbrances are made against appropriations upon the issuance of a purchase order. Encumbered appropriations lapse at fiscal year-end and are re-budgeted as needed in the next fiscal year.

Financial Policies

The City has an important responsibility to its citizens to carefully account for public funds, to manage its finances wisely, and to plan for the adequate funding of services desired by the public, including the provision and maintenance of public facilities. The City needs to ensure that it is capable of adequately funding and providing those government services desired by the community. Ultimately the City's reputation and success depends on the public's awareness and acceptability of the management and delivery of those services.

Bond Rating

During August 2017, Fitch Ratings, a global credit rating agency upgraded the City's 2006 GO Bonds two notches to AA+ from AA-.

STRATEGIC GOALS

The Council gives careful consideration to all projects and initiatives during the budget process each year to ensure investments of public funds achieve Council objectives and provide a long term sustainable benefit to the community. Listed below are the Council priorities for FY 2017-18 to further the City's commitment to provide quality service, economic development and improved quality of life for the citizens of Tolleson.

- Beautify Segments of the Community
 - Human Services / C.A.P. Assistance
 - Fill Empty Buildings on Van Buren
- Increase Community Outreach
- Expand 91st Avenue
- Design New City Hall
- Increase Downtown Events
- Reduce the Public Safety Unfunded Liability

Financial Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Tolleson for its comprehensive annual financial report for the fiscal year ended June 30, 2016. This was the first year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments

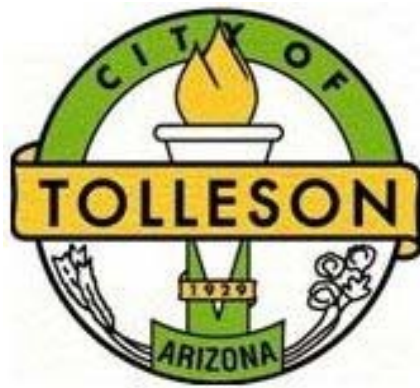

I wish to express my sincere thanks to the entire staff of the Finance Department without whose assistance this report could not have been prepared. I would also like to express thanks to all of the members of the departments who assisted in and contributed to the preparation of this report. Finally, I wish to thank the Mayor and Council, City Manager, and Assistant City Manager for their continued support in promoting sound financial policies and internal controls.

Respectfully Submitted:

INDEPENDENT AUDITORS' REPORT

The Honorable Mayor and City Council
City of Tolleson
Tolleson, Arizona

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Tolleson, Arizona, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Tolleson, Arizona, as of June 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund and Public Safety Tax Special Revenue Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Tolleson, Arizona's basic financial statements. The introductory section, the financial information listed as other supplementary information in the financial section, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The financial information listed as other supplementary information in the financial section is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the financial information listed as other supplementary information in the financial section, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Compliance Over the Use of Highway User Revenue Fund and Other Dedicated State Transportation Revenue Monies

In connection with our audit, nothing came to our attention that caused us to believe that the City of Tolleson, Arizona failed to use highway user revenue fund monies received by the City pursuant to Arizona Revised Statutes Title 28, Chapter 18, Article 2, and any other dedicated state transportation revenues received by the City of Tolleson solely for the authorized transportation purposes, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the City of Tolleson's noncompliance with the use of highway user revenue fund monies and other dedicated state transportation revenues, insofar as they relate to accounting matters.

The communication related to compliance over the use of highway user revenue fund and other dedicated state transportation revenue monies in the preceding paragraph is intended solely for the information and use of the members of the Arizona State Legislature, management, and other responsible parties with the City and is not intended to be and should not be used by anyone other than these specified parties.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 10, 2017 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Tolleson, Arizona's, internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION & ANALYSIS

CITY OF TOLLESON, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended June 30, 2017

As management of the City of Tolleson, we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2017. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on page i of this report.

FINANCIAL ANALYSIS

- The assets of the City of Tolleson, Arizona exceeded its liabilities at the close of the most recent fiscal year by \$111,957,770 (net position).
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$22,051,299 or 117% of total General Fund expenditures.
- The General Fund revenues (on a budgetary basis) were more than budgeted revenues by \$2,510,300 for the fiscal year ending June 30, 2017.
- General Fund revenues exceeded expenditures by \$5,855,966; a positive variance of \$5,589,068 from the original budget.

OVERVIEW OF THE FINANCIAL STATEMENTS

The discussion and analysis provided here are intended to serve as an introduction to the City of Tolleson's basic financial statements. The City of Tolleson's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) the notes to financial statements. This report also includes supplementary information intended to furnish additional detail to support the basic financial statements themselves.

Government-wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Tolleson's finances, in a manner similar to a private-sector business. The *statement of net position* presents financial information on all of the City of Tolleson's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Tolleson is improving or deteriorating.

The *statement of activities* presents information showing how the City of Tolleson's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Tolleson that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City of Tolleson include general government, public safety, highways and streets, culture and recreation, economic development, and health and welfare. The business-type activities of the City of Tolleson include water, sewer, and sanitation.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Tolleson, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Tolleson can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in assessing a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City of Tolleson maintains eleven individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, which is considered to be a major fund. Data from the other ten governmental funds are combined into a single aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements in the combining and individual fund statements and schedules section of this report.

The City of Tolleson adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

Proprietary Funds. The City of Tolleson maintains three different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City of Tolleson uses enterprise funds to account for its water, sewer, and sanitation operations.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water fund, sewer fund, and sanitation fund, all of which are considered to be major funds of the City of Tolleson.

MDA Table Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside of the government. The City did not have any fiduciary funds to report at year end.

Notes to the Financial Statements. The notes provide additional information that is necessary to acquire a full understanding of the data provided in the government-wide and fund financial statements.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents *required supplementary information* concerning the City of Tolleson's progress in funding its obligation to provide pension and OPEB benefits to its employees.

The combining statements referred to earlier in connection with non-major governmental funds and non-major governmental fund budgetary comparisons are presented immediately following the required supplementary information on pensions and OPEB.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the City's financial position. The City's combined assets exceed liabilities by \$111,957,770 as of June 30, 2017 as shown in the following condensed statement of net position. The City has chosen to account for its water, sewer and sanitation operations in an enterprise fund which is shown as Business Activities.

Governmental Activities

The City has \$166,546,962 in total assets, with \$79,661,978 invested in capital assets, net of related debt. Funds included in the Business-type activities column are the City's enterprise funds operation, which are Wastewater, Water, and Sanitation. These operations are capital intensive, using a large portion of their resources to maintain and replace major equipment and facilities.

The City's programs include: General Government, Public Safety, Highways and Streets, Economic Development, Culture and Recreation, and Health and Welfare. Each programs' net cost (total cost less revenues generated by the activities) is presented below. The net cost shows the extent to which the City's general taxes support each of the City's programs.

