What is the Quarterly City Managers Report?

The Quarterly City Managers Report is a summary report on the finances and management of the City of Philadelphia. It is prepared under the direction of the Mayor's Office by the **Office of Budget and Program Evaluation** in the **Office of the Director of Finance**. The report is based primarily on information provided to these agencies by City departments and agencies.

The purpose of the **Quarterly City Managers Report** is to provide the senior management of the City of Philadelphia with a clear and timely summary of the City's progress in implementing the financial and management goals of the current year of the City's Five-Year Financial Plan, both on a "Year to Date Actual" basis and on a "Forecast for Full Year" basis.

The **Quarterly City Managers Report** contains the following reports and schedules:

General Fund: The General Fund is the principal operating fund of the City of Philadelphia. (For an explanation of the City's overall financial fund structure, see "Methodology for Financial Reporting" elsewhere in this Report). The **Quarterly City Managers Report** presents an overview of General Fund revenues by major revenue source and obligations by department. Additional detail is provided regarding General Fund direct wage and salary obligations by department; General Fund purchase of service contract obligations; and General Fund overtime utilization. All reports present budget targets, year-to-date actuals and year-end forecasts.

Departmental Full Time Positions: The **Quarterly City Managers Report** includes a report on budgeted and filled full-time positions for all City departments on an All Funds basis. This report presents budget targets, year-to-date actuals and year-end forecasts.

Departmental Leave Usage: Departments are ranked highest to lowest in terms of leave usage for the quarter. The percentages represent the total number of days used over the total number of days available to be worked in the quarter for General Fund employees.

Departmental Service Delivery Report: This report includes both quantitative measurements of departmental service levels and qualitative measurements of performance. This report compares service levels year-to-date with original departmental projections and year-end forecasts with original projections and the actual level of service in the prior year.

Water Fund and Aviation Fund: The Water Fund is the fund in which activities related to the City's water supply and wastewater disposal are reported. The Aviation Fund is the fund in which activities related to the operation of the Philadelphia International Airport and the Northeast Philadelphia Airport are reported. The **Quarterly City Managers Report** presents a quarterly overview of Water and Aviation Fund revenues by major revenue source and obligations by department at the end of the quarters concluding in September, December, March and June. All reports present budget targets, year-to-date actuals and year-end forecasts.

Grants Revenue Fund - Unanticipated Grants: A listing is included, of all unanticipated grants received and recorded in the City's Grants Revenue Fund during the preceding three months.