Total resources available during the year to finance governmental operations were \$71.3 million consisting of net position at July 1, 2016 of \$39.8 million, program revenues of \$2.4 million and General Revenues of \$29.1 million. Total Governmental Activities during the year were \$26.7 million; thus Governmental Net position was increased by \$4.4 million to \$44.5 million before transfers.

The following graph compares program expenses to program revenues and provide a breakdown of revenues by source for all government activities.

**Expense and Program Revenues - Governmental Activities
(in Thousands)**

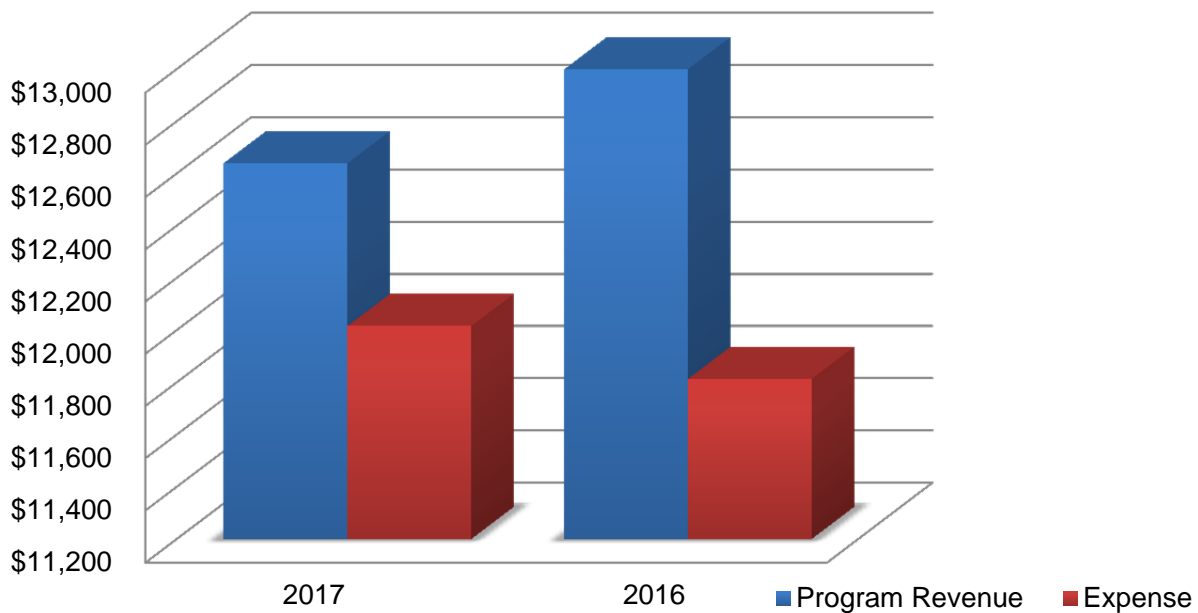

Revenue by Source - Governmental Activities

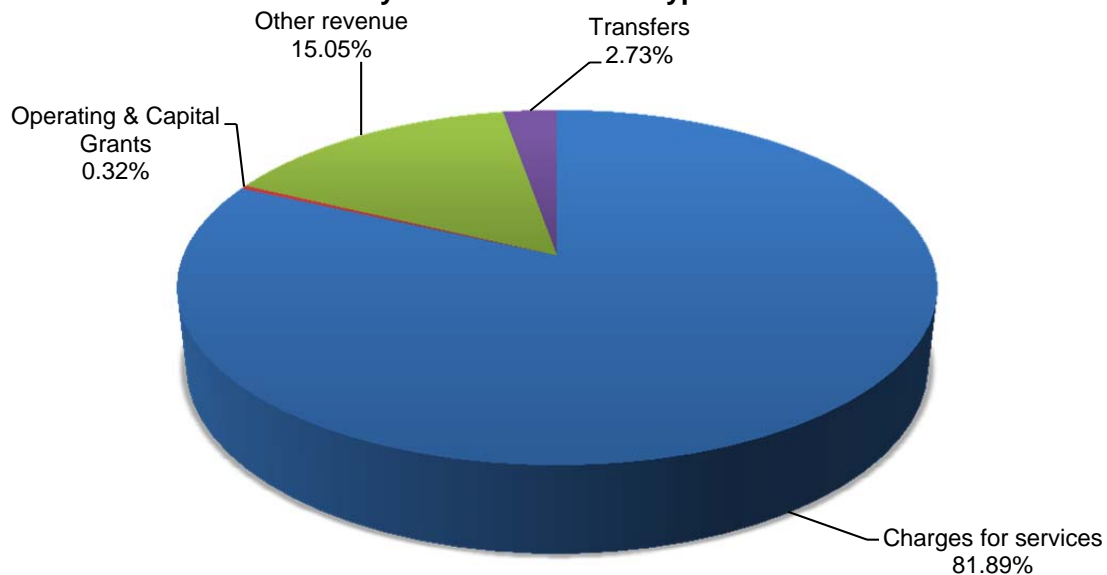

Business Type Activities

Net position of the Business Type activities at June 30, 2017, as reflected in the Statement of Net Position was \$67.8 million. The cost of providing all Proprietary (Business Type) activities this year was \$12.4 million. As shown in the statement of Changes in Net position, the amounts paid by users of the system were \$12.6 million. Capital contributions were \$49,811, property tax revenues were \$2,157,082 and interest earnings and other revenues totaled \$157,028. The net position increased by \$2,518,798 before transfers.

Financial Analysis of the Government's Funds

As noted earlier, the City of Tolleson uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds: The focus of the City of Tolleson's governmental funds is to provide information on near-term inflows, outflows, and balances of spend-able resources. Such information is useful in assessing the City of Tolleson's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City of Tolleson's governmental funds reported combined ending fund balances of \$26,906,532 an increase of \$3,585,170 in comparison with the prior year. Approximately, 79% of this total amount, \$11,220,634, constitutes unassigned fund balance, which is available for new spending at the government's discretion. The remainder of the fund balance is non-spendable, restricted, committed, or assigned in accordance with GASB 54.

The general fund is the chief operating fund of the City of Tolleson. At the end of the current fiscal year, unassigned fund balance in the general fund was \$21,220,634, while total fund balance is \$22,051,299. As a measure of liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 112% of total general fund expenditures, while total fund balance represents 116% of the same amount.

During the year, the City of Tolleson's general fund balance increased by \$4,923,771. The key factor to the increase was sales tax revenues in excess of projected amounts.

The Public Safety Tax Fund balance decreased by \$963,206. The key factor to the decrease was the budgeted spending of reserves.

The Capital Projects Fund balance decreased by \$73,571 during the fiscal year as a result of a transfer into the Impact Fee Capital Project Fund to make the debt service payment.

The Debt Service Fund balance decreased by \$270,428 during the fiscal year as a result of transfer into other funds.

Proprietary Funds: The proprietary fund financial statements are prepared on the same accounting basis and measurement focus as the government-wide financial statements, but provide additional detail since each major enterprise fund is shown directly on the fund statements.

Net position of the proprietary funds was \$67,838,833 as of June 30, 2017. Operating revenues in fiscal year 2017 were \$6,487,966 for water, \$5,823,606 for sewer, and \$384,453 for sanitation while operating expenses were \$5,284,005 for water, \$6,187,293 for sewer, and \$418,557 for sanitation, resulting in operating income (loss) of \$1,203,961 for water, (\$363,687) for sewer, and (\$34,104) for sanitation. The water, sewer, and sanitation operating expenses increased from the prior year mainly due to additional salary and benefit cost allocations and maintenance and repair costs. The majority of the sewer net operating loss was offset by non-operating revenues, such as property taxes, used to pay debt service payments.

General Fund Budgetary Highlights

Actual general fund revenues exceeded budgeted amounts by \$2,510,300 primarily due to sales tax revenues in excess of projections. The City's total expenditures in the general fund were less than the budgeted amounts by \$3,078,768. There were amendments made during the year between general fund departments to prevent budget overruns and to increase appropriations for unanticipated expenditures after adoption of the original budget.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The capital assets of the City are those assets that are used in performance of City functions including infrastructure assets. Capital Assets include equipment, buildings, land, park facilities and roads. At the end of fiscal year 2017, net capital assets of the government activities totaled \$47.9 million and the net capital assets of the business-type activities totaled \$63.9 million. Depreciation on capital assets is recognized in the Government-Wide financial statements. (See note 7 to the financial statements.)

Debt

At year-end, the City had \$36.4 million in governmental type debt, and \$21.2 million in business-type debt. During the current fiscal year, the City's total debt decreased by \$888,952. (See note 5 to the financial statements for detailed descriptions.)

NEXT YEAR'S BUDGET AND ECONOMIC FACTORS

Many factors were considered by the City's Officials during the process of developing the Fiscal Year 2017-2018 budget. The primary factors include:

The overall economy continues to improve in Tolleson. Sales tax revenues and tax on construction is expected to increase by 5%. Primary Property tax is projected to remain flat.

An average 4% increase in wages and related costs were included.

Overall, the financial condition of the City is improving and the actions of the City Council will help to ensure this continues.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the City's Chief Financial Officer, City of Tolleson, 9555 West Van Buren, Tolleson, Arizona, 85252 or visit our website at www.tollesonaz.org.

Financial Section

BASIC FINANCIAL STATEMENTS

Government-wide Financial Statements - include the Statement of Net Position and Statement of Activities and use the accrual basis of accounting for financial reporting.

Governmental Funds Financial Statements - include the Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balance for the major governmental funds that use the modified accrual basis of reporting. Also includes the reconciliations to the government-wide financial statements and the Budget and Actual statements for the General Fund and all major Special Revenue Funds.

Proprietary Funds Financial Statements - include the Statement of Net Position, Statement of Revenues, Expenses and Changes in Fund Net Position and Statement of Cash Flows for the business-type activities that use the accrual basis of accounting for financial reporting.

CITY OF TOLLESON, ARIZONA
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
Year Ended June 30, 2017

Amounts reported for governmental activities in the statement of activities
are different because:

Net change in fund balances - total governmental funds		\$ 3,585,170
--	--	--------------

Governmental funds report capital outlays as expenditures. However,
in the statement of activities the cost of those assets is allocated over
their estimated useful lives and reported as depreciation expense.
This is the difference between depreciation expense and capital outlay
in the current period.

Capital outlay	1,979,345	
Depreciation expense	<u>(2,246,960)</u>	(267,615)

Governmental funds report the effect of premiums, discounts and similar
items when debt is first issued, whereas these amounts are deferred
and amortized in the Statement of Activities.

Amortization of bond premiums and discounts - net		26,656
---	--	--------

City pension contributions are reported as expenditures in the governmental
funds when made. However, they are reported as deferred outflows of
resources in the Statement of Net Position because the reported net
pension liability is measured a year before the City's report date. Pension
expense, which is the change in the net pension liability adjusted for
changes in deferred outflows and inflows of resources related to pensions,
is reported in the Statement of Activities.

City pension contributions	2,892,018	
Pension expense	<u>(3,635,462)</u>	(743,444)

Repayment of long-term debt (e.g., bonds, leases) principal is an expenditure
in the governmental funds, but the repayment reduces long-term liabilities
in the statement of net position.

	2,035,000
--	-----------

Revenues in the statement of activities that do not provide current financial
resources are not reported as revenues in the funds. This the change in
deferred inflows in the statement of activities.

116,687

Compensated absences expenses reported in the statement of activities
do not require the use of current financial resources and therefore are
not reported as expenditures in governmental funds.

<u>(392,906)</u>

Change in net position of governmental activities

<u>\$ 4,359,548</u>

Notes to the Financial Statements

CITY OF TOLLESON, ARIZONA
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2017

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the City of Tolleson, Arizona (City) have been prepared in conformity with accounting principles generally accepted in the United States of America applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB). A summary of the City's more significant accounting policies follows.

A. Reporting Entity

The City of Tolleson, Arizona is a municipal government that is governed by an elected mayor, vice-mayor, and five-member governing council (council). The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the City.

The following is a brief review of the component units included in defining the City's reporting entity. There are no discretely presented component units and one blended component unit.

Individual Component Units – Blended

The City of Tolleson, Arizona Municipal Facilities Corporation (MFC) is a nonprofit corporation that is organized under the laws of the State of Arizona to assist the City in the acquisition and financing of municipal projects and facilities. The corporation is governed by a board of directors which is responsible for approving the corporation's bond sales. Bond sales must also be approved by the City Council. Although it is legally separate from the City, the corporation is reported as if it is part of the primary government because its sole purpose is to finance the acquisition and or construction of public facilities for the City. Separate financial statements for the corporation are not prepared.

B. Basis of Presentation – Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support. Likewise, when applicable, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

CITY OF TOLLESON, ARIZONA
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2017

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation – Government-Wide Financial Statements (Continued)

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds, while business-type activities incorporate data from the City's enterprise funds. Separate financial statements are provided for governmental funds and proprietary funds.

Interfund services provided and used are not eliminated in the process of consolidation for the government-wide financial statements.

C. Basis of Presentation – Fund Financial Statements

The fund financial statements provide information about the City's funds, including its fiduciary funds and blended component units. Separate statements for each fund category—governmental, proprietary, and fiduciary—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except for those required to be accounted for in another fund.