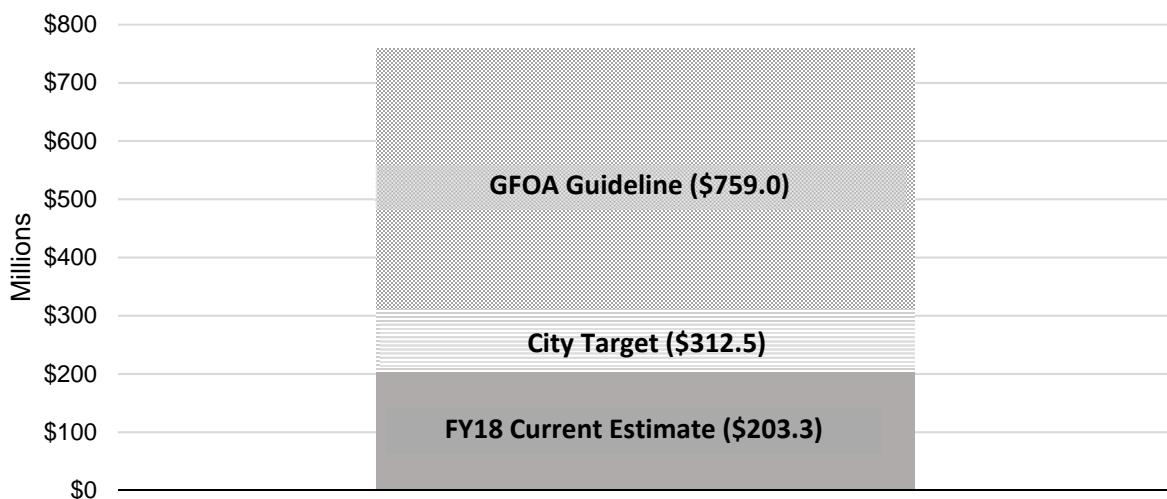

Cash Flow Forecast: Most financial reporting in the **Quarterly City Managers Report** is presented on a modified accrual basis, consistent with the City's accounting methodology. Under the City's modified accrual accounting rules, some revenues are reported on an accrual rather than a cash basis and obligations are recorded when encumbered or expended. To enable the reader to assess the City's actual current and projected year-end cash position, the City Managers Report also presents a cash flow forecast for the fiscal year. Actual cash results are presented for all months of the fiscal year for which cash receipt and disbursement activity has been recorded, and a projection is made for the balance of the fiscal year.

QUARTERLY CITY MANAGERS REPORT
FOR THE PERIOD ENDING December 31, 2017

Introduction

This Quarterly City Manager's Report for the second quarter of Fiscal Year 2018 (FY18) projects that the City will end the fiscal year with a fund balance of \$203.3 million, which is approximately 4.6% of the total budget. The fund balance is well below the City's target of 6-8% of expenditures and even further below the roughly 17% recommended by the Government Finance Officers Association. Although this fund balance is higher than the fund balance assumed at the time the budget was adopted, that higher-than-anticipated balance is largely the result of increases in FY17.

FY18 Projected Fund Balance vs. City's Goal and GFOA Recommended Levels

Revenues

Total FY18 revenues are now projected to end \$47.5 million above the prior quarter's estimate, mostly due to higher than anticipated tax revenues. Tax revenues are projected to end \$35.6 million higher than last quarter's estimate. The most significant tax revenue increases are for the Wage and Real Estate Transfer taxes, as the former is now projected at \$43.1 million higher, and the latter \$31.5 million higher. Both reflect larger FY17 tax bases, as well as continued strength in the first and second quarters of FY18. Sales Tax revenues were also strong in the first two quarters, and the projection has been revised upwards by \$6.4 million. These increases are partially offset by decreased projections in the Business Income and Receipts tax (BIRT), and the Real Estate tax. The BIRT is now projected at \$38.7 million lower than the previous estimate, reflecting a lower base from FY17, as well as the anticipated impact of prior year credit balances upon current year collections. Corporate tax changes at the Federal level are also expected to have a short-term negative impact upon current year collections. The Real Estate tax is projected to end \$5.2 million lower than anticipated. While the collection rate for the tax continues to improve and the projection has been increased by \$5.8 million, the pool of delinquencies continue to shrink and, as a result, the project for delinquent tax collections has been reduced by \$11 million.

Locally generated non-tax revenue is estimated higher than last quarter by \$7.1 million. The major changes include an increased projection in the Department of Public Health's revenues at \$5 million above the previous estimate due to increased payments for patient care and a better reimbursement rate due to an increase in the number of patients with private health insurance. The Department of Licenses and Inspections revenues are projected at \$3.2 million above the previous estimate due to revenue from demolition and accelerated building, zoning, electrical and plumbing fees. The Police Department anticipates an additional \$1.6 million in increased overtime reimbursements, and the Department of Parks and Recreation received a one-time insurance payment resulting from a fire at the Cobbs Creek Golf Course. These increases are offset partially by lower EMS fee collections, estimated to fall short of projection by 1.8 million, as well as other smaller decreases in other departments.

Reflecting the higher wage tax revenues, the PICA City Account is now adjusted upwards by \$13.7 million, and \$1.3 million is anticipated in increased on-street collections from the Parking Authority. However, these increases are partially offset by a \$5 million reduction in medical assistance from the Federal and State governments, lower than anticipated revenue from the Gaming Local Share Agreement, due to recently enacted State legislation, and decreased state reimbursement for courtroom staffing. In total, Revenue from Other Governments is projected at \$4.9 million above the previous estimate.

Expenditures

Total FY18 obligations are now projected to end at \$4.465 billion, which is \$30.9 million over the previous estimate. The most significant increase projections are for the Police Department, which due to increasing projected staffing levels to get to a sworn strength of 6,525 in the General Fund, is projected to have a budget shortfall of \$12.3 million. The Fire Department is projected to have a deficit of \$10.2 million, mostly due to overtime increases resulting from delays in hiring additional firefighters and paramedics, affecting the Department's ability to reach its relief factor goals. The Office of the Chief Administrative Officer is also projecting a new increase in spending of \$2.5 million due to a recently legislated parking ticket amnesty program to be implemented this spring. The Sheriff is also projecting a \$1 million deficit due to higher than anticipated overtime costs. Due to a shortage of correctional officers, Prisons' overtime is also projected at \$1 million over budget. The Free Library is projected to end \$500,000 over budget due to higher overtime costs resulting from lower staffing levels than planned. The Office of Property Assessment is also projected to expend \$200,000 over budget in Class 100, due to increased staffing levels and step increases. An additional \$3.2 million is also projected to go into the Pension Fund, due to higher than estimated Sales Tax collections discussed above.

Performance

With the move to program-based budgeting, departments have intensified their focus on accurately reporting and monitoring performance data that is included in the report, and are using the data to understand and rectify issues that occur. This quarter's report highlights data from the Police Department, Department of Licenses and Inspections, Department of Behavioral Health and Intellectual disAbilities, Department of Public Health, and the Office of Fleet Management.

For the Police Department, while the homicide clearance rate is below the target of 60%, the FY18 Q2 rate marks an increase of 13 percentage points over the FY17 Q2 rate.

For the Department of Licenses and Inspections, the number of electrical, plumbing, and zoning permits issued continues to grow, and is on target to reach 55,000 by the end of the fiscal year. Permit growth is reflected in locally generated non-tax revenues with permit fees. Despite this high volume, the department is maintaining its goal of reviewing commercial building, plumbing, electrical and zoning plans within 20 days, with 96.8% occurring within this timeframe so far this year.

The Department of Behavioral Health and Intellectual disAbilities is expecting to serve 85,000 unduplicated individuals in outpatient treatment in FY18. The Department has also established 30-day targets to follow up with patients after discharge from inmate psychiatric treatment facilities, and is within 11 percentage points of reaching this goal. To increase follow up, the Department is currently streamlining the discharge review process. This includes evaluating the current process, creating a workflow that ensures member services can provide timely follow-up, and establishing routine tracking mechanisms to monitor the flow of information. The Department expects this evaluation to result in improvements to the follow-up times as a result.

In the FY18 Budget, the Department of Public Health received additional resources to hire restaurant inspectors to increase the number of food establishments inspected every 12 months. To date this fiscal year, the department is inspecting each establishment at 15.4 months, but expects to achieve the target by the end of the fiscal year. Five additional inspector positions were filled in FY18 Q1, and 16 inspectors were hired in FY18 Q2, and all are being trained and onboarded. These new hires are expected to continue to help decrease the inspection interval.

Within the Office of Fleet Management, the measures reflect service level agreements on different types of vehicle availability. Although the Office is meeting service agreements for Medic Units, the Office is not yet fully meeting targets for Trash Compactors and Police Radio Patrol Cars. However, with funding allocated for new vehicles in FY17 and FY18, the department anticipates improvements to both measures. In FY17, Fleet ordered 40 compactors, and to date, has received 33. The remaining seven will be delivered by April. In FY18, the projected total ordered is 30, of which 10 will be delivered by July, and the remaining 20 will be delivered by next March. Fleet has ordered 150 radio patrol cars in FY18, and has received 109 to date. The remaining 41 will be delivered by July.

Next Steps

The FY19 Budget, FY19-23 Five Year Plan, FY19 Capital Budget, and FY19-24 Capital Program will be introduced to City Council by the Mayor on March 1. The FY18 projections included in this report are intended to inform the baseline for the FY19 operating budget. As the FY18 fund balance remains low relative to the targeted levels, the Administration will be carefully considering any adjustments to the Budget to ensure adequate financial cushion in case of a slowdown in the economy.