The Public Safety Tax Special Revenue Fund accounts for the government's sales tax revenues set aside for public safety purposes and related expenditures.

The Capital Projects Fund is used to account for major capital projects of the government and includes proceeds and expenditures of impact fees.

The Debt Service Fund is used to account for the accumulation of resources for and the payment of long-term debt principal, interest and related costs.

CITY OF TOLLESON, ARIZONA
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2017

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Presentation – Fund Financial Statements (Continued)

The City reports the following major proprietary funds:

The Water Fund accounts for the activities of pumping, treating and distribution of water.

The Wastewater and Sewer Fund accounts for the activities of wastewater collection and treatment.

The Sanitation and Trash Fund is used to account for the activities of the City's sanitation operations.

During the course of operations the City has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as internal balances in the business-type activities column.

D. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement* focus and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

CITY OF TOLLESON, ARIZONA
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2017

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Measurement Focus and Basis of Accounting (Continued)

The governmental fund financial statements are reported using the *current financial resources measurement* focus and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Sales taxes, franchise taxes, intergovernmental grants and aid, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available only when cash is received by the City.

The proprietary funds are reported using the *economic resources measurement focus* and the accrual basis of accounting.

E. Deposits and Investments

Cash includes cash on hand, demand deposits with banks and other financial institutions, deposits in other types of accounts or cash management pools that have the general characteristics of demand deposit accounts and short-term investments with original maturities of three months or less from the date of acquisition.

Cash and investments are pooled except for funds required to be held by fiscal agents or restricted under provisions of bond indentures. Interest earned from investments purchased with such pooled monies is allocated to each of the funds based on the average daily cash balances. State statutes authorize the City to invest in obligations of the U.S. Treasury and U.S. agencies, certificates of the deposit in eligible depositories, repurchase agreements, obligations of the State of Arizona or any of its counties or incorporated cities, towns, or duly organized school districts, improvement districts in this state and the State Treasurer's Local Government Investment Pool. Investments are stated at fair value.

CITY OF TOLLESON, ARIZONA
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2017

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "Internal balances" in the Statement of Net Position and as "Due to" or "Due from" other funds in the fund financial statements. All trade accounts receivable in the proprietary funds are shown net of an allowance for doubtful accounts.

G. Inventories and Prepaid Items

Purchases of inventory items are recorded at the time of purchase as expenditures in the funds from which the purchases were made; and because the amounts on hand at June 30, 2017, were immaterial, they are not included in the balance sheet.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

H. Restricted Assets

Certain proceeds of the City's bonds and loans are classified as restricted assets on the statement of net position because their use is limited by applicable bond or loan covenants.

I. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activity columns in the government-wide financial statements and in the proprietary fund financial statements. Capital assets are defined by the City as assets with an individual cost of more than \$5,000 and an estimated useful life in excess of one year. Capitalized assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. Land, construction in progress, and water rights are not depreciated. The other property, plant, and equipment are depreciated using the straight-line method over the following estimated useful lives:

Building and improvements	40 years
Water plant	50 years
Sewer plant	50 years
Furniture, equipment, and vehicles	5 to 20 years
Infrastructure	50 years

CITY OF TOLLESON, ARIZONA
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2017

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/ expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

K. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the pension plan's fiduciary net position of the Arizona State Retirement System (ASRS) and the Public Safety Personnel Retirement System (PSPRS) and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by ASRS and PSPRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

L. Net Position Flow Assumption

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

M. Fund Balance Flow Assumptions

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

CITY OF TOLLESON, ARIZONA
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2017

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

N. Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The City itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the City's highest level of decision-making authority. The governing council is the highest level of decision-making authority for the City that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance.

Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as committed. The City Manager is authorized to assign amounts to a specific purpose in accordance with the City's budget policy. The council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

O. Program Revenues

Amounts reported as program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

P. Property taxes

Property taxes are levied by the City and collected by the Maricopa County Treasurer. Property tax revenues are recognized as revenues in the year collected or if collected within 60 days thereafter unless they are prepaid. Maricopa County levies real property taxes on or before the third Monday in August, which become due and payable in two equal installments on October 1 of the current year and March 1 of the subsequent year. Taxes become delinquent after the first business day of November and May, respectively. Interest attaches on installments after the delinquency date. The County also levies various personal property taxes during the year. A lien against property assessed attaches on the first day of January preceding the assessment and levy.

CITY OF TOLLESON, ARIZONA
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2017

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Q. Compensated Absences

The liability for compensated absences reported in the government-wide statements consists of unpaid, accumulated leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination. For governmental funds, amounts of vested or accumulated vacation and sick leave that are not expected to be liquidated with expendable available financial resources are reported as liabilities in the government-wide statement of net position and as expenses in the government-wide statement of activities. No expenditures are reported for these amounts in the fund financial statements unless they have matured, for example, as a result of employee resignations and retirements. Vested or accumulated vacation and sick leave in the proprietary fund are recorded as an expense and a liability of that fund as the benefits accrue to the employees and are thus recorded in both the government-wide financial statements and the individual fund financial statements.

R. Proprietary Funds Operating and Non-operating Revenues and Expenses

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of proprietary funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

S. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

CITY OF TOLLESON, ARIZONA
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2017

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

T. Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. All annual appropriations lapse at year end. The City Council follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Arizona Revised Statutes, the City Manager submits a proposed budget for the fiscal year commencing the following July 1 to the City Council. The operating budget includes proposed expenditures and the means of financing them for the upcoming year.
2. Public hearings are conducted to obtain taxpayer comment.
3. Prior to the third Monday in August, the expenditure limitation for the City is legally enacted through passage of an ordinance. To ensure compliance with the expenditure limitation, a uniform expenditure report must be filed with the State each year. This report, issued under a separate cover, reconciles total City expenditures from the audited financial statements to total expenditures for reporting in accordance with the State's uniform expenditure reporting system (A.R.S. §41-1279.07).
4. State law requires that, prior to April 1, the Economic Estimates Commission provides the government with a final expenditure limit for the coming fiscal year.
5. Expenditures may not legally exceed the expenditure limitation of all fund types as a whole. For management purposes, the City adopts a budget by department for the General Fund and in total by fund for other funds. The City Manager, subject to City Council approval, may at any time, transfer any unencumbered appropriation balance or portion thereof between a department or activity. The adopted budget cannot be amended in any way without City Council approval.
6. The City has adopted budgets in accordance with A.R.S. requirements and utilizes the budgets as a management control device during the year for the General, Special Revenue, Debt Service and Capital Projects Funds. The budgets are prepared on essentially the same modified accrual basis of accounting used to record actual revenues and expenditures.