DEPARTMENTAL LEAVE USAGE ANALYSIS

Table L-1
QUARTERLY CITY MANAGER'S REPORT
TOTAL LEAVE USAGE ANALYSIS
FOR THE PERIOD ENDING
December 31, 2017

Leave information is taken from the City's automated payroll system with the exception of the Police Department which provides data compiled from their DAR system. Departments with fewer than 30 employees (in all funds) are excluded.

The following departments have been added for FY18: Chief Administrative Officer, Mayor's Office of Education, Pensions, Department of Planning and Development, and the Water Department.

FY17 composite data for the Department of Planning and Development includes leave usage for Housing and Community Development, the Historical Commission, the Zoning Board of Adjustment, and the City Planning Commission, all of which are now part of the Department of Planning and Development in FY18 (but were separate departments in FY17).

Data for the Revenue Department is no longer broken out by fund.

						Target is based on recruitment efforts with the goal of having the police force reflect the demographics of the city.
						Target is based on census data for Philadelphia. PPD is focused on recruitment efforts with the goal of having the police force reflect the demographics of the city.
Fire Department						
Performance Measure *	FY17 Q2	FY18 Q2	Change	FY17 Year-End	FY18 YTD	FY18 Target
Number of civilian fire-related deaths	7	6	-14.3%	22	6	A reduction from FY17

Percent of EMS calls responded to within 9:00 minutes *	63.4%	63.0%	-0.6%	63.5%	64.5%	≥ 90%
						No
						Prior to FY17, this measure did not reflect the call processing time to transition 911 calls from the Primary Public Safety Answering Point (PSAP) to Fire Communications (as recommended in NFPA standards). The PFD is still working to improve to closer to 90% given this added transfer time. Any time there is an increase in the demand/volume of services, the response time will increase.

* All Fire Department measures under review.

** All response time-related measures have a margin of error of 10-15% because a first-on-scene time is recorded 85-90% of the time. The Fire Department is currently working diligently to minimize this margin.

Philadelphia Prison System							Comments / Explanation	
	Performance Measure	FY17 Q2	FY18 Q2	Change	FY17 Year-End	FY18 YTD	FY18 Target	On track?
Re-incarceration rate - 1 year	Sentenced inmates participating in an educational or treatment program	76.3%	74.4%	-2.5%	77.9%	76.2%	80.5%	No
								Prisons is making every effort to enroll sentenced inmates in programs and work assignments. A decrease of placements in work release work assignments, and programs is impacting Prisons' goal. This measure refers to educational or treatment programs, which are one component of inmate placements. Other inmates are placed into institutional or job training programming.
Re-incarceration rate - 1 year		38.8%	40.5%	4.3%	37.1%	38.9%	38.0%	Yes
								PDP's one-year re-incarceration rate is based on the number of prisoners who are released from PDP custody and return to PDP custody. The measure for FY18 is comprised of prisoners released from July 1, 2016 through June 30, 2017. If an inmate returns within the specified date ranges one year from that window, that inmate is counted in the one-year figure.
FY17 Year-End	FY18 Target							
Percent of newly admitted inmates that are processed and housed within 24 hours of admission		100.0%	100.0%	0.0%	100.0%	100.0%	100.0%	Yes
								The 24-hour period is a self-imposed threshold and not a legal requirement. However, the goal is for 100% of inmates to wait no longer than 24 hours (current average is 8-10 hours).
Department of Licenses and Inspections

Percent of dependent placement population in care more than two years (as of the last day of the quarter)	34.7%	37.1%	6.9%	34.9%	37.4%	$\leq 32.0\%$	No	The Department has implemented new initiatives to accelerate the pace of permanency for children in care more than two years. For example, the department added new legal staff in FY18 to reduce caseloads and improve the speed of court proceedings. DHS anticipates outcomes to improve from this initiative in one to two years. Another example is the implementation of Rapid Permanency Reviews (RPR) to review cases of children in care more than two years and address systemic barriers to permanency. DHS anticipates improved outcomes from RPR in one to two years.
Average daily number of youth in detention at the Philadelphia Juvenile Justice Services Center (PJSC)	105.2	157.8	50.0%	115.7	141.1	≤ 115.0	No	DHS is responsible for running this secure detention facility and maintaining state-mandated staffing levels. The average daily population at JJC for FY18 YTD is higher than the same period in FY17. While it is known that the increase is due primarily to an increase in the length of stay, DHS is looking more closely at determining the reasons behind the longer stays.
* These are lagging measures, as DHS needs to account for the 60-day window. Data provided is for the previous quarter.								
** These are cumulative measures. They take into account activity for the entire fiscal year up to the last day of the quarter being reported.

Number of households provided homeless prevention assistance	243	152	-37.4%	760	358	650	Yes	This figure measures the number of households provided Homeless Prevention assistance. "Household" means individual and/or family. Annual targets are based on funding awarded through the Housing Trust Fund and Community Services Block Grant (CSBG). OHS's annual target is 650. This figure assumes \$1,000 of assistance per household. Often, households require less assistance, and OHR is able to serve more households.
Number of households provided rapid rehousing assistance to end their homelessness	50	99	98.0%	380	200	380	Yes	This figure measures the Office of Homeless Services' Rapid Rehousing units.

Owner-occupied homes repaired (BSRP, Weatherization, and Heater Hotline)	7,395	223	241	8.1%	1,210	571	1,200	Yes Output is driven by available program funding. To prevent homeowners from becoming homeless due to foreclosure, the program links a Court of Common Pleas order requiring that homeowners facing foreclosure have an opportunity to meet with their lenders to negotiate an alternative to foreclosure with City-funded housing counseling, outreach, a hotline, and legal assistance.

Unique City lots greened and cleaned	10,574	12,841	21.4%	5,621	3,461	7,395	Yes Output is driven by available program funding. The Basic System Repair Program (BSRP) is a grant-assisted program that allows the Philadelphia Housing Development Corporation to make repairs to the basic systems (plumbing, heating, roofing, electrical and structural repairs) of homes owned and occupied by low-income Philadelphia residents. Grant repairs can be completed up to a limit of \$18,000 per property. A \$60 million bond issuance in the spring of 2017 is providing additional home repair services over three years, helping to eliminate the waiting lists for these programs. Repairs are expected to increase during the second half of FY18 to meet the target.	
Clients receiving counseling	2,409	N/A	N/A	12,191	N/A	11,350	N/A Housing counselors 1) serve as advocates for homeowners as they face the challenges of homeownership, and 2) prepare prospective homeowners to meet those challenges. DHCD is unable to report Q1 and Q2 housing counseling measures due to issues with switching from one case management system to another. DHCD anticipates that these issues will be resolved by the end of FY18, and the Department plans to provide year-end outcomes at that time.

TRANSPORTATION AND INFRASTRUCTURE

Streets Department

Performance Measure	FY17 Q2	FY18 Q2	Change	FY17 Year-End	FY18 YTD	FY18 Target	On track?	Comments / Explanation
Recycling rate	19.8%	17.0%	-14.1%	19.2%	17.0%	21.0%	No	Diversion rates have changed due to changes in the composition of recycled materials collected (i.e. decreased quantity of mixed paper, cardboard, and container weight products such as aluminum, steel and plastic containers). This has made it more difficult to reach target recycling rate objectives. There is also a seasonality component to this rate. Leaf collections inflate the tonnage in the fall; this then normalizes in the remaining months.
On-time collection (by 3 PM): recycling	96.3%	96.0%	-0.3%	96.5%	95.8%	97.0%	No	The Department's compactor shortage, coupled with higher-than-anticipated employee absenteeism rates ultimately impacted recycling collections earlier this fiscal year. It therefore became necessary to divert compactors and crews to support regular trash collections, and, as a result, recycling collections were forced to occur beyond their regularly scheduled assignments. Streets has continued to acquire additional compactors and increased staff to address this and has made significant progress in Q2 as a result.
On-time collection (by 3 PM): trash	87.4%	92.0%	5.3%	85.3%	83.0%	96.0%	No	Streets has experienced periodic shortages in the number of compactors needed to provide efficient trash collections services throughout the year. Intermittent staff shortages due to high absentee rates was also a significant contributing factor. As a result, it was necessary to divert compactors and crews to additional routes beyond their regularly scheduled assignments, thereby impacting the Department's on-time rate. Streets has continued to acquire additional compactors and increased staff to address this and has made significant improvement in Q2 as a result.
Pothole response time (days)	2.4	3.6	50.0%	2.3	3.2	3.0	No	The Department is trending slightly over target due to focused efforts during October and November on resurfacing and other roadway repairs coupled with decreased pothole repair activity in December as a result of a series of early winter events and cold weather.
Miles resurfaced	13	20	53.8%	36	41	75	Yes	This is a new measure for FY18. One mile equals 17,250 square yards.
Tons of refuse collected and disposed	141,986	136,797	-3.7%	577,981	283,056	565,500	Yes	This is a new measure for FY18.
Tons of recycling collected and disposed	28,197	23,040	-18.3%	111,028	49,673	125,000	No	Changes in the composition of recycled materials collected (i.e. decreased quantity of mixed paper, cardboard, and container weight products such as aluminum, steel and plastic containers) have impacted recycling material tonnage.