The City is subject to the State of Arizona's Spending Limitation Law for Towns and Cities. This law does not permit the City to spend more than budgeted revenues plus the carry-over unrestricted cash balance from the prior fiscal year. The limitation is applied to the total of the combined funds. The City complied with this law during the year.

Supplementary budgetary appropriations were necessary during the year.

CITY OF TOLLESON, ARIZONA
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2017

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

T. Budgets and Budgetary Accounting (Continued)

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the City.

U. Expenditures over Appropriations

Expenditures may not legally exceed budgeted appropriations at the department level. The individual Statements of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual reports found in the required supplementary and supplementary information present all of the departments which incurred an excess of expenditures/expenses over appropriations for the year ended June 30, 2017, if any.

NOTE 2 CASH AND INVESTMENTS

The following table summarizes the City's cash and investments at June 30, 2017:

	Governmental Activities	Business-type Activities	Total
Cash and cash equivalents	\$ 12,406,128	\$ 13,340,356	\$ 25,746,484
Restricted cash and cash equivalents	-	499,179	499,179
Investments	12,763,544	9,384,318	22,147,862
Total	<u>\$ 25,169,672</u>	<u>\$ 23,223,853</u>	<u>\$ 48,393,525</u>

Deposits

Cash in bank - At June 30, 2017, the City had \$3,700 of cash on hand. The carrying amount of the City's cash in bank totaled \$7,291,769 and the bank balance was \$7,563,732. Of the bank balance, \$250,000 was covered by Federal Depository Insurance and \$7,313,732 was covered by collateral held in the pledging bank's trust department not in the City's name.

CITY OF TOLLESON, ARIZONA
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2017

NOTE 2 CASH AND INVESTMENTS (Continued)

Investments

The City invests in the Local Government Investment Pool 5 (LGIP), investment pool managed by the State Treasurer's Office that allows governments within the State to pool their funds for investment purposes. The LGIP is registered with the Securities Exchange Commission under the 1940 Investment Advisors Act and is rated by Standard & Poors with AA Af/S1+. The State Board of Investment and the Investment Risk Management Committee have oversight responsibilities of the investment pool in accordance with ARS 35-311. The pool's policy is to invest in fixed-rate securities with a final maturity less than 36 months from the settlement date of the purchase and variable-rate securities with final maturity less than 5 years.

The dollar weighted average portfolio maturity is 18.25 days for Pool 5. The net asset value per share of the pool at June 30, 2017 was \$1.00. The Arizona State Treasurer issues a publicly available financial report that includes financial statements and required supplementary information. Copies may be obtained by contacting the Arizona State Treasurer, 1700 West Washington, Phoenix, Arizona 85007.

Funds held in the State Treasurer's Local Government Investment Pool represent a proportionate interest in the pool's portfolio; however, the City's portion is not identified with specific investments and is not subject to custodial credit risk. At June 30, 2017, the City's funds invested with the State Treasurer totaled \$19,546,722.

Restricted cash and cash equivalents - At June 30, 2017, the City had restricted cash and cash equivalents of \$499,179 which was restricted for debt payments.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. Information about the sensitivity of the fair values of the City's investments to market interest rate fluctuations is provided by the following table that shows the distribution of City's investments by maturity:

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The City does not have a formal investment policy regarding credit risk. However, the City is prohibited by State law from investing in investments other than obligations of the U.S. Treasury and U.S. agencies, certificates of deposit in eligible depositories, repurchase agreements, obligations of the State of Arizona or any of its counties or incorporated cities, towns or duly organized school districts, improvement districts in this state and the State Treasurer's Local Investment Pool. Presented below is the actual rating as of year-end for each investment type.

<u>2017</u> Investment Type	Amount	Rating Agency	Rating

NOTE 2 CASH AND INVESTMENTS (Continued)

Fair value measurement

Investments are measured at fair value. Fair value measurements are categorized based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investments' fair value measurements are as follows at June 30, 2017:

Investments By Fair Value Level	Amount	Fair Value Measurement Using		
		Level 1	Level 2	Level 3
U.S. Treasury Notes	\$ 7,680,280	\$ -	\$ 7,680,280	\$ -
Int'l Bank of Recon	360,029	-	360,029	-
Fannie Mae Global Notes (FNMA)	5,276,943	-	5,276,943	-
Federal Home Loan Bank	7,731,776	-	7,731,776	-
African Development Bank	246,066	-	246,066	-
Freddie Mac Notes	821,293	-	821,293	-
Total Investments by Fair Value Level	<u>22,116,387</u>	<u>\$ -</u>	<u>\$ 22,116,387</u>	<u>\$ -</u>
External Investment Pool Measured at Fair Value				
State Investment Pool (LGIP)	<u>\$ 19,546,722</u>			
Total Investments Measured at Fair Value	<u>41,663,109</u>			
Investments Measured at Amortized Costs				
PFM Government Money Market Fund	<u>31,475</u>			
Total Investments Measured at Amortized Costs	<u>31,475</u>			
Total Investments	<u>\$ 41,694,584</u>			

Investments categorized as Level 2 are valued significant other observable inputs for those investments. Investments in the State Treasurer's investment pools are valued at the pool's share price multiplied by the number of shares the City held. The fair value of a participant's position in the pool approximates the value of that participant's pool shares. The State Board of Investment provides oversight for the State Treasurer's investment pools.

CITY OF TOLLESON, ARIZONA

NOTE 6 INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

As of June 30, 2017, there were no interfund receivables and payables that resulted from interfund transactions.

Interfund transfers for the fiscal year ended June 30, 2017 are as follows:

Fund	Transfers	Transfers
	Out	In
General Fund	\$ 2,251,590	\$ (1,305,000)
Capital Projects	75,000	-
Debt Service	690,000	(345,000)
Non-Major Governmental Funds	-	(946,590)
Water Fund	520,000	(420,000)
Sewer Fund	275,000	(709,425)
Sanitation Fund	64,425	(150,000)
Total	<u>\$ 3,876,015</u>	<u>\$ (3,876,015)</u>

Transfers were made to fund various capital improvements, provide funds for debt service payments due on bonds and loans, local matching requirements on various grants, and to support operations.

NOTE 7 PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS

The City contributes to the plans described below. The plans are component units of the State of Arizona.

At June 30, 2017, the City reported the following aggregate amounts related to pensions for all plans to which it contributes:

Statement of Net Position and Statement of Activities	Governmental Activities	Business-type Activities	Total
Net pension liabilities	\$ 18,573,063	\$ 4,205,043	\$ 22,778,106
Deferred outflows of resources	7,034,718	893,690	7,928,408
Deferred inflows of resources	1,424,270	514,498	1,938,768
Pension expense	3,635,461	384,535	4,019,996

The City reported \$2,892,018 of pension contributions as expenditures in the governmental funds related to all pension plans to which it contributes.