Millions of gallons of treated water	20,270	22,249	9.8%	82,846	22,249	87,000	Yes	PWD's target is to meet customers' demand. The measure is calculated by taking weekly average treatment flow summed for 3 plants (MGD) x 7 days to get millions of gallons of treated water. Customer demand has been met but was less than anticipated by the Department.						
Percent of time Philadelphia's drinking water met or surpassed state and federal standards	100.0%	100.0%	0.0%	100.0%	100.0%	100.0%	Yes

Water main breaks repaired	211	105	-50.2%	655	105	905	Yes	The Department's target is to repair all water main breaks. In FY17, the Department experienced fewer water main breaks than the historical average due to a mild winter. An uptick during ensuing quarters is expected to increase the overall count of FY18 repairs, and the Water Department anticipates reaching the target.						
Average time to repair a water main break upon crew arrival at site (hours)	6.5	6.1	-6.2%	6.7	6.1	8.0	Yes	Eight hours is the Water Department's service-level agreement (SLA).

Number of storm inlets cleaned/year	26,582	27,505	3.5%	107,784	27,505	100,000	Yes	This is the number of inlets cleaned each quarter in PWD's system, which contains over 79,000 inlets.						
Constructed greened acres	28	58	107.1%	129	58	200	Yes	This measure represents the number of greened acres associated with projects that have completed construction in the quarter that will be attributed to the CSO Long-term Control Plan Consent Order, which requires completion of 2,148 Green acres by FY21. PWD is continuing to work with internal and external stakeholders to increase coordination on upcoming requirements for constructed green acres to increase output in FY18.						
Number of Green Acres Design Completed/year	110	134	21.8%	351	134	300	Yes	This measure represents the number of greened acres that have completed the design phase in the quarter that will be attributed to the CSO Long-term Control Plan Consent Order once constructed. PWD continues to implement process enhancements for internal coordination resulting in quicker project planning, design, and review of greened acres.

Percent of SLA met for medic units	119.6%	118.2%	-1.2%	116.7%	120.3%	100.0%	100.0%	Yes	This is a revised measure for FY18. The SLA is met when 55 of 75 medic units, the minimum number of medic units needed for daily operations, are available. Fleet's Optimal Vehicle Replacement Strategy for medic unit purchases enabled Fleet to meet the SLA.
Percent of SLA met for trash compactors	96.3%	99.6%	3.4%	96.7%	96.1%	100.0%	100.0%	No	This is a revised measure for FY18. The SLA is met when 241 of 326 compactors are available. Availability is below the target due to aged vehicles and vehicles being relinquished without replacement. Fleet is receiving new vehicles purchased through FY17 and FY18 funding and will be able to meet the SLA upon receipt of all new vehicles. In FY17, Fleet ordered 40 compactors, and to date, has received 33. The remaining 7 will be delivered by April. In FY18, the projected total ordered is 30, of which 10 will be delivered by July, and the remaining 20 will be delivered by next March.
Percent of SLA met for radio patrol cars	91.9%	94.4%	2.7%	93.4%	95.1%	100.0%	100.0%	No	This is a revised measure for FY18. The SLA is met when 675 of 750 radio patrol cars are available. Availability is below the target due to vehicles being relinquished without replacement. Once Fleet receives new vehicles purchased through FY17 and FY18 funding, Fleet will be able to meet the SLA. Fleet has ordered 150 radio patrol cars in FY18, and has received 109 to date. The remaining 41 will be delivered by July.
Median Age of Vehicle: General Fund	7.99	4.83	-39.5%	7.44	5.18	7.00	7.00	Yes	
Median Age of Vehicle: Water Fund	10.08	9.80	-2.8%	10.19	9.71	8.00	8.00	No	Median age is above the target due to lack of adequate vehicle replacement. The revised purchase plan in upcoming fiscal years will enable Fleet to continue to drive down the median age of vehicles to meet the target.
Median Age of Vehicle: Aviation Fund	12.55	10.63	-15.3%	12.50	11.07	8.00	8.00	No	Median age is above the target due to lack of adequate vehicle replacement. The revised purchase plan in upcoming fiscal years will enable routine maintenance on newer vehicles going forward. This is expected to drive down the volume of repairs, better enabling Fleet to meet the target.