NOTE 7 PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS (Continued)

A. Arizona State Retirement System

Plan Description – City employees not covered by the other pension plan described below participate in the Arizona State Retirement System (ASRS). The ASRS administers a cost-sharing multiple-employer defined benefit pension plan, a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan, and a cost-sharing multiple-employer defined benefit long-term disability (OPEB) plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Articles 2 and 2.1. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on its Web site at www.azasrs.gov.

Benefits Provided - The ASRS provides retirement, health insurance premium supplement, long-term disability, and survivor benefits. State statute establishes benefits terms. Retirement benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

ASRS	Retirement	
	Initial membership date:	
	Before July 1, 2011	On or after July 1, 2011
Years of service and age required to receive benefit	Sum of years and age equals 80 10 years age 62 5 years age 50* and years age 65	30 years age 55 25 years age 60 10 years age 62 5 years age 50* any years age 65
Final average salary is based on	Highest 36 consecutive months of last 120 months	Highest 60 consecutive months of last 120 months
Benefit percent per year of service	2.1% to 2.3%	2.1% to 2.3%

*with actuarially reduced benefits.

Retirement benefits for members who joined the ASRS prior to September 13, 2013, are subject to automatic cost-of-living adjustments based on excess investment earning. Members with a membership date on or after September 13, 2013, are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member's death. For retired members, the survivor benefit is determined by the retirement benefit option chosen. For all other members, the beneficiary is entitled to the member's account balance that includes the member's contributions and employer's contributions, plus interest earned.

CITY OF TOLLESON, ARIZONA
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2017

NOTE 7 PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS (Continued)

Contributions - In accordance with state statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2017, active ASRS members were required by statute to contribute at the actuarially determined rate of 11.48 percent (11.34 percent for retirement and 0.14 percent for long-term disability) of the members' annual covered payroll, and the City was required by statute to contribute at the actuarially determined rate of 11.48 percent (10.78 percent for retirement, 0.56 percent for health insurance premium benefit, and 0.14 percent for long-term disability) of the active members' annual covered payroll. The City's contributions to the pension plan for the year ended June 30, 2017 were \$857,200. The City's contributions for the current and 2 preceding years for OPEB, all of which were equal to the required contributions, were as follows:

ASRS Year ended June 30	Health Benefit Supplement Fund	Long-Term Disability Fund
2017	\$ 44,530	\$ 11,132
2016	37,963	9,111
2015	41,819	8,364

During fiscal year 2017, the City paid for ASRS pension and OPEB contributions as follows: 58 percent from the General Fund, 1 percent from the public safety tax fund, 7 percent from other non-major funds, 10 percent from the water fund, 22 percent from the sewer fund and 2 percent from the sanitation fund.

Pension Liability - At June 30, 2017, the City reported a liability of \$12,656,162 for its proportionate share of the ASRS' net pension liability. The net pension liability was measured as of June 30, 2016. The total pension liability used to calculate the net pension liability was determined using update procedures to roll forward the total pension liability from an actuarial valuation as of June 30, 2015, to the measurement date of June 30, 2016. The City's proportion of the net pension liability was based on the City's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2016. The City's proportion measured as of June 30, 2016, was 0.078415 percent, which was an increase of 0.001028% from its proportion measured as of June 30, 2015.

The City's reported liability at June 30, 2017, increased by \$602,014 from the City's prior year liability of \$12,054,148 because of changes in the ASRS' net pension liability and the City's proportionate share of that liability. The ASRS' publicly available financial report provides details on the change in the net pension liability.

CITY OF TOLLESON, ARIZONA
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2017

NOTE 7 PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS (Continued)

Pension Expense and Deferred Outflows/Inflows of Resources - For the year ended June 30, 2017, the City recognized pension expense for ASRS of \$1,137,451. At June 30, 2017, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

ASRS	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 76,911	\$ 870,651
Net difference between projected and actual earnings on pension plan investments	1,371,507	669,612
Changes in proportion and differences between City contributions and proportionate share of contributions	389,592	-
City contributions subsequent to the measurement date	857,200	-
Total	<u>\$ 2,695,210</u>	<u>\$ 1,540,263</u>

The \$857,200 reported as deferred outflows of resources related to ASRS pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to ASRS pensions will be recognized in pension expense as follows:

Year ending June 30	
2017	\$ (301,637)
2018	(354,542)
2019	569,358
2020	384,568
Thereafter	-

CITY OF TOLLESON, ARIZONA
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2017

NOTE 7 PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS (Continued)

Actuarial Assumptions - The significant actuarial assumptions used to measure the total pension liability are as follows:

ASRS		
Actuarial valuation date		June 30, 2015
Actuarial roll forward date		June 20, 2016
Actuarial cost method		Entry age normal
Investment rate of return		8%
Projected salary increases		3 - 6.75%
Inflation		3%
Permanent benefit increase		Included
Mortality rates		1994 GAM Scale BB

Actuarial assumptions used in the June 30, 2015, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2012.

The long-term expected rate of return on ASRS pension plan investments was determined to be 8.75 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

ASRS Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Equity	58%	6.73%
Fixed Income	25%	3.70%
Commodities	2%	3.93%
Real estate	10%	4.25%
Multi-asset class	5%	3.84%
Total	100%	

CITY OF TOLLESON, ARIZONA
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2017

NOTE 7 PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS (Continued)

Discount Rate - The discount rate used to measure the ASRS total pension liability was 8 percent, which is less than the long-term expected rate of return of 8.75 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board's funding policy, which establishes the contractually required rate under Arizona statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of City's Proportionate Share of the ASRS Net Pension Liability to Changes in the Discount Rate - The following table presents the City's proportionate share of the net pension liability calculated using the discount rate of 8 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (7 percent) or 1 percentage point higher (9 percent) than the current rate:

ASRS	1% Decrease (7%)	Current Discount Rate (8%)	1% increase (9%)
City's proportionate share of the net pension liability	\$ 16,137,567	\$ 12,656,162	\$ 9,864,835

Pension Plan Fiduciary Net Position - Detailed information about the pension plan's fiduciary net position is available in the separately issued ASRS financial report.

B. Public Safety Personnel Retirement System

Plan Description – City police department employees who are regularly assigned hazardous duty participate in the Public Safety Personnel Retirement System (PSPRS). The PSPRS administers an agent multiple-employer defined benefit pension plan and an agent multiple-employer defined benefit health insurance premium benefit (OPEB) plan (agent plans). A nine-member board known as the Board of Trustees and the participating local boards govern the PSPRS according to the provisions of A.R.S. Title 38, Chapter 5, Article 4.

The PSPRS issues a publicly available financial report that include their financial statements and required supplementary information. The reports are available on the PSPRS web site at www.psprs.com.

CITY OF TOLLESON, ARIZONA
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2017

NOTE 7 PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS (Continued)

Benefits Provided - The PSPRS provide retirement, health insurance premium supplement, disability, and survivor benefits. State statute establishes benefits terms. Retirement, disability, and survivor benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

PSPRS	Initial membership date:	
	Before January 1, 2012	On or after January 1, 2012
Retirement and Disability		
Years of service and age required to receive benefit	20 years any age 15 years age 62	25 years and age 52.5
Final average salary is based on	Highest 36 months of last 20 years	Highest 60 months of last 20 years
Benefit percent		
Normal Retirement	50% less 2.0% for each year of credited service less than 20 years OR plus 2.0% to 2.5% for each year of credited service over 20 years, not to exceed 80%	2.5% per year of credited service, not to exceed 80%
Accidental Disability Retirement	50% or normal retirement, whichever is greater	
Catastrophic Disability Retirement	90% for the first 60 months then reduced to either 62.5% or normal retirement, whichever is greater	
Ordinary Disability Retirement	Normal retirement calculated with actual years of credited service or 20 years of credited service, whichever is greater, multiplied by years of credited service (not to exceed 20 years) divided by 20	
Survivor Benefits		
Retired Members	80% of retired member's pension benefit	
Active Members	80% to 100% of accidental disability retirement benefit or 100% of average monthly compensation if death was the result of injuries received on the job	

CITY OF TOLLESON, ARIZONA
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2017

NOTE 7 PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS (Continued)

Retirement and survivor benefits are subject to automatic cost-of-living adjustments based on excess investment earning. PSPRS also provides temporary disability benefits of 50 percent of the member's compensation for up to 12 months.

Employees Covered by Benefit Terms - At June 30, 2017, the following employees were covered by the agent pension plans' benefit terms:

	PSPRS Police	PSPRS Fire
Inactive employees or beneficiaries		
currently receiving benefits	9	5
Inactive employees entitled to		
by not yet receiving benefits	2	7
Active employees	<u>27</u>	<u>28</u>
Total	<u><u>38</u></u>	<u><u>40</u></u>

Contributions and Annual OPEB Cost - State statutes establish the pension contribution requirements for active PSPRS employees. In accordance with state statutes, annual actuarial valuations determine employer contribution requirements for PSPRS pension and health insurance premium benefits. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. Contribution rates for the year ended June 30, 2017, are indicated below. Rates are a percentage of active members' annual covered payroll.

	PSPRS Police	PSPRS Fire
Active members - Pension	11.65%	11.65%
City		
Pension	27.17%	19.71%
Health insurance permium benefit	0.33%	0.32%

In addition, the City was required by statute to contribute at the actuarially determined rate of 27.17 percent for Police and 19.71 percent for Fire of the PSPRS of annual covered payroll of retired members who worked for the City in positions that would typically be filled by an employee who contributes to the PSPRS.

CITY OF TOLLESON, ARIZONA
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2017

NOTE 7 PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS (Continued)

For the agent plans, the City's contributions to the pension plan and annual OPEB cost and contributions for the health insurance premium benefit for the year ended June 30, 2017, were:

	PSPRS Police	PSPRS Fire
Pension		
Contributions made	\$ 1,492,750	\$ 820,662
Health Insurance Premium Benefit		
Annual OPEB cost contributions made	18,131	13,324

During fiscal year 2017, the City paid 100 percent of the PSPRS pension and OPEB contributions from the General Fund.

Pension Liability - At June 30, 2017, the City reported a PSPRS net pension liabilities of \$10,121,954.

The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability as of June 30, 2016, reflect the following changes of benefit terms and actuarial assumptions.

- In May 2016 voters approved Proposition 124 that authorized certain statutory adjustments to PSPRS' automatic cost-of-living adjustments. The statutory adjustments changed the basis for cost-of-living adjustments from excess investment earnings to the change in the consumer price index, limited to a maximum annual increase of 2 percent.
- Laws 2016, Chapter 2, changed the benefit formula and contribution requirements for members hired on or after July 1, 2017.
- The investment rate of return actuarial assumption was decreased from 7.85 percent to 7.50 percent for PSPRS plans.

The net pension liabilities measured as of June 30, 2017, will reflect changes of actuarial assumptions based on the results of an actuarial experience study for the 5-year period ended June 30, 2016. The change in the County's net pension liabilities as a result of these changes is not known.

NOTE 7 PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS (Continued)

Pension Actuarial Assumptions - The significant actuarial assumptions used to measure the total pension liability are as follows:

PSPRS

Actuarial valuation date	June 30, 2016
Actuarial cost method	Entry age normal
Discount rate	7.50%
Projected salary increases	4.0% - 8.0%
Inflation	4.00%
Permanent benefit increase	Included
Mortality rates	RP-2000 mortality table (adjusted by 105% for both males and females)

Actuarial assumptions used in the June 30, 2016, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2011.

The long-term expected rate of return on PSPRS pension plan investments was determined to be 7.85 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

PSPRS Asset Class	Target Allocation	Long-Term
		Expected Arithmetic Rate of Return
U.S. equity	16.00%	6.23%
Non-U.S. equity	14.00%	8.25%
Private equity	11.00%	9.50%
Fixed income	7.00%	2.92%
Credit opportunities	13.00%	7.08%
Absolute return	5.00%	4.11%
GTAA	10.00%	4.38%
Real assets	8.00%	4.77%
Real estate	10.00%	4.48%
Risk Parity	4.00%	5.13%
Short term investments	2.00%	0.75%
Total	100.00%

NOTE 7 PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS (Continued)

Pension Discount Rates – A 7.50 percent discount rates was used to measure the total pension liability. The projection of cash flows used to determine the PSPRS discount rates assumed that plan members contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the actuarially determined contribution rate and the member rate. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2017

NOTE 7 PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS (Continued)

The amounts reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending June 30,	PSPRS	
	Police	
2018	\$	262,716
2019		262,715
2020		309,938
2021		224,781
2022		82,902
Thereafter		16,468

Year ending June 30,	PSPRS	
	Fire	
2018	\$	254,343
2019		254,341
2020		329,068
2021		262,694
2022		132,428
Thereafter		128,887

Agent plan OPEB actuarial assumptions - The health insurance premium benefit contribution requirements for the year ended June 30, 2017, were established by the June 30, 2015, actuarial valuations, and those actuarial valuations were based on the following actuarial methods and assumptions.