Supervisors monitor two calls per week, and 311's Quality Assurance Associate continues to create new quality components to assess quality. This average is based off the quality of tickets submitted within 311's system by an agent. Accuracy of information and customer service is also measured. The call quality of 311 agents improved this past quarter (from 80% in Q1). The increase can be attributed to re-calibrating call quality expectations, increasing coaching from management, and identifying negative trends more efficiently.

METHODOLOGY FOR FINANCIAL REPORTING

QUARTERLY CITY MANAGERS REPORT

For the Period Ending December 31, 2017

METHODOLOGY FOR FINANCIAL REPORTING

A. FUND ACCOUNTING

Funds are groupings of activities that enable the city to maintain control over resources that have been segregated for particular purposes or objectives. All of the funds of the City of Philadelphia can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

- ***Governmental funds.*** The governmental funds are used to account for the financial activity of the city's basic services, such as: general government; economic and neighborhood development; public health, welfare and safety; cultural and recreational; and streets, highways and sanitation. The fund financial activities focus on a short-term view of the inflows and outflows of spendable resources, as well as on the balances of spendable resources available at the end of the fiscal year. The financial information presented for the governmental funds are useful in evaluating the city's short term financing requirements.

The city maintains twenty individual governmental funds. The city's Comprehensive Annual Financial Report presents data separately for the general fund, grants revenue fund and health-choices behavioral health fund, which are considered to be major funds. Data for the remaining seventeen funds are combined into a single aggregated presentation.

- ***Proprietary funds.*** The proprietary funds are used to account for the financial activity of the city's operations for which customers are charged a user fee; they provide both a long and short-term view of financial information. The city maintains three enterprise funds that are a type of proprietary funds - the airport, water and waste water operations, and industrial land bank.
- ***Fiduciary funds.*** The City of Philadelphia is the trustee, or fiduciary, for its employees' pension plans. It is also responsible for the Gas Works' employees' retirement reserve assets. Both of these fiduciary activities are reported in the city's Comprehensive Annual Financial Report as separate financial *statements of fiduciary net assets and changes in fiduciary net assets*.

B. BASIS OF ACCOUNTING AND MEASUREMENT FOCUS

Governmental funds account for their activities using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the city considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as in the case of full accrual accounting. Debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due, however, those expenditures may be accrued if they are to be liquidated with available resources.

Imposed non-exchange revenues, such as real estate taxes, are recognized when the enforceable legal claim arises and the resources are available. Derived tax revenues, such as wage, business privilege, net

profits and earnings taxes, are recognized when the underlying exchange transaction has occurred and the resources are available. Grant revenues are recognized when all the applicable eligibility requirements have been met and the resources are available. All other revenue items are considered to be measurable and available only when cash is received by the city.

Revenue that is considered to be *program revenue* include: (1) charges to customers or applicants for goods received, services rendered or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program specific revenues, therefore, all taxes are considered general revenues.

The city's financial statements reflect the following three funds as major **Governmental Funds**:

- The **General Fund** is the city's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in other funds.
- The **HealthChoices Behavioral Health Fund** accounts for resources received from the Commonwealth of Pennsylvania. These resources are restricted to providing managed behavioral health care to Philadelphia residents.
- The **Grants Revenue Fund** accounts for the resources received from various federal, state and private grantor agencies. The resources are restricted to accomplishing the various objectives of the grantor agencies.

The City also reports on **Permanent Funds**, which are used to account for resources legally held in trust for use by the park and library systems of the city. There are legal restrictions on the resources of the funds that require the principal to remain intact, while only the earnings may be used for the programs.

The City reports on the following **Fiduciary Funds**:

- The **Municipal Pension Fund** accumulates resources to provide pension benefit payments to qualified employees of the city and certain other quasi-governmental organizations.
- The **Philadelphia Gas Works Retirement Reserve Fund** accounts for contributions made by the Philadelphia Gas Works to provide pension benefit payments to its qualified employees under its noncontributory pension plan.

The City reports the following major **Proprietary Funds**:

- The **Water Fund** accounts for the activities related to the operation of the city's water delivery and sewage systems.
- The **Aviation Fund** accounts for the activities of the city's airports.
- The **Industrial Land Bank Fund** accounts for the activities of the city's inventory of commercial land sites.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in

connection with a proprietary fund's ongoing operations. The principal operating revenues of the Water Fund are charges for water and sewer service. The principal operating revenue of the Aviation Fund is charges for the use of the airport. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. The principal operating revenues of the Industrial Land Bank Fund come from sales of land sites, while the operating expenses are comprised of land purchases and improvements made thereon. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

C. LEGAL COMPLIANCE

The city's budgetary process accounts for certain transactions on a basis other than generally accepted accounting principles (GAAP). In accordance with the Philadelphia Home Rule Charter, the city has formally established budgetary accounting control for its operating and capital improvement funds.

The operating funds of the city, consisting of the General Fund, nine Special Revenue Funds (County Liquid Fuels Tax, Special Gasoline Tax, HealthChoices Behavioral Health, Hotel Room Rental Tax, Grants Revenue, Community Development, Housing Trust, Acute Care Hospital Assessment and Car Rental Tax Funds) and two Enterprise Funds (Water and Aviation Funds), are subject to annual operating budgets adopted by City Council. Included with the Water Fund is the Water Residual Fund. These budgets appropriate funds for all city departments, boards and commissions by major class of expenditure within each department. Major classes are defined as: personal services; purchase of services; materials and supplies; equipment; contributions, indemnities and taxes; debt service; payments to other funds; and advances and other miscellaneous payments. The appropriation amounts for each fund are supported by revenue estimates and take into account the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary. All transfers between major classes (except for materials and supplies and equipment, which are appropriated together) must have councilmanic approval. Appropriations that are not expended or encumbered at year-end are lapsed.

The City Capital Improvement Fund budget is adopted annually by the City Council. The Capital Improvement budget is appropriated by project for each department. All transfers between projects exceeding twenty percent of each project's original appropriation must be approved by City Council. Any funds that are not committed or expended at year-end are lapsed.

Schedules prepared on the legally enacted basis differ from the generally accepted accounting principles (GAAP) basis in that both expenditures and encumbrances are applied against the current budget, adjustments affecting activity budgeted in prior years are accounted for through fund balance or as reduction of expenditures and certain interfund transfers and reimbursements are budgeted as revenues and expenditures.

D. CITY MANAGERS REPORTS

Projected revenues and obligations reflected on the City Managers Reports are consistent with the above legal basis of Accounting and include all appropriate accruals.

Actual monthly revenue figures do not include revenues measurable and available within 60 days after

the month end because it would be impractical to issue timely reports using this method of accrual.

Actual monthly expenditures do not include accounts payable (amounts owed to providers of goods and services which have not been voucherized on the City's accounting records). These amounts, however, are reflected in the encumbrances outstanding for each City agency.

Interfund service charges, an annual expense budgeted in certain City departments, are not included in the actual monthly obligations, but as stated above, are projected in the City's annual costs.