Actuarial valuations involve estimates of the reported amounts' value and assumptions about the probability of events in the future. Amounts determined regarding the plans' funded status and the annual required contributions are subject to continual revision as actual results are compared to past expectations and new estimates are made. The required schedule of funding progress for the health insurance premium benefit presented as required supplementary information provides multiyear trend information that shows whether the actuarial value of the plans' assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

CITY OF TOLLESON, ARIZONA
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2017

NOTE 7 PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS (Continued)

Projections of benefits are based on (1) the plans as the City and plans' members understand them and include the types of benefits in force at the valuation date, and (2) the pattern of sharing benefit costs between the City and plans' members to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. The significant actuarial methods and assumptions used are the same for all PSPRS plans and related benefits (unless noted), and the following actuarial methods and assumptions were used to establish the fiscal year 2017 contribution requirements:

PSPRS - OPEB Contribution Requirements

Actuarial valuation date	June 30, 2016
Actuarial cost method	Entry age normal
Amortization method	Level percent closed for unfunded actuarial accrued liability, open for excess
Remaining amortization period	20 years for unfunded actuarial accrued liability, 20 years for excess
Asset valuation method	7-year smoothed market value; 80%/120% market corridor
Actuarial assumptions:	
Investment rate of return	7.50%
Projected salary increases	4.5% - 8.5% including inflation
Wage growth	4.50%

Agent plan OPEB trend information - Annual OPEB cost information for the health insurance premium benefit for the current and 2 preceding years follows for each of the agent plans:

PSPRS - Police Year Ended June 30	Annual OPEB Cost	Percentage of Annual Cost Contributed	Net OPEB Obligation
2017	\$ 18,131	100%	\$ -
2016	14,024	100%	-
2015	5,718	100%	-
PSPRS - Fire Year Ended June 30	Annual OPEB Cost	Percentage of Annual Cost Contributed	Net OPEB Obligation
2017	\$ 13,324	100%	\$ -
2016	12,314	100%	-
2015	18,577	100%	-

Actuarial assumptions:	
Investment rate of return	7.50%
Projected salary increases	4.5% - 8.5% including inflation
Wage growth	4.50%

NOTE 8 RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. The City's insurance protection is provided by the Arizona Municipal Risk Retention Pool, of which the City is a participating member. The limit for basic coverage is for \$2,000,000 per occurrence on a claims made basis. Excess coverage is for an additional \$8,000,000 per occurrence on a follow form, claims made basis. No significant reduction in insurance coverage occurred during the year and no settlements exceeded insurance coverage during any of the past three fiscal years. The Arizona Municipal Risk Retention Pool is structured such that member's premiums are based on an actuarial review that will provide adequate reserves to allow the pool to meet its expected financial obligations. The pool has the authority to assess its member's additional premiums should reserves and annual premiums be insufficient to meet the pool's obligations.

The City is also insured by commercial insurance for potential worker related accidents.

June 30, 2017

NOTE 1 ACTUARIALLY DETERMINED CONTRIBUTION RATES

Actuarial determined contribution rates for PSPRS are calculated as of June 30 two years prior to the end of the fiscal year in which contributions are made. The actuarial methods and assumptions used to establish the contribution requirements are as follows:

Remaining amortization period as of the 2015 actuarial valuation	21 years for unfunded actuarial accrued liability, 20 years for excess
Asset valuation method	7-year smoothed market value; 80%/120% market
Actuarial assumptions: Investment rate of return	In the 2013 actuarial valuation, the investment rate return was decreased from 8.0% to 7.85%
Projected salary increases	In the 2014 actuarial valuation, projected salary increases were decreased from 4.5% – 8.5% to 4.0% – 8.0% for PSPRS. In the 2013 actuarial valuation, projected salary increases were decreased from 5.0% to 4.5% for PSPRS.
Wage growth	In the 2014 actuarial valuation, wage growth was decreased from 4.5% to 4.0% for PSPRS. In the 2013 actuarial valuation, wage growth was decreased from 5.0% to 4.5% for PSPRS.
Retirement age	Experience-based table of rates that is specific to type of eligibility condition. Last updated for the 2012 valuation pursuant to an experience study of the period July 1, 2006-June 30, 2011.
Mortality	RP-2000 mortality table (adjusted by 105% for both males and females)

NOTE 2 FACTORS THAT AFFECT TRENDS

In February 2014, the Arizona Supreme Court affirmed a Superior Court ruling that a 2011 law that changed the mechanism for funding permanent benefit increases was unconstitutional. As a result, the PSPRS changed benefit terms to reflect the prior mechanism for funding permanent benefit increases and revised actuarial assumptions to explicitly value future permanent benefit increases. These changes are included in the PSPRS' changes in total pension liability for fiscal year 2015 (measurement date 2014) in the schedule of changes in the City's net pension liability and related ratios. These changes also increased the PSPRS required contributions beginning in fiscal year 2016 in the schedule of City pension contributions.

NOTE TO THE SCHEDULE OF AGENT OPEB PLANS' FUNDING PROGRESS
June 30, 2017

NOTE 1 FACTORS THAT AFFECT THE IDENTIFICATION OF TRENDS

Beginning in fiscal year 2014, PSPRS established separate funds for pension benefits and health insurance premium benefits. Previously, the plan recorded both pension and health insurance premium contributions in the same Pension Fund. During fiscal year 2014, the plans transferred prior-year health insurance premium benefit contributions that exceeded benefit payments from each plan's Pension Fund to the new Health Insurance Fund.

Subtotal, overlapping debt			\$ 16,754,886
City of Tolleson, Arizona Direct Debt			\$ 22,448,871
Total direct and overlapping debt			<u>\$ 39,203,757</u>

(a) Proportion applicable to the City is computed on the ratio of Net Limited Assessed Property Value for 2016/2017

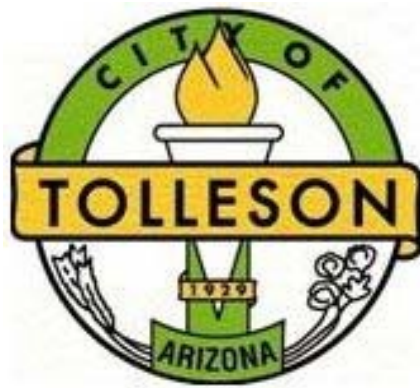

(b) Includes total stated principal amount of general obligation bonds outstanding. Does not include outstanding principal amount of certificates of participation, revenue obligations or loan obligations outstanding for the jurisdictions listed above. Does not include outstanding principal amounts of various County and City improvement districts, as the bonds of these districts are presently being paid from special assessments against property within the various improvement districts.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT
AUDITING STANDARDS

To the Honorable Mayor and City Council
City of Tolleson, Arizona

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Tolleson, Arizona, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the City of Tolleson, Arizona's basic financial statements, and have issued our report thereon dated November 10, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered City of Tolleson, Arizona's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Tolleson, Arizona's internal control. Accordingly, we do not express an opinion on the effectiveness of City of Tolleson, Arizona's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify and deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Tolleson, Arizona's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
